Section 2. Effective January 1, 2002, section 212.096, Florida Statutes, is amended to read:

212.096 Sales, rental, storage, use tax; enterprise zone jobs credit against sales tax.—

(1) For the purposes of the credit provided in this section:

(a) "Eligible business" means any sole proprietorship, firm, partnership, corporation, bank, savings association, estate, trust, business trust, receiver, syndicate, or other group or combination, or successor business, located in an enterprise zone. *The business must demonstrate to the department that the total number of full-time jobs defined under paragraph (d) has increased from the average of the previous 12 months. The term "eligible business" includes a business that added a minimum of five new full-time jobs in an enterprise zone between July 1, 2000, and December 31, 2001.* An eligible business does not include any business which has claimed the credit permitted under s. 220.181 for any new business employee first beginning employment with the business after July 1, 1995.

(b) "Month" means either a calendar month or the time period from any day of any month to the corresponding day of the next succeeding month or, if there is no corresponding day in the next succeeding month, the last day of the succeeding month.

(c) "New employee" means a person residing in an enterprise zone~~, a qualified Job Training Partnership Act classroom training participant,~~ or a *participant in the* welfare transition program ~~participant~~ who begins employment with an eligible business after July 1, 1995, and who has not been previously employed *full-time* within the preceding 12 months by the eligible business, or a successor eligible business, claiming the credit allowed by this section.

(d) "Jobs" means full–time positions, as consistent with terms used by the Agency for Workforce Innovation and the United States Department of Labor for purposes of unemployment compensation tax administration and employment estimation resulting directly from a business operation in this state. This number may not include temporary construction jobs involved with the construction of facilities or any jobs that have previously been included in any application for tax credits under s. 220.181(1). The term "jobs" also includes employment of an employee leased from an employee leasing company licensed under chapter 468 if such employee has been continuously leased to the employer for an average of at least 36 hours per week for more than 6 months.

(e) "New job has been created" means that the total number of full-time jobs has increased in an enterprise zone from the average of the previous 12 months, as demonstrated to the department by a business located in the enterprise zone.

A person shall be deemed to be employed if the person performs duties in connection with the operations of the business on a regular, full-time basis, provided the person is performing such duties for an average of at least 36 hours per week each month~~, or a part-time basis, provided the person is performing such duties for an average of at least 20 hours per week each month throughout the year~~. The person must be performing such duties at a business site located in the enterprise zone.

(2)(a) It is the legislative intent to encourage the provision of meaningful employment opportunities which will improve the quality of life of those employed and to encourage economic expansion of enterprise zones and the state. Therefore, beginning *January* ~~July~~ 1, *2002* ~~1995~~, upon an affirmative showing by *an eligible* ~~a~~ business to the satisfaction of the department that the requirements of this section have been met, the business shall be allowed a credit against the tax remitted under this chapter.

For purposes of this paragraph, monthly wages shall be computed as one-twelfth of the expected annual wages paid to such employee. The amount paid as wages to a new employee is the compensation paid to such employee that is subject to unemployment tax. The credit shall be allowed for up to *24* ~~12~~ consecutive months, beginning with the first tax return due pursuant to s. 212.11 after approval by the department.

(3) In order to claim this credit, an eligible business must file under oath with the governing body or enterprise zone development agency having jurisdiction over the enterprise zone where the business is located, as applicable, a statement which includes:

(10)~~(9)~~ It shall be the responsibility of each business to affirmatively demonstrate to the satisfaction of the department that it meets the requirements of this section.

A call center or similar customer service operation that services a multistate market or an international market is also an eligible business. In addition, the Office of Tourism, Trade, and Economic Development may, as part of its final budget request submitted pursuant to s. 216.023, recommend additions to or deletions from the list of standard industrial classifications used to determine an eligible business, and the Legislature may implement such recommendations. Excluded from eligible receipts are receipts from retail sales, except such receipts for hotels and other lodging places classified in SIC 70, public golf courses in SIC 7992, and amusement parks in SIC 7996. ~~Tier-one qualified counties are those ranked 1-5 and represent the state's least-developed counties according to this ranking. Tier-two qualified counties are those ranked 6-10, and tier-three counties are those ranked 11-17. Notwithstanding this definition, "qualified county" also means a county that contains an area that has been designated as a federal Enterprise Community pursuant to the 1999 Agricultural Appropriations Act. For any existing eligible business receiving a credit pursuant to subsection (3), an additional $500 credit shall be provided for any qualified employee who is a welfare transition program participant. Such employee must be employed on the application date and have been employed less than 1 year. This credit shall be in addition to other credits pursuant to this section regardless of the tier-level of the county. Appropriate documentation concerning the eligibility of an employee for this credit must be submitted as determined by the department.

(5) To be eligible for a tax credit under subsection (3), the number of qualified employees employed 1 year prior to the application date must be no lower than the number of qualified employees on the application date on which a credit under this section was based for any previous application, including an application under subsection (2).

(6)(a) In order to claim this credit, an eligible business must file under oath with the Office of Tourism, Trade, and Economic Development a statement that includes the name and address of the eligible business, the starting salary or hourly wages paid to the new employee, and any other information that the Department of Revenue requires.

(c) The maximum credit amount that may be approved during any calendar year is $5 million. The Department of Revenue, in conjunction with the Office of Tourism, Trade, and Economic Development, shall notify the governing bodies in areas designated as qualified counties when the $5 million maximum amount has been reached. Applications must be considered for approval in the order in which they are received without regard to whether the credit is for a new or existing business. This limitation applies to the value of the credit as contained in approved applications. Approved credits may be taken in the time and manner allowed pursuant to this section.

(d) A business may not receive more than $500,000 of tax credits during any one calendar year for its efforts in creating jobs.

(7) If the application is insufficient to support the credit authorized in this section, the Office of Tourism, Trade, and Economic Development shall deny the credit and notify the business of that fact. The business may reapply for this credit within 3 months after such notification.

(8) If the credit under this section is greater than can be taken on a single tax return, excess amounts may be taken as credits on any tax return submitted within 12 months after the approval of the application by the department.

(9) It is the responsibility of each business to affirmatively demonstrate to the satisfaction of the Department of Revenue that it meets the requirements of this section.

(10) Any person who fraudulently claims this credit is liable for repayment of the credit plus a mandatory penalty of 100 percent of the credit and is guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

(11) A corporation may take the credit under this section against its corporate income tax liability, as provided in s. 220.1895. However, a corporation that uses its job tax credit against the tax imposed by chapter 220 may not receive the credit provided for in this section. A credit may be taken against only one tax.

(12) The department shall adopt rules governing the manner and form of applications for credit and may establish guidelines as to the requisites for an affirmative showing of qualification for the credit under this section.

(1)(a) The Legislature finds that attracting, retaining, and providing favorable conditions for the growth of certain high-impact business facilities*, privately developed critical rural infrastructure, or key facilities in economically distressed urban or rural communities which provide* ~~provides~~ widespread economic benefits to the public through high-quality employment opportunities in such facilities *or* ~~and~~ in related facilities attracted to the state, through the increased tax base provided by the high-impact facility and *related* businesses ~~in related sectors~~, through an enhanced entrepreneurial climate in the state and the resulting business and employment opportunities, and through the stimulation and enhancement of the state's universities and community colleges. In the global economy, there exists serious and fierce international competition for these facilities, and in most instances, when all available resources for economic development have been used, the state continues to encounter severe competitive disadvantages in vying for these ~~high-impact~~ business facilities. *Florida's rural areas must provide a competitive environment for business in the information age. This often requires an incentive to make it feasible for private investors to provide infrastructure in those areas.*

(b) The Legislature therefore declares that sufficient resources shall be available to respond to extraordinary economic opportunities and to compete effectively for these high-impact business facilities*, critical private infrastructure in rural areas, and key businesses in economically distressed urban or rural communities*.

(2) There is created within the Office of Tourism, Trade, and Economic Development the Quick Action Closing Fund.

Such evaluation and recommendation must include, but need not be limited to:

1. A description of the type of facility *or infrastructure*, its *operations* ~~business operation~~, and the *associated* product or service associated with the facility.

2. The number of full-time-equivalent jobs that will be created by the facility and the total estimated average annual wages of those jobs *or, in the case of privately developed rural infrastructure, the types of business activities and jobs stimulated by the investment*.

3. The cumulative amount of investment to be dedicated to the facility within a specified period.

4. A statement of any special impacts the facility is expected to stimulate in a particular business sector in the state or regional economy or in the state's universities and community colleges.

5. A statement of the role the incentive is expected to play in the decision of the applicant business to locate or expand in this state *or for the private investor to provide critical rural infrastructure*.

(b) Upon receipt of the evaluation and recommendation from Enterprise Florida, Inc., the director shall recommend approval or disapproval of a project for receipt of funds from the Quick Action Closing Fund to the Governor. In recommending a *project* ~~high-impact business facility~~, the director shall include proposed performance conditions that the *project* ~~facility~~ must meet to obtain incentive funds. The Governor shall consult with the President of the Senate and the Speaker of the House of Representatives before giving final approval for a project. The Executive Office of the Governor shall recommend approval of a project and release of funds pursuant to the legislative consultation and review requirements set forth in s. 216.177. The recommendation must include proposed performance conditions the project must meet to obtain funds.

(c) Upon the approval of the Governor, the director of the Office of Tourism, Trade, and Economic Development and the ~~high-impact~~ business shall enter into a contract that sets forth the conditions for payment of moneys from the fund. The contract must include the total amount of funds awarded; the performance conditions that must be met to obtain the award, including, but not limited to, net new employment in the state, average salary, and total capital investment; *demonstrate a baseline of current service and a measure of enhanced capability;* the methodology for validating performance; the schedule of payments from the fund; and sanctions for failure to meet performance conditions.

(d) Enterprise Florida, Inc., shall validate contractor performance. Such validation shall be reported within 6 months after completion of the contract to the Governor, President of the Senate, and the Speaker of the House of Representatives.

If no interlocal agreement is adopted before the effective date of the tax, tax revenues shall be distributed pursuant to the provisions of subsection (4). If no interlocal agreement exists, a new interlocal agreement may be established prior to June 1 of any year pursuant to this subparagraph. However, any interlocal agreement agreed to under this subparagraph after the initial levy of the tax or change in the tax rate authorized in this section shall under no circumstances materially or adversely affect the rights of holders of outstanding bonds which are backed by taxes authorized by this paragraph, and the amounts distributed to the county government and each municipality shall not be reduced below the amount necessary for the payment of principal and interest and reserves for principal and interest as required under the covenants of any bond resolution

outstanding on the date of establishment of the new interlocal agreement.

3. County and municipal governments shall utilize moneys received pursuant to this paragraph only for transportation expenditures needed to meet the requirements of the capital improvements element of an adopted comprehensive plan. The Committee on Insurance offered the following:

(Amendment Bar Code: 823559)

Amendment 1 (with title amendment)—
Remove from the bill: Everything after the enacting clause

and insert in lieu thereof:

Section 1. Subsection (6) is added to section 624.3161, Florida Statutes, to read:

624.3161 Market conduct examinations.—

(6) The department shall adopt rules as necessary to effectuate the market conduct examination process, to assure compliance by the person examined with the applicable provisions of the Insurance Code. Such rules shall not exceed the authority of the statutes involved in the market conduct examination.

Section 2. Subsection (8) is added to section 626.171, Florida Statutes, to read:

626.171 Application for license.—

(8) The department shall adopt rules to effectuate the license application process, including photo identification, background checks and credit reports, prelicensing courses, the impact of criminal and law enforcement history, and other relevant information in an effort to determine an applicant's fitness and trustworthiness to engage in the business of insurance.

Section 3. Paragraph (o) of subsection (1) of section 626.9541, Florida Statutes, is amended to read:

626.9541 Unfair methods of competition and unfair or deceptive acts or practices defined.—

(1) UNFAIR METHODS OF COMPETITION AND UNFAIR OR DECEPTIVE ACTS.—The following are defined as unfair methods of competition and unfair or deceptive acts or practices:

(o) Illegal dealings in premiums; excess or reduced charges for insurance.—

1. Knowingly collecting any sum as a premium or charge for insurance, which is not then provided, or is not in due course to be provided, subject to acceptance of the risk by the insurer, by an insurance policy issued by an insurer as permitted by this code.

2. Knowingly collecting as a premium or charge for insurance any sum in excess of or less than the premium or charge applicable to such insurance, in accordance with the applicable classifications and rates as filed with and approved by the department, and as specified in the policy; or, in cases when classifications, premiums, or rates are not required by this code to be so filed and approved, premiums and charges in excess of or less than those specified in the policy and as fixed by the insurer. This provision shall not be deemed to prohibit the charging and collection, by surplus lines agents licensed under part VIII of this chapter, of the amount of applicable state and federal taxes, or fees as authorized by s. 626.916(4), in addition to the premium required by the insurer or the charging and collection, by licensed agents, of the exact amount of any discount or other such fee charged by a credit card facility in connection with the use of a credit card, as authorized by subparagraph (q)3., in addition to the premium required by the insurer. This subparagraph shall not be construed to prohibit collection of a premium for a universal life or a variable or indeterminate value insurance policy made in accordance with the terms of the contract.

3.a. Imposing or requesting an additional premium for a policy of motor vehicle liability, personal injury protection, medical payment, or collision insurance or any combination thereof or refusing to renew the policy solely because the insured was involved in a motor vehicle accident unless the insurer's file contains information from which the insurer in good faith determines that the insured was substantially at fault in the accident.

b. An insurer which imposes and collects such a surcharge or which refuses to renew such policy shall, in conjunction with the notice of premium due or notice of nonrenewal, notify the named insured that he or she is entitled to reimbursement of such amount or renewal of the policy under the conditions listed below and will subsequently reimburse him or her or renew the policy, if the named insured demonstrates that the operator involved in the accident was:

(I) Lawfully parked;

(II) Reimbursed by, or on behalf of, a person responsible for the accident or has a judgment against such person;

(III) Struck in the rear by another vehicle headed in the same direction and was not convicted of a moving traffic violation in connection with the accident;

(IV) Hit by a "hit-and-run" driver, if the accident was reported to the proper authorities within 24 hours after discovering the accident;

(V) Not convicted of a moving traffic violation in connection with the accident, but the operator of the other automobile involved in such accident was convicted of a moving traffic violation;

(VI) Finally adjudicated not to be liable by a court of competent jurisdiction;

(VII) In receipt of a traffic citation which was dismissed or nolle prossed; or

(VIII) Not at fault as evidenced by a written statement from the insured establishing facts demonstrating lack of fault which are not rebutted by information in the insurer's file from which the insurer in good faith determines that the insured was substantially at fault.

c. In addition to the other provisions of this subparagraph, an insurer may not fail to renew a policy if the insured has had only one accident in which he or she was at fault within the current 3-year period. However, an insurer may nonrenew a policy for reasons other than accidents in accordance with s. 627.728. This subparagraph does not prohibit nonrenewal of a policy under which the insured has had three or more accidents, regardless of fault, during the most recent 3-year period.

4. Imposing or requesting an additional premium for, or refusing to renew, a policy for motor vehicle insurance solely because the insured committed a noncriminal traffic infraction as described in s. 318.14 unless the infraction is:

a. A second infraction committed within an 18-month period, or a third or subsequent infraction committed within a 36-month period.

b. A violation of s. 316.183, when such violation is a result of exceeding the lawful speed limit by more than 15 miles per hour.

5. Upon the request of the insured, the insurer and licensed agent shall supply to the insured the complete proof of fault or other criteria which justifies the additional charge or cancellation.

6. No insurer shall impose or request an additional premium for motor vehicle insurance, cancel or refuse to issue a policy, or refuse to renew a policy because the insured or the applicant is a handicapped or physically disabled person, so long as such handicap or physical

disability does not substantially impair such person's mechanically assisted driving ability.

7. No insurer may cancel or otherwise terminate any insurance contract or coverage, or require execution of a consent to rate endorsement, during the stated policy term for the purpose of offering to issue, or issuing, a similar or identical contract or coverage to the same insured with the same exposure at a higher premium rate or continuing an existing contract or coverage with the same exposure at an increased premium.

8. No insurer may issue a nonrenewal notice on any insurance contract or coverage, or require execution of a consent to rate endorsement, for the purpose of offering to issue, or issuing, a similar or identical contract or coverage to the same insured at a higher premium rate or continuing an existing contract or coverage at an increased premium without meeting any applicable notice requirements.

9. No insurer shall, with respect to premiums charged for motor vehicle insurance, unfairly discriminate solely on the basis of age, sex, marital status, *location of the risk, accidents more than 3 years old,* or scholastic achievement.

10. Imposing or requesting an additional premium for motor vehicle comprehensive or uninsured motorist coverage solely because the insured was involved in a motor vehicle accident or was convicted of a moving traffic violation.

11. No insurer shall cancel or issue a nonrenewal notice on any insurance policy or contract without complying with any applicable cancellation or nonrenewal provision required under the Florida Insurance Code.

12. No insurer shall impose or request an additional premium, cancel a policy, or issue a nonrenewal notice on any insurance policy or contract because of any traffic infraction when adjudication has been withheld and no points have been assessed pursuant to s. 318.14(9) and (10). However, this subparagraph does not apply to traffic infractions involving accidents in which the insurer has incurred a loss due to the fault of the insured.

Section 4. Paragraph (a) of subsection (2) of section 627.062, Florida Statutes, is amended to read:

627.062 Rate standards.—

(2) As to all such classes of insurance:

(a) Insurers or rating organizations shall establish and use rates, rating schedules, or rating manuals to allow the insurer a reasonable rate of return on such classes of insurance written in this state. *Copies* ~~A copy~~ of rates, rating schedules, rating manuals, premium credits or discount schedules, and surcharge schedules, and changes thereto, shall be filed with the department under one of the following procedures:

1. If the filing is made at least 90 days before the proposed effective date and the filing is not implemented during the department's review of the filing and any proceeding and judicial review, then such filing shall be considered a "file and use" filing. In such case, the department shall finalize its review by issuance of a notice of intent to approve or a notice of intent to disapprove within 90 days after receipt of the filing. The notice of intent to approve and the notice of intent to disapprove constitute agency action for purposes of the Administrative Procedure Act. Requests for supporting information, requests for mathematical or mechanical corrections, or notification to the insurer by the department of its preliminary findings shall not toll the 90-day period during any such proceedings and subsequent judicial review. The rate shall be deemed approved if the department does not issue a notice of intent to approve or a notice of intent to disapprove within 90 days after receipt of the filing.

2. If the filing is not made in accordance with the provisions of subparagraph 1., such filing shall be made as soon as practicable, but no later than 30 days after the effective date, and shall be considered a "use and file" filing. An insurer making a "use and file" filing is potentially subject to an order by the department to return to policyholders portions of rates found to be excessive, as provided in paragraph (h).

Section 5. Subsection (4) is added to Section 627.0625, Florida Statutes, to read:

627.0625 Commercial property and casualty risk management plans.—

(4) Commercial motor vehicle policies that are issued to satisfy mandatory financial responsibility requirements of a state or local government must provide first dollar coverage to third-party claimants without a deductible. With respect to such policies, the department may adopt rules necessary to assure that claims are administered fairly as required by law.

Section 6. Subsection (8) of section 627.0651, Florida Statutes, is amended to read:

627.0651 Making and use of rates for motor vehicle insurance.—

(8) Rates are not unfairly discriminatory if averaged broadly among members of a group; nor are rates unfairly discriminatory even though they are lower than rates for nonmembers of the group. However, such rates are unfairly discriminatory if they are not actuarially measurable and credible and sufficiently related to actual or expected loss and expense experience of the group so as to assure that nonmembers of the group are not unfairly discriminated against. Use of a single United States Postal Service zip code as a rating territory shall be deemed unfairly discriminatory. *An insurer may not impose a surcharge or discount for liability coverages based on the type of vehicle without providing acceptable actuarial justification.*

Section 7. Section 627.385, Florida Statutes, is created to read:

627.385 Conduct of residual market board members.—

(1)(a) For various insurance coverages, a residual market has been created by legislation to provide a market of last resort for individuals unable to secure coverage in the voluntary market.

(b) Each residual market's enabling legislation calls for the establishment of a board of governors or directors that operates subject to a plan of operation. The board, in carrying out its obligations, must engage in business transactions in order to provide and administer the required coverage and maintain adequate funds to support the plan. In order for the board to fully execute its responsibilities required by law, conflict of interest or inappropriate activity by board members, or the appearance thereof, with regard to member insurers or policyholders of the residual market mechanism must be avoided. The Legislature has determined that the provisions set forth in subsection (2) are necessary to protect the public interest by ensuring fair, reasonable, and beneficial board practice and activity.

(c) This section applies to the Florida Medical Malpractice Joint Underwriting Association, the Florida Automobile Joint Underwriting Association, the Florida Workers' Compensation Joint Underwriting Association, the Florida Comprehensive Health Association, the Florida Windstorm Underwriting Association, the Florida Property and Casualty Joint Underwriting Association, the Florida Residential Property and Casualty Joint Underwriting Association, and the board members thereof.

(2) To ensure that the board is free from potential conflict or inappropriate behavior the following are adopted in the plan of operation of the subject residual market in this state.

(a) A board member may not act as a servicing carrier or administering entity for the subject plan, other than a claim adjustment contract open to all members of the plan.

(b) A board member or board member representative may not use his or her position to foster or facilitate any special pecuniary gain for himself or herself, his or her member company, or any other entity in which the board member or board member representative or the member company has a substantial financial interest, except as otherwise provided in paragraph (a).

(c) A board member or board member representative may not use his or her position on the board to secure or promote any business relationship from which he or she may derive a financial gain.

(d) A board member or designee may not receive any gift or gratuity, except as provided in s. 112.3248, other than meals, while acting in his or her capacity as a board member.

(3) Board members and board member representatives shall maintain reasonable board expenses based on state travel policy as set forth in s. 112.061. The board shall develop a detailed policy regarding board member travel, which policy must be based on s. 112.061 and is subject to the approval of the department.

Section 8. Section 627.4065, Florida Statutes, is created to read:

627.4065 Insured's right to return policy; notice.—A health insurance policy issued or issued for delivery in this state must have printed or stamped thereon or attached thereto a notice in a prominent place stating in substance that the policyholder may return the policy to the insurer within 10 days after its delivery and may have the premium paid refunded if, after examination of the policy or contract, the policyholder is not satisfied with it for any reason. The notice must provide that if the policyholder, pursuant to such notice, returns the policy or contract to the insurer at its home office or branch office or to the agent through whom it was purchased, it is considered void from the beginning and the parties are in the same position as if no policy or contract had been issued. This section does not apply to group policies, single premium nonrenewable policies, or travel accident policies.

Section 9. *Section 627.41345 Certificate of insurance.—An insurer or agent may not issue or sign a certificate of insurance that contains terms or conditions that differ from those in the policy under which the certificate of insurance is issued. In the event of a conflict, the terms of the policy under which the certificate of insurance is issued shall control.*

Section 10. Subsection (9) is added to section 627.7015, Florida Statutes, to read:

627.7015 Alternative procedure for resolution of disputed property insurance claims.—

(9) For purposes of this section, the term "claim" refers to any dispute between an insurer and an insured relating to a material issue of fact other than a dispute:

(a) With respect to which the insurer has a reasonable basis to suspect fraud;

(b) Where, based on agreed-upon facts as to the cause of loss, there is no coverage under the policy;

(c) With respect to which the insurer has a reasonable basis to believe that the claimant has intentionally made a material misrepresentation of fact which is relevant to the claim, and the entire request for payment of a loss has been denied on the basis of the material misrepresentation; or

(d) Where the amount in controversy is less than $500, unless the parties agree to mediate a dispute involving a lesser amount.

Section 11. Section 627.7276, Florida Statutes, is amended to read:

627.7276 Notice of limited coverage.—

(1) *The following notice of limited coverage shall* ~~An automobile policy that does not contain coverage for bodily injury and property damage must~~ be clearly stamped or printed *on any motor vehicle insurance policy that provides coverage only for first-party damage to the insured vehicle, but does not provide coverage for bodily injury liability, property damage liability, or personal injury protection* ~~to the effect that such coverage is not included in the policy in the following manner~~:

"THIS POLICY DOES NOT PROVIDE BODILY INJURY *LIABILITY,* ~~AND~~ PROPERTY DAMAGE LIABILITY, *OR PERSONAL INJURY PROTECTION* INSURANCE OR ANY OTHER COVERAGE FOR WHICH A SPECIFIC PREMIUM CHARGE IS NOT MADE, AND DOES NOT COMPLY WITH ANY FINANCIAL RESPONSIBILITY LAW *OR WITH THE FLORIDA MOTOR VEHICLE NO-FAULT LAW*."

(2) This legend must appear on the policy declaration page ~~and on the filing back of the policy~~ and be printed in a contrasting color from that used on the policy and in type larger than the largest type used in the text thereof, as an overprint or by a rubber stamp impression.

Section 12. Section 627.795, Florida Statutes, is created to read:

627.795 Policy exceptions.—

(1) A title insurance commitment must be issued on all real estate closing transactions when a title insurance policy is to be issued, except for multiple conveyances on the same property such as timesharing.

(2) A gap exception may not be deleted on a commitment until the time of closing.

Section 13. Section 626.9552, Florida Statutes, is created to read:

626.9552 Single interest insurance.—

(1) When single interest insurance is written at the expense of the purchaser or borrower in connection with a finance or loan transaction, a clear and concise statement must be furnished the purchaser or borrower advising the purchaser or borrower that the insurance effected is solely for the interest of the financing entity, and that no protection thereunder exists for the benefit of the purchaser or borrower. When single interest insurance is written, no effort may be made by the insurer to recover the amount of any payment from the borrower. Single interest insurance policies must be clearly stamped or printed on the declarations page, "Single Interest Only——No Subrogation." Single interest insurance is to be placed only after it has been determined that no other kind of insurance can be placed on the risk, except with the consent of the purchaser or borrower. Single interest may be written in cases of inland marine installment sales floater policies. If insurance cannot be obtained for the dual protection of the purchaser or borrower, and the seller or lender or financing entity for all the coverages contemplated, or if obtained, is canceled by the insurer before expiration, the seller or lender or financing entity may obtain insurance to protect his or her interest in the motor vehicle or other personal property, and the purchaser or borrower may be required to pay the cost thereof. In such event the seller or lender or financing entity shall promptly notify the purchaser or borrower that such insurance cannot be obtained, or has been canceled, and credit to the purchaser or borrower the difference between the amount charged for dual protection insurance and the actual cost of such single interest insurance, less, in the event of cancellation, the earned premium on the dual interest insurance for the period it was in force. If the purchaser or borrower procures acceptable dual interest insurance within 30 days after the date of such notice and provides the seller or lender, or finance entity with evidence that the premium therefore has been paid, there is no charge to him or her for the single interest coverage. As used in this section, the term "financing entity" means a finance company, bank, or other lending institution. However, those lenders licensed under the Consumer Finance Act, chapter 516, must provide coverage issued in the name of the borrower containing the customary mortgagee or loss payee clause.

(2) If a certificate is issued under a master policy, the same coverage as provided in an individual policy will apply.

(3) The provisions of this section do not apply to title insurance as defined in s. 624.608.

Section 14. Subsection (1) of section 627.918, Florida Statutes, is amended to read:

627.918 Reporting formats.—

(1) The department shall require that the reporting provided for in this part be made on forms *adopted* ~~established~~ by the department or in a format compatible with *the department's* ~~its~~ electronic data processing equipment. *The department shall adopt by rule standards for such approval.*

Section 15. Subsection (12) of section 641.31, Florida Statutes, is amended to read:

641.31 Health maintenance contracts.—

(12) Each health maintenance contract, certificate, or member handbook shall state that emergency services and care shall be provided to subscribers in emergency situations not permitting treatment through the health maintenance organization's providers, without prior notification to and approval of the organization. *Reimbursement for covered services and supplies under this section shall be governed by the provisions of s. 641.513(5), up to the subscriber contract benefit limits.* ~~Not less than 75 percent of the reasonable charges for covered services and supplies shall be paid by the organization, up to the subscriber contract benefit limits.~~ Payment also may be subject to additional applicable copayment provisions, not to exceed $100 per claim. The health maintenance contract, certificate, or member handbook shall contain the definitions of "emergency services and care" and "emergency medical condition" as specified in s. 641.19(7) and (8), shall describe procedures for determination by the health maintenance organization of whether the services qualify for reimbursement as emergency services and care, and shall contain specific examples of what does constitute an emergency. In providing for emergency services and care as a covered service, a health maintenance organization shall be governed by s. 641.513.

Section 16. Subsection (3) of section 641.3108, Florida Statutes, is amended to read:

641.3108 Notice of cancellation of contract.—

(3) In the case of a health maintenance contract issued to an employer or person holding the contract on behalf of the subscriber group, the health maintenance organization may make the notification through the employer or group contract holder, and, if the health maintenance organization elects to take this action through the employer or group contract holder, the organization shall be deemed to have complied with the provisions of this section upon notifying the employer or group contract holder of the requirements of this section and requesting the employer or group contract holder to forward to all subscribers the notice required herein. *If a subscriber group contract is not renewed due to claim experience, the subscriber group is entitled to receive information concerning its loss ratio. If requested by a subscriber group, a detailed claim experience record may be provided at a reasonable expense. The record shall maintain subscriber confidentiality.*

Amendment 4 to Amendment 1 (with title amendment)—On page 1, between lines 16 and 17 of the amendment

insert:

Section 1. Effective July 1, 2001, paragraph (b) of subsection (2) and paragraph (c) of subsection (6) of section 627.351, Florida Statutes, are amended, and paragraph (f) is added to subsection (2) of said section, to read:

627.351 Insurance risk apportionment plans.—

(2) WINDSTORM INSURANCE RISK APPORTIONMENT.—

(b) The department shall require all insurers holding a certificate of authority to transact property insurance on a direct basis in this state, other than joint underwriting associations and other entities formed pursuant to this section, to provide windstorm coverage to applicants from areas determined to be eligible pursuant to paragraph (c) who in good faith are entitled to, but are unable to procure, such coverage through ordinary means; or it shall adopt a reasonable plan or plans for the equitable apportionment or sharing among such insurers of windstorm coverage, which may include formation of an association for this purpose. As used in this subsection, the term "property insurance" means insurance on real or personal property, as defined in s. 624.604, including insurance for fire, industrial fire, allied lines, farmowners multiperil, homeowners' multiperil, commercial multiperil, and mobile homes, and including liability coverages on all such insurance, but excluding inland marine as defined in s. 624.607(3) and excluding vehicle insurance as defined in s. 624.605(1)(a) other than insurance on mobile homes used as permanent dwellings. The department shall adopt rules that provide a formula for the recovery and repayment of any deferred assessments.

1. For the purpose of this section, properties eligible for such windstorm coverage are defined as dwellings, buildings, and other structures, including mobile homes which are used as dwellings and which are tied down in compliance with mobile home tie-down requirements prescribed by the Department of Highway Safety and Motor Vehicles pursuant to s. 320.8325, and the contents of all such properties. An applicant or policyholder is eligible for coverage only if an offer of coverage cannot be obtained by or for the applicant or policyholder from an admitted insurer at approved rates.

2.a.(I) All insurers required to be members of such association shall participate in its writings, expenses, and losses. Surplus of the association shall be retained for the payment of claims and shall not be distributed to the member insurers. Such participation by member insurers shall be in the proportion that the net direct premiums of each member insurer written for property insurance in this state during the preceding calendar year bear to the aggregate net direct premiums for property insurance of all member insurers, as reduced by any credits for voluntary writings, in this state during the preceding calendar year. For the purposes of this subsection, the term "net direct premiums" means direct written premiums for property insurance, reduced by premium for liability coverage and for the following if included in allied lines: rain and hail on growing crops; livestock; association direct premiums booked; National Flood Insurance Program direct premiums; and similar deductions specifically authorized by the plan of operation and approved by the department. A member's participation shall begin on the first day of the calendar year following the year in which it is issued a certificate of authority to transact property insurance in the state and shall terminate 1 year after the end of the calendar year during which it no longer holds a certificate of authority to transact property insurance in the state. The commissioner, after review of annual statements, other reports, and any other statistics that the commissioner deems necessary, shall certify to the association the aggregate direct premiums written for property insurance in this state by all member insurers.

(II) The plan of operation shall provide for a board of directors *consisting of the members of the State Board of Administration, which shall oversee the operations of the association and shall carry out any other duties provided by law. The board shall appoint an advisory council consisting of an actuary, a meterorologist, an engineer, a representative of insurers, a representative of insurance agents, and three consumers who shall also be representatives of other professions and industries, to provide the board with information and advice in connection with its duties under this section. Members of the advisory council shall be eligible for per diem and travel expeses under s. 112.061. The association shall not be considered a state agency and its obligations shall not be considered obligations of the state* ~~consisting of the Insurance Consumer Advocate appointed under s. 627.0613, 1consumer~~

~~representative appointed by the Insurance Commissioner, 1 consumer representative appointed by the Governor, and 12 additional members appointed as specified in the plan of operation. One of the 12 additional members shall be elected by the domestic companies of this state on the basis of cumulative weighted voting based on the net direct premiums of domestic companies in this state. Nothing in the 1997 amendments to this paragraph terminates the existing board or the terms of any members of the board~~.

(III) The plan of operation shall provide a formula whereby a company voluntarily providing windstorm coverage in affected areas will be relieved wholly or partially from apportionment of a regular assessment pursuant to sub-sub-subparagraph d.(I) or sub-sub-subparagraph d.(II).

(IV) A company which is a member of a group of companies under common management may elect to have its credits applied on a group basis, and any company or group may elect to have its credits applied to any other company or group.

(V) There shall be no credits or relief from apportionment to a company for emergency assessments collected from its policyholders under sub-sub-subparagraph d.(III).

(VI) The plan of operation may also provide for the award of credits, for a period not to exceed 3 years, from a regular assessment pursuant to sub-sub-subparagraph d.(I) or sub-sub-subparagraph d.(II) as an incentive for taking policies out of the Residential Property and Casualty Joint Underwriting Association. In order to qualify for the exemption under this sub-sub-subparagraph, the take-out plan must provide that at least 40 percent of the policies removed from the Residential Property and Casualty Joint Underwriting Association cover risks located in Dade, Broward, and Palm Beach Counties or at least 30 percent of the policies so removed cover risks located in Dade, Broward, and Palm Beach Counties and an additional 50 percent of the policies so removed cover risks located in other coastal counties, and must also provide that no more than 15 percent of the policies so removed may exclude windstorm coverage. With the approval of the department, the association may waive these geographic criteria for a take-out plan that removes at least the lesser of 100,000 Residential Property and Casualty Joint Underwriting Association policies or 15 percent of the total number of Residential Property and Casualty Joint Underwriting Association policies, provided the governing board of the Residential Property and Casualty Joint Underwriting Association certifies that the take-out plan will materially reduce the Residential Property and Casualty Joint Underwriting Association's 100-year probable maximum loss from hurricanes. With the approval of the department, the board may extend such credits for an additional year if the insurer guarantees an additional year of renewability for all policies removed from the Residential Property and Casualty Joint Underwriting Association, or for 2 additional years if the insurer guarantees 2 additional years of renewability for all policies removed from the Residential Property and Casualty Joint Underwriting Association.

b. Assessments to pay deficits in the association under this subparagraph shall be included as an appropriate factor in the making of rates as provided in s. 627.3512.

c. The Legislature finds that the potential for unlimited deficit assessments under this subparagraph may induce insurers to attempt to reduce their writings in the voluntary market, and that such actions would worsen the availability problems that the association was created to remedy. It is the intent of the Legislature that insurers remain fully responsible for paying regular assessments and collecting emergency assessments for any deficits of the association; however, it is also the intent of the Legislature to provide a means by which assessment liabilities may be amortized over a period of years.

d.(I) When the deficit incurred in a particular calendar year is 10 percent or less of the aggregate statewide direct written premium for property insurance for the prior calendar year for all member insurers, the association shall levy an assessment on member insurers in an amount equal to the deficit.

(II) When the deficit incurred in a particular calendar year exceeds 10 percent of the aggregate statewide direct written premium for property insurance for the prior calendar year for all member insurers, the association shall levy an assessment on member insurers in an amount equal to the greater of 10 percent of the deficit or 10 percent of the aggregate statewide direct written premium for property insurance for the prior calendar year for member insurers. Any remaining deficit shall be recovered through emergency assessments under sub-sub-subparagraph (III).

(III) Upon a determination by the board of directors that a deficit exceeds the amount that will be recovered through regular assessments on member insurers, pursuant to sub-sub-subparagraph (I) or sub-sub-subparagraph (II), the board shall levy, after verification by the department, emergency assessments to be collected by member insurers and by underwriting associations created pursuant to this section which write property insurance, upon issuance or renewal of property insurance policies other than National Flood Insurance policies in the year or years following levy of the regular assessments. The amount of the emergency assessment collected in a particular year shall be a uniform percentage of that year's direct written premium for property insurance for all member insurers and underwriting associations, excluding National Flood Insurance policy premiums, as annually determined by the board and verified by the department. The department shall verify the arithmetic calculations involved in the board's determination within 30 days after receipt of the information on which the determination was based. Notwithstanding any other provision of law, each member insurer and each underwriting association created pursuant to this section shall collect emergency assessments from its policyholders without such obligation being affected by any credit, limitation, exemption, or deferment. The emergency assessments so collected shall be transferred directly to the association on a periodic basis as determined by the association. The aggregate amount of emergency assessments levied under this sub-sub-subparagraph in any calendar year may not exceed the greater of 10 percent of the amount needed to cover the original deficit, plus interest, fees, commissions, required reserves, and other costs associated with financing of the original deficit, or 10 percent of the aggregate statewide direct written premium for property insurance written by member insurers and underwriting associations for the prior year, plus interest, fees, commissions, required reserves, and other costs associated with financing the original deficit. The board may pledge the proceeds of the emergency assessments under this sub-sub-subparagraph as the source of revenue for bonds, to retire any other debt incurred as a result of the deficit or events giving rise to the deficit, or in any other way that the board determines will efficiently recover the deficit. The emergency assessments under this sub-sub-subparagraph shall continue as long as any bonds issued or other indebtedness incurred with respect to a deficit for which the assessment was imposed remain outstanding, unless adequate provision has been made for the payment of such bonds or other indebtedness pursuant to the document governing such bonds or other indebtedness. Emergency assessments collected under this sub-sub-subparagraph are not part of an insurer's rates, are not premium, and are not subject to premium tax, fees, or commissions; however, failure to pay the emergency assessment shall be treated as failure to pay premium.

(IV) Each member insurer's share of the total regular assessments under sub-sub-subparagraph (I) or sub-sub-subparagraph (II) shall be in the proportion that the insurer's net direct premium for property insurance in this state, for the year preceding the assessment bears to the aggregate statewide net direct premium for property insurance of all member insurers, as reduced by any credits for voluntary writings for that year.

(V) If regular deficit assessments are made under sub-sub-subparagraph (I) or sub-sub-subparagraph (II), or by the Residential Property and Casualty Joint Underwriting Association under sub-subparagraph (6)(b)3.a. or sub-subparagraph (6)(b)3.b., the association shall levy upon the association's policyholders, as part of its next rate filing, or by a separate rate filing solely for this purpose, a market equalization surcharge in a percentage equal to the total amount of such regular assessments divided by the aggregate statewide direct written

premium for property insurance for member insurers for the prior calendar year. Market equalization surcharges under this sub-sub-subparagraph are not considered premium and are not subject to commissions, fees, or premium taxes; however, failure to pay a market equalization surcharge shall be treated as failure to pay premium.

e. The governing body of any unit of local government, any residents of which are insured under the plan, may issue bonds as defined in s. 125.013 or s. 166.101 to fund an assistance program, in conjunction with the association, for the purpose of defraying deficits of the association. In order to avoid needless and indiscriminate proliferation, duplication, and fragmentation of such assistance programs, any unit of local government, any residents of which are insured by the association, may provide for the payment of losses, regardless of whether or not the losses occurred within or outside of the territorial jurisdiction of the local government. Revenue bonds may not be issued until validated pursuant to chapter 75, unless a state of emergency is declared by executive order or proclamation of the Governor pursuant to s. 252.36 making such findings as are necessary to determine that it is in the best interests of, and necessary for, the protection of the public health, safety, and general welfare of residents of this state and the protection and preservation of the economic stability of insurers operating in this state, and declaring it an essential public purpose to permit certain municipalities or counties to issue bonds as will provide relief to claimants and policyholders of the association and insurers responsible for apportionment of plan losses. Any such unit of local government may enter into such contracts with the association and with any other entity created pursuant to this subsection as are necessary to carry out this paragraph. Any bonds issued under this sub-subparagraph shall be payable from and secured by moneys received by the association from assessments under this subparagraph, and assigned and pledged to or on behalf of the unit of local government for the benefit of the holders of such bonds. The funds, credit, property, and taxing power of the state or of the unit of local government shall not be pledged for the payment of such bonds. If any of the bonds remain unsold 60 days after issuance, the department shall require all insurers subject to assessment to purchase the bonds, which shall be treated as admitted assets; each insurer shall be required to purchase that percentage of the unsold portion of the bond issue that equals the insurer's relative share of assessment liability under this subsection. An insurer shall not be required to purchase the bonds to the extent that the department determines that the purchase would endanger or impair the solvency of the insurer. The authority granted by this sub-subparagraph is additional to any bonding authority granted by subparagraph 6.

3. The plan shall also provide that any member with a surplus as to policyholders of *$25* ~~$20~~ million or less writing 25 percent or more of its total countrywide property insurance premiums in this state may petition the department, within the first 90 days of each calendar year, to qualify as a limited apportionment company. The apportionment of such a member company in any calendar year for which it is qualified shall not exceed its gross participation, which shall not be affected by the formula for voluntary writings. In no event shall a limited apportionment company be required to participate in any apportionment of losses pursuant to sub-sub-subparagraph 2.d.(I) or sub-sub-subparagraph 2.d.(II) in the aggregate which exceeds $50 million after payment of available plan funds in any calendar year. However, a limited apportionment company shall collect from its policyholders any emergency assessment imposed under sub-sub-subparagraph 2.d.(III). The plan shall provide that, if the department determines that any regular assessment will result in an impairment of the surplus of a limited apportionment company, the department may direct that all or part of such assessment be deferred. However, there shall be no limitation or deferment of an emergency assessment to be collected from policyholders under sub-sub-subparagraph 2.d.(III).

4. The plan shall provide for the deferment, in whole or in part, of a regular assessment of a member insurer under sub-sub-subparagraph 2.d.(I) or sub-sub-subparagraph 2.d.(II), but not for an emergency assessment collected from policyholders under sub-sub-subparagraph 2.d.(III), if, in the opinion of the commissioner, payment of such regular assessment would endanger or impair the solvency of the member insurer. In the event a regular assessment against a member insurer is deferred in whole or in part, the amount by which such assessment is deferred may be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in sub-sub-subparagraph 2.d.(I) or sub-sub-subparagraph 2.d.(II).

5.a. The plan of operation may include deductibles and rules for classification of risks and rate modifications consistent with the objective of providing and maintaining funds sufficient to pay catastrophe losses.

b.*(I) Subject to the provisions of sub-sub-subparagraph (II), all rate filings under this subsection relating to coverage for windstorm losses must reflect historical insurance data. When using a computer model in making a rate filing under this subsection, the association may use only a computer model which is based upon standards and guidelines developed or established by the Florida Commission on Hurricane Loss Projection Methodology under s. 627.0628. Consideration of historical insurance data and the use of computer models shall be consistent with applicable Standards of Practice of the American Academy of Actuaries.* The association may require arbitration of a rate filing under s. 627.062(6).

(II) ~~It is the intent of the Legislature that the~~ Rates for coverage provided by the association *must* be actuarially sound and not competitive with approved rates charged in the admitted voluntary market such that the association functions as a residual market mechanism to provide insurance only when the insurance cannot be procured in the voluntary market. The plan of operation shall provide a mechanism to assure that *the average base rates for each line of business charged by the asociation for hurricane coverage for each unmitigated risk in a particular county shall be no lower than the highest department-approved rate within the association's eligible area for hurricane coverage in the voluntary market for each line of business in such county, among the 20 largest insurers actually writing such coverage in such county* ~~, beginning no later than January 1, 1999, the rates charged by the association for each line of business are reflective of approved rates in the voluntary market for hurricane coverage for each line of business in the various areas eligible for association coverage~~.

(III) Notwithstanding any other provision of law, windstorm rates under this subsection previously adjudicated for use and in effect as of the effective date of this act, and the related mitigation credit program, shall apply to rates of the association and shall continue in effect until such rates are fully phased in. The rate for a particular group or class of policies may be increased only after the full phase-in of the current rate plan as to that group or class of policies.

c. The association shall provide for windstorm coverage on residential properties in limits up to $10 million for commercial lines residential risks and up to $1 million for personal lines residential risks. If coverage with the association is sought for a residential risk valued in excess of these limits, coverage shall be available to the risk up to the replacement cost or actual cash value of the property, at the option of the insured, if coverage for the risk cannot be located in the authorized market. The association must accept a commercial lines residential risk with limits above $10 million or a personal lines residential risk with limits above $1 million if coverage is not available in the authorized market. The association may write coverage above the limits specified in this subparagraph with or without facultative or other reinsurance coverage, as the association determines appropriate.

d. The plan of operation must provide objective criteria and procedures, approved by the department, to be uniformly applied for all applicants in determining whether an individual risk is so hazardous as to be uninsurable. In making this determination and in establishing the criteria and procedures, the following shall be considered:

(I) Whether the likelihood of a loss for the individual risk is substantially higher than for other risks of the same class; and

(II) Whether the uncertainty associated with the individual risk is such that an appropriate premium cannot be determined.

The acceptance or rejection of a risk by the association pursuant to such criteria and procedures must be construed as the private placement of insurance, and the provisions of chapter 120 do not apply.

e. The policies issued by the association must provide that if the association obtains an offer from an authorized insurer to cover the risk at its approved rates under either a standard policy including wind coverage or, if consistent with the insurer's underwriting rules as filed with the department, a basic policy including wind coverage, the risk is no longer eligible for coverage through the association. Upon termination of eligibility, the association shall provide written notice to the policyholder and agent of record stating that the association policy must be canceled as of 60 days after the date of the notice because of the offer of coverage from an authorized insurer. Other provisions of the insurance code relating to cancellation and notice of cancellation do not apply to actions under this sub-subparagraph.

f. Association policies and applications must include a notice that the association policy could, under this section, be replaced with a policy issued by an authorized insurer that does not provide coverage identical to the coverage provided by the association. The notice shall also specify that acceptance of association coverage creates a conclusive presumption that the applicant or policyholder is aware of this potential.

g. If the risk accepts an offer of coverage through the market assistanceprogram or through a mechanism established by the association, either before the policy is issued by the association or during the first 30 days of coverage by the association, and the producing agent who submitted the application to the association is not currrently appointed by the insurer, the insurer shall either:

(I) Pay to the producing agent of record of the policy, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the association; or

(II) Offer to allow the producing agency of record of the policy to continue servicing the policy for a period of not less than 1 year and offer to pay the agent the greater of the insurer's or the association's usual and customary commission for the type of policy written.

If the new or producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-subparagraph (I).

h. When the association enters into a contractual agreement for a take-out plan, the producing agent of record of the association policy is entitled to retain any unearned commission on the policy, and the insurer shall either:

(I) Pay to the producing agent of record of the association policy, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the association; or

(II) Offer to allow the producing agent of record of the association policy to continue servicing the policy for a period of not less than 1 year and offer to pay the agent the greater of the insurer's or the association's usual and customary commission for the type of policy written.

If the new or producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-subparagraph(I).

6.a. The plan of operation may authorize the formation of a private nonprofit corporation, a private nonprofit unincorporated association, a partnership, a trust, a limited liability company, or a nonprofit mutual company which may be empowered, among other things, to borrow money by issuing bonds or by incurring other indebtedness and to accumulate reserves or funds to be used for the payment of insured catastrophe losses. The plan may authorize all actions necessary to facilitate the issuance of bonds, including the pledging of assessments or other revenues.

b. Any entity created under this subsection, or any entity formed for the purposes of this subsection, may sue and be sued, may borrow money; issue bonds, notes, or debt instruments; pledge or sell assessments, market equalization surcharges and other surcharges, rights, premiums, contractual rights, projected recoveries from the Florida Hurricane Catastrophe Fund, other reinsurance recoverables, and other assets as security for such bonds, notes, or debt instruments; enter into any contracts or agreements necessary or proper to accomplish such borrowings; and take other actions necessary to carry out the purposes of this subsection. The association may issue bonds or incur other indebtedness, or have bonds issued on its behalf by a unit of local government pursuant to subparagraph (g)2., in the absence of a hurricane or other weather-related event, upon a determination by the association subject to approval by the department that such action would enable it to efficiently meet the financial obligations of the association and that such financings are reasonably necessary to effectuate the requirements of this subsection. Any such entity may accumulate reserves and retain surpluses as of the end of any association year to provide for the payment of losses incurred by the association during that year or any future year. The association shall incorporate and continue the plan of operation and articles of agreement in effect on the effective date of chapter 76-96, Laws of Florida, to the extent that it is not inconsistent with chapter 76-96, and as subsequently modified consistent with chapter 76-96. The board of directors and officers currently serving shall continue to serve until their successors are duly qualified as provided under the plan. The assets and obligations of the plan in effect immediately prior to the effective date of chapter 76-96 shall be construed to be the assets and obligations of the successor plan created herein.

c. In recognition of s. 10, Art. I of the State Constitution, prohibiting the impairment of obligations of contracts, it is the intent of the Legislature that no action be taken whose purpose is to impair any bond indenture or financing agreement or any revenue source committed by contract to such bond or other indebtedness issued or incurred by the association or any other entity created under this subsection.

7. On such coverage, an agent's remuneration shall be that amount of money payable to the agent by the terms of his or her contract with the company with which the business is placed. However, no commission will be paid on that portion of the premium which is in excess of the standard premium of that company.

8. Subject to approval by the department, the association may establish different eligibility requirements and operational procedures for any line or type of coverage for any specified eligible area or portion of an eligible area if the board determines that such changes to the eligibility requirements and operational procedures are justified due to the voluntary market being sufficiently stable and competitive in such area or for such line or type of coverage and that consumers who, in good faith, are unable to obtain insurance through the voluntary market through ordinary methods would continue to have access to coverage from the association. When coverage is sought in connection with a real property transfer, such requirements and procedures shall not provide for an effective date of coverage later than the date of the closing of the transfer as established by the transferor, the transferee, and, if applicable, the lender.

9. Notwithstanding any other provision of law:

a. The pledge or sale of, the lien upon, and the security interest in any rights, revenues, or other assets of the association created or purported to be created pursuant to any financing documents to secure any bonds or other indebtedness of the association shall be and remain valid and enforceable, notwithstanding the commencement of and during the continuation of, and after, any rehabilitation, insolvency, liquidation, bankruptcy, receivership, conservatorship, reorganization, or similar proceeding against the association under the laws of this state or any other applicable laws.

b. No such proceeding shall relieve the association of its obligation, or otherwise affect its ability to perform its obligation, to continue to collect, or levy and collect, assessments, market equalization or other surcharges, projected recoveries from the Florida Hurricane

Catastrophe Fund, reinsurance recoverables, or any other rights, revenues, or other assets of the association pledged.

c. Each such pledge or sale of, lien upon, and security interest in, including the priority of such pledge, lien, or security interest, any such assessments, emergency assessments, market equalization or renewal surcharges, projected recoveries from the Florida Hurricane Catastrophe Fund, reinsurance recoverables, or other rights, revenues, or other assets which are collected, or levied and collected, after the commencement of and during the pendency of or after any such proceeding shall continue unaffected by such proceeding.

d. As used in this subsection, the term "financing documents" means any agreement, instrument, or other document now existing or hereafter created evidencing any bonds or other indebtedness of the association or pursuant to which any such bonds or other indebtedness has been or may be issued and pursuant to which any rights, revenues, or other assets of the association are pledged or sold to secure the repayment of such bonds or indebtedness, together with the payment of interest on such bonds or such indebtedness, or the payment of any other obligation of the association related to such bonds or indebtedness.

e. Any such pledge or sale of assessments, revenues, contract rights or other rights or assets of the association shall constitute a lien and security interest, or sale, as the case may be, that is immediately effective and attaches to such assessments, revenues, contract, or other rights or assets, whether or not imposed or collected at the time the pledge or sale is made. Any such pledge or sale is effective, valid, binding, and enforceable against the association or other entity making such pledge or sale, and valid and binding against and superior to any competing claims or obligations owed to any other person or entity, including policyholders in this state, asserting rights in any such assessments, revenues, contract, or other rights or assets to the extent set forth in and in accordance with the terms of the pledge or sale contained in the applicable financing documents, whether or not any such person or entity has notice of such pledge or sale and without the need for any physical delivery, recordation, filing, or other action.

f. There shall be no liability on the part of, and no cause of action of any nature shall arise against, any member insurer or its agents or employees, agents or employees of the association, members of the board of directors of the association, or the department or its representatives, for any action taken by them in the performance of their duties or responsibilities under this subsection. Such immunity does not apply to actions for breach of any contract or agreement pertaining to insurance, or any willful tort.

10. It is the intent of the Legislature that the association vigorously pursue an exemption from federal income taxation and tax-free status for bonds issued by or on behalf of the association. In furtherance of this intent:

a. The association shall retain such expert tax counsel and bond counsel as necessary and expend such funds as necessary to pursue such negotiations or litigation as may lead to favorable tax rulings.

b. The association shall, no later than January 1, 2002, provide a report to the Governor, the Insurance Commissioner, the President of the Senate, and the Speaker of the House of Representatives detailing the status of the negotiations or litigation and recommending statutory changes, if any, needed to secure favorable tax rulings.

(f)1. In recognition of the fact that the association created under this subsection furthers an essentially governmental purpose, the association is exempt from premium taxes effective July 1, 2002.

2. Begining with the 2002-2003 fiscal year, and except for years in which the association is collecting regular or emergency assessments under this subsection, the association shall annually transfer the sum of $5 million to the General Revenue Fund, which moneys shall be appropriated for hurricane loss mitigation purposes as specified in s. 215.555(7)(c). Such appropriations are in addition to any appropriations required or authorized by s. 215.555(7)(c).

(6) RESIDENTIAL PROPERTY AND CASUALTY JOINT UNDERWRITING ASSOCIATION.—

(c) The plan of operation of the association:

1. May provide for one or more designated insurers, able and willing to provide policy and claims service, to act on behalf of the association to provide such service. Each licensed agent shall be entitled to indicate the order of preference regarding who will service the business placed by the agent. The association shall adhere to each agent's preferences unless after consideration of other factors in assigning agents, including, but not limited to, servicing capacity and fee arrangements, the association has reason to believe it is in the best interest of the association to make a different assignment.

2. Must provide for adoption of residential property and casualty insurance policy forms, which forms must be approved by the department prior to use. The association shall adopt the following policy forms:

a. Standard personal lines policy forms including wind coverage, which are multiperil policies providing what is generally considered to be full coverage of a residential property similar to the coverage provided under an HO-2, HO-3, HO-4, or HO-6 policy.

b. Standard personal lines policy forms without wind coverage, which are the same as the policies described in sub-subparagraph a. except that they do not include wind coverage.

c. Basic personal lines policy forms including wind coverage, which are policies similar to an HO-8 policy or a dwelling fire policy that provide coverage meeting the requirements of the secondary mortgage market, but which coverage is more limited than the coverage under a standard policy.

d. Basic personal lines policy forms without wind coverage, which are the same as the policies described in sub-subparagraph c. except that they do not include wind coverage.

e. Commercial lines residential policy forms including wind coverage that are generally similar to the basic perils of full coverage obtainable for commercial residential structures in the admitted voluntary market.

f. Commercial lines residential policy forms without wind coverage, which are the same as the policies described in sub-subparagraph e. except that they do not include wind coverage.

3. May provide that the association may employ or otherwise contract with individuals or other entities to provide administrative or professional services that may be appropriate to effectuate the plan. The association shall have the power to borrow funds, by issuing bonds or by incurring other indebtedness, and shall have other powers reasonably necessary to effectuate the requirements of this subsection. The association may issue bonds or incur other indebtedness, or have bonds issued on its behalf by a unit of local government pursuant to subparagraph (g)2., in the absence of a hurricane or other weather-related event, upon a determination by the association, subject to approval by the department, that such action would enable it to efficiently meet the financial obligations of the association and that such financings are reasonably necessary to effectuate the requirements of this subsection. The association is authorized to take all actions needed to facilitate tax-free status for any such bonds or indebtedness, including formation of trusts or other affiliated entities. The association shall have the authority to pledge assessments, projected recoveries from the Florida Hurricane Catastrophe Fund, other reinsurance recoverables, market equalization and other surcharges, and other funds available to the association as security for bonds or other indebtedness. In recognition of s. 10, Art. I of the State Constitution, prohibiting the impairment of obligations of contracts, it is the intent of the Legislature that no action be taken whose purpose is to impair any bond indenture or financing agreement or any revenue source committed by contract to such bond or other indebtedness.

4. Must require that the association operate subject to the supervision and approval of a board of governors *consisting of the members of the State Board of Administration.* ~~consisting of 13 individuals, including 1 who is elected as chair. The board shall consist of:~~

~~a. The insurance consumer advocate appointed under s. 627.0613.~~

~~b. Five members designated by the insurance industry.~~

~~c. Five consumer representatives appointed by the Insurance Commissioner. Two of the consumer representatives must, at the time of appointment, be holders of policies issued by the association, who are selected with consideration given to reflecting the geographic balance of association policyholders. Two of the consumer members must be individuals who are minority persons as defined in s. 288.703(3). One of the consumer members shall have expertise in the field of mortgage lending.~~

~~d. Two representatives of the insurance industry appointed by the Insurance Commissioner. Of the two insurance industry representatives appointed by the Insurance Commissioner, at least one must be an individual who is a minority person as defined in s. 288.703(3).~~

~~Any board member may be disapproved or removed and replaced by the commissioner at any time for cause. All board members, including the chair, must be appointed to serve for 3-year terms beginning annually on a date designated by the plan.~~

5. Must provide a procedure for determining the eligibility of a risk for coverage, as follows:

a. With respect to personal lines residential risks, if the risk is offered coverage from an authorized insurer at the insurer's approved rate under either a standard policy including wind coverage or, if consistent with the insurer's underwriting rules as filed with the department, a basic policy including wind coverage, the risk is not eligible for any policy issued by the association.

(I) If the risk accepts an offer of coverage through the market assistance program or through a mechanism established by the association, either before the policy is issued by the association or during the first 30 days of coverage by the association, and the producing agent who submitted the application to the association is not currently appointed by the insurer, the insurer shall either:

(A) Pay to the producing agent of record of the policy, for the first year, an amount that is the greater of the insurer's usual and customary cmmission for the type of policy written or a fee equal to the usual and customary commission of the association; or

(B) Offer to allow the producing agent of record of the policy to continue servicing the policy for a period of not less than 1 year and offer to pay the agent the greater of the insurer's or the ssociation's usual and customary commission for the type of policy written.

If the new or producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-subparagraph (A).

(II) When the association enters into a contractual agreement for a take-out plan, the producing agent of record of the association policy is entitled to retain any unearned commission on the policy, and the isnurer shall either:

(A) Pay to the producing agent of record of the association policy, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the association; or

(B) Offer to allow the producing agent of record of the associaton policy to continue servicing the policy for a period of not less than 1 year and offer to pay the agent the greater of the insurer's or the asociation's usual and customary commission for the type of policy written.

If the new or producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-subparagraph (A). ~~If the risk accepts an offer of coverage through the market assistance plan or an offer of coverage through a mechanism established by the association before a policy is issued to the risk by the association or during the first 30 days of coverage by the association, and the producing agent who submitted the application to the plan or to the association is not currently appointed by the insurer, the insurer shall either appoint the agent to service the risk or, if the insurer places the coverage through a new agent, require the new agent who then writes the policy to pay not less than 50 percent of the first year's commission to the producing agent who submitted the application to the plan or the association, except that if the new agent is an employee or exclusive agent of the insurer, the new agent shall pay a policy fee of $50 to the producing agent in lieu of splitting the commission.~~ If the risk is not able to obtain any such offer, the risk is eligible for either a standard policy including wind coverage or a basic policy including wind coverage issued by the association; however, if the risk could not be insured under a standard policy including wind coverage regardless of market conditions, the risk shall be eligible for a basic policy including wind coverage unless rejected under subparagraph 8. The association shall determine the type of policy to be provided on the basis of objective standards specified in the underwriting manual and based on generally accepted underwriting practices.

b. With respect to commercial lines residential risks, if the risk is offered coverage under a policy including wind coverage from an authorized insurer at its approved rate, the risk is not eligible for any policy issued by the association.

(I) If the risk accepts an offer of coverage through the market assistance program or through a mechanism established by the association, either before the policy is issued by the association or during the first 30 days of coverage by the association, and the producing agent who submitted the application to the association is not currently appointed by the insurer, the insurer shall either:

(A) Pay to the producing agent of record of the policy, for the first year, an amount that is the greater of the insurer's usual and customary cmmission for the type of policy written or a fee equal to the usual and customary commission of the association; or

(B) Offer to allow the producing agent of record of the policy to continue servicing the policy for a period of not less than 1 year and offer to pay the agent the greater of the insurer's or the ssociation's usual and customary commission for the type of policy written.

If the new or producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-subparagraph (A).

(II) When the association enters into a contractual agreement for a take-out plan, the producing agent of record of the association policy is entitled to retain any unearned commission on the policy, and the isnurer shall either:

(A) Pay to the producing agent of record of the association policy, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the association; or

(B) Offer to allow the producing agent of record of the associaton policy to continue servicing the policy for a period of not less than 1 year and offer to pay the agent the greater of the insurer's or the asociation's usual and customary commission for the type of policy written.

If the new or producing gent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-subparagraph (A). ~~If the risk accepts an offer of coverage through the market assistance plan or an offer of coverage through a mechanism established by the association before a policy is issued to the risk by the association, and the producing agent who submitted the application to the plan or the association is not currently appointed by the insurer, the insurer shall either appoint the agent to service the risk or, if the insurer places the coverage through a new agent, require the new agent who then writes the policy to pay not less than 50 percent of the first year's commission to the producing agent who submitted the application to the plan, except that if the new agent is an employee or exclusive agent of the insurer, the new agent shall pay a policy fee of $50 to the producing agent in lieu of splitting the commission.~~ If the risk is

not able to obtain any such offer, the risk is eligible for a policy including wind coverage issued by the association.

c. This subparagraph does not require the association to provide wind coverage or hurricane coverage in any area in which such coverage is available through the Florida Windstorm Underwriting Association.

6. Must include rules for classifications of risks and rates therefor.

7. Must provide that if premium and investment income attributable to a particular plan year are in excess of projected losses and expenses of the plan attributable to that year, such excess shall be held in surplus. Such surplus shall be available to defray deficits as to future years and shall be used for that purpose prior to assessing member insurers as to any plan year.

8. Must provide objective criteria and procedures to be uniformly applied for all applicants in determining whether an individual risk is so hazardous as to be uninsurable. In making this determination and in establishing the criteria and procedures, the following shall be considered:

a. Whether the likelihood of a loss for the individual risk is substantially higher than for other risks of the same class; and

b. Whether the uncertainty associated with the individual risk is such that an appropriate premium cannot be determined.

The acceptance or rejection of a risk by the association shall be construed as the private placement of insurance, and the provisions of chapter 120 shall not apply.

9. Must provide that the association shall make its best efforts to procure catastrophe reinsurance at reasonable rates, as determined by the board of governors.

10. Must provide that in the event of regular deficit assessments under sub-subparagraph (b)3.a. or sub-subparagraph (b)3.b., or by the Florida Windstorm Underwriting Association under sub-sub-subparagraph (2)(b)2.d.(I) or sub-sub-subparagraph (2)(b)2.d.(II), the association shall levy upon association policyholders in its next rate filing, or by a separate rate filing solely for this purpose, a market equalization surcharge in a percentage equal to the total amount of such regular assessments divided by the aggregate statewide direct written premium for subject lines of business for member insurers for the prior calendar year. Market equalization surcharges under this subparagraph are not considered premium and are not subject to commissions, fees, or premium taxes; however, failure to pay a market equalization surcharge shall be treated as failure to pay premium.

11. The policies issued by the association must provide that, if the association or the market assistance plan obtains an offer from an authorized insurer to cover the risk at its approved rates under either a standard policy including wind coverage or a basic policy including wind coverage, the risk is no longer eligible for coverage through the association. However, if the risk is located in an area in which Florida Windstorm Underwriting Association coverage is available, such an offer of a standard or basic policy terminates eligibility regardless of whether or not the offer includes wind coverage. Upon termination of eligibility, the association shall provide written notice to the policyholder and agent of record stating that the association policy shall be canceled as of 60 days after the date of the notice because of the offer of coverage from an authorized insurer. Other provisions of the insurance code relating to cancellation and notice of cancellation do not apply to actions under this subparagraph.

12. Association policies and applications must include a notice that the association policy could, under this section or s. 627.3511, be replaced with a policy issued by an admitted insurer that does not provide coverage identical to the coverage provided by the association. The notice shall also specify that acceptance of association coverage creates a conclusive presumption that the applicant or policyholder is aware of this potential.

13. May establish, subject to approval by the department, different eligibility requirements and operational procedures for any line or type of coverage for any specified county or area if the board determines that such changes to the eligibility requirements and operational procedures are justified due to the voluntary market being sufficiently stable and competitive in such area or for such line or type of coverage and that consumers who, in good faith, are unable to obtain insurance through the voluntary market through ordinary methods would continue to have access to coverage from the association. When coverage is sought in connection with a real property transfer, such requirements and procedures shall not provide for an effective date of coverage later than the date of the closing of the transfer as established by the transferor, the transferee, and, if applicable, the lender.

Section 2. Subsection (4) of section 627.3511, Florida Statutes,is amended to read:

627.3511 Depopulation of Residential Property and Casualty Joint Underwriting Association.—

(4) AGENT BONUS.—When the Residential Property and Casualty Joint Underwriting Association enters into a contractual agreement for a take-out plan that provides a bonus to the insurer, the producing agent of record of the association policy is entitled to retain any unearned commission on such policy, and the insurer shall either:

(a) Pay to the producing agent of record of the association policy*, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the association* ~~an amount equal to the insurer's usual and customary commission for the type of policy written if the term of the association policy was in excess of 6 months, or one-half of such usual and customary commission if the term of the association policy was 6 months or less~~; or

(b) Offer to allow the producing agent of record of the association policy to continue servicing the policy for a period of not less than 1 year and offer to pay the agent *the greater of* the insurer's *or the association's*usual and customary commission for the type of policy written.

If the new or producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with paragraph (a). The insurer need not take any further action if the offer is rejected. This subsection does not apply to any reciprocal interinsurance exchange, nonprofit federation, or any subsidiary or affiliate of such organization. This subsection does not apply if the agent is also the agent of record on the new coverage. The requirement of this subsection that the producing agent of record is entitled to retain the unearned commission on an association policy does not apply to a policy for which coverage has been provided in the association for 30 days or less or for which a cancellation notice has been issued pursuant to s. 627.351(6)(c)11. during the first 30 days of coverage.

Section 3. Subsection (2) of section 627.7013, Florida Statutes is amended to read:

627.7013 Orderly markets for personal lines residential property insurance.—

(2) MORATORIUM COMPLETION.—

(a) As used in this subsection, the term "total number of policies" means the number of an insurer's policies of a specified type that were in force on June 1, 1996, or the date on which this section became law, whichever was later.

(b) The following restrictions apply only to cancellation or nonrenewal of personal lines residential property insurance policies that were in force on June 1, 1996, or the date on which this section became law, whichever was later.

1. In any 12-month period, an insurer may not cancel or nonrenew more than 5 percent of such insurer's total number of homeowner's policies, 5 percent of such insurer's total number of mobile home owner's policies, or 5 percent of such insurer's total number of personal lines residential policies of all types and classes in the state for the purpose of reducing the insurer's exposure to hurricane claims and may not, with

respect to any county, cancel or nonrenew more than 10 percent of its total number of homeowner's policies, 10 percent of its total number of mobile home owner's policies, or 10 percent of its total number of personal lines residential policies of all types and classes in the county for the purpose of reducing the insurer's exposure to hurricane claims. This subparagraph does not prohibit any cancellations or nonrenewals of such policies for any other lawful reason unrelated to the risk of loss from hurricane exposure.

2.a. If, for any 12-month period, an insurer proposes to cancel or nonrenew personal lines residential policies to an extent not authorized by subparagraph 1. for the purpose of reducing exposure to hurricane claims, the insurer must file a phaseout plan with the department at least 90 days prior to the effective date of the plan. In the plan, the insurer must demonstrate to the department that the insurer is protecting market stability and the interests of its policyholders. The plan may not be implemented unless it is approved by the department. In developing the plan, the insurer must consider policyholder longevity, the use of voluntary incentives to accomplish the reduction, and geographic distribution. The insurer must demonstrate that under the plan the insurer will not cancel or nonrenew more policies in the 12-month period than the largest number of similar policies the insurer canceled or nonrenewed for any reason in any 12-month period between August 24, 1989, and August 24, 1992.

b. If the insurer considers the number of cancellations and nonrenewals under sub-subparagraph a. to be insufficient, the insurer may apply for approval of additional cancellations or nonrenewals on the basis of an unreasonable risk of insolvency. In evaluating a request under this sub-subparagraph, the department shall consider and shall require the insurer to provide information relevant to: the insurer's size, market concentration, and general financial condition; the portion of the insurer's business in this state represented by personal lines residential property insurance; the reasonableness of assumptions with respect to size, frequency, severity, and path of hurricanes; the reinsurance available to the insurer and potential recoveries from the Florida Hurricane Catastrophe Fund; and the extent to which the insurer's assets have been voluntarily transferred by dividend or otherwise from the insurer to its stockholders, parent companies, or affiliated companies since June 1, 1996, or the date on which this section became law, whichever was later. In the implementation of exposure reductions under this sub-subparagraph, the department and the insurer shall consider such factors as policyholder longevity, the use of voluntary incentives to accomplish the exposure reduction, and geographic distribution.

c. A policy shall not be counted as having been canceled or nonrenewed for purposes of this subsection if any of the following apply:

(I) The policy was canceled or nonrenewed for an underwriting reason unrelated to the risk of loss from hurricane exposure, nonpayment of premium, or any other lawful reason that is unrelated to the risk of loss from hurricane exposure. The department shall consider the reason specified in the notice of cancellation or nonrenewal to be the reason for the cancellation or nonrenewal unless the department finds by a preponderance of the evidence that the stated reason was not the insurer's actual reason for the cancellation or nonrenewal.

(II) The cancellation or nonrenewal was initiated by the insured.

(III) The insurer has offered the policyholder replacement or alternative coverage at approved rates, which coverage meets the requirements of the secondary mortgage market.

d. In addition to any other cancellations or nonrenewals subject to the limitations in this subsection, a policy shall be considered as having been canceled or nonrenewed for purposes of this subsection if:

(I) The insurer implements a rate increase under the use-and-file provisions of s. 627.062(2)(a)2., which rate increase exceeds 150 percent of the increase ultimately approved by the department, and, while the rate filing was pending, the policyholder voluntarily canceled or nonrenewed the policy and obtained replacement coverage from another insurer, including the Residential Property and Casualty Joint Underwriting Association; or

(II) The insurer reduces the commission to an agent by more than 25 percent and the agent thereafter places the risk with another insurer, including the Residential Property and Casualty Joint Underwriting Association, or the Florida Windstorm Underwriting Association.

e. The department must approve or disapprove an application for a waiver within 90 days after the department receives the application for waiver.

3. In addition to the cancellations or nonrenewals authorized under this section, an insurer may cancel or nonrenew policies to the extent authorized by an exemption from or waiver of either the moratorium created by chapter 93-401, Laws of Florida, or the moratorium phaseout under former s. 627.7013(2).

4. Notwithstanding any provisions of this section to the contrary, this section does not apply to any insurer that, prior to August 24, 1992, filed notice of such insurer's intent to discontinue writing insurance in this state under s. 624.430, and for which a finding has been made by the department, the Division of Administrative Hearings of the Department of Management Services, or a court that such notice satisfied all requirements of s. 624.430. Nothing in this section shall be construed to authorize an insurer to withdraw from any line of property insurance business for the purpose of reducing exposure to risk of hurricane loss if such withdrawal commenced at any time that the moratorium under chapter 93-401, Laws of Florida, or the moratorium phaseout under this section is in effect.

5. The following actions by an insurer do not constitute cancellations or nonrenewals for purposes of this subsection:

a. The transfer of a risk from one admitted insurer to another admitted insurer, unless the terms of the new or replacement policy place the policyholder in default of a mortgage obligation.

b. An increase in the hurricane deductible applicable to the policy, unless the new deductible places the policyholder in default of a mortgage obligation or the deductible exceeds the limits specified in s. 627.701.

c. Any other lawful change in coverage that does not place the policyholder in default of a mortgage obligation.

d. A cancellation or nonrenewal that is part of the same action as the removal of a policy including windstorm or hurricane coverage from the Residential Property and Casualty Joint Underwriting Association.

6. In order to assure fair and effective enforcement of this subsection, each insurer shall, no later than October 1, 1996, report to the department the policy number of each policy subject to this subsection, arranged by county. The report shall include the policy number for each personal lines residential policy that was in force on June 1, 1996, or the date this section became law, whichever was later. Beginning October 1, 1996, each insurer shall also report, on a monthly basis, all cancellations and nonrenewals of policies included in such policy list and the reasons for the cancellations and nonrenewals.

(c) The department may adopt rules to implement this subsection.

(d) This section shall cease to operate at such time as the department determines that the insured value of all residential properties insured by the Florida Windstorm Underwriting Association and all properties insured by the Residential Property and Casualty Joint Underwriting Association under policies providing wind coverage, combined, has remained below $25 billion for 3 consecutive months, based on exposure data reported to the department by the associations.

(e) This subsection is repealed on June 1, *2004* ~~2001~~.

Section 4. Subsections (1) and (4) of section 624.4072, Florida Statutes, are amended to read:

624.4072 Minority-owned property and casualty insurers; limited exemption for taxation and assessments.—

(1) A minority business that is at least 51 percent owned by minority persons, as defined in s. 288.703(3), initially issued a certificate of authority in this state as an authorized insurer after May 1, 1998, to write property and casualty insurance shall be exempt, for a period not to exceed *10* ~~5~~ years from the date of receiving its certificate of authority, from the following taxes and assessments:

(a) Taxes imposed under ss. 175.101, 185.08, and 624.509;

(b) Assessments by the Florida Residential Property and Casualty Joint Underwriting Association or by the Florida Windstorm Underwriting Association, as provided under s. 627.351, except for emergency assessments collected from policyholders pursuant to s. 627.351(2)(b)2.d.(III) and (6)(b)3.d. Any such insurer shall be a member insurer of the Florida Windstorm Underwriting Association and the Florida Residential Property and Casualty Joint Underwriting Association. The premiums of such insurer shall be included in determining, for the Florida Windstorm Underwriting Association, the aggregate statewide direct written premium for property insurance and in determining, for the Florida Residential Property and Casualty Joint Underwriting Association, the aggregate statewide direct written premium for the subject lines of business for all member insurers.

(4) This section is repealed effective *December 31, 2010* ~~July 1, 2003~~, and the tax and assessment exemptions authorized by this section shall terminate on such date.

Amendment 7 (with title amendment)—On page 1, line 25,

insert:

Section 1. Paragraph (k) is added to subsection (2) of section 373.1961, Florida Statutes, to read:

373.1961 Water production.—

(2) The Legislature finds that, due to a combination of factors, vastly increased demands have been placed on natural supplies of fresh water, and that, absent increased development of alternative water supplies, such demands may increase in the future. The Legislature also finds that potential exists in the state for the production of significant quantities of alternative water supplies, including reclaimed water, and that water production includes the development of alternative water supplies, including reclaimed water, for appropriate uses. It is the intent of the Legislature that utilities develop reclaimed water systems, where reclaimed water is the most appropriate alternative water supply option, to deliver reclaimed water to as many users as possible through the most cost-effective means, and to construct reclaimed water system infrastructure to their owned or operated properties and facilities where they have reclamation capability. It is also the intent of the Legislature that the water management districts which levy ad valorem taxes for water management purposes should share a percentage of those tax revenues with water providers and users, including local governments, water, wastewater, and reuse utilities, municipal, industrial, and agricultural water users, and other public and private water users, to be used to supplement other funding sources in the development of alternative water supplies. The Legislature finds that public moneys or services provided to private entities for such uses constitute public purposes which are in the public interest. In order to further the development and use of alternative water supply systems, including reclaimed water systems, the Legislature provides the following:

(k) The Florida Public Service Commission shall allow entities under its jurisdiction constructing alternative water supply facilities, including but not limited to aquifer storage and recovery wells, to recover the full, prudently incurred cost of such facilities through their rate structure. Every component of an alternative water supply facility constructed by an investor-owned utility shall be recovered in current rates.

And the title is amended as follows:

On page 1, line 2,

after the semicolon insert: amending s. 373.1961, F.S.; allowing certain alternative water supply facilities to recover the cost of such facilities through rate structures;

Rep. Cantens moved the adoption of the amendment, which was adopted.

Under Rule 10.13(b), the bill was referred to the Engrossing Clerk.

Amendment 1 (with title amendment)—
Remove from the bill: Everything after the enacting clause

and insert in lieu thereof:

Section 1. *This act may be cited as the "Aerospace Infrastructure Reinvestment Act."*

Section 2. *The Legislature finds that promoting the growth of the space industry in Florida is a vital component of its overall economic plan and that facilitating additions to aerospace infrastructure will make the state more competitive and promote the retention and growth of space businesses in this state. This act therefore provides for the reinvestment of certain sales tax receipts arising from the presence of the space industry in Florida as a means of providing for that infrastructure growth.*

Section 3. Paragraphs (b) and (e) of subsection (6) of section 212.20, Florida Statutes, are amended to read:

212.20 Funds collected, disposition; additional powers of department; operational expense; refund of taxes adjudicated unconstitutionally collected.—

(6) Distribution of all proceeds under this chapter shall be as follows:

(e) The proceeds of all other taxes and fees imposed pursuant to this chapter shall be distributed as follows:

1. In any fiscal year, the greater of $500 million, minus an amount equal to 4.6 percent of the proceeds of the taxes collected pursuant to chapter 201, or 5 percent of all other taxes and fees imposed pursuant to this chapter shall be deposited in monthly installments into the General Revenue Fund.

2. Two-tenths of one percent shall be transferred to the Solid Waste Management Trust Fund.

3. After the distribution under subparagraphs 1. and 2., 9.653 percent of the amount remitted by a sales tax dealer located within a participating county pursuant to s. 218.61 shall be transferred into the Local Government Half-cent Sales Tax Clearing Trust Fund.

4. After the distribution under subparagraphs 1., 2., and 3., 0.065 percent shall be transferred to the Local Government Half-cent Sales Tax Clearing Trust Fund and distributed pursuant to s. 218.65.

5. For proceeds received after July 1, 2000, and after the distributions under subparagraphs 1., 2., 3., and 4., 2.25 percent of the available proceeds pursuant to this paragraph shall be transferred monthly to the Revenue Sharing Trust Fund for Counties pursuant to s. 218.215.

If the total revenue to be distributed pursuant to this subparagraph is at least as great as the amount due from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000, no municipality shall receive less than the amount due from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000. If the total proceeds to be distributed are less than the amount received in combination from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000, each municipality shall receive an amount proportionate to the amount it was due in state fiscal year 1999-2000.

7. Of the remaining proceeds:

a. Beginning July 1, 2000, and in each fiscal year thereafter, the sum of $29,915,500 shall be divided into as many equal parts as there are counties in the state, and one part shall be distributed to each county. The distribution among the several counties shall begin each fiscal year on or before January 5th and shall continue monthly for a total of 4 months. If a local or special law required that any moneys accruing to a county in fiscal year 1999-2000 under the then-existing provisions of s. 550.135 be paid directly to the district school board, special district, or a municipal government, such payment shall continue until such time that the local or special law is amended or repealed. The state covenants with holders of bonds or other instruments of indebtedness issued by local governments, special districts, or district school boards prior to July 1, 2000, that it is not the intent of this subparagraph to adversely affect the rights of those holders or relieve local governments, special districts, or district school boards of the duty to meet their obligations as a result of previous pledges or assignments or trusts entered into which obligated funds received from the distribution to county governments under then-existing s. 550.135. This distribution specifically is in lieu of funds distributed under s. 550.135 prior to July 1, 2000.

b. The department shall distribute $166,667 monthly pursuant to s. 288.1162 to each applicant that has been certified as a "facility for a new professional sports franchise" or a "facility for a retained professional sports franchise" pursuant to s. 288.1162. Up to $41,667 shall be distributed monthly by the department to each applicant that has been certified as a "facility for a retained spring training franchise" pursuant to s. 288.1162; however, not more than $208,335 may be distributed monthly in the aggregate to all certified facilities for a retained spring training franchise. Distributions shall begin 60 days following such certification and shall continue for not more than 30 years. Nothing contained in this paragraph shall be construed to allow an applicant certified pursuant to s. 288.1162 to receive more in distributions than actually expended by the applicant for the public purposes provided for in s. 288.1162(6). However, a certified applicant is entitled to receive distributions up to the maximum amount allowable and undistributed under this section for additional renovations and improvements to the facility for the franchise without additional certification.

c. Beginning 30 days after notice by the Office of Tourism, Trade, and Economic Development to the Department of Revenue that an applicant has been certified as the professional golf hall of fame pursuant to s. 288.1168 and is open to the public, $166,667 shall be distributed monthly, for up to 300 months, to the applicant.

d. Beginning 30 days after notice by the Office of Tourism, Trade, and Economic Development to the Department of Revenue that the applicant has been certified as the International Game Fish Association World Center facility pursuant to s. 288.1169, and the facility is open to the public, $83,333 shall be distributed monthly, for up to 168 months, to the applicant. This distribution is subject to reduction pursuant to s. 288.1169. A lump sum payment of $999,996 shall be made, after certification and before July 1, 2000.

e. Every dealer conducting business at a fixed location at the Kennedy Space Center or Cape Canaveral Air Station and selling admissions to the Kennedy Space Center or Cape Canaveral Air Station, or any part of either, pursuant to a contract with the National Aeronautics and Space Administration or pursuant to a subcontract thereto, shall file returns each month in accordance with this sub-subparagraph. Each such dealer shall file a separate return each month which reports, separately from any other sales and use taxes due pursuant to this chapter, the sale of admissions to the Kennedy Space Center or Cape Canaveral Air Station or any part thereof or to any event held at either location, together with sales at retail of tangible personal property from such fixed place of business, and the taxes collected with respect to such admissions and sales. All amounts due pursuant to this chapter with respect to such transactions shall be timely remitted to the department. The dealer shall simultaneous file a copy of the return with the Florida Commercial Space Financing Corporation and a copy with the director of the Office of Tourism, Trade, and Economic Development, all of which return copies and information therein shall be subject to the same confidentiality provisions as are applicable to returns and information filed with the department pursuant to s. 213.053. Each month the department shall distribute to the Florida Commercial Space Financing Corporation all such proceeds collected and remitted to the department as shown on the returns required by this sub-subparagraph. The funds distributed to the Florida Commercial Space Financing Corporation shall be used solely for funding aerospace infrastructure as defined in this sub-subparagraph. In the event the department collects any additional amounts pursuant to this chapter with respect to any transactions for which a separate return is required by this sub-subparagraph, the proceeds shall, within 30 days following collection, be distributed by the department to the Florida Commercial Space Financing Corporation for the uses specified in this sub-subparagraph. For purposes of this sub-subparagraph, "aerospace infrastructure" means land, buildings and other improvements, fixtures, machinery, equipment, instruments, and software that will improve the state's capability to support, expand, or attract the launch, construction, processing, refurbishment, or manufacturing of rockets, missiles, capsules, spacecraft, satellites, satellite control facilities, ground support equipment and related tangible personal property, launch vehicles, modules, space stations or components destined for space station operation, and space flight research and development facilities, instruments, and equipment, together with any engineering, permitting, and other expenses directly related to such land, buildings, improvements, fixtures, machinery,

8. All other proceeds shall remain with the General Revenue Fund.

(Amendment Bar Code: 930887)

Amendment 1 (with title amendment)—
Remove from the bill: Everything after the enacting clause

and insert in lieu thereof:

Section 1. Section 827.06, Florida Statutes, is amended to read:

827.06 ~~Persistent~~ Nonsupport *of dependents*.—

(1) The Legislature finds that most noncustodial parents want to support their children and remain connected to their families. The Legislature also finds that while many noncustodial parents lack the financial resources and other skills necessary to provide that support, a small percentage of such parents willfully fail to provide support to their children even when they are aware of the obligation and have the ability to do so pursuant to s. 61.30. The Legislature further finds that existing statutory provisions for civil enforcement of support have not proven sufficiently effective or efficient in gaining adequate support for all children. Recognizing that it is the public policy of this state that children shall be maintained primarily from the resources of their parents, thereby relieving, at least in part, the burden presently borne by the general citizenry through public assistance programs, it is the intent of the Legislature that the criminal penalties provided for in this section are to be pursued in all appropriate cases where exhaustion of appropriate civil enforcement has not resulted in payment.

(2) ~~(1)~~ Any person who, after notice *as specified in subsection (6), and who has been previously adjudged in contempt for failure to comply with a support order, willfully* fails to provide support which he or she *has the ability* ~~is able~~ to provide to *a child* ~~children~~ or *a* spouse whom the person knows he or she is legally obligated to support *commits*~~, and over whom~~

~~no court has jurisdiction in any proceedings for child support or dissolution of marriage, shall be guilty of~~ a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083. *In lieu of any punishment imposed pursuant to s. 775.082 or s. 775.083, any person who is convicted of a violation of this subsection shall be punished:*

(a) By a fine to be paid after restitution for:

1. Not less than $250 nor more than $500 for a first conviction.

2. Not less than $500 nor more than $750 for a second conviction.

3. Not less than $750 nor more than $1,000 for a third conviction; and

(b) By imprisonment for:

1. Not less than 15 days nor more than 1 month for a first conviction.

2. Not less than 1 month nor more than 3 months for a second conviction.

3. Not less than 3 months nor more than 6 months for a third conviction.

(3) Any person who is convicted of a fourth or subsequent violation of subsection (2) or who violates subsection (2) and who has owed to that child or spouse for more than 1 year support in an amount equal to or greater than $5,000 commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(4) Upon a conviction under this section, the court shall order restitution in an amount equal to the total unpaid support obligation as it exists at the time of sentencing.

(5)(a) Evidence that the defendant willfully failed to make sufficient good faith efforts to legally acquire the resources to pay legally ordered support may be sufficient to prove that he or she had the ability to provide support but willfully failed to do so, in violation of this section.

(b) The element of knowledge may be proven by evidence that a court or tribunal as defined by s. 88.1011(22) has entered an order that obligates the defendant to provide the support.

(6) ~~(2)~~ Prior to commencing prosecution under this section, the state attorney must *notify* ~~advise~~ the person responsible for support by certified mail, return receipt requested, that a prosecution under this section will be commenced against him or her unless the person *pays the total unpaid support obligation* ~~makes such delinquent support payments~~ or provides a satisfactory explanation as to why he or she has not made such payments.

Section 2. This act shall take effect October 1, 2001.

The home addresses and telephone numbers of justices of the Supreme Court, district court of appeal judges, circuit court judges, and county court judges; the home addresses, telephone numbers, and places of employment of the spouses and children of justices and judges; and the names and locations of schools and day care facilities attended by the children of justices and judges are exempt from the provisions of subsection (1). The home addresses, telephone numbers, social security numbers, and photographs of current or former state attorneys, assistant state attorneys, statewide prosecutors, or assistant statewide prosecutors; the home addresses, telephone numbers, social security numbers, photographs, and places of employment of the spouses and children of current or former state attorneys, assistant state attorneys, statewide prosecutors, or assistant statewide prosecutors; and the names and locations of schools and day care facilities attended by the children of current or former state attorneys, assistant state attorneys, statewide prosecutors, or assistant statewide prosecutors are exempt from subsection (1) and s. 24(a), Art. I of the State Constitution. ~~The home addresses and home telephone numbers of county and municipal code inspectors and code enforcement officers are confidential and exempt from the provisions of subsection (1) and s. 24(a), Art. I of the State Constitution.~~

2. The home addresses, telephone numbers, social security numbers, and photographs of current or former human resource, labor relations, or employee relations directors, assistant directors, managers, or assistant managers of any local government agency or water management district whose duties include hiring and firing employees, labor contract negotiation, administration, or other personnel-related duties; the names, home addresses, telephone numbers, social security numbers, photographs, and places of employment of the spouses and children of such personnel; and the names and locations of schools and day care facilities attended by the children of such personnel are exempt from subsection (1) and s. 24(a), Art. I of the State Constitution. This subparagraph is subject to the Open Government Sunset Review Act of 1995 in accordance with s. 119.15, and shall stand repealed on October 2, 2006, unless reviewed and saved from repeal through reenactment by the Legislature.

3. The home addresses, telephone numbers, social security numbers, and photographs of current or former code enforcement officers; the names, home addresses, telephone numbers, social security numbers, photographs, and places of employment of the spouses and children of such persons; and the names and locations of schools and day care facilities attended by the children of such persons are exempt from subsection (1) and s. 24(a), Art. 4.~~2.~~ An agency that is the custodian of the personal information specified in subparagraph 1.*, subparagraph 2., or subparagraph 3.* and that is not the employer of the officer, employee, justice, judge, or other person specified in subparagraph 1.*, subparagraph 2., or subparagraph 3.* shall maintain the confidentiality of the personal information only if the officer, employee, justice, judge, other person, or employing agency of the designated employee submits a written request for confidentiality to the custodial agency.

Section 2. *The Legislature finds that the exemption from public records requirements provided by this act for identifying information*

relating to current and former human resource, labor relations, or employee relations directors, assistant directors, managers, or assistant managers of local government agencies or water management districts and their families is justified because, if such information were not confidential, a human resource, labor relations, or employee relations director, assistant director, manager, or assistant manager or such person's family could be harmed or threatened with harm by a current or former employee or a friend or family member of a current or former employee.

Section 3. *The Legislature finds that the exemption from public records requirements provided for by this act for identifying information relating to current and former code enforcement officers and their families is a public necessity. The current exemption of names and addresses has not completely shielded the identities of county and municipal code enforcement officers. The responsibilities of these employees regularly take them into areas of neglect, abuse, and personal danger. Citations issued in response to violations that they encounter often lead to retribution by the offenders. Their personnel files are reviewed on numerous occasions by code violators seeking information relating to the code enforcement officers and their families. The disclosure of this personal information has led to threats, acts of violence, and unwarranted risk to the officers and their families.*

Section 4. This act shall take effect October 1, 2001.

And the title is amended as follows:

On page 1, lines 10 and 11,

—was read the second time by title.

The Committee on Natural Resources & Environmental Protection offered the following:

(Amendment Bar Code: 400573)

Amendment 1 (with title amendment)—
Remove from the bill: Everything after the enacting clause

and insert in lieu thereof:

Section 1. Paragraph (c) of subsection (3) of section 373.4595, Florida Statutes, is amended to read:

373.4595 Lake Okeechobee Protection Program.—

(3) LAKE OKEECHOBEE PROTECTION PROGRAM.—A protection program for Lake Okeechobee that achieves phosphorus load reductions for Lake Okeechobee shall be immediately implemented as specified in this subsection. The program shall address the reduction of phosphorus loading to the lake from both internal and external sources. Phosphorus load reductions shall be achieved through a phased program of implementation. Initial implementation actions shall be technology-based, based upon a consideration of both the availability of appropriate technology and the cost of such technology, and shall include phosphorus reduction measures at both the source and the regional level. The initial phase of phosphorus load reductions shall be based upon the district's Technical Publication 81-2 and the district's WOD program, with subsequent phases of phosphorus load reductions based upon the total maximum daily loads established in accordance with s. 403.067. In the development and administration of the Lake Okeechobee Protection Program, the coordinating agencies shall maximize opportunities provided by federal cost-sharing programs and opportunities for partnerships with the private sector.

(c) Lake Okeechobee Watershed Phosphorus Control Program.—The Lake Okeechobee Watershed Phosphorus Control Program is designed to be a multifaceted approach to reducing phosphorus loads by improving the management of phosphorus sources within the Lake Okeechobee watershed through continued implementation of existing regulations and best management practices, development and implementation of improved best management practices, improvement and restoration of the hydrologic function of natural and managed systems, and utilization of alternative technologies for nutrient reduction. The coordinating agencies shall facilitate the application of federal programs that offer opportunities for water quality treatment, including preservation, restoration, or creation of wetlands on agricultural lands.

1. Agricultural nonpoint source best management practices, developed in accordance with s. 403.067 and designed to achieve the objectives of the Lake Okeechobee Protection Program, shall be implemented on an expedited basis. By March 1, 2001, the coordinating agencies shall develop an interagency agreement pursuant to ss. 373.046 and 373.406(5) that assures the development of best management practices that complement existing regulatory programs and specifies how those best management practices are implemented and verified. The interagency agreement shall address measures to be taken by the coordinating agencies during any best management

practice reevaluation performed pursuant to sub-subparagraph d. The department shall use best professional judgment in making the initial determination of best management practice effectiveness.

a. As provided in s. 403.067(7)(d), by October 1, 2000, the Department of Agriculture and Consumer Services, in consultation with the department, the district, and affected parties, shall initiate rule development for interim measures, best management practices, conservation plans, nutrient management plans, or other measures necessary for Lake Okeechobee phosphorus load reduction. The rule shall include thresholds for requiring conservation and nutrient management plans and criteria for the contents of such plans. Development of agricultural nonpoint source best management practices shall initially focus on those priority basins listed in subparagraph (b)1. The Department of Agriculture and Consumer Services, in consultation with the department, the district, and affected parties, shall conduct an ongoing program for improvement of existing and development of new interim measures or best management practices for the purpose of adoption of such practices by rule.

b. Where agricultural nonpoint source best management practices or interim measures have been adopted by rule of the Department of Agriculture and Consumer Services, the owner or operator of an agricultural nonpoint source addressed by such rule shall either implement interim measures or best management practices or demonstrate compliance with the district's WOD program by conducting monitoring prescribed by the department or the district. Owners or operators of agricultural nonpoint sources who implement interim measures or best management practices adopted by rule of the Department of Agriculture and Consumer Services shall be subject to the provisions of s. 403.067(7). The Department of Agriculture and Consumer Services, in cooperation with the department and the district, shall provide technical and financial assistance for implementation of agricultural best management practices, subject to the availability of funds.

c. The district or department shall conduct monitoring at representative sites to verify the effectiveness of agricultural nonpoint source best management practices.

d. Where water quality problems are detected for agricultural nonpoint sources despite the appropriate implementation of adopted best management practices, the Department of Agriculture and Consumer Services, in consultation with the other coordinating agencies and affected parties, shall institute a reevaluation of the best management practices and make appropriate changes to the rule adopting best management practices.

2. Nonagricultural nonpoint source best management practices, developed in accordance with s. 403.067 and designed to achieve the objectives of the Lake Okeechobee Protection Program, shall be implemented on an expedited basis. By March 1, 2001, the department and the district shall develop an interagency agreement pursuant to ss. 373.046 and 373.406(5) that assures the development of best management practices that complement existing regulatory programs and specifies how those best management practices are implemented and verified. The interagency agreement shall address measures to be taken by the department and the district during any best management practice reevaluation performed pursuant to sub-subparagraph d.

a. The department and the district are directed to work with the University of Florida's Institute of Food and Agricultural Sciences to develop appropriate nutrient application rates for all nonagricultural soil amendments in the watershed. As provided in s. 403.067(7)(c), by January 1, 2001, the department, in consultation with the district and affected parties, shall develop interim measures, best management practices, or other measures necessary for Lake Okeechobee phosphorus load reduction. Development of nonagricultural nonpoint source best management practices shall initially focus on those priority basins listed in subparagraph (b)1. The department, the district, and affected parties shall conduct an ongoing program for improvement of existing and development of new interim measures or best management practices. The district shall adopt technology-based standards under the district's WOD program for nonagricultural nonpoint sources of phosphorus.

b. Where nonagricultural nonpoint source best management practices or interim measures have been developed by the department and adopted by the district, the owner or operator of a nonagricultural nonpoint source shall implement interim measures or best management practices and be subject to the provisions of s. 403.067(7). The department and district shall provide technical and financial assistance for implementation of nonagricultural nonpoint source best management practices, subject to the availability of funds.

c. The district or the department shall conduct monitoring at representative sites to verify the effectiveness of nonagricultural nonpoint source best management practices.

d. Where water quality problems are detected for nonagricultural nonpoint sources despite the appropriate implementation of adopted best management practices, the department and the district shall institute a reevaluation of the best management practices.

3. The provisions of subparagraphs 1. and 2. shall not preclude the department or the district from requiring compliance with water quality standards or with current best management practices requirements set forth in any applicable regulatory program authorized by law for the purpose of protecting water quality. Additionally, subparagraphs 1. and 2. are applicable only to the extent that they do not conflict with any rules promulgated by the department that are necessary to maintain a federally delegated or approved program.

4. Projects which reduce the phosphorus load originating from domestic wastewater systems within the Lake Okeechobee watershed shall be given funding priority in the department's revolving loan program under s. 403.1835. The department shall coordinate and provide assistance to those local governments seeking financial assistance for such priority projects.

5.*(a)* The department shall require all entities disposing of domestic wastewater residuals within the Lake Okeechobee watershed to develop and submit to the department by July 1, 2001, an agricultural use plan that limits applications based upon phosphorus loading. Phosphorus loading originating from these application sites shall not exceed the limits established in the district's WOD program.

(b) Private and government-owned utilities within Monroe, Dade, Broward, Palm Beach, Martin, St. Lucie, Indian River, Okeechobee, Highlands, Hendry and Glades counties that dispose of wastewater residual sludge from utility operations and septic removal by land spreading in the Lake Okeechobee watershed may use a line item on local sewer rates to cover wastewater residual treatment and disposal if such disposal and treatment is done by approved alternative treatment methodology at a facility located within the areas designated by the Governor as rural areas of critical economic concern pursuant to s. 288.0656. This additional line item is an environmental protection disposal fee above the present sewer rate and shall not be considered a part of the present sewer rate to customers, notwithstanding provisions to the contrary in chapter 367. The fee shall be established by the County Commission or their designated assignee in the county in which the alternative method treatment facility is located. Further, for utilities and utility authorities that use the additional line item environmental protection disposal fee, such fee shall not be considered a rate increase under the rules of the Public Service Commission and shall be exempt from such rules. Utilities using the provisions of this section may immediately include in their sewer invoicing the new environmental protection disposal fee. Proceeds from this environmental protection disposal fee shall be used for treatment and disposal of wastewater residuals including any treatment technology that helps reduce the volume of residuals that require final disposal, but such proceeds shall not be used for transportation or shipment costs for disposal or any costs relating to the land application of residuals in the Lake Okeechobee watershed.

6. By July 1, 2001, the Department of Agriculture and Consumer Services shall initiate rulemaking requiring entities within the Lake Okeechobee watershed which land-apply animal manure to develop conservation or nutrient management plans that limit application, based upon phosphorus loading. Such rules may include criteria and

thresholds for the requirement to develop a conservation or nutrient management plan, requirements for plan approval, and recordkeeping requirements.

7. Prior to authorizing a discharge into works of the district, the district shall require responsible parties to demonstrate that proposed changes in land use will not result in increased phosphorus loading over that of existing land uses.

8. The district, the department, or the Department of Agriculture and Consumer Services, as appropriate, shall implement those alternative nutrient reduction technologies determined to be feasible pursuant to subparagraph (d)6.

Section 2. This act shall take effect July 1, 2001.

Representative(s) Byrd offered the following:

(Amendment Bar Code: 615089)

Substitute Amendment 1 (with title amendment)—
Remove from the bill: Everything after the enacting clause

and insert in lieu thereof:

Section 1. Section 768.1325, Florida Statutes, is created to read:

768.1325 Cardiac Arrest Survival Act; immunity from civil liability.—

(1) This section may be cited as the "Cardiac Arrest Survival Act."

(2) As used in this section:

(a) "Perceived medical emergency" means circumstances in which the behavior of an individual leads a reasonable person to believe that the individual is experiencing a life-threatening medical condition that requires an immediate medical response regarding the heart or other cardiopulmonary functioning of the individual.

(b) "Automated external defibrillator device" means a defibrillator device that:

1. Is commercially distributed in accordance with the Federal Food, Drug, and Cosmetic Act.

2. Is capable of recognizing the presence or absence of ventricular fibrillation, and is capable of determining without intervention by the user of the device whether defibrillation should be performed.

3. Upon determining that defibrillation should be performed, is able to deliver an electrical shock to an individual.

(c) "Harm" means damage or loss of any and all types, including, but not limited to, physical, nonphysical, economic, noneconomic, actual, compensatory, consequential, incidental, and punitive damages or losses.

(3) Notwithstanding any other provision of law to the contrary, and except as provided in subsection (4), any person who uses or attempts to use an automated external defibrillator device on a victim of a perceived medical emergency, without objection of the victim of the perceived medical emergency, is immune from civil liability for any harm resulting from the use or attempted use of such device. In addition, any person who acquired the device is immune from such liability, if the harm was not due to the failure of such acquirer of the device to:

(a) Notify the local emergency medical services medical director of the most recent placement of the device within a reasonable period of time after the device was placed;

(b) Properly maintain and test the device; or

(c) Provide appropriate training in the use of the device to an employee or agent of the acquirer when the employee or agent was the person who used the device on the victim, except that such requirement of training does not apply if:

1. The employee or agent was not an employee or agent who would have been reasonably expected to use the device; or

2. The period of time elapsing between the engagement of the person as an employee or agent and the occurrence of the harm, or between the acquisition of the device and the occurrence of the harm in any case in which the device was acquired after engagement of the employee or agent, was not a reasonably sufficient period in which to provide the training.

(4) Immunity under subsection (3) does not apply to a person if:

(a) The harm involved was caused by that person's willful or criminal misconduct, gross negligence, reckless disregard or misconduct, or a conscious, flagrant indifference to the rights or safety of the victim who was harmed;

(b) The person is a licensed or certified health professional who used the automated external defibrillator device while acting within the scope of the license or certification of the professional and within the scope of the employment or agency of the professional;

(c) The person is a hospital, clinic, or other entity whose primary purpose is providing health care directly to patients, and the harm was caused by an employee or agent of the entity who used the device while acting within the scope of the employment or agency of the employee or agent;

(d) The person is an acquirer of the device who leased the device to a health care entity, or who otherwise provided the device to such entity for compensation without selling the device to the entity, and the harm was caused by an employee or agent of the entity who used the device while acting within the scope of the employment or agency of the employee or agent; or

(e) The person is the manufacturer of the device.

(5) This section does not establish any cause of action. This section does not require that an automated external defibrillator device be placed at any building or other location or require an acquirer to make available on its premises one or more employees or agents trained in the use of the device.

Section 2. *Subsection (4) of section 768.13, Florida Statutes, is repealed.*

Section 3. Section 401.2915, Florida Statutes, is amended to read:

401.2915 *Automated* ~~Automatic~~ external defibrillators.—It is the intent of the Legislature that an *automated* ~~automatic~~ external defibrillator may be used by any person for the purpose of saving the life of another person in cardiac arrest. In order to ensure public health and safety:

(1) All persons who ~~have access to or~~ use an *automated* ~~automatic~~ external defibrillator must obtain appropriate training, to include completion of a course in cardiopulmonary resuscitation or successful completion of a basic first aid course that includes cardiopulmonary resuscitation training, and demonstrated proficiency in the use of an *automated* ~~automatic~~ external defibrillator;

(2) Any person or entity in possession of an *automated* ~~automatic~~ external defibrillator is encouraged to register with the local emergency medical services medical director the existence and location of the *automated* ~~automatic~~ external defibrillator; and

(3) Any person who uses an *automated* ~~automatic~~ external defibrillator is required to activate the emergency medical services system as soon as possible upon use of the *automated* ~~automatic~~ external defibrillator.

Section 4. *No later than January 1, 2003, the Secretary of the Department of Health shall adopt rules to establish guidelines on the appropriate placement of automated external defibrillator devices in buildings or portions of buildings owned or leased by the state, and shall establish, by rule, recommendations on procedures for the deployment of automated external defibrillator devices in such buildings in accordance with the guidelines. The Secretary of the Department of Management*

Services shall assist the Secretary of the Department of Health in the development of the guidelines. The guidelines for the placement of the automated external defibrillators shall take into account the typical number of employees and visitors in the buildings, the extent of the need for security measures regarding the buildings, special circumstances in buildings or portions of buildings such as high electrical voltages or extreme heat or cold, and such other factors as the Secretaries determine to be appropriate. The Secretary of the Department of Health's recommendations for deployment of automated external defibrillators in buildings or portions of buildings owned or leased by the state shall include:

(a) A reference list of appropriate training courses in the use of such devices, including the role of cardiopulmonary resuscitation;

(b) The extent to which such devices may be used by laypersons;

(c) Manufacturer recommended maintenance and testing of the devices; and

(d) Coordination with local emergency medical services systems regarding the incidents of use of the devices.

In formulating these guidelines and recommendations, the Secretary may consult with all appropriate public and private entities, including national and local public health organizations that seek to improve the survival rates of individuals who experience cardiac arrest.

Section 5. This act shall take effect October 1, 2001.

And the title is amended as follows:
remove from the title of the bill: the entire title

and insert in lieu thereof: An act relating to automated external defibrillators; creating s. 768.1325, F.S.; creating the Cardiac Arrest Survival Act; providing definitions; providing immunity from liability for certain persons who use automated external defibrillators under certain circumstances; providing exceptions; repealing s. 768.13(4), F.S., relating to the Good Samaritan Act, to delete reference to the use of an automatic external defibrillator in certain emergency situations; amending s. 401.2915, F.S.; revising a provision of law relating to automatic external defibrillators to conform to the act; directing the Department of Health, with assistance from the Department of Management Services, to adopt rules to establish guidelines on the appropriate placement and deployment of automated external defibrillator devices in certain buildings owned or leased by the state; specifying factors to be considered in device placement and deployment; providing an effective date.

WHEREAS, over 700 lives are lost every day to sudden cardiac arrest in the United States alone, and

WHEREAS, two out of every three sudden cardiac deaths occur before a victim can reach a hospital, and

WHEREAS, more than 95 percent of these cardiac arrest victims will die, many because of lack of readily available lifesaving medical equipment, and

WHEREAS, with current medical technology, up to 30 percent of cardiac arrest victims could be saved if victims had access to immediate medical response, including defibrillation and cardiopulmonary resuscitation, and

WHEREAS, once a victim has suffered a cardiac arrest, every minute that passes before returning the heart to a normal rhythm decreases the chances of survival by 10 percent, and

WHEREAS, most cardiac arrests are caused by an abnormal heart rhythm called ventricular fibrillation, which occurs when the heart's electrical system malfunctions, causing a chaotic rhythm that prevents the heart from pumping oxygen to the victim's brain and body, and

WHEREAS, communities that have implemented programs ensuring widespread access to defibrillators, combined with appropriate training, maintenance, and coordination with local emergency medical systems have dramatically improved the survival rates from cardiac arrest, and

WHEREAS, automated external defibrillator devices have been demonstrated to be safe and effective, even when used by laypersons, since the devices are designed not to allow a user to administer a shock until after the device has analyzed a victim's heart rhythm and determined that an electric shock is required, and

WHEREAS, increased public awareness regarding automated external defibrillator devices will greatly facilitate their adoption, and

WHEREAS, limiting the liability of users and acquirers of automated external defibrillator devices in emergency situations may encourage the use of the devices, and result in saved lives, NOW, THEREFORE,

Rep. Byrd moved the adoption of the substitute amendment, which was adopted.

Section 2. Paragraph (a) of subsection (6) of section 627.410, Florida Statutes, is amended, and paragraph (f) is added to subsection (7) of said section, to read:

627.410 Filing, approval of forms.—

(6)(a) An insurer shall not deliver or issue for delivery or renew in this state any health insurance policy form until it has filed with the department a copy of every applicable rating manual, rating schedule, change in rating manual, and change in rating schedule; if rating manuals and rating schedules are not applicable, the insurer must file with the department applicable premium rates and any change in applicable premium rates. *This paragraph does not apply to group health insurance policies insuring groups of 51 or more persons, except for Medicare supplement insurance, long-term care insurance, and any coverage under which the increase in claims costs over the lifetime of the contract due to advancing age or duration is prefunded in the premium.*

(7)

(f) Insurers with fewer than 1,000 nationwide policyholders or insured group members or subscribers covered under any form or pooled group of forms with health insurance coverage, as described in s. 627.6561(5)(a)2., excluding Medicare supplement insurance coverage under part VIII, at the time of a rate filing made pursuant to subparagraph (b)1., may file for an annual rate increase limited to medical trend as adopted by the department pursuant to s. 627.411(5). The filing is in lieu of the actuarial memorandum required for a rate filing prescribed by paragraph (6)(b). The filing must include forms adopted by the department and a certification by an officer of the company that the filing includes all similar forms.

Section 3. Paragraph (e) of subsection (1) of section 627.411, Florida Statutes, is amended to read:

627.411 Grounds for disapproval.—

(1) The department shall disapprove any form filed under s. 627.410, or withdraw any previous approval thereof, only if the form:

(e) Is for health insurance, and*:*

1. Provides benefits *that* ~~which~~ are unreasonable in relation to the premium charged*;*~~,~~

2. Contains provisions *that* ~~which~~ are unfair or inequitable or contrary to the public policy of this state or *that* ~~which~~ encourage misrepresentation*;*~~,~~ or

3. Contains provisions that ~~which~~ apply rating practices *that* ~~which result in premium escalations that are not viable for the policyholder market or~~ result in unfair discrimination *pursuant to s. 626.9541(1)(g)2.;* ~~in sales practices~~.

Section 4. Subsection (9) is added to section 627.6515, Florida Statutes, to read:

627.6515 Out-of-state groups.—

(9) For purposes of this section, any insurer that issues any group health insurance policy or group certificate for health insurance to a resident of this state and requires individual underwriting to determine coverage eligibility or premium rates to be charged shall combine the experience of all association-based group policies or association-based group certificates which are substantially similar with respect to type and level of benefits and marketing method issued in this state after the policy form has been in force for a period of 5 years to calculate uniform percentage rate increases. For purposes of this section, policy forms that have different cost-sharing arrangements or different riders are considered to be different policy forms. Nothing in this subsection shall be construed to require uniform rates for policies or certificates after their fifth duration, it being the intent and purpose of this law to require uniform percentage rate increases for such policies or certificates. Furthermore, nothing in this subsection shall be construed to eliminate changes in rates by age for attained age policies or certificates. The provisions of this subsection shall apply to policies or certificates issued after July 1, 2001. For purposes of this subsection, a group health policy or group certificate for health insurance means any hospital or medical policy or certificate, hospital or medical service plan contract, or health maintenance organization subscriber contract. The term does not include accident-only, specified disease, individual hospital indemnity, credit, dental-only, vision-only, Medicare supplement, long-term care, or disability income insurance; similar supplemental plans provided under a separate policy, certificate, or contract of insurance, which cannot duplicate coverage under an underlying health plan and are specifically designed to fill gaps in the underlying health plan, coinsurance, or deductibles; coverage issued as a supplement to liability insurance; workers' compensation or similar insurance; or automobile medical-payment insurance.

Section 5. Paragraph (n) of subsection (3) and paragraph (b) of subsection (6) of section 627.6699, Florida Statutes, are amended to read:

627.6699 Employee Health Care Access Act.—

(3) DEFINITIONS.—As used in this section, the term:

(n) "Modified community rating" means a method used to develop carrier premiums which spreads financial risk across a large population; allows the use of separate rating factors for age, gender, family composition, tobacco usage, and geographic area as determined under paragraph (5)(j); and allows adjustments for~~: claims experience, health status, or duration of coverage as permitted under subparagraph (6)(b)5.; and~~ administrative and acquisition expenses as permitted under subparagraph (6)(b)5. *A carrier may separate the experience of small employer groups with less than 2 eligible employees from the experience of small employer groups with 2 through 50 eligible employees.*

(6) RESTRICTIONS RELATING TO PREMIUM RATES.—

(b) For all small employer health benefit plans that are subject to this section and are issued by small employer carriers on or after January 1, 1994, premium rates for health benefit plans subject to this section are subject to the following:

1. Small employer carriers must use a modified community rating methodology in which the premium for each small employer must be determined solely on the basis of the eligible employee's and eligible

dependent's gender, age, family composition, tobacco use, or geographic area as determined under paragraph (5)(j) and in which the premium may be adjusted as permitted by subparagraphs *6.* ~~5.~~ and *7.* ~~6.~~

2. Rating factors related to age, gender, family composition, tobacco use, or geographic location may be developed by each carrier to reflect the carrier's experience. The factors used by carriers are subject to department review and approval.

3. If the modified community rate is determined from two experience pools as authorized by paragraph (3)(n), the rate to be charged to small employer groups of less than 2 eligible employees may not exceed 150 percent of the rate determined for groups of 2 through 50 eligible employees; however, the carrier may charge excess losses of the less than 2 eligible employee experience pool to the experience pool of the 2 through 50 eligible employees so that all losses are allocated and the 150-percent rate limit on the less than 2 eligible employee experience pool is maintained.

4.~~3.~~ Small employer carriers may not modify the rate for a small employer for 12 months from the initial issue date or renewal date, unless the composition of the group changes or benefits are changed. However, a small employer carrier may modify the rate one time prior to 12 months after the initial issue date for a small employer who enrolls under a previously issued group policy that has a common anniversary date for all employers covered under the policy if:

a. The carrier discloses to the employer in a clear and conspicuous manner the date of the first renewal and the fact that the premium may increase on or after that date.

b. The insurer demonstrates to the department that efficiencies in administration are achieved and reflected in the rates charged to small employers covered under the policy.

5.~~4.~~ A carrier may issue a group health insurance policy to a small employer health alliance or other group association with rates that reflect a premium credit for expense savings attributable to administrative activities being performed by the alliance or group association if such expense savings are specifically documented in the insurer's rate filing and are approved by the department. Any such credit may not be based on different morbidity assumptions or on any other factor related to the health status or claims experience of any person covered under the policy. Nothing in this subparagraph exempts an alliance or group association from licensure for any activities that require licensure under the insurance code. A carrier issuing a group health insurance policy to a small employer health alliance or other group association shall allow any properly licensed and appointed agent of that carrier to market and sell the small employer health alliance or other group association policy. Such agent shall be paid the usual and customary commission paid to any agent selling the policy.

6.~~5.~~ Any adjustments in rates for claims experience, health status, or duration of coverage may not be charged to individual employees or dependents. For a small employer's policy, such adjustments may not result in a rate for the small employer which deviates more than 15 percent from the carrier's approved rate. Any such adjustment must be applied uniformly to the rates charged for all employees and dependents of the small employer. A small employer carrier may make an adjustment to a small employer's renewal premium, not to exceed 10 percent annually, due to the claims experience, health status, or duration of coverage of the employees or dependents of the small employer. Semiannually, small group carriers shall report information on forms adopted by rule by the department, to enable the department to monitor the relationship of aggregate adjusted premiums actually charged policyholders by each carrier to the premiums that would have been charged by application of the carrier's approved modified community rates. If the aggregate resulting from the application of such adjustment exceeds the premium that would have been charged by application of the approved modified community rate by 5 percent for the current reporting period, the carrier shall limit the application of such adjustments only to minus adjustments beginning not more than 60 days after the report is sent to the department. For any subsequent reporting period, if the total aggregate adjusted premium actually charged does not exceed the premium that would have been charged by application of the approved modified community rate by 5 percent, the carrier may apply both plus and minus adjustments. A small employer carrier may provide a credit to a small employer's premium based on administrative and acquisition expense differences resulting from the size of the group. Group size administrative and acquisition expense factors may be developed by each carrier to reflect the carrier's experience and are subject to department review and approval.

7.~~6.~~ A small employer carrier rating methodology may include separate rating categories for one dependent child, for two dependent children, and for three or more dependent children for family coverage of employees having a spouse and dependent children or employees having dependent children only. A small employer carrier may have fewer, but not greater, numbers of categories for dependent children than those specified in this subparagraph.

8.~~7.~~ Small employer carriers may not use a composite rating methodology to rate a small employer with fewer than 10 employees. For the purposes of this subparagraph, a "composite rating methodology" means a rating methodology that averages the impact of the rating factors for age and gender in the premiums charged to all of the employees of a small employer.

Section 6. Section 627.9408, Florida Statutes, is amended to read:

627.9408 Rules.—

(1) The department *may* ~~has authority to~~ adopt rules pursuant to ss. 120.536(1) and 120.54 to *administer* ~~implement the provisions of~~ this part.

(2) The department may adopt by rule the provisions of the Long-Term Care Insurance Model Regulation adopted by the National Association of Insurance Commissioners in the second quarter of the year 2000 which are not in conflict with the Florida Insurance Code.

Section 7. Paragraph (b) of subsection (3) of section 641.31, Florida Statutes, is amended, and paragraph (f) is added to said subsection, to read:

641.31 Health maintenance contracts.—

(3)

(b) Any change in the rate is subject to paragraph (d) and requires at least 30 days' advance written notice to the subscriber. In the case of a group member, there may be a contractual agreement with the health maintenance organization to have the employer provide the required notice to the individual members of the group. *This paragraph does not apply to a group contract covering 51 or more persons unless the rate is for any coverage under which the increase in claim costs over the lifetime of the contract due to advancing age or duration is prefunded in the premium.*

(f) A health maintenance organization with fewer than 1,000 covered subscribers under all individual or group contracts, at the time of a rate filing, may file for an annual rate increase limited to annual medical trend, as adopted by the department. The filing is in lieu of the actuarial memorandum otherwise required for the rate filing. The filing must include forms adopted by the department and a certification by an officer of the company that the filing includes all similar forms.

Section 8. Paragraphs (a) and (b) of subsection (1) of section 641.3155, Florida Statutes, are amended to read:

641.3155 Payment of claims.—

(1)(a) As used in this section, the term "clean claim" for a noninstitutional provider means a claim submitted on a HCFA 1500 form which has no defect or impropriety, including lack of required substantiating documentation for noncontracted providers and suppliers, or particular circumstances requiring special treatment which prevent timely payment from being made on the claim. A claim may not be considered not clean solely because a health maintenance organization refers the claim to a medical specialist within the health

maintenance organization for examination. If additional substantiating documentation, such as the medical record or encounter data, is required from a source outside the health maintenance organization, the claim is considered not clean. *This paragraph does not apply to claims which include potential coordination of benefits for third-party liability or subrogation, as evidenced by the information provided on the claim form related to coordination of benefits.* This definition of "clean claim" is repealed on the effective date of rules adopted by the department which define the term "clean claim."

(b) Absent a written definition that is agreed upon through contract, the term "clean claim" for an institutional claim is a properly and accurately completed paper or electronic billing instrument that consists of the UB-92 data set or its successor with entries stated as mandatory by the National Uniform Billing Committee. *This paragraph does not apply to claims which include potential coordination of benefits for third-party liability or subrogation, as evidenced by the information provided on the claim form related to coordination of benefits.*

Section 9. *Health flex plans.—*

(1) INTENT.—The Legislature finds that a significant portion of the residents of this state are not able to obtain affordable health insurance coverage. Therefore, it is the intent of the Legislature to expand the availability of health care options for lower income uninsured state residents by encouraging health insurers, health maintenance organizations, health care provider sponsored organizations, local governments, health care districts, or other public or private community-based organizations to develop alternative approaches to traditional health insurance which emphasize coverage for basic and preventive health care services. To the maximum extent possible, such options should be coordinated with existing governmental or community-based health services programs in a manner that is consistent with the objectives and requirements of such programs.

(2) DEFINITIONS.—As used in this section:

(a) "Agency" means the Agency for Health Care Administration.

(b) "Approved plan" means a health flex plan approved under subsection (3) which guarantees payment by the health plan entity for specified health care services provided to the enrollee.

(c) "Enrollee" means an individual who has been determined eligible for and is receiving health benefits under a health flex plan approved under this section.

(d) "Health care coverage" means payment for health care services covered as benefits under an approved plan or that otherwise provides, either directly or through arrangements with other persons, covered health care services on a prepaid per-capita basis or on a prepaid aggregate fixed-sum basis.

(e) "Health plan entity" means a health insurer, health maintenance organization, health care provider sponsored organization, local government, health care districts, or other public or private community-based organization that develops and implements an approved plan and is responsible for financing and paying all claims by enrollees of the plan.

(3) PILOT PROGRAM.—The agency and the Department of Insurance shall jointly approve or disapprove health flex plans which provide health care coverage for eligible participants residing in the three areas of the state having the highest number of uninsured residents as determined by the agency. A plan may limit or exclude benefits otherwise required by law for insurers offering coverage in this state, cap the total amount of claims paid in 1 year per enrollee, or limit the number of enrollees covered. The agency and the Department of Insurance shall not approve or shall withdraw approval of a plan which:

(a) Contains any ambiguous, inconsistent, or misleading provisions, or exceptions or conditions that deceptively affect or limit the benefits purported to be assumed in the general coverage provided by the plan;

(b) Provides benefits that are unreasonable in relation to the premium charged, contains provisions that are unfair or inequitable or contrary to the public policy of this state or that encourage misrepresentation, or result in unfair discrimination in sales practices; or

(c) Cannot demonstrate that the plan is financially sound and the applicant has the ability to underwrite or finance the benefits provided.

(4) LICENSE NOT REQUIRED.—A health flex plan approved under this section shall not be subject to the licensing requirements of the Florida Insurance Code or chapter 641, Florida Statutes, relating to health maintenance organizations, unless expressly made applicable. However, for the purposes of prohibiting unfair trade practices, health flex plans shall be considered insurance subject to the applicable provisions of part IX of chapter 626, Florida Statutes, except as otherwise provided in this section.

(5) ELIGIBILITY.—Eligibility to enroll in an approved health flex plan is limited to residents of this state who:

(a) Are 64 years of age or younger;

(b) Have a family income equal to or less than 200 percent of the federal poverty level;

(c) Are not covered by a private insurance policy and are not eligible for coverage through a public health insurance program such as Medicare or Medicaid, or other public health care program, including, but not limited to, Kidcare, and have not been covered at any time during the past 6 months; and

(d) Have applied for health care benefits through an approved health flex plan and agree to make any payments required for participation, including, but not limited to, periodic payments and payments due at the time health care services are provided.

(6) RECORDS.—Every health flex plan provider shall maintain reasonable records of its loss, expense, and claims experience and shall make such records reasonably available to enable the agency and the Department of Insurance to monitor and determine the financial viability of the plan, as necessary.

(7) NOTICE.—The denial of coverage by the health plan entity shall be accompanied by the specific reasons for denial, nonrenewal, or cancellation. Notice of nonrenewal or cancellation shall be provided at least 45 days in advance of such nonrenewal or cancellation except that 10 days' written notice shall be given for cancellation due to nonpayment of premiums. If the health plan entity fails to give the required notice, the plan shall remain in effect until notice is appropriately given.

(8) NONENTITLEMENT.—Coverage under an approved health flex plan is not an entitlement and no cause of action shall arise against the state, local governmental entity, or other political subdivision of this state or the agency for failure to make coverage available to eligible persons under this section.

(9) CIVIL ACTIONS.—In addition to an administrative action initiated under subsection (4), the agency may seek any remedy provided by law, including, but not limited to, the remedies provided in s. 812.035, Florida Statutes, if the agency finds that a health plan entity has engaged in any act resulting in injury to an enrollee covered by a plan approved under this section.

Section 10. *The Legislature finds that the affordability and availability of health insurance is one of the most important and complex issues in this state and that coverage issued to a state resident under group health insurance policies issued outside the state is an important factor in meeting the needs of the citizens of this state. The Legislature also finds that it is important to ensure that those policies are adequately regulated in order to maintain the quality of the coverage offered to citizens of this state. Therefore, the Workgroup on Out of State Group Policies is hereby created to study the regulatory environment in which these policies are now offered and recommend any statutory changes that may be necessary to maintain the quality of the insurance offered in this state. There shall be four members from the House of Representatives appointed by the Speaker of the House of Representatives and four members from the Senate appointed by the President of the Senate. The group shall begin its meetings by July 1, 2001, and complete its meetings*

by November 15, 2001. Recommendations for suggested legislation shall be delivered to the Speaker of the House of Representatives and the President of the Senate by December 15, 2001. At its first meeting, the group shall elect a chair from among its members.

Section 11. This act shall take effect July 1, 2001.

Rep. Berfield moved the adoption of the amendment.

On motion by Rep. Harrell, under Rule 12.2(c), the following late-filed amendment to the amendment was considered.

Representative(s) Harrell offered the following:

(Amendment Bar Code: 942283)

Amendment 1 to Amendment 4 (with title amendment)—On page 1, between lines 17 and 18,

insert:

Section 2. Paragraphs (b) and (f) of subsection (4), and paragraph (b) of subsection (5) and paragraph (a) of subsection (7) of section 627.736, Florida Statutes, are amended to read:

627.736 Required personal injury protection benefits; exclusions; priority; claims.—

(4) BENEFITS; WHEN DUE.—Benefits due from an insurer under ss. 627.730-627.7405 shall be primary, except that benefits received under any workers' compensation law shall be credited against the benefits provided by subsection (1) and shall be due and payable as loss accrues, upon receipt of reasonable proof of such loss and the amount of expenses and loss incurred which are covered by the policy issued under ss. 627.730-627.7405. When the Agency for Health Care Administration provides, pays, or becomes liable for medical assistance under the Medicaid program related to injury, sickness, disease, or death arising out of the ownership, maintenance, or use of a motor vehicle, benefits under ss. 627.730-627.7405 shall be subject to the provisions of the Medicaid program.

(b) Personal injury protection insurance benefits paid pursuant to this section shall be overdue if not paid within 30 days after the insurer is furnished written notice of the fact of a covered loss and of the amount of same. If such written notice is not furnished to the insurer as to the entire claim, any partial amount supported by written notice is overdue if not paid within 30 days after such written notice is furnished to the insurer. Any part or all of the remainder of the claim that is subsequently supported by written notice is overdue if not paid within 30 days after such written notice is furnished to the insurer. However, any payment shall not be deemed overdue when the insurer has reasonable proof to establish that the insurer is not responsible for the payment that written notice has been furnished to the insurer. For the purpose of calculating the extent to which any benefits are overdue, payment shall be treated as being made on the date a draft or other valid instrument which is equivalent to payment was placed in the United States mail in a properly addressed, postpaid envelope or, if not so posted, on the date of delivery. *This paragraph does not preclude or limit the ability of the insurer to assert that the claim was unrelated, was not medically necessary, or was unreasonable or that the amount of the charge was in excess of that permitted under, or in violation of, subsection (5). Such assertion by the insurer may be made at any time, including after payment of the claim or after the 30-day time period for payment set forth in this paragraph.*

~~(f) Medical payments insurance, if available in a policy of motor vehicle insurance, shall pay the portion of any claim for personal injury protection medical benefits which is otherwise covered but is not payable due to the coinsurance provision of paragraph (1)(a), regardless of whether the full amount of personal injury protection coverage has been exhausted. The benefits shall not be payable for the amount of any deductible which has been selected.~~

(5) CHARGES FOR TREATMENT OF INJURED PERSONS.—

(b) With respect to any treatment or service, other than medical services billed by a hospital *or other provider* for *emergency* services *as defined in s. 395.002 or inpatient services* rendered at a hospital-owned facility, the statement of charges must be furnished to the insurer by the provider and may not include, and the insurer is not required to pay, charges for treatment or services rendered more than *35* ~~30~~ days before the postmark date of the statement, except for past due amounts previously billed on a timely basis under this paragraph, and except that, if the provider submits to the insurer a notice of initiation of treatment within 21 days after its first examination or treatment of the claimant, the statement may include charges for treatment or services rendered up to, but not more than, *75* ~~60~~ days before the postmark date of the statement. The injured party is not liable for, and the provider shall not bill the injured party for, charges that are unpaid because of the provider's failure to comply with this paragraph. Any agreement requiring the injured person or insured to pay for such charges is unenforceable. *If, however, the insured fails to furnish the provider with the correct name and address of the insured's personal injury protection insurer, the provider has 35 days from the date the provider obtains the correct information to furnish the insurer with a statement of the charges. The insurer is not required to pay for such charges, unless the provider includes with the statement documentary evidence that was provided by the insured during the 35-day period demonstrating that the provider reasonably relied on erroneous information from the insured and either:*

1. A denial letter from the incorrect insurer; or

2. Proof of mailing, which may include an affidavit under penalty of perjury, reflecting timely mailing to the incorrect address or insurer. For emergency services and care as defined in s. 395.002 rendered in a hospital emergency department or for transport and treatment rendered by an ambulance provider licensed pursuant to part III of chapter 401, the provider is not required to furnish the statement of charges within the time periods established by this paragraph; and the insurer shall not be considered to have been furnished with notice of the amount of covered loss for purposes of paragraph (4)(b) until it receives a

statement complying with paragraph *(e)* ~~(5)(d)~~, or copy thereof, which specifically identifies the place of service to be a hospital emergency department or an ambulance in accordance with billing standards recognized by the Health Care Finance Administration. Each notice of insured's rights under s. 627.7401 must include the following statement in type no smaller than 12 points:

BILLING REQUIREMENTS.—Florida Statutes provide that with respect to any treatment or services, other than certain hospital and emergency services, the statement of charges furnished to the insurer by the provider may not include, and the insurer and the injured party are not required to pay, charges for treatment or services rendered more than *35* ~~30~~ days before the postmark date of the statement, except for past due amounts previously billed on a timely basis, and except that, if the provider submits to the insurer a notice of initiation of treatment within 21 days after its first examination or treatment of the claimant, the statement may include charges for treatment or services rendered up to, but not more than, *75* ~~60~~ days before the postmark date of the statement.

(7) MENTAL AND PHYSICAL EXAMINATION OF INJURED PERSON; REPORTS.—

(a) Whenever the mental or physical condition of an injured person covered by personal injury protection is material to any claim that has been or may be made for past or future personal injury protection insurance benefits, such person shall, upon the request of an insurer, submit to mental or physical examination by a physician or physicians. The costs of any examinations requested by an insurer shall be borne entirely by the insurer. Such examination shall be conducted within the municipality where the insured is receiving treatment, or in a location reasonably accessible to the insured, which, for purposes of this paragraph, means any location within the municipality in which the insured resides, or any location within 10 miles by road of the insured's residence, provided such location is within the county in which the insured resides. If the examination is to be conducted in a location reasonably accessible to the insured, and if there is no qualified physician to conduct the examination in a location reasonably accessible to the insured, then such examination shall be conducted in an area of the closest proximity to the insured's residence. Personal protection insurers are authorized to include reasonable provisions in personal injury protection insurance policies for mental and physical examination of those claiming personal injury protection insurance benefits. An insurer may not withdraw payment of a treating physician without the consent of the injured person covered by the personal injury protection, unless the insurer first obtains a *valid* report by a physician licensed under the same chapter as the treating physician whose treatment authorization is sought to be withdrawn, stating that treatment was not reasonable, related, or necessary. *A valid report is one prepared and signed by the physician examining the injured person or reviewing the treatment records of the injured person and is factually supported by the examination or treatment records, if reviewed, and which has not been modified by anyone other than the physician. The physician preparing the report must be in active practice, unless the physician is physically disabled. Active practice means that during the 3 years immediately preceding the date of the physical examination or review of the treatment record, the physician devoted professional time to the active clinical practice of evaluation, diagnosis, or treatment of medical conditions; or the instruction of students in an accredited health professional school or accredited residency, or at a clinical research program or a clinical research program affiliated with an accredited health professional school or teaching hospital, or a clinical research program affiliated with an accredited health professional school or accredited residency, or clinical research program.*

That portion of the premium tax credits allocated to the certified capital company shall be forfeited. *The department may levy a fine of not more than $50,000 on any certified investor that does not invest the full amount of certified capital allocated by the department to such investor in accordance with the affidavit filed on its behalf.* If the office must make a pro rata allocation under paragraph (f), the office shall reallocate such available credits among the other certified capital companies on the same pro rata basis as the initial allocation.

A/B = X/$250,000,000
~~A/B = X/$150,000,000~~

where the letter "A" represents the total amount of certified capital certified investors have agreed to invest in any one certified capital company *under Program Two*, the letter "B" represents the aggregate amount of certified capital that all certified investors have agreed to invest in all certified capital companies *under Program Two*, the letter "X" is the numerator and represents the total amount of premium tax credits and certified capital that may be allocated to a certified capital company *on April 1, 2002* ~~in calendar year 1999~~, and *$250* ~~$150~~ million is the denominator and represents the total amount of premium tax credits and certified capital that may be allocated to all certified investors in calendar year *2002* ~~1999~~. The audit shall determine whether aggregate cumulative distributions from the *funds related to a particular program made by the* certified capital company to all certified investors and equity holders *under such program*, other than qualified distributions, have equaled the sum of the certified capital company's original certified capital *raised under such program* and any additional capital contributions to the certified capital company *with respect to such program*. If at the time of any such distribution made by the certified capital company, such distribution taken together with all other such distributions *from the funds related to such program* made by the certified capital company, other than qualified distributions, exceeds in the aggregate the sum of the certified capital company's original certified capital *raised under such program* and any additional capital contributions to the certified capital company *with respect to such program*, as determined by the audit, the certified capital company shall pay to the Department of Revenue 10 percent of the portion of such distribution in excess of such amount. Section 1. Section 280.02, Florida Statutes, is amended to read:

280.02 Definitions.—As used in this chapter, the term:

(1) "Affiliate" means an entity that is related through a parent corporation's controlling interest. The term also includes any financial institution holding company or any subsidiary or service corporation of such holding company.

(2) "Alternative participation agreement" means an agreement of restrictions that a qualified public depository completes as an alternative to immediately withdrawing from the public deposits program due to financial condition.

(3)~~(2)~~ "Average daily balance" means the average daily balance of public deposits held during the reported month. The average daily balance must be determined by totaling, by account, the daily balances held by the depositor and then dividing the total by the number of calendar days in the month. Deposit insurance is then deducted from each account balance and the resulting amounts are totaled to obtain the average daily balance.

(4)~~(3)~~ "Average monthly balance" means the average monthly balance of public deposits held, before deducting deposit insurance, by the depository during any 12 calendar months. The average monthly balance of the previous 12 calendar months must be determined by adding the average daily balance before deducting deposit insurance for the reported month and the average daily balances before deducting deposit insurance for the 11 months preceding that month and dividing the total by 12.

(5)~~(4)~~ "Book-entry form" means that securities are not represented by a paper certificate but represented by an account entry on the records of a depository trust clearing system or, in the case of United States Government securities, a Federal Reserve Bank.

(6)~~(5)~~ "Capital account" means total equity capital, as defined on the balance-sheet portion of the Consolidated Reports of Condition and Income (call report) or the Thrift Financial Report, less intangible assets, as submitted to the regulatory banking authority.

(7)~~(6)~~ "Collateral-pledging level," for qualified public depositories, means the percentage of collateral required to be pledged as provided in s. 280.04 by a financial institution.

(8)~~(7)~~ "Current month" means the month immediately following the month for which the monthly report is due from qualified public depositories.

(9)~~(8)~~ "Custodian" means the Treasurer or any bank, savings association, or trust company that:

(a) Is organized and existing under the laws of this state, any other state, or the United States;

(b) Has executed all forms required under this chapter or any rule adopted hereunder;

(c) Agrees to be subject to the jurisdiction of the courts of this state, or of courts of the United States which are located within this state, for the purpose of any litigation arising out of this chapter; and

(d) Has been approved by the Treasurer to act as a custodian.

(10)~~(9)~~ "Default or insolvency" includes, without limitation, the failure or refusal of a qualified public depository to pay any check or warrant drawn upon sufficient and collected funds by any public depositor or to return any deposit on demand or at maturity together with interest as agreed; the issuance of an order by any supervisory authority restraining such depository from making payments of deposit liabilities; or the appointment of a receiver for such depository.

(11)~~(10)~~ "Effective date of notice of withdrawal or order of discontinuance" pursuant to s. 280.11(3) means that date which is set out as such in any notice of withdrawal or order of discontinuance from the Treasurer.

(12)~~(11)~~ "Eligible collateral" means securities, *Federal Home Loan Bank letters of credit, and cash,* as designated in s. 280.13.

(13)~~(12)~~ "Financial institution" means, including, but not limited to, an association, bank, brokerage firm, credit union, industrial savings bank, savings and loan association, trust company, or other type of financial institution organized under the laws of this state or any other state of the United States and doing business in this state or any other state, in the general nature of the business conducted by banks and savings associations.

(14)~~(13)~~ "Governmental unit" means the state or any county, school district, community college district, special district, metropolitan

(16) "Market value" means the value of collateral calculated pursuant to s. 280.04.

(17)~~(15)~~ "Operating subsidiary" means the qualified public depository's 100-percent owned corporation that has ownership of pledged collateral. The operating subsidiary may have no powers beyond those that its parent qualified public depository may itself exercise. The use of an operating subsidiary is at the discretion of the qualified public depository and must meet the Treasurer's requirements.

(18) "Oversight board" means the qualified public depository oversight board created in s. 280.071 for the purpose of safeguarding the integrity of the public deposits program and preventing the realization of loss assessments through standards, policies, and recommendations for actions to the Treasurer.

(19)~~(16)~~ "Pledged collateral" means securities or cash held separately and distinctly by an eligible custodian for the benefit of the Treasurer to be used as security for Florida public deposits. This includes maturity and call proceeds.

This includes, but is not limited to, time deposit accounts, demand deposit accounts, and nonnegotiable certificates of deposit. Moneys in deposit notes and in other nondeposit accounts such as repurchase or reverse repurchase operations are not public deposits. Securities, mutual funds, and similar types of investments are not considered public deposits and shall not be subject to the provisions of this chapter.

(24)~~(21)~~ "Public depositor" means the Treasurer or other chief financial officer or designee responsible for handling public deposits.

(25)~~(22)~~ "Public deposits program" means the *Florida Security for Public Deposits Act contained in* ~~administration of~~ this chapter *and any rule adopted under this chapter* ~~by or on behalf of the Treasurer~~.

(e) Any policy of insurance on the decedent's life maintained pursuant to a court order.

373.1502 Regulation of comprehensive plan project components.—

(1) SHORT TITLE.—This section may be cited as the "Comprehensive Everglades Restoration Plan Regulation Act."

(2) FINDINGS; INTENT.—

(a) The Legislature finds that implementation of the comprehensive plan, as defined in s. 373.470(2)(a), is in the public interest and is necessary for restoring, preserving, and protecting the South Florida ecosystem, providing for the protection of water quality in and the reduction of the loss of fresh water from the Everglades, and providing such features as are necessary to meet the other water-related needs of the region, including flood control, the enhancement of water supplies, and other objectives served by the project.

(b) The Legislature intends to provide efficient and effective permitting of project components, taking into account all other statutory responsibilities the department and the South Florida Water Management District are required to consider.

(3) REGULATION OF COMPREHENSIVE PLAN STRUCTURES AND FACILITIES.—

(a) This subsection applies to all project components, as defined in s. 373.1501, identified in the comprehensive plan unless the project component is otherwise subject to s. 373.4592, s. 373.4595, or the department's rules on reuse of reclaimed water. Permits issued under this subsection are in lieu of all other permits required under this chapter or chapter 403, except for permits issued under any delegated or approved federal program.

(b) The department shall issue a permit for a term of 5 years for the construction, operation, modification, or maintenance of a project component based on the criteria set forth in this section. If the department is the entity responsible for the construction, operation, modification, or maintenance of any individual project component, the district shall issue a permit for a term of 5 years based on the criteria set forth in this section. The permit application must provide reasonable assurances that:

1. The project component will achieve the design objectives set forth in the detailed design documents submitted as part of the application.

2. State water quality standards will be met to the maximum extent practicable. Under no circumstances shall the project component cause or contribute to violation of state water quality standards.

3. Discharges from the project component will not pose a serious danger to public health, safety, or welfare.

4. Any impacts to wetlands or threatened or endangered species resulting from implementation of the project component will be avoided, minimized, and mitigated, as appropriate.

(c) Construction activities for comprehensive plan project components may be initiated upon submission of a permit application and completion of the department's approval under s. 373.1501, but before final agency action or notice of intended agency action. However, a permit must be obtained before the commencement or modification of operation.

(d) Permits issued under this subsection must contain reasonable conditions to ensure that water quality resulting from construction and operation of project components is adequately and accurately monitored.

(e) Permits issued under this subsection may:

1. Authorize construction, operation, modification, and maintenance of individual or multiple project components under a single permit;

2. Include any standard conditions provided by department rule which are appropriate and consistent with this subsection; or

3. Establish reporting requirements that are consolidated with other reports if all reporting requirements are met.

(f) The permitting entity shall require a processing fee in an amount sufficient to cover the costs of reviewing and acting upon any application for a permit under this section and to cover the costs of surveillance associated with any permit issued under this section.

(g) At least 60 days before the expiration of any permit issued under this subsection, the permittee may apply for a renewal for a term of 5 years. Such submittals are considered timely and sufficient under s. 120.60(4). Permits issued under this subsection may be modified upon review and approval by the department or district, as appropriate.

(Amendment Bar Code: 275597)

Amendment 1 to Amendment 1 (with title amendment)—On page 5, line 22 through page 6, line 15 of the amendment

insert:

Section 3. Section 373.4149, Florida Statutes, is amended to read:

373.4149 Miami-Dade County Lake Belt Plan.—

(1) The Legislature hereby accepts and adopts the recommendations contained in the Phase I Lake Belt Report and Plan, ~~known as the "Miami-Dade County Lake Plan,"~~ dated February 1997 and *hereby accepts the Phase II Plan,* submitted *on February 9, 2001 to the Legislature* by the Miami-Dade County Lake Belt Plan Implementation Committee. *These plans shall collectively be known as the Miami-Dade County Lake Belt Plan. This plan was developed to enhance the water supply for Miami-Dade County and the Everglades, including appropriate wellfield protection measures; to maximize efficient recovery of limestone while promoting the social and economic welfare of the community and protecting the environment; and to educate various groups and the general public of the benefits of the plan.*

(2)(a) The Legislature recognizes that deposits of limestone and sand suitable for production of construction aggregates, cement, and road base materials are located in limited areas of the state.

(b) The Legislature recognizes that the deposit of limestone available in South Florida is limited due to urbanization to the east and the Everglades to the west.

(3) The Miami-Dade County Lake Belt Area is that area bounded by the Ronald Reagan Turnpike to the east, the Miami-Dade-Broward County line to the north, Krome Avenue to the west and Tamiami Trail to the south together with the land south of Tamiami Trail in sections 5, 6, 7, 8, 17, and 18, Township 54 South, Range 39 East, sections 24, 25, and 36, Township 54 South, Range 38 East less those portions of *section 3, south of Krome Avenue and west of U.S. Highway 27,* section 10, except the west one-half, section 11, except the northeast one-quarter and the east one-half of the northwest one-quarter, and tracts 38 through 41, and tracts 49 through 64 inclusive, section 13, except tracts 17 through 35 and tracts 46 through 48, of Florida Fruit Lands Company Subdivision No. 1 according to the plat thereof as recorded in plat book 2, page 17, public records of Miami-Dade County, and section 14, except the west three quarters, Township 52 South, Range 39 East, lying north of the Miami Canal, sections 35 and 36 and the east one-half of sections 24 and 25, Township 53 South, Range 39 East and Government Lots 1 and 2, lying between Townships 53 and 54 South, Range 39 East and those portions of sections 1 and 2, Township 54 South, Range 39 East, lying north of Tamiami Trail.

(4) The identification of the Miami-Dade County Lake Belt Area shall not preempt local land use jurisdiction, planning, or regulatory authority in regard to the use of land by private land owners. When amending local comprehensive plans, or implementing zoning regulations, development regulations, or other local regulations, Miami-Dade County shall strongly consider limestone mining activities and ancillary operations, such as lake excavation, including use of explosives, rock processing, cement, concrete and asphalt products manufacturing, and ancillary activities, within the rock mining supported and allowable areas of the Miami-Dade County Lake Plan adopted by subsection (1); provided, however, that limerock mining activities are consistent with wellfield protection. Rezonings or amendments to local comprehensive plans concerning properties that are located within 1 mile of the Miami-Dade Lake Belt Area shall be compatible with limestone mining activities. No rezonings, variances, or amendments to local comprehensive plans for any residential purpose may be approved for any property located in sections 35 and 36 and the east one-half of sections 24 and 25, Township 53 South, Range 39 East until such time as there is no active mining within 2 miles of the property. This section does not preclude residential development that complies with current regulations.

~~(5) The Miami-Dade County Lake Belt Plan Implementation Committee shall be appointed by the governing board of the South Florida Water Management District to develop a strategy for the design and implementation of the Miami-Dade County Lake Belt Plan. The committee shall consist of the chair of the governing board of the South Florida Water Management District, who shall serve as chair of the committee, the policy director of Environmental and Growth Management in the office of the Governor, the secretary of the Department of Environmental Protection, the director of the Division of Water Facilities or its successor division within the Department of Environmental Protection, the director of the Office of Tourism, Trade, and Economic Development within the office of the Governor, the secretary of the Department of Community Affairs, the executive director of the Fish and Wildlife Conservation Commission, the director of the Department of Environmental Resource Management of Miami-Dade County, the director of the Miami-Dade County Water and Sewer Department, the Director of Planning in Miami-Dade County, a representative of the Friends of the Everglades, a representative of the Florida Audubon Society, a representative of the Florida chapter of the Sierra Club, four representatives of the nonmining private landowners within the Miami-Dade County Lake Belt Area, and four representatives from the limestone mining industry to be appointed by the governing board of the South Florida Water Management District. Two ex officio seats on the committee will be filled by one member of the Florida House of Representatives to be selected by the Speaker of the House of Representatives from among representatives whose districts, or some portion of whose districts, are included within the geographical scope of the committee as described in subsection (3), and one member of the Florida Senate to be selected by the President of the Senate from among senators whose districts, or some portion of whose districts, are included within the geographical scope of the committee as described in subsection (3). The committee may appoint other ex officio members, as needed, by a majority vote of all committee members. A committee member may designate in writing an alternate member who, in the member's absence, may participate and vote in committee meetings.~~

~~(6) The committee shall develop Phase II of the Lake Belt Plan which shall:~~

~~(a) Include a detailed master plan to further implementation;~~

~~(b) Consider the feasibility of a common mitigation plan for nonrock mining uses, including a nonrock mining mitigation fee. Any mitigation fee shall be for the limited purpose of offsetting the loss of wetland functions and values and not as a revenue source for other purposes.~~

~~(c) Further address compatible land uses, opportunities, and potential conflicts;~~

~~(d) Provide for additional wellfield protection;~~

~~(e) Provide measures to prevent the reclassification of the Northwest Miami-Dade County wells as groundwater under the direct influence of surface water;~~

~~(f) Secure additional funding sources;~~

~~(g) Consider the need to establish a land authority; and~~

~~(h) Analyze the hydrological impacts resulting from the future mining included in the Lake Belt Plan and recommend appropriate mitigation measures, if needed, to be incorporated into the Lake Belt Mitigation Plan.~~

~~(7) The committee shall remain in effect until January 1, 2002, and shall meet as deemed necessary by the chair. The committee shall~~

~~monitor and direct progress toward developing and implementing the plan. The committee shall submit progress reports to the governing board of the South Florida Water Management District and the Legislature by December 31 of each year. These reports shall include a summary of the activities of the committee, updates on all ongoing studies, any other relevant information gathered during the calendar year, and the committee recommendations for legislative and regulatory revisions. The committee shall submit a Phase II report and plan to the governing board of the South Florida Water Management District and the Legislature by December 31, 2000, to supplement the Phase I report submitted on February 28, 1997. The Phase II report must include the detailed master plan for the Miami-Dade County Lake Belt Area together with the final reports on all studies, the final recommendations of the committee, the status of implementation of Phase I recommendations and other relevant information, and the committee's recommendation for legislative and regulatory revisions.~~

~~(8) The committee shall report to the governing board of the South Florida Water Management District semiannually.~~

~~(9) In carrying out its work, the committee shall solicit comments from scientific and economic advisors and governmental, public, and private interests. The committee shall provide meeting notes, reports, and the strategy document in a timely manner for public comment.~~

~~(10) The committee is authorized to seek from the agencies or entities represented on the committee any grants or funds necessary to enable it to carry out its charge.~~

(5)~~(11)~~ The secretary of the Department of Environmental Protection, the secretary of the Department of Community Affairs, the secretary of the Department of Transportation, the Commissioner of Agriculture, the executive director of the Fish and Wildlife Conservation Commission, and the executive director of the South Florida Water Management District may enter into agreements with landowners, developers, businesses, industries, individuals, and governmental agencies as necessary to effectuate the *Miami-Dade Lake Belt Plan and the* provisions of this section.

(6)~~(12)~~(a) All agencies of the state shall review the status of their landholdings within the boundaries of the Miami-Dade County Lake Belt. Those lands for which no present or future use is identified must be made available, together with other suitable lands, to the *Department of Environmental Protection* ~~committee~~ for its use in carrying out the objectives of this act.

(b) It is the intent of the Legislature that lands provided to the *Department of Environmental Protection* ~~committee~~ be used for land exchanges to further the objectives of this act.

Section 4. Section 373.4415, Florida Statutes, is amended to read:

373.4415 Role of Miami-Dade County in processing permits for limerock mining in Miami-Dade County Lake Belt.—The department and Miami-Dade County shall cooperate to establish and fulfill reasonable requirements for the departmental delegation to the Miami-Dade County Department of Environmental Resource Management of authority to implement the permitting program under ss. 373.403-373.439 for limerock mining activities within the geographic area of the Miami-Dade County Lake Belt which was recommended for mining in the report submitted to the Legislature in February 1997 ~~by the Miami-Dade County Lake Belt Plan Implementation Committee~~ under s. 373.4149. Section 2. Paragraph (b) of subsection (5) of section 212.08, Florida Statutes, is amended to read:

212.08 Sales, rental, use, consumption, distribution, and storage tax; specified exemptions.—The sale at retail, the rental, the use, the consumption, the distribution, and the storage to be used or consumed in this state of the following are hereby specifically exempt from the tax imposed by this chapter.

(5) EXEMPTIONS; ACCOUNT OF USE.—

(b) Machinery and equipment ~~used to increase productive output~~.—

1. Industrial machinery and equipment purchased for exclusive use by a new business in spaceport activities as defined by s. 212.02 or for use in new businesses which manufacture, process, compound, or produce for sale items of tangible personal property at fixed locations are exempt from the tax imposed by this chapter upon an affirmative showing by the taxpayer to the satisfaction of the department that such items are used in a new business in this state. Such purchases must be made prior to the date the business first begins its productive operations, and delivery of the purchased item must be made within 12 months of that date.

2.a. Industrial machinery and equipment purchased for exclusive use by *a* ~~an expanding~~ facility *that* ~~which~~ is engaged in spaceport activities as defined by s. 212.02 or for use in ~~expanding~~ manufacturing facilities or plant units which manufacture, process, compound, or produce for sale items of tangible personal property at fixed locations in this state are exempt from *the* ~~any amount of~~ tax imposed by this chapter in excess of *$40,000* ~~$50,000~~ per calendar year ~~upon an affirmative showing by the taxpayer to the satisfaction of the department that such items are used to increase the productive output of such expanded facility or business by not less than 10 percent~~.

b. Notwithstanding any other provision of this section, industrial machinery and equipment purchased for use in expanding printing manufacturing facilities or plant units that manufacture, process, compound, or produce for sale items of tangible personal property at fixed locations in this state are exempt from any amount of tax imposed by this chapter upon an affirmative showing by the taxpayer to the satisfaction of the department that such items are used to increase the productive output of such an expanded business by not less than 10 percent.

3.a. To receive an exemption provided by subparagraph 1. or subparagraph *2.b.* ~~2.~~, a qualifying business entity shall apply to the department for a temporary tax exemption permit. The application shall state that a new business exemption or expanded business exemption is being sought. Upon a tentative affirmative determination by the department pursuant to subparagraph 1. or subparagraph *2.b.* ~~2.~~, the department shall issue such permit.

b. The applicant shall be required to maintain all necessary books and records to support the exemption. Upon completion of purchases of qualified machinery and equipment pursuant to subparagraph 1. or subparagraph *2.b.* ~~2.~~, the temporary tax permit shall be delivered to the department or returned to the department by certified or registered mail.

c. If, in a subsequent audit conducted by the department, it is determined that the machinery and equipment purchased as exempt under subparagraph 1. or subparagraph *2.b.* ~~2.~~ did not meet the criteria mandated by this paragraph or if commencement of production did not occur, the amount of taxes exempted at the time of purchase shall immediately be due and payable to the department by the business entity, together with the appropriate interest and penalty, computed from the date of purchase, in the manner prescribed by this chapter.

d. In the event a qualifying business entity fails to apply for a temporary exemption permit or if the tentative determination by the department required to obtain a temporary exemption permit is negative, a qualifying business entity shall receive the exemption provided in subparagraph 1. or subparagraph *2.b.* ~~2.~~ through a refund of previously paid taxes. No refund may be made for such taxes unless the criteria mandated by subparagraph 1. or subparagraph *2.b.* ~~2.~~ have been met and commencement of production has occurred.

4. The department shall promulgate rules governing applications for, issuance of, and the form of temporary tax exemption permits; provisions for recapture of taxes; and the manner and form of refund applications and may establish guidelines as to the requisites for an affirmative showing of increased productive output, commencement of production, and qualification for exemption.

5. The exemptions provided in subparagraphs 1. and 2. do not apply to machinery or equipment purchased or used by electric utility companies, communications companies, oil or gas exploration or production operations, publishing firms that do not export at least 50 percent of their finished product out of the state, any firm subject to regulation by the Division of Hotels and Restaurants of the Department of Business and Professional Regulation, or any firm which does not manufacture, process, compound, or produce for sale items of tangible personal property or which does not use such machinery and equipment in spaceport activities as required by this paragraph. The exemptions provided in subparagraphs 1. and 2. shall apply to machinery and equipment purchased for use in phosphate or other solid minerals severance, mining, or processing operations only by way of a prospective credit against taxes due under chapter 211 for taxes paid under this chapter on such machinery and equipment.

6. For the purposes of the exemptions provided in subparagraphs 1. and 2., these terms have the following meanings:

a. "Industrial machinery and equipment" means "section 38 property" as defined in s. 48(a)(1)(A) and (B)(i) of the Internal Revenue Code, provided "industrial machinery and equipment" shall be construed by regulations adopted by the Department of Revenue to mean tangible property used as an integral part of spaceport activities or of the manufacturing, processing, compounding, or producing for sale

of items of tangible personal property. Such term includes parts and accessories only to the extent that the exemption thereof is consistent with the provisions of this paragraph.

b. "Productive output" means the number of units actually produced by a single plant or operation in a single continuous 12-month period, irrespective of sales. Increases in productive output shall be measured by the output for 12 continuous months immediately following the completion of installation of such machinery or equipment over the output for the 12 continuous months immediately preceding such installation. However, if a different 12-month continuous period of time would more accurately reflect the increase in productive output of machinery and equipment purchased to facilitate an expansion, the increase in productive output may be measured during that 12-month continuous period of time if such time period is mutually agreed upon by the Department of Revenue and the expanding business prior to the commencement of production; provided, however, in no case may such time period begin later than 2 years following the completion of installation of the new machinery and equipment. The units used to measure productive output shall be physically comparable between the two periods, irrespective of sales.

And the title is amended as follows:

On page 1, line 9, after the semicolon

insert: amending s. 212.08, F.S.; revising the exemption for industrial machinery and equipment; broadening the application of the exemption; reducing the maximum amount of the tax which is imposed on such machinery and equipment;

The Committee on Judicial Oversight offered the following:

(Amendment Bar Code: 751657)

Amendment 1 (with title amendment)—
Remove from the bill: Everything after the enacting clause

and insert in lieu thereof:

Section 1. Subsection (8) of section 320.03, Florida Statutes, is amended to read:

320.03 Registration; duties of tax collectors; International Registration Plan.—

(8) If the applicant's name appears on the list referred to in s. 316.1001(4), ~~or~~ s. 316.1967(6), *or s. 713.78(13),* a license plate or revalidation sticker may not be issued until that person's name no longer appears on the list or until the person presents a receipt from the clerk showing that the fines outstanding have been paid. The tax collector and the clerk of the court are each entitled to receive monthly, as costs for implementing and administering this subsection, 10 percent of the civil penalties and fines recovered from such persons. *As used in this subsection, the term "civil penalties and fines" does not include a wrecker operator's lien as described in s. 713.78(13).* If the tax collector has private tag agents, such tag agents are entitled to receive a pro rata share of the amount paid to the tax collector, based upon the percentage of license plates and revalidation stickers issued by the tag agent compared to the total issued within the county. The authority of any private agent to issue license plates shall be revoked, after notice and a hearing as provided in chapter 120, if he or she issues any license plate or revalidation sticker contrary to the provisions of this subsection. This section applies only to the annual renewal in the owner's birth month of a motor vehicle registration and does not apply to the transfer of a registration of a motor vehicle sold by a motor vehicle dealer licensed under this chapter, except for the transfer of registrations which is inclusive of the annual renewals. This section does not affect the issuance of the title to a motor vehicle, notwithstanding s. 319.23(7)(b).

Section 2. Subsection (13) is added to section 713.78, Florida Statutes, to read:

713.78 Liens for recovering, towing, or storing vehicles and documented vessels.—

(13)(a) Upon receipt by the Department of Highway Safety and Motor Vehicles of written notice from a wrecker operator who claims a wrecker operator's lien under paragraph (2)(c) for recovery, towing, or storage of a vehicle, vessel, or mobile home, upon instructions from any law enforcement agency, for which a certificate of destruction has been issued under subsection (11), the department shall place the name of the registered owner of that vehicle, vessel, or mobile home on the list of those persons who may not be issued a license plate or revalidation sticker for any motor vehicle under s. 320.03(8). If the vehicle, vessel, or mobile home is owned jointly by more than one person, the name of each registered owner shall be placed on the list. The notice of wrecker operator's lien shall be submitted on forms provided by the department, which must include:

1. The name, address, and telephone number of the wrecker operator.

2. The name of the registered owner of the vehicle, vessel, or mobile home and the address to which the wrecker operator provided notice of the lien to the registered owner under subsection (4).

3. A general description of the vehicle, vessel, or mobile home, including its color, make, model, body style, and year.

4. The vehicle identification number (VIN); registration license plate number, state, and year; validation decal number, state, and year; mobile home sticker number, state, and year; vessel registration number; hull identification number; or other identification number, as applicable.

5. The name of the person and the corresponding law enforcement agency that requested that the vehicle, vessel, or mobile home be recovered, towed, or stored.

6. The amount of the wrecker operator's lien, not to exceed the amount allowed by paragraph (b).

(b) For purposes of this subsection only, the amount of the wrecker operator's lien for which the department will prevent issuance of a license plate or revalidation sticker may not exceed the amount of the charges for recovery, towing, and storage of the vehicle, vessel, or mobile home for 7 days. These charges may not exceed the maximum rates imposed by the ordinances of the respective county or municipality under ss. 125.0103(1)(c) and 166.043(1)(c). This paragraph does not limit the amount of a wrecker operator's lien claimed under subsection (2) or prevent a wrecker operator from seeking civil remedies for enforcement of the entire amount of the lien, but limits only that portion of the lien for which the department will prevent issuance of a license plate or revalidation sticker.

(c)1. The registered owner of a vehicle, vessel, or mobile home may dispute a wrecker operator's lien, by notifying the department of the dispute in writing on forms provided by the department, if at least one of the following applies:

a. The registered owner presents a notarized bill of sale proving that the vehicle, vessel, or mobile home was sold in a private or casual sale before the vehicle, vessel, or mobile home was recovered, towed, or stored.

b. The registered owner presents proof that the Florida certificate of title of the vehicle, vessel, or mobile home was sold to a licensed dealer as defined in s. 319.001 before the vehicle, vessel, or mobile home was recovered, towed, or stored.

If the registered owner's dispute of a wrecker operator's lien complies with one of these criteria, the department shall immediately remove the registered owner's name from the list of those persons who may not be issued a licensed plate or revalidation sticker for any motor vehicle under s. 320.03(8), thereby allowing issuance of a license plate or revalidation sticker. If the vehicle, vessel, or mobile home is owned jointly by more than one person, each registered owner must dispute the wrecker operator's lien in order to be removed from the list. However, the department shall deny any dispute and maintain the registered owner's name on the list of those persons who may not be issued a license plate or revalidation sticker for any motor vehicle under s. 320.03(8) if the wrecker operator has provided the department with a certified copy of the

judgment of a court which orders the registered owner to pay the wrecker operator's lien claimed under this section. In such a case, the amount of the wrecker operator's lien allowed by paragraph (b) may be increased to include no more than $500 of the reasonable costs and attorney's fees incurred in obtaining the judgment. The department's action under this subparagraph is ministerial in nature, shall not be considered final agency action, and is appealable only to the county court for the county in which the vehicle, vessel, or mobile home was ordered removed.

2. A person against whom a wrecker operator's lien has been imposed may alternatively obtain a discharge of the lien by filing a complaint, challenging the validity of the lien or the amount thereof, in the county court of the county in which the vehicle, vessel, or mobile home was ordered removed. Upon filing of the complaint, the person may have her or his name removed from the list of those persons who may not be issued a licensed plate or revalidation sticker for any motor vehicle under s. 320.03(8), thereby allowing issuance of a license plate or revalidation sticker, upon posting with the court a cash or surety bond or other adequate security equal to the amount of the wrecker operator's lien to ensure the payment of such lien in the event she or he does not prevail. Upon the posting of the bond and the payment of the applicable fee set forth in s. 28.24, the clerk of the court shall issue a certificate notifying the department of the posting of the bond and directing the department to release the wrecker operator's lien. Upon determining the respective rights of the parties, the court may award damages and costs in favor of the prevailing party.

3. If a person against whom a wrecker operator's lien has been imposed does not object to the lien, but cannot discharge the lien by payment because the wrecker operator has moved or gone out of business, the person may have her or his name removed from the list of those persons who may not be issued a licensed plate or revalidation sticker for any motor vehicle under s. 320.03(8), thereby allowing issuance of a license plate or revalidation sticker, upon posting with the clerk of court in the county in which the vehicle, vessel, or mobile home was ordered removed, a cash or surety bond or other adequate security equal to the amount of the wrecker operator's lien. Upon the posting of the bond and the payment of the application fee set forth in s. 28.24, the clerk of the court shall issue a certificate notifying the department of the posting of the bond and directing the department to release the wrecker operator's lien. The department shall mail to the wrecker operator, at the address upon the lien form, notice that the wrecker operator must claim the security within 60 days, or the security will be released back to the person who posted it. At the conclusion of the 60 days, the department shall direct the clerk as to which party is entitled to payment of the security, less applicable clerk's fees.

4. A wrecker operator's lien expires 5 years after filing.

(d) Upon discharge of the amount of the wrecker operator's lien allowed by paragraph (b), the wrecker operator must issue a certificate of discharged wrecker operator's lien on forms provided by the department to each registered owner of the vehicle, vessel, or mobile home attesting that the amount of the wrecker operator's lien allowed by paragraph (b) has been discharged. Upon presentation of the certificate of discharged wrecker operator's lien by the registered owner, the department shall immediately remove the registered owner's name from the list of those persons who may not be issued a license plate or revalidation sticker for any motor vehicle under s. 320.03(8), thereby allowing issuance of a license plate or revalidation sticker. Issuance of a certificate of discharged wrecker operator's lien under this paragraph does not discharge the entire amount of the wrecker operator's lien claimed under subsection (2), but only certifies to the department that the amount of the wrecker operator's lien allowed by paragraph (b), for which the department will prevent issuance of a license plate or revalidation sticker, has been discharged.

(e) When a wrecker operator files a notice of wrecker operator's lien under this subsection, the department shall charge the wrecker operator a fee of $2, which shall be deposited into the Florida Motor Vehicle Theft Prevention Trust Fund established under s. 860.158. A service charge of $2.50 shall be collected and retained by the tax collector who processes a notice of wrecker operator's lien.

(f) This subsection applies only to the annual renewal in the registered owner's birth month of a motor vehicle registration and does not apply to the transfer of a registration of a motor vehicle sold by a motor vehicle dealer licensed under chapter 320, except for the transfer of registrations which is inclusive of the annual renewals. This subsection does not affect the issuance of the title to a motor vehicle, notwithstanding s. 319.23(7)(b).

(g) The Department of Highway Safety and Motor Vehicles may adopt rules pursuant to ss. 120.536(1) and 120.54 to implement this subsection.

Section 3. This act shall take effect July 1, 2001.

An elector who has received an absentee ballot, but desires to vote in person, shall return the ballot, whether voted or not, to the election board in the elector's precinct. The returned ballot shall be marked "canceled" by the board and placed with other canceled ballots. However, if the elector is unable to return the ballot, the elector may *vote a provisional ballot as provided in s. 101.048* ~~execute an affidavit stating that the absentee ballot has not been voted and the elector may then vote at the precinct~~.

~~(e) Any other cause or allegation which, if sustained, would show that a person other than the successful candidate was the person duly nominated or elected to the office in question or that the outcome of the election on a question submitted by referendum was contrary to the result declared by the canvassing board or election board.~~

(4) The canvassing board or *the Elections Canvassing Commission* ~~election board~~ shall be the proper party defendant, and the successful candidate shall be an indispensable party to any action brought to contest the election or nomination of a candidate.

(5) A statement of the grounds of contest may not be rejected, nor the proceedings dismissed, by the court for any want of form if the grounds of contest provided in the statement are sufficient to clearly inform the defendant of the particular proceeding or cause for which the nomination or election is contested.

(6) A copy of the complaint shall be served upon the defendant and any other person named therein in the same manner as in other civil cases under the laws of this state. Within 10 days after the complaint has been served, the defendant must file an answer admitting or denying the allegations on which the contestant relies or stating that the defendant has no knowledge or information concerning the allegations, which shall be deemed a denial of the allegations, and must state any other defenses, in law or fact, on which the defendant relies. Section 43. Subsection (5) is added to section 99.096, Florida Statutes, to read:

99.096 Minor party candidates; names on ballot.—

Section 44. Section 106.31, Florida Statutes, is amended to read:

106.31 Legislative intent.—The Legislature finds that the costs of running an effective campaign for statewide office have reached a level which tends to discourage persons from becoming candidates and to limit the persons who run for such office to those who are independently wealthy, who are supported by political committees representing special interests which are able to generate substantial campaign contributions, or who must appeal to special interest groups for campaign contributions. The Legislature further finds that campaign contributions generated by such political committees are having a disproportionate impact vis-a-vis contributions from unaffiliated individuals, which leads to the misperception of government officials

unduly influenced by those special interests to the detriment of the public interest. *Furthermore, it is the intent of the Legislature that the purpose of public campaign financing is to make candidates more responsive to the voters of the State of Florida and as insulated as possible from special interest groups.* The Legislature intends ss. 106.30-106.36 to alleviate these factors, dispel the misperception, and encourage qualified persons to seek statewide elective office who would not, or could not otherwise do so *and to protect the effective competition by a candidate who uses public funding*.

Section 45. Section 106.33, Florida Statutes, is amended to read:

106.33 Election campaign financing; eligibility.—Each candidate for the office of Governor or member of the Cabinet who desires to receive contributions from the Election Campaign Financing Trust Fund shall, upon qualifying for office, file a request for such contributions with the filing officer on forms provided by the Division of Elections. If a candidate requesting contributions from the fund desires to have such funds distributed by electronic fund transfers, the request shall include information necessary to implement that procedure. For the purposes of ss. 106.30-106.36, candidates for Governor and Lieutenant Governor on the same ticket shall be considered as a single candidate. To be eligible to receive contributions from the fund, a candidate *may* ~~shall~~ not be an unopposed candidate as defined in s. 106.011(15) and *must* ~~shall~~:

(1) Agree to abide by the expenditure limits provided in s. 106.34.

(2)*(a)* Raise contributions as follows:

1.~~(a)~~ One hundred fifty thousand dollars for a candidate for Governor.

2.~~(b)~~ One hundred thousand dollars for a candidate for Cabinet office.

(b) The following may not be used to meet the threshold amounts in paragraph (a):

1. Loans or contributions from the candidate's personal funds;

2. Contributions from national, state, and county executive committees of a political party; or

3. Contributions from individuals who at the time of contributing are not state residents. For purposes of this subparagraph, any person validly registered to vote in this state shall be considered a state resident.

(3) Limit loans or contributions from the candidate's personal funds to $25,000 and contributions from national, state, and county executive committees of a political party to $25,000 in the aggregate~~, which loans or contributions shall not qualify for meeting the threshold amounts in subsection (2)~~.

(4) Submit to a postelection audit of the campaign account by the division.

Section 46. Subsection (2) of section 106.35, Florida Statutes, is amended to read:

106.35 Distribution of funds.—

(2)(a) Each candidate who has been certified to receive contributions from the Election Campaign Financing Trust Fund shall be entitled to distribution of funds as follows:

1. For qualifying matching contributions making up all or any portion of the threshold amounts specified in s. 106.33(2), distribution shall be on a two-to-one basis.

2. For all other qualifying matching contributions, distribution shall be on a one-to-one basis.

(b) Qualifying matching contributions are those of $250 or less from an individual, made after September 1 of the calendar year prior to the election. *Any contribution that is a loan, is an in-kind contribution, is received from a political committee or committee of continuous existence, or is received from an individual who is not a state resident at the time the contribution is made shall not be considered a qualifying matching contribution. For purposes of this paragraph, any person validly registered to vote in this state shall be considered a state resident.* Aggregate contributions from an individual in excess of $250 will be matched only up to $250. A contribution from an individual, if made by check, must be drawn on the personal bank account of the individual making the contribution, as opposed to any form of business account, regardless of whether the business account is for a corporation, partnership, sole proprietorship, trust, or other form of business arrangement. For contributions made by check from a personal joint account, the match shall only be for the individual who actually signs the check.

Section 47. *Effective June 1, 2002, section 98.0975, Florida Statutes, is repealed.*

Section 48. Section 98.255, Florida Statutes, is amended to read:

The manual shall guide inspectors, clerks, and deputy sheriffs in the proper implementation of election procedures and laws. The manual shall be indexed by subject, and written in plain, clear, unambiguous language. The manual shall provide specific examples of common problems encountered at the polls on election day, and detail specific procedures for resolving those problems. The manual shall include, without limitation:

Section 66. Effective September 2, 2002, section 101.5604, Florida Statutes, is amended to read:

101.5604 Adoption of system; procurement of equipment; commercial tabulations.—The board of county commissioners of any county, at any regular meeting or a special meeting called for the purpose, may, upon consultation with the supervisor of elections, adopt, purchase or otherwise procure, and provide for the use of any electronic or electromechanical voting system approved by the Department of State in all or a portion of the election precincts of that county. Thereafter the electronic or electromechanical voting system may be used for voting at all elections for public and party offices and on all measures and for receiving, registering, and counting the votes thereof in such election precincts as the governing body directs. *Any electronic or electromechanical voting system used by the county must be a precinct tabulation voting system.* ~~Any such board may contract for the tabulation of votes at a location within the county when there is no suitable tabulating equipment available which is owned by the county.~~

Section 67. Effective September 2, 2002, subsections (3) and (10) of section 101.5606, Florida Statutes, are amended, and subsections (13) and (14) are added to said section, to read:

101.5606 Requirements for approval of systems.—No electronic or electromechanical voting system shall be approved by the Department of State unless it is so constructed that:

(3)*(a)* The automatic tabulating equipment will be set to reject all votes for any office or measure when the number of votes therefor exceeds the number which the voter is entitled to cast or when the voter is not entitled to cast a vote for the office or measure.

(b) The automatic tabulating equipment will be set to reject a ballot which the tabulating equipment reads as a ballot with no votes cast.

(10) It is capable of automatically producing precinct totals in printed *and electronic format for use in producing countywide totals*~~, marked, or punched form, or a combination thereof~~.

(13) It is a precinct count tabulation system.

(14) It does not use a punch card ballot.

Section 68. Section 101.56062, Florida Statutes, is created to read:

101.56062 Voting system loan program; use; rule.—

(1) The purpose of this section is to provide assistance to counties to purchase voting systems necessary to conduct elections.

(2) The department is authorized to make and administer loans to eligible counties for the purpose of purchasing voting systems and ancillary equipment needed to record and tabulate a vote in each precinct for any election held by the county supervisor of elections.

(3) The term of loans made pursuant to this section shall be interest free and not exceed 10 years.

(4) The department is authorized to adopt rules pursuant to ss. 120.536(1) and 120.54 to administer this section. Such rules shall set forth, a median price range which the cost of voting systems shall not exceed for the purpose of procuring loans under this section, and a priority system for loans based on need. The department shall consider the cost of similar voting systems within the state in determining the median price range. The priority system shall give special consideration to the following:

(a) The county millage rate;

(b) Growth in the county's tax base over the last 3 years;

(c) The financial health of the county;

(d) The financial ability of the county to repay the loan;

(e) The median household income of the county population;

(f) Poverty rate estimates;

(g) Per capita income level; and

(h) Any other reliably documented measures of disadvantage status.

(5)(a) If a county defaults under the terms of its loan agreement, the department shall so certify to the Comptroller, who shall forward the amount delinquent to the department from any unobligated funds due to the county under any revenue-sharing or tax-sharing fund established by the state, except as otherwise provided by the State Constitution. Certification of delinquency shall not limit the department from pursuing other remedies available for default on a loan, including accelerating loan repayments.

(b) The department may impose a penalty for delinquent loan payments in the amount of 5 percent of the amount due, in addition to charging the cost to handle and process the debt. Penalty interest shall accrue on any amount due and payable beginning on the 30th day following the date upon which payment is due.

(6) The department is authorized to terminate or rescind a financial assistance agreement when the county fails to comply with the terms and conditions of the agreement.

(7) A county that has secured a loan pursuant to this section and meets any of the conditions set forth in s. 218.503(1)(a)-(d) may petition the Governor for suspension of payment of the loan principle and, if applicable, unpaid penalties. The Governor is authorized to suspend any payment of a loan secured pursuant to this section, including any unpaid penalties, for any county that has fulfilled the requirements of this subsection.

Section 69. Paragraph (b) of subsection (1) of section 101.5607, Florida Statutes, is amended to read:

101.5607 Department of State to maintain voting system information; prepare software.—

(1)

(b) Within 24 hours after the completion of any logic and accuracy test conducted pursuant to s. 101.5612~~(1)~~, the supervisor of elections shall send by certified mail to the Department of State a copy of the tabulation program which was used in the logic and accuracy testing.

Section 70. Paragraph (b) of subsection (2) of section 101.5608, Florida Statutes, is amended to read:

101.5608 Voting by electronic or electromechanical method; procedures.—

(2) When an electronic or electromechanical voting system utilizes a ballot card or paper ballot, the following procedures shall be followed:

(b) Any voter who spoils his or her ballot or makes an error may return the ballot to the election official and secure another ballot, except that in no case shall a voter be furnished more than three ballots. *If the vote tabulation device has rejected a ballot, the ballot shall be considered spoiled and a new ballot shall be provided to the voter. The election official, without examining the original ballot, shall state the possible reasons for the rejection and direct the voter to the instruction model provided at the precinct pursuant to s. 101.5611.* A spoiled ballot shall be preserved, without examination, in an envelope provided for that purpose. The stub shall be removed from the ballot and placed in an envelope.

Section 71. Section 101.5612, Florida Statutes, is amended to read:

101.5612 Testing of tabulating equipment.—

(1) All electronic or electromechanical voting systems shall be thoroughly tested at the conclusion of maintenance and programming. Tests shall be sufficient to determine that the voting system is properly programmed, the election is correctly defined on the voting system, and all of the voting system input, output, and communication devices are working properly.

(2)~~(1)~~ On any day not more than 10 days prior to the election day, the supervisor of elections shall have the automatic tabulating equipment *publicly* tested to ascertain that the equipment will correctly count the votes cast for all offices and on all measures. Public notice of the time and place of the test shall be given at least 48 hours prior thereto by publication once in one or more newspapers of general circulation in the county or, if there is no newspaper of general circulation in the county, by posting such notice in at least four conspicuous places in the county. The supervisor or the municipal elections official may, at the time of qualifying, give written notice of the time and location of *such public* ~~the~~ preelection test to each candidate qualifying with that office and obtain a signed receipt that such notice has been given. The Department of State shall give written notice to each statewide candidate at the time of qualifying, or immediately at the end of qualifying, that the voting equipment will be tested and advise each such candidate to contact the county supervisor of elections as to the time and location of the *public preelection test* ~~pretest~~. The supervisor or the municipal elections official shall, at least 15 days prior to an election, send written notice by certified mail to the county party chair of each political party and to all candidates for other than statewide office whose names appear on the ballot in the county and who did not receive written notification from the supervisor or municipal elections official at the time of qualifying, stating the time and location of the *public* preelection test of the automatic tabulating equipment. The canvassing board shall convene, and each member of the canvassing board shall certify to the accuracy of the test. For the test, the canvassing board may designate one member to represent it. The test shall be open to representatives of the political parties, the press, and the public. Each political party may designate one person with expertise in the computer field who shall be allowed in the central counting room when all tests are being conducted and when the official votes are being counted. Such designee shall not interfere with the normal operation of the canvassing board.

(3) For electronic or electromechanical voting systems configured to tabulate absentee ballots at a central or regional site, the public testing shall be conducted by processing a preaudited group of ballots so produced as to record a predetermined number of valid votes for each candidate and on each measure and to include one or more ballots for each office which have activated voting positions in excess of the number allowed by law in order to test the ability of the automatic tabulating equipment to reject such votes. If any error is detected, the cause therefor shall be corrected and an errorless count shall be made before the automatic tabulating equipment is approved. The test shall be repeated and errorless results achieved immediately before the start of the official count of the ballots and again after the completion of the official count. The programs and ballots used for testing shall be sealed and retained under the custody of the county canvassing board.

(4)(a)1. For electronic or electromechanical voting systems configured to include electronic or electromechanical tabulation devices which are distributed to the precincts, all or a sample of the devices to be used in the election shall be publicly tested. If a sample is to be tested, the sample shall consist of a random selection of at least 5 percent or 10 of the devices, whichever is greater. The test shall be conducted by processing a group of ballots, causing the device to output results for the ballots processed, and comparing the output of results to the results expected for the ballots processed. The group of ballots shall be produced so as to record a predetermined number of valid votes for each candidate and on each measure and to include for each office one or more ballots which have activated voting positions in excess of the number allowed by law in order to test the ability of the tabulating device to reject such votes.

2. If any tested tabulating device is found to have an error in tabulation, it shall be deemed unsatisfactory. For each device deemed unsatisfactory, the canvassing board shall take steps to determine the cause of the error, shall attempt to identify and test other devices that could reasonably be expected to have the same error, and shall test a number of additional devices sufficient to determine that all devices are satisfactory. Upon deeming any device unsatisfactory, the canvassing board may require all devices to be tested or may declare that all devices are unsatisfactory.

3. If the operation or output of any tested tabulation device, such as spelling or the order of candidates on a report, is in error, such problem shall be reported to the canvassing board. The canvassing board shall then determine if the reported problem warrants its deeming the device unsatisfactory.

(b) At the completion of testing under this subsection, the canvassing board or its representative, the representatives of the political parties, and the candidates or their representatives who attended the test shall witness the resetting of each device that passed to a preelection state of readiness and the sealing of each device that passed in such a manner as to secure its state of readiness until the opening of the polls.

(c) The canvassing board or its representative shall execute a written statement setting forth the tabulation devices tested, the results of the testing, the protective counter numbers, if applicable, of each tabulation device, the number of the seal securing each tabulation device at the conclusion of testing, any problems reported to the board as a result of the testing, and whether each device tested is satisfactory or unsatisfactory.

(d) Any tabulating device deemed unsatisfactory shall be reprogrammed, repaired, or replaced and shall be made available for retesting. Such device must be determined by the canvassing board or its representative to be satisfactory before it may be used in any election. The canvassing board or its representative shall announce at the close of the first testing the date, place, and time that any unsatisfactory device will be retested or may, at the option of the board, notify by telephone each person who was present at the first testing as to the date, place, and time that the retesting will occur.

(e) Records must be kept of all preelection testing of electronic or electromechanical tabulation devices used in any election. Such records are to be present and available for inspection and reference during public preelection testing by any person in attendance during such testing. The need of the canvassing board for access to such records during the testing shall take precedence over the need of other attendees to access such records so that the work of the canvassing board will not be delayed or hindered. Records of testing must include, for each device, the name of each person who tested the device and the date, place, time, and results of each test. Records of testing shall be retained as part of the official records of the election in which any device was used.

~~(2) The test shall be conducted by processing a preaudited group of ballots so produced as to record a predetermined number of valid votes for each candidate and on each measure and shall include for each office one or more ballots which have votes in excess of the number allowed by law in order to test the ability of the automatic tabulating equipment to reject such votes. If any error is detected, the cause therefor shall be ascertained and corrected and an errorless count shall be made before the automatic tabulating equipment is approved. The test shall be repeated immediately before the start of the official count of the ballots in the same manner as set forth above. After the completion of the count, the test shall be repeated. The programs and ballots used shall be sealed and retained under the custody of the county canvassing board.~~

Section 72. Effective September 2, 2002, subsections (1), (2), (3), and (7) of section 101.5614, Florida Statutes, as amended by this act, are amended to read:

101.5614 Canvass of returns.—

(1)~~(a)~~ In precincts in which an electronic or electromechanical voting system is used, as soon as the polls are closed, the election board shall secure the voting devices against further voting. The election board shall thereafter open the ballot box in the presence of members of the public desiring to witness the proceedings and count the number of voted ballots, unused ballots, provisional ballots, and spoiled ballots to ascertain whether such number corresponds with the number of ballots issued by the supervisor. If there is a difference, this fact shall be reported in writing to the county canvassing board with the reasons therefor if known. The total number of voted ballots shall be entered on the forms provided. The proceedings of the election board at the precinct after the polls have closed shall be open to the public; however, no person except a member of the election board shall touch any ballot or ballot container or interfere with or obstruct the orderly count of the ballots.

~~(b) In lieu of opening the ballot box at the precinct, the supervisor may direct the election board to keep the ballot box sealed and deliver it to a central or regional counting location. In this case, the election board shall count the stubs removed from the ballots to determine the number of voted ballots.~~

~~(2)(a) If the ballots are to be tallied at a central location or at no more than three regional locations, the election board shall place all ballots that have been cast and the unused, void, provisional, and defective ballots in the container or containers provided for this purpose, which shall be sealed and delivered forthwith to the central or regional counting location or other designated location by two inspectors who shall not, whenever possible, be of the same political party. The election board shall certify that the ballots were placed in such container or containers and each container was sealed in its presence and under its supervision, and it shall further certify to the number of ballots of each type placed in the container or containers.~~

(2)~~(b) If ballots are to be counted at the precincts, such ballots shall be counted pursuant to rules adopted by~~ The Department of State~~, which rules~~ shall*, in accordance with s. 101.015, adopt rules that* provide safeguards ~~which conform as nearly as practicable to the safeguards provided in the procedures~~ for the counting of votes at *a precinct and at* a central *or regional* location.

~~(3)(a) All proceedings at the central or regional counting location or other designated location shall be under the direction of the county canvassing board and shall be open to the public, but no person except a person employed and authorized for the purpose shall touch any ballot or ballot container, any item of automatic tabulating equipment, or any~~

~~return prior to its release. If the ballots are tabulated at regional locations, one member of the canvassing board or a person designated by the board to represent it shall be present at each location during the testing of the counting equipment and the tabulation of the ballots.~~

(3)~~(b)~~ *The results of* ~~If~~ ballots ~~are~~ tabulated at *precinct* ~~regional~~ locations~~, the results of such election~~ may be transmitted ~~via dedicated teleprocessing lines~~ to the main computer system for the purpose of compilation of complete returns. The security guidelines for transmission of returns ~~by dedicated teleprocessing lines~~ shall conform to rules adopted by the Department of State pursuant to s. 101.015.

(7) Absentee ballots may be counted by automatic tabulating equipment if they have been ~~punched or~~ marked in a manner which will enable them to be properly counted by such equipment.

Section 73. Effective September 2, 2002, section 101.58, Florida Statutes, is amended to read:

101.58 Supervising and observing registration and election processes.—The Department of State may, at any time it deems fit,~~;~~ upon the petition of 5 percent of the registered electors~~;~~ or upon the petition of any candidate, county executive committee chair, state committeeman or committeewoman, or state executive committee chair, appoint one or more deputies whose duties shall be to observe and examine the registration and election processes and the condition, custody, and operation of *the* voting *system and equipment* ~~machines~~ in any county or municipality. The deputy shall have access to all registration books and records as well as any other records or procedures relating to the voting process. The deputy may supervise preparation of the election *equipment* ~~machines~~ and procedures for election, and it shall be unlawful for any person to obstruct the deputy in the performance of his or her duty. The deputy shall file with the Department of State a report of his or her findings and observations of the registration and election processes in the county or municipality, and a copy of the report shall also be filed with the clerk of the circuit court of said county. The compensation of such deputies shall be fixed by the Department of State; and costs incurred under this section shall be paid from the annual operating appropriation made to the Department of State.

101.64 Delivery of absentee ballots; envelopes; form.—

(1) The supervisor shall enclose with each absentee ballot two envelopes: a secrecy envelope, into which the absent elector shall enclose his or her marked ballot; and a mailing envelope, into which the absent elector shall then place the secrecy envelope, which shall be addressed to the supervisor and also bear on the back side a certificate in substantially the following form:

(2) Notwithstanding the provisions of subsection (1), whenever the supervisor of elections of any county determines that the accommodations for holding any election at a polling place designated for any precinct in the county are unavailable or are inadequate for the expeditious and efficient housing and handling of voting and voting paraphernalia, ~~including voting machines where used,~~ the supervisor may provide, not less than 30 days prior to the holding of an election, that the voting place for such precinct shall be moved to another site which shall be accessible to the public on election day in said precinct or, if such is not available, to another site which shall be accessible to the public on election day in a contiguous precinct. If such action of the supervisor results in the voting place for two or more precincts being located for the purposes of an election in one building, the voting places for the several precincts involved shall be established and maintained separate from each other in said building. When any supervisor moves any polling place pursuant to this subsection, the supervisor shall, not more than 30 days or fewer than 7 days prior to the holding of an election, give notice of the change of the polling place for the precinct involved, with clear description of the voting place to which changed, at least once in a newspaper of general circulation in said county. The second board shall continue counting until the count is complete or until 7 a.m. the next morning, and, if the count is not completed at that time, the first board that conducted the election shall again report for duty and complete the count. If the returns from any precinct are missing, if there are any omissions on the returns from any precinct, or if there is an obvious error on any such returns, the canvassing board shall order a recount of the returns from such precinct. Before canvassing such returns, the canvassing board shall examine the ~~counters on the machines or the~~ tabulation of the ballots cast in such precinct and determine whether the returns correctly reflect the votes cast. If there is a discrepancy between the returns and the ~~counters of the machines or the~~ tabulation of the ballots cast, the ~~counters of such machines or the~~ tabulation of the ballots cast shall be presumed correct and such votes shall be canvassed accordingly.

Amendment 1 (with title amendment)—
Remove from the bill: Everything after the enacting clause

and insert in lieu thereof:

Section 1. *Legislative findings.—The Legislature finds that the Florida Motor Vehicle No-Fault Law is intended to deliver medically necessary and appropriate medical care quickly and without regard to fault, and without undue litigation or other associated costs. The Legislature further finds that this intent has been frustrated at significant cost and harm to consumers by, among other things, fraud, medically inappropriate over-utilization of treatments and diagnostic services, inflated charges, and other practices on the part of a small number of health care providers and unregulated health care clinics, entrepreneurs, and attorneys. Many of these practices are described in the second interim report of the Fifteenth Statewide Grand Jury entitled "Report on Insurance Fraud Related to Personal Injury Protection." The Legislature hereby adopts and incorporates in this section by reference as findings the entirety of this Grand Jury report. The Legislature further finds insurance fraud related to personal injury protection takes many forms, including, but not limited to, illegal solicitation of accident victims; brokering patients among doctors, lawyers, and diagnostic facilities; unnecessary medical treatment of accident victims billed to insurers by clinics; billing of insurers by clinics for services not rendered; the intentional overuse or misuse of legitimate diagnostic tests; inflated charges for diagnostic tests or procedures arranged through brokers; and filing fraudulent motor vehicle tort lawsuits. As a result, the Legislature declares it necessary, among other things, to increase the punishment for certain offenses related to solicitation of accident victims and use of police reports, register certain clinics; subject certain diagnostic tests to maximum reimbursement allowances; prohibit the brokering of magnetic resonance imaging services; allow providers and insurers additional time to bill and pay claims in certain situations; require notification of insurers prior to initiating litigation for an overdue claim for benefits;*

and provide insurers with a civil cause of action for insurance fraud. The Legislature further declares the problem of fraud addressed in the Grand Jury report and in this act and matters connected therewith are matters of great public interest and importance to public health, safety, and welfare, and that the specific provisions of this act at the least-restrictive reasonable means by which to solve these problems.

Section 2. Subsection (3) is added to section 119.10, Florida Statutes, to read:

119.10 Violation of chapter; penalties.—

(3) Any person who willingly and knowingly violates s. 119.105 commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

However, no health care practitioner may supervise services beyond the scope of the practitioner's license.

(2)(a) Every clinic, as defined in paragraph (1)(a), must register, and must at all times maintain a valid registration, with the Department of Health. Each clinic location shall be registered separately even though operated under the same business name or management, and each clinic shall appoint a medical director or clinical director.

(b) The department shall adopt rules necessary to implement the registration program, including rules establishing the specific registration procedures, forms, and fees. A health care practitioner may not serve as the clinical director if the services provided at the clinic are beyond the scope of that practitioner's license.

(b) The medical director or clinical director shall agree in writing to accept legal responsibility for the following activities on behalf of the clinic. The medical director or the clinical director shall:

1. Have signs identifying the medical director or clinical director posted in a conspicuous location within the clinic readily visible to all patients.

2. Ensure that all practitioners providing health care services or supplies to patients maintain a current active and unencumbered Florida license.

5. Serve as the clinic records holder as defined in s. 456.057.

6. Ensure compliance with the recordkeeping, office surgery, and adverse incident reporting requirements of chapter 456, the respective practice acts, and rules adopted thereunder.

7. Conduct systematic reviews of clinic billings to ensure that the billings are not fraudulent or unlawful. Upon discovery of an unlawful charge, the medical director shall take immediate corrective action.

(c) Any contract to serve as a medical director or a clinical director entered into or renewed by a physician or a licensed health care practitioner in violation of this section is void as contrary to public policy. This section shall apply to contracts entered into or renewed on or after October 1, 2001.

(d) The department, in consultation with the boards, shall adopt rules specifying limitations on the number of registered clinics and licensees for which a medical director or a clinical director may assume responsibility for purposes of this section. In determining the quality of supervision a medical director or a clinical director can provide, the department shall consider the number of clinic employees, clinic location, and services provided by the clinic.

(4)(a) All charges or reimbursement claims made by or on behalf of a clinic that is required to be registered under this section, but that is not so registered, are unlawful charges and therefore are noncompensable and unenforceable.

(c) Any licensed health care practitioner who violates this section is subject to discipline in accordance with chapter 456 and the respective practice act.

627.736 Required personal injury protection benefits; exclusions; priority; claims.—

(1) REQUIRED BENEFITS.—Every insurance policy complying with the security requirements of s. 627.733 shall provide personal injury protection to the named insured, relatives residing in the same household, persons operating the insured motor vehicle, passengers in such motor vehicle, and other persons struck by such motor vehicle and suffering bodily injury while not an occupant of a self-propelled vehicle, subject to the provisions of subsection (2) and paragraph (4)(d), to a limit of $10,000 for loss sustained by any such person as a result of bodily injury, sickness, disease, or death arising out of the ownership, maintenance, or use of a motor vehicle as follows:

(a) Medical benefits.—Eighty percent of all reasonable expenses for *medically* necessary medical, surgical, X-ray, dental, and rehabilitative services, including prosthetic devices, and *medically* necessary ambulance, hospital, and nursing services. Such benefits shall also include necessary remedial treatment and services recognized and permitted under the laws of the state for an injured person who relies upon spiritual means through prayer alone for healing, in accordance with his or her religious beliefs*; however, this sentence does not affect the determination of what other services or procedures are medically necessary*.

(b) Disability benefits.—Sixty percent of any loss of gross income and loss of earning capacity per individual from inability to work proximately caused by the injury sustained by the injured person, plus all expenses reasonably incurred in obtaining from others ordinary and necessary services in lieu of those that, but for the injury, the injured person would have performed without income for the benefit of his or her household. All disability benefits payable under this provision shall be paid not less than every 2 weeks.

(c) Death benefits.—Death benefits of $5,000 per individual. The insurer may pay such benefits to the executor or administrator of the deceased, to any of the deceased's relatives by blood or legal adoption or connection by marriage, or to any person appearing to the insurer to be equitably entitled thereto.

Only insurers writing motor vehicle liability insurance in this state may provide the required benefits of this section, and no such insurer shall require the purchase of any other motor vehicle coverage other than the purchase of property damage liability coverage as required by s. 627.7275 as a condition for providing such required benefits. Insurers may not require that property damage liability insurance in an amount greater than $10,000 be purchased in conjunction with personal injury protection. Such insurers shall make benefits and required property damage liability insurance coverage available through normal marketing channels. Any insurer writing motor vehicle liability insurance in this state who fails to comply with such availability requirement as a general business practice shall be deemed to have violated part X of chapter 626, and such violation shall constitute an unfair method of competition or an unfair or deceptive act or practice involving the business of insurance; and any such insurer committing such violation shall be subject to the penalties afforded in such part, as well as those which may be afforded elsewhere in the insurance code.

(4) BENEFITS; WHEN DUE.—Benefits due from an insurer under ss. 627.730-627.7405 shall be primary, except that benefits received under any workers' compensation law shall be credited against the benefits provided by subsection (1) and shall be due and payable as loss accrues, upon receipt of reasonable proof of such loss and the amount of expenses and loss incurred which are covered by the policy issued under ss. 627.730-627.7405. When the Agency for Health Care Administration provides, pays, or becomes liable for medical assistance under the Medicaid program related to injury, sickness, disease, or death arising out of the ownership, maintenance, or use of a motor vehicle, benefits under ss. 627.730-627.7405 shall be subject to the provisions of the Medicaid program.

(a) An insurer may require written notice to be given as soon as practicable after an accident involving a motor vehicle with respect to which the policy affords the security required by ss. 627.730-627.7405.

(b) Personal injury protection insurance benefits paid pursuant to this section shall be overdue if not paid within 30 days after the insurer is furnished written notice of the fact of a covered loss and of the amount of same. If such written notice is not furnished to the insurer as to the entire claim, any partial amount supported by written notice is overdue if not paid within 30 days after such written notice is furnished to the insurer. Any part or all of the remainder of the claim that is subsequently supported by written notice is overdue if not paid within 30 days after such written notice is furnished to the insurer. *When an insurer pays only a portion of a claim or rejects a claim, the insurer shall include with the partial payment or rejection an itemized specification of each item that the insurer had reduced, omitted, or declined to pay and any information that the insurer desires the claimant to consider related to the medical necessity of the denied treatment or to explain the reasonableness of the reduced charge, provided that this shall not limit the introduction of evidence at trial; and the insurer shall include the name and address of the person to whom the claimant should respond and a claim number to be referenced in future correspondence.* However, *notwithstanding the fact that written notice has been furnished to the insurer,* any payment shall not be deemed overdue when the insurer has reasonable proof to establish that the insurer is not responsible for the payment~~, notwithstanding that written notice has been furnished to the insurer~~. For the purpose of calculating the extent to which any benefits are overdue, payment shall be treated as being made on the date a draft or other valid instrument which is equivalent to payment was placed in the United States mail in a properly addressed, postpaid envelope or, if not so posted, on the date of delivery. *This paragraph does not preclude or limit the ability of the insurer to assert that the claim was unrelated, was not medically necessary, or was unreasonable or that the amount of the charge was in excess of that permitted under, or in violation of, subsection (5). Such assertion by the insurer may be made at any time, including after payment of the claim or after the 30-day time period for payment set forth in this paragraph.*

(c) All overdue payments shall bear simple interest at the rate *established by the Comptroller under s. 55.03 or the rate established in the insurance contract, whichever is greater, for the year in which the payment became overdue, calculated from the date the insurer was furnished with written notice of the amount of covered loss. Interest shall be due at the time payment of the overdue claim is made* ~~of 10 percent per year~~.

(d) The insurer of the owner of a motor vehicle shall pay personal injury protection benefits for:

1. Accidental bodily injury sustained in this state by the owner while occupying a motor vehicle, or while not an occupant of a self-propelled vehicle if the injury is caused by physical contact with a motor vehicle.

2. Accidental bodily injury sustained outside this state, but within the United States of America or its territories or possessions or Canada, by the owner while occupying the owner's motor vehicle.

3. Accidental bodily injury sustained by a relative of the owner residing in the same household, under the circumstances described in subparagraph 1. or subparagraph 2., provided the relative at the time of the accident is domiciled in the owner's household and is not himself or herself the owner of a motor vehicle with respect to which security is required under ss. 627.730-627.7405.

4. Accidental bodily injury sustained in this state by any other person while occupying the owner's motor vehicle or, if a resident of this state, while not an occupant of a self-propelled vehicle, if the injury is caused by physical contact with such motor vehicle, provided the injured person is not himself or herself:

a. The owner of a motor vehicle with respect to which security is required under ss. 627.730-627.7405; or

b. Entitled to personal injury benefits from the insurer of the owner or owners of such a motor vehicle.

(e) If two or more insurers are liable to pay personal injury protection benefits for the same injury to any one person, the maximum payable shall be as specified in subsection (1), and any insurer paying the benefits shall be entitled to recover from each of the other insurers an equitable pro rata share of the benefits paid and expenses incurred in processing the claim.

~~(f) Medical payments insurance, if available in a policy of motor vehicle insurance, shall pay the portion of any claim for personal injury protection medical benefits which is otherwise covered but is not payable due to the coinsurance provision of paragraph (1)(a), regardless of whether the full amount of personal injury protection coverage has been exhausted. The benefits shall not be payable for the amount of any deductible which has been selected.~~

(f)~~(g)~~ It is a violation of the insurance code for an insurer to fail to timely provide benefits as required by this section with such frequency as to constitute a general business practice.

(5) CHARGES FOR TREATMENT OF INJURED PERSONS.—

(a) Any physician, hospital, clinic, or other person or institution lawfully rendering treatment to an injured person for a bodily injury covered by personal injury protection insurance may charge only a reasonable amount for the ~~products,~~ services~~,~~ and *supplies* ~~accommodations~~ rendered, and the insurer providing such coverage may pay for such charges directly to such person or institution lawfully rendering such treatment, if the insured receiving such treatment or his or her guardian has countersigned the invoice, bill, or claim form approved by the Department of Insurance upon which such charges are to be paid for as having actually been rendered, to the best knowledge of the insured or his or her guardian. In no event, however, may such a charge be in excess of the amount the person or institution customarily charges for like ~~products,~~ services~~,~~ or *supplies* ~~accommodations~~ in cases involving no insurance.~~, provided that~~

(b)1. An insurer or insured is not required to pay a claim made by a broker or by a person making a claim on behalf of a broker.

2. Charges for *medically necessary* cephalic thermograms, ~~and~~ peripheral thermograms*, spinal ultrasounds, extremity ultrasounds, video fluoroscopy, and surface electromyography* shall not exceed the maximum reimbursement allowance for such procedures as set forth in the applicable fee schedule *or other payment methodology* established pursuant to s. 440.13.

3. Payments by an insurer for medically necessary nerve conduction testing when done in conjunction with a needle electromyography procedure and both are performed and billed solely by a physician licensed under chapter 458, chapter 459, chapter 460, or chapter 461 who is also certified by the American Board of Electrodiagnostic Medicine or by a board recognized by the American Board of Medical Specialties or who holds diplomate status with the American Chiropractic Neurology Board or its predecessors shall not exceed 175 percent of the payment amount under Medicare Part B for year 2001, adjusted annually by an additional amount equal to the medical Consumer Price Index for Florida.

4. Payments by an insurer for medically necessary nerve conduction testing that does not meet the requirements of subparagraph 3. shall not exceed the applicable fee schedule or other payment methodology established pursuant to s. 440.13.

5. Effective upon this act becoming a law and before November 1, 2001, payments for magnetic resonance imaging services shall not exceed 200 percent of the payment amount under Medicare Part B for year 2001. Beginning November 1, 2001, payments for magnetic resonance imaging services shall not exceed 150 percent of the payment amount under Medicare Part B for year 2001, adjusted annually by an additional amount equal to the medical Consumer Price Index for Florida, except that payments for magnetic resonance imaging services provided in facilities accredited by the American College of Radiology or the Joint Commission on Accreditation of Healthcare Organizations shall not exceed 175 percent of the payment amount under Medicare Part B for year 2001, adjusted annually by an additional amount equal to the medical Consumer Price Index for Florida. This paragraph does not apply to charges for magnetic resonance imaging services and nerve conduction testing for inpatients and emergency services services and nerve conduction testing for inpatients and emergency services and care as defined in chapter 395 rendered by facilities licensed under chapter 395.

(c)~~(b)~~ With respect to any treatment or service, other than medical services billed by a hospital *or other provider* for *emergency* services *as defined in s. 395.002 or inpatient services* rendered at a hospital-owned facility, the statement of charges must be furnished to the insurer by the provider and may not include, and the insurer is not required to pay, charges for treatment or services rendered more than *35* ~~30~~ days before the postmark date of the statement, except for past due amounts previously billed on a timely basis under this paragraph, and except that, if the provider submits to the insurer a notice of initiation of treatment within 21 days after its first examination or treatment of the claimant, the statement may include charges for treatment or services rendered up to, but not more than, *75* ~~60~~ days before the postmark date of the statement. The injured party is not liable for, and the provider shall not bill the injured party for, charges that are unpaid because of the provider's failure to comply with this paragraph. Any agreement requiring the injured person or insured to pay for such charges is unenforceable. *If, however, the insured fails to furnish the provider with the correct name and address of the insured's personal injury protection insurer, the provider has 35 days from the date the provider obtains the correct information to furnish the insurer with a statement of the charges. The insurer is not required to pay for such charges unless the provider includes with the statement documentary evidence that was provided by the insured during the 35-day period demonstrating that the provider reasonably relied on erroneous information from the insured and either:*

1. A denial letter from the incorrect insurer; or

2. Proof of mailing, which may include an affidavit under penalty of perjury, reflecting timely mailing to the incorrect address or insurer.

For emergency services and care as defined in s. 395.002 rendered in a hospital emergency department or for transport and treatment rendered by an ambulance provider licensed pursuant to part III of chapter 401, the provider is not required to furnish the statement of charges within the time periods established by this paragraph; and the insurer shall not be considered to have been furnished with notice of the amount of covered loss for purposes of paragraph (4)(b) until it receives a statement complying with paragraph *(e)* ~~(5)(d)~~, or copy thereof, which specifically identifies the place of service to be a hospital emergency department or an ambulance in accordance with billing standards recognized by the Health Care Finance Administration. Each notice of insured's rights under s. 627.7401 must include the following statement in type no smaller than 12 points:

> BILLING REQUIREMENTS.—Florida Statutes provide that with respect to any treatment or services, other than certain hospital and emergency services, the statement of charges furnished to the insurer by the provider may not include, and the insurer and the injured party are not required to pay, charges for treatment or services rendered more than *35* ~~30~~ days before the postmark date of the statement, except for past due amounts previously billed on a timely basis, and except that, if the provider submits to the insurer a notice of initiation of treatment within 21 days after its first examination or treatment of the claimant, the statement may include charges for treatment or services rendered up to, but not more than, *75* ~~60~~ days before the postmark date of the statement.

(d)~~(c)~~ Every insurer shall include a provision in its policy for personal injury protection benefits for binding arbitration of any claims dispute involving medical benefits arising between the insurer and any person providing medical services or supplies if that person has agreed to accept assignment of personal injury protection benefits. The provision shall specify that the provisions of chapter 682 relating to arbitration shall apply. The prevailing party shall be entitled to attorney's fees and costs. For purposes of the award of attorney's fees and costs, the prevailing party shall be determined as follows:

1. When the amount of personal injury protection benefits determined by arbitration exceeds the sum of the amount offered by the insurer at arbitration plus 50 percent of the difference between the amount of the claim asserted by the claimant at arbitration and the amount offered by the insurer at arbitration, the claimant is the prevailing party.

2. When the amount of personal injury protection benefits determined by arbitration is less than the sum of the amount offered by the insurer at arbitration plus 50 percent of the difference between the amount of the claim asserted by the claimant at arbitration and the amount offered by the insurer at arbitration, the insurer is the prevailing party.

3. When neither subparagraph 1. nor subparagraph 2. applies, there is no prevailing party. For purposes of this paragraph, the amount of the offer or claim at arbitration is the amount of the last written offer or claim made at least 30 days prior to the arbitration.

4. In the demand for arbitration, the party requesting arbitration must include a statement specifically identifying the issues for arbitration for each examination or treatment in dispute. The other party must subsequently issue a statement specifying any other examinations or treatment and any other issues that it intends to raise in the arbitration. The parties may amend their statements up to 30 days prior to arbitration, provided that arbitration shall be limited to those identified issues and neither party may add additional issues during arbitration.

(e)~~(d)~~ All statements and bills for medical services rendered by any physician, hospital, clinic, or other person or institution shall be submitted to the insurer on a Health Care Finance Administration 1500

form, UB 92 forms, or any other standard form approved by the department for purposes of this paragraph. All billings for such services shall, to the extent applicable, follow the Physicians' Current Procedural Terminology (CPT) in the year in which services are rendered. No statement of medical services may include charges for medical services of a person or entity that performed such services without possessing the valid licenses required to perform such services. For purposes of paragraph (4)(b), an insurer shall not be considered to have been furnished with notice of the amount of covered loss or medical bills due unless the statements or bills comply with this paragraph.

(6) DISCOVERY OF FACTS ABOUT AN INJURED PERSON; DISPUTES.—

(b) Every physician, hospital, clinic, or other medical institution providing, before or after bodily injury upon which a claim for personal injury protection insurance benefits is based, any products, services, or accommodations in relation to that or any other injury, or in relation to a condition claimed to be connected with that or any other injury, shall, if requested to do so by the insurer against whom the claim has been made, furnish forthwith a written report of the history, condition, treatment, dates, and costs of such treatment of the injured person, *and a response as to why certain items identified by the insurer are medically necessary and as to why certain items identified by the insurer are reasonable in amount,* together with a sworn statement that the treatment or services rendered were reasonable and necessary with respect to the bodily injury sustained and identifying which portion of the expenses for such treatment or services was incurred as a result of such bodily injury, and produce forthwith, and permit the inspection and copying of, his or her or its records regarding such history, condition, treatment, dates, and costs of treatment*; provided that this shall not limit the introduction of evidence at trial*. Such sworn statement shall read as follows: "Under penalty of perjury, I declare that I have read the foregoing, and the facts alleged are true, to the best of my knowledge and belief." No cause of action for violation of the physician-patient privilege or invasion of the right of privacy shall be permitted against any physician, hospital, clinic, or other medical institution complying with the provisions of this section. The person requesting such records and such sworn statement shall pay all reasonable costs connected therewith. If an insurer makes a written request for documentation *or information* under this paragraph within *30* ~~20~~ days after having received notice of the amount of a covered loss under paragraph (4)(a), *the amount or the partial amount which is the subject of the insurer's inquiry shall become overdue if the insurer does not pay* ~~the insurer shall pay the amount or partial amount of covered loss to which such documentation relates~~ in accordance with paragraph (4)(b) or within 10 days after the insurer's receipt of the requested documentation *or information*, whichever occurs later. For purposes of this paragraph, the term "receipt" includes, but is not limited to, inspection and copying pursuant to this paragraph. *Any insurer that requests documentation or information pertaining to reasonableness of charges or medical necessity under this paragraph without a reasonable basis for such requests as a general business practice is engaging in an unfair trade practice under the insurance code.*

(7) MENTAL AND PHYSICAL EXAMINATION OF INJURED PERSON; REPORTS.—

(a) Whenever the mental or physical condition of an injured person covered by personal injury protection is material to any claim that has been or may be made for past or future personal injury protection insurance benefits, such person shall, upon the request of an insurer, submit to mental or physical examination by a physician or physicians. The costs of any examinations requested by an insurer shall be borne entirely by the insurer. Such examination shall be conducted within the municipality where the insured is receiving treatment, or in a location reasonably accessible to the insured, which, for purposes of this paragraph, means any location within the municipality in which the insured resides, or any location within 10 miles by road of the insured's residence, provided such location is within the county in which the insured resides. If the examination is to be conducted in a location reasonably accessible to the insured, and if there is no qualified physician to conduct the examination in a location reasonably accessible to the insured, then such examination shall be conducted in an area of the closest proximity to the insured's residence. Personal protection insurers are authorized to include reasonable provisions in personal injury protection insurance policies for mental and physical examination of those claiming personal injury protection insurance benefits. An insurer may not withdraw payment of a treating physician without the consent of the injured person covered by the personal injury protection, unless the insurer first obtains a *valid* report by a physician licensed under the same chapter as the treating physician whose treatment authorization is sought to be withdrawn, stating that treatment was not reasonable, related, or necessary. *A valid report is one that is prepared and signed by the physician examining the injured person or reviewing the treatment records of the injured person and is factually supported by the examination and treatment records if reviewed and that has not been modified by anyone other than the physician. The physician preparing the report must be in active practice, unless the physician is physically disabled. Active practice means that during the 3 years immediately preceding the date of the physical examination or review of the treatment records the physician must have devoted professional time to the active clinical practice of evaluation, diagnosis, or treatment of medical conditions or to the instruction of students in an accredited health professional school or accredited residency program or a clinical research program that is affiliated with an accredited health professional school or teaching hospital or accredited residency program.*

(b) If requested by the person examined, a party causing an examination to be made shall deliver to him or her a copy of every written report concerning the examination rendered by an examining physician, at least one of which reports must set out the examining physician's findings and conclusions in detail. After such request and delivery, the party causing the examination to be made is entitled, upon request, to receive from the person examined every written report available to him or her or his or her representative concerning any examination, previously or thereafter made, of the same mental or physical condition. By requesting and obtaining a report of the examination so ordered, or by taking the deposition of the examiner, the person examined waives any privilege he or she may have, in relation to the claim for benefits, regarding the testimony of every other person who has examined, or may thereafter examine, him or her in respect to the same mental or physical condition. If a person unreasonably refuses to submit to an examination, the personal injury protection carrier is no longer liable for subsequent personal injury protection benefits.

(8) APPLICABILITY OF PROVISION REGULATING ATTORNEY'S FEES.—With respect to any dispute under the provisions of ss. 627.730-627.7405 between the insured and the insurer, *or between an assignee of an insured's rights and the insurer,* the provisions of s. 627.428 shall apply*, except as provided in subsection (11)*.

(11) DEMAND LETTER.—

(a) As a condition precedent to filing any action for an overdue claim for benefits under paragraph (4)(b), the insurer must be provided with written notice of an intent to initiate litigation; provided, however, that, except with regard to a claim or amended claim or judgment for interest only which was not paid or was incorrectly calculated, such notice is not required for an overdue claim that the insurer has denied or reduced, nor is such notice required if the insurer has been provided documentation or information at the insurer's request pursuant to subsection (6). Such notice may not be sent until the claim is overdue, including any additional time the insurer has to pay the claim pursuant to paragraph (4)(b).

(b) The notice required shall state that it is a "demand letter under s. 627.736(11)" and shall state with specificity:

1. The name of the insured upon which such benefits are being sought.

2. The claim number or policy number upon which such claim was originally submitted to the insurer.

3. To the extent applicable, the name of any medical provider who rendered to an insured the treatment, services, accommodations, or supplies that form the basis of such claim; and an itemized statement specifying each exact amount, the date of treatment, service, or accommodation, and the type of benefit claimed to be due. A completed Health Care Finance Administration 1500 form, UB 92, or successor forms approved by the Secretary of the U.S. Department of Health and Human Services may be used as the itemized statement.

(c) Each notice required by this section must be delivered to the insurer by U.S. certified or registered mail, return receipt requested. Such postal costs shall be reimbursed by the insurer if so requested by the provider in the notice, when the insurer pays the overdue claim. Such notice must be sent to the person and address specified by the insurer for the purposes of receiving notices under this section, on the document denying or reducing the amount asserted by the filer to be overdue. Each licensed insurer, whether domestic, foreign, or alien, may file with the department designation of the name and address of the person to whom notices pursuant to this section shall be sent when such document does not specify the name and address to whom the notices under this section are to be sent or when there is no such document. The name and address on file with the department pursuant to s. 624.422 shall be deemed the authorized representative to accept notice pursuant to this section in the event no other designation has been made.

(d) If, within 7 business days after receipt of notice by the insurer, the overdue claim specified in the notice is paid by the insurer together with applicable interest and a penalty of 10 percent of the overdue amount paid by the insurer, subject to a maximum penalty of $250, no action for nonpayment or late payment may be brought against the insurer. To the extent the insurer determines not to pay the overdue amount, the penalty shall not be payable in any action for nonpayment or late payment. For purposes of this subsection, payment shall be treated as being made on the date a draft or other valid instrument that is equivalent to payment is placed in the United States mail in a properly addressed, postpaid envelope, or if not so posted, on the date of delivery. The insurer shall not be obligated to pay any attorney's fees if the insurer pays the claim within the time prescribed by this subsection.

(e) The applicable statute of limitation for an action under this section shall be tolled for a period of 15 business days by the mailing of the notice required by this subsection.

(f) Any insurer making a general business practice of not paying valid claims until receipt of the notice required by this section is engaging in an unfair trade practice under the insurance code.

(12) CIVIL ACTION FOR INSURANCE FRAUD.—An insurer shall have a cause of action against any person convicted of, or who, regardless of adjudication of guilt, pleads guilty or nolo contendere to insurance fraud under s. 817.234, patient brokering under s. 817.505, or kickbacks under s. 456.054, associated with a claim for personal injury protection benefits in accordance with s. 627.736. An insurer prevailing in an action brought under this subsection may recover compensatory, consequential, and punitive damages subject to the requirements and limitations of part II of chapter 768, and attorney's fees and costs incurred in litigating a cause of action against any person convicted of, or who, regardless of adjudication of guilt, pleads guilty or nolo contendere to insurance fraud under s. 817.234, patient brokering under s. 817.505, or kickbacks under s. 456.054, associated with a claim for personal injury protection benefits in accordance with s. 627.736.

Section 7. Effective October 1, 2001, subsections (8) and (9) of section 817.234, Florida Statutes, are amended to read:

817.234 False and fraudulent insurance claims.—

(8) It is unlawful for any person, in his or her individual capacity or in his or her capacity as a public or private employee, or for any firm, corporation, partnership, or association, to solicit *or cause to be solicited* any business *from a person involved in a motor vehicle accident by any means of communication other than advertising directed to the public* ~~in or about city receiving hospitals, city and county receiving hospitals, county hospitals, justice courts, or municipal courts; in any public institution; in any public place; upon any public street or highway; in or about private hospitals, sanitariums, or any private institution; or upon private property of any character whatsoever~~ for the purpose of making motor vehicle tort claims or claims for personal injury protection benefits required by s. 627.736. *Charges for any services rendered by a health care provider or attorney who violates this subsection in regard to the person for whom such services were rendered are noncompensable and unenforceable as a matter of law.* Any person who violates the provisions of this subsection commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(9) It is unlawful for any attorney to solicit any business relating to the representation of *a person involved* ~~persons injured~~ in a motor vehicle accident for the purpose of filing a motor vehicle tort claim or a claim for personal injury protection benefits required by s. 627.736. The solicitation by advertising of any business by an attorney relating to the representation of a person injured in a specific motor vehicle accident is prohibited by this section. Any attorney who violates the provisions of this subsection commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084. Whenever any circuit or special grievance committee acting under the jurisdiction of the Supreme Court finds probable cause to believe that an attorney is guilty of a violation of this section, such committee shall forward to the appropriate state attorney a copy of the finding of probable cause and the report being filed in the matter. This section shall not be interpreted to prohibit advertising by attorneys which does not entail a solicitation as described in this subsection and which is permitted by the rules regulating The Florida Bar as promulgated by the Florida Supreme Court.

Most of all, Father, we're grateful for our people and we're grateful for their representation here today. Bless us with humility in victory. Grant us peace in our darkest hours. Amendment 2—
Remove from the bill: Everything after the enacting clause

and insert in lieu thereof:

Section 1. Paragraph (nn) is added to subsection (1) of section 458.331, Florida Statutes, is amended to

458.331 Grounds for disciplinary action; action by the board and department.—

(1) The following acts shall constitute grounds for which the disciplinary actions specified in subsection (2) may be taken:

(nn) Except as otherwise provided herein, delegating ocular post-operative responsibilities to a person other than an ophthalmologist licensed as a physician under this chapter or chapter 459 or an ophthalmologist with an active, unencumbered license in another state in which the patient is a resident. Nothing herein shall be construed to prohibit an ophthalmologist performing ocular surgery from delegating ocular post-operative responsibilities relating to that ocular surgery to a board certified optometrist licensed under chapter 463; provided, that the delegation occurs no sooner than 7 days following the ocular surgery, the board certified optometrist is under general supervision by the operating surgeon or an equivalently trained ophthalmologist, and the operating surgeon remains responsible for the management of the patient's postoperative care. General supervision means regular reporting to the

surgeon, and immediate availability of an ocular surgeon for consultation or to direct treatment.

(2) When the board finds any person guilty of any of the grounds set forth in subsection (1), including conduct that would constitute a substantial violation of subsection (1) which occurred prior to licensure, it may enter an order imposing one or more of the following penalties:

(a) Refusal to certify, or certification with restrictions, to the department an application for licensure, certification, or registration.

(b) Revocation or suspension of a license.

(c) Restriction of practice.

(d) Imposition of an administrative fine not to exceed $10,000 for each count or separate offense.

(e) Issuance of a reprimand.

(f) Placement of the physician on probation for a period of time and subject to such conditions as the board may specify, including, but not limited to, requiring the physician to submit to treatment, to attend continuing education courses, to submit to reexamination, or to work under the supervision of another physician.

(h) Corrective action.

(i) Refund of fees billed to and collected from the patient.

(j) Imposition of an administrative fine in accordance with s. 381.0261 for violations regarding patient rights.

In determining what action is appropriate, the board must first consider what sanctions are necessary to protect the public or to compensate the patient. Only after those sanctions have been imposed may the disciplining authority consider and include in the order requirements designed to rehabilitate the physician. All costs associated with compliance with orders issued under this subsection are the obligation of the physician.

Section 1. Subsection (1), paragraph (a) of subsection (2), paragraph (e) of subsection (4), paragraph (b) of subsection (8), and paragraphs (a) and (b) of subsection (9) of section 121.4501, Florida Statutes, are amended, and paragraph (f) is added to subsection (9) of said section, to read:

121.4501 Public Employee Optional Retirement Program.—

(1) The Trustees of the State Board of Administration shall establish an optional defined contribution retirement program for members of the Florida Retirement System under which retirement benefits will be provided for eligible employees who elect to participate in the program. The benefits to be provided for or on behalf of participants in such optional retirement program shall be provided through employee-directed investments, in accordance with s. 401(a) of the Internal Revenue Code and its related regulations. (e) After the period during which an eligible employee had the choice to elect the defined benefit program or the Public Employee Optional Retirement Program, the employee shall have one opportunity, *that is, a second election,* ~~at the employee's discretion,~~ to choose to move from the defined benefit program to the Public Employee Optional Retirement Program or from the Public Employee Optional Retirement Program to the defined benefit program. This paragraph shall be contingent upon approval from the Internal Revenue Service for including the choice described herein within the programs offered by the Florida Retirement System.

1. If the employee chooses to move to the Public Employee Optional Retirement Program, the applicable provisions of this section shall govern the transfer.

2. If the employee chooses to move *from the Public Employee Optional Retirement Program* to the defined benefit program, the employee must transfer from his or her *optional program* ~~Public Employee Optional Retirement Program~~ account and from other employee moneys as necessary, a sum representing all contributions that would have been made to the defined benefit plan for that employee and the actual return that would have been earned on those contributions had they been invested in the defined benefit program.

If, at the time of a member's election to transfer to the defined benefit program, the member's optional program account does not contain the total amount required to be transferred to the defined benefit program, the member must pay the remaining balance. If the member's optional program account contains more than the amount required to be transferred to the defined benefit program, such additional amount shall remain in the member's optional program account.

(8) ADMINISTRATION OF PROGRAM.—

(b)1. The state board shall select and contract with one third-party administrator to provide administrative services*, where those services do not duplicate services provided by the Division of Retirement within the Department of Management Services*. With the approval of the state board, the third-party administrator may subcontract with other organizations or individuals to provide components of the administrative services. As a cost of administration, the board may compensate any such contractor for its services, in accordance with the terms of the contract, as is deemed necessary or proper by the board. The third-party administrator may not be an approved provider or be affiliated with an approved provider.

2. *These* administrative services *may* include, but are not limited to, *enrollment of eligible employees, collection of employer contributions, disbursement of such contributions to approved providers in accordance with the allocation directions of participants;* services relating to consolidated billing; individual and collective recordkeeping and accounting; asset purchase, control, and safekeeping; and direct disbursement of funds to and from the third-party administrator, the division, the board, employers, participants, approved providers, and beneficiaries. *Nothing in this section shall prevent or prohibit a bundled provider from providing any administrative or customer service, including accounting and administration of individual participant benefits and contributions; individual participant recordkeeping; asset purchase, control, and safekeeping; direct execution of the participant's instructions as to asset and contribution allocation; calculation of daily net asset values; direct access to participant account information; periodic reporting to participants, at least quarterly, on account balances and transactions.*

3. The state board shall select and contract with one or more organizations to provide educational services. With approval of the board, the organizations may subcontract with other organizations or individuals to provide components of the educational services. The education organization may not be an approved provider or be affiliated with an approved provider.

4. Educational services shall be designed by the board and department to assist employers, eligible employees, participants, and beneficiaries in order to maintain compliance with United States Department of Labor regulations under s. 404(c) of the Employee Retirement Income Security Act of 1974 and to assist employees in their choice of defined benefit or defined contribution retirement alternatives. Educational services include, but are not limited to, disseminating educational materials; providing retirement planning education; explaining the differences between the defined benefit retirement plan and the defined contribution retirement plan; and offering financial planning guidance on matters such as investment diversification, investment risks, investment costs, and asset allocation. An approved provider may also provide educational information, including retirement planning and investment allocation information concerning its products and services.

(9) INVESTMENT OPTIONS OR PRODUCTS; PERFORMANCE REVIEW.—

(a) The board shall develop policy and procedures for selecting, evaluating, and monitoring the performance of approved providers and investment products to which employees may direct retirement contributions under the program. In accordance with such policy and procedures, the board shall designate and contract for a number of investment products as determined by the board. The board shall *also* select one or more *bundled* providers*, each of whom* ~~who~~ offer *nine* ~~multiple~~ investment *options and related services* ~~products~~ when such an approach is determined by the board to afford value to the participants otherwise not available through individual investment products. *Each approved bundled provider may offer investment options that provide participants with the opportunity to invest in each of the following asset classes, to be composed of individual options that represent either a single asset class or a combination thereof: money markets, U.S. fixed income, U.S. equities, and foreign stock.* The board shall review and manage all educational materials, contract terms, fee schedules, and other aspects of the approved provider relationships to ensure that no provider is unduly favored or penalized by virtue of its status within the plan.

(b) The board shall consider investment options or products it considers appropriate to give participants the opportunity to accumulate retirement benefits, subject to the following:

1. The Public Employee Optional Retirement Program must offer a diversified mix of low-cost investment products that span the risk-return spectrum*, and may include a guaranteed account as well as investment products such as individually allocated guaranteed and variable annuities, that meet the requirements of this subsection and that combine the ability to accumulate investment returns with the option of receiving lifetime income consistent with the long-term retirement security of a pension plan and similar to the lifetime income benefit provided by the Florida Retirement System*.

2. Investment options or products offered by the group of approved providers may include mutual funds, group annuity contracts, individual retirement annuities, interests in trusts, collective trusts, separate accounts, and other such financial instruments*, and shall include products that give participants the option of committing their contributions for an extended time period in an effort to obtain higher returns than could be obtained from investment products offering full liquidity*.

3. The board shall not contract with any provider that imposes a front-end, back-end, contingent, or deferred sales charge, or any other fee that limits or restricts the ability of participants to select any

investment product available in the optional program. *This prohibition shall not apply to fees or charges that are imposed on withdrawals from products that give participants the option of committing their contributions for an extended time period in an effort to obtain higher returns than could be obtained from investment products offering full liquidity, provided that the product in question, net of all fees and charges, produces material benefits relative to other comparable products in the program offering full liquidity.*

4. Fees or charges for insurance features, such as mortality and expense risk charges, shall be reasonable relative to the benefits provided.

(f)1. An approved provider shall comply with all applicable federal and state securities and insurance laws and regulations, as well as the applicable rules and guidelines of the National Association of Securities Dealers (NASD) governing the ethical marketing of investment products. In furtherance of this mandate, an approved provider must agree in its contract with the board to establish and maintain a compliance education and monitoring system to supervise the activities of all personnel who directly communicate with individual participants and recommend investment products, which system is consistent with National Association of Security Dealers rules.

2. Approved provider personnel who directly communicate with individual participants and who recommend investment products shall make an independent and unbiased determination as to whether an investment product is suitable for a particular participant.

3. The board shall develop procedures to receive and resolve participant complaints against a provider or approved provider personnel, and, when appropriate, refer such complaints to the appropriate regulatory agency.

4. Approved providers are prohibited from selling or in any way distributing any customer list or participant identification information generated through their offering of products or services through the optional retirement program.

Section 2. *The appointment of the executive director of the State Board of Administration shall be subject to the approval by a majority vote of the Board of Trustees of the State Board of Administration and the Governor must vote on the prevailing side. Such appointment must be reaffirmed in the same manner by the Board of Trustees on an annual basis.*

Such purchases must be made prior to the date the business first begins its productive operations, and delivery of the purchased item must be made within 12 months of that date.

2.a. Industrial machinery and equipment purchased for exclusive use by an expanding facility which is engaged in spaceport activities as defined by s. 212.02 or for use in expanding manufacturing facilities or plant units which manufacture, process, compound, or produce for sale items of tangible personal property at fixed locations in this state are exempt from any amount of tax imposed by this chapter in excess of *$40,000* ~~$50,000~~ per calendar year upon an affirmative showing by the taxpayer to the satisfaction of the department that such items are used to increase the productive output of such expanded facility or business by not less than 10 percent.

b. Notwithstanding any other provision of this section, industrial machinery and equipment purchased for use in expanding printing manufacturing facilities or plant units that manufacture, process, compound, or produce for sale items of tangible personal property at fixed locations in this state are exempt from any amount of tax imposed by this chapter upon an affirmative showing by the taxpayer to the satisfaction of the department that such items are used to increase the productive output of such an expanded business by not less than 10 percent.

3.a. To receive an exemption provided by subparagraph 1. or subparagraph 2., a qualifying business entity shall apply to the department for a temporary tax exemption permit. The application shall state that a new business exemption or expanded business exemption is being sought. Upon a tentative affirmative determination by the department pursuant to subparagraph 1. or subparagraph 2., the department shall issue such permit.

b. The applicant shall be required to maintain all necessary books and records to support the exemption. Upon completion of purchases of qualified machinery and equipment pursuant to subparagraph 1. or subparagraph 2., the temporary tax permit shall be delivered to the department or returned to the department by certified or registered mail.

c. If, in a subsequent audit conducted by the department, it is determined that the machinery and equipment purchased as exempt under subparagraph 1. or subparagraph 2. did not meet the criteria mandated by this paragraph or if commencement of production did not occur, the amount of taxes exempted at the time of purchase shall immediately be due and payable to the department by the business entity, together with the appropriate interest and penalty, computed from the date of purchase, in the manner prescribed by this chapter.

d. In the event a qualifying business entity fails to apply for a temporary exemption permit or if the tentative determination by the department required to obtain a temporary exemption permit is negative, a qualifying business entity shall receive the exemption provided in subparagraph 1. or subparagraph 2. through a refund of previously paid taxes. No refund may be made for such taxes unless the criteria mandated by subparagraph 1. or subparagraph 2. have been met and commencement of production has occurred.

4. The department shall promulgate rules governing applications for, issuance of, and the form of temporary tax exemption permits; provisions for recapture of taxes; and the manner and form of refund applications and may establish guidelines as to the requisites for an affirmative showing of increased productive output, commencement of production, and qualification for exemption.

5. The exemptions provided in subparagraphs 1. and 2. do not apply to machinery or equipment purchased or used by electric utility companies, communications companies, oil or gas exploration or production operations, publishing firms that do not export at least 50 percent of their finished product out of the state, any firm subject to regulation by the Division of Hotels and Restaurants of the Department of Business and Professional Regulation, or any firm which does not manufacture, process, compound, or produce for sale items of tangible personal property or which does not use such machinery and equipment in spaceport activities as required by this paragraph. The exemptions provided in subparagraphs 1. and 2. shall apply to machinery and equipment purchased for use in phosphate or other solid minerals severance, mining, or processing operations only by way of a prospective credit against taxes due under chapter 211 for taxes paid under this chapter on such machinery and equipment.

6. For the purposes of the exemptions provided in subparagraphs 1. and 2., these terms have the following meanings:

a. "Industrial machinery and equipment" means "section 38 property" as defined in s. 48(a)(1)(A) and (B)(i) of the Internal Revenue

Code, provided "industrial machinery and equipment" shall be construed by regulations adopted by the Department of Revenue to mean tangible property used as an integral part of spaceport activities or of the manufacturing, processing, compounding, or producing for sale of items of tangible personal property. Such term includes parts and accessories only to the extent that the exemption thereof is consistent with the provisions of this paragraph.

b. "Productive output" means the number of units actually produced by a single plant or operation in a single continuous 12-month period, irrespective of sales. Increases in productive output shall be measured by the output for 12 continuous months immediately following the completion of installation of such machinery or equipment over the output for the 12 continuous months immediately preceding such installation. However, if a different 12-month continuous period of time would more accurately reflect the increase in productive output of machinery and equipment purchased to facilitate an expansion, the increase in productive output may be measured during that 12-month continuous period of time if such time period is mutually agreed upon by the Department of Revenue and the expanding business prior to the commencement of production; provided, however, in no case may such time period begin later than 2 years following the completion of installation of the new machinery and equipment. The units used to measure productive output shall be physically comparable between the two periods, irrespective of sales.

And the title is amended as follows:

On page 1, line 14, after the semicolon,

insert: amending s. 212.08, F.S.; reducing the maximum amount of the tax which is imposed upon industrial machinery and equipment;

Rep. Wallace moved the adoption of the amendment, which was adopted by the required two-thirds vote.

Section 1. Paragraph (c) of subsection (5) of section 230.23, Florida Statutes, is amended to read:

230.23 Powers and duties of school board.—The school board, acting as a board, shall exercise all powers and perform all duties listed below:

(5) PERSONNEL.—Designate positions to be filled, prescribe qualifications for those positions, and provide for the appointment, compensation, promotion, suspension, and dismissal of employees as follows, subject to the requirements of chapter 231:

(c)*1.* Compensation and salary schedules.—Adopt a salary schedule or salary schedules designed to furnish incentives for improvement in training and for continued efficient service to be used as a basis for paying all school employees and fix and authorize the compensation of school employees on the basis thereof. A district school board, in determining the salary schedule for instructional personnel, must base a portion of each employee's compensation on performance demonstrated under s. 231.29, must consider the prior teaching experience of a person who has been designated state teacher of the year by any state in the United States, and must consider prior professional experience in the field of education gained in positions in addition to district level instructional and administrative positions. In developing the salary schedule, the district school board shall seek input from parents, teachers, and representatives of the business community. By June 30, 2002, or beginning with the full implementation of an annual assessment of learning gains, whichever occurs later, the adopted district school board budget must include a reserve to fully fund an additional 5 percent supplement for school administrators and instructional personnel. The district's performance-pay policy is subject to negotiation as provided in chapter 447; however, the adopted salary schedule must allow school administrators and instructional personnel who demonstrate outstanding performance, as measured under s. 231.29, to earn a 5 percent supplement in addition to their individual, negotiated salary. The supplements will be funded from the reserve funds adopted in the salary schedule. The Commissioner of Education shall determine whether the district school board's adopted salary schedule complies with the requirement for performance-based pay. If the district school board fails to comply by the required date, the commissioner shall withhold disbursements from the Educational Enhancement Trust Fund to the district until compliance is verified.

2. Terminal pay.—Adopt terminal pay policies for all personnel pursuant to ss. 231.40 and 231.481 and review such policies on an annual basis. Such review must include an analysis of the current-year liability of the district for terminal pay distributions to instructional personnel, administrative personnel, and educational support personnel, respectively.

Section 2. This act shall take effect July 1, 2001.

And the title is amended as follows:

(w) Soliciting or accepting new or renewal insurance risks by insolvent or impaired insurer prohibited; penalty.—

1. Whether or not delinquency proceedings as to the insurer have been or are to be initiated, but while such insolvency or impairment exists, no director or officer of an insurer, except with the written permission of the Department of Insurance, shall authorize or permit the insurer to solicit or accept new or renewal insurance risks in this state after such director or officer knew, or reasonably should have known, that the insurer was insolvent or impaired. "Impaired" includes impairment for capital or surplus, as defined in s. 631.011*(12)*~~(9)~~ and *(13)*~~(10)~~.

Section 2. Section 631.001, Florida Statutes, is amended to read:

(Substantial rewording of section. See s. 631.001, F.S., for present text.)

631.001 Construction; purposes.—

(1) The underlying purposes and policies of the provisions of this part, which are integral elements of the regulation of the business of insurance and are of vital public interest and concern, are to:

(a) Protect the interests of insureds, claimants, creditors, and the public.

(b) Provide a comprehensive scheme for the receivership of insurers.

(c) Establish this state as a reciprocal state in those states which, in substance and effect, enact the National Association of Insurance Commissioners Rehabilitation and Liquidation Model Act or the Uniform Insurers Liquidation Act.

(d) Make more efficient the administration of insurer receiverships on an interstate and international basis.

(e) Provide prompt corrective measures for any potentially dangerous condition in an insurer.

(f) Implement improved methods for rehabilitating insurers, which methods involve the cooperation and management expertise of the insurance industry.

(g) Enhance the efficiency and economy of liquidation through clarification and specification of the law to minimize legal uncertainty and litigation.

(h) Lessen the problems of interstate rehabilitation and liquidation of an entity subject to the provisions of this part by facilitating cooperation between states in the liquidation process and by extension of the scope of personal jurisdiction over debtors of the insurer outside this state.

(i) Establish a system which equitably apportions any unavoidable loss.

(j) Maximize recovery of assets for the benefit of the insurer and its policyholders, creditors, and estate.

(2) This part shall be liberally construed to effect the purposes stated in subsection (1) and shall specifically authorize the department in its capacity as administrator, conservator, rehabilitator, receiver, liquidator, or similar capacity to pursue any actions for damages or other recoveries on behalf of the insurer and its policyholders, creditors, and estate.

(3) This part may be cited as the "Insurers Rehabilitation and Liquidation Act."

Section 3. Section 631.011, Florida Statutes, is amended to read:

631.011 Definitions.—For the purpose of this part, the term:

(3) "Assets," as used in *this section* ~~subsections (8)-(10)~~, means only allowed assets as defined in chapter 625.

(4) "Bona fide holder for value" means a holder who, while not possessing information that would lead a reasonable person in the holder's position to believe that the insurer is financially impaired, and while unaware of the imminence or pendency of any receivership proceeding against the insurer, has, in the exercise of reasonable business judgment, exchanged his or her own funds, assets, or property for funds, assets, or property of the insurer having an equivalent market value.

(5)~~(4)~~ "Court" refers to the circuit court in which the receivership proceeding is pending.

(6)~~(5)~~ "Delinquency proceeding" means any proceeding commenced against an insurer pursuant to this chapter for the purpose of liquidating, rehabilitating, reorganizing, or conserving such insurer.

(7)~~(6)~~ "Domiciliary state" means the state in which an insurer is incorporated or organized or, in the case of an insurer incorporated or organized in a foreign country, the state in which such insurer, having become authorized to do business in such state, has, at the commencement of a delinquency proceeding, the largest amount of its assets held in trust and assets held on deposit for the benefit of its policyholders or policyholders and creditors in the United States; and any such insurer is deemed to be domiciled in such state.

(8) "Fair consideration" means that consideration which is given for property or assets of an insurer when, in exchange for the property or assets and in good faith, property is conveyed, services are rendered, or an enforceable obligation not invalidated by the receivership proceedings is created, having a value to the insurer of not less than the value of the property or assets given in exchange.

(9)~~(7)~~ "Foreign country" means territory not in any state.

When an order of conservation, rehabilitation, or liquidation is entered, the term also includes entitlements that existed prior to the entry of the order and those that may arise by operation of the provisions of this chapter or other provisions of law allowing the department to avoid prior transfers or assert other rights in its capacity as receiver. The term also includes all records and data that are otherwise the property of the insolvent insurer, however stored, including, but not limited to, claims and claim files, application files, litigation files, premium records, rate books, underwriting manuals, personnel records, or financial records, or similar records within the possession, custody, or control of a managing general agent, third-party administrator, management company, accountant, attorney, affiliate, or other person. The term does not include privileged or confidential documents of an insolvent insurer generated by a third party.

(21)~~(17)~~ "Secured claim" means any claim secured by mortgage, trust deed, pledge, deposit as security, escrow, or otherwise but does not include a special deposit claim, a claim against general assets, or a claim based on mere possession. The term also includes a claim which more than 4 months before the commencement of a delinquency proceeding in the state of the insurer's domicile has become a lien upon specific assets by reason of judicial process.

(22)~~(18)~~ "Special deposit claim" means any claim secured by a deposit made pursuant to statute for the security or benefit of a limited class or classes of persons, but not including any general assets.

(23)~~(19)~~ "State" is as defined in s. 624.08.

(6) No statute of limitations or defense of laches shall run with respect to any action by or against an insurer between the filing of a petition for conservation, rehabilitation, or liquidation against an insurer and the order granting or denying that petition. 631.113 Extension of time.—

(1) The running of any unexpired statute of limitations as to any claims brought by the administrator, conservator, rehabilitator, receiver, or liquidator, or an official or agency exercising powers pursuant to this chapter seeking damages or other recoveries on behalf of an insurer, its policyholders, its creditors, or its estate, shall be tolled for a period of 4 years from the entry of an order placing the administrator, conservator, rehabilitator, receiver, liquidator, or similar official or agency over the insurer, provided, if the delinquency proceedings brought pursuant to this chapter against the insurer terminate in less than 4 years, such tolling shall cease at the time when the proceedings are finally concluded, including all appeals therefrom. The provisions of chapter 95 shall be construed so as to be consistent with the provisions of this section. The receiver may institute any action or proceeding on behalf of the estate of the insurer while any statute of limitation is tolled pursuant to this section. The tolling shall be in addition to any other applicable tolling provision.

(2) For actions not covered by subsection (1), if any unexpired time period is fixed, by any agreement or in any proceeding, for doing any act for the benefit of the estate, the receiver shall have 180 days, or such longer period as the receivership court may allow for good cause shown, from the entry of the order of rehabilitation or liquidation to perform the act.

In the furtherance of such investigation, the department may:

(a) Examine and review any and all documents that are reasonably calculated to disclose or lead to the disclosure of the causes and reasons for the insolvency, the discovery and location of assets to be recovered, the recovery of such assets, the truth or falsity of statements filed with the department, and whether any law of this state, any other state, or the Federal Government has been violated.

(b) Take statements or depositions under oath of any person whose testimony is reasonably calculated to disclose or lead to the disclosure of the causes and reasons for the insolvency, the discovery of and location of assets to be recovered, the recovery of such assets, the truth or falsity of statements filed with the department, and whether any law of this state, any other state, or the Federal Government has been violated.

(2) In its capacity as receiver, the department may provide documents, books and records, other investigative products, work product, and analysis, including copies of any or all of the foregoing items, to the Division of Insurance Fraud or any other appropriate agency of state or federal government. The sharing of information, investigative products, or analysis shall not waive any work product or other privilege that would otherwise apply under common law, chapter 119, or any other law.

(3) The department, as the court's receiver, is granted the discretion to determine what books, records, documents, or testimony would be reasonably calculated to disclose or lead to the disclosure of the causes and reasons for the insolvency, the discovery and location of assets to be recovered, the recovery of the assets, the truth or falsity of statements filed with the department, and whether any law of this state or of the United States has been violated, subject to the court's power to review such determination or appoint a general master to review such determination.

A party asserting that any documents requested by the department under this section are not subject to review, or that any particular testimony may not be obtained, shall present such contention by written motion to the receivership court within 20 days after receipt of the request and shall be fully responsible for the loss of any evidence which occurs after the department first informs said party of its request therefor. The court shall, as expeditiously as possible, determine whether the department has abused its discretion in seeking such evidence or testimony, with the objecting party having the burden of proof. (1) Any person who is engaged in the business of insurance or who acts as or is an officer, director, agent, or employee of any person engaged in the business of insurance, or is involved, other than as an insured or beneficiary under a policy of insurance, in a transaction relating to the conduct of affairs of such a business, and who willfully obtains or uses, as defined in s. 812.012(2), any asset or property, including, but not limited to, moneys, funds, premiums, credits, or other property of an insurer, shall be liable to the department as receiver for the use and benefit of an insolvent insurer's estate, creditors, and policyholders, as follows:

(a) If such obtaining or using did not jeopardize the safety and soundness of an insurer and was not a significant cause of such insurer's being placed in conservation, rehabilitation, or liquidation, such person shall be liable only for the full amount of any asset obtained or used, plus prejudgment interest provided by law.

(b) If such obtaining or using jeopardized the safety and soundness of an insurer or was a significant cause of such insurer's being placed in conservation, rehabilitation, or liquidation, such person shall be liable for triple the full amount of any asset obtained or used, plus prejudgment interest provided by law on the original amount.

(2) Any person who is engaged in the business of insurance or who acts as or is an officer, director, agent, or employee of any person engaged in the business of insurance, or is involved, other than as an insured or beneficiary under a policy of insurance, in a transaction relating to the conduct of affairs of such a business, and who, while having actual knowledge or such constructive knowledge as should have been obtained through reasonable inquiry by a person in such position, if such person knowingly misreports, or knowingly makes any false entry of, a material fact in any book, report, or statement of an insurer with the intent to deceive such insurer, including any officer, employee, or agent of such insurer, the department, or any agent or examiner appointed by the department to examine the affairs of such person or of the insurer, concerning the financial condition or solvency of such business, shall be liable to the department as receiver for the use and benefit of an insolvent insurer's estate, creditors, and policyholders, as follows:

(a) If such misreporting did not jeopardize the safety and soundness of an insurer and was not a significant cause of such insurer's being placed in conservation, rehabilitation, or liquidation, such person shall be liable only for the full amount of any asset misreported.

(b) If such misreporting jeopardized the safety and soundness of an insurer or was a significant cause of such insurer's being placed in conservation, rehabilitation, or liquidation, such person shall be liable for triple the full amount of any asset misreported.

(3) If the asset or property that has been obtained or used was reported to the department as being available to the insurer as an admitted asset and such asset is unavailable to the receiver for payment of the obligations of the insurer at the time when a receivership proceeding is instituted, the obtaining or using shall be presumed to have jeopardized the safety and soundness of the insurer and to have been a significant cause of such insurer's being placed in conservation, rehabilitation, or liquidation, with the burden of proof on the defendants to show otherwise.

(4) If the receiver is successful in establishing a claim under this section, the receiver shall be entitled to recover all of its costs, investigative and other expenses, which shall include the department's in-house staff and staff attorney's expenses, costs, and salaries, expended in the prosecution of the action, and reasonable attorney's fees. The receiver shall be exempt from the provisions of s. 57.111.

The court may grant such other relief as may be appropriate, including, but not limited to, a full discharge of all liability and responsibility of the liquidator, the reservation of assets for administrative expenses incurred in the closing of the estate, and any other actions the department feels necessary or appropriate for closing the estate.

(2) Any remaining reserved assets that are provided for in subsection (1) and that may not be practicably or economically distributed to claimants shall be deposited into a segregated account to be known as the Closed Estate Fund Trust Account, if created by law. The department may use moneys held in the account for paying the administrative expenses of companies subject to this part that lack sufficient assets to allow the department to perform its duties and obligations under this part. An annual audit of the Closed Estate Fund Trust Account shall be performed regardless of its balance.

(3) The department may petition the court to reopen the proceedings for good cause shown, including the marshaling of additional assets, and the court may enter such other orders as may be deemed appropriate.

400.021 Definitions.—When used in this part, unless the context otherwise requires, the term:

The study shall include, but not be limited to, a review of the current use of electronic monitoring devices by nursing home facilities and their residents and other health care facilities, an analysis of other state laws and proposed legislation related to the mandated use of electronic monitoring devices in nursing home facilities, an analysis of the potential ramifications of requiring facilities to install such devices when requested by or on behalf of a resident, the impact of the devices on the privacy and dignity of both the resident on whose behalf the device is installed and other residents who may be affected by the device, the potential impact on improving the care of residents, the potential impact on the care environment and on staff recruitment and retention, appropriate uses of any tapes if mandated by law, including methods and time frames for reporting any questionable incidents to the facility and appropriate regulatory agencies, appropriate security needed to protect the integrity of tapes for both the protection of the resident and direct care staff, and the potential ramifications on the care environment of allowing the use of recorded tapes in legal proceedings, including any exceptions that should apply if prohibited. Section 4. Effective May 15, 2001, and applying to causes of action accruing on or after that date, section 400.023, Florida Statutes, is amended to read:

400.023 Civil enforcement.—

(1) Any resident whose rights as specified in this part are *violated* ~~deprived or infringed upon~~ shall have a cause of action ~~against any licensee responsible for the violation~~. The action may be brought by the resident or his or her guardian, by a person or organization acting on behalf of a resident with the consent of the resident or his or her guardian, or by the personal representative of the estate of a deceased resident *regardless of the cause of death. If the action alleges a claim for the resident's rights or for negligence that caused the death of the resident, the claimant shall be required to elect either survival damages pursuant to s. 46.021 or wrongful death damages pursuant to s. 768.21* ~~when the cause of death resulted from the deprivation or infringement of the decedent's rights~~. *If the action alleges a claim for the resident's rights or for negligence that did not cause the death of the resident, the personal representative of the estate may recover damages for the negligence that caused injury to the resident.* The action may be brought in any court of competent jurisdiction to enforce such rights and to recover actual and punitive damages for any *violation of* ~~deprivation or infringement on~~ the rights of a resident *or for negligence. Any resident who prevails in seeking injunctive relief or a claim for an administrative remedy is entitled to recover the costs of the action, and a reasonable attorney's fee assessed against the defendant not to exceed $25,000. Fees shall be awarded solely for the injunctive or administrative relief and not for any claim or action for damages whether such claim or action is brought together with a request for an injunction or administrative relief or as a separate action, except as provided under s. 768.79 or the Florida Rules of Civil Procedure. Sections 400.023-400.0238 provide the exclusive remedy for a cause of action for recovery of damages for the personal injury or death of a nursing home resident arising out of negligence or a violation of rights specified in s. 400.022. This section does not preclude theories of recovery not arising out of negligence or s. 400.022 which are available to a resident or to the agency. The provisions of chapter 766 do not apply to any cause of action brought under ss. 400.023-400.0238.* ~~Any plaintiff who prevails in any such action may be entitled to recover reasonable attorney's fees, costs of the action, and damages, unless the court finds that the plaintiff has acted in bad faith, with malicious purpose, and that there was a complete absence of a justiciable issue of either law or fact. A prevailing defendant may be entitled to recover reasonable attorney's fees pursuant to s. 57.105. The remedies provided in this section are in addition to and cumulative with other legal and administrative remedies available to a resident and to the agency.~~

(2) In any claim brought pursuant to this part alleging a violation of resident's rights or negligence causing injury to or the death of a resident, the claimant shall have the burden of proving, by a preponderance of the evidence, that:

(a) The defendant owed a duty to the resident;

(b) The defendant breached the duty to the resident;

(c) The breach of the duty is a legal cause of loss, injury, death or damage to the resident; and

(d) The resident sustained loss, injury, death or damage as a result of the breach.

Nothing in this part shall be interpreted to create strict liability. A violation of the rights set forth in s. 400.022 or in any other standard or guidelines specified in this part or in any applicable administrative standard or guidelines of this state or a federal regulatory agency shall be evidence of negligence but shall not be considered negligence per se.

~~(2) Attorneys' fees shall be based on the following criteria:~~

~~(a) The time and labor required;~~

~~(b) The novelty and difficulty of the questions;~~

~~(c) The skill requisite to perform the legal service properly;~~

~~(d) The preclusion of other employment by the attorney due to the acceptance of the case;~~

~~(e) The customary fee;~~

~~(f) Whether the fee is fixed or contingent;~~

~~(g) The amount involved or the results obtained;~~

~~(h) The experience, reputation, and ability of the attorneys;~~

~~(i) The costs expended to prosecute the claim;~~

~~(j) The type of fee arrangement between the attorney and the client;~~

~~(k) Whether the relevant market requires a contingency fee multiplier to obtain competent counsel;~~

~~(l) Whether the attorney was able to mitigate the risk of nonpayment in any way.~~

(3) In any claim brought pursuant to s. 400.023, a licensee, person or entity shall have a duty to exercise reasonable care. Reasonable care is that degree of care which a reasonably careful licensee, person or entity would use under like circumstances.

(4) In any claim for resident's rights violation or negligence by a nurse licensed under Part I of chapter 464, such nurse shall have the duty to exercise care consistent with the prevailing professional standard of care for a nurse. The prevailing professional standard of care for a nurse shall be that level of care, skill, and treatment which, in light of all relevant surrounding circumstances is recognized as acceptable and appropriate by reasonably prudent similar nurses.

(5)~~(3)~~ A licensee shall not be liable for the medical negligence of any physician rendering care or treatment to the resident except for the *administrative* services of a medical director as required in this part. Nothing in this subsection shall be construed to protect a licensee*, person, or entity* from liability for failure to provide a resident with appropriate observation, assessment, nursing diagnosis, planning, intervention, and evaluation of care by nursing staff.

(6) The resident or the resident's legal representative shall serve a copy of any complaint alleging in whole or in part a violation of any rights specified in this part to the Agency for Health Care Administration at the time of filing the initial complaint with the clerk of the court for the county in which the action is pursued. The requirement of providing a copy of the complaint to the agency does not impair the resident's legal rights or ability to seek relief for his or her claim.

(7) An action under this part for a violation of rights or negligence recognized herein is not a claim for medical malpractice, and the provision of s. 768.21(8) do not apply to a claim alleging death of the resident.

~~(4) Claimants alleging a deprivation or infringement of adequate and appropriate health care pursuant to s. 400.022(1)(k) which resulted in personal injury to or the death of a resident shall conduct an investigation which shall include a review by a licensed physician or registered nurse familiar with the standard of nursing care for nursing home residents pursuant to this part. Any complaint alleging such a deprivation or infringement shall be accompanied by a verified statement from the reviewer that there exists reason to believe that a deprivation or infringement occurred during the resident's stay at the nursing home. Such opinion shall be based on records or other information available at the time that suit is filed. Failure to provide records in accordance with the requirements of this chapter shall waive the requirement of the verified statement.~~

~~(5) For the purpose of this section, punitive damages may be awarded for conduct which is willful, wanton, gross or flagrant, reckless, or consciously indifferent to the rights of the resident.~~

~~(6) To recover attorney's fees under this section, the following conditions precedent must be met:~~

~~(a) Within 120 days after the filing of a responsive pleading or defensive motion to a complaint brought under this section and before trial, the parties or their designated representatives shall meet in mediation to discuss the issues of liability and damages in accordance with this paragraph for the purpose of an early resolution of the matter.~~

~~1. Within 60 days after the filing of the responsive pleading or defensive motion, the parties shall:~~

~~a. Agree on a mediator. If the parties cannot agree on a mediator, the defendant shall immediately notify the court, which shall appoint a mediator within 10 days after such notice.~~

~~b. Set a date for mediation.~~

~~c. Prepare an order for the court that identifies the mediator, the scheduled date of the mediation, and other terms of the mediation. Absent any disagreement between the parties, the court may issue the order for the mediation submitted by the parties without a hearing.~~

~~2. The mediation must be concluded within 120 days after the filing of a responsive pleading or defensive motion. The date may be extended only by agreement of all parties subject to mediation under this subsection.~~

~~3. The mediation shall be conducted in the following manner:~~

~~a. Each party shall ensure that all persons necessary for complete settlement authority are present at the mediation.~~

~~b. Each party shall mediate in good faith.~~

~~4. All aspects of the mediation which are not specifically established by this subsection must be conducted according to the rules of practice and procedure adopted by the Supreme Court of this state.~~

~~(b) If the parties do not settle the case pursuant to mediation, the last offer of the defendant made at mediation shall be recorded by the mediator in a written report that states the amount of the offer, the date the offer was made in writing, and the date the offer was rejected. If the matter subsequently proceeds to trial under this section and the plaintiff prevails but is awarded an amount in damages, exclusive of attorney's fees, which is equal to or less than the last offer made by the defendant at mediation, the plaintiff is not entitled to recover any attorney's fees.~~

~~(c) This subsection applies only to claims for liability and damages and does not apply to actions for injunctive relief.~~

~~(d) This subsection applies to all causes of action that accrue on or after October 1, 1999.~~

~~(7) Discovery of financial information for the purpose of determining the value of punitive damages may not be had unless the plaintiff shows the court by proffer or evidence in the record that a reasonable basis exists to support a claim for punitive damages.~~

~~(8) In addition to any other standards for punitive damages, any award of punitive damages must be reasonable in light of the actual harm suffered by the resident and the egregiousness of the conduct that caused the actual harm to the resident.~~

Section 5. Effective May 15, 2001, and applying to causes of action accruing on or after that date, section 400.0233, Florida Statutes, is created to read:

400.0233 Presuit notice; investigation; notification of violation of resident's rights or alleged negligence; claims evaluation procedure; informal discovery; review.—

(1) As used in this section, the term:

(a) "Claim for resident's rights violation or negligence" means a negligence claim alleging injury to or the death of a resident arising out of an asserted violation of the rights of a resident under s. 400.022 or an asserted deviation from the applicable standard of care.

(b) "Insurer" means any self-insurer authorized under s. 627.357, liability insurance carrier, Joint Underwriting Association, or any uninsured prospective defendant.

(2) Prior to filing a claim for a violation of a resident's rights or a claim for negligence, a claimant alleging injury to or the death of a resident shall notify each prospective defendant by certified mail, return receipt requested, of an asserted violation of a resident's rights provided in s. 400.022 or deviation from the standard of care. Such notification shall include an identification of the rights the prospective defendant has violated and the negligence alleged to have caused the incident or incidents and a brief description of the injuries sustained by the resident which are reasonably identifiable at the time of notice. The notice shall contain a certificate of counsel that counsel's reasonable investigation gave rise to a good-faith belief that grounds exist for an action against each prospective defendant.

(3)(a) No suit may be filed for a period of 75 days after notice is mailed to any prospective defendant. During the 75-day period, the prospective defendants or their insurers shall conduct an evaluation of the claim to determine the liability of each defendant and to evaluate the damages of the claimants. Each defendant or insurer of the defendant shall have a procedure for the prompt evaluation of claims during the 75-day period. The procedure shall include one or more of the following:

1. Internal review by a duly qualified facility risk manager or claims adjuster;

2. Internal review by counsel for each prospective defendant;

3. A quality assurance committee authorized under any applicable state or federal statutes or regulations;

4. Any other similar procedure that fairly and promptly evaluates the claims.

Each defendant or insurer of the defendant shall evaluate the claim in good faith.

(b) At or before the end of the 75 days, the defendant or insurer of the defendant shall provide the claimant with a written response:

1. Rejecting the claim; or

2. Making a settlement offer.

(c) The response shall be delivered to the claimant if not represented by counsel or to the claimant's attorney, by certified mail, return receipt requested. Failure of the prospective defendant or insurer of the defendant to reply to the notice within 75 days after receipt shall be deemed a rejection of the claim for purposes of this section.

(4) The notification of a violation of a resident's rights or alleged negligence shall be served within the applicable statute of limitations period; however, during the 75-day period, the statute of limitations is tolled as to all prospective defendants. Upon stipulation by the parties, the 75-day period may be extended and the statute of limitations is tolled during any such extension. Upon receiving written notice by certified mail, return receipt requested, of termination of negotiations in an extended period, the claimant shall have 60 days or the remainder of the period of the statute of limitations, whichever is greater, within which to file suit.

(5) No statement, discussion, written document, report, or other work product generated by presuit claims evaluation procedures under this section is discoverable or admissible in any civil action for any purpose by the opposing party. All participants, including, but not limited to, physicians, investigators, witnesses, and employees or associates of the defendant, are immune from civil liability arising from participation in the presuit claims evaluation procedure. Any licensed physician or registered nurse may be retained by either party to provide an opinion regarding the reasonable basis of the claim. The presuit opinions of the expert are not discoverable or admissible in any civil action for any purpose by the opposing party.

(6) Upon receipt by a prospective defendant of a notice of claim, the parties shall make discoverable information available without formal discovery as provided in subsection (7).

(7) Informal discovery may be used by a party to obtain unsworn statements and the production of documents or things as follows:

(a) Unsworn statements.—Any party may require other parties to appear for the taking of an unsworn statement. Such statements may be used only for the purpose of claims evaluation and are not discoverable or admissible in any civil action for any purpose by any party. A party seeking to take the unsworn statement of any party must give reasonable notice in writing to all parties. The notice must state the time and place for taking the statement and the name and address of the party to be examined. Unless otherwise impractical, the examination of any party must be done at the same time by all other parties. Any party may be represented by counsel at the taking of an unsworn statement. An unsworn statement may be recorded electronically, stenographically, or on videotape. The taking of unsworn statements is subject to the provisions of the Florida Rules of Civil Procedure and may be terminated for abuses.

(b) Documents or things.—Any party may request discovery of relevant documents or things. The documents or things must be produced, at the expense of the requesting party, within 20 days after the date of receipt of the request. A party is required to produce relevant and discoverable documents or things within that party's possession or control, if in good faith it can reasonably be done within the timeframe of the claims evaluation process.

(8) Each request for and notice concerning informal discovery pursuant to this section must be in writing, and a copy thereof must be sent to all parties. Such a request or notice must bear a certificate of service identifying the name and address of the person to whom the request or notice is served, the date of the request or notice, and the manner of service thereof.

(9) If a prospective defendant makes a written settlement offer, the claimant shall have 15 days from the date of receipt to accept the offer. An offer shall be deemed rejected unless accepted by delivery of a written notice of acceptance.

(10) To the extent not inconsistent with this part, the provisions of the Florida Mediation Code, Florida Rules of Civil Procedure, shall be applicable to such proceedings.

(11) Within 30 days after the claimant's receipt of the defendant's response to the claim, the parties or their designated representatives shall meet in mediation to discuss the issues of liability and damages in accordance with the mediation rules of practice and procedures adopted by the Supreme Court. Upon stipulation of the parties, this 30-day period may be extended and the statute of limitations is tolled during the mediation and any such extension. At the conclusion of mediation the claimant shall have 60 days or the remainder of the period of the statute of limitations, whichever is greater, within which to file suit.

Section 6. Effective May 15, 2001, and applying to causes of action accruing on or after that date, section 400.0234, Florida Statutes, is created to read:

400.0234 Availability of facility records for investigation of resident's rights violations and defenses; penalty.—

(1) Failure to provide complete copies of a resident's records including, but not limited to, all medical records and the resident's chart, within the control or possession of the facility in accordance with s. 400.145 shall constitute evidence of failure of that party to comply with good-faith discovery requirements and shall waive the good-faith certificate and presuit notice requirements under this part by the requesting party.

(2) No facility shall be held liable for any civil damages as a result of complying with this section.

Section 7. Effective May 15, 2001, and applying to causes of action accruing on or after that date, section 400.0235, Florida Statutes, is created to read:

400.0235 Certain provisions not applicable to actions under this part.—An action under this part for a violation of rights or negligence

recognized under this part is not a claim for medical malpractice, and the provisions of s. 768.21(8) do not apply to a claim alleging death of the resident.

Section 8. Effective May 15, 2001, section 400.0236, Florida Statutes, is created to read:

400.0236 Statute of limitations.—

(1) Any action for damages brought under this part shall be commenced within 2 years from the time the incident giving rise to the action occurred or within 2 years from the time the incident is discovered or should have been discovered with the exercise of due diligence; however, in no event shall the action be commenced later than 4 years from the date of the incident or occurrence out of which the cause of action accrued.

(2) In those actions covered by this subsection in which it can be shown that fraudulent concealment or intentional misrepresentation of fact prevented the discovery of the injury, the period of limitations is extended forward 2 years from the time that the injury is discovered with the exercise of due diligence, but in no event for more than 6 years from the date the incident giving rise to the injury occurred.

(3) This section shall apply to causes of action that have accrued prior to the effective date of this section; however, any such cause of action that would not have been barred under prior law may be brought within the time allowed by prior law or within 2 years after the effective date of this section, whichever is earlier, and will be barred thereafter. In actions where it can be shown that fraudulent concealment or intentional misrepresentation of fact prevented the discovery of the injury, the period of limitations is extended forward 2 years from the time that the injury is discovered with the exercise of due diligence but in no event more than 4 years from the effective date of this section.

Section 9. Section 400.0237, Florida Statutes, is created to read:

400.0237 Punitive damages; pleading; burden of proof.—

(1) In any action for damages brought under this part, no claim for punitive damages shall be permitted unless there is a reasonable showing by evidence in the record or proffered by the claimant which would provide a reasonable basis for recovery of such damages. The claimant may move to amend her or his complaint to assert a claim for punitive damages as allowed by the rules of civil procedure. The rules of civil procedure shall be liberally construed so as to allow the claimant discovery of evidence which appears reasonably calculated to lead to admissible evidence on the issue of punitive damages. No discovery of financial worth shall proceed until after the pleading concerning punitive damages is permitted.

(2) A defendant may be held liable for punitive damages only if the trier of fact, based on clear and convincing evidence, finds that the defendant was personally guilty of intentional misconduct or gross negligence. As used in this section, the term:

(a) "Intentional misconduct" means that the defendant had actual knowledge of the wrongfulness of the conduct and the high probability that injury or damage to the claimant would result and, despite that knowledge, intentionally pursued that course of conduct, resulting in injury or damage.

(b) "Gross negligence" means that the defendant's conduct was so reckless or wanting in care that it constituted a conscious disregard or indifference to the life, safety, or rights of persons exposed to such conduct.

(3) In the case of an employer, principal, corporation, or other legal entity, punitive damages may be imposed for the conduct of an employee or agent only if the conduct of the employee or agent meets the criteria specified in subsection (2) and:

(a) The employer, principal, corporation, or other legal entity actively and knowingly participated in such conduct;

(b) The officers, directors, or managers of the employer, principal, corporation, or other legal entity condoned, ratified, or consented to such conduct; or

(c) The employer, principal, corporation, or other legal entity engaged in conduct that constituted gross negligence and that contributed to the loss, damages, or injury suffered by the claimant.

(4) The plaintiff must establish at trial, by clear and convincing evidence, its entitlement to an award of punitive damages. The "greater weight of the evidence" burden of proof applies to a determination of the amount of damages.

(5) This section is remedial in nature and shall take effect upon becoming a law.

Section 10. Section 400.0238, Florida Statutes, is created to read:

400.0238 Punitive damages; limitation.—

(1)(a) Except as provided in paragraphs (b) and (c), an award of punitive damages may not exceed the greater of:

1. Three times the amount of compensatory damages awarded to each claimant entitled thereto, consistent with the remaining provisions of this section; or

2. The sum of $1 million.

(b) Where the fact finder determines that the wrongful conduct proven under this section was motivated primarily by unreasonable financial gain and determines that the unreasonably dangerous nature of the conduct, together with the high likelihood of injury resulting from the conduct, was actually known by the managing agent, director, officer, or other person responsible for making policy decisions on behalf of the defendant, it may award an amount of punitive damages not to exceed the greater of:

1. Four times the amount of compensatory damages awarded to each claimant entitled thereto, consistent with the remaining provisions of this section; or

2. The sum of $4 million.

(c) Where the fact finder determines that at the time of injury the defendant had a specific intent to harm the claimant and determines that the defendant's conduct did in fact harm the claimant, there shall be no cap on punitive damages.

(d) This subsection is not intended to prohibit an appropriate court from exercising its jurisdiction under s. 768.74 in determining the reasonableness of an award of punitive damages that is less than three times the amount of compensatory damages.

(e) In any case in which the findings of fact support an award of punitive damages pursuant to paragraph (b) or paragraph (c), the clerk of the court shall refer the case to the appropriate law enforcement agencies, to the state attorney in the circuit where the long-term care facility that is the subject of the underlying civil cause of action is located, and, for multijurisdictional facility owners, to the Office of the Statewide Prosecutor; and such agencies, state attorney, or Office of the Statewide Prosecutor shall initiate a criminal investigation into the conduct giving rise to the award of punitive damages. All findings by the trier of fact which support an award of punitive damages under this paragraph shall be admissible as evidence in any subsequent civil or criminal proceeding relating to the acts giving rise to the award of punitive damages under this paragraph.

(2) The claimant's attorney's fees, if payable from the judgment, are, to the extent that the fees are based on the punitive damages, calculated based on the final judgment for punitive damages. This subsection does not limit the payment of attorney's fees based upon an award of damages other than punitive damages.

(3) The jury may neither be instructed nor informed as to the provisions of this section.

(4) Notwithstanding any other law to the contrary, the amount of punitive damages awarded pursuant to this section shall be equally divided between the claimant and the Quality of Long-Term Care Facility Improvement Trust Fund, in accordance with the following provisions:

(a) The clerk of the court shall transmit a copy of the jury verdict to the State Treasurer by certified mail. In the final judgment the court shall order the percentages of the award, payable as provided herein.

(b) A settlement agreement entered into between the original parties to the action after a verdict has been returned must provide a proportionate share payable to the Quality of Long-Term Care Facility Improvement Trust Fund specified herein. For purposes of this paragraph, a proportionate share is a 50-percent share of that percentage of the settlement amount which the punitive damages portion of the verdict bore to the total of the compensatory and punitive damages in the verdict.

(c) The Department of Banking and Finance shall collect or cause to be collected all payments due the state under this section. Such payments are made to the Comptroller and deposited in the appropriate fund specified in this subsection.

(d) If the full amount of punitive damages awarded cannot be collected, the claimant and the other recipient designated pursuant to this subsection are each entitled to a proportionate share of the punitive damages collected.

(5) This section is remedial in nature and shall take effect upon becoming a law.

Section 11. Subsection (1) and paragraph (a) of subsection (2) of section 768.735, Florida Statutes, are amended and subsection (3) is added to that section to read:

768.735 Punitive damages; exceptions; limitation.—

(1) Sections 768.72(2)-(4), 768.725, and 768.73 do not apply to any civil action based upon child abuse, abuse of the elderly *under chapter 415*, or abuse of the developmentally disabled ~~or any civil action arising under chapter 400~~. Such actions are governed by applicable statutes and controlling judicial precedent. *This section does not apply to claims brought pursuant to s. 400.023 or s. 400.429.*

(2)(a) In any civil action based upon child abuse, abuse of the elderly *under chapter 415*, or abuse of the developmentally disabled, ~~or actions arising under chapter 400~~ and involving the award of punitive damages, the judgment for the total amount of punitive damages awarded to a claimant may not exceed three times the amount of compensatory damages awarded to each person entitled thereto by the trier of fact, except as provided in paragraph (b). This subsection does not apply to any class action.

(3) This section is remedial in nature and shall take effect upon becoming a law.

Section 12. Effective May 15, 2001, and applying to causes of action accruing on or after that date, section 415.1111, Florida Statutes, is amended to read:

415.1111 Civil actions.—A vulnerable adult who has been abused, neglected, or exploited as specified in this chapter has a cause of action against any perpetrator and may recover actual and punitive damages for such abuse, neglect, or exploitation. The action may be brought by the vulnerable adult, or that person's guardian, by a person or organization acting on behalf of the vulnerable adult with the consent of that person or that person's guardian, or by the personal representative of the estate of a deceased victim without regard to whether the cause of death resulted from the abuse, neglect, or exploitation. The action may be brought in any court of competent jurisdiction to enforce such action and to recover actual and punitive damages for any deprivation of or infringement on the rights of a vulnerable adult. A party who prevails in any such action may be entitled to recover reasonable attorney's fees, costs of the action, and damages. The remedies provided in this section are in addition to and cumulative with other legal and administrative remedies available to a vulnerable adult. *Notwithstanding the foregoing, any civil action for damages against any licensee or entity who establishes, controls, conducts, manages, or operates a facility licensed under part II of chapter 400 relating to its operation of the licensed facility shall be brought pursuant to s. 400.023, or against any licensee or entity who establishes, controls, conducts, manages, or operates a facility licensed under part III of chapter 400 relating to its operation of the licensed facility shall be brought pursuant to s. 400.429. Such licensee or entity shall not be vicariously liable for the acts or omissions of its employees or agents or any other third party in an action brought under this section.*

Section 13. Subsection (17) is added to section 400.0255, Florida Statutes, to read:

400.0255 Resident transfer or discharge; requirements and procedures; hearings.—

(17) The provisions of this section apply to transfers or discharges that are initiated by the nursing home facility, and not by the resident or by the resident's physician or legal guardian or representative.

Section 14. Subsection (3) of section 400.062, Florida Statutes, is amended to read:

400.062 License required; fee; disposition; display; transfer.—

(3) The annual license fee required for each license issued under this part shall be comprised of two parts. Part I of the license fee shall be the basic license fee. The rate per bed for the basic license fee shall be established annually and *shall be $50 per bed. The agency may adjust the per bed licensure fees by the Consumer Price Index based on the 12 months immediately preceding the increase* ~~must be reasonably calculated~~ to cover the cost of regulation under this part~~, but may not exceed $35 per bed~~. Part II of the license fee shall be the resident protection fee, which shall be at the rate of not less than 25 cents per bed. The rate per bed shall be the minimum rate per bed, and such rate shall remain in effect until the effective date of a rate per bed adopted by rule by the agency pursuant to this part. At such time as the amount on deposit in the Resident Protection Trust Fund is less than *$1 million* ~~$500,000~~, the agency may adopt rules to establish a rate which may not exceed $10 per bed. The rate per bed shall revert back to the minimum rate per bed when the amount on deposit in the Resident Protection Trust Fund reaches *$1 million* ~~$500,000~~, except that any rate established by rule shall remain in effect until such time as the rate has been equally required for each license issued under this part. Any amount in the fund in excess of *$2 million* ~~$800,000~~ shall revert to the Health Care Trust Fund and may not be expended without prior approval of the Legislature. The agency may prorate the annual license fee for those licenses which it issues under this part for less than 1 year. Funds generated by license fees collected in accordance with this section shall be deposited in the following manner:

(a) The basic license fee collected shall be deposited in the Health Care Trust Fund, established for the sole purpose of carrying out this part. When the balance of the account established in the Health Care Trust Fund for the deposit of fees collected as authorized under this section exceeds one-third of the annual cost of regulation under this part, the excess shall be used to reduce the licensure fees in the next year.

(b) The resident protection fee collected shall be deposited in the Resident Protection Trust Fund for the sole purpose of paying, in accordance with the provisions of s. 400.063, for the appropriate alternate placement, care, and treatment of a resident removed from a nursing home facility on a temporary, emergency basis or for the maintenance and care of residents in a nursing home facility pending removal and alternate placement.

Section 15. Subsections (2) and (5) of section 400.071, Florida Statutes, are amended, and subsections (11) and (12) are added to that section, to read:

400.071 Application for license.—

(5) The applicant shall furnish satisfactory proof of financial ability to operate and conduct the *nursing* home in accordance with the requirements of this part and all rules adopted under this part, and the agency shall establish standards for this purpose*, including information reported under paragraph (2)(e)*. The agency also shall establish documentation requirements, to be completed by each applicant, that show anticipated facility revenues and expenditures, the basis for financing the anticipated cash-flow requirements of the facility, and an applicant's access to contingency financing.

(11) The agency may issue an inactive license to a nursing home that will be temporarily unable to provide services but that is reasonably expected to resume services. Such designation may be made for a period not to exceed 12 months but may be renewed by the agency for up to 6 additional months. Any request by a licensee that a nursing home become inactive must be submitted to the agency and approved by the agency prior to initiating any suspension of service or notifying residents. Upon agency approval, the nursing home shall notify residents of any necessary discharge or transfer as provided in s. 400.0255.

(12) As a condition of licensure, each facility must establish and submit with its application a plan for quality assurance and for conducting risk management.

Section 16. Subsection (1) of section 400.102, Florida Statutes, is amended to read:

(e) Fraudulent altering, defacing, or falsifying any medical or nursing home records, or causing or procuring any of these offenses to be committed; or

(f)~~(e)~~ Any act constituting a ground upon which application for a license may be denied.

Section 17. Subsections (3) and (4) are added to section 400.111, Florida Statutes, to read:

400.111 Expiration of license; renewal.—

(3) The agency may not renew a license if the applicant has failed to pay any fines assessed by final order of the agency or final order of the Health Care Financing Administration under requirements for federal certification. The agency may renew the license of an applicant following the assessment of a fine by final order if such fine has been paid into an escrow account pending an appeal of a final order.

(4) The licensee shall submit a signed affidavit disclosing any financial or ownership interest that a licensee has held within the last 5 years in any entity licensed by the state or any other state to provide health or residential care which entity has closed voluntarily or involuntarily; has filed for bankruptcy; has had a receiver appointed; has had a license denied, suspended, or revoked; or has had an injunction issued against it which was initiated by a regulatory agency. The affidavit must disclose the reason such entity was closed, whether voluntarily or involuntarily.

Section 18. Subsection (2) of section 400.118, Florida Statutes, is amended to read:

400.118 Quality assurance; early warning system; monitoring; rapid response teams.—

(2)(a) The agency shall establish within each district office one or more quality-of-care monitors, based on the number of nursing facilities in the district, to monitor all nursing facilities in the district on a regular, unannounced, aperiodic basis, including nights, evenings, weekends, and holidays. *Quality-of-care monitors shall visit each nursing facility at least quarterly.* Priority for *additional* monitoring visits shall be given to nursing facilities with a history of *resident* ~~patient~~ care deficiencies. Quality-of-care monitors shall be registered nurses who are trained and experienced in nursing facility regulation, standards of practice in long-term care, and evaluation of patient care. Individuals in these positions shall not be deployed by the agency as a part of the district survey team in the conduct of routine, scheduled surveys, but shall function solely and independently as quality-of-care monitors. Quality-of-care monitors shall assess the overall quality of life

in the nursing facility and shall assess specific conditions in the facility directly related to *resident* ~~patient~~ care*, including the operations of internal quality improvement and risk management programs and adverse incident reports*. The quality-of-care monitor shall include in an assessment visit observation of the care and services rendered to residents and formal and informal interviews with residents, family members, facility staff, resident guests, volunteers, other regulatory staff, and representatives of a long-term care ombudsman council or Florida advocacy council.

(b) Findings of a monitoring visit, both positive and negative, shall be provided orally and in writing to the facility administrator or, in the absence of the facility administrator, to the administrator on duty or the director of nursing. The quality-of-care monitor may recommend to the facility administrator procedural and policy changes and staff training, as needed, to improve the care or quality of life of facility residents. Conditions observed by the quality-of-care monitor which threaten the health or safety of a resident shall be reported immediately to the agency area office supervisor for appropriate regulatory action and, as appropriate or as required by law, to law enforcement, adult protective services, or other responsible agencies.

(c) Any record, whether written or oral, or any written or oral communication generated pursuant to paragraph (a) or paragraph (b) shall not be subject to discovery or introduction into evidence in any civil or administrative action against a nursing facility arising out of matters which are the subject of quality-of-care monitoring, and a person who was in attendance at a monitoring visit or evaluation may not be permitted or required to testify in any such civil or administrative action as to any evidence or other matters produced or presented during the monitoring visits or evaluations. However, information, documents, or records otherwise available from original sources are not to be construed as immune from discovery or use in any such civil or administrative action merely because they were presented during monitoring visits or evaluations, and any person who participates in such activities may not be prevented from testifying as to matters within his or her knowledge, but such witness may not be asked about his or her participation in such activities. The exclusion from the discovery or introduction of evidence in any civil or administrative action provided for herein shall not apply when the quality-of-care monitor makes a report to the appropriate authorities regarding a threat to the health or safety of a resident.

Section 19. Section 400.1183, Florida Statutes, is created to read:

400.1183 Resident grievance procedures.—

(1) Every nursing home must have a grievance procedure available to its residents and their families. The grievance procedure must include:

(a) An explanation of how to pursue redress of a grievance.

(b) The names, job titles, and telephone numbers of the employees responsible for implementing the facility's grievance procedure. The list must include the address and the toll-free telephone numbers of the ombudsman and the agency.

(c) A simple description of the process through which a resident may, at any time, contact the toll-free telephone hotline of the ombudsman or the agency to report the unresolved grievance.

(d) A procedure for providing assistance to residents who cannot prepare a written grievance without help.

(2) Each facility shall maintain records of all grievances and shall report annually to the agency the total number of grievances handled, a categorization of the cases underlying the grievances, and the final disposition of the grievances.

(3) Each facility must respond to the grievance within a reasonable time after its submission.

(4) The agency may investigate any grievance at any time.

(5) The agency may impose an administrative fine, in accordance with s. 400.121, against a nursing home facility for noncompliance with this section.

Section 20. Section 400.121, Florida Statutes, is amended to read:

400.121 Denial, suspension, revocation of license; moratorium on admissions; administrative fines; procedure; order to increase staffing.—

(1) The agency may deny *an application*, revoke~~,~~ or suspend a license*,* or impose an administrative fine, not to exceed $500 per violation per day, *against any applicant or licensee for the following violations by the applicant, licensee, or other controlling interest:* ~~for~~

(a) A violation of any provision of s. 400.102(1)*;*~~.~~

(b) A demonstrated pattern of deficient practice;

(c) Failure to pay any outstanding fines assessed by final order of the agency or final order of the Health Care Financing Administration pursuant to requirements for federal certification. The agency may renew or approve the license of an applicant following the assessment of a fine by final order if such fine has been paid into an escrow account pending an appeal of a final order;

(d) Exclusion from the Medicare or Medicaid program; or

(e) An adverse action by a regulatory agency against any other licensed facility that has a common controlling interest with the licensee or applicant against whom the action under this section is being brought. If the adverse action involves solely the management company, the applicant or licensee shall be given 30 days to remedy before final action is taken. If the adverse action is based solely upon actions by a controlling interest, the applicant or licensee may present factors in mitigation of any proposed penalty based upon a showing that such penalty is inappropriate under the circumstances.

All hearings shall be held within the county in which the licensee or applicant operates or applies for a license to operate a facility as defined herein.

(2) *Except as provided in s. 400.23(8), a $500 fine shall be imposed* ~~The agency, as a part of any final order issued by it under this part, may impose such fine as it deems proper, except that such fine may not exceed $500~~ for each violation. Each day a violation of this part occurs constitutes a separate violation and is subject to a separate fine, but in no event may any fine aggregate more than $5,000. A fine may be levied pursuant to this section in lieu of and notwithstanding the provisions of s. 400.23. Fines paid ~~by any nursing home facility licensee under this subsection~~ shall be deposited in the Resident Protection Trust Fund and expended as provided in s. 400.063.

(3) The agency shall revoke or deny a nursing home license if the licensee or controlling interest operates a facility in this state that:

(a) Has had two moratoria imposed by final order for substandard quality of care, as defined by Title 42, C.F.R. part 483, within any 30-month period;

(b) Is conditionally licensed for 180 or more continuous days;

(c) Is cited for two class I deficiencies arising from unrelated circumstances during the same survey or investigation; or

(d) Is cited for two class I deficiencies arising from separate surveys or investigations within a 30-month period.

The licensee may present factors in mitigation of revocation, and the agency may make a determination not to revoke a license based upon a showing that revocation is inappropriate under the circumstances.

(4)~~(3)~~ The agency may issue an order immediately suspending or revoking a license when it determines that any condition in the facility presents a danger to the health, safety, or welfare of the residents in the facility.

(5)~~(4)~~(a) The agency may impose an immediate moratorium on admissions to any facility when the agency determines that any condition in the facility presents a threat to the health, safety, or welfare of the residents in the facility.

(b) Where the agency has placed a moratorium on admissions on any facility two times within a 7-year period, the agency may suspend the license of the nursing home and the facility's management company, if any. ~~The licensee shall be afforded an administrative hearing within 90 days after the suspension to determine whether the license should be revoked.~~ During the suspension, the agency shall take the facility into receivership and shall operate the facility.

(6)~~(5)~~ An action taken by the agency to deny, suspend, or revoke a facility's license under this part~~, in which the agency claims that the facility owner or an employee of the facility has threatened the health, safety, or welfare of a resident of the facility,~~ shall be heard by the Division of Administrative Hearings of the Department of Management Services within *60* ~~120~~ days after *the assignment of an administrative law judge* ~~receipt of the facility's request for a hearing~~, unless the time limitation is waived by both parties. The administrative law judge must render a decision within 30 days after receipt of a proposed recommended order. ~~This subsection does not modify the requirement that an administrative hearing be held within 90 days after a license is suspended under paragraph (4)(b).~~

(7)~~(6)~~ The agency is authorized to require a facility to increase staffing beyond the minimum required by law, if the agency has taken administrative action against the facility for care-related deficiencies directly attributable to insufficient staff. Under such circumstances, the facility may request an expedited interim rate increase. The agency shall process the request within 10 days after receipt of all required documentation from the facility. A facility that fails to maintain the required increased staffing is subject to a fine of $500 per day for each day the staffing is below the level required by the agency.

(8) An administrative proceeding challenging an action taken by the agency pursuant to this section shall be reviewed on the basis of the facts and conditions that resulted in such agency action.

(9) Notwithstanding any other provision of law to the contrary, agency action in an administrative proceeding under this section may be overcome by the licensee upon a showing by a preponderance of the evidence to the contrary.

(10) In addition to any other sanction imposed under this part, in any final order that imposes sanctions, the agency may assess costs related to the investigation and prosecution of the case. Payment of agency costs shall be deposited into the Health Care Trust Fund.

Section 21. Subsection (12) is added to section 400.126, Florida Statutes, to read:

400.126 Receivership proceedings.—

(12) Concurrently with the appointment of a receiver, the agency and the Department of Elderly Affairs shall coordinate an assessment of each resident in the facility by the Comprehensive Assessment and Review for Long-Term-Care (CARES) Program for the purpose of evaluating each resident's need for the level of care provided in a nursing facility and the potential for providing such care in alternative settings. If the CARES assessment determines that a resident could be cared for in a less restrictive setting or does not meet the criteria for skilled or intermediate care in a nursing home, the department and agency shall refer the resident for such care, as is appropriate for the resident. Residents referred pursuant to this subsection shall be given primary consideration for receiving services under the Community Care for the Elderly program in the same manner as persons classified to receive such services pursuant to s. 430.205.

Section 22. Subsections (14), (15), (16), (17), (18), (19), and (20) are added to section 400.141, Florida Statutes, to read:

400.141 Administration and management of nursing home facilities.—Every licensed facility shall comply with all applicable standards and rules of the agency and shall:

(14) Submit to the agency the information specified in s. 400.071(2)(e) for a management company within 30 days after the effective date of the management agreement.

(15) Submit semiannually to the agency, or more frequently if requested by the agency, information regarding facility staff-to-resident ratios, staff turnover, and staff stability, including information regarding certified nursing assistants, licensed nurses, the director of nursing, and the facility administrator. For purposes of this reporting:

(a) Staff-to-resident ratios must be reported in the categories specified in s. 400.23(3)(a) and applicable rules. The ratio must be reported as an average for the most recent calendar quarter.

(b) Staff turnover must be reported for the most recent 12-month period ending on the last workday of the most recent calendar quarter prior to the date the information is submitted. The turnover rate must be computed quarterly, with the annual rate being the cumulative sum of the quarterly rates. the turnover rate is the total number of terminations or separations experienced during the quarter, excluding any employee terminated during a probationary period of 3 months or less, divided by the total number of staff employed at the end of the period for which the rate is computed, and expressed as a percentage.

(c) The formula for determining staff stability is the total number of employees that have been employed for more than 12 months, divided by the total number of employees employed at the end of the most recent calendar quarter, and expressed as a percentage.

(d) A licensed facility shall impose a moratorium on new admissions to the facility during any period that the staff-to-resident ratio falls below the minimum required by the agency.

(16) Report monthly the number of vacant beds in the facility which are available for resident occupancy on the day the information is reported.

(17) Notify a licensed physician when a resident exhibits signs of dementia or cognitive impairment or has a change of condition in order to rule out the presence of an underlying physiological condition that may be contributing to such dementia or impairment. The notification must occur within 30 days after the acknowledgement of such signs by facility staff. If an underlying condition is determined to exist, the facility shall arrange, with the appropriate health care provider, the necessary care and services to treat the condition.

(18) If the facility implements a dining and hospitality attendant program, ensure that the program is developed and implemented under the supervision of the facility director of nursing. A licensed nurse, licensed speech or occupational therapist, or a registered dietitian must conduct training of dining and hospitality attendants. A person employed by a facility as a dining and hospitality attendant must perform tasks under the direct supervision of a licensed nurse.

(19) Report to the agency any filing for bankruptcy protection by the facility or its parent corporation, divestiture or spin-off of its assets, or corporate reorganization within 30 days after the completion of such activity.

(20) Maintain liability insurance coverage that is in force at all times.

(21) Maintain in the medical record for each resident a daily chart of certified nursing assistant services provided to the resident. The certified nursing assistant who is caring for the resident must complete this record by the end of his or her shift. This record must indicate assistance with activities of daily living, assistance with eating, and assistance with drinking, and must record each offering of nutrition and hydration for those residents whose plan of care or assessment indicates a risk for malnutrition or dehydration.

Facilities that have been awarded a Gold Seal under the program established in s. 400.235 may develop a plan to provide certified nursing assistant training as prescribed by federal regulations and state rules and may apply to the agency for approval of its program.

Section 23. Section 400.1413, Florida Statutes, is created to read:

400.1413 Volunteers in nursing homes.—

(1) It is the intent of the Legislature to encourage the involvement of volunteers in nursing homes in this state. The Legislature also acknowledges that the licensee is responsible for all the activities that take place in the nursing home and recognizes the licensee's need to be aware of and coordinate volunteer activities in the nursing home. Therefore, a nursing home may require that volunteers:

(a) Sign in and out with staff of the nursing home upon entering or leaving the facility.

(b) Wear an identification badge while in the building.

(c) Participate in a facility orientation and training program.

(2) This section does not affect the activities of state or local long-term-care ombudsman councils authorized under part I.

Section 24. Section 400.147, Florida Statutes, is created to read:

400.147 Internal risk management and quality assurance program.—

(1) Every facility shall, as part of its administrative functions, establish an internal risk management and quality assurance program, the purpose of which is to assess resident care practices; review facility quality indicators, facility incident reports, deficiencies cited by the agency, and resident grievances; and develop plans of action to correct and respond quickly to identified quality deficiencies. The program must include:

(a) A designated person to serve as risk manager, who is responsible for implementation and oversight of the facility's risk management and quality assurance program as required by this section.

(b) A risk management and quality assurance committee consisting of the facility risk manager, the administrator, the director of nursing, the medical director, and at least three other members of the facility staff. The risk management and quality assurance committee shall meet at least monthly.

(c) Policies and procedures to implement the internal risk management and quality assurance program, which must include the investigation and analysis of the frequency and causes of general categories and specific types of adverse incidents to residents.

(d) The development and implementation of an incident reporting system based upon the affirmative duty of all health care providers and all agents and employees of the licensed health care facility to report adverse incidents to the risk manager, or to his or her designee, within 3 business days after their occurrence.

(e) The development of appropriate measures to minimize the risk of adverse incidents to residents, including, but not limited to, education and training in risk management and risk prevention for all nonphysician personnel, as follows:

1. Such education and training of all nonphysician personnel must be part of their initial orientation; and

2. At least 1 hour of such education and training must be provided annually for all nonphysician personnel of the licensed facility working in clinical areas and providing resident care.

(f) The analysis of resident grievances that relate to resident care and the quality of clinical services.

(2) The internal risk management and quality assurance program is the responsibility of the facility administrator.

(3) In addition to the programs mandated by this section, other innovative approaches intended to reduce the frequency and severity of adverse incidents to residents and violations of residents' rights shall be encouraged and their implementation and operation facilitated.

(4) Each internal risk management and quality assurance program shall include the use of incident reports to be filed with the risk manager and the facility administrator. The risk manager shall have free access to all resident records of the licensed facility. The incident reports are part of the work papers of the attorney defending the licensed facility in litigation relating to the licensed facility and are subject to discovery, but are not admissible as evidence in court. A person filing an incident report is not subject to civil suit by virtue of such incident report. As a part of each internal risk management and quality assurance program, the incident reports shall be used to develop categories of incidents which identify problem areas. Once identified, procedures shall be adjusted to correct the problem areas.

(5) For purposes of reporting to the agency under this section, the term "adverse incident" means:

(a) An event over which facility personnel could exercise control and which is associated in whole or in part with the facility's intervention, rather than the condition for which such intervention occurred, and which results in one of the following:

1. Death;

2. Brain or spinal damage;

3. Permanent disfigurement;

4. Fracture or dislocation of bones or joints;

5. A limitation of neurological, physical, or sensory function;

6. Any condition that required medical attention to which the resident has not given his or her informed consent, including failure to honor advanced directives; or

7. Any condition that required the transfer of the resident, within or outside the facility, to a unit providing a more acute level of care due to the adverse incident, rather than the resident's condition prior to the adverse incident;

(b) Abuse, neglect, or exploitation as defined in s. 415.102;

(c) Abuse, neglect and harm as defined in s. 39.01;

(d) Resident elopement; or

(e) An event that is reported to law enforcement.

(6) The internal risk manager of each licensed facility shall:

(a) Investigate every allegation of sexual misconduct which is made against a member of the facility's personnel who has direct patient contact when the allegation is that the sexual misconduct occurred at the facility or at the grounds of the facility;

(b) Report every allegation of sexual misconduct to the administrator of the licensed facility; and

(c) Notify the resident representative or guardian of the victim that an allegation of sexual misconduct has been made and that an investigation is being conducted.

(7) The facility shall initiate an investigation and shall notify the agency within 1 business day after the risk manager or his or her designee has received a report pursuant to paragraph (1)(d). The notification must be made in writing and be provided electronically, by facsimile device or overnight mail delivery. The notification must include information regarding the identity of the affected resident, the type of adverse incident, the initiation of an investigation by the facility, and whether the events causing or resulting in the adverse incident represent a potential risk to any other resident. The notification is confidential as provided by law and is not discoverable or admissible in any civil or administrative action, except in disciplinary proceedings by the agency or the appropriate regulatory board. The agency may investigate, as it deems appropriate, any such incident and prescribe measures that must or may be taken in response to the incident. The agency shall review each incident and determine whether it potentially involved conduct by the health care professional who is subject to disciplinary action, in which case the provisions of s. 456.073 shall apply.

(8)(a) Each facility shall complete the investigation and submit an adverse incident report to the agency for each adverse incident within 15

calendar days after its occurrence. If after a complete investigation, the risk manager determines that the incident was not an adverse incident as defined in subsection (5), the facility shall include this information in the report. The agency shall develop a form for reporting this information.

(b) The information reported to the agency pursuant to paragraph (a) which relates to persons licensed under chapter 458, chapter 459, chapter 461, or chapter 466 shall be reviewed by the agency. The agency shall determine whether any of the incidents potentially involved conduct by a health care professional who is subject to disciplinary action, in which case the provisions of s. 456.073 shall apply.

(c) The report submitted to the agency must also contain the name of the risk manager of the facility.

(d) The adverse incident report is confidential as provided by law and is not discoverable or admissible in any civil or administrative action, except in disciplinary proceedings by the agency or the appropriate regulatory board.

(9) Each facility subject to this section shall report monthly any liability claim filed against it. The report must include the name of the resident, the date or dates of the incident leading to the claim, if applicable, and the type of injury or violation of rights alleged to have occurred. This report is confidential as provided by law and is not discoverable or admissible in any civil or administrative action, except in such actions brought by the agency to enforce the provisions of this part.

(10) The agency shall review, as part of its licensure inspection process, the internal risk management and quality assurance program at each facility regulated by this section to determine whether the program meets standards established in statutory laws and rules, is being conducted in a manner designed to reduce adverse incidents, and is appropriately reporting incidents as required by this section.

(11) There is no monetary liability on the part of, and a cause of action for damages may not arise against, any risk manager for the implementation and oversight of the internal risk management and quality assurance program in a facility licensed under this part as required by this section, or for any act or proceeding undertaken or performed within the scope of the functions of such internal risk management and quality assurance program if the risk manager acts without intentional fraud.

(12) If the agency, through its receipt of the adverse incident reports prescribed in subsection (7), or through any investigation, has a reasonable belief that conduct by a staff member or employee of a facility is grounds for disciplinary action by the appropriate regulatory board, the agency shall report this fact to the regulatory board.

(13) The agency may adopt rules to administer this section.

(14) The agency shall annually submit to the Legislature a report on nursing home adverse incidents. The report must include the following information arranged by county:

(a) The total number of adverse incidents.

(b) A listing, by category, of the types of adverse incidents, the number of incidents occurring within each category, and the type of staff involved.

(c) A listing, by category, of the types of injury caused and the number of injuries occurring within each category.

(d) Types of liability claims filed based on an adverse incident or reportable injury.

(e) Disciplinary action taken against staff, categorized by type of staff involved.

(15) Information gathered by a credentialing organization under a quality assurance program is not discoverable from the credentialing organization. This subsection does not limit discovery of, access to, or use of facility records, including those records from which the credentialing organization gathered its information.

Section 25. Section 400.148, Florida Statutes, is created to read:

400.148 Medicaid "Up-or-Out" Quality of Care Contract Management Program.—

(1) The Legislature finds that the federal Medicare program has implemented successful models of managing the medical and supportive-care needs of long-term nursing home residents. These programs have maintained the highest practicable level of good health and have the potential to reduce the incidence of preventable illnesses among long-stay residents of nursing homes, thereby increasing the quality of care for residents and reducing the number of lawsuits against nursing homes. Such models are operated at no cost to the state.

(2) The Agency for Health Care Administration shall develop a pilot project in selected counties to demonstrate the effect of assigning skilled and trained medical personnel to ensure the quality of care, safety, and continuity of care for long-stay Medicaid recipients in the highest scoring nursing homes in the Florida Nursing Home Guide on the date the project is implemented. The agency is authorized to begin the pilot project in the highest scoring homes in counties where Evercare services are immediately available. On January 1 of each year of the pilot project the agency shall submit to the fiscal and substantive committees of the Legislature and to the Governor an assessment of the program and a proposal for expansion of the program to additional facilities. The staff of the pilot project shall assist regulatory staff in imposing regulatory sanctions, including revocation of licensure, pursuant to s. 400.121, against nursing homes that have quality-of-care violations.

(3) The pilot project must ensure:

(a) Oversight and coordination of all aspects of a resident's medical care and stay in a nursing home.

(b) Facilitation of close communication between the resident, the resident's guardian or legal representative, the resident's attending physician, the resident's family, and staff of the nursing facility.

(c) Frequent onsite visits to the resident.

(d) Early detection of medical or quality problems that have the potential to lead to adverse outcomes and unnecessary hospitalization.

(e) Close communication with regulatory staff.

(f) Immediate investigation of resident quality-of-care complaints and communication and cooperation with the appropriate entity to address those complaints, including the ombudsman, state agencies, agencies responsible for Medicaid program integrity, and local law enforcement agencies.

(g) Assistance to the resident or the resident's representative to relocate the resident if quality-of-care issues are not otherwise addressed.

(h) Use of Medicare and other third-party funds to support activities of the program.

(4) The agency shall coordinate the pilot project activities with providers approved by Medicare to operate Evercare demonstration projects.

Section 26. Subsections (3) and (4) of section 400.19, Florida Statutes, are amended to read:

400.19 Right of entry and inspection.—

(3) The agency shall every 15 months conduct at least one unannounced inspection to determine compliance by the licensee with statutes, and with rules promulgated under the provisions of those statutes, governing minimum standards of construction, quality and adequacy of care, and rights of residents. *The survey shall be conducted every 6 months for the next 2-year period if the facility has been cited for a class I deficiency, has been cited for two or more class II deficiencies arising from separate surveys or investigations within a 60-day period,*

or has had three or more substantiated complaints within a 6-month period, each resulting in at least one class I or class II deficiency. In addition to any other fees or fines in this part, the agency shall assess a fine for each facility that is subject to the 6-month survey cycle. The fine for the 2-year period shall be $6,000, one-half to be paid at the completion of each survey. The agency may adjust this fine by the change in the Consumer Price Index, based on the 12 months immediately preceding the increase, to cover the cost of the additional surveys. The agency shall verify through subsequent inspection that any deficiency identified during the annual inspection is corrected. However, the agency may verify the correction of a class III *or class IV* deficiency unrelated to resident rights or resident care without reinspecting the facility if adequate written documentation has been received from the facility, which provides assurance that the deficiency has been corrected. The giving or causing to be given of advance notice of such unannounced inspections by an employee of the agency to any unauthorized person shall constitute cause for suspension of not fewer than 5 working days according to the provisions of chapter 110.

(4) The agency shall conduct unannounced onsite facility reviews following written verification of licensee noncompliance in instances in which a long-term care ombudsman council, pursuant to ss. 400.0071 and 400.0075, has received a complaint and has documented deficiencies in resident care or in the physical plant of the facility that threaten the health, safety, or security of residents, or when the agency documents through inspection that conditions in a facility present a direct or indirect threat to the health, safety, or security of residents. However, the agency shall conduct ~~four or more~~ unannounced onsite reviews *every 3 months* ~~within a 12-month period~~ of each facility *while the facility* ~~which~~ has a conditional *license* ~~licensure status~~. Deficiencies related to physical plant do not require followup reviews after the agency has determined that correction of the deficiency has been accomplished and that the correction is of the nature that continued compliance can be reasonably expected.

Section 27. Subsection (3) and paragraph (a) of subsection (5) of section 400.191, Florida Statutes, are amended to read:

400.191 Availability, distribution, and posting of reports and records.—

(3) Each nursing home facility licensee shall maintain as public information, available upon request, records of all cost and inspection reports pertaining to that facility that have been filed with, or issued by, any governmental agency. Copies of such reports shall be retained in such records for not less than 5 years from the date the reports are filed or issued.

(a) The agency shall quarterly publish a "Nursing Home Guide Watch List" to assist consumers in evaluating the quality of nursing home care in Florida. The watch list must identify each facility that met the criteria for a conditional licensure status on any day within the quarter covered by the list and each facility that was operating under bankruptcy protection on any day within the quarter. The watch list must include, but is not limited to, the facility's name, address, and ownership; the county in which the facility operates; the license expiration date; the number of licensed beds; a description of the deficiency causing the facility to be placed on the list; any corrective action taken; and the cumulative number of times the facility has been on a watch list. The watch list must include a brief description regarding how to choose a nursing home, the categories of licensure, the agency's inspection process, an explanation of terms used in the watch list, and the addresses and phone numbers of the agency's managed care and health quality area offices.

(b) Upon publication of each quarterly watch list, the agency must transmit a copy of the watch list to each nursing home facility by mail and must make the watch list available on the agency's Internet web site.

(5) Every nursing home facility licensee shall:

(a) Post, in a sufficient number of prominent positions in the nursing home so as to be accessible to all residents and to the general public*:*~~,~~

1. A concise summary of the last inspection report pertaining to the nursing home and issued by the agency, with references to the page numbers of the full reports, noting any deficiencies found by the agency and the actions taken by the licensee to rectify such deficiencies and indicating in such summaries where the full reports may be inspected in the nursing home.

2. A copy of the most recent version of the Florida Nursing Home Guide Watch List.

Section 28. Subsection (2) of section 400.211, Florida Statutes, is amended, and subsection (4) is added to that section, to read:

400.211 Persons employed as nursing assistants; certification requirement.—

(2) The following categories of persons who are not certified as nursing assistants under part II of chapter 464 may be employed by a nursing facility for a period of 4 months:

(b) Persons who have been positively verified as actively certified and on the registry in another state with no findings of abuse*, neglect, or exploitation in that state*; or

(c) Persons who have preliminarily passed the state's certification exam.

The certification requirement must be met within 4 months after initial employment as a nursing assistant in a licensed nursing facility.

(4) When employed by a nursing home facility for a 12-month period or longer, a nursing assistant, to maintain certification, shall submit to a performance review every 12 months and must receive regular inservice education based on the outcome of such reviews. The inservice training must:

5. Recognizing changes that place a resident at risk for pressure ulcers and falls; and

(c) Address areas of weakness as determined in nursing assistant performance reviews and may address the special needs of residents as determined by the nursing home facility staff.

Section 29. Subsections (2), (3), (7), and (8) of section 400.23, Florida Statutes, are amended to read:

400.23 Rules; evaluation and deficiencies; licensure status.—

(2) Pursuant to the intention of the Legislature, the agency, in consultation with the Department of Health and the Department of Elderly Affairs, shall adopt and enforce rules to implement this part, which shall include reasonable and fair criteria in relation to:

(a) The location and construction of the facility; including fire and life safety, plumbing, heating, cooling, lighting, ventilation, and other housing conditions which will ensure the health, safety, and comfort of residents, including an adequate call system. The agency shall establish standards for facilities and equipment to increase the extent to which new facilities and a new wing or floor added to an existing facility after July 1, 1999, are structurally capable of serving as shelters only for residents, staff, and families of residents and staff, and equipped to be

self-supporting during and immediately following disasters. ~~The agency shall work with facilities licensed under this part and report to the Governor and Legislature by April 1, 1999, its recommendations for cost-effective renovation standards to be applied to existing facilities.~~ In making such rules, the agency shall be guided by criteria recommended by nationally recognized reputable professional groups and associations with knowledge of such subject matters. The agency shall update or revise such criteria as the need arises. All nursing homes must comply with those lifesafety code requirements and building code standards applicable at the time of approval of their construction plans. The agency may require alterations to a building if it determines that an existing condition constitutes a distinct hazard to life, health, or safety. The agency shall adopt fair and reasonable rules setting forth conditions under which existing facilities undergoing additions, alterations, conversions, renovations, or repairs shall be required to comply with the most recent updated or revised standards.

(b) The number and qualifications of all personnel, including management, medical, nursing, and other professional personnel, and nursing assistants, orderlies, and support personnel, having responsibility for any part of the care given residents.

(c) All sanitary conditions within the facility and its surroundings, including water supply, sewage disposal, food handling, and general hygiene which will ensure the health and comfort of residents.

(d) The equipment essential to the health and welfare of the residents.

(e) A uniform accounting system.

(f) The care, treatment, and maintenance of residents and measurement of the quality and adequacy thereof, based on rules developed under this chapter and the Omnibus Budget Reconciliation Act of 1987 (Pub. L. No. 100-203) (December 22, 1987), Title IV (Medicare, Medicaid, and Other Health-Related Programs), Subtitle C (Nursing Home Reform), as amended.

(g) The preparation and annual update of a comprehensive emergency management plan. The agency shall adopt rules establishing minimum criteria for the plan after consultation with the Department of Community Affairs. At a minimum, the rules must provide for plan components that address emergency evacuation transportation; adequate sheltering arrangements; postdisaster activities, including emergency power, food, and water; postdisaster transportation; supplies; staffing; emergency equipment; individual identification of residents and transfer of records; and responding to family inquiries. The comprehensive emergency management plan is subject to review and approval by the local emergency management agency. During its review, the local emergency management agency shall ensure that the following agencies, at a minimum, are given the opportunity to review the plan: the Department of Elderly Affairs, the Department of Health, the Agency for Health Care Administration, and the Department of Community Affairs. Also, appropriate volunteer organizations must be given the opportunity to review the plan. The local emergency management agency shall complete its review within 60 days and either approve the plan or advise the facility of necessary revisions.

(h) The implementation of the consumer satisfaction survey pursuant to s. 400.0225; the availability, distribution, and posting of reports and records pursuant to s. 400.191; and the Gold Seal Program pursuant to s. 400.235.

(3)(a) The agency shall adopt rules providing for the minimum staffing requirements for nursing homes. These requirements shall include, for each nursing home facility, a minimum certified nursing assistant staffing and a minimum licensed nursing staffing per resident per day~~, including evening and night shifts and weekends~~. *The minimum certified nursing assistant staffing shall be 2.6 hours of direct care per resident per day beginning January 1, 2002, and shall increase to 2.9 hours of direct care per resident per day beginning January 1, 2003. Beginning January 1, 2002, no facility shall staff at less than one certified nursing assistant per 20 residents. Facilities that have been free of any class I or class II violation for the past 30 months may provide a minimum of 2.3 hours of certified nursing assistant service per resident per day until January 1, 2003. Nursing assistants employed under s. 400.211(2) may be included in computing the staffing ratio for certified nursing assistants only if they provide nursing assistance services to residents on a full-time basis. Each nursing home must document compliance with staffing standards as required under this paragraph and post daily* ~~Agency rules shall specify requirements for documentation of compliance with staffing standards, sanctions for violation of such standards, and requirements for daily posting of~~ the names of staff on duty for the benefit of facility residents and the public. The agency shall recognize the use of licensed nurses for compliance with minimum staffing requirements for certified nursing assistants, provided that the facility otherwise meets the minimum staffing requirements for licensed nurses and that the licensed nurses so recognized are performing the duties of a certified nursing assistant. Unless otherwise approved by the agency, licensed nurses counted towards the minimum staffing requirements for certified nursing assistants must exclusively perform the duties of a certified nursing assistant for the entire shift and shall not also be counted towards the minimum staffing requirements for licensed nurses. If the agency approved a facility's request to use a licensed nurse to perform both licensed nursing and certified nursing assistant duties, the facility must allocate the amount of staff time specifically spent on certified nursing assistant duties for the purpose of documenting compliance with minimum staffing requirements for certified and licensed nursing staff. In no event may the hours of a licensed nurse with dual job responsibilities be counted twice.

(b) The agency shall adopt rules to allow properly trained staff of a nursing facility, in addition to certified nursing assistants and licensed nurses, to assist residents with eating. The rules shall specify the minimum training requirements and shall specify the physiological conditions or disorders of residents which would necessitate that the eating assistance be provided by nursing personnel of the facility. Nonnursing staff providing eating assistance to residents under the provisions of this subsection shall not count towards compliance with minimum staffing standards.

(c) Licensed practical nurses licensed under chapter 464 who are providing nursing services in nursing home facilities under this part may supervise the activities of other licensed practical nurses, certified nursing assistants, and other unlicensed personnel providing services in such facilities in accordance with rules adopted by the Board of Nursing.

(7) The agency shall, at least every 15 months, evaluate all nursing home facilities and make a determination as to the degree of compliance by each licensee with the established rules adopted under this part as a basis for assigning a licensure status to that facility. The agency shall base its evaluation on the most recent inspection report, taking into consideration findings from other official reports, surveys, interviews, investigations, and inspections. The agency shall assign a licensure status of standard or conditional to each nursing home.

(a) A standard licensure status means that a facility has no class I or class II deficiencies, has corrected all class III deficiencies within the time established by the agency~~, and is in substantial compliance at the time of the survey with criteria established under this part, with rules adopted by the agency, and, if applicable, with rules adopted under the Omnibus Budget Reconciliation Act of 1987 (Pub. L. No. 100-203) (December 22, 1987), Title IV (Medicare, Medicaid, and Other Health-Related Programs), Subtitle C (Nursing Home Reform), as amended~~.

(b) A conditional licensure status means that a facility, due to the presence of one or more class I or class II deficiencies, or class III deficiencies not corrected within the time established by the agency, is not in substantial compliance at the time of the survey with criteria established under this part *or*~~,~~ with rules adopted by the agency~~, or, if applicable, with rules adopted under the Omnibus Budget Reconciliation Act of 1987 (Pub. L. No. 100-203) (December 22, 1987), Title IV (Medicare, Medicaid, and Other Health-Related Programs), Subtitle C (Nursing Home Reform), as amended~~. If the facility *has no class I, class II, or class III deficiencies* ~~comes into substantial compliance~~ at the time of the followup survey, a standard licensure status may be assigned.

(c) In evaluating the overall quality of care and services and determining whether the facility will receive a conditional or standard license, the agency shall consider the needs and limitations of residents in the facility and the results of interviews and surveys of a representative sampling of residents, families of residents, ombudsman council members in the planning and service area in which the facility is located, guardians of residents, and staff of the nursing home facility.

(d) The current licensure status of each facility must be indicated in bold print on the face of the license. A list of the deficiencies of the facility shall be posted in a prominent place that is in clear and unobstructed public view at or near the place where residents are being admitted to that facility. Licensees receiving a conditional licensure status for a facility shall prepare, within 10 working days after receiving notice of deficiencies, a plan for correction of all deficiencies and shall submit the plan to the agency for approval. ~~Correction of all deficiencies, within the period approved by the agency, shall result in termination of the conditional licensure status. Failure to correct the deficiencies within a reasonable period approved by the agency shall be grounds for the imposition of sanctions pursuant to this part.~~

(e) Each licensee shall post its license in a prominent place that is in clear and unobstructed public view at or near the place where residents are being admitted to the facility.

(f) ~~Not later than January 1, 1994,~~ The agency shall adopt rules that:

1. Establish uniform procedures for the evaluation of facilities.

2. Provide criteria in the areas referenced in paragraph (c).

3. Address other areas necessary for carrying out the intent of this section.

(8) The agency shall adopt rules to provide that, when the criteria established under subsection (2) are not met, such deficiencies shall be classified according to the nature *and the scope* of the deficiency. *The scope shall be cited as isolated, patterned, or widespread. An isolated deficiency is a deficiency affecting one or a very limited number of residents, or involving one or a very limited number of staff, or a situation that occurred only occasionally or in a very limited number of locations. A patterned deficiency is a deficiency where more than a very limited number of residents are affected, or more than a very limited number of staff are involved, or the situation has occurred in several locations, or the same resident or residents have been affected by repeated occurrences of the same deficient practice but the effect of the deficient practice is not found to be pervasive throughout the facility. A widespread deficiency is a deficiency in which the problems causing the deficiency are pervasive in the facility or represent systemic failure that has affected or has the potential to affect a large portion of the facility's residents.* The agency shall indicate the classification on the face of the notice of deficiencies as follows:

(a) *A* class I *deficiency is a deficiency that* ~~deficiencies are those which~~ the agency determines *presents a situation in which immediate corrective action is necessary because the facility's noncompliance has caused, or is likely to cause, serious injury, harm, impairment, or death to a resident receiving care in a facility* ~~present an imminent danger to the residents or guests of the nursing home facility or a substantial probability that death or serious physical harm would result therefrom~~. The condition or practice constituting a class I violation shall be abated or eliminated immediately, unless a fixed period of time, as determined by the agency, is required for correction. ~~Notwithstanding s. 400.121(2),~~ A class I deficiency is subject to a civil penalty *of $10,000 for an isolated deficiency, $12,500 for a patterned deficiency, and $15,000 for a widespread* ~~in an amount not less than $5,000 and not exceeding $25,000 for each and every~~ deficiency. *The fine amount shall be doubled for each deficiency if the facility was previously cited for one or more class I or class II deficiencies during the last annual inspection or any inspection or complaint investigation since the last annual inspection.* A fine *must* ~~may~~ be levied notwithstanding the correction of the deficiency.

(b) *A* class II *deficiency is a deficiency that* ~~deficiencies are those which~~ the agency determines *has compromised the resident's ability to maintain or reach his or her highest practicable physical, mental, and psychosocial well-being, as defined by an accurate and comprehensive resident assessment, plan of care, and provision of services* ~~have a direct or immediate relationship to the health, safety, or security of the nursing home facility residents, other than class I deficiencies~~. A class II deficiency is subject to a civil penalty *of $2,500 for an isolated deficiency, $5,000 for a patterned deficiency, and $7,500 for a widespread* ~~in an amount not less than $1,000 and not exceeding $10,000 for each and every~~ deficiency. *The fine amount shall be doubled for each deficiency if the facility was previously cited for one or more class I or class II deficiencies during the last annual inspection or any inspection or complaint investigation since the last annual inspection. A fine shall be levied notwithstanding the correction of the deficiency.* ~~A citation for a class II deficiency shall specify the time within which the deficiency is required to be corrected. If a class II deficiency is corrected within the time specified, no civil penalty shall be imposed, unless it is a repeated offense.~~

(c) *A* class III *deficiency is a deficiency that* ~~deficiencies are those which~~ the agency determines *will result in no more than minimal physical, mental, or psychosocial discomfort to the resident or has the potential to compromise the resident's ability to maintain or reach his or her highest practical physical, mental, or psychosocial well-being, as defined by an accurate and comprehensive resident assessment, plan of care, and provision of services* ~~to have an indirect or potential relationship to the health, safety, or security of the nursing home facility residents, other than class I or class II deficiencies~~. A class III deficiency *is* ~~shall be~~ subject to a civil penalty of *$1,000 for an isolated deficiency, $2,000 for a patterned deficiency, and $3,000 for a widespread* ~~not less than $500 and not exceeding $2,500 for each and every~~ deficiency. *The fine amount shall be doubled for each deficiency if the facility was previously cited for one or more class I or class II deficiencies during the last annual inspection or any inspection or complaint investigation since the last annual inspection.* A citation for a class III deficiency *must* ~~shall~~ specify the time within which the deficiency is required to be corrected. If a class III deficiency is corrected within the time specified, no civil penalty shall be imposed~~, unless it is a repeated offense~~.

(d) A class IV deficiency is a deficiency that the agency determines has the potential for causing no more than a minor negative impact on the resident. If the class IV deficiency is isolated, no plan of correction is required.

Section 30. Subsection (5) of section 400.235, Florida Statutes, is amended to read:

400.235 Nursing home quality and licensure status; Gold Seal Program.—

(5) Facilities must meet the following additional criteria for recognition as a Gold Seal Program facility:

(a) Had no class I or class II deficiencies within the 30 months preceding application for the program.

(b) Evidence financial soundness and stability according to standards adopted by the agency in administrative rule.

(c) Participate consistently in the required consumer satisfaction process as prescribed by the agency, and demonstrate that information is elicited from residents, family members, and guardians about satisfaction with the nursing facility, its environment, the services and care provided, the staff's skills and interactions with residents, attention to resident's needs, and the facility's efforts to act on information gathered from the consumer satisfaction measures.

(d) Evidence the involvement of families and members of the community in the facility on a regular basis.

(e) Have a stable workforce, *as described in s. 400.141,* as evidenced by a relatively low rate of turnover among certified nursing assistants and licensed nurses within the 30 months preceding application for the Gold Seal Program, and demonstrate a continuing effort to maintain a stable workforce and to reduce turnover of licensed nurses and certified nursing assistants.

(f) Evidence an outstanding record regarding the number and types of substantiated complaints reported to the State Long-Term Care Ombudsman Council within the 30 months preceding application for the program.

(g) Provide targeted inservice training provided to meet training needs identified by internal or external quality assurance efforts.

A facility assigned a conditional licensure status may not qualify for consideration for the Gold Seal Program until after it has operated for 30 months with no class I or class II deficiencies and has completed a regularly scheduled relicensure survey.

Section 31. Section 400.275, Florida Statutes, is created to read:

400.275 Agency duties.—

(1) The agency shall ensure that each newly hired nursing home surveyor, as a part of basic training, is assigned full-time to a licensed nursing home for at least 2 days within a 7-day period to observe facility operations outside of the survey process before the surveyor begins survey responsibilities. Such observations may not be the sole basis of a deficiency citation against the facility. The agency may not assign an individual to be a member of a survey team for purposes of a survey, evaluation, or consultation visit at a nursing home facility in which the surveyor was an employee within the preceding 5 years.

(2) The agency shall semiannually provide for joint training of nursing home surveyors and staff of facilities licensed under this part on at least one of the 10 federal citations that were most frequently issued against nursing facilities in this state during the previous calendar year.

(3) Each member of a nursing home survey team who is a health professional licensed under part I of chapter 464, part X of chapter 468, or chapter 491, shall earn not less than 50 percent of required continuing education credits in geriatric care. Each member of a nursing home survey team who is a health professional licensed under chapter 465 shall earn not less than 30 percent of required continuing education credits in geriatric care.

(4) The agency must ensure that when a deficiency is related to substandard quality of care, a physician with geriatric experience licensed under chapter 458 or chapter 459 or a registered nurse with geriatric experience licensed under chapter 464 participates in the agency's informal dispute-resolution process.

Section 32. Subsections (3) and (4) of section 400.407, Florida Statutes, are amended to read:

400.407 License required; fee, display.—

(3) Any license granted by the agency must state the maximum resident capacity of the facility, the type of care for which the license is granted, the date the license is issued, the expiration date of the license, and any other information deemed necessary by the agency. Licenses shall be issued for one or more of the following categories of care: standard, extended congregate care, limited nursing services, or limited mental health.

(a) A standard license shall be issued to facilities providing one or more of the *personal* services identified in s. 400.402. Such facilities may also employ or contract with a person licensed under part I of chapter 464 to administer medications and perform other tasks as specified in s. 400.4255.

(b) An extended congregate care license shall be issued to facilities providing, directly or through contract, services beyond those authorized in paragraph (a), including acts performed pursuant to part I of chapter 464 by persons licensed thereunder, and supportive services defined by rule to persons who otherwise would be disqualified from continued residence in a facility licensed under this part.

1. In order for extended congregate care services to be provided in a facility licensed under this part, the agency must first determine that all requirements established in law and rule are met and must specifically designate, on the facility's license, that such services may be provided and whether the designation applies to all or part of a facility. Such designation may be made at the time of initial licensure or ~~biennial~~ relicensure, or upon request in writing by a licensee under this part. Notification of approval or denial of such request shall be made within 90 days after receipt of such request and all necessary documentation. Existing facilities qualifying to provide extended congregate care services must have maintained a standard license and may not have been subject to administrative sanctions during the previous 2 years, or since initial licensure if the facility has been licensed for less than 2 years, for any of the following reasons:

a. A class I or class II violation;

b. Three or more repeat or recurring class III violations of identical or similar resident care standards as specified in rule from which a pattern of noncompliance is found by the agency;

c. Three or more class III violations that were not corrected in accordance with the corrective action plan approved by the agency;

d. Violation of resident care standards resulting in a requirement to employ the services of a consultant pharmacist or consultant dietitian;

e. Denial, suspension, or revocation of a license for another facility under this part in which the applicant for an extended congregate care license has at least 25 percent ownership interest; or

f. Imposition of a moratorium on admissions or initiation of injunctive proceedings.

2. Facilities that are licensed to provide extended congregate care services shall maintain a written progress report on each person who receives such services, which report describes the type, amount, duration, scope, and outcome of services that are rendered and the general status of the resident's health. A registered nurse, or appropriate designee, representing the agency shall visit such facilities at least *quarterly* ~~two times a year~~ to monitor residents who are receiving extended congregate care services and to determine if the facility is in compliance with this part and with rules that relate to extended congregate care. One of these visits may be in conjunction with the regular ~~biennial~~ survey. The monitoring visits may be provided through contractual arrangements with appropriate community agencies. A registered nurse shall serve as part of the team that ~~biennially~~ inspects such facility. The agency may waive one of the required yearly monitoring visits for a facility that has been licensed for at least 24 months to provide extended congregate care services, if, during the ~~biennial~~ inspection, the registered nurse determines that extended congregate care services are being provided appropriately, and if the facility has no class I or class II violations and no uncorrected class III violations. Before such decision is made, the agency shall consult with the long-term care ombudsman council for the area in which the facility is located to determine if any complaints have been made and substantiated about the quality of services or care. The agency may not waive one of the required yearly monitoring visits if complaints have been made and substantiated.

3. Facilities that are licensed to provide extended congregate care services shall:

a. Demonstrate the capability to meet unanticipated resident service needs.

b. Offer a physical environment that promotes a homelike setting, provides for resident privacy, promotes resident independence, and allows sufficient congregate space as defined by rule.

c. Have sufficient staff available, taking into account the physical plant and firesafety features of the building, to assist with the evacuation of residents in an emergency, as necessary.

d. Adopt and follow policies and procedures that maximize resident independence, dignity, choice, and decisionmaking to permit residents to age in place to the extent possible, so that moves due to changes in functional status are minimized or avoided.

e. Allow residents or, if applicable, a resident's representative, designee, surrogate, guardian, or attorney in fact to make a variety of

personal choices, participate in developing service plans, and share responsibility in decisionmaking.

f. Implement the concept of managed risk.

g. Provide, either directly or through contract, the services of a person licensed pursuant to part I of chapter 464.

h. In addition to the training mandated in s. 400.452, provide specialized training as defined by rule for facility staff.

4. Facilities licensed to provide extended congregate care services are exempt from the criteria for continued residency as set forth in rules adopted under s. 400.441. Facilities so licensed shall adopt their own requirements within guidelines for continued residency set forth by the department in rule. However, such facilities may not serve residents who require 24-hour nursing supervision. Facilities licensed to provide extended congregate care services shall provide each resident with a written copy of facility policies governing admission and retention.

5. The primary purpose of extended congregate care services is to allow residents, as they become more impaired, the option of remaining in a familiar setting from which they would otherwise be disqualified for continued residency. A facility licensed to provide extended congregate care services may also admit an individual who exceeds the admission criteria for a facility with a standard license, if the individual is determined appropriate for admission to the extended congregate care facility.

6. Before admission of an individual to a facility licensed to provide extended congregate care services, the individual must undergo a medical examination as provided in s. 400.426(4) and the facility must develop a preliminary service plan for the individual.

7. When a facility can no longer provide or arrange for services in accordance with the resident's service plan and needs and the facility's policy, the facility shall make arrangements for relocating the person in accordance with s. 400.428(1)(k).

8. Failure to provide extended congregate care services may result in denial of extended congregate care license renewal.

9. No later than January 1 of each year, the department, in consultation with the agency, shall prepare and submit to the Governor, the President of the Senate, the Speaker of the House of Representatives, and the chairs of appropriate legislative committees, a report on the status of, and recommendations related to, extended congregate care services. The status report must include, but need not be limited to, the following information:

a. A description of the facilities licensed to provide such services, including total number of beds licensed under this part.

b. The number and characteristics of residents receiving such services.

c. The types of services rendered that could not be provided through a standard license.

d. An analysis of deficiencies cited during *licensure* ~~biennial~~ inspections.

e. The number of residents who required extended congregate care services at admission and the source of admission.

f. Recommendations for statutory or regulatory changes.

g. The availability of extended congregate care to state clients residing in facilities licensed under this part and in need of additional services, and recommendations for appropriations to subsidize extended congregate care services for such persons.

h. Such other information as the department considers appropriate.

(c) A limited nursing services license shall be issued to a facility that provides services beyond those authorized in paragraph (a) and as specified in this paragraph.

1. In order for limited nursing services to be provided in a facility licensed under this part, the agency must first determine that all requirements established in law and rule are met and must specifically designate, on the facility's license, that such services may be provided. Such designation may be made at the time of initial licensure or ~~biennial~~ relicensure, or upon request in writing by a licensee under this part. Notification of approval or denial of such request shall be made within 90 days after receipt of such request and all necessary documentation. Existing facilities qualifying to provide limited nursing services shall have maintained a standard license and may not have been subject to administrative sanctions that affect the health, safety, and welfare of residents for the previous 2 years or since initial licensure if the facility has been licensed for less than 2 years.

2. Facilities that are licensed to provide limited nursing services shall maintain a written progress report on each person who receives such nursing services, which report describes the type, amount, duration, scope, and outcome of services that are rendered and the general status of the resident's health. A registered nurse representing the agency shall visit such facilities at least *twice* ~~once~~ a year to monitor residents who are receiving limited nursing services and to determine if the facility is in compliance with applicable provisions of this part and with related rules. The monitoring visits may be provided through contractual arrangements with appropriate community agencies. A registered nurse shall also serve as part of the team that ~~biennially~~ inspects such facility.

3. A person who receives limited nursing services under this part must meet the admission criteria established by the agency for assisted living facilities. When a resident no longer meets the admission criteria for a facility licensed under this part, arrangements for relocating the person shall be made in accordance with s. 400.428(1)(k), unless the facility is licensed to provide extended congregate care services.

(4)(a) The biennial license fee required of a facility is *$300* ~~$240~~ per license, with an additional fee of *$50* ~~$30~~ per resident based on the total licensed resident capacity of the facility, except that no additional fee will be assessed for beds designated for recipients of optional state supplementation payments provided for in s. 409.212. The total fee may not exceed $10,000, no part of which shall be returned to the facility. The agency shall adjust the per bed license fee and the total licensure fee annually by not more than the change in the consumer price index based on the 12 months immediately preceding the increase.

(b) In addition to the total fee assessed under paragraph (a), the agency shall require facilities that are licensed to provide extended congregate care services under this part to pay an additional fee per licensed facility. The amount of the biennial fee shall be $400 per license, *with an additional fee of $10 per resident based on the total licensed resident capacity of the facility.* No part of *this fee* ~~which~~ shall be returned to the facility. The agency may adjust the *per-bed license fee and the* annual license fee once each year by not more than the average rate of inflation for the 12 months immediately preceding the increase.

(c) In addition to the total fee assessed under paragraph (a), the agency shall require facilities that are licensed to provide limited nursing services under this part to pay an additional fee per licensed facility. The amount of the biennial fee shall be *$250* ~~$200~~ per license, with an additional fee of $10 per resident based on the total licensed resident capacity of the facility. ~~The total biennial fee may not exceed $2,000,~~ No part of *this fee* ~~which~~ shall be returned to the facility. The agency may adjust the *per-bed license fee and the* ~~$200~~ biennial license fee ~~and the maximum total license fee~~ once each year by not more than the average rate of inflation for the 12 months immediately preceding the increase.

Section 33. Paragraph (n) is added to subsection (1) of section 400.414, Florida Statutes, and subsection (8) is added to that section, to read:

400.414 Denial, revocation, or suspension of license; imposition of administrative fine; grounds.—

(1) The agency may deny, revoke, or suspend any license issued under this part, or impose an administrative fine in the manner

provided in chapter 120, for any of the following actions by an assisted living facility, any person subject to level 2 background screening under s. 400.4174, or any facility employee:

(n) Any act constituting a ground upon which application for a license may be denied.

Administrative proceedings challenging agency action under this subsection shall be reviewed on the basis of the facts and conditions that resulted in the agency action.

(8) The agency may issue a temporary license pending final disposition of a proceeding involving the suspension or revocation of an assisted living facility license.

Section 34. Section 400.419, Florida Statutes, is amended to read:

400.419 Violations; administrative fines.—

(1) Each violation of this part and adopted rules shall be classified according to the nature of the violation and the gravity of its probable effect on facility residents. The agency shall indicate the classification on the written notice of the violation as follows:

(a) Class "I" violations are those conditions or occurrences related to the operation and maintenance of a facility or to the personal care of residents which the agency determines present an imminent danger to the residents or guests of the facility or a substantial probability that death or serious physical or emotional harm would result therefrom. The condition or practice constituting a class I violation shall be abated or eliminated within 24 hours, unless a fixed period, as determined by the agency, is required for correction. A class I violation is subject to an administrative fine in an amount not less than *$5,000* ~~$1,000~~ and not exceeding $10,000 for each violation. A fine may be levied notwithstanding the correction of the violation.

(b) Class "II" violations are those conditions or occurrences related to the operation and maintenance of a facility or to the personal care of residents which the agency determines directly threaten the physical or emotional health, safety, or security of the facility residents, other than class I violations. A class II violation is subject to an administrative fine in an amount not less than *$1,000* ~~$500~~ and not exceeding $5,000 for each violation. A citation for a class II violation *must* ~~shall~~ specify the time within which the violation is required to be corrected. ~~If a class II violation is corrected within the time specified, no fine may be imposed, unless it is a repeated offense.~~

(c) Class "III" violations are those conditions or occurrences related to the operation and maintenance of a facility or to the personal care of residents which the agency determines indirectly or potentially threaten the physical or emotional health, safety, or security of facility residents, other than class I or class II violations. A class III violation is subject to an administrative fine of not less than *$500* ~~$100~~ and not exceeding $1,000 for each violation. A citation for a class III violation *must* ~~shall~~ specify the time within which the violation is required to be corrected. If a class III violation is corrected within the time specified, no fine may be imposed, unless it is a repeated offense.

(d) Class "IV" violations are those conditions or occurrences related to the operation and maintenance of a building or to required reports, forms, or documents that do not have the potential of negatively affecting residents. These violations are of a type that the agency determines do not threaten the health, safety, or security of residents of the facility. A facility that does not correct a class IV violation within the time specified in the agency-approved corrective action plan is subject to an administrative fine of not less than *$100* ~~$50~~ nor more than $200 for each violation. Any class IV violation that is corrected during the time an agency survey is being conducted will be identified as an agency finding and not as a violation.

~~(2) The agency may set and levy a fine not to exceed $1,000 for each violation which cannot be classified according to subsection (1). Such fines in the aggregate may not exceed $10,000 per survey.~~

(2)~~(3)~~ In determining if a penalty is to be imposed and in fixing the amount of the fine, the agency shall consider the following factors:

(a) The gravity of the violation, including the probability that death or serious physical or emotional harm to a resident will result or has resulted, the severity of the action or potential harm, and the extent to which the provisions of the applicable laws or rules were violated.

(b) Actions taken by the owner or administrator to correct violations.

(c) Any previous violations.

(d) The financial benefit to the facility of committing or continuing the violation.

(e) The licensed capacity of the facility.

(3)~~(4)~~ Each day of continuing violation after the date fixed for termination of the violation, as ordered by the agency, constitutes an additional, separate, and distinct violation.

(4)~~(5)~~ Any action taken to correct a violation shall be documented in writing by the owner or administrator of the facility and verified through followup visits by agency personnel. The agency may impose a fine and, in the case of an owner-operated facility, revoke or deny a facility's license when a facility administrator fraudulently misrepresents action taken to correct a violation.

(5)~~(6)~~ For fines that are upheld following administrative or judicial review, the violator shall pay the fine, plus interest at the rate as specified in s. 55.03, for each day beyond the date set by the agency for payment of the fine.

(6)~~(7)~~ Any unlicensed facility that continues to operate after agency notification is subject to a $1,000 fine *per day*. ~~Each day beyond 5 working days after agency notification constitutes a separate violation, and the facility is subject to a fine of $500 per day.~~

(7)~~(8)~~ Any licensed facility whose owner or administrator concurrently operates an unlicensed facility shall be subject to an administrative fine of $5,000 *per day*. ~~Each day that the unlicensed facility continues to operate beyond 5 working days after agency notification constitutes a separate violation, and the licensed facility shall be subject to a fine of $500 per day retroactive to the date of agency notification.~~

(8)~~(9)~~ Any facility whose owner fails to apply for a change-of-ownership license in accordance with s. 400.412 and operates the facility under the new ownership is subject to a fine *of* ~~not to exceed~~ $5,000.

(9)~~(10)~~ In addition to any administrative fines imposed, the agency may assess a survey fee, equal to the lesser of one half of the facility's biennial license and bed fee or $500, to cover the cost of conducting initial complaint investigations that result in the finding of a violation that was the subject of the complaint or monitoring visits conducted under s. 400.428(3)(c) to verify the correction of the violations.

(10)~~(11)~~ The agency, as an alternative to or in conjunction with an administrative action against a facility for violations of this part and adopted rules, shall make a reasonable attempt to discuss each violation and recommended corrective action with the owner or administrator of the facility, prior to written notification. The agency, instead of fixing a period within which the facility shall enter into compliance with standards, may request a plan of corrective action from the facility which demonstrates a good faith effort to remedy each violation by a specific date, subject to the approval of the agency.

(11)~~(12)~~ Administrative fines paid by any facility under this section shall be deposited into the Health Care Trust Fund and expended as provided in s. 400.418.

(12)~~(13)~~ The agency shall develop and disseminate an annual list of all facilities sanctioned or fined $5,000 or more for violations of state standards, the number and class of violations involved, the penalties imposed, and the current status of cases. The list shall be disseminated, at no charge, to the Department of Elderly Affairs, the Department of Health, the Department of Children and Family Services, the area agencies on aging, the Florida Statewide Advocacy Council, and the state and local ombudsman councils. The Department of Children and

Family Services shall disseminate the list to service providers under contract to the department who are responsible for referring persons to a facility for residency. The agency may charge a fee commensurate with the cost of printing and postage to other interested parties requesting a copy of this list.

Section 35. Section 400.423, Florida Statutes, is created to read:

400.423 Internal risk management and quality assurance program; adverse incidents and reporting requirements.—

(1) Every facility licensed under this part may, as part of its administrative functions, voluntarily establish a risk management and quality assurance program, the purpose of which is to assess resident care practices, facility incident reports, deficiencies cited by the agency, adverse incident reports, and resident grievances and develop plans of action to correct and respond quickly to identify quality differences.

(2) Every facility licensed under this part is required to maintain adverse incident reports. For purposes of this section, the term, "adverse incident" means:

(a) An event over which facility personnel could exercise control rather than as a result of the resident's condition and results in:

1. Death;

2. Brain or spinal damage;

3. Permanent disfigurement;

4. Fracture or dislocation of bones or joints;

5. Any condition that required medical attention to which the resident has not given his or her consent, including failure to honor advanced directives;

6. Any condition that requires the transfer of the resident from the facility to a unit providing more acute care due to the incident rather than the resident's condition before the incident.

(b) Abuse, neglect, or exploitation as defined in s. 415.102;

(c) Events reported to law enforcement; or

(d) Elopement.

(3) Licensed facilities shall provide within 1 business day after the occurrence of an adverse incident, by electronic mail, facsimile, or United States mail, a preliminary report to the agency on all adverse incidents specified under this section. The report must include information regarding the identity of the affected resident, the type of adverse incident, and the status of the facility's investigation of the incident.

(4) Licensed facilities shall provide within 15 days, by electronic mail, facsimile, or United States mail, a full report to the agency on all adverse incidents specified in this section. The report must include the results of the facility's investigation into the adverse incident.

(5) Each facility shall report monthly to the agency any liability claim filed against it. The report must include the name of the resident, the dates of the incident leading to the claim, if applicable, and the type of injury or violation of rights alleged to have occurred. This report is not discoverable in any civil or administrative action, except in such actions brought by the agency to enforce the provisions of this part.

(6) The agency shall annually submit to the Legislature a report on assisted living facility adverse incident reports. The report must include the following information arranged by county:

(a) A total number of adverse incidents;

(b) A listing, by category, of the type of adverse incidents occurring within each category and the type of staff involved;

(c) A listing, by category, of the types of injuries, if any, and the number of injuries occurring within each category;

(d) Types of liability claims filed based on an adverse incident report or reportable injury; and

(e) Disciplinary action taken against staff, categorized by the type of staff involved.

(7) The information reported to the agency pursuant to subsection (3) which relates to persons licensed under chapter 458, chapter 459, chapter 461, chapter 464, or chapter 465 shall be reviewed by the agency. The agency shall determine whether any of the incidents potentially involved conduct by a health care professional who is subject to disciplinary action, in which case the provisions of s. 456.073 apply. The agency may investigate, as it deems appropriate, any such incident and prescribe measures that must or may be taken in response to the incident. The agency shall review each incident and determine whether it potentially involved conduct by a health care professional who is subject to disciplinary action, in which case the provisions of s. 456.073 apply.

(8) If the agency, through its receipt of the adverse incident reports prescribed in this part or through any investigation, has reasonable belief that conduct by a staff member or employee of a licensed facility is grounds for disciplinary action by the appropriate board, the agency shall report this fact to such regulatory board.

(9) The adverse incident reports and preliminary adverse incident reports required under this section are confidential as provided by law and are not discoverable or admissible in any civil or administrative action, except in disciplinary proceedings by the agency or appropriate regulatory board.

(10) The Department of Elderly Affairs may adopt rules necessary to administer this section.

Section 36. Present subsections (7), (8), (9), (10), and (11) of section 400.426, Florida Statutes, are redesignated as subsections (8), (9), (10), (11), and (12), respectively, and a new subsection (7) is added to that section, to read:

400.426 Appropriateness of placements; examinations of residents.—

(7) The facility must notify a licensed physician when a resident exhibits signs of dementia or cognitive impairment or has a change of condition in order to rule out the presence of an underlying physiological condition that may be contributing to such dementia or impairment. The notification must occur within 30 days after the acknowledgement of such signs by facility staff. If an underlying condition is determined to exist, the facility shall arrange, with the appropriate health care provider, the necessary care and services to treat the condition.

Section 37. Paragraph (k) of subsection (1) of section 400.428, Florida Statutes, is amended to read:

400.428 Resident bill of rights.—

(1) No resident of a facility shall be deprived of any civil or legal rights, benefits, or privileges guaranteed by law, the Constitution of the State of Florida, or the Constitution of the United States as a resident of a facility. Every resident of a facility shall have the right to:

(k) At least *45* ~~30~~ days' notice of relocation or termination of residency from the facility unless, for medical reasons, the resident is certified by a physician to require an emergency relocation to a facility providing a more skilled level of care or the resident engages in a pattern of conduct that is harmful or offensive to other residents. In the case of a resident who has been adjudicated mentally incapacitated, the guardian shall be given at least *45* ~~30~~ days' notice of a nonemergency relocation or residency termination. Reasons for relocation shall be set forth in writing. In order for a facility to terminate the residency of an individual without notice as provided herein, the facility shall show good cause in a court of competent jurisdiction.

Section 38. Effective May 15, 2001, and applying to causes of action accruing on or after that date, section 400.429, Florida Statutes, is amended to read:

400.429 Civil actions to enforce rights.—

(1) Any person or resident whose rights as specified in this part are violated shall have a cause of action ~~against any facility owner,~~

~~administrator, or staff responsible for the violation~~. The action may be brought by the resident or his or her guardian, or by a person or organization acting on behalf of a resident with the consent of the resident or his or her guardian, or by the personal representative of the estate of a deceased resident *regardless of the cause of death* ~~when the cause of death resulted from a violation of the decedent's rights, to enforce such rights~~. *If the action alleges a claim for the resident's rights or for negligence that caused the death of the resident, the claimant shall be required to elect either survival damages pursuant to s. 46.021 or wrongful death damages pursuant to s. 768.21. If the action alleges a claim for the resident's rights or for negligence that did not cause the death of the resident, the personal representative of the estate may recover damages for the negligence that caused injury to the resident.* The action may be brought in any court of competent jurisdiction to enforce such rights and to recover actual damages, and punitive damages *for violation of the rights of a resident or negligence* ~~when malicious, wanton, or willful disregard of the rights of others can be shown~~. *Any resident who prevails in seeking injunctive relief or a claim for an administrative remedy is entitled to recover the costs of the action and a reasonable attorney's fee assessed against the defendant not to exceed $25,000. Fees shall be awarded solely for the injunctive or administrative relief and not for any claim or action for damages whether such claim or action is brought together with a request for an injunction or administrative relief or as a separate action, except as provided under s. 768.79 or the Florida Rules of Civil Procedure. Sections 400.429-400.4303 provide the exclusive remedy for a cause of action for recovery of damages for the personal injury or death of a resident arising out of negligence or a violation of rights specified in s. 400.428. This section does not preclude theories of recovery not arising out of negligence or s. 400.428 which are available to a resident or to the agency. The provisions of chapter 766 do not apply to any cause of action brought under ss. 400.429-400.4303.* ~~Any plaintiff who prevails in any such action may be entitled to recover reasonable attorney's fees, costs of the action, and damages, unless the court finds that the plaintiff has acted in bad faith, with malicious purpose, and that there was a complete absence of a justiciable issue of either law or fact. A prevailing defendant may be entitled to recover reasonable attorney's fees pursuant to s. 57.105. The remedies provided in this section are in addition to and cumulative with other legal and administrative remedies available to a resident or to the agency.~~

(2) *In any claim brought pursuant to this part alleging a violation of resident's rights or negligence causing injury to or the death of a resident, the claimant shall have the burden of proving, by a preponderance of the evidence, that:*

(a) The defendant owed a duty to the resident;

(b) The defendant breached the duty to the resident;

(c) The breach of the duty is a legal cause of loss, injury, death or damage to the resident; and

(d) The resident sustained loss, injury, death, or damage as a result of the breach.

Nothing in this part shall be interpreted to create strict liability. A violation of the rights set forth in s. 400.428 or in any other standard or guidelines specified in this part or in any applicable administrative standard or guidelines of this state or a federal regulatory agency shall be evidence of negligence but shall not be considered negligence per se.

(3) In any claim brought pursuant to s. 400.429, a licensee, person or entity shall have a duty to exercise reasonable care. Reasonable care is that degree of care which a reasonably careful licensee, person or entity would use under like circumstances.

(4) In any claim for resident's rights violation or negligence by a nurse licensed under part I of chapter 464, such nurse shall have the duty to exercise care consistent with the prevailing professional standard of care for a nurse. The prevailing professional standard of care for a nurse shall be that level of care, skill, and treatment which, in light of all relevant surrounding circumstances is recognized as acceptable and appropriate by reasonably prudent similar nurses. ~~To recover attorney's fees under this section, the following conditions precedent must be met:~~

~~(a) Within 120 days after the filing of a responsive pleading or defensive motion to a complaint brought under this section and before trial, the parties or their designated representatives shall meet in mediation to discuss the issues of liability and damages in accordance with this paragraph for the purpose of an early resolution of the matter.~~

~~1. Within 60 days after the filing of the responsive pleading or defensive motion, the parties shall:~~

~~a. Agree on a mediator. If the parties cannot agree on a mediator, the defendant shall immediately notify the court, which shall appoint a mediator within 10 days after such notice.~~

~~b. Set a date for mediation.~~

~~c. Prepare an order for the court that identifies the mediator, the scheduled date of the mediation, and other terms of the mediation. Absent any disagreement between the parties, the court may issue the order for the mediation submitted by the parties without a hearing.~~

~~2. The mediation must be concluded within 120 days after the filing of a responsive pleading or defensive motion. The date may be extended only by agreement of all parties subject to mediation under this subsection.~~

~~3. The mediation shall be conducted in the following manner:~~

~~a. Each party shall ensure that all persons necessary for complete settlement authority are present at the mediation.~~

~~b. Each party shall mediate in good faith.~~

~~4. All aspects of the mediation which are not specifically established by this subsection must be conducted according to the rules of practice and procedure adopted by the Supreme Court of this state.~~

~~(b) If the parties do not settle the case pursuant to mediation, the last offer of the defendant made at mediation shall be recorded by the mediator in a written report that states the amount of the offer, the date the offer was made in writing, and the date the offer was rejected. If the matter subsequently proceeds to trial under this section and the plaintiff prevails but is awarded an amount in damages, exclusive of attorney's fees, which is equal to or less than the last offer made by the defendant at mediation, the plaintiff is not entitled to recover any attorney's fees.~~

~~(c) This subsection applies only to claims for liability and damages and does not apply to actions for injunctive relief.~~

~~(d) This subsection applies to all causes of action that accrue on or after October 1, 1999.~~

(5)~~(3)~~ Discovery of financial information for the purpose of determining the value of punitive damages may not be had unless the plaintiff shows the court by proffer or evidence in the record that a reasonable basis exists to support a claim for punitive damages.

(6)~~(4)~~ In addition to any other standards for punitive damages, any award of punitive damages must be reasonable in light of the actual harm suffered by the resident and the egregiousness of the conduct that caused the actual harm to the resident.

(7) The resident or the resident's legal representative shall serve a copy of any complaint alleging in whole or in part a violation of any rights specified in this part to the Agency for Health Care Administration at the time of filing the initial complaint with the clerk of the court for the county in which the action is pursued. The requirement of providing a copy of the complaint to the agency does not impair the resident's legal rights or ability to seek relief for his or her claim.

Section 39. Effective May 15, 2001, and applying to causes of action accruing on or after that date, section 400.4293, Florida Statutes, is created to read:

400.4293 Presuit notice; investigation; notification of violation of residents' rights or alleged negligence; claims evaluation procedure; informal discovery; review.—

(1) As used in this section, the term:

(a) "Claim for residents' rights violation or negligence" means a negligence claim alleging injury to or the death of a resident arising out of an asserted violation of the rights of a resident under s. 400.428 or an asserted deviation from the applicable standard of care.

(b) "Insurer" means any self-insurer authorized under s. 627.357, liability insurance carrier, Joint Underwriting Association, or any uninsured prospective defendant.

(2) Prior to filing a claim for a violation of a resident's rights or a claim for negligence, a claimant alleging injury to or the death of a resident shall notify each prospective defendant by certified mail, return receipt requested, of an asserted violation of a resident's rights provided in s. 400.428 or deviation from the standard of care. Such notification shall include an identification of the rights the prospective defendant has violated and the negligence alleged to have caused the incident or incidents and a brief description of the injuries sustained by the resident which are reasonably identifiable at the time of notice. The notice shall contain a certificate of counsel that counsel's reasonable investigation gave rise to a good-faith belief that grounds exist for an action against each prospective defendant.

(3)(a) No suit may be filed for a period of 75 days after notice is mailed to any prospective defendant. During the 75-day period, the prospective defendants or their insurers shall conduct an evaluation of the claim to determine the liability of each defendant and to evaluate the damages of the claimants. Each defendant or insurer of the defendant shall have a procedure for the prompt evaluation of claims during the 75-day period. The procedure shall include one or more of the following:

1. Internal review by a duly qualified facility risk manager or claims adjuster;

2. Internal review by counsel for each prospective defendant;

3. A quality assurance committee authorized under any applicable state or federal statutes or regulations;

4. Any other similar procedure that fairly and promptly evaluates the claims.

Each defendant or insurer of the defendant shall evaluate the claim in good faith.

(b) At or before the end of the 75 days, the defendant or insurer of the defendant shall provide the claimant with a written response:

1. Rejecting the claim; or

2. Making a settlement offer.

(c) The response shall be delivered to the claimant if not represented by counsel or to the claimant's attorney, by certified mail, return receipt requested. Failure of the prospective defendant or insurer of the defendant to reply to the notice within 75 days after receipt shall be deemed a rejection of the claim for purposes of this section.

(4) The notification of a violation of a resident's rights or alleged negligence shall be served within the applicable statute of limitations period; however, during the 75-day period, the statute of limitations is tolled as to all prospective defendants. Upon stipulation by the parties, the 75-day period may be extended and the statute of limitations is tolled during any such extension. Upon receiving written notice by certified mail, return receipt requested, of termination of negotiations in an extended period, the claimant shall have 60 days or the remainder of the period of the statute of limitations, whichever is greater, within which to file suit.

(5) No statement, discussion, written document, report, or other work product generated by presuit claims evaluation procedures under this section is discoverable or admissible in any civil action for any purpose by the opposing party. All participants, including, but not limited to, physicians, investigators, witnesses, and employees or associates of the defendant, are immune from civil liability arising from participation in the presuit claims evaluation procedure. Any licensed physician or registered nurse may be retained by either party to provide an opinion regarding the reasonable basis of the claim. The presuit opinions of the expert are not discoverable or admissible in any civil action for any purpose by the opposing party.

(6) Upon receipt by a prospective defendant of a notice of claim, the parties shall make discoverable information available without formal discovery as provided in subsection (7).

(7) Informal discovery may be used by a party to obtain unsworn statements and the production of documents or things, as follows:

(a) Unsworn statements.—Any party may require other parties to appear for the taking of an unsworn statement. Such statements may be used only for the purpose of claims evaluation and are not discoverable or admissible in any civil action for any purpose by any party. A party seeking to take the unsworn statement of any party must give reasonable notice in writing to all parties. The notice must state the time and place for taking the statement and the name and address of the party to be examined. Unless otherwise impractical, the examination of any party must be done at the same time by all other parties. Any party may be represented by counsel at the taking of an unsworn statement. An unsworn statement may be recorded electronically, stenographically, or on videotape. The taking of unsworn statements is subject to the provisions of the Florida Rules of Civil Procedure and may be terminated for abuses.

(b) Documents or things.—Any party may request discovery of relevant documents or things. The documents or things must be produced, at the expense of the requesting party, within 20 days after the date of receipt of the request. A party is required to produce relevant and discoverable documents or things within that party's possession or control, if in good faith it can reasonably be done within the timeframe of the claims evaluation process.

(8) Each request for and notice concerning informal discovery pursuant to this section must be in writing, and a copy thereof must be sent to all parties. Such a request or notice must bear a certificate of service identifying the name and address of the person to whom the request or notice is served, the date of the request or notice, and the manner of service thereof.

(9) If a prospective defendant makes a written settlement offer, the claimant shall have 15 days from the date of receipt to accept the offer. An offer shall be deemed rejected unless accepted by delivery of a written notice of acceptance.

(10) To the extent not inconsistent with this part, the provisions of the Florida Mediation Code, Florida Rules of Civil Procedure, shall be applicable to such proceedings.

(11) Within 30 days after the claimant's receipt of defendant's response to the claim, the parties or their designated representatives shall meet in mediation to discuss the issues of liability and damages in accordance with the mediation rules of practice and procedures adopted by the Supreme Court. Upon stipulation of the parties, this 30-day period may be extended and the statute of limitations is tolled during the mediation and any such extension. At the conclusion of mediation the claimant shall have 60 days or the remainder of the period of the statute of limitations, whichever is greater, within which to file suit.

Section 40. Effective May 15, 2001, and applying to causes of action accruing on or after that date, section 400.4294, Florida Statutes, is created to read:

400.4294 Availability of facility records for investigation of resident's rights violations and defenses; penalty.—

(1) Failure to provide complete copies of a resident's records including, but not limited to, all medical records and the resident's chart, within the control or possession of the facility within 10 days, in accordance with the provisions of s. 400.145, shall constitute evidence of failure of that party to comply with good-faith discovery requirements and shall waive the good-faith certificate and presuit notice requirements under this part by the requesting party.

(2) No facility shall be held liable for any civil damages as a result of complying with this section.

Section 41. Effective May 15, 2001, and applying to causes of action accruing on or after that date, section 400.4295, Florida Statutes, is created to read:

400.4295 Certain provisions not applicable to actions under this part.—An action under this part for a violation of rights or negligence recognized herein is not a claim for medical malpractice, and the provisions of s. 768.21(8) do not apply to a claim alleging death of the resident.

Section 42. Effective May 15, 2001, section 400.4296, Florida Statutes, is created to read:

400.4296 Statute of limitations.—

(1) Any action for damages brought under this part shall be commenced within 2 years from the time the incident giving rise to the action occurred or within 2 years from the time the incident is discovered, or should have been discovered with the exercise of due diligence; however, in no event shall the action be commenced later than 4 years from the date of the incident or occurrence out of which the cause of action accrued.

(2) In those actions covered by this subsection in which it can be shown that fraudulent concealment or intentional misrepresentation of fact prevented the discovery of the injury, the period of limitations is extended forward 2 years from the time that the injury is discovered with the exercise of due diligence, but in no event not more than 6 years from the date the incident giving rise to the injury occurred.

(3) This section shall apply to causes of action that have accrued prior to the effective date of this section; however, any such cause of action that would not have been barred under prior law may be brought within the time allowed by prior law or within 2 years after the effective date of this section, whichever is earlier, and will be barred thereafter. In actions where it can be shown that fraudulent concealment or intentional misrepresentation of fact prevented the discovery of the injury, the period of limitations is extended forward 2 years from the time that the injury is discovered with the exercise of due diligence but in no event more than 4 years from the effective date of this section.

Section 43. Section 400.4297, Florida Statutes, is created to read:

400.4297 Punitive damages; pleading; burden of proof.—

(1) In any action for damages brought under this part, no claim for punitive damages shall be permitted unless there is a reasonable showing by evidence in the record or proffered by the claimant which would provide a reasonable basis for recovery of such damages. The claimant may move to amend her or his complaint to assert a claim for punitive damages as allowed by the rules of civil procedure. The rules of civil procedure shall be liberally construed so as to allow the claimant discovery of evidence which appears reasonably calculated to lead to admissible evidence on the issue of punitive damages. No discovery of financial worth shall proceed until after the pleading concerning punitive damages is permitted.

(2) A defendant may be held liable for punitive damages only if the trier of fact, based on clear and convincing evidence, finds that the defendant was personally guilty of intentional misconduct or gross negligence. As used in this section, the term:

(a) "Intentional misconduct" means that the defendant had actual knowledge of the wrongfulness of the conduct and the high probability that injury or damage to the claimant would result and, despite that knowledge, intentionally pursued that course of conduct, resulting in injury or damage.

(b) "Gross negligence" means that the defendant's conduct was so reckless or wanting in care that it constituted a conscious disregard or indifference to the life, safety, or rights of persons exposed to such conduct.

(3) In the case of an employer, principal, corporation, or other legal entity, punitive damages may be imposed for the conduct of an employee or agent only if the conduct of the employee or agent meets the criteria specified in subsection (2) and:

(a) The employer, principal, corporation, or other legal entity actively and knowingly participated in such conduct;

(b) The officers, directors, or managers of the employer, principal, corporation, or other legal entity condoned, ratified, or consented to such conduct; or

(c) The employer, principal, corporation, or other legal entity engaged in conduct that constituted gross negligence and that contributed to the loss, damages, or injury suffered by the claimant.

(4) The plaintiff must establish at trial, by clear and convincing evidence, its entitlement to an award of punitive damages. The "greater weight of the evidence" burden of proof applies to a determination of the amount of damages.

(5) This section is remedial in nature and shall take effect upon becoming a law.

Section 44. Section 400.4298, Florida Statutes, is created to read:

400.4298 Punitive damages; limitation.—

(1)(a) Except as provided in paragraphs (b) and (c), an award of punitive damages may not exceed the greater of:

1. Three times the amount of compensatory damages awarded to each claimant entitled thereto, consistent with the remaining provisions of this section; or

2. The sum of $1 million.

(b) Where the fact finder determines that the wrongful conduct proven under this section was motivated primarily by unreasonable financial gain and determines that the unreasonably dangerous nature of the conduct, together with the high likelihood of injury resulting from the conduct, was actually known by the managing agent, director, officer, or other person responsible for making policy decisions on behalf of the defendant, it may award an amount of punitive damages not to exceed the greater of:

1. Four times the amount of compensatory damages awarded to each claimant entitled thereto, consistent with the remaining provisions of this section; or

2. The sum of $4 million.

(c) Where the fact finder determines that at the time of injury the defendant had a specific intent to harm the claimant and determines that the defendant's conduct did in fact harm the claimant, there shall be no cap on punitive damages.

(d) This subsection is not intended to prohibit an appropriate court from exercising its jurisdiction under s. 768.74 in determining the reasonableness of an award of punitive damages that is less than three times the amount of compensatory damages.

(e) In any case in which the findings of fact support an award of punitive damages pursuant to paragraph (b) or paragraph (c), the clerk of the court shall refer the case to the appropriate law enforcement agencies, to the state attorney in the circuit where the long-term care facility that is the subject of the underlying civil cause of action is located, and, for multijurisdictional facility owners, to the Office of the Statewide Prosecutor; and such agencies, state attorney, or Office of the Statewide Prosecutor shall initiate a criminal investigation into the conduct giving rise to the award of punitive damages. All findings by the trier of fact which support an award of punitive damages under this paragraph shall be admissible as evidence in any subsequent civil or criminal proceeding relating to the acts giving rise to the award of punitive damages under this paragraph.

(2) The claimant's attorney's fees, if payable from the judgment, are, to the extent that the fees are based on the punitive damages, calculated

based on the final judgment for punitive damages. This subsection does not limit the payment of attorney's fees based upon an award of damages other than punitive damages.

(3) The jury may neither be instructed nor informed as to the provisions of this section.

(4) Notwithstanding any other law to the contrary, the amount of punitive damages awarded pursuant to this section shall be equally divided between the claimant and the Quality of Long-Term Care Facility Improvement Trust Fund, in accordance with the following provisions:

(a) The clerk of the court shall transmit a copy of the jury verdict to the State Treasurer by certified mail. In the final judgment the court shall order the percentages of the award, payable as provided herein.

(b) A settlement agreement entered into between the original parties to the action after a verdict has been returned must provide a proportionate share payable to the Quality of Long-Term Care Facility Improvement Trust Fund specified herein. For purposes of this paragraph, a proportionate share is a 50-percent share of that percentage of the settlement amount which the punitive damages portion of the verdict bore to the total of the compensatory and punitive damages in the verdict.

(c) The Department of Banking and Finance shall collect or cause to be collected all payments due the state under this section. Such payments are made to the Comptroller and deposited in the appropriate fund specified in this subsection.

(d) If the full amount of punitive damages awarded cannot be collected, the claimant and the other recipient designated pursuant to this subsection are each entitled to a proportionate share of the punitive damages collected.

(5) This section is remedial in nature and shall take effect upon becoming a law.

Section 45. Section 400.434, Florida Statutes, is amended to read:

400.434 Right of entry and inspection.—Any duly designated officer or employee of the department, the Department of Children and Family Services, the agency, the state or local fire marshal, or a member of the state or local long-term care ombudsman council shall have the right to enter unannounced upon and into the premises of any facility licensed pursuant to this part in order to determine the state of compliance with the provisions of this part and of rules or standards in force pursuant thereto. The right of entry and inspection shall also extend to any premises which the agency has reason to believe is being operated or maintained as a facility without a license; but no such entry or inspection of any premises may be made without the permission of the owner or person in charge thereof, unless a warrant is first obtained from the circuit court authorizing such entry. The warrant requirement shall extend only to a facility which the agency has reason to believe is being operated or maintained as a facility without a license. Any application for a license or renewal thereof made pursuant to this part shall constitute permission for, and complete acquiescence in, any entry or inspection of the premises for which the license is sought, in order to facilitate verification of the information submitted on or in connection with the application; to discover, investigate, and determine the existence of abuse or neglect; or to elicit, receive, respond to, and resolve complaints. Any current valid license shall constitute unconditional permission for, and complete acquiescence in, any entry or inspection of the premises by authorized personnel. The agency shall retain the right of entry and inspection of facilities that have had a license revoked or suspended within the previous 24 months, to ensure that the facility is not operating unlawfully. However, before entering the facility, a statement of probable cause must be filed with the director of the agency, who must approve or disapprove the action within 48 hours. Probable cause shall include, but is not limited to, evidence that the facility holds itself out to the public as a provider of personal care services or the receipt of a complaint by the long-term care ombudsman council about the facility. *Data collected by the state or local long-term care ombudsman councils or the state or local advocacy councils may be used by the agency in investigations involving violations of regulatory standards.*

Section 46. Paragraph (h) of subsection (1) and subsection (4) of section 400.441, Florida Statutes, are amended to read:

400.441 Rules establishing standards.—

(1) It is the intent of the Legislature that rules published and enforced pursuant to this section shall include criteria by which a reasonable and consistent quality of resident care and quality of life may be ensured and the results of such resident care may be demonstrated. Such rules shall also ensure a safe and sanitary environment that is residential and noninstitutional in design or nature. It is further intended that reasonable efforts be made to accommodate the needs and preferences of residents to enhance the quality of life in a facility. In order to provide safe and sanitary facilities and the highest quality of resident care accommodating the needs and preferences of residents, the department, in consultation with the agency, the Department of Children and Family Services, and the Department of Health, shall adopt rules, policies, and procedures to administer this part, which must include reasonable and fair minimum standards in relation to:

(h) The care and maintenance of residents, which must include, but is not limited to:

1. The supervision of residents;

2. The provision of personal services;

3. The provision of, or arrangement for, social and leisure activities;

4. The arrangement for appointments and transportation to appropriate medical, dental, nursing, or mental health services, as needed by residents;

5. The management of medication;

6. The nutritional needs of residents; ~~and~~

7. Resident records*; and*~~.~~

8. Internal risk management and quality assurance.

(4) The agency may use an abbreviated biennial *standard licensure* inspection *that* ~~which~~ consists of a review of key quality-of-care standards in lieu of a full inspection in facilities which have a good record of past performance. However, a full inspection shall be conducted in facilities which have had a history of class I or class II violations, uncorrected class III violations, confirmed ombudsman council complaints, or confirmed licensure complaints, within the previous licensure period immediately preceding the inspection or when a potentially serious problem is identified during the abbreviated inspection. The agency, in consultation with the department, shall develop the key quality-of-care standards with input from the State Long-Term Care Ombudsman Council and representatives of provider groups for incorporation into its rules. ~~Beginning on or before March 1, 1991,~~ The department, in consultation with the agency, shall report annually to the Legislature concerning its implementation of this subsection. The report shall include, at a minimum, the key quality-of-care standards which have been developed; the number of facilities identified as being eligible for the abbreviated inspection; the number of facilities which have received the abbreviated inspection and, of those, the number that were converted to full inspection; the number and type of subsequent complaints received by the agency or department on facilities which have had abbreviated inspections; any recommendations for modification to this subsection; any plans by the agency to modify its implementation of this subsection; and any other information which the department believes should be reported.

Section 47. Section 400.449, Florida Statutes, is created to read:

400.449 Resident records; penalties for alteration.—

(1) Any person who fraudulently alters, defaces, or falsifies any medical or other record of an assisted living facility, or causes or procures any such offense to be committed, commits a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

(2) A conviction under subsection (1) is also grounds for restriction, suspension, or termination of license privileges.

Section 48. Paragraph (b) of subsection (2) of section 409.908, Florida Statutes, is amended to read:

409.908 Reimbursement of Medicaid providers.—Subject to specific appropriations, the agency shall reimburse Medicaid providers, in accordance with state and federal law, according to methodologies set forth in the rules of the agency and in policy manuals and handbooks incorporated by reference therein. These methodologies may include fee schedules, reimbursement methods based on cost reporting, negotiated fees, competitive bidding pursuant to s. 287.057, and other mechanisms the agency considers efficient and effective for purchasing services or goods on behalf of recipients. Payment for Medicaid compensable services made on behalf of Medicaid eligible persons is subject to the availability of moneys and any limitations or directions provided for in the General Appropriations Act or chapter 216. Further, nothing in this section shall be construed to prevent or limit the agency from adjusting fees, reimbursement rates, lengths of stay, number of visits, or number of services, or making any other adjustments necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act, provided the adjustment is consistent with legislative intent.

(2)

(b) Subject to any limitations or directions provided for in the General Appropriations Act, the agency shall establish and implement a Florida Title XIX Long-Term Care Reimbursement Plan (Medicaid) for nursing home care in order to provide care and services in conformance with the applicable state and federal laws, rules, regulations, and quality and safety standards and to ensure that individuals eligible for medical assistance have reasonable geographic access to such care.

1. Changes of ownership or of licensed operator do not qualify for increases in reimbursement rates associated with the change of ownership or of licensed operator. The agency shall amend the Title XIX Long Term Care Reimbursement Plan to provide that the initial nursing home reimbursement rates, for the operating, patient care, and MAR components, associated with changes of ownership filed on or after July 1, 2001, are equivalent to the previous owner's reimbursement rate.

2. The agency shall amend the long-term care reimbursement plan and cost reporting system to create direct care and indirect care subcomponents of the patient care component of the per diem rate. These two subcomponents together shall equal the patient care component of the per diem rate. Separate cost-based ceilings shall be calculated for each patient care subcomponent. The direct care subcomponent of the per diem rate shall be limited by the cost-based class ceiling and the indirect care subcomponent shall be limited by the lower of the cost-based class ceiling, by the target rate class ceiling or by the individual provider target. The agency shall adjust the direct care subcomponent effective October 1, 2001. The cost to adjust the direct care subcomponent shall be net of the total funds previously allocated for the case mix add-on. The indirect subcomponent shall not be adjusted and the individual provider targets, and the target rate class ceilings for the indirect care subcomponent shall be lowered proportionately to account for the separation of costs into a direct and an indirect care subcomponent. The agency shall make the required changes to the nursing home cost reporting forms to implement this requirement effective January 1, 2002.

3. The direct care subcomponent shall include salaries and benefits of direct care staff providing nursing services including registered nurses, licensed practical nurses, and certified nursing assistants who deliver care directly to residents in the nursing home facility. This excludes nursing administration, MDS, and care plan coordinators, staff development, staffing coordinator, and contract nursing services.

4. All other patient care costs shall be included in the indirect care cost subcomponent of the patient care per diem rate. There shall be no costs directly or indirectly allocated to the direct care subcomponent from a home office or management company.

5. On July 1 of each year, the agency shall report to the Legislature direct and indirect care costs, including average direct and indirect care costs per resident per facility and direct care and indirect care salaries and benefits per category of staff member per facility.

6. Under the plan, interim rate adjustments shall not be granted to reflect increases in the cost of general or professional liability insurance for nursing homes unless the following criteria are met: have at least a 65 percent Medicaid utilization in the most recent cost report submitted to the agency, and the increase in general or professional liability costs to the facility for the most recent policy period affects the total Medicaid per diem by at least 5 percent. This rate adjustment shall not result in the per diem exceeding the class ceiling. This provision shall ~~apply only to fiscal year 2000-2001 and shall~~ be implemented to the extent existing appropriations are available. ~~The agency shall report to the Governor, the Speaker of the House of Representatives, and the President of the Senate by December 31, 2000, on the cost of liability insurance for Florida nursing homes for fiscal years 1999 and 2000 and the extent to which these costs are not being compensated by the Medicaid program. Medicaid-participating nursing homes shall be required to report to the agency information necessary to compile this report. Effective no earlier than the rate-setting period beginning April 1, 1999, the agency shall establish a case-mix reimbursement methodology for the rate of payment for long-term care services for nursing home residents. The agency shall compute a per diem rate for Medicaid residents, adjusted for case mix, which is based on a resident classification system that accounts for the relative resource utilization by different types of residents and which is based on level-of-care data and other appropriate data. The case-mix methodology developed by the agency shall take into account the medical, behavioral, and cognitive deficits of residents. In developing the reimbursement methodology, the agency shall evaluate and modify other aspects of the reimbursement plan as necessary to improve the overall effectiveness of the plan with respect to the costs of patient care, operating costs, and property costs. In the event adequate data are not available, the agency is authorized to adjust the patient's care component or the per diem rate to more adequately cover the cost of services provided in the patient's care component. The agency shall work with the Department of Elderly Affairs, the Florida Health Care Association, and the Florida Association of Homes for the Aging in developing the methodology.~~

It is the intent of the Legislature that the reimbursement plan achieve the goal of providing access to health care for nursing home residents who require large amounts of care while encouraging diversion services as an alternative to nursing home care for residents who can be served within the community. The agency shall base the establishment of any maximum rate of payment, whether overall or component, on the available moneys as provided for in the General Appropriations Act. The agency may base the maximum rate of payment on the results of scientifically valid analysis and conclusions derived from objective statistical data pertinent to the particular maximum rate of payment.

Section 49. Subsections (2) and (3) of section 430.709, Florida Statutes, are amended to read:

430.709 Reports and evaluations.—

(2) The *agency, in consultation with the* department*,* shall contract for an independent evaluation of the community diversion pilot projects. Such evaluation must include a careful review and assessment of the actual cost for the provision of services to *enrollees* ~~participants~~. *No later than 120 days after the effective date of this section, the agency shall select a contractor with experience and expertise in evaluating capitation rates for managed care organizations serving a disabled or frail elderly population to conduct the evaluation of the community diversion pilot project as defined in s. 430.703. The contractor shall demonstrate the capacity to evaluate managed care arrangements that seek to test the blending of Medicaid and Medicare capitation as a strategy to provide efficient, cost-effective care. The contractor shall report to the agency and the Legislature the specific array of services provided to each enrollee, the average number of times per week each service was provided, the unit cost and total cost per week to provide the service, the total cost of all services provided to the enrollee, and the enrollment period for which total costs*

were calculated. In addition, the contractor shall report to the agency and the Legislature the total number of enrollees to date; the total payment to the managed care organization for enrollees; the number of enrollees who have been admitted to a nursing facility; the total number of days enrollees have spent in nursing home facilities; the number of enrollees who have disenrolled from the project; the average length of time participants were enrolled, expressed as the mean number of days and standard deviation; the number of persons who disenrolled and subsequently became a nursing home resident; the number of enrollees who have died while enrolled in the project and the mean number of days enrolled prior to death; the list of available services delivered in-home by percentage of enrollees receiving the service; the list of available services delivered out-of-home by percentage of enrollees receiving the service. The evaluation contractor shall analyze and report the individual services and the array of services most associated with effective diversion of frail elderly enrollees from nursing home placement. Further, the contractor will evaluate the project responses to at least the following questions:

(a) Was the cost of the diversion project per person less than the cost of providing services through fee-for-service Medicaid?

(b) Did the diversion project increase access to physical health care, mental health care, and social services?

(c) Did the diversion project maintain or improve the quality of care and quality of life of the participants?

(d) What was the functional status of participants before enrolling in the diversion project, and what was the functional status at various points during and after enrollment?

(e) How many participants disenrolled and at what point after enrolling?

(f) Why did participants disenroll?

(g) Did the department develop specialized contract standards and quality assurance measures?

(h) Did the department assess quality of care, appropriateness of care claims data analysis, and consumer self-report data?

(i) Does the cost analysis show savings to the state?

(j) What were the results of recipient profile and enrollment analyses?

(k) What were the results of the family satisfaction and consumer outcome analyses?

(l) How did hospital admissions and preventable readmissions differ among nursing home enrollees in the diversion project, nursing home residents not in the project, and frail elders living in the community? Did payer or provider type have a significant relationship to the number of hospital admissions?

(m) What agencies or providers did the diversion project contractor engage to provide noninstitutional services?

(n) Was there a volume-outcome or dose-response relationship between the utilization rate of noninstitutional services, functional assessment, and the ability of the enrollee to remain in the community?

(3) *The evaluation contractor shall submit the final report to the Speaker of the House of Representatives and the President of the Senate on or before February 15, 2002. Subsequent to the completion of the evaluation and submission of the evaluation report to the Legislature,* the *agency, in consultation with the* department, ~~in consultation with the agency,~~ shall assess *and make specific recommendations to the Legislature as to* the feasibility of implementing a managed long-term care system throughout the state to serve appropriate Medicaid-eligible long-term care recipients age 60 years and older.

(b) Has achieved a minimum score, established by rule of the board, on the nursing assistant competency examination, which consists of a written portion and skills-demonstration portion, approved by the board and administered at a site and by personnel approved by the department and:

(2) If an applicant fails to pass the nursing assistant competency examination in three attempts, the applicant is not eligible for reexamination unless the applicant completes an approved training program.

(3) An oral examination shall be administered as a substitute for the written portion of the examination upon request. The oral examination shall be administered at a site and by personnel approved by the department.

(4) The board shall adopt rules to provide for the initial certification of certified nursing assistants.

(5) Certification as a nursing assistant, in accordance with this part, continues in effect until such time as the nursing assistant allows a period of 24 consecutive months to pass during which period the nursing assistant fails to perform any nursing-related services for monetary compensation. When a nursing assistant fails to perform any nursing-related services for monetary compensation for a period of 24 consecutive months, the nursing assistant must complete a new training and competency evaluation program or a new competency evaluation program.

(6)~~(5)~~ A certified nursing assistant shall maintain a current address with the board in accordance with s. 456.035.

Section 51. Subsection (2) of section 397.405, Florida Statutes, is amended to read:

397.405 Exemptions from licensure.—The following are exempt from the licensing provisions of this chapter:

(2) A nursing home facility as defined in *s. 400.021* ~~s. 400.021(12)~~.

The exemptions from licensure in this section do not apply to any facility or entity which receives an appropriation, grant, or contract from the state to operate as a service provider as defined in this chapter or to any substance abuse program regulated pursuant to s. 397.406. No provision of this chapter shall be construed to limit the practice of a physician

licensed under chapter 458 or chapter 459, a psychologist licensed under chapter 490, or a psychotherapist licensed under chapter 491, providing outpatient or inpatient substance abuse treatment to a voluntary patient, so long as the physician, psychologist, or psychotherapist does not represent to the public that he or she is a licensed service provider under this act. Failure to comply with any requirement necessary to maintain an exempt status under this section is a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

Section 52. *Notwithstanding the establishment of need as provided for in chapter 408, Florida Statutes, no certificate of need for additional community nursing home beds shall be approved by the agency until July 1, 2006. The Legislature finds that the continued growth in the Medicaid budget for nursing home care has constrained the ability of the state to meet the needs of its elderly residents through the use of less restrictive and less institutional methods of long-term care. It is therefore the intent of the Legislature to limit the increase in Medicaid nursing home expenditures in order to provide funds to invest in long-term care that is community-based and provides supportive services in a manner that is both more cost-effective and more in keeping with the wishes of the elderly residents of this state. This moratorium on certificates of need shall not apply to nursing home beds that are not eligible for Medicaid reimbursement in a continuing care retirement community certified by the Department of Insurance pursuant to chapter 651, Florida Statutes.*

insert:

Section 25. Paragraph (e) of subsection (5) of section 212.055, Florida Statutes, is amended to read:

212.055 Discretionary sales surtaxes; legislative intent; authorization and use of proceeds.—It is the legislative intent that any authorization for imposition of a discretionary sales surtax shall be published in the Florida Statutes as a subsection of this section, irrespective of the duration of the levy. Each enactment shall specify the types of counties authorized to levy; the rate or rates which may be imposed; the maximum length of time the surtax may be imposed, if any; the procedure which must be followed to secure voter approval, if required; the purpose for which the proceeds may be expended; and such other requirements as the Legislature may provide. Taxable transactions and administrative procedures shall be as provided in s. 212.054.

(5) COUNTY PUBLIC HOSPITAL SURTAX.—Any county as defined in s. 125.011(1) may levy the surtax authorized in this subsection pursuant to an ordinance either approved by extraordinary vote of the county commission or conditioned to take effect only upon approval by a majority vote of the electors of the county voting in a referendum. In a county as defined in s. 125.011(1), for the purposes of this subsection, "county public general hospital" means a general hospital as defined in s. 395.002 which is owned, operated, maintained, or governed by the county or its agency, authority, or public health trust.

(e) *The Health Policy Authority, created by the county commission, shall adopt and implement a health care plan for indigent health care services.* ~~A governing board, agency, or authority shall be chartered by the county commission upon this act becoming law. The governing board, agency, or authority shall adopt and implement a health care plan for indigent health care services. The governing board, agency, or authority shall consist of no more than seven and no fewer than five members appointed by the county commission. The members of the governing board, agency, or authority shall be at least 18 years of age and residents of the county. No member may be employed by or affiliated with a health care provider or the public health trust, agency, or authority responsible for the county public general hospital. The following community organizations shall each appoint a representative to a nominating committee: the South Florida Hospital and Healthcare Association, the Miami-Dade County Public Health Trust, the Dade County Medical Association, the Miami-Dade County Homeless Trust, and the Mayor of Miami-Dade County. This committee shall nominate between 10 and 14 county citizens for the governing board, agency, or authority. The slate shall be presented to the county commission and the county commission shall confirm the top five to seven nominees, depending on the size of the governing board. Until such time as the governing board, agency, or authority is created, the funds provided for in subparagraph (d)2. shall be placed in a restricted account set aside from other county funds and not disbursed by the county for any other purpose.~~

1. The plan shall divide the county into a minimum of four and maximum of six service areas, with no more than one participant hospital per service area. The county public general hospital shall be designated as the provider for one of the service areas. Services shall be provided through participants' primary acute care facilities.

2. The plan and subsequent amendments to it shall fund a defined range of health care services for both indigent persons and the medically poor, including ~~primary care, preventive care,~~ hospital emergency room care~~,~~ and hospital care necessary to stabilize the patient. For the purposes of this section, "stabilization" means stabilization as defined in s. 397.311(30). ~~Where consistent with these objectives, the plan may include services rendered by physicians, clinics, community hospitals, and alternative delivery sites, as well as at least one regional referral hospital per service area.~~ The plan shall provide that agreements negotiated between the governing board, agency, or authority and providers shall recognize hospitals that render a disproportionate share of indigent care, provide other incentives to promote the delivery of charity care to draw down federal funds where appropriate, and require cost containment, including, but not limited to, case management. From the funds specified in subparagraphs (d)1. and 2. for indigent health care services, service providers shall receive reimbursement at a Medicaid rate. ~~to be determined by the governing board, agency, or authority created pursuant to this paragraph for the initial emergency room visit, and a per-member per-month fee or capitation for those members enrolled in their service area, as compensation for the services rendered following the initial emergency visit. Except for provisions of emergency services, upon determination of eligibility, enrollment shall be deemed to have occurred at the time services were rendered. The provisions for specific reimbursement of emergency services shall be repealed on July 1, 2001, unless otherwise reenacted by the Legislature. The capitation amount or rate shall be determined prior to program~~

~~implementation by an independent actuarial consultant.~~ In no event shall *the* ~~such~~ reimbursement rates exceed the Medicaid rate. The plan must also provide that any hospitals owned and operated by government entities on or after the effective date of this act must, as a condition of receiving funds under this subsection, afford public access equal to that provided under s. 286.011 as to any meeting of the governing board, agency, or authority the subject of which is budgeting resources for the retention of charity care, as that term is defined in the rules of the Agency for Health Care Administration. ~~The plan shall also include innovative health care programs that provide cost-effective alternatives to traditional methods of service and delivery funding.~~

3. The plan's benefits shall be made available to all county residents currently eligible to receive health care services as indigents or medically poor as defined in paragraph (4)(d).

~~4. Eligible residents who participate in the health care plan shall receive coverage for a period of 12 months or the period extending from the time of enrollment to the end of the current fiscal year, per enrollment period, whichever is less.~~

~~4.~~5. At the end of each fiscal year, the *Health Policy* ~~governing board, agency, or~~ Authority shall prepare an audit that reviews the budget of the plan, delivery of services, and quality of services, and makes recommendations to increase the plan's efficiency. The audit shall take into account participant hospital satisfaction with the plan and assess the amount of poststabilization patient transfers requested, and accepted or denied, by the county public general hospital.

Section 26. Section 11 of chapter 2000-312, Laws of Florida, is amended to read:

Section 11. The provisions of this act shall be reviewed by the Legislature prior to October 1, *2006* ~~2005~~, and shall be repealed on that date unless otherwise reenacted by the Legislature.

And the title is amended as follows:

On page 3, line 8,

after the semicolon, insert: amending s. 212.055, F.S.; revising provisions relating to the county public hospital surtax; revising procedures and requirements for adoption and implementation of the health care plan for indigent health care services; amending s. 11 of ch. 2000-312, Laws of Florida; postponing future review and repeal of said provisions;

Statement of Legislative Intent on HB 1429

On motion by Rep. Byrd, the rules were waived and the following statement was ordered spread upon the *Journal*, in order to establish legislative intent:

Rep. Byrd: Thank you, Mr. Speaker. This bill creates the Cardiac Arrest Survival Act to provide a qualified immunity to persons who use or attempt to use an automatic external defibrillator device. Provides a definition of "reckless disregard" to the type of conduct eliminating the qualified immunity protection. While reckless disregard is not defined in the bill, I note that it is the subject of Standard Jury Instruction MI-9 relative to the Good Samaritan provision for hospital emergency rooms, the commentary to which places it somewhere between simple negligence and gross negligence. This emergency room standard was applied in *Garcia v. Randle-Eastern Ambulance Service, Inc.,* which noted that commentators have rejected the application of the punitive damages standard in defining recklessness in an emergency situation.

HJR 1451—A joint resolution proposing an amendment to Section 3 of Article VII of the State Constitution relating to exemption from ad valorem taxation of certain tangible personal property.

Be It Resolved by the Legislature of the State of Florida:

The amount or limits of the amount of such exemption shall be specified by general law. The period of time for which such exemption may be granted to a new business or expansion of an existing business shall be determined by general law. The authority to grant such exemption shall expire ten years from the date of approval by the electors of the county or municipality, and may be renewable by referendum as provided by general law.

(d) By general law and subject to conditions specified therein, there may be granted an ad valorem tax exemption to a renewable energy source device and to real property on which such device is installed and operated, to the value fixed by general law not to exceed the original cost of the device, and for the period of time fixed by general law not to exceed ten years.

(e) Any county or municipality may, for the purpose of its respective tax levy and subject to the provisions of this subsection and general law, grant historic preservation ad valorem tax exemptions to owners of historic properties. 2. Two-tenths of one percent shall be transferred to the Solid Waste Management Trust Fund.

3. After the distribution under subparagraphs 1. and 2., 9.653 percent of the amount remitted by a sales tax dealer located within a participating county pursuant to s. 218.61 shall be transferred into the Local Government Half-cent Sales Tax Clearing Trust Fund.

4. After the distribution under subparagraphs 1., 2., and 3., 0.065 percent shall be transferred to the Local Government Half-cent Sales Tax Clearing Trust Fund and distributed pursuant to s. 218.65.

5. For proceeds received after July 1, 2000, and after the distributions under subparagraphs 1., 2., 3., and 4., 2.25 percent of the available proceeds pursuant to this paragraph shall be transferred monthly to the Revenue Sharing Trust Fund for Counties pursuant to s. 218.215.

6. If the total revenue to be distributed pursuant to this subparagraph is at least as great as the amount due from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000, no municipality shall receive less than the amount due from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000. If the total proceeds to be distributed are less than the amount received in combination from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000, each municipality shall receive an amount proportionate to the amount it was due in state fiscal year 1999-2000.

This distribution is subject to reduction pursuant to s. 288.1169. A lump sum payment of $999,996 shall be made, after certification and before July 1, 2000.

Section 2. If section 35 of chapter 2000-260, Laws of Florida, is not repealed by section 58 of said chapter, paragraph (e) of subsection (6) of section 212.20, Florida Statutes, is amended to read:

(1) LEGISLATIVE FINDINGS AND DECLARATIONS.—The Legislature finds that attracting, retaining, and providing favorable

conditions for the growth of certified sports industry economic development projects provides high-quality employment opportunities for residents of the state, increases tourism, and enhances the economic foundations of the state. It is the policy of the state to encourage the growth of high-value-added employment to the economic base by providing a sales tax reimbursement to certified sports industry economic development projects that create new employment opportunities and generate new sales tax dollars by expanding businesses within the state or by bringing new businesses to the state.

(2) DEFINITIONS.—As used in this section:

(a) "Certified sports industry economic development project" or "project" means any amateur sports business that develops, operates, attracts, and retains multiyear amateur sporting events that generate new sales taxes for the state, has submitted a properly completed application to the Office of Tourism, Trade, and Economic Development, and has subsequently been certified by that office as a certified sports industry economic development project.

The amount shall be based on new sales tax revenues generated under chapter 212 by increased new business and tourism activity directly attributable to the project as determined using the sports economic impact model and, subject to other restrictions, returns 50 percent of that amount to the project. The total amount of sales tax reimbursement for all fiscal years estimated for each project shall not exceed 50 percent of the cost of the project as determined by the Office of Tourism, Trade, and Economic Development in the certification process set forth in subsection (6). The annualized amount of the monthly distribution shall be calculated by the Office of Tourism, Trade, and Economic Development and specified in the applicant's sales tax reimbursement agreement. Annual payment amounts shall be no less than $500,000 and no more than $2 million, unless the Office of Tourism, Trade, and Economic Development reduces payments below $500,000 under its authority to decertify a project as discussed in subsection (6).

(6) CERTIFICATION, RECERTIFICATION, AND DECERTIFICATION PROCEDURE.—

(a) The Office of Tourism, Trade, and Economic Development shall establish a certification process by which a proposed amateur sports industry economic development project may be approved by the office as a certified sports industry economic development project that is eligible to receive economic development incentives in the form of a sales tax reimbursement of a percentage of new sales taxes that have been generated and remitted to the state as a result of the certified sports industry economic development project.

(b) Before certifying an applicant under this subsection, the Office of Tourism, Trade, and Economic Development shall determine that the applicant has:

1. Completed an independent analysis or study, verified by the Office of Tourism, Trade, and Economic Development, which demonstrates that the proposed amateur sports industry economic development project will generate a minimum of $1 million annually in new sales tax revenues over a multiyear period.

2. Received commitments for amateur sports activities which demonstrate that the proposed amateur sports economic development project will bring to this state on a multiyear basis new proposed amateur sports economic development project activities that will generate a minimum of $1 million in new sales tax revenues annually, as verified by the Office of Tourism, Trade, and Economic Development.

(e) The Office of Tourism, Trade, and Economic Development shall deny the application of an amateur sports business to be a certified sports industry economic development project if the office determines that the proposed project does not meet the established criteria for approval.

The application may be distributed to applicants by the Office of Tourism, Trade, and Economic Development, and all completed applications shall be processed by the office.

(g) Initial certification for a sales tax reimbursement under this section is valid for 120 months. Subsequent to the initial certification period, the certified sports industry economic development project is eligible for two periods of recertification, each of which is valid for 60 months. A project shall request recertification 12 months before the expiration of the certificate.

(h) A certified sports industry economic development project may request recertification after the initial certification period to be requalified for certification as a certified sports industry economic development project for a period not to exceed 240 months.

If the project is not recertified during this 10-year review period as meeting the minimum projections, funding shall be adjusted until certification criteria are met. If, for 2 consecutive years, the amount of tax revenues collected falls below a minimum of $1 million per year, the project may be decertified at the discretion of the Office of Tourism, Trade, and Economic Development. Such a reduction shall remain in effect until the sales tax revenues generated by the project in a 12-month period equal or exceed $1 million.

(j) A project may be decertified if the Office of Tourism, Trade, and Economic Development determines that the amateur sports business can no longer maintain its economic development activities in this state. If the project is no longer in existence, or is no longer viable, as determined by the project's sales tax reimbursement agreement with the Office of Tourism, Trade, and Economic Development, or if the project has the certificate for purposes other than those authorized by this section and chapter 212, the Office of Tourism, Trade, and Economic Development shall notify the Department of Revenue to suspend payment for a period of 6 months until the project is either in compliance with the sales tax reimbursement agreement or is determined to be in default. Representative(s) Trovillion offered the following:

(Amendment Bar Code: 942427)

Amendment 3 (with title amendment)—On page 2, line 1, through page 5, line 20,
remove from the bill: all of said lines,

and insert in lieu thereof:

Section 1. *(1) It is the intent of the Legislature to implement treatment-based drug court programs in each judicial circuit in an effort to reduce crime and recidivism, abuse and neglect cases, and family dysfunction by breaking the cycle of addiction which is the most predominant cause of cases entering the justice system. The Legislature recognizes that the integration of judicial supervision, treatment, accountability, and sanctions greatly increases the effectiveness of substance abuse treatment. The Legislature also seeks to ensure that there is a coordinated, integrated, and multidisciplinary response to the substance abuse problem in this state, with special attention given to creating partnerships between the public and private sectors and to the coordinated, supported, and integrated delivery of multiple-system services for substance abusers, including a multiagency team approach to service delivery.*

(2) Each judicial circuit shall establish a model of a treatment-based drug court program under which persons in the justice system assessed with a substance abuse problem will be processed in such a manner as to appropriately address the severity of the identified substance abuse problem through treatment plans tailored to the individual needs of the participant. These treatment-based drug court program models may be established in the misdemeanor, felony, family, delinquency, and dependency divisions of the judicial circuits. It is the intent of the Legislature to encourage the Department of Corrections, the Department of Children and Family Services, the Department of Juvenile Justice, the Department of Health, the Department of Law Enforcement, and such other agencies, local governments, law enforcement agencies, and other interested public or private sources to support the creation and establishment of these problem-solving court programs. Participation in the treatment-based drug court programs does not divest any public or private agency of its responsibility for a child or adult, but allows these agencies to better meet their needs through shared responsibility and resources.

(3) The treatment-based drug court programs shall include therapeutic jurisprudence principles and adhere to the following 10 key components, recognized by the Drug Courts Program Office of the Office of Justice Programs of the United States Department of Justice and adopted by the Florida Supreme Court Treatment-Based Drug Court Steering Committee:

(a) Drug court programs integrate alcohol and other drug treatment services with justice system case processing.

(b) Using a nonadversarial approach, prosecution and defense counsel promote public safety while protecting participants' due process rights.

(c) Eligible participants are identified early and promptly placed in the drug court program.

(d) Drug court programs provide access to a continuum of alcohol, drug, and other related treatment and rehabilitation services.

(e) Abstinence is monitored by frequent testing for alcohol and other drugs.

(f) A coordinated strategy governs drug court program responses to participants' compliance.

(g) Ongoing judicial interaction with each drug court program participant is essential.

(h) Monitoring and evaluation measure the achievement of program goals and gauge program effectiveness.

(i) Continuing interdisciplinary education promotes effective drug court program planning, implementation, and operations.

(j) Forging partnerships among drug court programs, public agencies, and community-based organizations generates local support and enhances drug court program effectiveness.

(4) Treatment-based drug court programs may include pretrial intervention programs as provided in ss. 948.08, 948.16, and 985.306, Florida Statutes.

(5)(a) The Florida Association of Drug Court Program Professionals is created. The membership of the association may consist of drug court program practitioners who comprise the multidisciplinary drug court program team, including, but not limited to, judges, state attorneys, defense counsel, drug court program coordinators, probation officers, law enforcement officers, members of the academic community, and treatment professionals. Membership in the association shall be voluntary.

(b) The association shall annually elect a chair whose duty is to solicit recommendations from members on issues relating to the expansion, operation, and institutionalization of drug court programs. The chair is responsible for providing the association's recommendations to the Supreme Court Treatment-Based Drug Court Steering Committee, and shall submit a report each year, on or before October 1, to the steering committee.

Section 2. Subsection (5) is added to section 910.035, Florida Statutes, to read:

910.035 Transfer from county for plea and sentence.—

(5) Any person eligible for participation in a drug court treatment program pursuant to s. 948.08(6) may be eligible to have the case transferred to a county other than that in which the charge arose if the drug court program agrees and if the following conditions are met:

(a) The authorized representative of the drug court program of the county requesting to transfer the case shall consult with the authorized representative of the drug court program in the county to which transfer is desired.

(b) If approval for transfer is received from all parties, the trial court shall enter a transfer order directing the clerk to transfer the case to the county which has accepted the defendant into its drug court program.

(c) The transfer order shall include a copy of the probable cause affidavit, any charging documents in the case, all reports, witness statements, test results, evidence lists, and other documents in the case, the defendant's mailing address and phone number, and the defendant's written consent to abide by the rules and procedures of the receiving county's drug court program.

(d) After the transfer takes place, the clerk shall set the matter for a hearing before the drug court program judge and the court shall ensure the defendant's entry into the drug court program.

And the title is amended as follows:

On page 1, lines 4-10,
remove from the title of the bill: all of said lines,

and insert in lieu thereof: drug court programs; requiring judicial circuits to establish a model of treatment-based drug court programs for certain purposes; providing criteria; providing legislative intent; providing certain principles for operating drug court programs; providing for inclusion of certain programs in such drug court programs; amending s. 910.035,

(1) By mutual agreement with the local general purpose government, the applicant for a comprehensive plan amendment, rezoning, or an approved development may satisfy any proportionate share mitigation required as follows:

(a) The local government shall designate by ordinance a geographic area to be known as a neighborhood school construction zone. The zone shall include the area within the proposed comprehensive plan amendment, rezoning designation, or approved development.

(b) The local general purpose government shall also create by ordinance a neighborhood school construction trust fund. All revenues allocated to and deposited in the trust fund shall be used to fund educational facilities construction within the neighborhood school construction zone pursuant to an approved educational facilities plan.

(2) Upon creation of a neighborhood school construction zone, all educational facilities impact fees, voluntary or involuntary extraction payments, collected within the zone shall be deposited in the trust fund for facilities construction within the zone. All interlocal agreements between local general purpose governments and school districts shall provide for such allocation.

(3) In the event the local general purpose government and the applicant agree pursuant to paragraph (a) to the described proportionate share mitigation, additional annual funding of the trust fund shall be in an amount not less than the increment in the income, proceeds, revenues, and funds of the school district derived from or held in connection with the undertaking and carrying out of residential development within the neighborhood school construction zone. Such increment shall be determined annually and shall be that amount equal to 95 percent of the difference between:

(a) The amount of ad valorem taxes levied each year by the school district within the neighborhood school construction zone pursuant to s. 236.25(1), Florida Statutes, exclusive of any amount for any debt service millage, on taxable real property contained within the geographic boundaries of the neighborhood school construction zone; and

(b) The amount of ad valorem taxes which would have been produced pursuant to s. 236.25(1), Florida Statutes, by the rate upon which the tax is levied each year by the school district, exclusive of any debt service millage, upon the total assessed value of the taxable real property in the neighborhood school construction zone as shown upon the most recent assessment roll used in connection with the taxation of such property by the school district prior to the effective date of the ordinance providing for the funding of the trust fund.

(4) An approved applicant may petition the local general purpose government for funds to build an educational facility. The facility shall be built according to state law, located geographically within the established neighborhood school construction zone, and adhere to the following requirements:

(a) For schools operated by the school district, the school must be included in the district's approved facilities plan or approved by the school board.

(b) For schools organized and operated pursuant to s. 228.056, Florida Statutes, the application for the school must be approved according to the requirements of law prior to petitioning the local general purpose government for funding.

(5)(a) If the funds generated pursuant to this section are insufficient to fully fund the proposed public school, the difference between the amount needed to construct the school and the local revenue source, up to 35 percent of the construction costs, shall be funded as follows:

1. For district-operated schools, the difference shall be funded pursuant to other local sources of revenue per agreement with the local school district.

2. For schools approved pursuant to s. 228.056, Florida Statutes, the difference shall be funded with funds generated pursuant to s. 228.0561, Florida Statutes.

(b) No schools shall be built costing more than the SMART Schools Clearinghouse annual estimate of student station costs.

(c) The SMART Schools Clearinghouse shall oversee this section as a 3-year pilot project beginning July 1, 2001. The pilot project shall be for up to six counties selected by the SMART Schools Clearinghouse. A report showing the feasibility and long-term effects of neighborhood school construction trust funds shall be made to the Governor, the President of the Senate, and the Speaker of the House of Representatives by July 1, 2004.

And the title is amended as follows:

On page 3, line 31, after the semicolon, of the title of the bill
