

# The Journal OF THE House of Representatives

Number 14

Monday, April 16, 2001

The House was called to order by the Speaker at 3:30 p.m.

## Prayer

The following prayer was offered by Father Ernest Sylvestre of St. Vincent's Catholic Church of Madison and St. Margaret's Catholic Church of Monticello, upon invitation of Rep. Fasano:

God, the Almighty One, by Your loving choice You are a perfect Father to our human family, from Day of Creation through the centuries and forever. In order to guide us to true happiness, in creating us, You planted Your law in the depths of our minds and hearts to be developed as conscience when we grow and mature. You later made those same laws explicit by revealing them to us through Moses on Mount Sinai. You gave us intelligence to apply Your judicious guidelines to the everyday life of our society for the common good of Your people.

We selected trusted men and women to make the directives we need for the harmonious and prosperous living together of men and women, in justice and fairness for all. We pray You, Loving Father, to shed light on the minds of our legislators that they make laws that are in keeping with Your judicious plans, and to warm their hearts that they legislate in compassion for the weakest of Your children here in Florida. Give them the courage to do what is right even when it is not popular, and to stand on solid and tested principles in the choices they make. Give them the generosity to forget their self-interests as they serve the people who elected them.

We have the courage to ask for these blessings because You care for us and for what we do and You love us. Amen.

**Explanation of Vote**

Before I fully understood SB 854/HB 705 (allowing storage of water in our aquifer), I opposed the bill. As a marine engineer and a Floridian who believes water quality is a priority, my concern was that the bill would allow storage of such water that has not yet been treated to meet certain drinking water standards and therefore would pose a health threat. I have subsequently been educated to the information provided to me by David Struhs, Secretary of the Dept. of Environmental Protection and Dr. Robert Brooks, Secretary of the Dept. of Health who have assured that “the legislation is built on comprehensive public health and environmental protection measures to ensure that storage does not present a health threat”. I now realize that any such stored water must meet all water quality standards before being distributed to our citizens. Based upon the assurances received from Dr. Brooks and Secretary Struhs, I can now join the Florida League of Cities, Florida Association of Counties, and the Water Management Districts who all support this measure to help support the Everglades Restoration program and to help provide water for our 16 million residents today and the additional 20 million Florida residents projected to arrive in the next 20 years.

**Disclosure of Interest**

My firm, Crary, Buchanan, Bowdish, Bovie, Beres, Negron & Thomas, Chartered, serves as the General Counsel to Martin Memorial Medical Center. I do not personally provide legal services to Martin Memorial Medical Center. It is my understanding that the medical center may be able to commence an open-heart program if CS/HB 339 becomes law. Although the hospital may obtain a special private gain from the legislation, the bill will not result in any special private gain for me, a member of my family, or the law firm.
