22 based on the results of these assessments. The department may
23 not transfer any funds allocated to a district under this
24 paragraph to any other district except as provided in subsection
25 (7). Funds for public transit block grants shall be allocated to
26 the districts pursuant to s. 341.052. Funds for the intercity
27 bus program provided for under s. 5311(f) of the federal
28 nonurbanized area formula program shall be administered and
29 allocated directly to eligible bus carriers as defined in s.
30 341.031(12) at the state level rather than the district. In
31 order to provide state funding to support the intercity bus
32 program provided for under provisions of the federal 5311(f)
33 program, the department shall allocate an amount equal to the
34 federal share of the 5311(f) program from amounts calculated
35 pursuant to s. 206.46(3).

36 2. Notwithstanding the provisions of subparagraph 1., the
37 department shall allocate at least 50 percent of any new
38 discretionary highway capacity funds to the Florida Strategic
39 Intermodal System created pursuant to s. 339.61. Any remaining
40 new discretionary highway capacity funds shall be allocated to
41 the districts for new construction as provided in subparagraph
42 1. For the purposes of this subparagraph, the term "new
43 discretionary highway capacity funds" means any funds available
44 to the department above the prior year funding level for
45 capacity improvements, which the department has the discretion
46 to allocate to highway projects.

47 3. Notwithstanding subparagraph 1. and s. 206.46(3), in
48 fiscal years 2008-2009 through 2012-2013, the department shall
49 reduce work program levels to balance the finance plan to the
50 revised funding levels resulting from any reduction in the
51 funding provided for under s. 201.15.

Amendment No. (for drafter's use only)

52 4. Prior to any project or phase thereof being deferred,
53 such reductions shall be made to financial projects not
54 programmed for contract letting as identified with a work
55 program contract class code 8 and the box code RV. These
56 reductions shall not negatively impact safety, preservation,
57 maintenance, or project contingency levels as of July 1, 2008.
