Explanation of Vote on HB 489

I believe the people of the great State of Florida were very clear on November 7, 2000, when they voted for the High Speed Rail. I believe citizens said, they want the job done. Therefore, I cannot support HB 489, High Speed Rail Study Commission. This bill would delay the start of the High Speed Rail under the guise of studying the issue. The voters have spoken, we are charged with the responsibility of carrying out their instructions. I am cosponsoring HB 507, a bill which will begin the process of building the High Speed Rail, as the citizens of my district and the state have instructed us.

The House was called to order by the Speaker at 10:30 a.m.

Prayer

The following prayer was offered by the Pastor Randall "Randy" Ray of Temple Baptist Church of Tallahassee, upon invitation of Rep. Melvin:

Our dear Father in Heaven, we thank You for this great state in which we live and this great country that affords us the freedom to assemble publicly, and to make laws as these in this body will make today, tomorrow, and the next day. I pray that in this body today there will be harmony and also healthy debate. I pray that the business of the state will be concluded by Friday, and thank You for the sacrifice that these Members make. And may we, the citizens of this state, understand and appreciate the nature of the work that they do and how difficult it is to be all things to all people. And may we humbly follow their leadership. We pray for the Governor of our state and the Cabinet, the Lieutenant Governor, this body, and the Senate. In Christ's name, we pray. Amen.

So the bill passed, as amended, and was immediately certified to the Senate.

Explanations of Vote

I voted no on CS for CS for CS for SB 1202 because although the bill improves the standards of care afforded seniors in nursing homes, it also contains provisions that protects from civil liability the most egregious abusers of seniors. Specifically, the provision in the bill that requires that nursing home facilities actually know of their employees' abuses encourages the management of nursing homes to look the other way and ignore the misconduct of their employees. Furthermore, the bill makes it almost impossible to hold a nursing home liable when their employees do abuse or neglect their residents. I believe our constituents expected more, and I know we could have done better.

Rep. Dan Gelber
District 106

I voted no on the "Reform of Long Term Care Facilities" bill because it was disguised change in some areas of industry standards and limited reform in other areas of patient rights. Legitimate reform, desperately needed, was not achieved. Under the guise of reform, we failed to meet the needs of both the industry and patients under their care. Raising the standards of "staff to patient" ratio; responsible funding to assure greater "direct care" time; whistleblower protection provisions; consequences for improper/inadequate staffing, were some of the critical issues addressed at a minimum, or not at all. This legislative body is empowered as lawmakers to reduce the burdens placed on the nursing homes and living facilities and provide greater protection and better care for those people they are responsible for. This bill made changes, clearly not enough and clearly short of legitimate reform to enhance patient/resident quality of care.

Rep. Sally Heyman
District 105

Today, the House took a positive step to improving the financial stability of Florida's nursing homes. I am pleased to support these efforts. However, I believe there are three major issues that we must address. First, I am uncomfortable with many provisions of this bill that lump together the large, self-insured for-profit nursing homes with the non-profit Continuing Care Retirement Communities (CCRC) that are truly placed at a financial disadvantaged by skyrocketing liability insurance rates. Many non-profit CCRC's, like Vicars Landing in St. Johns County, could be used as models for the type of residential long term care that Florida needs to encourage. They have a perfect record that may yet lose their insurance, and that is wrong. Also, I am not satisfied with the quality of care standards in this legislation. While the bill marks an improvement in staffing levels and pay, I believe that we could have reduced the tax cut and increased Medicaid reimbursement to make better staffing a state priority. Florida is not solely at fault for the current nursing home crisis. Congress must reconsider the long-term care reimbursement cuts that occurred with the 1997 Balanced Budget Act which exacerbated financial difficulties of many homes.

121.053 Participation in the Elected Officers' Class for retired members.—

(1)

(b) Any retired member of the Florida Retirement System, or any existing system as defined in s. 121.021(2), who, on or after July 1, 1990, is serving in, or is elected or appointed to, an elective office covered by the Elected Officers' Class shall be enrolled in the appropriate subclass of the Elected Officers' Class of the Florida Retirement System, and applicable contributions shall be paid into the Florida Retirement System Trust Fund as provided in s. 121.052(7). Pursuant thereto:

1. Any such retired member shall be eligible to continue to receive retirement benefits as well as compensation for the elected officer service for as long as he or she remains in an elective office covered by the Elected Officers' Class.

2. If any such member serves in an elective office covered by the Elected Officers' Class and becomes vested under that class, he or she shall be entitled to receive an additional retirement benefit for such elected officer service.

3. Such member shall be entitled to purchase additional retirement credit in the Elected Officers' Class for any postretirement service performed in an elected position eligible for the Elected Officers' Class prior to July 1, 1990, or in the Regular Class for any postretirement service performed in any other regularly established position prior to July 1, 1991, by paying the applicable Elected Officers' Class or Regular Class employee and employer contributions for the period being claimed, plus 4 percent interest compounded annually from the first year of service claimed until July 1, 1975, and 6.5 percent interest compounded thereafter, until full payment is made to the Florida Retirement System Trust Fund. Section 1. Subsection (1), paragraph (a) of subsection (2), paragraph (e) of subsection (4), paragraph (b) of subsection (8), and paragraphs (a) and (b) of subsection (9) of section 121.4501, Florida Statutes, are amended, and paragraph (f) is added to subsection (9) of said section, to read:

121.4501 Public Employee Optional Retirement Program.—

(1) The Trustees of the State Board of Administration shall establish an optional defined contribution retirement program for members of the Florida Retirement System under which retirement benefits will be provided for eligible employees who elect to participate in the program. The benefits to be provided for or on behalf of participants in such optional retirement program shall be provided through employee-directed investments, in accordance with s. 401(a) of the Internal Revenue Code and its related regulations. The employers shall contribute, as provided in this section and s. 121.571, *to the Public Employee Optional Retirement Program Trust Fund* toward the funding of such optional benefits.

(2) DEFINITIONS.—As used in this section, the term:

(a) "Approved provider" or "provider" means a private sector company that is selected and approved by the state board to offer one or more investment products or services to the Public Employee Optional Retirement Program*, including a "bundled provider" that offers participants a range of individually allocated or unallocated investment products and may offer a range of administrative and customer services, which may include accounting and administration of individual participant benefits and contributions; individual participant recordkeeping; asset purchase, control, and safekeeping; direct execution of the participant's instructions as to asset and contribution allocation; calculation of daily net asset values; direct access to participant account information; periodic reporting to participants, at least quarterly, on account balances and transactions; direct advice and guidance on its investments options; a broad array of distribution options; and asset allocation and retirement counseling and education*. Private sector companies include investment management companies, insurance companies, depositories, and mutual fund companies.

(4) PARTICIPATION; ENROLLMENT.—

(e) After the period during which an eligible employee had the choice to elect the defined benefit program or the Public Employee Optional Retirement Program, the employee shall have one opportunity, *that is, a second election,* ~~at the employee's discretion,~~ to choose to move from the defined benefit program to the Public Employee Optional Retirement Program or from the Public Employee Optional Retirement Program to the defined benefit program. This paragraph shall be contingent upon approval from the Internal Revenue Service for including the choice described herein within the programs offered by the Florida Retirement System.

1. If the employee chooses to move to the Public Employee Optional Retirement Program, the applicable provisions of this section shall govern the transfer.

2. If the employee chooses to move *from the Public Employee Optional Retirement Program* to the defined benefit program, the employee must transfer from his or her *optional program* ~~Public Employee Optional Retirement Program~~ account and from other employee moneys as necessary, a sum representing all contributions that would have been made to the defined benefit plan for that employee and the actual return that would have been earned on those contributions had they been invested in the defined benefit program.

If, at the time of a member's election to transfer to the defined benefit program, the member's optional program account does not contain the total amount required to be transferred to the defined benefit program, the member must pay the remaining balance. If the member's optional program account contains more than the amount required to be transferred to the defined benefit program, such additional amount shall remain in the member's optional program account.

(8) ADMINISTRATION OF PROGRAM.—

(b)1. The state board shall select and contract with one third-party administrator to provide administrative services*, where those services do not duplicate services provided by the Division of Retirement within the Department of Management Services*. With the approval of the state board, the third-party administrator may subcontract with other organizations or individuals to provide components of the administrative services. As a cost of administration, the board may compensate any such contractor for its services, in accordance with the terms of the contract, as is deemed necessary or proper by the board. The third-party administrator may not be an approved provider or be affiliated with an approved provider.

2. *These* administrative services *may* include, but are not limited to, *enrollment of eligible employees, collection of employer contributions, disbursement of such contributions to approved providers in accordance with the allocation directions of participants;* services relating to consolidated billing; individual and collective recordkeeping and accounting; asset purchase, control, and safekeeping; and direct disbursement of funds to and from the third-party administrator, the division, the board, employers, participants, approved providers, and

beneficiaries. *Nothing in this section shall prevent or prohibit a bundled provider from providing any administrative or customer service, including accounting and administration of individual participant benefits and contributions; individual participant recordkeeping; asset purchase, control, and safekeeping; direct execution of the participant's instructions as to asset and contribution allocation; calculation of daily net asset values; direct access to participant account information; periodic reporting to participants, at least quarterly, on account balances and transactions.*

3. The state board shall select and contract with one or more organizations to provide educational services. With approval of the board, the organizations may subcontract with other organizations or individuals to provide components of the educational services. As a cost of administration, the board may compensate any such contractor for its services in accordance with the terms of the contract, as is deemed necessary or proper by the board. The education organization may not be an approved provider or be affiliated with an approved provider.

4. Educational services shall be designed by the board and department to assist employers, eligible employees, participants, and beneficiaries in order to maintain compliance with United States Department of Labor regulations under s. 404(c) of the Employee Retirement Income Security Act of 1974 and to assist employees in their choice of defined benefit or defined contribution retirement alternatives. Educational services include, but are not limited to, disseminating educational materials; providing retirement planning education; explaining the differences between the defined benefit retirement plan and the defined contribution retirement plan; and offering financial planning guidance on matters such as investment diversification, investment risks, investment costs, and asset allocation. An approved provider may also provide educational information, including retirement planning and investment allocation information concerning its products and services.

(9) INVESTMENT OPTIONS OR PRODUCTS; PERFORMANCE REVIEW.—

(a) The board shall develop policy and procedures for selecting, evaluating, and monitoring the performance of approved providers and investment products to which employees may direct retirement contributions under the program. In accordance with such policy and procedures, the board shall designate and contract for a number of investment products as determined by the board. The board shall *also* select one or more *bundled* providers*, each of whom* ~~who~~ offer *nine* ~~multiple~~ investment *options and related services* ~~products~~ when such an approach is determined by the board to afford value to the participants otherwise not available through individual investment products. *Each approved bundled provider may offer investment options that provide participants with the opportunity to invest in each of the following asset classes, to be composed of individual options that represent either a single asset class or a combination thereof: money markets, U.S. fixed income, U.S. equities, and foreign stock.* The board shall review and manage all educational materials, contract terms, fee schedules, and other aspects of the approved provider relationships to ensure that no provider is unduly favored or penalized by virtue of its status within the plan.

(b) The board shall consider investment options or products it considers appropriate to give participants the opportunity to accumulate retirement benefits, subject to the following:

1. The Public Employee Optional Retirement Program must offer a diversified mix of low-cost investment products that span the risk-return spectrum*, and may include a guaranteed account as well as investment products such as individually allocated guaranteed and variable annuities, that meet the requirements of this subsection and that combine the ability to accumulate investment returns with the option of receiving lifetime income consistent with the long-term retirement security of a pension plan and similar to the lifetime income benefit provided by the Florida Retirement System*.

2. Investment options or products offered by the group of approved providers may include mutual funds, group annuity contracts, individual retirement annuities, interests in trusts, collective trusts, separate accounts, and other such financial instruments*, and shall include products that give participants the option of committing their contributions for an extended time period in an effort to obtain higher returns than could be obtained from investment products offering full liquidity*.

3. The board shall not contract with any provider that imposes a front-end, back-end, contingent, or deferred sales charge, or any other fee that limits or restricts the ability of participants to select any investment product available in the optional program. *This prohibition shall not apply to fees or charges that are imposed on withdrawals from products that give participants the option of committing their contributions for an extended time period in an effort to obtain higher returns than could be obtained from investment products offering full liquidity, provided that the product in question, net of all fees and charges, produces material benefits relative to other comparable products in the program offering full liquidity.*

4. Fees or charges for insurance features, such as mortality and expense risk charges, shall be reasonable relative to the benefits provided.

(f)1. An approved provider shall comply with all applicable federal and state securities and insurance laws and regulations, as well as the applicable rules and guidelines of the National Association of Securities Dealers (NASD) governing the ethical marketing of investment products. In furtherance of this mandate, an approved provider must agree in its contract with the board to establish and maintain a compliance education and monitoring system to supervise the activities of all personnel who directly communicate with individual participants and recommend investment products, which system is consistent with National Association of Security Dealers rules.

2. Approved provider personnel who directly communicate with individual participants and who recommend investment products shall make an independent and unbiased determination as to whether an investment product is suitable for a particular participant.

3. The board shall develop procedures to receive and resolve participant complaints against a provider or approved provider personnel, and, when appropriate, refer such complaints to the appropriate regulatory agency.

4. Approved providers are prohibited from selling or in any way distributing any customer list or participant identification information generated through their offering of products or services through the optional retirement program.

Section 2. *The appointment of the executive director of the State Board of Administration shall be subject to the approval by a majority vote of the Board of Trustees of the State Board of Administration and the Governor must vote on the prevailing side. Such appointment must be reaffirmed in the same manner by the Board of Trustees on an annual basis.*

Section 1. Effective upon this act becoming a law, section 235.061, Florida Statutes, is amended to read:

235.061 Standards for relocatables used as classroom space; inspections.—

(1) The Commissioner of Education shall adopt rules establishing standards for relocatables intended for long-term use as classroom space at a public elementary school, middle school, or high school. "Long-term use" means the use of relocatables at the same educational plant for a period of 4 years or more. These rules must be implemented by July 1, 1998, and each relocatable acquired by a district school board after the effective date of the rules and intended for long-term use must comply with the standards. The rules shall require that, by *January 1, 2002* ~~July 1, 2001~~, relocatables that fail to meet the standards may not be used as classrooms. The standards shall protect the health, safety, and welfare of occupants by requiring compliance with the Uniform Building Code for Public Educational Facilities or other locally adopted state minimum building codes to ensure the safety and stability of construction and onsite installation; fire and moisture protection; air quality and ventilation; appropriate wind resistance; and compliance with the requirements of the Americans with Disabilities Act of 1990. If appropriate, the standards must also require relocatables to provide access to the same technologies available to similar classrooms within the main school facility and, if appropriate, to be accessible by adequate covered walkways. By July 1, 2000, the commissioner shall adopt standards for all relocatables intended for long-term use as classrooms. A relocatable that is subject to this section and does not meet the standards shall not be reported as providing satisfactory student stations in the Florida Inventory of School Houses.

(2) Annual inspections for all satisfactory relocatables designed for classroom use or being occupied by students are required for: foundations; tie-downs; structural integrity; weatherproofing; HVAC; electrical; plumbing, if applicable; firesafety; and accessibility. Reports shall be filed with the district school board and posted in each respective relocatable in order to facilitate corrective action.

Section 2. Effective upon this act becoming a law, subsection (1) of section 235.212, Florida Statutes, is amended to read:

235.212 Low-energy use design; solar energy systems; swimming pool heaters.—

(1)(a) Passive design elements and low-energy usage features shall be included in the design and construction of new educational facilities. Operable glazing consisting of at least 5 percent of the floor area shall be placed in each classroom located on the perimeter of the building. *For relocatable classroom facilities, the area of operable glazing and the area of exterior doors together shall consist of at least 5 percent of the floor area.* Operable glazing is not required in community colleges, auxiliary facilities, music rooms, gyms, locker and shower rooms, special laboratories requiring special climate control, and large group instruction areas having a capacity of more than 100 persons.

(b) In the remodeling and renovation of educational facilities which have existing natural ventilation, adequate sources of natural ventilation shall be retained, or a combination of natural and low-energy usage mechanical equipment shall be provided that will permit the use of the facility without air-conditioning or heat when ambient conditions are moderate. However, the Commissioner of Education is authorized to waive this requirement when environmental conditions, particularly noise and pollution factors, preclude the effective use of natural ventilation.

Section 3. Effective July 1, 2001, subsection (1) of section 255.31, Florida Statutes, as amended by section 15 of chapter 2001-141, Laws of Florida, is amended to read:

However, the Department of Management Services shall provide the project management and administration services for the construction, renovation, repair, modification, or demolition of buildings, utilities, parks, parking lots, or other facilities or improvements for projects for which the funds are appropriated to the department; provided that, with the exception of facilities constructed under the authority of chapters 944, 945, ~~and~~ 985, *the Governor's mansion and grounds thereof as described in s. 272.18, and the Capitol Building and environs, being that part of the city of Tallahassee bounded on the north by Pensacola and Jefferson Streets, on the east by Monroe Street, on the south by Madison Street and on the west by Duval Street,* the department may not conduct plans reviews or inspection services for consistency with the Florida Building Code. The department's fees for such services shall be paid from such appropriations.

Section 4. Effective upon this act becoming a law, subsections (1) and (2) of section 399.061, Florida Statutes, are amended to read:

399.061 Inspections; correction of deficiencies.—

(1)(a) All elevators *or other conveyances* subject to this chapter must be *annually* inspected by *a certified elevator inspector through a third-party inspection service, or by a municipality or county under contract with the division* pursuant to s. 399.13. *If the elevator or other conveyance is* ~~by a third-party inspection service certified as a qualified elevator inspector or~~ maintained pursuant to a service maintenance contract continuously in force*, it shall be inspected at least once every two years by a certified elevator inspector not employed by or otherwise associated with the maintenance company; however, if the elevator is not an escalator or a dumbwaiter and the elevator serves only two adjacent floors and is covered by a service maintenance contract, no inspection shall be required so long as the service contract remains in effect*. A statement verifying the existence, performance, and cancellation of each service maintenance contract must be filed annually with the division as prescribed by rule. ~~All elevators covered by a service maintenance contract shall be inspected by a certificate-of-competency holder at least once every 2 years; however, if the elevator is not an escalator or a dumbwaiter and the elevator serves only two adjacent floors and is covered by a service maintenance contract, no inspection shall be required so long as the service contract remains in effect.~~

(b) The division may inspect an elevator whenever necessary to ensure its safe operation *or when a third-party inspection service is not available for routine inspection*.

(2) The division *may* ~~shall~~ employ state elevator inspectors to conduct the inspections *as* required by subsection (1) *and may charge an inspection fee for each inspection sufficient to cover the costs of that inspection, as provided by rule*. Each state elevator inspector shall hold a certificate of competency issued by the division.

Section 5. Subsection (10) is added to section 373.323, Florida Statutes, to read:

373.323 Licensure of water well contractors; application, qualifications, and examinations; equipment identification.—

In addition, licensed water well contractors may install pumps, tanks, and water conditioning equipment for all water well systems.

Section 6. Effective upon this act becoming a law, section 489.13, Florida Statutes, is amended to read:

489.13 Unlicensed contracting; authority to issue or receive a building permit.—

(1) Any person performing an activity requiring licensure under this part as a construction contractor is guilty of unlicensed contracting if he or she does not hold a valid active certificate or registration authorizing him or her to perform such activity, regardless of whether he or she holds a local construction contractor license or local certificate of competency*, except where he or she holds a valid local specialty license as defined in s. 489.105(3)q)*. Persons working outside the geographical scope of their registration are guilty of unlicensed activity for purposes of this part.

(2) A local building department shall not issue a building permit to any contractor, or to any person representing himself or herself as a contractor, who does not hold a valid active certificate or registration in the appropriate category. Possession of a local certificate of competency or local construction license is not sufficient to lawfully obtain a building permit as a construction contractor if the activity in question requires licensure under this part. Nothing in this section shall be construed as prohibiting a local building department from issuing a building permit to a locally licensed or certified contractor for an activity that does not require licensure under this part.

Section 7. Effective upon this act becoming a law, subsection (3) of section 489.509, Florida Statutes, is amended to read:

489.509 Fees.—

(3) Four dollars of each fee under subsection (1) paid to the department at the time of application or renewal shall be transferred at the end of each licensing period to the Department of *Community Affairs* ~~Education~~ to fund projects relating to the building construction industry or continuing education programs offered to persons engaged in the building construction industry in Florida. The board's advice is not binding on the Department of *Community Affairs* ~~Education~~. ~~The Department of Education must allocate 50 percent of the funds to a graduate program in building construction in a Florida university and 50 percent of the funds to all accredited private and state universities and community colleges within the state offering approved courses in building construction, with each university or college receiving a pro rata share of such funds based upon the number of full-time building construction students enrolled at the institution.~~ The Department of *Community Affairs* ~~Education~~ shall ensure the distribution of research reports and the availability of continuing education programs to all segments of the building construction industry to which they relate. The Department of *Community Affairs* ~~Education~~ shall report to the board in October of each year, summarizing the allocation of the funds by institution and summarizing the new projects funded and the status of previously funded projects. ~~The Commissioner of Education is directed to appoint one electrical contractor and one certified alarm system contractor to the Building Construction Industry Advisory Committee.~~

Section 8. Effective upon this act becoming a law, present subsections (7) through (15) of section 553.36, Florida Statutes, are redesignated as subsections (8) through (16), respectively, and a new subsection (7) is added to that section, to read:

553.36 Definitions.—The definitions contained in this section govern the construction of this part unless the context otherwise requires.

(7) "Factory-built school shelter" means any site-assembled or factory-built school building that is designed to be portable, relocatable, demountable, or reconstructible and that complies with the provisions for enhanced hurricane protection areas, as required by the applicable code.

Section 9. Effective upon this act becoming a law, subsections (1), (5), (7), (8), (9), (11) and (13) of section 553.415, Florida Statutes, are amended to read:

553.415 Factory-built school buildings.—

(1) It is the purpose of this section to provide an alternative procedure for the construction and installation of factory-built school buildings designed or intended for use as school buildings. As used in this section, the term "factory-built school building" means any building designed or intended for use as a school building, which is in whole or in part, manufactured at an offsite facility in compliance with the State Uniform Code for Public Educational Facilities and Department of Education rule, effective on January 5, 2000. After *January 1, 2002* ~~July 1, 2001~~, the Uniform Code for Public Educational Facilities shall be incorporated into the Florida Building Code, including specific requirements for Public Educational Facilities and the Department of Education rule, effective on January 5, 2000. For the purpose of this section, factory-built school buildings include prefabricated educational facilities, factory-built educational facilities, and modular-built educational facilities, that are designed to be portable, relocatable, demountable, or reconstructible; are used primarily as classrooms or the components of an entire school; and do not fall under the provisions of ss. 320.822-320.862.

(5) The department, in accordance with the standards and procedures adopted pursuant to this section and as such standards and procedures may thereafter be modified, shall approve or reject such plans, specifications, and methods of construction. Approval shall not be given unless such plans, specifications, and methods of construction are in compliance with the State Uniform Building Code for Public Educational Facilities and department rule. After *January 1, 2002* ~~July 1, 2001~~, the Uniform Code for Public Educational facilities shall be incorporated into the Florida Building Code, including specific requirements for public educational facilities and department rule.

(7) A standard plan approval may be obtained from the department for factory-built school buildings and such department-approved plans shall be accepted by the enforcement agency as approved for the purpose of obtaining a construction permit for the structure itself. *The department, or its designated representative, shall determine if the plans qualify for purposes of a factory-built school shelter, as defined in s. 553.36.*

(8) Any amendment to the State Uniform Code for Public Educational Facilities, and after *January 1, 2002* ~~July 1, 2001~~, the Florida Building Code, shall become effective 180 days after the amendment is filed with the Secretary of State. Notwithstanding the 180-day delayed effective date, the manufacturer shall submit and obtain a revised approved plan within the 180 days. A revised plan submitted pursuant to this subsection shall be processed as a renewal or revision with appropriate fees. A plan submitted after the period of time provided shall be processed as a new application with appropriate fees.

(9) The school district or community college district for which any factory-built school building is constructed or altered *after July 1, 2001,* shall provide for periodic inspection of the proposed factory-built school building during each phase of construction or alteration. The inspector shall act under the direction of the governing board for employment purposes. *Nothing in this subsection shall prevent a school district or community college district from purchasing or otherwise using a factory-built school building that has been inspected during all phases of construction or alteration conducted after January 1, 2002, by another school district or community college or by an approved inspection agency certified pursuant to s. 553.36(2). If a factory-built school building is constructed or altered for an entity other than a school district or*

community college district after January 1, 2002, such entity may employ at its election a school district, community college district, or such approved inspection agency to conduct such inspections. A school district or community college district so employed may charge such entity for services at reasonable rates comparable to those charged for similar services by approved inspection agencies.

(11) The department shall develop a unique identification label to be affixed to all newly constructed factory-built school buildings and existing factory-built school buildings which have been brought into compliance with the standards for existing "satisfactory" buildings pursuant to chapter 5 of the Uniform Code for Public Educational Facilities, and after *January 1, 2002* ~~July 1, 2001~~, the Florida Building Code. The department may charge a fee for issuing such labels. Such labels, bearing the department's name and state seal, shall at a minimum, contain:

(a) The name of the manufacturer.

(b) The standard plan approval number or alteration number.

(c) The date of manufacture or alteration.

(d) The serial or other identification number.

(e) The following designed-for loads: lbs. per square foot live load; lbs. per square foot floor live load; lbs. per square foot horizontal wind load; and lbs. per square foot wind uplift load.

(f) The designed-for flood zone usage.

(g) The designed-for wind zone usage.

(h) The designed-for enhanced hurricane protection zone usage: yes or no.

(13) As of July 1, 2001, all ~~existing and~~ newly constructed factory-built school buildings shall bear a label pursuant to subsection (12). *As of January 1, 2002,* existing factory-built school buildings*, and manufactured buildings used as classrooms,* not bearing such label shall not be used as classrooms pursuant to s. 235.061.

Section 10. Effective July 1, 2001, section 553.505, Florida Statutes, is amended to read:

553.505 Exceptions to applicability of the Americans with Disabilities Act.—Notwithstanding the Americans with Disabilities Act of 1990, private clubs are governed by ss. 553.501-553.513. Parking spaces, parking lots, and other parking facilities are governed by *s. 553.5041* ~~s. 316.1955,~~ when that section provides increased accessibility.

Section 11. Effective July 1, 2001, section 553.507, Florida Statutes, is amended to read:

553.507 Exemptions.—Sections 553.501-553.513 ~~and s. 316.1955(4)~~ do not apply to any of the following:

(1) Buildings, structures, or facilities that were either under construction or under contract for construction on October 1, 1997.

(2) Buildings, structures, or facilities that were in existence on October 1, 1997, unless:

(a) The building, structure, or facility is being converted from residential to nonresidential or mixed use, as defined by local law;

(b) The proposed alteration or renovation of the building, structure, or facility will affect usability or accessibility to a degree that invokes the requirements of s. 303(a) of the Americans with Disabilities Act of 1990; or

(c) The original construction or any former alteration or renovation of the building, structure, or facility was carried out in violation of applicable permitting law.

Section 12. Subsections (2) and (3), paragraph (b) of subsection (4) and subsections (5), (6), and (7) of section 553.73, Florida Statutes, as amended by section 40 of chapter 98-287, Laws of Florida, as amended by section 61 of chapter 98-419, Laws of Florida, as amended by sections 73, 74, and 75 of chapter 2000-141, Laws of Florida, and section 62 of chapter 2000-154, Laws of Florida, are amended, and present subsections (8), (9), and (10) of that section are redesignated as subsections (9), (10), and (11), respectively, to read:

553.73 State Minimum Building Codes.—

(2) The Florida Building Code shall contain provisions or requirements for public and private buildings, structures, and facilities relative to structural, mechanical, electrical, plumbing, energy, and gas systems, existing buildings, historical buildings, manufactured buildings, elevators, coastal construction, lodging facilities, food sales and food service facilities, health care facilities, including assisted living facilities, adult day care facilities, and facilities for the control of radiation hazards, public or private educational facilities, swimming pools, and correctional facilities and enforcement of and compliance with such provisions or requirements. *Further, the Florida Building Code must provide for uniform implementation of ss. 515.25, 515.27, and 515.29 by including standards and criteria for residential swimming pool barriers, pool covers, latching devices, door and window exit alarms, and other equipment required therein, which are consistent with the intent of s. 515.23.* Technical provisions to be contained within the Florida Building Code are restricted to requirements related to the types of materials used and construction methods and standards employed in order to meet criteria specified in the Florida Building Code. Provisions relating to the personnel, supervision or training of personnel, or any other professional qualification requirements relating to contractors or their workforce may not be included within the Florida Building Code, and subsections (4), (5), and (6) are not to be construed to allow the inclusion of such provisions within the Florida Building Code by amendment. This restriction applies to both initial development and amendment of the Florida Building Code.

(3) The commission shall select from available national or international model building codes, or other available building codes and standards currently recognized by the laws of this state, to form the foundation for the Florida Building Code. The commission may modify the selected model codes and standards as needed to accommodate the specific needs of this state. Standards or criteria referenced by the selected model codes shall be similarly incorporated by reference. If a referenced standard or criterion requires amplification or modification to be appropriate for use in this state, only the amplification or modification shall be specifically set forth in the Florida Building Code. *The Florida Building Commission may approve technical amendments to the code after the amendments have been subject to the following conditions:*

(a) The proposed amendment has been published on the commission's website for a minimum of 45 days and all the associated documentation has been made available to any interested party before any consideration by any Technical Advisory Committee;

(b) In order for a Technical Advisory Committee to make a favorable recommendation to the commission, the proposal must receive a three-fourths vote of the members present at the Technical Advisory Committee meeting and at least half of the regular members must be present in order to conduct a meeting;

(c) After Technical Advisory Committee consideration and a recommendation for approval of any proposed amendment, the proposal must be published on the commission's website for not less than 45 days before any consideration by the commission; and

(d) Any proposal may be modified by the commission based on public testimony and evidence from a public hearing held in accordance with chapter 120.

The commission shall incorporate within sections of the Florida Building Code provisions which address regional and local concerns and variations. The commission shall make every effort to minimize conflicts between the Florida Building Code, the Florida Fire Prevention Code, and the Life Safety Code.

(4)

(b) Local governments may, subject to the limitations of this section, adopt amendments to the technical provisions of the Florida Building

Code which apply solely within the jurisdiction of such government and which provide for more stringent requirements than those specified in the Florida Building Code, not more than once every 6 months, provided:

1. The local governing body determines, following a public hearing which has been advertised in a newspaper of general circulation at least 10 days before the hearing, that there is a need to strengthen the requirements of the Florida Building Code. The determination must be based upon a review of local conditions by the local governing body, which review demonstrates that local conditions justify more stringent requirements than those specified in the Florida Building Code for the protection of life and property.

2. Such additional requirements are not discriminatory against materials, products, or construction techniques of demonstrated capabilities.

3. Such additional requirements may not introduce a new subject not addressed in the Florida Building Code.

4. The enforcing agency shall make readily available, in a usable format, all amendments adopted pursuant to this section.

5. Any amendment to the Florida Building Code shall be transmitted within 30 days by the adopting local government to the commission. The commission shall maintain copies of all such amendments in a format that is usable and obtainable by the public.

6. Any amendment to the Florida Building Code adopted by a local government pursuant to this paragraph shall be effective only until the adoption by the commission of the new edition of the Florida Building Code every third year. At such time, the commission shall review such amendment for consistency with the criteria in paragraph (6)(a) and adopt such amendment as part of the Florida Building Code or rescind the amendment. The commission shall immediately notify the respective local government of the rescission of any amendment. After receiving such notice, the respective local government may readopt the rescinded amendment pursuant to the provisions of this paragraph.

7. Each county and municipality desiring to make local technical amendments to the Florida Building Code shall by interlocal agreement establish a countywide compliance review board to review any amendment to the Florida Building Code, adopted by a local government within the county pursuant to this paragraph, that is challenged by any substantially affected party for purposes of determining the amendment's compliance with this paragraph. If the compliance review board determines such amendment is not in compliance with this paragraph, the compliance review board shall notify such local government of the noncompliance and that the amendment is invalid and unenforceable until the local government corrects the amendment to bring it into compliance. The local government may appeal the decision of the compliance review board to the commission*, which shall conduct a hearing under chapter 120 and the uniform rules of procedure*. If the compliance review board determines such amendment to be in compliance with this paragraph, any substantially affected party may appeal such determination to the commission*, which shall conduct a hearing under chapter 120 and the uniform rules of procedure*. Actions of the commission are subject to judicial review pursuant to s. 120.68. The compliance review board shall determine whether its decisions apply to a respective local jurisdiction or apply countywide.

8. An amendment adopted under this paragraph shall include a fiscal impact statement which documents the costs and benefits of the proposed amendment. Criteria for the fiscal impact statement shall include the impact to local government relative to enforcement, the impact to property and building owners, as well as to industry, relative to the cost of compliance. The fiscal impact statement may not be used as a basis for challenging the amendment for compliance.

9. In addition to subparagraphs 7. and 8., the commission may review any amendments adopted pursuant to this subsection and make nonbinding recommendations related to compliance of such amendments with this subsection.

(5) ~~The commission, by rule adopted pursuant to ss. 120.536(1) and 120.54, shall update the Florida Building Code every 3 years.~~ The initial adoption of, and any subsequent update or amendment to, the Florida Building Code by the commission is deemed adopted for use statewide without adoptions by local government. *For a building permit for which an application is submitted prior to the effective date of the Florida Building Code, the state minimum building code in effect in the permitting jurisdiction on the date of the application governs the permitted work for the life of the permit and any extension granted to the permit.*

(6) The commission, by rule adopted pursuant to ss. 120.536(1) and 120.54, shall update the Florida Building Code every 3 years. When updating the Florida Building Code, the commission shall consider changes made by the adopting entity of any selected model code for any model code incorporated into the Florida Building Code, and may subsequently adopt the new edition or successor of the model code or any part of such code, *no sooner than 6 months after such model code has been adopted by the adopting organization,* which may then be modified for this state as provided in this section, and shall further consider the commission's own interpretations, declaratory statements, appellate decisions, and approved statewide and local technical amendments. A change made by an institute or standards organization to any standard or criterion that is adopted by reference in the Florida Building Code does not become effective statewide until it has been adopted by the commission. *Furthermore,* the edition of the Florida Building Code which is in effect on the date of application *for* ~~of~~ any permit authorized by the code governs the permitted work for the life of the permit and any extension granted to the permit. Any amendment to the Florida Building Code which is adopted upon a finding by the commission that the amendment is necessary to protect the public from immediate threat of harm takes effect immediately.

(7)~~(6)~~(a) The commission may approve technical amendments to the Florida Building Code once each year for statewide or regional application upon a finding that the amendment:

1. Has a reasonable and substantial connection with the health, safety, and welfare of the general public.

2. Strengthens or improves the Florida Building Code, or in the case of innovation or new technology, will provide equivalent or better products or methods or systems of construction.

3. Does not discriminate against materials, products, methods, or systems of construction of demonstrated capabilities.

4. Does not degrade the effectiveness of the Florida Building Code.

Furthermore, the Florida Building Commission may approve technical amendments to the code once each year to incorporate into the Florida Building Code its own interpretations of the code which are embodied in its opinions and declaratory statements. Amendments approved under this paragraph shall be adopted by rule pursuant to ss. 120.536(1) and 120.54*, after the amendments have been subjected to the provisions of subsection (3)*.

(b) A proposed amendment shall include a fiscal impact statement which documents the costs and benefits of the proposed amendment. Criteria for the fiscal impact statement shall be established by rule by the commission and shall include the impact to local government relative to enforcement, the impact to property and building owners, as well as to industry, relative to the cost of compliance.

(c) The commission may not approve any proposed amendment that does not accurately and completely address all requirements for amendment which are set forth in this section.

(8)~~(7)~~ The following buildings, structures, and facilities are exempt from the Florida Building Code as provided by law, and any further exemptions shall be as determined by the Legislature and provided by law:

(a) Buildings and structures specifically regulated and preempted by the Federal Government.

(b) Railroads and ancillary facilities associated with the railroad.

(c) Nonresidential farm buildings on farms.

(d) Temporary buildings or sheds used exclusively for construction purposes.

(e) Mobile homes used as temporary offices, except that the provisions of part V relating to accessibility by persons with disabilities shall apply to such mobile homes.

(f) Those structures or facilities of electric utilities, as defined in s. 366.02, which are directly involved in the generation, transmission, or distribution of electricity.

(g) Temporary sets, assemblies, or structures used in commercial motion picture or television production, or any sound-recording equipment used in such production, on or off the premises.

(h) Storage sheds that are not designed for human habitation and that have a floor area of 720 square feet or less are not required to comply with the mandatory wind-borne-debris-impact standards of the Florida Building Code.

(i) Chickees constructed by the Miccosukee Tribe of Indians of Florida or the Seminole Tribe of Florida. For purposes of this paragraph, a "chickee" means an open-sided wooden hut with a thatched roof of palm or palmetto or other traditional materials, not incorporating any electrical, plumbing or other nonwood features.

With the exception of paragraphs (a), (b), (c), and (f), in order to preserve the health, safety, and welfare of the public, the Florida Building Commission may, by rule adopted pursuant to chapter 120, provide for exceptions to the broad categories of buildings exempted in this section, including exceptions for application of specific sections of the code or standards adopted therein. The Department of Agriculture and Consumer Services shall have exclusive authority to adopt by rule, pursuant to chapter 120, exceptions to nonresidential farm buildings exempted in paragraph (c) when reasonably necessary to preserve public health, safety, and welfare. The exceptions must be based upon specific criteria, such as under-roof floor area, aggregate electrical service capacity, HVAC system capacity, or other building requirements. Further, the commission may recommend to the Legislature additional categories of buildings, structures, or facilities which should be exempted from the Florida Building Code, to be provided by law.

Section 13. Paragraphs (e) and (h) of subsection (1) and subsections (2) and (6) of section 553.77, Florida Statutes, as amended by section 46 of chapter 98-287, Laws of Florida, as amended by section 78 of chapter 2000-141, Laws of Florida, as amended by section 79 of chapter 2000-141, Laws of Florida, are amended, and subsection (7) is added to that section, to read:

553.77 Specific powers of the commission.—

(1) The commission shall:

(e) When requested in writing by any substantially affected person, state agency, or a local enforcing agency, shall issue declaratory statements pursuant to s. 120.565 relating to this part *and ss. 515.25, 515.27, 515.29, and 515.37*. Actions of the commission are subject to judicial review pursuant to s. 120.68.

(h) Hear appeals of the decisions of local boards of appeal regarding interpretation decisions of local building officials, or if no local board exists, hear appeals of decisions of the building officials regarding interpretations of the code. For such appeals:

1. Local decisions declaring structures to be unsafe and subject to repair or demolition shall not be appealable to the commission if the local governing body finds there is an immediate danger to the health and safety of its citizens.

2. All appeals shall be heard in the county of the jurisdiction defending the appeal.

3. *Hearings shall be conducted pursuant to chapter 120 and the uniform rules of procedure, and decisions* ~~Actions~~ of the commission are subject to judicial review pursuant to s. 120.68.

~~(2) With respect to the qualification program for special inspectors of threshold buildings as required by s. 553.79(5)(c), the commission may prescribe initial and annual renewal fees for certification, by rule, in accordance with chapter 120.~~

(6) The commission may provide by rule for plans review and approval of prototype buildings owned by public and private entities to be replicated throughout the state. *The rule must allow for review and approval of plans for prototype buildings to be performed by a public or private entity with oversight by the commission. The department may charge reasonable fees to cover the administrative costs of the program.* Such approved plans or prototype buildings shall be exempt from further review required by s. 553.79(2), except changes to the prototype design, site plans, and other site-related items. *As provided in s. 553.73, prototype buildings are exempt from*~~, or~~ any *locally adopted* ~~local~~ amendment to any part of the Florida Building Code. Construction or erection of such prototype buildings is subject to local permitting and inspections pursuant to this part.

(7) The commission may produce and distribute a commentary document to accompany the Florida Building Code. The commentary must be limited in effect to providing technical assistance and must not have the effect of binding interpretations of the code document itself.

Section 14. Subsections (2) and (6) of section 553.79, Florida Statutes, as amended by section 49 of chapter 98-287, Laws of Florida, as amended by sections 83 and 84 of chapter 2000-141, Laws of Florida, are amended to read:

553.79 Permits; applications; issuance; inspections.—

(2) *Except as provided in subsection (6), an* ~~No~~ enforcing agency may *not* issue any permit for construction, erection, alteration, modification, repair, or demolition of any building or structure until the local building code administrator or inspector has reviewed the plans and specifications *required by the Florida Building Code, or local amendment thereto,* for such proposal and found the plans to be in compliance with the Florida Building Code. In addition, an enforcing agency may not issue any permit for construction, erection, alteration, modification, repair, or demolition of any building until the appropriate firesafety inspector certified pursuant to s. 633.081 has reviewed the plans and specifications *required by the Florida Building Code, or local amendment thereto,* for such proposal and found that the plans comply with the Florida Fire Prevention Code and the Life Safety Code. Any building or structure which is not subject to a firesafety code shall not be required to have its plans reviewed by the firesafety inspector. Any building or structure that is exempt from the local building permit process may not be required to have its plans reviewed by the local building code administrator. Industrial construction on sites where design, construction, and firesafety are supervised by appropriate design and inspection professionals and which contain adequate in-house fire departments and rescue squads is exempt, subject to local government option, from review of plans and inspections, providing owners certify that applicable codes and standards have been met and supply appropriate approved drawings to local building and firesafety inspectors. The enforcing agency shall issue a permit to construct, erect, alter, modify, repair, or demolish any building or structure when the plans and specifications for such proposal comply with the provisions of the Florida Building Code and the Florida Fire Prevention Code and the Life Safety Code as determined by the local authority in accordance with this chapter and chapter 633.

(6) A permit may not be issued for any building construction, erection, alteration, modification, repair, or addition unless the applicant for such permit complies with the requirements for plan review established by the Florida Building Commission within the Florida Building Code. *However, the code shall set standards and criteria to authorize preliminary construction before completion of all building plans review, including, but not limited to, special permits for the foundation only, and such standards shall take effect concurrent with the first effective date of the Florida Building Code.*

Section 15. Effective upon this act becoming a law, section 553.8412, Florida Statutes, is created to read:

553.8412 Legislative intent; delivery of training; outsourcing.—

(1) The number of licensees who will require initial training for the Florida Building Code is in excess of 100,000. It is the intent of the Legislature that the Florida Building Commission make sure that initial training for the Florida Building Code be achieved as soon as practicable to ensure compliance. It is further the intent of the Legislature that the Florida Building Commission encourage and promote improved coordination between industry associations as a way to achieve better compliance with Florida's building codes.

(2) Not more than 60 days after the effective date of this section, the Florida Building Commission and the department shall provide for statewide outreach for training on the Florida Building Code. The Florida Building Commission and the department shall achieve statewide outreach for training through organizations, including, but not limited to, existing licensee trade and professional associations. The Florida Building Commission or the department may not exclude participation in statewide outreach by any trade or professional association that has as its primary constituency members who are required to comply with the training requirements of the Florida Building Code. Wherever possible and by contract pursuant to s. 287.057, the Florida Building Commission and the department shall outsource components, outreach, and coordination of training and the training itself to prevent duplication and ensure the most expeditious and consistent delivery and minimize administrative costs to the commission and the department. This section does not prohibit any qualified entity from providing training on the Florida Building Code.

Notwithstanding a local government's authority to amend the Florida Building Code as provided in this act, statewide approval shall preclude local jurisdictions from requiring further testing, evaluation, or submission of other evidence as a condition of using the product so long as the product is being used consistent with the conditions of its approval.

(5) ~~Statewide and~~ Local approval of products or methods or systems of construction *may* ~~shall~~ be achieved by *the local building official through building plans review and inspection to determine that the product, method, or system of construction complies with the prescriptive standards established in the code. For state approvals, validation shall be performed by validation entities approved by the commission. The commission shall adopt by rule criteria for approval of validation entities, which shall be third-party entities independent of the product's manufacturer and which shall certify to the commission the product's compliance with the code.

(11)~~(7)~~ Products, other than manufactured buildings, which are custom fabricated or assembled shall not require separate approval under this section provided the component parts have been approved for the fabricated or assembled product's use and the components meet the standards and requirements of the Florida Building Code which applies to the product's intended use.

~~(11) The commission may establish reasonable and appropriate fees for the review of rational analyses and certification of manufactured buildings submitted pursuant to this section and may enter into any contracts the commission deems necessary in order to implement this section.~~

Section 68. Section 718.1255, Florida Statutes, is amended to read:

718.1255 Alternative dispute resolution; ~~voluntary mediation;~~ mandatory nonbinding arbitration *and mediation; local resolution; exemptions*; legislative findings.—

(1) *APPLICABILITY* ~~DEFINITIONS~~.—

(a) The provisions of subsection (3) apply to ~~As used in this section, the term "dispute" means~~ any disagreement between two or more parties that involves~~:~~

~~(a) The authority of the board of directors, under this chapter or association document to:~~

~~1. Require any owner to take any action, or not to take any action, involving that owner's unit or the appurtenances thereto.~~

~~2. Alter or add to a common area or element.~~

~~(b)~~ the failure of a governing body, when required by this chapter or an association document, to~~:~~

~~1.~~ properly conduct elections *or to recall a board member*.

(b) The provisions of subsection (4) apply to any disagreement between two or more parties that involves:

1. The authority of the board of directors, under this chapter or an association document, to:

a. Require any owner to take any action, or not to take any action, involving that owner's unit or the appurtenances thereto; or

b. Alter or add to a common area or element.

2. The failure of a governing body, when required by this chapter or an association document, to:

a.~~2.~~ Give adequate notice of meetings or other actions*;*~~.~~

b.~~3.~~ Properly conduct meetings*; or*~~.~~

c.~~4.~~ Allow inspection of books and records.

~~"Dispute" does not include any disagreement that primarily involves: title to any unit or common element; the interpretation or enforcement of any warranty; the levy of a fee or assessment, or the collection of an assessment levied against a party; the eviction or other removal of a tenant from a unit; alleged breaches of fiduciary duty by one or more directors; or claims for damages to a unit based upon the alleged failure of the association to maintain the common elements or condominium property.~~

~~(2) VOLUNTARY MEDIATION.—Voluntary mediation through Citizen Dispute Settlement Centers as provided for in s. 44.201 is encouraged.~~

(2)~~(3)~~ LEGISLATIVE FINDINGS.—

(a) The Legislature finds that unit owners are frequently at a disadvantage when litigating against an association. Specifically, a condominium association, with its statutory assessment authority, is often more able to bear the costs and expenses of litigation than the unit owner who must rely on his or her own financial resources to satisfy the costs of litigation against the association.

(b) The Legislature finds that the courts are becoming overcrowded with condominium and other disputes, and further finds that alternative dispute resolution has been making progress in reducing court dockets and trials and in offering a more efficient, cost-effective option to court litigation. However, the Legislature also finds that alternative dispute resolution should not be used as a mechanism to encourage the filing of frivolous or nuisance suits.

(c) There exists a need to develop a flexible means of alternative dispute resolution that directs disputes to the most efficient means of resolution.

(d) The high cost and significant delay of circuit court litigation faced by unit owners in the state can be alleviated by requiring nonbinding arbitration and mediation in appropriate cases, thereby reducing delay and attorney's fees while preserving the right of either party to have its case heard by a jury, if applicable, in a court of law.

(3)~~(4)~~ MANDATORY NONBINDING ARBITRATION AND MEDIATION OF DISPUTES.—The division ~~of Florida Land Sales, Condominiums, and Mobile Homes of the Department of Business and Professional Regulation~~ shall *provide* ~~employ full-time attorneys to act as~~ arbitrators to conduct the arbitration hearings *as required* ~~provided~~ by this chapter. The *department may employ attorneys to act as arbitrators, and the* division may also certify attorneys who are not employed by the division to act as arbitrators to conduct the arbitration hearings provided by this *chapter* ~~section~~. No person may be employed by the department as *an* ~~a full-time~~ arbitrator unless he or she is a member in good standing of The Florida Bar. The department shall promulgate rules of procedure to govern such arbitration hearings including mediation incident thereto. The decision of an arbitrator shall be final; however, such a decision shall not be deemed final agency action. Nothing in this provision shall be construed to foreclose parties from proceeding in a trial de novo unless the parties have agreed that the arbitration is binding. If such judicial proceedings are initiated, the final decision of the arbitrator shall be admissible in evidence in the trial de novo.

(a) Prior to the institution of court litigation, a party to a dispute shall petition the division for nonbinding arbitration. The petition must be accompanied by a filing fee in the amount of $50. Filing fees collected under this section must be used to defray the expenses of the alternative dispute resolution program.

(b) The petition must recite, and have attached thereto, supporting proof that the petitioner gave the respondents:

1. Advance written notice of the specific nature of the dispute;

2. A demand for relief, and a reasonable opportunity to comply or to provide the relief; and

3. Notice of the intention to file an arbitration petition or other legal action in the absence of a resolution of the dispute.

Failure to include the allegations or proof of compliance with these prerequisites requires dismissal of the petition without prejudice.

(c) Upon receipt, the petition shall be promptly reviewed by the division to determine the existence of a dispute and compliance with the requirements of paragraphs (a) and (b). If emergency relief is required and is not available through arbitration, a motion to stay the arbitration may be filed. The motion must be accompanied by a verified petition alleging facts that, if proven, would support entry of a temporary injunction, and if an appropriate motion and supporting papers are filed, the division may abate the arbitration pending a court hearing and disposition of a motion for temporary injunction.

(d) Upon determination by the division that a dispute exists and that the petition substantially meets the requirements of paragraphs (a) and (b) and any other applicable rules, a copy of the petition shall forthwith be served by the division upon all respondents.

(e) Either before or after the filing of the respondents' answer to the petition, any party may request that the arbitrator refer the case to mediation under this section and any rules adopted by the division. Upon receipt of a request for mediation, the division shall promptly contact the parties to determine if there is agreement that mediation would be appropriate. If all parties agree, the dispute must be referred to mediation. Notwithstanding a lack of an agreement by all parties, the arbitrator may refer a dispute to mediation at any time.

(f) Upon referral of a case to mediation, the parties must select a mutually acceptable mediator. To assist in the selection, the arbitrator shall provide the parties with a list of both volunteer and paid mediators that have been certified by the division under s. 718.501. If the parties are unable to agree on a mediator within the time allowed by the arbitrator, the arbitrator shall appoint a mediator from the list of certified mediators. If a case is referred to mediation, the parties shall attend a mediation conference, as scheduled by the parties and the mediator. If any party fails to attend a duly noticed mediation conference, without the permission or approval of the arbitrator or mediator, the arbitrator must impose sanctions against the party, including the striking of any pleadings filed, the entry of an order of dismissal or default if appropriate, and the award of costs and attorneys' fees incurred by the other parties. Unless otherwise agreed to by the parties or as provided by order of the arbitrator, a party is deemed to have appeared at a mediation conference by the physical presence of the party or its representative having full authority to settle without further consultation, provided that an association may comply by having one or more representatives present with full authority to negotiate a settlement and recommend that the board of administration ratify and approve such a settlement within 5 days from the date of the mediation conference. The parties shall share equally the expense of mediation, unless they agree otherwise.

(g) The purpose of mediation as provided for by this section is to present the parties with an opportunity to resolve the underlying dispute in good faith, and with a minimum expenditure of time and resources.

(h) Mediation proceedings must generally be conducted in accordance with the Florida Rules of Civil Procedure, and these proceedings are privileged and confidential to the same extent as court-ordered mediation. Persons who are not parties to the dispute are not allowed to attend the mediation conference without the consent of all parties, with the exception of counsel for the parties and corporate representatives designated to appear for a party. If the mediator declares an impasse after a mediation conference has been held, the arbitration proceeding terminates, unless all parties agree in writing to continue the arbitration proceeding, in which case the arbitrator's decision shall be either binding or nonbinding, as agreed upon by the parties; in the arbitration proceeding, the arbitrator shall not consider any evidence relating to the unsuccessful mediation except in a proceeding to impose sanctions for failure to appear at the mediation conference. If the parties do not agree to continue arbitration, the arbitrator shall enter an order of dismissal, and either party may institute a suit in a court of competent jurisdiction. The parties may seek to recover any costs and attorneys' fees incurred in connection with arbitration and mediation proceedings under this section as part of the costs and fees that may be recovered by the prevailing party in any subsequent litigation.

(i) Arbitration shall be conducted according to rules promulgated by the division. The filing of a petition for arbitration shall toll the applicable statute of limitations.

(j) At the request of any party to the arbitration, such arbitrator shall issue subpoenas for the attendance of witnesses and the production of books, records, documents, and other evidence and any party on whose behalf a subpoena is issued may apply to the court for orders compelling such attendance and production. Subpoenas shall be served and shall be enforceable in the manner provided by the Florida Rules of Civil Procedure. Discovery may, in the discretion of the arbitrator, be permitted in the manner provided by the Florida Rules of Civil Procedure. Rules adopted by the division may authorize any reasonable sanctions except contempt for a violation of the arbitration procedural rules of the division or for the failure of a party to comply with a reasonable nonfinal order issued by an arbitrator which is not under judicial review.

(k) The arbitration decision shall be presented to the parties in writing. An arbitration decision is final in those disputes in which the parties have agreed to be bound. An arbitration decision is also final if a complaint for a trial de novo is not filed in a court of competent jurisdiction in which the condominium is located within 30 days. The right to file for a trial de novo entitles the parties to file a complaint in the appropriate trial court for a judicial resolution of the dispute. The prevailing party in an arbitration proceeding shall be awarded the costs of the arbitration and reasonable attorney's fees in an amount determined by the arbitrator. Such an award shall include the costs and reasonable attorney's fees incurred in the arbitration proceeding as well as the costs and reasonable attorney's fees incurred in preparing for and attending any scheduled mediation.

(l) The party who files a complaint for a trial de novo shall be assessed the other party's arbitration costs, court costs, and other reasonable costs, including attorney's fees, investigation expenses, and expenses for expert or other testimony or evidence incurred after the arbitration hearing if the judgment upon the trial de novo is not more favorable than the arbitration decision. If the judgment is more favorable, the party who filed a complaint for trial de novo shall be awarded reasonable court costs and attorney's fees.

(m) Any party to an arbitration proceeding may enforce an arbitration award by filing a petition in a court of competent jurisdiction in which the condominium is located. A petition may not be granted unless the time for appeal by the filing of a complaint for trial de novo has expired. If a complaint for a trial de novo has been filed, a petition may not be granted with respect to an arbitration award that has been stayed. If the petition for enforcement is granted, the petitioner shall recover reasonable attorney's fees and costs incurred in enforcing the arbitration award. A mediation settlement may also be enforced through the county or circuit court, as applicable, and any costs and fees incurred in the enforcement of a settlement agreement reached at mediation must be awarded to the prevailing party in any enforcement action.

(4) DISPUTES SUBJECT TO LOCAL RESOLUTION.—Disputes shall be resolved in the county in which the dispute has occurred by a local government alternative dispute resolution, mediation, or arbitration program. Such cases shall be handled by these programs without the necessity of the case being filed in the court system. In the resolution of these cases on the local level, past precedent of prior division arbitration decisions shall be considered and followed where appropriate. Local government alternative dispute resolution, mediation, or arbitration programs may charge fees for handling these cases. The division shall handle any of these cases arising in counties which do not have local government alternative dispute resolution, mediation, or arbitration programs. The division shall provide a list of these programs to anyone requesting this information and shall act as a clearinghouse for disputes, directing affected parties to the appropriate local alternative dispute resolution, mediation, or arbitration program within the county in which the dispute has occurred.

(5) EXEMPTIONS.—A dispute is not subject to resolution under this section if it includes any disagreement that primarily involves:

(a) Title to any unit or common element;

(b) The interpretation or enforcement of any warranty;

(c) The levy of a fee or assessment or the collection of an assessment levied against a party;

(d) The eviction or other removal of a tenant from a unit;

(e) Alleged breaches of fiduciary duty by one or more directors; or

(f) Claims for damages to a unit based upon the alleged failure of the association to maintain the common elements or condominium property.

Section 69. *The Division of Condominiums, Timeshare, and Mobile Homes of the Department of Business and Professional Regulation shall continue the arbitration of any cases which qualified for arbitration on the date the case was filed with the division and which were filed with the division prior to the date on which this act becomes law.*

Section 70. *There is hereby appropriated 1 FTE and $440,626 from the Division of Condominiums, Timeshare, and Mobile Homes Trust Fund to the Department of Business and Professional Regulation for the purpose of investigating and resolving disputes and dealing with compliance issues relating to condominiums and cooperatives. This appropriation shall not take effect if a similar amount of funding is included in the various appropriations for compliance and enforcement in the Florida Condominiums, Timeshare, and Mobile Homes program in the fiscal year 2001-2002 General Appropriations Act.*

And the title is amended as follows:

On page 5, line 18,

after the second semicolon insert: providing and limiting arbitration of disputes by the division to those regarding elections and the recall of board members; deleting reference to voluntary mediation; providing for the resolution of certain other complaints at the local level; providing exemptions; requiring the continuation of arbitration of cases filed by a certain date; providing a contingent appropriation;

Prior to turnover of control of an association by a developer to unit owners other than the developer pursuant to s. 718.301, the developer-controlled association shall not vote to use reserves for purposes other than that for which they were intended without the approval of a majority of all nondeveloper voting interests, voting in person or by limited proxy at a duly called meeting of the association.

4. In a multicondominium association, the only voting interests which are eligible to vote on questions that involve waiving or reducing the funding of reserves, or using existing reserve funds for purposes other than purposes for which the reserves were intended, are the voting interests of the units subject to assessment to fund the reserves in question.

Section 71. Section 718.1255, Florida Statutes, is amended to read:

718.1255 Alternative dispute resolution; ~~voluntary mediation;~~ mandatory nonbinding arbitration *and mediation; local resolution; exemptions*; legislative findings.—

(1) *APPLICABILITY* ~~DEFINITIONS~~.—

(a) The provisions of subsection (3) apply to ~~As used in this section, the term "dispute" means~~ any disagreement between two or more parties that involves~~:~~

~~(a) The authority of the board of directors, under this chapter or association document to:~~

~~1. Require any owner to take any action, or not to take any action, involving that owner's unit or the appurtenances thereto.~~

~~2. Alter or add to a common area or element.~~

~~(b)~~ the failure of a governing body, when required by this chapter or an association document, to~~:~~

~~1.~~ properly conduct elections *or to recall a board member*.

(b) The provisions of paragraph (3)(f)-(n) apply to any disagreement between two or more parties that involves:

1. The authority of the board of directors, under this chapter or an association document, to:

a. Require any owner to take any action, or not to take any action, involving that owner's unit or the appurtenances thereto; or

b. Alter or add to a common area or element.

2. The failure of a governing body, when required by this chapter or an association document, to:

a.~~2.~~ Give adequate notice of meetings or other actions*;*~~.~~

b.~~3.~~ Properly conduct meetings*; or*~~.~~

c.~~4.~~ Allow inspection of books and records.

~~"Dispute" does not include any disagreement that primarily involves: title to any unit or common element; the interpretation or enforcement of any warranty; the levy of a fee or assessment, or the collection of an assessment levied against a party; the eviction or other removal of a tenant from a unit; alleged breaches of fiduciary duty by one or more directors; or claims for damages to a unit based upon the alleged failure of the association to maintain the common elements or condominium property.~~

~~(2) VOLUNTARY MEDIATION.—Voluntary mediation through Citizen Dispute Settlement Centers as provided for in s. 44.201 is encouraged.~~

(2)~~(3)~~ LEGISLATIVE FINDINGS.—

(a) The Legislature finds that unit owners are frequently at a disadvantage when litigating against an association. Specifically, a condominium association, with its statutory assessment authority, is often more able to bear the costs and expenses of litigation than the unit owner who must rely on his or her own financial resources to satisfy the costs of litigation against the association.

(b) The Legislature finds that the courts are becoming overcrowded with condominium and other disputes, and further finds that alternative dispute resolution has been making progress in reducing court dockets and trials and in offering a more efficient, cost-effective option to court litigation. However, the Legislature also finds that alternative dispute resolution should not be used as a mechanism to encourage the filing of frivolous or nuisance suits.

(c) There exists a need to develop a flexible means of alternative dispute resolution that directs disputes to the most efficient means of resolution.

(d) The high cost and significant delay of circuit court litigation faced by unit owners in the state can be alleviated by requiring nonbinding arbitration and mediation in appropriate cases, thereby reducing delay and attorney's fees while preserving the right of either party to have its case heard by a jury, if applicable, in a court of law.

(3)~~(4)~~ MANDATORY NONBINDING ARBITRATION AND MEDIATION OF DISPUTES.—The division ~~of Florida Land Sales, Condominiums, and Mobile Homes of the Department of Business and Professional Regulation~~ shall *provide* ~~employ full-time attorneys to act as~~ arbitrators to conduct the arbitration hearings *as required* ~~provided~~ by this chapter. The *department may employ attorneys to act as arbitrators, and the* division may also certify attorneys who are not employed by the division to act as arbitrators to conduct the arbitration hearings provided by this *chapter* ~~section~~. No person may be employed by the department as *an* ~~a full-time~~ arbitrator unless he or she is a member in good standing of The Florida Bar. The department shall promulgate rules of procedure to govern such arbitration hearings including mediation incident thereto. The decision of an arbitrator shall be final; however, such a decision shall not be deemed final agency action. Nothing in this provision shall be construed to foreclose parties from proceeding in a trial de novo unless the parties have agreed that the arbitration is binding. If such judicial proceedings are initiated, the final decision of the arbitrator shall be admissible in evidence in the trial de novo.

(a) Prior to the institution of court litigation, a party to a dispute shall petition the division for nonbinding arbitration. The petition must be accompanied by a filing fee in the amount of $50. Filing fees collected under this section must be used to defray the expenses of the alternative dispute resolution program.

(b) The petition must recite, and have attached thereto, supporting proof that the petitioner gave the respondents:

1. Advance written notice of the specific nature of the dispute;

2. A demand for relief, and a reasonable opportunity to comply or to provide the relief; and

3. Notice of the intention to file an arbitration petition or other legal action in the absence of a resolution of the dispute.

Failure to include the allegations or proof of compliance with these prerequisites requires dismissal of the petition without prejudice.

(c) Upon receipt, the petition shall be promptly reviewed by the division to determine the existence of a dispute and compliance with the requirements of paragraphs (a) and (b). If emergency relief is required and is not available through arbitration, a motion to stay the arbitration may be filed. The motion must be accompanied by a verified petition alleging facts that, if proven, would support entry of a temporary injunction, and if an appropriate motion and supporting papers are filed, the division may abate the arbitration pending a court hearing and disposition of a motion for temporary injunction.

(d) Upon determination by the division that a dispute exists and that the petition substantially meets the requirements of paragraphs (a) and (b) and any other applicable rules, a copy of the petition shall forthwith be served by the division upon all respondents.

(e) Either before or after the filing of the respondents' answer to the petition, any party may request that the arbitrator refer the case to mediation under this section and any rules adopted by the division. Upon receipt of a request for mediation, the division shall promptly contact the parties to determine if there is agreement that mediation would be appropriate. If all parties agree, the dispute must be referred to mediation. Notwithstanding a lack of an agreement by all parties, the arbitrator may refer a dispute to mediation at any time.

(f) *The arbitrator or the division may refer the parties to a Citizens Dispute Settlement Center under s. 44.201 in the county in which the dispute arose* ~~Upon referral of a case to mediation~~, *or* the parties *may agree on* ~~must select~~ a mutually acceptable mediator. To assist in the selection, the arbitrator shall provide the parties with a list of both volunteer and paid mediators that have been certified by the division under s. 718.501. If the parties are unable to agree on a mediator within the time allowed by the arbitrator *or the division*, the arbitrator *or the division* shall appoint a mediator from the list of certified mediators. If a case is referred to mediation, the parties shall attend a mediation conference, as scheduled by the parties and the mediator. If any party fails to attend a duly noticed mediation conference, without the permission or approval of the arbitrator or mediator, the arbitrator *or the division may* ~~must~~ impose sanctions against the party, including the striking of any pleadings filed, the entry of an order of dismissal or default if appropriate, and the award of costs and attorneys' fees incurred by the other parties. Unless otherwise agreed to by the parties or as provided by order of the arbitrator, a party is deemed to have appeared at a mediation conference by the physical presence of the party or its representative having full authority to settle without further consultation, provided that an association may comply by having one or more representatives present with full authority to negotiate a settlement and recommend that the board of administration ratify and approve such a settlement within 5 days from the date of the mediation conference. *The mediator or Citizens Dispute Settlement Center may charge fees for handling these cases.* The parties shall share equally the expense of mediation, unless they agree otherwise.

(g) The purpose of mediation as provided for by this section is to present the parties with an opportunity to resolve the underlying dispute ~~in good faith, and~~ with a minimum expenditure of time and resources.

(h) Mediation proceedings must generally be conducted in accordance with the Florida Rules of Civil Procedure, and these proceedings are privileged and confidential to the same extent as court-ordered mediation. Persons who are not parties to the dispute are not allowed to attend the mediation conference without the consent of all parties, with the exception of counsel for the parties and corporate representatives designated to appear for a party. If the *case was referred to mediation by an arbitrator and the* ~~mediator declares an impasse after a~~ mediation conference *ends in an impasse* ~~has been held~~, the arbitration proceeding terminates, unless all parties agree in writing to continue the arbitration proceeding, in which case the arbitrator's decision shall be either binding or nonbinding, as agreed upon by the parties; in the arbitration proceeding, the arbitrator shall not consider any evidence relating to the unsuccessful mediation except in a proceeding to impose sanctions for failure to appear at the mediation conference. If the parties do not agree to continue arbitration, the arbitrator shall enter an order of dismissal, and either party may institute a suit in a court of competent jurisdiction. *If the case was referred to mediation by the division and ends in an impasse, either party may institute a suit in a court of competent jurisdiction.* The parties may seek to recover any costs and attorneys' fees incurred in connection with arbitration and mediation proceedings under this section as part of the costs and fees that may be recovered by the prevailing party in any subsequent litigation.

(i) Arbitration shall be conducted according to rules promulgated by the division. The filing of a petition for arbitration shall toll the applicable statute of limitations.

(j) At the request of any party to the arbitration, such arbitrator shall issue subpoenas for the attendance of witnesses and the production of books, records, documents, and other evidence and any party on whose behalf a subpoena is issued may apply to the court for orders compelling such attendance and production. Subpoenas shall be served and shall be enforceable in the manner provided by the Florida Rules of Civil Procedure. Discovery may, in the discretion of the arbitrator, be permitted in the manner provided by the Florida Rules of Civil Procedure. Rules adopted by the division may authorize any reasonable sanctions except contempt for a violation of the arbitration procedural rules of the division or for the failure of a party to comply with a reasonable nonfinal order issued by an arbitrator which is not under judicial review.

(k) The arbitration decision shall be presented to the parties in writing. An arbitration decision is final in those disputes in which the parties have agreed to be bound. An arbitration decision is also final if a complaint for a trial de novo is not filed in a court of competent jurisdiction in which the condominium is located within 30 days. The right to file for a trial de novo entitles the parties to file a complaint in the appropriate trial court for a judicial resolution of the dispute. The prevailing party in an arbitration proceeding shall be awarded the costs of the arbitration and reasonable attorney's fees in an amount determined by the arbitrator. Such an award shall include the costs and reasonable attorney's fees incurred in the arbitration proceeding as well as the costs and reasonable attorney's fees incurred in preparing for and attending any scheduled mediation.

(l) The party who files a complaint for a trial de novo shall be assessed the other party's arbitration costs, court costs, and other reasonable costs, including attorney's fees, investigation expenses, and expenses for expert or other testimony or evidence incurred after the arbitration hearing if the judgment upon the trial de novo is not more favorable than the arbitration decision. If the judgment is more favorable, the party who filed a complaint for trial de novo shall be awarded reasonable court costs and attorney's fees.

(m) Any party to an arbitration proceeding may enforce an arbitration award by filing a petition in a court of competent jurisdiction in which the condominium is located. A petition may not be granted unless the time for appeal by the filing of a complaint for trial de novo has expired. If a complaint for a trial de novo has been filed, a petition may not be granted with respect to an arbitration award that has been stayed. If the petition for enforcement is granted, the petitioner shall recover reasonable attorney's fees and costs incurred in enforcing the arbitration award. A mediation settlement may also be enforced through the county or circuit court, as applicable, *by the filing of a court case.* ~~and~~ Any costs and fees incurred in the enforcement of a settlement agreement reached at mediation must be awarded to the prevailing party in any enforcement action.

(n) In the resolution of these cases on the local level, past precedent of prior division arbitration decisions shall be considered and followed where appropriate.

(4) EXEMPTIONS.—A dispute is not subject to resolution under this section if it includes any disagreement that primarily involves:

(a) Title to any unit or common element;

(b) The interpretation or enforcement of any warranty;

(c) The levy of a fee or assessment or the collection of an assessment levied against a party;

(d) The eviction or other removal of a tenant from a unit;

(e) Alleged breaches of fiduciary duty by one or more directors; or

(f) Claims for damages to a unit based upon the alleged failure of the association to maintain the common elements or condominium property.

(5) DISPUTES INVOLVING ELECTION IRREGULARITIES.—Every arbitration petition received by the division and required to be filed under this section challenging the legality of the election of any director of the board of administration shall be handled on an expedited basis in the manner provided by division rules for recall arbitration disputes.

Section 72. *The Division of Condominiums, Timeshare, and Mobile Homes of the Department of Business and Professional Regulation shall continue the arbitration of any cases which qualified for arbitration on the date the case was filed with the division and which were filed with the division prior to the date on which this act becomes law.*

Section 73. *There is appropriated 1 FTE and $440,626 from the Division of Condominiums, Timeshare, and Mobile Homes Trust Fund to the Department of Business and Professional Regulation for the purpose of investigating and resolving disputes and dealing with compliance issues relating to condominiums and cooperatives. This appropriation shall not take effect if a similar amount of funding is included in the various appropriations for compliance and enforcement in the Florida Condominiums, Timeshare, and Mobile Homes program in the fiscal year 2001-2002 General Appropriations Act.*

Section 74. Section 718.501, Florida Statutes, is amended to read:

718.501 Powers and duties of Division of ~~Florida Land Sales,~~ Condominiums, *Timeshare,* and Mobile Homes.—

(1) The Division of ~~Florida Land Sales,~~ Condominiums, *Timeshare,* and Mobile Homes of the Department of Business and Professional Regulation, referred to as the "division" in this part, in addition to other powers and duties prescribed by chapter 498, has the power to enforce and ensure compliance with the provisions of this chapter and rules *adopted* ~~promulgated~~ pursuant hereto relating to the development, construction, sale, lease, ownership, operation, and management of residential condominium units. In performing its duties, the division has the following powers and duties:

(a) The division may make necessary public or private investigations within or outside this state to determine whether any person has violated this chapter or any rule or order hereunder, to aid in the enforcement of this chapter, or to aid in the adoption of rules or forms hereunder.

(b) The division may require or permit any person to file a statement in writing, under oath or otherwise, as the division determines, as to the facts and circumstances concerning a matter to be investigated.

(c) For the purpose of any investigation under this chapter, the division director or any officer or employee designated by the division

director may administer oaths or affirmations, subpoena witnesses and compel their attendance, take evidence, and require the production of any matter which is relevant to the investigation, including the existence, description, nature, custody, condition, and location of any books, documents, or other tangible things and the identity and location of persons having knowledge of relevant facts or any other matter reasonably calculated to lead to the discovery of material evidence. Upon the failure by a person to obey a subpoena or to answer questions propounded by the investigating officer and upon reasonable notice to all persons affected thereby, the division may apply to the circuit court for an order compelling compliance.

(d) Notwithstanding any remedies available to unit owners and associations, if the division has reasonable cause to believe that a violation of any provision of this chapter or rule promulgated pursuant hereto has occurred, the division may institute enforcement proceedings in its own name against any developer, association, officer, or member of the board of administration, or its assignees or agents, as follows:

1. The division may permit a person whose conduct or actions may be under investigation to waive formal proceedings and enter into a consent proceeding whereby orders, rules, or letters of censure or warning, whether formal or informal, may be entered against the person.

2. The division may issue an order requiring the developer, association, officer, or member of the board of administration, or its assignees or agents, to cease and desist from the unlawful practice and take such affirmative action as in the judgment of the division will carry out the purposes of this chapter. Such affirmative action may include, but is not limited to, an order requiring a developer to pay moneys determined to be owed to a condominium association.

3. The division may bring an action in circuit court on behalf of a class of unit owners, lessees, or purchasers for declaratory relief, injunctive relief, or restitution.

4. The division may impose a civil penalty against a developer or association, or its assignee or agent, for any violation of this chapter or a rule promulgated pursuant hereto. The division may impose a civil penalty individually against any officer or board member who willfully and knowingly violates a provision of this chapter, a rule adopted pursuant hereto, or a final order of the division. The term "willfully and knowingly" means that the division informed the officer or board member that his or her action or intended action violates this chapter, a rule adopted under this chapter, or a final order of the division and that the officer or board member refused to comply with the requirements of this chapter, a rule adopted under this chapter, or a final order of the division. The division, prior to initiating formal agency action under chapter 120, shall afford the officer or board member an opportunity to voluntarily comply with this chapter, a rule adopted under this chapter, or a final order of the division. An officer or board member who complies within 10 days is not subject to a civil penalty. A penalty may be imposed on the basis of each day of continuing violation, but in no event shall the penalty for any offense exceed $5,000. By January 1, 1998, the division shall adopt, by rule, penalty guidelines applicable to possible violations or to categories of violations of this chapter or rules adopted by the division. The guidelines must specify a meaningful range of civil penalties for each such violation of the statute and rules and must be based upon the harm caused by the violation, the repetition of the violation, and upon such other factors deemed relevant by the division. For example, the division may consider whether the violations were committed by a developer or owner-controlled association, the size of the association, and other factors. The guidelines must designate the possible mitigating or aggravating circumstances that justify a departure from the range of penalties provided by the rules. It is the legislative intent that minor violations be distinguished from those which endanger the health, safety, or welfare of the condominium residents or other persons and that such guidelines provide reasonable and meaningful notice to the public of likely penalties that may be imposed for proscribed conduct. This subsection does not limit the ability of the division to informally dispose of administrative actions or complaints by stipulation, agreed settlement, or consent order. All amounts collected shall be deposited with the Treasurer to the credit of the Division of ~~Florida Land Sales,~~ Condominiums, *Timeshare,* and Mobile Homes Trust Fund. If a developer fails to pay the civil penalty, the division shall thereupon issue an order directing that such developer cease and desist from further operation until such time as the civil penalty is paid or may pursue enforcement of the penalty in a court of competent jurisdiction. If an association fails to pay the civil penalty, the division shall thereupon pursue enforcement in a court of competent jurisdiction, and the order imposing the civil penalty or the cease and desist order will not become effective until 20 days after the date of such order. Any action commenced by the division shall be brought in the county in which the division has its executive offices or in the county where the violation occurred.

(e) The division is authorized to prepare and disseminate a prospectus and other information to assist prospective owners, purchasers, lessees, and developers of residential condominiums in assessing the rights, privileges, and duties pertaining thereto.

(f) The division has authority to adopt rules pursuant to ss. 120.536(1) and 120.54 to implement and enforce the provisions of this chapter.

(g) The division shall establish procedures for providing notice to an association when the division is considering the issuance of a declaratory statement with respect to the declaration of condominium or any related document governing in such condominium community.

(h) The division shall furnish each association which pays the fees required by paragraph (2)(a) a copy of this act, subsequent changes to this act on an annual basis, an amended version of this act as it becomes available from the Secretary of State's office on a biennial basis, and the rules promulgated pursuant thereto on an annual basis.

(i) The division shall annually provide each association with a summary of declaratory statements and formal legal opinions relating to the operations of condominiums which were rendered by the division during the previous year.

(j) The division shall provide training programs for condominium association board members and unit owners.

(k) The division shall maintain a toll-free telephone number accessible to condominium unit owners.

(l) The division shall develop a program to certify both volunteer and paid mediators to provide mediation of condominium disputes. The division shall provide, upon request, a list of such mediators to any association, unit owner, or other participant in arbitration proceedings under s. 718.1255 requesting a copy of the list. The division shall include on the list of volunteer mediators only the names of persons who have received at least 20 hours of training in mediation techniques or who have mediated at least 20 disputes. In order to become initially certified by the division, paid mediators must be certified by the Supreme Court to mediate court cases in either county or circuit courts. However, the division may adopt, by rule, additional factors for the certification of paid mediators, which factors must be related to experience, education, or background. Any person initially certified as a paid mediator by the division must, in order to continue to be certified, comply with the factors or requirements imposed by rules adopted by the division.

(m) When a complaint is made, the division shall conduct its inquiry with due regard to the interests of the affected parties. Within 30 days after receipt of a complaint, the division shall acknowledge the complaint in writing and notify the complainant whether the complaint is within the jurisdiction of the division and whether additional information is needed by the division from the complainant. The division shall conduct its investigation and shall, within 90 days after receipt of the original complaint or of timely requested additional information, take action upon the complaint. However, the failure to complete the investigation within 90 days does not prevent the division from continuing the investigation, accepting or considering evidence obtained or received after 90 days, or taking administrative action if reasonable cause exists to believe that a violation of this chapter or a rule of the

division has occurred. If an investigation is not completed within the time limits established in this paragraph, the division shall, on a monthly basis, notify the complainant in writing of the status of the investigation. When reporting its action to the complainant, the division shall inform the complainant of any right to a hearing pursuant to ss. 120.569 and 120.57.

(2)(a) Effective January 1, 1992, each condominium association which operates more than two units shall pay to the division an annual fee in the amount of $4 for each residential unit in condominiums operated by the association. If the fee is not paid by March 1, then the association shall be assessed a penalty of 10 percent of the amount due, and the association will not have standing to maintain or defend any action in the courts of this state until the amount due, plus any penalty, is paid.

(b) All fees shall be deposited in the Division of ~~Florida Land Sales,~~ Condominiums, *Timeshare,* and Mobile Homes Trust Fund as provided by law.

Section 75. Paragraph (a) of subsection (2) of section 718.502, Florida Statutes, is amended to read:

718.502 Filing prior to sale or lease.—

(2)(a) Prior to filing as required by subsection (1), and prior to acquiring an ownership, leasehold, or contractual interest in the land upon which the condominium is to be developed, a developer shall not offer a contract for purchase of a unit or lease of a unit for more than 5 years. However, the developer may accept deposits for reservations upon the approval of a fully executed escrow agreement and reservation agreement form properly filed with the division ~~of Florida Land Sales, Condominiums, and Mobile Homes~~. Each filing of a proposed reservation program shall be accompanied by a filing fee of $250. Reservations shall not be taken on a proposed condominium unless the developer has an ownership, leasehold, or contractual interest in the land upon which the condominium is to be developed. The division shall notify the developer within 20 days of receipt of the reservation filing of any deficiencies contained therein. Such notification shall not preclude the determination of reservation filing deficiencies at a later date, nor shall it relieve the developer of any responsibility under the law. The escrow agreement and the reservation agreement form shall include a statement of the right of the prospective purchaser to an immediate unqualified refund of the reservation deposit moneys upon written request to the escrow agent by the prospective purchaser or the developer.

Section 76. Section 718.504, Florida Statutes, is amended to read:

718.504 Prospectus or offering circular.—Every developer of a residential condominium which contains more than 20 residential units, or which is part of a group of residential condominiums which will be served by property to be used in common by unit owners of more than 20 residential units, shall prepare a prospectus or offering circular and file it with the division ~~of Florida Land Sales, Condominiums, and Mobile Homes~~ prior to entering into an enforceable contract of purchase and sale of any unit or lease of a unit for more than 5 years and shall furnish a copy of the prospectus or offering circular to each buyer. In addition to the prospectus or offering circular, each buyer shall be furnished a separate page entitled "Frequently Asked Questions and Answers," which shall be in accordance with a format approved by the division and a copy of the financial information required by s. 718.111. This page shall, in readable language, inform prospective purchasers regarding their voting rights and unit use restrictions, including restrictions on the leasing of a unit; shall indicate whether and in what amount the unit owners or the association is obligated to pay rent or land use fees for recreational or other commonly used facilities; shall contain a statement identifying that amount of assessment which, pursuant to the budget, would be levied upon each unit type, exclusive of any special assessments, and which shall further identify the basis upon which assessments are levied, whether monthly, quarterly, or otherwise; shall state and identify any court cases in which the association is currently a party of record in which the association may face liability in excess of $100,000; and which shall further state whether membership in a recreational facilities association is mandatory, and if so, shall identify the fees currently charged per unit type. The division shall by rule require such other disclosure as in its judgment will assist prospective purchasers. The prospectus or offering circular may include more than one condominium, although not all such units are being offered for sale as of the date of the prospectus or offering circular. The prospectus or offering circular must contain the following information:

(1) The front cover or the first page must contain only:

(17) "Division" means the Division of ~~Florida Land Sales,~~ Condominiums, *Timeshare,* and Mobile Homes of the Department of Business and Professional Regulation.

Section 81. Section 719.1255, Florida Statutes, is amended to read:

719.1255 Alternative resolution of disputes.—The division ~~of Florida Land Sales, Condominiums, and Mobile Homes of the Department of Business and Professional Regulation~~ shall provide for alternative dispute resolution in accordance with s. 718.1255.

Section 82. Section 719.501, Florida Statutes, is amended to read:

719.501 Powers and duties of Division of ~~Florida Land Sales,~~ Condominiums, *Timeshare,* and Mobile Homes.—

(1) The Division of ~~Florida Land Sales,~~ Condominiums, *Timeshare,* and Mobile Homes of the Department of Business and Professional

Regulation, referred to as the "division" in this part, in addition to other powers and duties prescribed by chapter 498, has the power to enforce and ensure compliance with the provisions of this chapter and rules *adopted* ~~promulgated~~ pursuant hereto relating to the development, construction, sale, lease, ownership, operation, and management of residential cooperative units. In performing its duties, the division shall have the following powers and duties:

(a) The division may make necessary public or private investigations within or outside this state to determine whether any person has violated this chapter or any rule or order hereunder, to aid in the enforcement of this chapter, or to aid in the adoption of rules or forms hereunder.

(b) The division may require or permit any person to file a statement in writing, under oath or otherwise, as the division determines, as to the facts and circumstances concerning a matter to be investigated.

(c) For the purpose of any investigation under this chapter, the division director or any officer or employee designated by the division director may administer oaths or affirmations, subpoena witnesses and compel their attendance, take evidence, and require the production of any matter which is relevant to the investigation, including the existence, description, nature, custody, condition, and location of any books, documents, or other tangible things and the identity and location of persons having knowledge of relevant facts or any other matter reasonably calculated to lead to the discovery of material evidence. Upon failure by a person to obey a subpoena or to answer questions propounded by the investigating officer and upon reasonable notice to all persons affected thereby, the division may apply to the circuit court for an order compelling compliance.

(d) Notwithstanding any remedies available to unit owners and associations, if the division has reasonable cause to believe that a violation of any provision of this chapter or rule promulgated pursuant hereto has occurred, the division may institute enforcement proceedings in its own name against a developer, association, officer, or member of the board, or its assignees or agents, as follows:

1. The division may permit a person whose conduct or actions may be under investigation to waive formal proceedings and enter into a consent proceeding whereby orders, rules, or letters of censure or warning, whether formal or informal, may be entered against the person.

2. The division may issue an order requiring the developer, association, officer, or member of the board, or its assignees or agents, to cease and desist from the unlawful practice and take such affirmative action as in the judgment of the division will carry out the purposes of this chapter. Such affirmative action may include, but is not limited to, an order requiring a developer to pay moneys determined to be owed to a condominium association.

3. The division may bring an action in circuit court on behalf of a class of unit owners, lessees, or purchasers for declaratory relief, injunctive relief, or restitution.

4. The division may impose a civil penalty against a developer or association, or its assignees or agents, for any violation of this chapter or a rule promulgated pursuant hereto. The division may impose a civil penalty individually against any officer or board member who willfully and knowingly violates a provision of this chapter, a rule adopted pursuant to this chapter, or a final order of the division. The term "willfully and knowingly" means that the division informed the officer or board member that his or her action or intended action violates this chapter, a rule adopted under this chapter, or a final order of the division, and that the officer or board member refused to comply with the requirements of this chapter, a rule adopted under this chapter, or a final order of the division. The division, prior to initiating formal agency action under chapter 120, shall afford the officer or board member an opportunity to voluntarily comply with this chapter, a rule adopted under this chapter, or a final order of the division. An officer or board member who complies within 10 days is not subject to a civil penalty. A penalty may be imposed on the basis of each day of continuing violation, but in no event shall the penalty for any offense exceed $5,000. By January 1, 1998, the division shall adopt, by rule, penalty guidelines applicable to possible violations or to categories of violations of this chapter or rules adopted by the division. The guidelines must specify a meaningful range of civil penalties for each such violation of the statute and rules and must be based upon the harm caused by the violation, the repetition of the violation, and upon such other factors deemed relevant by the division. For example, the division may consider whether the violations were committed by a developer or owner-controlled association, the size of the association, and other factors. The guidelines must designate the possible mitigating or aggravating circumstances that justify a departure from the range of penalties provided by the rules. It is the legislative intent that minor violations be distinguished from those which endanger the health, safety, or welfare of the cooperative residents or other persons and that such guidelines provide reasonable and meaningful notice to the public of likely penalties that may be imposed for proscribed conduct. This subsection does not limit the ability of the division to informally dispose of administrative actions or complaints by stipulation, agreed settlement, or consent order. All amounts collected shall be deposited with the Treasurer to the credit of the Division of ~~Florida Land Sales,~~ Condominiums, *Timeshare,* and Mobile Homes Trust Fund. If a developer fails to pay the civil penalty, the division shall thereupon issue an order directing that such developer cease and desist from further operation until such time as the civil penalty is paid or may pursue enforcement of the penalty in a court of competent jurisdiction. If an association fails to pay the civil penalty, the division shall thereupon pursue enforcement in a court of competent jurisdiction, and the order imposing the civil penalty or the cease and desist order shall not become effective until 20 days after the date of such order. Any action commenced by the division shall be brought in the county in which the division has its executive offices or in the county where the violation occurred.

(e) The division is authorized to prepare and disseminate a prospectus and other information to assist prospective owners, purchasers, lessees, and developers of residential cooperatives in assessing the rights, privileges, and duties pertaining thereto.

(f) The division has authority to adopt rules pursuant to ss. 120.536(1) and 120.54 to implement and enforce the provisions of this chapter.

(g) The division shall establish procedures for providing notice to an association when the division is considering the issuance of a declaratory statement with respect to the cooperative documents governing such cooperative community.

(h) The division shall furnish each association which pays the fees required by paragraph (2)(a) a copy of this act, subsequent changes to this act on an annual basis, an amended version of this act as it becomes available from the Secretary of State's office on a biennial basis, and the rules promulgated pursuant thereto on an annual basis.

(i) The division shall annually provide each association with a summary of declaratory statements and formal legal opinions relating to the operations of cooperatives which were rendered by the division during the previous year.

(j) The division shall adopt uniform accounting principles, policies, and standards to be used by all associations in the preparation and presentation of all financial statements required by this chapter. The principles, policies, and standards shall take into consideration the size of the association and the total revenue collected by the association.

(k) The division shall provide training programs for cooperative association board members and unit owners.

(l) The division shall maintain a toll-free telephone number accessible to cooperative unit owners.

(m) When a complaint is made to the division, the division shall conduct its inquiry with reasonable dispatch and with due regard to the interests of the affected parties. Within 30 days after receipt of a complaint, the division shall acknowledge the complaint in writing and notify the complainant whether the complaint is within the jurisdiction

of the division and whether additional information is needed by the division from the complainant. The division shall conduct its investigation and shall, within 90 days after receipt of the original complaint or timely requested additional information, take action upon the complaint. However, the failure to complete the investigation within 90 days does not prevent the division from continuing the investigation, accepting or considering evidence obtained or received after 90 days, or taking administrative action if reasonable cause exists to believe that a violation of this chapter or a rule of the division has occurred. If an investigation is not completed within the time limits established in this paragraph, the division shall, on a monthly basis, notify the complainant in writing of the status of the investigation. When reporting its action to the complainant, the division shall inform the complainant of any right to a hearing pursuant to ss. 120.569 and 120.57.

(n) The division shall develop a program to certify both volunteer and paid mediators to provide mediation of cooperative disputes. The division shall provide, upon request, a list of such mediators to any association, unit owner, or other participant in arbitration proceedings under s. 718.1255 requesting a copy of the list. The division shall include on the list of voluntary mediators only persons who have received at least 20 hours of training in mediation techniques or have mediated at least 20 disputes. In order to become initially certified by the division, paid mediators must be certified by the Supreme Court to mediate court cases in either county or circuit courts. However, the division may adopt, by rule, additional factors for the certification of paid mediators, which factors must be related to experience, education, or background. Any person initially certified as a paid mediator by the division must, in order to continue to be certified, comply with the factors or requirements imposed by rules adopted by the division.

(2)(a) Each cooperative association shall pay to the division, on or before January 1 of each year, an annual fee in the amount of $4 for each residential unit in cooperatives operated by the association. If the fee is not paid by March 1, then the association shall be assessed a penalty of 10 percent of the amount due, and the association shall not have the standing to maintain or defend any action in the courts of this state until the amount due is paid.

(b) All fees shall be deposited in the Division of ~~Florida Land Sales,~~ Condominiums, *Timeshare,* and Mobile Homes Trust Fund as provided by law.

Section 83. Paragraph (a) of subsection (2) of section 719.502, Florida Statutes, is amended to read:

719.502 Filing prior to sale or lease.—

(2)(a) Prior to filing as required by subsection (1), and prior to acquiring an ownership, leasehold, or contractual interest in the land upon which the cooperative is to be developed, a developer shall not offer a contract for purchase or lease of a unit for more than 5 years. However, the developer may accept deposits for reservations upon the approval of a fully executed escrow agreement and reservation agreement form properly filed with the division ~~of Florida Land Sales, Condominiums, and Mobile Homes~~. Each filing of a proposed reservation program shall be accompanied by a filing fee of $250. Reservations shall not be taken on a proposed cooperative unless the developer has an ownership, leasehold, or contractual interest in the land upon which the cooperative is to be developed. The division shall notify the developer within 20 days of receipt of the reservation filing of any deficiencies contained therein. Such notification shall not preclude the determination of reservation filing deficiencies at a later date, nor shall it relieve the developer of any responsibility under the law. The escrow agreement and the reservation agreement form shall include a statement of the right of the prospective purchaser to an immediate unqualified refund of the reservation deposit moneys upon written request to the escrow agent by the prospective purchaser or the developer.

Section 84. Section 719.504, Florida Statutes, is amended to read:

719.504 Prospectus or offering circular.—Every developer of a residential cooperative which contains more than 20 residential units, or which is part of a group of residential cooperatives which will be served by property to be used in common by unit owners of more than 20 residential units, shall prepare a prospectus or offering circular and file it with the division ~~of Florida Land Sales, Condominiums, and Mobile Homes~~ prior to entering into an enforceable contract of purchase and sale of any unit or lease of a unit for more than 5 years and shall furnish a copy of the prospectus or offering circular to each buyer. In addition to the prospectus or offering circular, each buyer shall be furnished a separate page entitled "Frequently Asked Questions and Answers," which must be in accordance with a format approved by the division. "Regulated party," for purposes of this section, means any developer, exchange company, seller, managing entity, association, association director, association officer, manager, management firm, escrow agent, trustee, any respective assignees or agents, or any other person having duties or obligations pursuant to this chapter.

2. Any person who materially participates in any offer or disposition of any interest in, or the management or operation of, a timeshare plan in violation of this chapter or relevant rules involving fraud, deception, false pretenses, misrepresentation, or false advertising or the disbursement, concealment, or diversion of any funds or assets, which conduct adversely affects the interests of a purchaser, and which person directly or indirectly controls a regulated party or is a general partner, officer, director, agent, or employee of such regulated party, shall be jointly and severally liable under this subsection with such regulated party, unless such person did not know, and in the exercise of reasonable care could not have known, of the existence of the facts giving rise to the violation of this chapter. A right of contribution shall exist among jointly and severally liable persons pursuant to this paragraph.

(b) The division may permit any person whose conduct or actions may be under investigation to waive formal proceedings and enter into a consent proceeding whereby an order, rule, or letter of censure or warning, whether formal or informal, may be entered against that person.

(c) The division may issue an order requiring a regulated party to cease and desist from an unlawful practice under this chapter and take such affirmative action as in the judgment of the division will carry out the purposes of this chapter.

(d)1. The division may bring an action in circuit court for declaratory or injunctive relief or for other appropriate relief, including restitution.

2. The division shall have broad authority and discretion to petition the circuit court to appoint a receiver with respect to any managing entity which fails to perform its duties and obligations under this chapter with respect to the operation of a timeshare plan. The circumstances giving rise to an appropriate petition for receivership under this subparagraph include, but are not limited to:

a. Damage to or destruction of any of the accommodations or facilities of a timeshare plan, where the managing entity has failed to repair or reconstruct same.

b. A breach of fiduciary duty by the managing entity, including, but not limited to, undisclosed self-dealing or failure to timely assess, collect, or disburse the common expenses of the timeshare plan.

c. Failure of the managing entity to operate the timeshare plan in accordance with the timeshare instrument and this chapter.

If, under the circumstances, it appears that the events giving rise to the petition for receivership cannot be reasonably and timely corrected in a cost-effective manner consistent with the timeshare instrument, the receiver may petition the circuit court to implement such amendments or revisions to the timeshare instrument as may be necessary to enable the managing entity to resume effective operation of the timeshare plan,

or to enter an order terminating the timeshare plan, or to enter such further orders regarding the disposition of the timeshare property as the court deems appropriate, including the disposition and sale of the timeshare property held by the association or the purchasers. In the event of a receiver's sale, all rights, title, and interest held by the association or any purchaser shall be extinguished and title shall vest in the buyer. This provision applies to timeshare estates and timeshare licenses. All reasonable costs and fees of the receiver relating to the receivership shall become common expenses of the timeshare plan upon order of the court.

3. The division may revoke its approval of any filing for any timeshare plan for which a petition for receivership has been filed pursuant to this paragraph.

(e)1. The division may impose a penalty against any regulated party for a violation of this chapter or any rule adopted thereunder. A penalty may be imposed on the basis of each day of continuing violation, but in no event may the penalty for any offense exceed $10,000. All accounts collected shall be deposited with the Treasurer to the credit of the Division of ~~Florida Land Sales,~~ Condominiums, *Timeshare,* and Mobile Homes Trust Fund.

2.a. If a regulated party fails to pay a penalty, the division shall thereupon issue an order directing that such regulated party cease and desist from further operation until such time as the penalty is paid; or the division may pursue enforcement of the penalty in a court of competent jurisdiction.

b. If an association or managing entity fails to pay a civil penalty, the division may pursue enforcement in a court of competent jurisdiction.

(f) In order to permit the regulated party an opportunity either to appeal such decision administratively or to seek relief in a court of competent jurisdiction, the order imposing the penalty or the cease and desist order shall not become effective until 20 days after the date of such order.

(g) Any action commenced by the division shall be brought in the county in which the division has its executive offices or in the county where the violation occurred.

(h) Notice to any regulated party shall be complete when delivered by United States mail, return receipt requested, to the party's address currently on file with the division or to such other address at which the division is able to locate the party. Every regulated party has an affirmative duty to notify the division of any change of address at least 5 business days prior to such change.

(6) The division has authority to adopt rules pursuant to ss. 120.536(1) and 120.54 to implement and enforce the provisions of this chapter.

(7)(a) The use of any unfair or deceptive act or practice by any person in connection with the sales or other operations of an exchange program or timeshare plan is a violation of this chapter.

(b) Any violation of the Florida Deceptive and Unfair Trade Practices Act, ss. 501.201 et seq., relating to the creation, promotion, sale, operation, or management of any timeshare plan shall also be a violation of this chapter.

(c) The division is authorized to institute proceedings against any such person and take any appropriate action authorized in this section in connection therewith, notwithstanding any remedies available to purchasers.

(8) The failure of any person to comply with any order of the division is a violation of this chapter.

All state trust funds to be expended pursuant to this section must be matched equally with private moneys and shall comprise no more than half of the total moneys expended annually.

Section 93. Section 721.50, Florida Statutes, is amended to read:

721.50 Short title.—This part may be cited as the "McAllister Act" in recognition and appreciation for the years of extraordinary and insightful contributions by Mr. Bryan C. McAllister, Examinations Supervisor, *former* Division of Florida Land Sales, Condominiums, and Mobile Homes.

Section 94. Subsection (10) of section 721.82, Florida Statutes, is amended to read:

721.82 Definitions.—As used in this part, the term:

(10) "Registered agent" means an agent duly appointed ~~by the obligor~~ under s. 721.84 for the purpose of accepting all notices and service of process under this part *for the obligor*. A registered agent may be an individual resident in this state whose business office qualifies as a registered office, or a domestic or foreign corporation or a not-for-profit corporation as defined in chapter 617 authorized to transact business or to conduct its affairs in this state, whose business office qualifies as a registered office. A registered agent for any obligor may not be the lienholder or the attorney for the lienholder.

(5) A registered agent may resign his or her agency appointment for any obligor for which he or she serves as registered agent, provided that:

(a) The resigning registered agent executes a written statement of resignation that identifies himself or herself and the street address of his or her registered office, and identifies the obligors affected by his or her resignation;

2. The registered agent provides 120 days' prior written notice to the mortagee as to the mortgage lien and to the owners' association of the timeshare plan as to the assessment lien of its intent to deliver the statement of resignation. Prior to the effective date of termination of the resigning registered agent's agency and registered office, a ~~The resigning registered agent may designate the successor registered agent; however, if the resigning registered agent fails to designate a successor registered agent or the designated successor registered agent fails to accept, the~~ successor registered agent for the affected obligors may be designated by the mortgagee as to the mortgage lien and by the owners' association *of the timeshare plan* as to the assessment lien; and

(c)*1. If a successor registered agent is appointed under subparagraph (b)1.,* copies of the statement of resignation and acceptance of

appointment as successor registered agent are promptly mailed to the affected obligors at the obligors' last designated address shown on the records of the resigning registered agent and to the affected lienholders*; or*.

2. (7) If a resigning registered agent has previously provided notice under subparagraph (5)(b)2. and a successor registered agent is not designated or the designated successor registered agent fails to accept the appointment as registered agent, the agency and registered office of the resigning registered agent are terminated effective as of the 10th day after the date on which the statement of resignation and list of obligors required by subparagraph (5)(c)2. are received by the lienholder, unless a longer period is provided in the statement of resignation. Section 96. Subsection (1) of section 723.003, Florida Statutes, is amended to read:

723.003 Definitions.—As used in this chapter, the following words and terms have the following meanings unless clearly indicated otherwise:

(1) The term "division" means the Division of ~~Florida Land Sales,~~ Condominiums, *Timeshare,* and Mobile Homes of the Department of Business and Professional Regulation.

Section 97. Paragraph (e) of subsection (5) of section 723.006, Florida Statutes, is amended to read:

723.006 Powers and duties of division.—In performing its duties, the division has the following powers and duties:

(5) Notwithstanding any remedies available to mobile home owners, mobile home park owners, and homeowners' associations, if the division has reasonable cause to believe that a violation of any provision of this chapter or any rule promulgated pursuant hereto has occurred, the division may institute enforcement proceedings in its own name against a developer, mobile home park owner, or homeowners' association, or its assignee or agent, as follows:

(e)1. The division may impose a civil penalty against a mobile home park owner or homeowners' association, or its assignee or agent, for any violation of this chapter, a properly promulgated park rule or regulation, or a rule or regulation promulgated pursuant hereto. A penalty may be imposed on the basis of each separate violation and, if the violation is a continuing one, for each day of continuing violation, but in no event may the penalty for each separate violation or for each day of continuing violation exceed $5,000. All amounts collected shall be deposited with the Treasurer to the credit of the Division of ~~Florida Land Sales,~~ Condominiums, *Timeshare,* and Mobile Homes Trust Fund.

2. If a violator fails to pay the civil penalty, the division shall thereupon issue an order directing that such violator cease and desist from further violation until such time as the civil penalty is paid or may pursue enforcement of the penalty in a court of competent jurisdiction. If a homeowners' association fails to pay the civil penalty, the division shall thereupon pursue enforcement in a court of competent jurisdiction, and the order imposing the civil penalty or the cease and desist order shall not become effective until 20 days after the date of such order. Any action commenced by the division shall be brought in the county in which the division has its executive offices or in which the violation occurred.

Section 98. Section 723.0065, Florida Statutes, is amended to read:

723.0065 Public records exemption; findings.—The Legislature, in narrowing the existing public records exemption pursuant to s. 1, chapter 94-78, Laws of Florida, finds that a public necessity exists to keep confidential and retain the public records exemption for financial records of mobile home park owners acquired by the division ~~of Florida Land Sales, Condominiums, and Mobile Homes~~ when performing its duties under the Florida Mobile Home Act unless the mobile home park owner has violated the provisions of this chapter. In that case, only those financial records that are specifically relevant to the finding of violation should be released. If it were otherwise, the division would encounter difficulties in procuring such proprietary information which would impede the effective and efficient performance of the division's public duties. Additionally, release of such proprietary information would harm the business interests of innocent mobile home park owners to the advantage of competitors and potential purchasers. Effective monitoring of the division's performance of its duties can be conducted without access to these records, and these records are otherwise available pursuant to a civil complaint as envisioned by the act. Accordingly, the public good served by access to financial records of a mobile home park owner who has not violated the provisions of this chapter is outweighed by the interference with division investigations and the private harm that could be caused by allowing such access.

Section 99. Section 723.009, Florida Statutes, is amended to read:

723.009 Division of ~~Florida Land Sales,~~ Condominiums, *Timeshare,* and Mobile Homes Trust Fund.—All proceeds from the fees, penalties, and fines imposed pursuant to this chapter shall be deposited into the Division of ~~Florida Land Sales,~~ Condominiums, *Timeshare,* and Mobile Homes Trust Fund created by s. *718.509* ~~498.019~~. Moneys in this fund, as appropriated by the Legislature pursuant to chapter 216, may be used to defray the expenses incurred by the division in administering the provisions of this chapter.

Section 100. Subsection (2) of section 73.073, Florida Statutes, is amended to read:

73.073 Eminent domain procedure with respect to condominium common elements.—

(2) With respect to the exercise of eminent domain or a negotiated sale for the purchase or taking of a portion of the common elements of a condominium, the condemning authority shall have the responsibility of contacting the condominium association and acquiring the most recent rolls indicating the names of the unit owners or contacting the

appropriate taxing authority to obtain the names of the owners of record on the tax rolls. Notification shall thereupon be sent by certified mail, return receipt requested, to the unit owners of record of the condominium units by the condemning authority indicating the intent to purchase or take the required property and requesting a response from the unit owner. The condemning authority shall be responsible for the expense of sending notification pursuant to this section. Such notice shall, at a minimum, include:

(a) The name and address of the condemning authority.

(b) A written or visual description of the property.

(c) The public purpose for which the property is needed.

(f) A clear, concise statement relating to the power of the association to convey the property on behalf of the unit owners if no objection to the taking or appraisal value is raised, and the effects of this alternative on the unit owner.

The Division of ~~Florida Land Sales,~~ Condominiums, *Timeshare,* and Mobile Homes of the Department of Business and Professional Regulation may adopt, by rule, a standard form for such notice and may require the notice to include any additional relevant information.

Section 101. Paragraph (e) of subsection (6) of section 192.037, Florida Statutes, is amended to read:

192.037 Fee timeshare real property; taxes and assessments; escrow.—

(6)

(e) On or before May 1 of each year, a statement of receipts and disbursements of the escrow account must be filed with the Division of ~~Florida Land Sales,~~ Condominiums, *Timeshare,* and Mobile Homes of the Department of Business and Professional Regulation, which may enforce this paragraph pursuant to s. 721.26. This statement must appropriately show the amount of principal and interest in such account.

Section 102. Paragraph (i) of subsection (7) of section 213.053, Florida Statutes, is amended to read:

213.053 Confidentiality and information sharing.—

(7) Notwithstanding any other provision of this section, the department may provide:

(i) Information relative to chapters 212 and 326 to the ~~Division of Florida Land Sales, Condominiums, and Mobile Homes of the~~ Department of Business and Professional Regulation in the conduct of its official duties.

Disclosure of information under this subsection shall be pursuant to a written agreement between the executive director and the agency. Such agencies, governmental or nongovernmental, shall be bound by the same requirements of confidentiality as the Department of Revenue. Breach of confidentiality is a misdemeanor of the first degree, punishable as provided by s. 775.082 or s. 775.083.

Section 103. Paragraph (w) of subsection (4) of section 215.20, Florida Statutes, is amended to read:

215.20 Certain income and certain trust funds to contribute to the General Revenue Fund.—

(4) The income of a revenue nature deposited in the following described trust funds, by whatever name designated, is that from which the deductions authorized by subsection (3) shall be made:

(w) The Division of ~~Florida Land Sales,~~ Condominiums, *Timeshare,* and Mobile Homes Trust Fund established pursuant to s. *718.509* ~~498.019~~.

The enumeration of the foregoing moneys or trust funds shall not prohibit the applicability thereto of s. 215.24 should the Governor determine that for the reasons mentioned in s. 215.24 the money or trust funds should be exempt herefrom, as it is the purpose of this law to exempt income from its force and effect when, by the operation of this law, federal matching funds or contributions or private grants to any trust fund would be lost to the state.

Section 104. Paragraph (a) of subsection (4) of section 380.0651, Florida Statutes, is amended to read:

380.0651 Statewide guidelines and standards.—

(4) Two or more developments, represented by their owners or developers to be separate developments, shall be aggregated and treated as a single development under this chapter when they are determined to be part of a unified plan of development and are physically proximate to one other.

(a) The criteria of two of the following subparagraphs must be met in order for the state land planning agency to determine that there is a unified plan of development:

1.a. The same person has retained or shared control of the developments;

b. The same person has ownership or a significant legal or equitable interest in the developments; or

c. There is common management of the developments controlling the form of physical development or disposition of parcels of the development.

2. There is a reasonable closeness in time between the completion of 80 percent or less of one development and the submission to a governmental agency of a master plan or series of plans or drawings for the other development which is indicative of a common development effort.

3. The existence or implementation of a utility's master utility plan required by the Public Service Commission or general-purpose local government or a master drainage plan shall not be the sole determinant of the existence of a master plan.

4. The voluntary sharing of infrastructure that is indicative of a common development effort or is designated specifically to accommodate the developments sought to be aggregated, except that which was implemented because it was required by a local general-purpose government; water management district; the Department of Environmental Protection; the Division of ~~Florida Land Sales,~~ Condominiums, *Timeshare,* and Mobile Homes; or the Public Service Commission.

5. There is a common advertising scheme or promotional plan in effect for the developments sought to be aggregated.

718.104 Creation of condominiums; contents of declaration.—Every condominium created in this state shall be created pursuant to this chapter.

(4) The declaration must contain or provide for the following matters:

(h) If a developer reserves the right, in a declaration recorded on or after July 1, 2000, to create a multicondominium, the declaration must state, or provide a specific formula for determining, the fractional or percentage shares of liability for the common expenses of the association and of ownership of the common surplus of the association to be allocated to the units in each condominium to be operated by the association. If *a* ~~the~~ declaration *recorded on or after July 1, 2000, for a condominium operated by a multicondominium association,* as originally recorded*,* fails to so provide, the share of liability for the common expenses of the association and of ownership of the common surplus of the association allocated to each unit in each condominium operated by the association shall be a fraction of the whole, the numerator of which is the number "one" and the denominator of which is the total number of units in all condominiums operated by the association.

(5) The declaration *as originally recorded, or as amended pursuant to the procedures provided therein,* may include covenants and restrictions concerning the use, occupancy, and transfer of the units permitted by law with reference to real property. *With the exception of amendments that materially modify unit appurtenances as provided in s. 718.110(4), amendments may be applied to owners of units existing as of the effective date of the amendment. This section is intended to clarify existing law and applies to associations existing on the effective date of this act.* However, the rule against perpetuities shall not defeat a right given any person or entity by the declaration for the purpose of allowing unit owners to retain reasonable control over the use, occupancy, and transfer of units.

718.106 Condominium parcels; appurtenances; possession and enjoyment.—

However, in order to be effective, the transfer of use rights with respect to limited common elements must be effectuated in conformity with the procedures set forth in the declaration as originally recorded or as amended. Further, such transfers must be evidenced by a written instrument which must be executed with the formalities of a deed and recorded in the land records of the county in which the condominium is located in order to be effective. Such instrument of transfer must also specify the legal description of the unit which is transferring use rights, as well as the legal description of the unit obtaining the transfer of such rights. This section is intended to clarify existing law and applies to associations existing on the effective date of this act.*

Section 120. Subsection (4) of section 718.110, Florida Statutes, is amended to read:

718.110 Amendment of declaration; correction of error or omission in declaration by circuit court.—

(4) Unless otherwise provided in the declaration as originally recorded, no amendment may change the configuration or size of any unit in any material fashion, materially alter or modify the appurtenances to the unit, or change the proportion or percentage by which the unit owner shares the common expenses of the condominium and owns the common surplus of the condominium unless the record owner of the unit and all record owners of liens on the unit join in the execution of the amendment and unless all the record owners of all other units in the same condominium approve the amendment. The acquisition of property by the association, and material alterations or substantial additions to such property or the common elements by the association in accordance with s. 718.111(7) or s. 718.113, *amendments providing for the transfer of use rights in limited common elements pursuant to s. 718.106(2)(b), and amendments restricting or modifying the right to lease condominium units* shall not be deemed to constitute a material alteration or modification of the appurtenances to the units. *With the exception of amendments that materially modify unit appurtenances as provided in this section, amendments may be applied to owners of units existing as of the effective date of the amendment. This section is intended to clarify existing law and applies to associations existing on the effective date of this act.* A declaration recorded after April 1, 1992, may not require the approval of less than a majority of total voting interests of the condominium for amendments under this subsection, unless otherwise required by a governmental entity.

Section 121. Subsection (4), paragraph (a) of subsection (7), and subsection (13) of section 718.111, Florida Statutes, are amended to read:

(4) ASSESSMENTS; MANAGEMENT OF COMMON ELEMENTS.—The association has the power to make and collect assessments and to lease, maintain, repair, and replace the common elements *or association property*; however, the association may not charge a use fee against a unit owner for the use of common elements or association property unless otherwise provided for in the declaration of condominium or by a majority vote of the association or unless the charges relate to ~~expenses incurred by~~ an owner having exclusive use of the common elements or association property.

(7) TITLE TO PROPERTY.—

(a) The association has the power to acquire title to property or otherwise hold, convey, lease, and mortgage association property for the use and benefit of its members. The power to acquire personal property shall be exercised by the board of administration. Except as otherwise permitted in subsections (8) and (9) and in s. 718.114, no association may acquire, convey, ~~lease,~~ or mortgage association real property except in the manner provided in the declaration, and if the declaration does not specify the procedure, then approval of 75 percent of the total voting interests shall be required.

(13) FINANCIAL REPORTING.—Within 90 days after the end of the fiscal year, or annually on a date provided in the bylaws, the association shall prepare and complete, or *contract for the preparation and completion of* ~~cause to be prepared and completed by a third party~~, a financial report for the preceding fiscal year. Within 21 days after the *final* financial report is completed *by the association* or received ~~by the association~~ from the third party, *but in no event later than 120 days after the end of the fiscal year, or such other date as is provided in the bylaws,* the association shall mail to each unit owner at the address last furnished to the association by the unit owner, or hand deliver to each unit owner, a copy of the financial report or a notice that a copy of the financial report will be mailed or hand delivered to the unit owner, without charge, upon receipt of a written request from the unit owner. The division shall adopt rules setting forth uniform accounting principles and standards to be used by all associations and shall adopt rules addressing financial reporting requirements for multicondominium associations. In adopting such rules, the division shall consider the number of members and annual revenues of an association. Financial reports shall be prepared as follows:

(a) An association that meets the criteria of this paragraph shall prepare or cause to be prepared a complete set of financial statements in accordance with generally accepted accounting principles. The financial statements shall be based upon the association's total annual revenues, as follows:

1. An association with total annual revenues of $100,000 or more, but less than $200,000, shall prepare compiled financial statements.

2. An association with total annual revenues of at least $200,000, but less than $400,000, shall prepare reviewed financial statements.

3. An association with total annual revenues of $400,000 or more shall prepare audited financial statements.

(b)1. An association with total annual revenues of less than $100,000 shall prepare a report of cash receipts and expenditures.

2. An association which operates less than 50 units, regardless of the association's annual revenues, shall prepare a report of cash receipts and expenditures in lieu of financial statements required by paragraph (a).

3. A report of cash receipts and disbursements must disclose the amount of receipts by accounts and receipt classifications and the amount of expenses by accounts and expense classifications, including, but not limited to, the following, as applicable: costs for security, professional and management fees and expenses, taxes, costs for recreation facilities, expenses for refuse collection and utility services, expenses for lawn care, costs for building maintenance and repair, insurance costs, administration and salary expenses, and reserves accumulated and expended for capital expenditures, deferred maintenance, and any other category for which the association maintains reserves.

(c) An association may prepare or cause to be prepared, without a meeting of or approval by the unit owners:

1. Compiled, reviewed, or audited financial statements, if the association is required to prepare a report of cash receipts and expenditures;

2. Reviewed or audited financial statements, if the association is required to prepare compiled financial statements; or

3. Audited financial statements if the association is required to prepare reviewed financial statements.

(d) If approved by a majority of the voting interests present at a properly called meeting of the association, an association may prepare or cause to be prepared:

1. A report of cash receipts and expenditures in lieu of a compiled, reviewed, or audited financial statement;

2. A report of cash receipts and expenditures or a compiled financial statement in lieu of a reviewed or audited financial statement; or

3. A report of cash receipts and expenditures, a compiled financial statement, or a reviewed financial statement in lieu of an audited financial statement.

Such meeting and approval must occur prior to the end of the fiscal year and is effective only for the fiscal year in which the vote is taken. With respect to an association to which the developer has not turned over control of the association, all unit owners, including the developer, may vote on issues related to the preparation of financial reports for the first 2 fiscal years of the association's operation, beginning with the fiscal year in which the declaration is recorded. Thereafter, all unit owners except the developer may vote on such issues until control is turned over to the association by the developer.

If a declaration *as originally recorded or amended* does not specify a procedure for approving such an alteration or addition, the approval of 75 percent of the total voting interests of each affected condominium is required. This subsection does not prohibit a provision in any declaration, articles of incorporation, or bylaws *as originally recorded or amended* requiring the approval of unit owners in any condominium operated by the same association or requiring board approval before a material alteration or substantial addition to the common elements is permitted. *This paragraph is intended to clarify existing law and applies to associations existing on the effective date of this act.*

718.112 Bylaws.—

(2) REQUIRED PROVISIONS.—The bylaws shall provide for the following and, if they do not do so, shall be deemed to include the following:

(f) Annual budget.—

1. The proposed annual budget of common expenses shall be detailed and shall show the amounts budgeted by accounts and expense classifications, including, if applicable, but not limited to, those expenses listed in s. 718.504(21). A multicondominium association shall adopt a separate budget of common expenses for each condominium the association operates and shall adopt a separate budget of common expenses for the association. In addition, if the association maintains limited common elements with the cost to be shared only by those entitled to use the limited common elements as provided for in s. 718.113(1), the budget or a schedule attached thereto shall show amounts budgeted therefor. If, after turnover of control of the association to the unit owners, any of the expenses listed in s. 718.504(21) are not applicable, they need not be listed.

2. In addition to annual operating expenses, the budget *may* ~~shall~~ include reserve accounts for capital expenditures and deferred maintenance. These accounts shall include, but are not limited to, roof replacement, building painting, and pavement resurfacing, regardless of the amount of deferred maintenance expense or replacement cost, and for any other item for which the deferred maintenance expense or replacement cost exceeds $10,000. The amount to be reserved shall be computed by means of a formula which is based upon estimated remaining useful life and estimated replacement cost or deferred maintenance expense of each reserve item. The association may adjust replacement reserve assessments annually to take into account any changes in estimates or extension of the useful life of a reserve item caused by deferred maintenance. This subsection *applies* ~~does not apply~~ to an adopted budget in which the members of an association have determined, by a majority vote at a duly called meeting of the association, to provide *the* ~~no~~ reserves *as described in* ~~or less reserves than required by~~ this subsection. However, prior to turnover of control of an association by a developer to unit owners other than a developer pursuant to s. 718.301, the developer may vote to waive the reserves or reduce the funding of reserves for the first 2 fiscal years of the association's operation, beginning with the fiscal year in which the initial declaration is recorded, after which time reserves may be *required* ~~waived or reduced~~ only upon the vote of a majority of all nondeveloper voting interests voting in person or by limited proxy at a duly called meeting of the association. ~~If a meeting of the unit owners has been called to determine whether to waive or reduce the funding of reserves, and no such result is achieved or a quorum is not attained, the reserves as included in the budget shall go into effect.~~ After the turnover, the developer may vote its voting interest to *provide for* ~~waive or reduce~~ the funding of reserves.

3. Reserve funds and any interest accruing thereon shall remain in the reserve account or accounts, and shall be used only for authorized reserve expenditures unless their use for other purposes is approved in advance by a majority vote at a duly called meeting of the association. Prior to turnover of control of an association by a developer to unit owners other than the developer pursuant to s. 718.301, the developer-controlled association shall not vote to use reserves for purposes other than that for which they were intended without the approval of a majority of all nondeveloper voting interests, voting in person or by limited proxy at a duly called meeting of the association.

4. In a multicondominium association, the only voting interests which are eligible to vote on questions that involve waiving or reducing the funding of reserves, or using existing reserve funds for purposes other than purposes for which the reserves were intended, are the voting interests of the units subject to assessment to fund the reserves in question.

And the title is amended as follows:

and insert in lieu thereof:

Section 1. *Pursuant to section 189.429, Florida Statutes, this act constitutes the codification of all special acts relating to the Sunshine Water Control District, an independent special district in Broward County, Florida. It is the intent of the Legislature in enacting this law to provide a single, comprehensive special act charter for the district, including all current legislative authority granted to the district by its legislative enactments.*

Section 2. *Chapter 63-609, Laws of Florida, relating to the Sunshine Water Control District, is codified, reenacted, amended, and repealed as herein provided.*

Section 3. The Charter for the Sunshine Water Control District is re-created and reenacted to read:

Section 1. Creation of the District, and Boundaries Ratified and Approved. The decree of the circuit court in and for the 15th judicial circuit, Broward County, Florida, entered in chancery No. 62-4596-F, on the 23rd day of January, 1963, creating and incorporating the Sunshine Water Control District as a public corporation of this state, and all subsequent proceedings taken in said circuit court concerning said district are ratified, confirmed and approved.

Section 2. Provisions of Chapter 298, Florida Statutes, Made Applicable. The Sunshine Water Control District, an independent special district and public corporation of this state, created under Chapter 298, Florida Statutes, shall be governed by provisions of the general drainage laws of Florida applicable to drainage districts or sub-drainage districts that are embodied in Chapter 298, Florida Statutes, and all of the laws amendatory thereof, now existing or hereinafter enacted, so far as not inconsistent with this charter or any subsequent special acts relating to Sunshine Water Control District, except those portions of Sections 298.11, 298.12, and 298.14, Florida Statutes, pertaining to how the members of the board of supervisors are elected and to board of supervisors meetings, which shall be as provided for herein. In lieu thereof, the following provisions shall apply to the district:

(1) The board of supervisors shall consist of five elected members. The five candidates receiving the highest number of votes cast at a special election conducted by the Supervisor of Elections shall be elected to the board. Elected members of the board of supervisors shall be residents of the district.

(2) Commencing upon the expiration of the terms of the existing board members, all subsequent board members shall meet the requirements provided for herein and shall be elected as provided for herein. Existing board members' terms shall be extended to November of the year in which their term expires. In November 2002, the two new board members shall be selected or elected as provided for herein. Board members to be elected shall be elected at an election conducted by the Supervisor of Elections on the first Tuesday in November of the year when the board member's term expires. The costs of such elections shall be paid for by the district.

(3) The board shall establish a regular meeting date each month and shall meet no less than one time each month. However, the board may decide by majority vote to take one month off from meetings each year for a vacation. Meetings of the board shall be held in a public place, and shall be held in accordance with the requirements of chapter 286, Florida Statutes. A majority of the members of the board of supervisors shall constitute a quorum. Special meetings of the board may be called at any time to receive reports of the board or for such other purposes as the board may determine upon 24 hours' notice to board members and to the public by posting at the district office at a public location set aside for notice purposes.

Section 3. Powers of the District. The Sunshine Water Control District shall have in addition to the powers provided for in said Chapter 298, Florida Statutes, the power and authority to construct, improve, pave and maintain roadways and roads necessary and convenient to provide access to and efficient development of areas made suitable and available for the cultivation, settlement, urban subdivision, homesites and other beneficial use and development as a result of the drainage and reclamation operations of the district, including any dedicated to public use within the boundaries of the district.

Section 4. Installment Taxes, Levied and Apportioned, and the Collection Thereof. Taxes shall be levied and apportioned as provided for in the general drainage laws of Florida, (Chapter 298, Florida Statutes, and amendments thereto), except that the provisions of Sections 298.37, 298.38, 298.39, 298.40, and 298.41, Florida Statutes, and amendments thereto, shall not be applicable to said district. In lieu thereof, the following provisions shall apply to said district.

The board of supervisors shall determine, order and levy the amount of the annual installments of the total taxes levied under Section 298.36, Florida Statutes, which shall become due and be collected during each year at the same time that county taxes are due and collected, which said annual installment and levy shall be evidenced to and certified by the said board, not later than July 1st of each year, to the property appraiser of Broward County, Florida. Said tax shall be extended by the property appraiser on the county tax roll and shall be collected by the tax collector in the same manner and time as county taxes, and the proceeds thereof paid to said district. Said tax shall be a lien until paid on the property against which assessed, and enforceable in like manner as county taxes.

Section 5. Maintenance Tax. The provisions of Section 299.54, Florida Statutes, and amendments thereto, shall not be applicable to said district. In lieu thereof, the following provisions shall apply to said district.

To maintain and preserve the improvements made pursuant to this charter and to repair and restore the same, when needed, and for the purpose of defraying the current expenses of the district, the board of supervisors may, upon the completion of said improvements, in whole or in part as may be certified to the said board by the chief engineer, levy annually a special assessment upon each tract or parcel of land within the district, to be known as a "maintenance tax." Said maintenance tax shall be apportioned upon the basis of the net assessments of benefits assessed as accruing for original construction, and shall be evidenced to and certified by said board not later than July 1st of each year, to the property appraiser of Broward County, Florida, and shall be extended by the property appraiser on the county tax roll and shall be collected by the tax collector in the same manner and time as county taxes and the proceeds therefrom paid to said district. Said tax shall be a lien until paid on the property against which assessed and enforceable in like manner as county taxes.

Section 6. Levy of Taxes on Fractional Acres. In levying and assessing all special assessments, each tract or parcel of land less than one acre in area shall be assessed as a full acre, and each tract or parcel of land more than one acre in area which contains a fraction of an acre shall be assessed at the nearest whole number of acres, a fraction of one-half or more to be assessed as a full acre.

Section 7. Enforcement of Taxes. The provisions of Sections 298.45 and 298.46, Florida Statutes, and amendments thereto, shall not be applicable to said district. In lieu thereof, the following shall apply to said district.

The collection and enforcement of all special assessments levied by said district shall be at the same time and in like manner as county taxes, and the provisions of the Florida Statutes relating to the sale of lands for unpaid and delinquent taxes, the issuance, sale and delivery of tax certificates for such unpaid and delinquent county taxes, the redemption thereof, the issuance to individuals of tax deeds based thereon, and all other procedure in connection therewith, shall be applicable to said district and the delinquent and unpaid special assessments of said district to the same extent as if said statutory provisions were expressly set forth in this charter. All special assessments shall be subject to the same discounts as county taxes.

Section 8. When Unpaid Taxes Delinquent: Penalty. All special assessments provided for in this charter shall be and become delinquent and bear penalties on the amount of said special assessments in the same manner as county taxes.

Section 9. Water a Common Enemy. It is hereby determined, declared and enacted that lands in the district in their natural condition are wet and subject to overflow and that the drainage, reclamation and protection of said lands available for agricultural, settlement, urban and subdivision purposes by drainage, reclamation and improvement, and the creation of said district with the powers vested in it by this charter, are in the interest of and conducive to public welfare, health and convenience. It is further declared that in said district, surface waters, including rainfall are a common enemy, and the said district and any individual or agency holding a permit to do so from said district, shall have the right to dike, dam and construct levees to protect the said district or any part thereof, or the property of said individual or agency against the same, and thereby divert the course and flow of such surface water and/or pump the water from within such dikes and levees.

Section 10. Unit Districts. The board of supervisors of Sunshine Water Control District is authorized in its discretion to drain and reclaim or more completely and intensively to drain and reclaim the lands in said district by designated areas or parts of said district to be called "units." The units into which said district may be so divided shall be given appropriate numbers or names by said board of supervisors, so that said units may be readily identified and distinguished. The board of supervisors shall have the power to fix and determine the location, area and boundaries of said lands to be included in each and all such units, the order of development thereof, and the method of carrying on the work in each unit. The unit system of drainage provided by this section may be conducted and all of the proceedings by this section and this charter authorized in respect to such unit or units may be carried on and conducted at the same time as or after the work of draining and reclaiming of the entire district has been or is being or shall be instituted or carried on under the provisions of this charter or under Chapter 298, Florida Statutes, or both. If the board of supervisors shall determine that it is advisable to conduct the work of draining and reclaiming the lands in the district by units, the board shall, by resolution, declare its purpose to conduct such work accordingly, and shall fix the number, location and boundaries of and description of lands within such unit or units and give them appropriate numbers or names. The entire district may also be designated as a unit for the proper allocation of such part of the plan of reclamation and drainage as benefits the entire district. As soon as practicable after the adoption and recording of such resolution said board of supervisors shall publish notice once a week for two consecutive weeks in a newspaper published in Broward County, Florida, briefly describing the units into which said district has been divided and the lands embraced in each unit, giving the name, number or other designation of such units, requiring all owners of lands in said district to show cause in writing before said board of supervisors at a time and place to be stated in such notice why such division of said district into such units should not be approved, and said system of development by units should not be adopted and given effect by said board, and why the proceedings and powers authorized by this section of this charter should not be had, taken and exercised. At the time and place stated in said notice, said board of supervisors shall hear all objections or causes of objection (all of which shall be in writing) of any landowner in said district to the matters mentioned and referred to in such notice, and if no objections are made, or if said objections, if made, shall be overruled by said board, then said board shall enter in its minutes its findings and an order confirming said resolutions, and may thereafter proceed with the development, drainage and reclamation of said district by units pursuant to such resolution and to the provisions of this charter. The board of supervisors may, as a result of any objections or of matters brought forth at the hearing, modify or amend such resolution in whole or in part, confirm said resolution after overruling all objections, or reject said resolution, and if confirmed or modified or amended, may proceed thereafter in accordance with said resolution as confirmed, modified or amended. The sustaining of such objections and the rescinding of such resolutions shall not exhaust the power of said board under this section; but, at any time not less than one year after the date of the hearing upon any such resolution, the board of supervisors may adopt other resolutions under this section and thereupon proceed on due notice in like manner as above. If said board of supervisors shall overrule or refuse to sustain any such objections in whole or in part made by any landowner in the district, or if any such landowner shall deem himself or herself aggrieved by any action of the board of supervisors in respect to any objection so filed, such landowner may, within twenty days after the ruling of said board, invoke the jurisdiction of a court having jurisdiction over the merits of the claim. When said resolutions creating said unit system shall be confirmed by the board of supervisors (or by a court of competent jurisdiction, if such proposed action shall be challenged by a landowner by the judicial proceedings hereinabove authorized), said board of supervisors may adopt a plan or plans of reclamation for and in respect to any or all such units, and to have the benefits and damages resulting therefrom assessed and apportioned by commissioners appointed by the circuit court, and the report of the said commissioners considered and confirmed, all in like manner as is provided by law in regard to plans of reclamation for and assessments for benefits and damages of the entire district. With respect to the plan of reclamation, notices, appointment of commissioners to assess benefits and damages, report of commissioners and notice and confirmation thereof, the levy of assessments and taxes, including maintenance taxes, and the issuance of bonds and all other proceedings as to each and all of such units, said board shall follow and comply with the same procedure as is provided by law with respect to the entire district; and said board of supervisors shall have the same powers in respect to each and all of such units as is vested in them with respect to the entire district. All the provisions of this charter shall apply to the drainage, reclamation and improvement of each, any and all of such units, and the enumeration of or reference to specific powers or duties of the supervisors or any other officers or other matters in this charter as hereinabove set forth shall not limit or restrict the application of any and all of the proceedings and powers herein to the drainage and reclamation of such units as fully and completely as if such unit or units were specifically and expressly named in every section and clause of this charter where the entire district is mentioned or referred to. All assessments, levies, taxes, bonds and other obligations made, levied, assessed or issued for or in respect to any such unit or units shall be a lien and charge solely and only upon the lands in such unit or units, respectively, for the benefit of which the same shall be levied, made or issued, and not upon the remaining units or lands in said district. The board of supervisors may at any time amend its said resolutions by changing the location and description of lands in any such unit or units; and provided, further, that if the location of or description of lands located in any such unit or units is so changed, notice of such change shall be published as hereinabove required in this section for notice of the formation or organization of such unit or units, and all proceedings shall be had and done in that regard as are provided in this section for the original creation of such unit or units; provided, however, that no lands against which benefits shall have been assessed may be detached from any such unit after the confirmation of the commissioners' report of benefits in such unit or units or the issuance of bonds or other obligations which are payable from taxes or assessments for benefits levied upon the lands within such unit or units.

Provided, however, that if, after the confirmation of the commissioners' report of benefits in such unit or units, or the issuance of bonds or other obligations which are payable from taxes or assessments for benefits levied upon lands within such unit or units, the board of supervisors finds the plan of reclamation for any such unit or units insufficient or inadequate for efficient development, the plan of reclamation may be amended or changed as provided in this section, by changing the location and description of lands in any such unit or units, by detaching lands therefrom or by adding land thereto, upon the approval of 51 percent of the landowners, according to acreage, in any such unit, either evidenced in writing or voting at a meeting of the landowners duly called pursuant to notice required under Sections 298.11 and 298.12, Florida Statutes (for the election of supervisors), at which 51 percent of the landowners shall vote in favor thereof and of all the holders of bonds issued in respect to any such unit, and provided that in such event all assessments, levies, taxes, bonds and other obligations made, levied, assessed, incurred or issued for or in respect to any such unit or units may be allocated and apportioned to the amended unit or units in proportion to the benefits assessed by the commissioners' report for the amended plan of reclamation and said report shall specifically provide for such allocation and apportionment. The landowners and all of the bondholders shall file their approval of or objections to such amended plan of reclamation within the time provided in Section 298.27, Florida Statutes, and shall

file their approval of or objections to the amendment of such unit as provided in this section.

No lands shall be detached from any unit after the issuance of bonds or other obligations for such unit except upon the consent of all the holders of such bonds or other obligations. In the event of the change of the boundaries of any unit as provided herein and the allocation and apportionment to the amended unit or units of assessments, levies, taxes, bonds and other obligations in proportion to the benefits assessed by the commissioners' report for the amended plan of reclamation, the holder of bonds or other obligations heretofore issued for the original unit who consent to such allocations and apportionment shall be entitled to all rights and remedies against any lands added to the amended unit or units as fully and to the same extent as if such added lands had formed and constituted a part of the original unit or units at the time of the original issuance of such bonds or other obligations, and regardless of whether the holders of such bonds or other obligations are the original holders thereof or the holders from time to time hereafter, and the rights and remedies of such holders against the lands in the amended unit or units, including any lands added thereto, under such allocation and apportionment, shall constitute vested and irrevocable rights and remedies to the holders from time to time of such bonds or other obligations as fully and to the same extent as if such bonds or other obligations had been originally issued to finance the improvements in such amended unit or units under such amended plan of reclamation. Conversely, in the event of the change of the boundaries of any unit wherein lands are detached therefrom with the consent of all the holders of such bonds or other obligations, then and in that event said lands so detached shall be relieved and released from any further liability for the assessment, levy or payment of any taxes for the purpose of paying the principal or interest on any bonds originally issued for the original unit from which said lands were detached.

Section 11. Future Changes in Plan of Reclamation and Drainage of District or Individual Units. After the initial adoption by the board of supervisors of said plan or plans of reclamation and drainage of the entire district or units thereof, said plan or plans may be modified from time to time in the future, in whole or in part, in accordance with the changing character from time to time of the use of the lands in said district, in the manner hereinabove provided for; provided, however, that said plan or plans of reclamation or drainage shall not be changed or modified more often than once every five years in any manner as will increase the assessments to be assessed against the land or the taxes levied against the land or modify the security of the bonds outstanding; provided, however, that this shall not affect technical changes or modifications of said plan or plans of reclamation or drainage approved by the district's engineers as will not affect the assessed benefits, levy of taxes or security of the bondholders, as changes or modifications of this type may be made at any time; provided, further that said limitation of five years shall not apply to any plan or plans of reclamation or drainage of the district or any unit thereof established under the provisions of this charter, if the same is adopted by resolution of the board of supervisors of the district, within two years of the time when this charter becomes a law.

Section 12. Application to Existing District, Boundaries, Plan of Reclamation and Drainage, etc. The powers hereinabove vested in the board of supervisors of Sunshine Water Control District shall apply to the presently existing district, the presently existing boundaries thereof or as the boundaries may be extended as authorized by law, and the present plan of reclamation and drainage together with any assessment of benefits which may be approved by the circuit court of Broward County, Florida, and the boundaries of said district and the plan of reclamation and drainage and the assessment and levying of taxes for carrying out said plan of reclamation and drainage and for the maintenance and operation thereof, may be changed in whole or in part as units, or, with reference to the entire district, in accordance with the provisions of this charter.

Section 4. *Severability. In case any one or more of the sections or provisions of this act or the application of such sections or provisions to any situations, circumstances or person shall for any reason be held to be unconstitutional, such unconstitutionality shall not affect any other sections or provisions of this act or the applications of such sections or provisions to any other situation, circumstances or person, and it is intended that this law shall be construed and applied as if such section or provision had not been included herein for any unconstitutional application.*

Section 5. *Effect of Conflict. In the event of a conflict between the provisions of this act and the provisions of any other act, the provisions of this act shall control to the extent of such conflict.*

Section 6. *Notice of Intention. It is found and determined that a notice of intention to apply for this legislation was given in the time, form and manner required by the constitution and by law. Said notice is found to be sufficient and is hereby validated and approved.*

Section 7. *Chapter 63-609, Laws of Florida, is repealed.*

Section 8. This act shall take effect upon becoming a law.

(B) *13th Check Account.*—

(1) There is hereby created a 13th check account within the Fund, which shall consist of those employees' contributions set forth in subparagraph 27(B)(2) ~~and the City's contributions set forth in subparagraph 27(B)(3)~~ in excess of those contributions otherwise required by Section 2 for the normal annual cost of benefits, other than benefits arising from post retirement adjustments made pursuant to Section 23 and other than benefits arising from the 13th Check Program, plus any interest earnings thereon *up to and including September 30, 2001. Effective for earnings paid on the first pay date after October 1, 2001, employee contributions to the 13th Check Account shall cease, and the 13th Check Account shall be funded by investment returns in excess of 10% (limited to 3%) on the base plan liabilities for persons eligible for the 13th check. For purposes of this Section, the "base plan" shall mean those assets of the Fund excluding the Post Retirement Adjustment Account, DROP account assets, and the 13th check account. The amount available for the 13th check shall be calculated as of fiscal year end commencing September 30, 2001 for the fiscal year ending September 30, 2001 for payment no later than June 30, 2002, and each June 30 annually thereafter; provided, however, the calculation of the amount payable no later than June 30, 2002, shall include employee contributions to the 13th check account for earnings paid through the last pay date immediately prior to October 1, 2001. The City shall not be required to make contributions toward the 13th check program.*

(2) Notwithstanding any other provision of this contract, commencing October 1, 1998, employees covered under this contract shall continue to contribute pursuant to Section 2 at the rates required for employees to fund the normal annual cost of benefits, other than benefits arising from post retirement adjustments made pursuant to Section 23 and other than benefits arising from the 13th check program made pursuant to this section, plus an additional 100 percent of 9.874 percent of the full scale contribution rate (FSCR) set forth in Section 2(D) to the 13th check program. *Employee contributions to the 13th check shall cease effective for earnings paid on the last pay date immediately prior to October 1, 2001.*

~~(3) Notwithstanding any other provision of this contract, the City shall contribute:~~

~~(a) An amount required to fund the normal annual cost of benefits, other than benefits arising from post-retirement adjustments made pursuant to Section 23 and other than benefits arising from the 13th check program made pursuant to this section, plus;~~

~~(b) Commencing October 1, 2001, to the 13th check program, 134 percent of 9.874 percent of the full scale contribution rate (FSCR) for employees set forth in Section 2(D); provided, however, if the sum of the City's contribution for the normal annual cost of benefits plus the 134 percent of 9.874 percent of the full scale contribution rate (FSCR) is greater than 134 percent of 28.789 percent of the full scale contribution rate (FSCR), then the City's contribution to the 13th check program shall be the positive difference between 134 percent of 28.789 percent of the full scale contribution rate (FSCR) and the amount set forth in subparagraph 27(B)(3)(a) [134 percent of the normal annual cost of benefits of the full scale contribution rate (FSCR) for employees set forth in Section 2(D)], but no less than 134 percent of 3 percent of the full scale contribution rate (FSCR).~~

~~(4) Notwithstanding any other provision of this contract, the City's contributions to the 13th check program shall not require the City to make additional contributions to the 13th check program to reimburse the 13th check account for the contributions the City would have otherwise made to the 13th check program had it contributed thereto for the period of October 1, 1998, through September 30, 2001.~~

(C) *Amount of the 13th Check.*—The amount of the 13th check shall be determined as follows:

(1)(a) The amount of the 13th check shall be the same for all retired members, regardless of years of service, age, years retired, or monthly installment.

(b) All eligible surviving spouses shall be entitled to 50 percent of what the eligible retired member would have received but for death.

(c) If a retired member is eligible on October 1 but dies before payment of the 13th check *by* ~~in~~ the following *June 30* ~~January~~, the retired member's spouse shall receive the full amount of the payment, and if there is no surviving spouse, the retired member's designated beneficiary or beneficiaries, or if none, the retired member's estate shall receive the payment.

(2) The Board of Trustees shall establish by rule adopted no later than *May 31, 2002, and each May 31 thereafter,* ~~December 15, 1998,~~ the amount of the 13th check *funded pursuant to Section 27(B)(1)*, subject to the following:

(b) Certification by the Fund's actuary that the amount of the payment will be funded on a sound actuarial basis as required by Section 14, Article X of the State Constitution.

(D) *Conflict of Laws.*—To the extent that any provision of this section is in conflict with sections 112.60-112.67, Florida Statutes, or those provisions of chapters 175 and 185, Florida Statutes, that apply to local law plans established by municipal ordinance or special act, or provisions of Florida Statutes made applicable to pension funds established by special act, or to the extent that any provision of this section would result in the loss of tax exempt status of the Pension Fund, the Board of Trustees is hereby delegated the authority to adopt by rules changes to this section in order to comply with said laws, which shall have the force of law and shall be considered part of this pension contract.

(E) *Administration of Program.*—The Board of Trustees shall make such rules as are necessary for the effective and efficient administration of this section, provided that such rules are not inconsistent with the terms of any collective bargaining agreement entered into by the City and the certified bargaining agents for firefighters and police officers concerning the 13th Check Program. Notwithstanding any other provision of this section to the contrary, any provision of this section shall be construed and administered in such manner that such program will qualify as a qualified governmental pension plan under existing or hereafter enacted provisions of the Internal Revenue Code of the United States, and the Board of Trustees may adopt any rule to accomplish the purpose of this section as is necessary to retain tax qualification, which rules shall have the force of law and shall be considered part of this pension contract.

Section 2. This act is only an enabling act, and the execution by the City of Tampa of the aforesaid supplemental contract and entitlement to the pension benefits referred to in this act for all firefighters and police officers, regardless of whether or not in the respective certified bargaining unit for firefighters or police officers, is contingent upon contractual agreement through the collective bargaining process between the City of Tampa and each of the respective certified bargaining agents for firefighters and police officers.

Section 3. The City of Tampa Firefighters and Police Officers Pension Contract as prescribed by Section 28-17 of the City of Tampa Code {Ordinance No. 4746-A, enacted September 30, 1969}, as amended by Section 28-19 of the City of Tampa Code {Ordinance No. 6038-A, enacted September 17, 1974}, pursuant to chapter 74-613, Laws of Florida; as further amended by Ordinance No. 89-314, enacted December 21, 1989, and approved, ratified, validated, and confirmed by chapter 90-391, Laws of Florida; and as further amended by chapter 92-231, Laws of Florida, chapter 94-463, Laws of Florida, chapter 98-515, Laws of Florida, and chapter 2000-485, Laws of Florida, is in all other respects approved, ratified, validated, and confirmed.

Section 4. The benefits provided for herein by Section 1 and the changes to the pension contract provided for herein by Section 1 for active and contributing members on the date this act becomes a law shall be made available in one supplemental pension contract, and a member shall not be permitted to select some of said benefits and reject others of said benefits. Any active or contributing member on the date this act becomes a law who fails to sign said supplemental pension contract before October 1, 2001, shall be forever barred from receiving said benefits and shall not be required to make any contributions required as a result of such benefits. However, any person who becomes a member of the City Pension Fund for Firefighters and Police Officers in the City of Tampa on or after the date this act becomes a law, shall be required as a condition of membership into said pension fund to sign a pension contract which includes the provisions of Section 1, and shall be required to make the contributions required as a result of such benefits.

Section 5. Notwithstanding the provisions of Section 1, the distribution of the 13th check commencing no later than June 30, 2002, shall be payable within 30 days of receipt of a favorable determination letter from the Internal Revenue Service that the revised 13th check program does not adversely impact the tax qualification of the plan, but no earlier than June 30, 2002.

Section 6. If the City of Tampa enters into a supplemental pension contract as provided in Section 1 of this act, each retired firefighter and retired police officer who is living on the date this act becomes a law, and each member who retires or dies after this act becomes a law, but before October 1, 2001, and each qualifying surviving spouse, who is living on the date this act becomes a law, is entitled to receive the same benefits from the 13th check account upon the same basis as if the member's contract had been supplemented in the manner provided by Section 1 of this act before the member's separation from service; provided however said retired firefighter, retired police officer and eligible surviving spouse as a condition of participation in the 13th check program shall be subject to the provisions of Section 6(3) and Section 24 of the pension contract.

(2) Any offender described in subsection (1), who is not exempted as provided in subsection (1), shall not attend any school attended by the victim or a sibling of the victim of the offense or ride on a school bus on which the victim or a sibling of the victim is riding. The offender shall be permitted by the school district in which the offender resides to attend another school within the district, provided the other school is not attended by the victim or sibling of the victim of the offense or may be permitted by another school district to attend a school in that district if the offender is unable to attend any school in the district in which the offender resides due to the operation of this section.

(3) If the offender is unable to attend any other school in the district in which the offender resides and is prohibited from attending school in another school district, the school district in which the offender resides shall take every reasonable precaution to keep the offender separated from the victim while on school grounds or on school transportation. The steps to be taken by a school district to keep the offender separated from the victim shall include, but not be limited to, in-school suspension of the offender and the scheduling of classes, lunch, or other school activities of the victim and the offender so as not to coincide.

(4) The offender, or the parents or legal guardian of the offender if the offender is a juvenile, shall be responsible for arranging and paying for transportation associated with or required by the offender's attending another school or that would be required as a consequence of the prohibition against riding on a school bus on which the victim or a sibling of the victim is riding. However, the offender or the parents or the legal guardian of the offender shall not be charged for existing modes of transportation that can be used by the offender at no additional cost to the district.

Section 7. Subsection (1) of section 435.04, Florida Statutes, is amended, and present subsections (3) and (4) of said section are renumbered as subsections (4) and (5), respectively, and a new subsection (3) is added to said section, to read:

435.04 Level 2 screening standards.—

(1) All employees in positions designated by law as positions of trust or responsibility shall be required to undergo security background investigations as a condition of employment and continued employment. For the purposes of this subsection, security background investigations shall include, but not be limited to, ~~employment history checks,~~ fingerprinting for all purposes and checks in this subsection, statewide criminal and juvenile records checks through the Florida Department of Law Enforcement, and federal criminal records checks through the Federal Bureau of Investigation, and may include local criminal records checks through local law enforcement agencies.

(3) The security background investigations conducted under this section for employees of the Department of Juvenile Justice must ensure that no persons subject to the provisions of this section have been found guilty of, regardless of adjudication, or entered a plea of nolo contendere or guilty to, any offense prohibited under any of the following provisions of the Florida Statutes or under any similar statute of another jurisdiction:

(a) Section 784.07, relating to assault or battery of law enforcement officers, firefighters, emergency medical care providers, public transit employees or agents, or other specified officers.

(b) Section 810.02, relating to burglary, if the offense is a felony.

(c) Section 944.40, relating to escape.

The Department of Juvenile Justice may not remove a disqualification from employment or grant an exemption to any person who is disqualified under this section for any offense disposed of during the most recent 7-year period.

Section 8. Section 943.0582, Florida Statutes, is created to read:

943.0582 Prearrest, postarrest, or teen court diversion program expunction.—

(1) Notwithstanding any law dealing generally with the preservation and destruction of public records, the department may provide, by rule adopted pursuant to chapter 120, for the expunction of any nonjudicial record of the arrest of a minor who has successfully completed a prearrest or postarrest diversion program for minors as authorized by s. 985.3065.

(2)(a) As used in this section, the term "expunction" has the same meaning ascribed in s. 943.0585, except that:

1. The provisions of s. 943.0585(4)(a) do not apply, except that the criminal history record of a person whose record is expunged pursuant to this section shall be made available only to criminal justice agencies for the purpose of determining eligibility for prearrest, postarrest, or teen court diversion programs; when the record is sought as part of a criminal investigation; or when the subject of the record is a candidate for employment with a criminal justice agency. For all other purposes, a person whose record is expunged under this section may lawfully deny or fail to acknowledge the arrest and the charge covered by the expunged record.

2. Records maintained by local criminal justice agencies in the county in which the arrest occurred which are eligible for expunction pursuant to this section shall be sealed as the term is used in s. 943.059.

(b) As used in this section, the term "nonviolent misdemeanor" includes simple assault or battery when prearrest or postarrest diversion expunction is approved in writing by the state attorney for the county in which the arrest occurred.

(3) The department shall expunge the nonjudicial arrest record of a minor who has successfully completed a prearrest or postarrest diversion program if that minor:

(a) Submits an application for prearrest or postarrest diversion expunction, on a form prescribed by the department, signed by the minor's parent or legal guardian, or by the minor if he or she has reached the age of majority at the time of applying.

(b) Submits the application for prearrest or postarrest diversion expunction no later than 6 months after completion of the diversion program.

(c) Submits to the department, with the application, an official written statement from the state attorney for the county in which the arrest occurred certifying that he or she has successfully completed that county's prearrest or postarrest diversion program and that participation in the program is strictly limited to minors arrested for a nonviolent misdemeanor who have not otherwise been charged with or found to have committed any criminal offense or comparable ordinance violation.

(d) Participated in a prearrest or postarrest diversion program that expressly authorizes or permits such expunction to occur.

(e) Participated in a prearrest or postarrest diversion program based on an arrest for a nonviolent misdemeanor that would not qualify as an act of domestic violence as that term is defined in s. 741.28.

(f) Has never, prior to filing the application for expunction, been charged with or found to have committed any criminal offense or comparable ordinance violation.

(4) The department is authorized to charge a $75 processing fee for each request received for prearrest or postarrest diversion program expunction, for placement in the Department of Law Enforcement Operating Trust Fund, unless such fee is waived by the executive director.

(5) This section operates retroactively to permit the expunction of any nonjudicial record of the arrest of a minor who has successfully

completed a prearrest or postarrest diversion program on or after July 1, 2000; however, in the case of a minor whose completion of the program occurred before the effective date of this section, the application for prearrest or postarrest diversion expunction must be submitted within 6 months after the effective date of this section.

(6) Expunction or sealing granted under this section does not prevent the minor who receives such relief from petitioning for the expunction or sealing of a later criminal history record as provided for in ss. 943.0585 and 943.059, if the minor is otherwise eligible under those sections.

Section 9. Paragraph (a) of subsection (1) of section 943.325, Florida Statutes, is amended to read:

943.325 Blood specimen testing for DNA analysis.—

(1)(a) Any person who is convicted or was previously convicted in this state for any offense or attempted offense defined in chapter 794, chapter 800, s. 782.04, s. 784.045, s. 810.02, s. 812.133, or s. 812.135, and *any person who is transferred to this state under Article VII of the Interstate Compact on Juveniles, part V of chapter 985, who has committed or attempted to commit an offense similarly defined by the transferring state,* who is either:

1. Still incarcerated, or

2. No longer incarcerated but is within the confines of the legal state boundaries and is on probation, community control, parole, conditional release, control release, or any other court-ordered supervision,

shall be required to submit two specimens of blood to a Department of Law Enforcement designated testing facility as directed by the department.

Section 10. Paragraph (s) is added to subsection (1) of section 960.001, Florida Statutes, to read:

960.001 Guidelines for fair treatment of victims and witnesses in the criminal justice and juvenile justice systems.—

(1) The Department of Legal Affairs, the state attorneys, the Department of Corrections, the Department of Juvenile Justice, the Parole Commission, the State Courts Administrator and circuit court administrators, the Department of Law Enforcement, and every sheriff's department, police department, or other law enforcement agency as defined in s. 943.10(4) shall develop and implement guidelines for the use of their respective agencies, which guidelines are consistent with the purposes of this act and s. 16(b), Art. I of the State Constitution and are designed to implement the provisions of s. 16(b), Art. I of the State Constitution and to achieve the following objectives:

(s) Attendance of victim at same school as defendant.—When the victim of an offense committed by a juvenile is a minor, the Department of Juvenile Justice shall request information to determine if the victim, or any sibling of the victim, attends or is eligible to attend the same school as the offender. However, if the offender is subject to a presentence investigation by the Department of Corrections, the Department of Corrections shall make such request. If the victim or any sibling of the victim attends or is eligible to attend the same school as that of the offender, the appropriate agency shall notify the victim's parent or legal guardian of the right to attend the sentencing or disposition of the offender and request that the offender be required to attend a different school.

Section 11. Paragraph (a) of subsection (2) of section 984.01, Florida Statutes, is amended to read:

984.01 Purposes and intent; personnel standards and screening.—

(2) The Department of Juvenile Justice or the Department of Children and Family Services, as appropriate, may contract with the Federal Government, other state departments and agencies, county and municipal governments and agencies, public and private agencies, and private individuals and corporations in carrying out the purposes of, and the responsibilities established in, this chapter.

(a) When the Department of Juvenile Justice or the Department of Children and Family Services contracts with a provider for any program for children, all personnel, including owners, operators, employees, and volunteers, in the facility must be of good moral character. *Each contract entered into by either department for services delivered on an appointment or intermittent basis by a provider that does not have regular custodial responsibility for children and each contract with a school for before or aftercare services must ensure that the owners, operators, and all personnel who have direct contact with children are of good moral character.* A volunteer who assists on an intermittent basis for less than 40 hours per month need not be screened if the volunteer is under direct and constant supervision by persons who meet the screening requirements.

Section 12. Paragraph (a) of subsection (2) of section 985.01, Florida Statutes, is amended to read:

985.01 Purposes and intent; personnel standards and screening.—

(2) The Department of Juvenile Justice or the Department of Children and Family Services, as appropriate, may contract with the Federal Government, other state departments and agencies, county and municipal governments and agencies, public and private agencies, and private individuals and corporations in carrying out the purposes of, and the responsibilities established in, this chapter.

(a) When the Department of Juvenile Justice or the Department of Children and Family Services contracts with a provider for any program for children, all personnel, including owners, operators, employees, and volunteers, in the facility must be of good moral character. *Each contract entered into by either department for services delivered on an appointment or intermittent basis by a provider that does not have regular custodial responsibility for children and each contract with a school for before or aftercare services must ensure that the owners, operators, and all personnel who have direct contact with children are of good moral character.* A volunteer who assists on an intermittent basis for less than 40 hours per month need not be screened if the volunteer is under direct and constant supervision by persons who meet the screening requirements.

Section 13. Subsection (7) of section 985.02, Florida Statutes, is amended to read:

985.02 Legislative intent for the juvenile justice system.—

(7) PARENTAL, CUSTODIAL, AND GUARDIAN RESPONSIBILITIES.—Parents, custodians, and guardians are deemed by the state to be responsible for providing their children with sufficient support, guidance, and supervision to deter their participation in delinquent acts. The state further recognizes that the ability of parents, custodians, and guardians to fulfill those responsibilities can be greatly impaired by economic, social, behavioral, emotional, and related problems. It is therefore the policy of the Legislature that it is the state's responsibility to ensure that factors impeding the ability of caretakers to fulfill their responsibilities are identified through the delinquency intake process and that appropriate recommendations to address those problems are considered in any judicial or nonjudicial proceeding. *Nonetheless, as it is also the intent of the Legislature to preserve and strengthen the child's family ties, it is the policy of the Legislature that the emotional, legal, and financial responsibilities of the caretaker with regard to the care, custody, and support of the child continue while the child is in the physical or legal custody of the department.*

Section 14. Subsections (13), (26), (30), (31), (32), and paragraph (c) of subsection (45) of section 985.03, Florida Statutes, are amended, subsections (46) through (58) of said section are renumbered as subsections (47) through (59), respectively, a new subsection (46) is added to said section, and renumbered subsection (56) of said section is amended, to read:

985.03 Definitions.—When used in this chapter, the term:

(13) "Conditional release" means the care, treatment, help, and supervision provided to a juvenile released from a residential commitment program which is intended to promote rehabilitation and

prevent recidivism. The purpose of conditional release is to protect the public, reduce recidivism, increase responsible productive behavior, and provide for a successful transition of the youth from the department to the family. Conditional release includes, but is not limited to, ~~minimum-risk~~ nonresidential *community-based* programs ~~and postcommitment probation~~.

(26) "Halfway house" means a community-based residential program for 10 or more committed delinquents at the moderate-risk *commitment* ~~restrictiveness~~ level *which* ~~that~~ is operated or contracted by the Department of Juvenile Justice.

(30) "Juvenile probation officer" means the authorized agent of the Department of Juvenile Justice who performs the intake*,* ~~or~~ case management*, or supervision functions* ~~function for a child alleged to be delinquent~~.

(31) "Juvenile sexual offender" means:

(a) A juvenile who has been found by the court pursuant to s. 985.228 to have committed a violation of chapter 794, chapter 796, chapter 800, s. 827.071, or s. 847.0133;

(b) A juvenile found to have committed any *felony* violation of law or delinquent act involving juvenile sexual abuse. "Juvenile sexual abuse" means any sexual behavior which occurs without consent, without equality, or as a result of coercion. For purposes of this subsection, the following definitions apply:

1. "Coercion" means the exploitation of authority, use of bribes, threats of force, or intimidation to gain cooperation or compliance.

2. "Equality" means two participants operating with the same level of power in a relationship, neither being controlled nor coerced by the other.

3. "Consent" means an agreement including all of the following:

a. Understanding what is proposed based on age, maturity, developmental level, functioning, and experience.

b. Knowledge of societal standards for what is being proposed.

c. Awareness of potential consequences and alternatives.

d. Assumption that agreement or disagreement will be accepted equally.

e. Voluntary decision.

f. Mental competence.

Juvenile sexual offender behavior ranges from noncontact sexual behavior such as making obscene phone calls, exhibitionism, voyeurism, and the showing or taking of lewd photographs to varying degrees of direct sexual contact, such as frottage, fondling, digital penetration, rape, fellatio, sodomy, and various other sexually aggressive acts.

(32) "Legal custody *or guardian*" means a legal status created by court order or letter of guardianship which vests in a custodian of the person or guardian, whether an agency or an individual, the right to have physical custody of the child and the right and duty to protect, train, and discipline the child and to provide him or her with food, shelter, education, and ordinary medical, dental, psychiatric, and psychological care.

(45) "Residential commitment level" means the level of security provided by programs that service the supervision, custody, care, and treatment needs of committed children. Sections 985.3141 and 985.404(13) apply to children placed in programs at any residential commitment level. The levels of residential commitment are as follows:

(c) High-risk residential.—Programs or program models at this commitment level are residential and shall not allow youth to have access to the community. Facilities are hardware-secure with perimeter fencing and locking doors. Facilities shall provide 24-hour awake supervision, custody, care, and treatment of residents. Youth assessed and classified for this level of placement require close supervision in a structured residential setting. Placement in programs at this level is prompted by a concern for public safety that outweighs placement in programs at lower *commitment* ~~restrictiveness~~ levels. The staff at a facility at this commitment level may seclude a child who is a physical threat to himself or herself or others. Mechanical restraint may also be used when necessary. The facility may provide for single cell occupancy.

(46) "Respite" means a placement that is available for the care, custody, and placement of a youth charged with domestic violence as an alternative to secure detention or for placement of a youth when a shelter bed for a child in need of services or a family in need of services is unavailable.

(56)~~(55)~~ "Temporary release" means the terms and conditions under which a child is temporarily released from a commitment facility or allowed home visits. If the temporary release is from a moderate-risk residential facility, a high-risk residential facility, or a maximum-risk residential facility, the terms and conditions of the temporary release must be approved by the child, the court, and the facility. The term includes periods during which the child is supervised pursuant to a conditional release program or a period during which the child is supervised by a juvenile probation officer or other nonresidential staff of the department or staff employed by an entity under contract with the department. ~~A child placed in a postcommitment supervision program by order of the court is not considered to be on temporary release and is not subject to the terms and conditions of temporary release.~~

Section 15. Subsection (2), paragraph (a) of subsection (3), paragraph (a) of subsection (4), and subsection (5) of section 985.04, Florida Statutes, are amended to read:

985.04 Oaths; records; confidential information.—

(2) Records maintained by the Department of Juvenile Justice, including copies of records maintained by the court, which pertain to a child found to have committed a delinquent act which, if committed by an adult, would be a crime specified in ss. *435.03 and 435.04* ~~110.1127, 393.0655, 394.457, 397.451, 402.305(2), 409.175, and 409.176~~ may not be destroyed pursuant to this section *for a period of 25 years after the youth's final referral to the department*, except in cases of the death of the child. Such records, however, shall be sealed by the court for use only in meeting the screening requirements for personnel in s. 402.3055 and the other sections cited above, or pursuant to departmental rule; however, current criminal history information must be obtained from the Department of Law Enforcement in accordance with s. 943.053. The information shall be released to those persons specified in the above cited sections for the purposes of complying with those sections. The court may punish by contempt any person who releases or uses the records for any unauthorized purpose.

(3)(a) Except as provided in subsections (2), (4), (5), and (6), and s. 943.053, all information obtained under this part in the discharge of official duty by any judge, any employee of the court, any authorized agent of the Department of Juvenile Justice, the Parole Commission, ~~the Juvenile Justice Advisory Board,~~ the Department of Corrections, the juvenile justice circuit boards, any law enforcement agent, or any licensed professional or licensed community agency representative participating in the assessment or treatment of a juvenile is confidential and may be disclosed only to the authorized personnel of the court, the Department of Juvenile Justice and its designees, the Department of Corrections, the Parole Commission, ~~the Juvenile Justice Advisory Board,~~ law enforcement agents, school superintendents and their designees, any licensed professional or licensed community agency representative participating in the assessment or treatment of a juvenile, and others entitled under this chapter to receive that information, or upon order of the court. Within each county, the sheriff, the chiefs of police, the district school superintendent, and the department shall enter into an interagency agreement for the purpose of sharing information about juvenile offenders among all parties. The agreement must specify the conditions under which summary criminal history information is to be made available to appropriate school personnel, and the conditions under which school records are to be made available to appropriate department personnel. Such agreement shall require notification to any classroom teacher of assignment to the

teacher's classroom of a juvenile who has been placed in a probation or commitment program for a felony offense. The agencies entering into such agreement must comply with s. 943.0525, and must maintain the confidentiality of information that is otherwise exempt from s. 119.07(1), as provided by law.

(4)(a) Records in the custody of the Department of Juvenile Justice regarding children are not open to inspection by the public. Such records may be inspected only upon order of the Secretary of Juvenile Justice or his or her authorized agent by persons who have sufficient reason and upon such conditions for their use and disposition as the secretary or his or her authorized agent deems proper. The information in such records may be disclosed only to other employees of the Department of Juvenile Justice who have a need therefor in order to perform their official duty; to other persons as authorized by rule of the Department of Juvenile Justice; and, upon request, to ~~the Juvenile Justice Advisory Board and~~ the Department of Corrections. The secretary or his or her authorized agent may permit properly qualified persons to inspect and make abstracts from records for statistical purposes under whatever conditions upon their use and disposition the secretary or his or her authorized agent deems proper, provided adequate assurances are given that children's names and other identifying information will not be disclosed by the applicant.

(5) Notwithstanding any other provisions of this part, the name, photograph, address, and crime or arrest report of a child:

(a) Taken into custody if the child has been taken into custody by a law enforcement officer for a violation of law which, if committed by an adult, would be a felony; ~~or~~

(b) Found by a court to have committed three or more violations of law which, if committed by an adult, would be misdemeanors*;*

(c) Transferred to the adult system pursuant to s. 985.227, indicted pursuant to s. 985.225, or waived pursuant to s. 95.226;

(d) Taken into custody by a law enforcement officer for a violation of law subject to the provisions of s. 985.227(2)(b) or (d); or

(e) Transferred to the adult system but sentenced to the juvenile system pursuant to s. 985.233

shall not be considered confidential and exempt from the provisions of s. 119.07(1) solely because of the child's age.

Section 16. Paragraph (d) of subsection (1) and subsection (2) of section 985.207, Florida Statutes, are amended to read:

985.207 Taking a child into custody.—

(1) A child may be taken into custody under the following circumstances:

(d) By a law enforcement officer who has probable cause to believe that the child is in violation of the conditions of the child's probation, home detention, postcommitment *probation* ~~community control~~, or conditional release supervision or has *escaped* ~~absconded~~ from commitment.

Nothing in this subsection shall be construed to allow the detention of a child who does not meet the detention criteria in s. 985.215.

(2) When a child is taken into custody as provided in this section, the person taking the child into custody shall attempt to notify the parent, guardian, or legal custodian of the child. The person taking the child into custody shall continue such attempt until the parent, guardian, or legal custodian of the child is notified or the child is delivered to a juvenile probation officer pursuant to s. 985.21, whichever occurs first. If the child is delivered to a juvenile probation officer before the parent, guardian, or legal custodian is notified, the juvenile probation officer shall continue the attempt to notify until the parent, guardian, or legal custodian of the child is notified. *Following notification, the parent or guardian must provide identifying information, including name, address, date of birth, social security number, and driver's license number or identification card number of the parent or guardian to the person taking the child into custody or the juvenile probation officer.*

Section 17. Subsection (5) of section 985.21, Florida Statutes, is amended to read:

985.21 Intake and case management.—

(5) Prior to requesting that a delinquency petition be filed or prior to filing a dependency petition, the juvenile probation officer may request the parent or legal guardian of the child to attend a course of instruction in parenting skills, training in conflict resolution, and the practice of nonviolence; to accept counseling; or to receive other assistance from any agency in the community which notifies the clerk of the court of the availability of its services. Where appropriate, the juvenile probation officer shall request both parents or guardians to receive such parental assistance. The juvenile probation officer may, in determining whether to request that a delinquency petition be filed, take into consideration the willingness of the parent or legal guardian to comply with such request. *The parent or guardian must provide the juvenile probation officer with identifying information, including the parent's or guardian's name, address, date of birth, social security number, and driver's license number or identification card number in order to comply with ss. 985.215(6), 985.231(1)(b), and 985.233(4)(d).*

Section 18. Paragraph (b) of subsection (2) of section 985.213, Florida Statutes, is amended to read:

985.213 Use of detention.—

(2)

(b)1. The risk assessment instrument for detention care placement determinations and orders shall be developed by the Department of Juvenile Justice in agreement with representatives appointed by the following associations: the Conference of Circuit Judges of Florida, the Prosecuting Attorneys Association, the Public Defenders Association, the Florida Sheriffs Association, and the Florida Association of Chiefs of Police. Each association shall appoint two individuals, one representing an urban area and one representing a rural area. The parties involved shall evaluate and revise the risk assessment instrument as is considered necessary using the method for revision as agreed by the parties. The risk assessment instrument shall take into consideration, but need not be limited to, prior history of failure to appear, prior offenses, offenses committed pending adjudication, any unlawful possession of a firearm, theft of a motor vehicle or possession of a stolen motor vehicle, and *probation* ~~community control~~ status at the time the child is taken into custody. The risk assessment instrument shall also take into consideration appropriate aggravating and mitigating circumstances, and shall be designed to target a narrower population of children than s. 985.215(2). The risk assessment instrument shall also include any information concerning the child's history of abuse and neglect. The risk assessment shall indicate whether detention care is warranted, and, if detention care is warranted, whether the child should be placed into secure, nonsecure, or home detention care.

2. If, at the detention hearing, the court finds a material error in the scoring of the risk assessment instrument, the court may amend the score to reflect factual accuracy.

3. A child who is charged with committing an offense of domestic violence as defined in s. 741.28(1) and who does not meet detention criteria may be held in secure detention if the court makes specific written findings that:

a. Respite care for the child is not available; and

b. It is necessary to place the child in secure detention in order to protect the victim from injury.

The child may not be held in secure detention under this subparagraph for more than 48 hours unless ordered by the court. After 48 hours, the court shall hold a hearing if the state attorney or victim requests that secure detention be continued. The child may continue to be held in detention care if the court makes a specific, written finding that detention care is necessary to protect the victim from injury. However, the child may not be held in detention care beyond the time limits set forth in s. 985.215.

4. For a child who is under the supervision of the department through *probation* ~~community control~~, home detention, nonsecure detention, *conditional release* ~~aftercare~~, postcommitment *probation* ~~community control~~, or commitment and who is charged with committing a new offense, the risk assessment instrument may be completed and scored based on the underlying charge for which the child was placed under the supervision of the department and the new offense.

Section 19. Paragraph (a) of subsection (2) of section 985.215, Florida Statutes, is amended, and paragraph (f) is added to subsection (10) of said section, to read:

985.215 Detention.—

(2) Subject to the provisions of subsection (1), a child taken into custody and placed into nonsecure or home detention care or detained in secure detention care prior to a detention hearing may continue to be detained by the court if:

(a) The child is alleged to be an escapee or an absconder from a commitment program, a probation program, ~~furlough,~~ or conditional release supervision, or is alleged to have escaped while being lawfully transported to or from such program or supervision.

A child who meets any of these criteria and who is ordered to be detained pursuant to this subsection shall be given a hearing within 24 hours after being taken into custody. The purpose of the detention hearing is to determine the existence of probable cause that the child has committed the delinquent act or violation of law with which he or she is charged and the need for continued detention. Unless a child is detained under paragraph (d) or paragraph (e), the court shall utilize the results of the risk assessment performed by the juvenile probation officer and, based on the criteria in this subsection, shall determine the need for continued detention. A child placed into secure, nonsecure, or home detention care may continue to be so detained by the court pursuant to this subsection. If the court orders a placement more restrictive than indicated by the results of the risk assessment instrument, the court shall state, in writing, clear and convincing reasons for such placement. Except as provided in s. 790.22(8) or in subparagraph (10)(a)2., paragraph (10)(b), paragraph (10)(c), or paragraph (10)(d), when a child is placed into secure or nonsecure detention care, or into a respite home or other placement pursuant to a court order following a hearing, the court order must include specific instructions that direct the release of the child from such placement no later than 5 p.m. on the last day of the detention period specified in paragraph (5)(b) or paragraph (5)(c), or subparagraph (10)(a)1., whichever is applicable, unless the requirements of such applicable provision have been met or an order of continuance has been granted pursuant to paragraph (5)(d).

(10)

(f) Regardless of detention status, a child being transported by the department to a commitment facility of the department may be placed in secure detention overnight, not to exceed a 24-hour period, for the specific purpose of ensuring the safe delivery of the child to his or her commitment program, court, appointment, transfer, or release.

Section 20. Effective upon this act becoming a law and operating retroactively to July 1, 2000, subsection (6) of section 985.215, Florida Statutes, is amended to read:

985.215 Detention.—

(6)*(a)* When any child is placed into secure, nonsecure, or home detention care or into other placement pursuant to a court order following a detention hearing, the court shall order the ~~natural or adoptive~~ parents *or guardians* of such child~~, including the natural father of such child born out of wedlock who has acknowledged his paternity in writing before the court, or the guardian of such child's estate, if possessed of assets which under law may be disbursed for the care, support, and maintenance of the child,~~ to pay to the Department of Juvenile Justice fees in *the* ~~an~~ amount of *$5* ~~$20~~ per day *that the child is under the care or supervision of the department in order to partially offset* ~~related to~~ the cost of the care, support, ~~and~~ maintenance*, and other usual and ordinary obligations of parents to provide for the needs of their children* ~~of the child, as established by the Department of Juvenile Justice~~, unless the court makes a finding on the record that the parent or guardian of the child is indigent.

(b) At the time of the detention hearing, the department shall report to the court, verbally or in writing, any available information concerning the ability of the parent or guardian of the child to pay such fee. *If the court makes a finding of indigency, the parent or guardian shall pay to the department a nominal subsistence fee of $2 per day that the child is securely detained outside the home or $1 per day if the child is otherwise detained in lieu of other fees related to the parent's obligation for the child's cost of care. The nominal subsistence fee may only be waived or reduced if the court makes a finding that such payment would constitute a significant financial hardship. Such finding shall be in writing and shall contain a detailed description of the facts that led the court to make both the finding of indigency and the finding of significant financial hardship.* ~~As to each parent or guardian for whom the court makes a finding of indigency, the court may reduce the fees or waive the fees upon a showing by the parent or guardian of an inability to pay the fees specified herein. If the court makes a finding of indigency or inability to pay the full cost of care, support, and maintenance of the child, the court shall order the parent or guardian to pay to the department a nominal subsistence fee on behalf of the child in the amount of at least $2 per day that the child is detained outside the home or at least $1 per day if the child is otherwise detained, unless the court makes a finding on the record that the parent or guardian would suffer a significant hardship if obligated for such amount.~~

(c) In addition, the court may reduce the fees or waive the fees as to each parent or guardian if the court makes a finding on the record that the parent or guardian was the victim of the delinquent act or violation of law for which the child is detained and that the parent or guardian is cooperating in the investigation of the offense. ~~As to each parent or guardian, the court may reduce the fees or waive the fees if the court makes a finding on the record that the parent or guardian has made a diligent and good faith effort to prevent the child from engaging in the delinquent act or violation of law.~~

(d) The court must include specific findings in the detention order as to what fees are ordered, reduced, or waived. If the court fails to enter an order as required by this subsection, it shall be presumed that the court intended the parent or guardian to pay to the department the fee of *$5* ~~$20~~ per day that the child remains in detention care.

(e) With respect to a child who has been found to have committed a delinquent act or violation of law, whether or not adjudication is withheld, and whose parent or guardian receives public assistance for any portion of that child's care, the department must seek a federal waiver to garnish or otherwise order the payments of the portion of the public assistance relating to that child to offset the costs of providing care, custody, maintenance, rehabilitation, intervention, or corrective services to the child. When the order affects the guardianship estate, a certified copy of the order shall be delivered to the judge having jurisdiction of the guardianship estate.

(f) The clerk of the circuit court shall act as a depository for these fees. Upon each payment received, the clerk of the circuit court shall receive a fee from the total payment of 3 percent of any payment made except that no fee shall be less than $1 nor more than $5 per payment made. This fee shall serve as a service charge for the administration, management, and maintenance of each payment. At the end of each month, the clerk of the circuit court shall send all money collected under this section to the state Grants and Donations Trust Fund.

(g) The parent or guardian shall provide to the department the parent's or guardian's name, address, social security number, date of birth, and driver's license number or identification card number and sufficient financial information for the department to be able to determine the parent's or guardian's ability to pay. If the parent or guardian refuses to provide the department with any identifying information or financial information, the court shall order the parent to comply and may pursue contempt of court sanctions for failure to comply.

(h) The department may employ a collection agency for the purpose of receiving, collecting, and managing the payment of unpaid and

delinquent fees. The collection agency must be registered and in good standing under chapter 559. The department may pay to the collection agency a fee from the amount collected under the claim or may authorize the agency to deduct the fee from the amount collected. The department may also pay for collection services from available authorized funds.

(i) The department may enter into agreements with parents or guardians to establish a schedule of periodic payments if payment of the obligation in full presents an undue hardship. Any such agreement may provide for payment of interest consistent with prevailing loan rates.

(j) The Department of Juvenile Justice shall provide to the payor documentation of any amounts paid by the payor to the Department of Juvenile Justice on behalf of the child. All payments received by the department pursuant to this subsection shall be deposited in the state Grants and Donations Trust Fund. Neither the court nor the department may extend the child's length of stay in detention care solely for the purpose of collecting fees.

Section 21. Subsection (4) of section 985.227, Florida Statutes, is amended to read:

985.227 Prosecution of juveniles as adults by the direct filing of an information in the criminal division of the circuit court; discretionary criteria; mandatory criteria.—

(4) DIRECT-FILE POLICIES AND GUIDELINES.—Each state attorney shall develop written policies and guidelines to govern determinations for filing an information on a juvenile, to be submitted to the Executive Office of the Governor, the President of the Senate, *and* the Speaker of the House of Representatives~~, and the Juvenile Justice Advisory Board~~ not later than January 1 of each year.

Section 22. Subsection (4) of section 985.228, Florida Statutes, is amended to read:

985.228 Adjudicatory hearings; withheld adjudications; orders of adjudication.—

(4) If the court finds that the child named in the petition has committed a delinquent act or violation of law, it may, in its discretion, enter an order stating the facts upon which its finding is based but withholding adjudication of delinquency and placing the child in a probation program under the supervision of the department or under the supervision of any other person or agency specifically authorized and appointed by the court. The court may, as a condition of the program, impose as a penalty component restitution in money or in kind, community service, a curfew, urine monitoring, revocation or suspension of the driver's license of the child, or other nonresidential punishment appropriate to the offense, and may impose as a rehabilitative component a requirement of participation in substance abuse treatment, or school or other educational program attendance. *If the child is attending public school and the court finds that the victim or a sibling of the victim in the case was assigned to attend or is eligible to attend the same school as the child, the court order shall include a finding pursuant to the proceedings described in s. 985.23(1)(d).* If the court later finds that the child has not complied with the rules, restrictions, or conditions of the community-based program, the court may, after a hearing to establish the lack of compliance, but without further evidence of the state of delinquency, enter an adjudication of delinquency and shall thereafter have full authority under this chapter to deal with the child as adjudicated.

Section 23. Paragraph (d) of subsection (1) of section 985.23, Florida Statutes, is amended to read:

985.23 Disposition hearings in delinquency cases.—When a child has been found to have committed a delinquent act, the following procedures shall be applicable to the disposition of the case:

(1) Before the court determines and announces the disposition to be imposed, it shall:

(d) Give all parties present at the hearing an opportunity to comment on the issue of disposition and any proposed rehabilitative plan. Parties to the case shall include the parents, legal custodians, or guardians of the child; the child's counsel; the state attorney; representatives of the department; the victim if any, or his or her representative; representatives of the school system; and the law enforcement officers involved in the case. *If the child is attending or is eligible to attend public school and the court finds that the victim or a sibling of the victim in the case is attending or may attend the same school as the child, the court shall, on its own motion or upon the request of any party or any parent or legal guardian of the victim, determine whether it is appropriate to enter a no contact order in favor of the victim or a sibling of the victim. If appropriate and acceptable to the victim and the victim's parent or parents or legal guardian, the court may reflect in the written disposition order that the victim or the victim's parent stated in writing or in open court that he or she did not object to the offender being permitted to attend the same school or ride on the same school bus as the victim or a sibling of the victim.*

It is the intent of the Legislature that the criteria set forth in subsection (2) are general guidelines to be followed at the discretion of the court and not mandatory requirements of procedure. It is not the intent of the Legislature to provide for the appeal of the disposition made pursuant to this section.

Section 24. Paragraph (a) of subsection (1) and subsection (2) of section 985.231, Florida Statutes, are amended to read:

985.231 Powers of disposition in delinquency cases.—

(1)(a) The court that has jurisdiction of an adjudicated delinquent child may, by an order stating the facts upon which a determination of a sanction and rehabilitative program was made at the disposition hearing:

1. Place the child in a probation program or a postcommitment probation program under the supervision of an authorized agent of the Department of Juvenile Justice or of any other person or agency specifically authorized and appointed by the court, whether in the child's own home, in the home of a relative of the child, or in some other suitable place under such reasonable conditions as the court may direct. A probation program for an adjudicated delinquent child must include a penalty component such as restitution in money or in kind, community service, a curfew, revocation or suspension of the driver's license of the child, or other nonresidential punishment appropriate to the offense and must also include a rehabilitative program component such as a requirement of participation in substance abuse treatment or in school or other educational program. *If the child is attending or is eligible to attend public school and the court finds that the victim or a sibling of the victim in the case is attending or may attend the same school as the child, the court placement order shall include a finding pursuant to the proceedings described in s. 985.23(1)(d).* Upon the recommendation of the department at the time of disposition, or subsequent to disposition pursuant to the filing of a petition alleging a violation of the child's conditions of postcommitment probation ~~or conditional release supervision~~, the court may order the child to submit to random testing for the purpose of detecting and monitoring the use of alcohol or controlled substances.

a. A restrictiveness level classification scale for levels of supervision shall be provided by the department, taking into account the child's needs and risks relative to probation supervision requirements to reasonably ensure the public safety. Probation programs for children shall be supervised by the department or by any other person or agency specifically authorized by the court. These programs must include, but are not limited to, structured or restricted activities as described in this subparagraph, and shall be designed to encourage the child toward acceptable and functional social behavior. If supervision or a program of community service is ordered by the court, the duration of such supervision or program must be consistent with any treatment and rehabilitation needs identified for the child and may not exceed the term for which sentence could be imposed if the child were committed for the offense, except that the duration of such supervision or program for an offense that is a misdemeanor of the second degree, or is equivalent to a misdemeanor of the second degree, may be for a period not to exceed 6 months. When restitution is ordered by the court, the amount of restitution may not exceed an amount the child and the parent or

guardian could reasonably be expected to pay or make. A child who participates in any work program under this part is considered an employee of the state for purposes of liability, unless otherwise provided by law.

b. The court may conduct judicial review hearings for a child placed on probation for the purpose of fostering accountability to the judge and compliance with other requirements, such as restitution and community service. The court may allow early termination of probation for a child who has substantially complied with the terms and conditions of probation.

c. If the conditions of the probation program or the postcommitment probation program are violated, the department or the state attorney may bring the child before the court on a petition alleging a violation of the program. Any child who violates the conditions of probation or postcommitment probation must be brought before the court if sanctions are sought. A child taken into custody under s. 985.207 for violating the conditions of probation or postcommitment probation shall be held in a consequence unit if such a unit is available. The child shall be afforded a hearing within 24 hours after being taken into custody to determine the existence of probable cause that the child violated the conditions of probation or postcommitment probation. A consequence unit is a secure facility specifically designated by the department for children who are taken into custody under s. 985.207 for violating probation or postcommitment probation, or who have been found by the court to have violated the conditions of probation or postcommitment probation. If the violation involves a new charge of delinquency, the child may be detained under s. 985.215 in a facility other than a consequence unit. If the child is not eligible for detention for the new charge of delinquency, the child may be held in the consequence unit pending a hearing and is subject to the time limitations specified in s. 985.215. If the child denies violating the conditions of probation or postcommitment probation, the court shall appoint counsel to represent the child at the child's request. Upon the child's admission, or if the court finds after a hearing that the child has violated the conditions of probation or postcommitment probation, the court shall enter an order revoking, modifying, or continuing probation or postcommitment probation. In each such case, the court shall enter a new disposition order and, in addition to the sanctions set forth in this paragraph, may impose any sanction the court could have imposed at the original disposition hearing. If the child is found to have violated the conditions of probation or postcommitment probation, the court may:

(I) Place the child in a consequence unit in that judicial circuit, if available, for up to 5 days for a first violation, and up to 15 days for a second or subsequent violation.

(II) Place the child on home detention with electronic monitoring. However, this sanction may be used only if a residential consequence unit is not available.

(III) Modify or continue the child's probation program or postcommitment probation program.

(IV) Revoke probation or postcommitment probation and commit the child to the department.

d. Notwithstanding s. 743.07 and paragraph (d), and except as provided in s. 985.31, the term of any order placing a child in a probation program must be until the child's 19th birthday unless he or she is released by the court, on the motion of an interested party or on its own motion.

2. Commit the child to a licensed child-caring agency willing to receive the child, but the court may not commit the child to a jail or to a facility used primarily as a detention center or facility or shelter.

3. Commit the child to the Department of Juvenile Justice at a *residential commitment* ~~restrictiveness~~ level defined in s. 985.03. Such commitment must be for the purpose of exercising active control over the child, including, but not limited to, custody, care, training, urine monitoring, and treatment of the child and release of the child into the community in a postcommitment nonresidential conditional release program. *If the child is eligible to attend public school following residential commitment and the court finds that the victim or a sibling of the victim in the case is or may be attending the same school as the child, the commitment order shall include a finding pursuant to the proceedings described in s. 985.23(1)(d).* If the child is not successful in the conditional release program, the department may use the transfer procedure under s. 985.404. Notwithstanding s. 743.07 and paragraph (d), and except as provided in s. 985.31, the term of the commitment must be until the child is discharged by the department or until he or she reaches the age of 21.

4. Revoke or suspend the driver's license of the child.

5. Require the child and, if the court finds it appropriate, the child's parent or guardian together with the child, to render community service in a public service program.

6. As part of the probation program to be implemented by the Department of Juvenile Justice, or, in the case of a committed child, as part of the community-based sanctions ordered by the court at the disposition hearing or before the child's release from commitment, order the child to make restitution in money, through a promissory note cosigned by the child's parent or guardian, or in kind for any damage or loss caused by the child's offense in a reasonable amount or manner to be determined by the court. The clerk of the circuit court shall be the receiving and dispensing agent. In such case, the court shall order the child or the child's parent or guardian to pay to the office of the clerk of the circuit court an amount not to exceed the actual cost incurred by the clerk as a result of receiving and dispensing restitution payments. The clerk shall notify the court if restitution is not made, and the court shall take any further action that is necessary against the child or the child's parent or guardian. A finding by the court, after a hearing, that the parent or guardian has made diligent and good faith efforts to prevent the child from engaging in delinquent acts absolves the parent or guardian of liability for restitution under this subparagraph.

7. Order the child and, if the court finds it appropriate, the child's parent or guardian together with the child, to participate in a community work project, either as an alternative to monetary restitution or as part of the rehabilitative or probation program.

8. Commit the child to the Department of Juvenile Justice for placement in a program or facility for serious or habitual juvenile offenders in accordance with s. 985.31. Any commitment of a child to a program or facility for serious or habitual juvenile offenders must be for an indeterminate period of time, but the time may not exceed the maximum term of imprisonment that an adult may serve for the same offense. The court may retain jurisdiction over such child until the child reaches the age of 21, specifically for the purpose of the child completing the program.

9. In addition to the sanctions imposed on the child, order the parent or guardian of the child to perform community service if the court finds that the parent or guardian did not make a diligent and good faith effort to prevent the child from engaging in delinquent acts. The court may also order the parent or guardian to make restitution in money or in kind for any damage or loss caused by the child's offense. The court shall determine a reasonable amount or manner of restitution, and payment shall be made to the clerk of the circuit court as provided in subparagraph 6.

10. Subject to specific appropriation, commit the juvenile sexual offender to the Department of Juvenile Justice for placement in a program or facility for juvenile sexual offenders in accordance with s. 985.308. Any commitment of a juvenile sexual offender to a program or facility for juvenile sexual offenders must be for an indeterminate period of time, but the time may not exceed the maximum term of imprisonment that an adult may serve for the same offense. The court may retain jurisdiction over a juvenile sexual offender until the juvenile sexual offender reaches the age of 21, specifically for the purpose of completing the program.

(2) Following a delinquency adjudicatory hearing pursuant to s. 985.228 and a delinquency disposition hearing pursuant to s. 985.23 which results in a commitment determination, the court shall, on its

own or upon request by the state or the department, determine whether the protection of the public requires that the child be placed in a program for serious or habitual juvenile offenders and whether the particular needs of the child would be best served by a program for serious or habitual juvenile offenders as provided in s. 985.31. The determination shall be made pursuant to ss. 985.03*(46)*~~(47)~~ and 985.23(3).

Section 25. Effective upon this act becoming a law and operating retroactively to July 1, 2000, paragraph (b) of subsection (1) of section 985.231, Florida Statutes, is amended to read:

985.231 Powers of disposition in delinquency cases.—

(1)

(b)*1.* When any child is adjudicated by the court to have committed a delinquent act and temporary legal custody of the child has been placed with a licensed child-caring agency or the Department of Juvenile Justice, the court shall order the ~~natural or adoptive~~ parents of such child, ~~including the natural father of such child born out of wedlock who has acknowledged his paternity in writing before the court, or the guardian of such child's estate, if possessed of assets that under law may be disbursed for the care, support, and maintenance of the child,~~ to pay fees to the department in the amount *of $5 per day that the child is under the care or supervision of the department in order to partially offset the* ~~not to exceed the actual~~ cost of the care, support, ~~and~~ maintenance*, and other usual and ordinary obligations of parents to provide for the needs of their children while* ~~of the child~~ in the recommended residential commitment level, unless the court makes a finding on the record that the parent or guardian of the child is indigent.

2. No later than the disposition hearing, the department shall provide the court with information concerning the actual cost of care, support, and maintenance of the child in the recommended residential commitment level and concerning the ability of the parent or guardian of the child to pay any fees. *If the court makes a finding of indigency, the parent or guardianship shall pay to the department a nominal subsistence fee of $2 per day that the child is committed outside the home or $1 per day if the child is otherwise supervised in lieu of other fees related to the parents' obligation for the child's cost of care. The nominal subsistence fee may only be waived or reduced if the court makes a finding that such payment would constitute a significant financial hardship. Such finding shall be in writing and shall contain a detailed description of the facts that led the court to make both the finding of indigency and the finding of significant financial hardship.* ~~As to each parent or guardian for whom the court makes a finding of indigency, the court may reduce the fees or waive the fees upon a showing by the parent or guardian of an inability to pay the full cost of the care, support, and maintenance of the child. If the court makes a finding of indigency or inability to pay the full cost of care, support, and maintenance of the child, the court shall order the parent or guardian to pay to the department a nominal subsistence fee on behalf of the child in the amount of at least $2 per day that the child is placed outside the home or at least $1 per day if the child is otherwise placed, unless the court makes a finding on the record that the parent or guardian would suffer a significant hardship if obligated for such amount.~~

3. In addition, the court may reduce the fees or waive the fees as to each parent or guardian if the court makes a finding on the record that the parent or guardian was the victim of the delinquent act or violation of law for which the child is subject to placement under this section and that the parent or guardian has cooperated in the investigation and prosecution of the offense. ~~As to each parent or guardian, the court may reduce the fees or waive the fees if the court makes a finding on the record that the parent or guardian has made a diligent and good faith effort to prevent the child from engaging in the delinquent act or violation of law.~~

4. All orders committing a child to a residential commitment program shall include specific findings as to what fees are ordered, reduced, or waived. If the court fails to enter an order as required by this paragraph, it shall be presumed that the court intended the parent or guardian to pay fees to the department in an amount *of $5 per day related to* ~~not to exceed the actual cost of~~ the care, support, and maintenance of the child. With regard to a child who reaches the age of 18 prior to the disposition hearing, the court may elect to direct an order required by this paragraph to such child, rather than the parent or guardian. With regard to a child who reaches the age of 18 while in the custody of the department, the court may, upon proper motion of any party, hold a hearing as to whether any party should be further obligated respecting the payment of fees. *When the order affects the guardianship estate, a certified copy of the order shall be delivered to the judge having jurisdiction of the guardianship estate.*

5. The clerk of the circuit court shall act as a depository for these fees. Upon each payment received, the clerk of the circuit court shall receive a fee from the total payment of 3 percent of any payment made except that no fee shall be less than $1 nor more than $5 per payment made. This fee shall serve as a service charge for the administration, management, and maintenance of each payment. At the end of each month, the clerk of the circuit court shall send all money collected under this section to the state Grants and Donations Trust Fund.

6. The parent or guardian shall provide to the department the parent or guardian's name, address, social security number, state of birth, and driver's license number or identification card number and sufficient financial information for the department to be able to determine the parent or guardian's ability to pay. If the parent or guardian refuses to provide the department with any identifying information or financial information, the court shall order the parent to comply and may pursue contempt of court sanctions for failure to comply.

7. The department may employ a collection agency for the purpose of receiving, collecting, and managing the payment of unpaid and delinquent fees. The collection agency must be registered and in good standing under chapter 559. The department may pay to the collection agency a fee from the amount collected under the claim or may authorize the agency to deduct the fee from the amount collected. The department may also pay for collection services from available authorized funds.

8. The department may enter into agreements with parents or guardians to establish a schedule of periodic payments if payment of the obligation in full presents an undue hardship. Any such agreement may provide for payment of interests consistent with prevailing loan rates.

9. The Department of Juvenile Justice shall provide to the payor documentation of any amounts paid by the payor to the Department of Juvenile Justice on behalf of the child. All payments received by the department pursuant to this subsection shall be deposited in the state Grants and Donations Trust Fund.

10. Neither the court nor the department may extend the child's length of stay in placement care solely for the purpose of collecting fees.

Section 26. Effective upon this act becoming a law and operating retroactively to July 1, 2000, paragraph (d) of subsection (4) of section 985.233, Florida Statutes, is amended to read:

985.233 Sentencing powers; procedures; alternatives for juveniles prosecuted as adults.—

(4) SENTENCING ALTERNATIVES.—

(d)*1.* Recoupment of cost of care in juvenile justice facilities.—When the court orders commitment of a child to the Department of Juvenile Justice for treatment in any of the department's programs for children, the court shall order the ~~natural or adoptive~~ parents of such child~~, including the natural father of such child born out of wedlock who has acknowledged his paternity in writing before the court, or guardian of such child's estate, if possessed of assets which under law may be disbursed for the care, support, and maintenance of the child,~~ to pay fees in the amount *of $5 per day that the child is under the care or supervision of the department in order to partially offset the* ~~not to exceed the actual~~ cost of the care, support, ~~and~~ maintenance*, and other usual and ordinary obligations of parents to provide for the needs of their children* ~~of the child~~, unless the court makes a finding on the record that the parent or legal guardian of the child is indigent.

3. In addition, the court may reduce the fees or waive the fees as to each parent or guardian if the court makes a finding on the record that the parent or guardian was the victim of the delinquent act or violation of law for which the child is subject to commitment under this section and that the parent or guardian has cooperated in the investigation and prosecution of the offense. ~~As to each parent or guardian, the court may reduce the fees or waive the fees if the court makes a finding on the record that the parent or guardian has made a diligent and good faith effort to prevent the child from engaging in the delinquent act or violation of law.~~ When the order affects the guardianship estate, a certified copy of the order shall be delivered to the judge having jurisdiction of the guardianship estate.

4. All orders committing a child to a residential commitment program shall include specific findings as to what fees are ordered, reduced, or waived. With regard to a child who reaches the age of 18 prior to the disposition hearing, the court may elect to direct an order required by this paragraph to such child, rather than the parent or guardian. With regard to a child who reaches the age of 18 while in the custody of the department, the court may, upon proper motion of any party, hold a hearing as to whether any party should be further obligated respecting the payment of fees.

5. The clerk of the circuit court shall act as a depository for these fees. If the parent or guardian refuses to provide the department with any identifying information or financial information, the court shall order the parent to comply and may pursue contempt of court sanctions for failure to comply.

7. The department may employ a collection agency for the purpose of receiving, collecting, and managing the payment of unpaid and delinquent fees. The collection agency must be registered and in good standing under chapter 559. 8. Neither the court nor the department may extend the child's length of stay in commitment care solely for the purpose of collecting fees.

Section 27. Paragraph (f) is added to subsection (4) of section 985.233, Florida Statutes, to read:

985.233 Sentencing powers; procedures; alternatives for juveniles prosecuted as adults.—

(4) SENTENCING ALTERNATIVES.—

(f) School attendance.—If the child is attending or is eligible to attend public school and the court finds that the victim or a sibling of the victim in the case is attending or may attend the same school as the child, the court placement order shall include a finding pursuant to the proceeding described in s. 985.23(1)(d).

It is the intent of the Legislature that the criteria and guidelines in this subsection are mandatory and that a determination of disposition under this subsection is subject to the right of the child to appellate review under s. 985.234.

Section 28. Subsection (2) of section 985.305, Florida Statutes, is amended to read:

985.305 Early delinquency intervention program; criteria.—

(2) The early delinquency intervention program shall consist of intensive residential treatment in a secure facility for 7 days to 6 weeks, followed by 6 to 9 months of *additional services* ~~conditional release~~. An early delinquency intervention program facility shall be designed to accommodate the placement of a maximum of 10 children, except that the facility may accommodate up to 2 children in excess of that maximum if the additional children have previously been released from the residential portion of the program and are later found to need additional residential treatment.

Section 29. Section 985.3065, Florida Statutes, is amended to read:

985.3065 Prearrest *or postarrest* diversion programs.—

(1) A law enforcement agency or school district, in cooperation with the state attorney, may establish a prearrest *or postarrest* diversion program.

(2) As part of the prearrest *or postarrest* diversion program, a child who is alleged to have committed a delinquent act may be required to surrender his or her driver's license, or refrain from applying for a driver's license, for not more than 90 days. If the child fails to comply with the requirements of the program, the state attorney may notify the Department of Highway Safety and Motor Vehicles in writing to suspend the child's driver's license for a period that may not exceed 90 days.

(3) The prearrest or postarrest diversion program may, upon agreement of the agencies that establish the program, provide for the expunction of the nonjudicial arrest record of a minor who successfully completes such a program pursuant to s. 943.0582.

(4) The plan must also address strategies to facilitate involvement of business and industry in the design, delivery, and evaluation of vocational programming in juvenile justice commitment facilities and *conditional release* ~~aftercare~~ programs, including apprenticeship and work experience programs, mentoring and job shadowing, and other strategies that lead to postrelease employment. Incentives for business involvement, such as tax breaks, bonding, and liability limits should be investigated, implemented where appropriate, or recommended to the Legislature for consideration.

Section 32. Subsections (4) and (5) of section 985.316, Florida Statutes, are amended to read:

985.316 Conditional release.—

(4) ~~After a youth is released from a residential commitment program, conditional release services may be delivered through either minimum-risk nonresidential commitment restrictiveness programs or postcommitment probation.~~ A juvenile under ~~minimum-risk~~ nonresidential commitment placement will continue to be on commitment status and subject to the transfer provision under s. 985.404. ~~A juvenile on postcommitment probation will be subject to the provisions under s. 985.231(1)(a).~~

(3)*(a)* The department shall develop or contract for diversified and innovative programs to provide rehabilitative treatment, including early intervention and prevention, diversion, comprehensive intake, case management, diagnostic and classification assessments, individual and family counseling, shelter care, diversified detention care emphasizing alternatives to secure detention, diversified probation, halfway houses, foster homes, community-based substance abuse treatment services, community-based mental health treatment services, community-based residential and nonresidential programs, environmental programs, and programs for serious or habitual juvenile offenders. Each program shall place particular emphasis on reintegration and conditional release for all children in the program.

(b) The Legislature intends that, whenever possible and reasonable, the department make every effort to consider qualified faith-based organizations on an equal basis with other private organizations when selecting contract providers of services to juveniles.

(c) The department may contract with faith-based organizations on the same basis as any other nongovernmental provider, without impairing the religious character of such organizations. Any faith-based organization may act as a contractor in the delivery of services under any program, on the same basis as any other nongovernmental provider, without impairing the religious character of such organization. A faith-based organization, which has entered into a contract with the department, shall retain its independence from state and local governments with regard to control over the definition, development, practice, and expression of its religious beliefs. The department shall not require a faith-based organization to alter its form of internal government or remove religious art, icons, scripture, or other symbols in order to be eligible to contract as a provider.

(d) The department may include in any services contract a requirement that providers prepare plans describing their implementation of paragraphs (a) and (c) of this subsection. A failure to deliver such plans, if required, may be considered by the department as a breach of the contract that may result in cancellation of the contract.

(4) The department may transfer a child, when necessary to appropriately administer the child's commitment, from one facility or program to another facility or program operated, contracted, subcontracted, or designated by the department, including a postcommitment ~~minimum-risk~~ nonresidential conditional release program. The department shall notify the court that committed the child to the department and any attorney of record, in writing, of its intent to transfer the child from a commitment facility or program to another facility or program of a higher or lower restrictiveness level. The court that committed the child may agree to the transfer or may set a hearing to review the transfer. If the court does not respond within 10 days after receipt of the notice, the transfer of the child shall be deemed granted.

Section 34. Section 985.412, Florida Statutes, is amended to read:

985.412 Quality assurance *and cost-effectiveness*.—

(1)~~(a)~~ It is the intent of the Legislature *that the department* ~~to~~:

(a)~~1.~~ Ensure that information be provided to decisionmakers *in a timely manner* so that resources are allocated to programs of the department which achieve desired performance levels.

(b)~~2.~~ Provide information about the cost of such programs and their differential effectiveness so that the quality of such programs can be compared and improvements made continually.

(c)~~3.~~ Provide information to aid in developing related policy issues and concerns.

(d)~~4.~~ Provide information to the public about the effectiveness of such programs in meeting established goals and objectives.

(e)~~5.~~ Provide a basis for a system of accountability so that each client is afforded the best programs to meet his or her needs.

(f)~~6.~~ Improve service delivery to clients.

(g)~~7.~~ Modify or eliminate activities that are not effective.

(2)~~(b)~~ As used in this *section* ~~subsection~~, the term:

(a)~~1.~~ "Client" means any person who is being provided treatment or services by the department or by a provider under contract with the department.

(b)~~2.~~ "Program component" means an aggregation of generally related objectives which, because of their special character, related workload, and interrelated output, can logically be considered an entity for purposes of organization, management, accounting, reporting, and budgeting.

(c)~~3.~~ "Program effectiveness" means the ability of the program to achieve desired client outcomes, goals, and objectives.

(3) The department shall annually collect and report cost data for every program operated or contracted by the department. The cost data shall conform to a format approved by the department and the Legislature. Uniform cost data shall be reported and collected for state-operated and contracted programs so that comparisons can be made among programs. The department shall ensure that there is accurate cost accounting for state-operated services including market-equivalent rent and other shared cost. The cost of the educational program provided to a residential facility shall be reported and included in the cost of a program. The department shall submit an annual cost report to the President of the Senate, the Speaker of the House of Representatives, the Minority Leader of each house of the Legislature, the appropriate substantive and fiscal committees of each house of the Legislature, and the Governor, no later than December 1 of each year. Cost-benefit analysis for educational programs will be developed and implemented in collaboration with and in cooperation with the Department of Education, local providers, and local school districts. Cost data for the report shall include data collected by the Department of Education for the purposes of preparing the annual report required by s. 230.23161(21).

(4)(a) The Department of Juvenile Justice, in consultation with the Office of Economic and Demographic Research, and contract service providers, shall develop a cost-effectiveness model and apply the model to each commitment program. Program recidivism rates shall be a component of the model. The cost-effectiveness model shall compare program costs to client outcomes and program outputs. It is the intent of the Legislature that continual development efforts take place to improve the validity and reliability of the cost-effectiveness model and to integrate the standard methodology developed under s. 985.401(4) for interpreting program outcome evaluations.

(b) The department shall rank commitment programs based on the cost-effectiveness model and shall submit a report to the appropriate substantive and fiscal committees of each house of the Legislature by December 31 of each year.

(c) Based on reports of the department on client outcomes and program outputs and on the department's most recent cost-effectiveness rankings, the department may terminate a program operated by the department or a provider if the program has failed to achieve a minimum threshold of program effectiveness. This paragraph does not preclude the department from terminating a contract as provided under s. 985.412 or as otherwise provided by law or contract, and does not limit the department's authority to enter into or terminate a contract.

(d) In collaboration with the Office of Economic and Demographic Research, and contract service providers, the department shall develop a work plan to refine the cost-effectiveness model so that the model is consistent with the performance-based program budgeting measures approved by the Legislature to the extent the department deems appropriate. The department shall notify the Office of Program Policy Analysis and Government Accountability of any meetings to refine the model.

(e) Contingent upon specific appropriation, the department, in consultation with the Office of Economic and Demographic Research, and contract service providers, shall:

1. Construct a profile of each commitment program that uses the results of the quality assurance report required by s. 985.412, the cost-effectiveness report required in this subsection, and other reports available to the department.

2. Target, for a more comprehensive evaluation, any commitment program that has achieved consistently high, low, or disparate ratings in the reports required under subparagraph 1.

3. Identify the essential factors that contribute to the high, low, or disparate program ratings.

4. Use the results of these evaluations in developing or refining juvenile justice programs or program models, client outcomes and program outputs, provider contracts, quality assurance standards, and the cost-effectiveness model.

(5)~~(c)~~ The department shall:

(a)~~1.~~ Establish a comprehensive quality assurance system for each program operated by the department or operated by a provider under contract with the department. Each contract entered into by the department must provide for quality assurance.

(b)~~2.~~ Provide operational definitions of and criteria for quality assurance for each specific program component.

(c)~~3.~~ Establish quality assurance goals and objectives for each specific program component.

(d)~~4.~~ Establish the information and specific data elements required for the quality assurance program.

(e)~~5.~~ Develop a quality assurance manual of specific, standardized terminology and procedures to be followed by each program.

(f)~~6.~~ Evaluate each program operated by the department or a provider under a contract with the department and establish minimum thresholds for each program component. If a provider fails to meet the established minimum thresholds, such failure shall cause the department to cancel the provider's contract unless the provider achieves compliance with minimum thresholds within 6 months or unless there are documented extenuating circumstances. In addition, the department may not contract with the same provider for the canceled service for a period of 12 months. If a department-operated program fails to meet the established minimum thresholds, the department must take necessary and sufficient steps to ensure and document program changes to achieve compliance with the established minimum thresholds. If the department-operated program fails to achieve compliance with the established minimum thresholds within 6 months and if there are no documented extenuating circumstances, the department must notify the Executive Office of the Governor and the Legislature of the corrective action taken. Appropriate corrective action may include, but is not limited to:

1.~~a.~~ Contracting out for the services provided in the program;

2.~~b.~~ Initiating appropriate disciplinary action against all employees whose conduct or performance is deemed to have materially contributed to the program's failure to meet established minimum thresholds;

3.~~c.~~ Redesigning the program; or

4.~~d.~~ Realigning the program.

The department shall submit an annual report to the President of the Senate, the Speaker of the House of Representatives, the Minority Leader of each house of the Legislature, the appropriate substantive and fiscal committees of each house of the Legislature, and the Governor, no later than February 1 of each year. The annual report must contain, at a minimum, for each specific program component: a comprehensive description of the population served by the program; a specific description of the services provided by the program; cost; a comparison of expenditures to federal and state funding; immediate and long-range concerns; and recommendations to maintain, expand, improve, modify, or eliminate each program component so that changes in services lead to enhancement in program quality. The department shall ensure the reliability and validity of the information contained in the report.

(6)~~(2)~~ The department shall collect and analyze available statistical data for the purpose of ongoing evaluation of all programs. The department shall provide the Legislature with necessary information and reports to enable the Legislature to make informed decisions regarding the effectiveness of, and any needed changes in, services, programs, policies, and laws.

(7) No later than November 1, 2001, the department shall submit a proposal to the Legislature concerning funding incentives and disincentives for the department and for providers under contract with the department. The recommendations for funding incentives and disincentives shall be based upon both quality assurance performance and cost-effectiveness performance. The proposal should strive to achieve consistency in incentives and disincentives for both department-operated and contractor-provided programs. The department may include recommendations for the use of liquidated damages in the proposal; however, the department is not presently authorized to contract for liquidated damages.

Section 35. Subsection (1) of section 985.417, Florida Statutes, is amended to read:

985.417 Transfer of children from the Department of Corrections to the Department of Juvenile Justice.—

(1) When any child under the age of 18 years is sentenced by any court of competent jurisdiction to the Department of Corrections, the Secretary of Juvenile Justice may transfer such child to the department for the remainder of the sentence, or until his or her 21st birthday, whichever results in the shorter term. If, upon such person's attaining his or her 21st birthday, the sentence has not terminated, he or she shall be transferred to the Department of Corrections for placement in a youthful offender program*, transferred* ~~or, with the commission's consent,~~ to the supervision of the department, or be given any other transfer that may lawfully be made.

The Orange County Sheriff's Office has the sole right and authority to accept or reject any or all juvenile offenders who have been recommended by the Department of Juvenile Justice to the Juvenile Arrest and Monitor Unit. The sheriff's office shall determine the number of juvenile offenders it will supervise. Any person who fails to comply with the court's requirements as to such civil penalties who does not demonstrate financial hardship may also, at the discretion of the court, be authorized to satisfy such civil penalties by public works or community service in the same manner.

The department may cancel any license plate or fuel-use tax decal if the owner pays for the license plate, fuel-use tax decal, or any tax liability, penalty, or interest specified in chapter 207 by a dishonored check*, or if the vehicle owner or motor carrier has failed to pay a penalty for a weight or safety violation issued by the Department of Transportation Motor Carrier Compliance Office.*. The Department of Transportation and the Department of Highway Safety and Motor Vehicles may impound any commercial motor vehicle that has a canceled license plate or fuel-use tax decal until the tax liability, penalty, and interest specified in chapter 207, the license tax, or the fuel-use decal fee, and applicable administrative fees have been paid for by certified funds.

Section 39. Paragraph (c) of subsection (1) of secton 320.27, Florida Statutes, is amended, paragraph (f) is added to said subsection, and subsections (7) and (9) of said section are amended, to read:

320.27 Motor vehicle dealers.—

(1) DEFINITIONS.—The following words, terms, and phrases when used in this section have the meanings respectively ascribed to them in this subsection, except where the context clearly indicates a different meaning:

(c) "Motor vehicle dealer" means any person engaged in the business of buying, selling, or dealing in motor vehicles or offering or displaying motor vehicles for sale at wholesale or retail, or who may service and repair motor vehicles pursuant to an agreement as defined in s. 320.60(1). Any person who buys, sells, or deals in three or more motor vehicles in any 12-month period or who offers or displays for sale three or more motor vehicles in any 12-month period shall be prima facie presumed to be engaged in such business. The terms "selling" and "sale" include lease-purchase transactions. A motor vehicle dealer may, at retail or wholesale, sell a recreational vehicle as described in s. 320.01(1)(b)1.-6. and 8., acquired in exchange for the sale of a motor vehicle, provided such acquisition is incidental to the principal business of being a motor vehicle dealer. However, a motor vehicle dealer may not buy a recreational vehicle for the purpose of resale unless licensed as a recreational vehicle dealer pursuant to s. 320.771. A motor vehicle dealer may apply for a certificate of title to a motor vehicle required to be registered under s. 320.08(2)(b), (c), and (d), using a manufacturer's statement of origin as permitted by s. 319.23(1), only if such dealer is authorized by a franchised agreement as defined in s. 320.60(1), to buy, sell, or deal in such vehicle and is authorized by such agreement to perform delivery and preparation obligations and warranty defect adjustments on the motor vehicle; provided this limitation shall not apply to recreational vehicles, van conversions, or any other motor vehicle manufactured on a truck chassis. The transfer of a motor vehicle by a dealer not meeting these qualifications shall be titled as a used vehicle. The classifications of motor vehicle dealers are defined as follows:

1. "Franchised motor vehicle dealer" means any person who engages in the business of repairing, servicing, buying, selling, or dealing in motor vehicles pursuant to an agreement as defined in s. 320.60(1).

2. "Independent motor vehicle dealer" means any person other than a franchised or wholesale motor vehicle dealer who engages in the

business of buying, selling, or dealing in motor vehicles, and who may service and repair motor vehicles.

3. "Wholesale motor vehicle dealer" means any person who engages exclusively in the business of buying, selling, or dealing in motor vehicles at wholesale or with motor vehicle auctions. Such person shall be licensed to do business in this state, shall not sell or auction a vehicle to any person who is not a licensed dealer, and shall not have the privilege of the use of dealer license plates. Any person who buys, sells, or deals in motor vehicles at wholesale or with motor vehicle auctions on behalf of a licensed motor vehicle dealer and as a bona fide employee of such licensed motor vehicle dealer is not required to be licensed as a wholesale motor vehicle dealer. In such cases it shall be prima facie presumed that a bona fide employer-employee relationship exists. A wholesale motor vehicle dealer shall be exempt from the display provisions of this section but shall maintain an office wherein records are kept in order that those records may be inspected.

4. "Motor vehicle auction" means any person offering motor vehicles or recreational vehicles for sale to the highest bidder where ~~both sellers and~~ buyers are licensed motor vehicle dealers. Such person shall not sell a vehicle to anyone other than a licensed motor vehicle dealer.

5. "Salvage motor vehicle dealer" means any person who engages in the business of acquiring salvaged or wrecked motor vehicles for the purpose of reselling them and their parts.

The term "motor vehicle dealer" does not include persons not engaged in the purchase or sale of motor vehicles as a business who are disposing of vehicles acquired for their own use or for use in their business or acquired by foreclosure or by operation of law, provided such vehicles are acquired and sold in good faith and not for the purpose of avoiding the provisions of this law; persons engaged in the business of manufacturing, selling, or offering or displaying for sale at wholesale or retail no more than 25 trailers in a 12-month period; public officers while performing their official duties; receivers; trustees, administrators, executors, guardians, or other persons appointed by, or acting under the judgment or order of, any court; banks, finance companies, or other loan agencies that acquire motor vehicles as an incident to their regular business; motor vehicle brokers; and motor vehicle rental and leasing companies that sell motor vehicles to motor vehicle dealers licensed under this section. Vehicles owned under circumstances described in this paragraph may be disposed of at retail, wholesale, or auction, unless otherwise restricted. A manufacturer of fire trucks, ambulances, or school buses may sell such vehicles directly to governmental agencies or to persons who contract to perform or provide firefighting, ambulance, or school transportation services exclusively to governmental agencies without processing such sales through dealers if such fire trucks, ambulances, school buses, or similar vehicles are not presently available through motor vehicle dealers licensed by the department.

(f) "Bona fide employee" means a person who is employed by a licensed motor vehicle dealer and receives annually an Internal Revenue Service Form W-2, or an independent contractor who has a written contract with a licensed motor vehicle dealer and receives annually an Internal Revenue Service Form 1099, for the purpose of acting in the capacity of or conducting motor vehicle sales transactions as a motor vehicle dealer.

(7) CERTIFICATE OF TITLE REQUIRED.—For each used motor vehicle in the possession of a licensee and offered for sale by him or her, the licensee either shall have in his or her possession *or control* a duly assigned certificate of title from the owner in accordance with the provisions of chapter 319, from the time when the motor vehicle is delivered to the licensee and offered for sale by him or her until it has been disposed of by the licensee, or shall have reasonable indicia of ownership or right of possession, or shall have made proper application for a certificate of title or duplicate certificate of title in accordance with the provisions of chapter 319. A motor vehicle dealer may not sell or offer for sale a vehicle in his or her possession unless the dealer satisfies the requirements of this subsection. Reasonable indicia of ownership shall include a duly assigned certificate of title; in the case of a new motor vehicle, a manufacturer's certificate of origin issued to or reassigned to the dealer; a consignment contract between the owner and the dealer along with a secure power of attorney from the owner to the dealer authorizing the dealer to apply for a duplicate certificate of title and assign the title on behalf of the owner; a court order awarding title to the vehicle to the dealer; a salvage certificate of title; a photocopy of a duly assigned certificate of title being held by a financial institution as collateral for a business loan of money to the dealer ("floor plan"); a copy of a canceled check or other documentation evidencing that an outstanding lien on a vehicle taken in trade by a licensed dealer has been satisfied and that the certificate of title will be, but has not yet been, received by the dealer; a vehicle purchase order or installment contract for a specific vehicle identifying that vehicle as a trade-in on a replacement vehicle; or a duly executed odometer disclosure statement as required by Title IV of the Motor Vehicle Information and Cost Savings Act of 1972 (Pub. L. No. 92-513, as amended by Pub. L. No. 94-364 and Pub. L. No. 100-561) and by 49 C.F.R. part 580 bearing the signatures of the titled owners of a traded-in vehicle.

(9) DENIAL, SUSPENSION, OR REVOCATION.—The department may deny, suspend, or revoke any license issued hereunder or under the provisions of s. 320.77 or s. 320.771, upon proof that a licensee has failed to comply with any of the following provisions ~~with sufficient frequency so as to establish a pattern of wrongdoing on the part of the licensee~~:

(a) Willful violation of any other law of this state, including chapter 319, this chapter, or ss. 559.901-559.9221, which has to do with dealing in or repairing motor vehicles or mobile homes or willful failure to comply with any administrative rule promulgated by the department. Additionally, in the case of used motor vehicles, the willful violation of the federal law and rule in 15 U.S.C. s. 2304, 16 C.F.R. part 455, pertaining to the consumer sales window form.

(b) Commission of fraud or willful misrepresentation in application for or in obtaining a license.

(c) Perpetration of a fraud upon any person as a result of dealing in motor vehicles, including, without limitation, the misrepresentation to any person by the licensee of the licensee's relationship to any manufacturer, importer, or distributor.

(d) Representation that a demonstrator is a new motor vehicle, or the attempt to sell or the sale of a demonstrator as a new motor vehicle without written notice to the purchaser that the vehicle is a demonstrator. For the purposes of this section, a "demonstrator," a "new motor vehicle," and a "used motor vehicle" shall be defined as under s. 320.60.

(e) Unjustifiable refusal to comply with a licensee's responsibility under the terms of the new motor vehicle warranty issued by its respective manufacturer, distributor, or importer. However, if such refusal is at the direction of the manufacturer, distributor, or importer, such refusal shall not be a ground under this section.

(f) Misrepresentation or false, deceptive, or misleading statements with regard to the sale or financing of motor vehicles which any motor vehicle dealer has, or causes to have, advertised, printed, displayed, published, distributed, broadcast, televised, or made in any manner with regard to the sale or financing of motor vehicles.

(g) Requirement by any motor vehicle dealer that a customer or purchaser accept equipment on his or her motor vehicle which was not ordered by the customer or purchaser.

(h) Requirement by any motor vehicle dealer that any customer or purchaser finance a motor vehicle with a specific financial institution or company.

(i) Failure by any motor vehicle dealer to provide a customer or purchaser with an odometer disclosure statement and a copy of any bona fide written, executed sales contract or agreement of purchase connected with the purchase of the motor vehicle purchased by the customer or purchaser.

(j) Failure of any motor vehicle dealer to comply with the terms of any bona fide written, executed agreement, pursuant to the sale of a motor vehicle.

(k) Requirement by the motor vehicle dealer that the purchaser of a motor vehicle contract with the dealer for physical damage insurance.

(l) Violation of any of the provisions of s. 319.35 by any motor vehicle dealer.

(m) Either a history of bad credit or an unfavorable credit rating as revealed by the applicant's official credit report or by investigation by the department.

(n) Failure to disclose damage to a new motor vehicle as defined in s. 320.60(10) of which the dealer had actual knowledge if the dealer's actual cost of repair, excluding tires, bumpers, and glass, exceeds 3 percent of the manufacturer's suggested retail price; provided, however, if only the application of exterior paint is involved, disclosure shall be made if such touch-up paint application exceeds $100.

(o) Failure to apply for transfer of a title as prescribed in s. 319.23(6).

(p) Use of the dealer license identification number by any person other than the licensed dealer or his or her designee.

(q) Conviction of a felony.

(r) Failure to continually meet the requirements of the licensure law.

(s) *A person who has been* ~~When a motor vehicle dealer is~~ convicted of a crime*, infraction, or violation as set forth in paragraph (g)* ~~which results in his or her being prohibited from continuing in that capacity, the dealer~~ may not *serve* ~~continue~~ in any capacity within the industry. *Such person* ~~The offender~~ shall have no financial interest, management, sales, or other role in the operation of a dealership. Further, the *person* ~~offender~~ may not derive income from the dealership beyond reasonable compensation for the sale of his or her ownership interest in the business. *The license or application of any dealership in which such person has an interest or plays a role in violation of this subsection shall be denied or revoked, as the case may be.*

(t) Representation to a customer or any advertisement to the general public representing or suggesting that a motor vehicle is a new motor vehicle if such vehicle lawfully cannot be titled in the name of the customer or other member of the general public by the seller using a manufacturer's statement of origin as permitted in s. 319.23(1).

(u) Failure to honor a bank draft or check given to a motor vehicle dealer for the purchase of a motor vehicle by another motor vehicle dealer within 10 days after notification that the bank draft or check has been dishonored. A single violation of this paragraph is sufficient for revocation or suspension. If the transaction is disputed, the maker of the bank draft or check shall post a bond in accordance with the provisions of s. 559.917, and no proceeding for revocation or suspension shall be commenced until the dispute is resolved.

(v) Sale by a motor vehicle dealer of a vehicle offered in trade by a customer prior to consummation of the sale, exchange, or transfer of a newly acquired vehicle to the customer, unless the customer provides written authorization for the sale of the trade-in vehicle prior to delivery of the newly acquired vehicle.

Section 40. Paragraph (a) of subsection (11) of section 320.60, Florida Statutes, is amended and a new subsection (15) is added to read:

320.60 Definitions for ss. 320.61-320.70.—Whenever used in ss. 320.61-320.70, unless the context otherwise requires, the following words and terms have the following meanings:

(11)(a) "Motor vehicle dealer" means any person, firm, *company,* ~~or~~ corporation*, or other entity,* who,

1. Is licensed pursuant to s. 320.27 as a "franchised motor vehicle dealer" and, for commission, money or other things of value, repairs or services motor vehicles or used motor vehicles pursuant to an agreement as defined in subsection (1), or

2. Who sells, exchanges, buys, *leases* or rents, or offers, or attempts to negotiate a sale or exchange of any interest in, motor vehicles*,* or

3. Who is engaged wholly or in part in the business of selling motor vehicles, whether or not such motor vehicles are owned by such person, firm, *company,* or corporation.

(15) "Sell," "selling," "sold," "exchange," "retail sales," and "leases" includes any transaction where the title of motor vehicle or used motor vehicle is transferred to a retail consumer, and also any retail lease transaction where a retail customer leases a vehicle for a period of at least 12 months. Establishing a price for sale pursuant to s. 320.64(24) does not constitute a sale or lease.

Section 41. Subsection (4) of section 320.61, Florida Statutes, is amended to read:

320.61 Licenses required of motor vehicle manufacturers, distributors, importers, etc.—

(4) When a complaint of unfair *or prohibited* cancellation *or nonrenewal* of a dealer agreement is made by a motor vehicle dealer against a licensee and *such complaint is pending* ~~is in the process of being heard~~ pursuant to ss. 320.60-320.70 ~~by the department~~, no replacement application for such agreement shall be granted *and no license shall be issued by the department under s. 320.27 to any replacement dealer* until a final decision is rendered ~~by the department~~ on the complaint of unfair cancellation*, so long as the dealer agreement of the complaining dealer is in effect as provided under s. 320.641(7).*

Section 42. Subsections (13) and (16) are stricken, subsections (14), (15), and (17)-(23) are renumbered, subsection (20) is amended and renumbered as (18), and subsections (22)-(33) are added to section 320.64, Florida Statutes, to read:

320.64 Denial, suspension, or revocation of license; grounds.—A license *of a licensee under s. 320.61* may be denied, suspended, or revoked within the entire state or at any specific location or locations within the state at which the applicant or licensee engages or proposes to engage in business, *upon a proof that the section was violated with sufficient frequency to establish a pattern of wrongdoing and a licensee or applicant shall be liable for claims and remedies provided in s. 320.695 and s. 320.697 for any violation of any of the following provisions. A licensee is prohibited from committing the following acts:* ~~upon proof that an applicant or licensee has failed to comply with any of the following provisions with sufficient frequency so as to establish a pattern of wrongdoing on the part of the applicant:~~

(18)~~(20)~~ The applicant or licensee has established a system of motor vehicle allocation or distribution or has implemented a system of allocation or distribution of motor vehicles to one or more of its franchised motor vehicle dealers which is unfair, inequitable, unreasonably discriminatory, or not supportable by reason and good cause after considering the equities of the affected motor vehicles dealer or dealers. *An applicant or licensee shall maintain for 3 years records that describe its methods or formula of allocation and distribution of its motor vehicles and records of its actual allocation and distribution of motor vehicles to its motor vehicle dealers in this state.*

(22) The applicant or licensee has refused to deliver, in reasonable quantities and within a reasonable time, to any duly licensed motor vehicle dealer who has an agreement with such applicant or licensee for the retail sale of new motor vehicles and parts for motor vehicles sold or distributed by the applicant or licensee, any such motor vehicles or parts as are covered by such agreement. Such refusal includes the failure to offer to its same line-make franchised motor vehicle dealers all models manufactured for that line-make, or requiring a dealer to pay any extra fee, require a dealer to execute a separate franchise agreement, purchase unreasonable advertising displays or other materials, or remodel, renovate, or recondition the dealer's existing facilities, or provide exclusive facilities as a prerequisite to receiving a model or series of vehicles. However, the failure to deliver any motor vehicle or part will not be considered a violation of this section if the failure is due to an act of God, work stoppage, or delay due to a strike or labor difficulty, a freight embargo, product shortage, or other cause over which the applicant or licensee has no control. An applicant or licensee may impose reasonable requirements on the motor vehicle dealer, other than the items listed

above, including, but not limited to, the purchase of special tools required to properly service a motor vehicle, the undertaking of sales person or service person training related to the motor vehicle.

(23) The applicant or licensee has competed or is competing with respect to any activity covered by the franchise agreement with a motor vehicle dealer of the same line-make located in this state with whom the applicant or licensee has entered into a franchise agreement, except as permitted in s. 320.645.

(24) The applicant or licensee has sold a motor vehicle to any retail consumer in the state except through a motor vehicle dealer holding a franchise agreement for the line-make that includes the motor vehicle. This section does not apply to sales by the applicant or licensee of motor vehicles to its current employees, employees of companies affiliated by common ownership, charitable not-for-profit- organizations, and the federal government.

(25) The applicant or licensee has undertaken an audit of warranty payments or incentive payment previously paid to a motor vehicle dealer in violation of this section or has failed to comply with s. 320.696. An applicant or licensee may reasonably and periodically audit a motor vehicle dealer to determine the validity of paid claims. Audit of warranty payments shall only be for the 1-year period immediately following the date the claim was paid. Audit of incentive payments shall only be for an 18-month period immediately following the date the incentive was paid. An applicant or licensee shall not deny a claim or charge a motor vehicle dealer back subsequent to the payment of the claim unless the applicant or licensee can show that the claim was false or fraudulent or that the motor vehicle dealer failed to substantially comply with the reasonable written and uniformly applied procedures of the applicant or licensee for such repairs or incentives.

(26) Notwithstanding the terms of any franchise agreement, the applicant or licensee has refused to allocate, sell, or deliver motor vehicles, charged back or withheld payments or other things of value for which the dealer is otherwise eligible under a sales promotion, program, or contest, or prevented the motor vehicle dealer from participating in any promotion, program, or contest for selling a motor vehicle to a customer who was present at the dealership and the motor vehicle dealer did not know or should not have reasonably known that the vehicle would be shipped to a foreign country. There will be a rebuttable presumption that the dealer did not know or should not have reasonably known that the vehicle would be shipped to a foreign country if the vehicle is titled in one of the fifty United States.

(27) Notwithstanding the terms of any franchise agreement, the applicant or licensee has failed or refused to indemnify and hold harmless any motor vehicle dealer against any judgment for damages, or settlements agreed to by the applicant or licensee, including, without limitation, court costs and reasonable attorneys fees, arising out of complaints, claims, or lawsuits, including, without limitation, strict liability, negligence, misrepresentation, express or implied warranty, or revocation or rescission of acceptance of the sale of a motor vehicle, to the extent the judgment or settlement relates to the alleged negligent manufacture, design, or assembly of motor vehicles, parts, or accessories. Nothing herein shall obviate the licensee's obligations pursuant to chapter 681.

(28) The applicant or licensee has published, disclosed, or otherwise made available in any form information provided by a motor vehicle dealer with respect to sales prices of motor vehicles or profit per motor vehicle sold. Other confidential financial information provided by motor vehicle dealers shall not be published, disclosed, or otherwise made publicly available except in composite form. However, this information may be disclosed with the written consent of the dealer or in response to a subpoena or order of the Department, a court or a lawful tribunal, or introduced into evidence in such a proceeding, after timely notice to an affected dealer.

(29) The applicant or licensee has failed to reimburse a motor vehicle dealer in full for the reasonable cost of providing a loaner vehicle to any customer who is having a vehicle serviced at the motor vehicle dealer, if a loaner is required by the applicant or licensee, or a loaner is expressly part of an applicant or licensee's customer satisfaction index or computation.

(30) The applicant or licensee has conducted or threatened to conduct any audit of a motor vehicle dealer in order to coerce or attempt to coerce the dealer to forego any rights granted to the dealer under ss. 320.60-320.70 or under the agreement between the licensee and the motor vehicle dealer. Nothing in this section shall prohibit an applicant or licensee from reasonably and periodically auditing a dealer to determine the validity of paid claims.

(31) From and after the effective date of enactment of this provision, the applicant or licensee has offered to any motor vehicle dealer a franchise agreement that:

(a) Requires that a motor vehicle dealer bring an administrative or legal action in a venue outside of this state, or

(b) Requires that any arbitration, mediation, or other legal proceeding be conducted outside of this state, or

(c) Requires that a law of a state other than Florida be applied to any legal proceeding between a motor vehicle dealer and a licensee.

(32) Notwithstanding the terms of any franchise agreement, the applicant or licensee has rejected or withheld approval of any proposed transfer in violation of s. 320.643 or a proposed change of executive management in violation of s. 320.644.

Section 43. Section 320.641, Florida Statutes, is amended and a new subsection (8) is added to read:

320.641 *Discontinuations, cancellations, nonrenewals, modifications, and replacement*~~Unfair cancellation~~ of franchise agreements.—

(1)(a) An applicant or licensee shall give written notice to the motor vehicle dealer and the department of the licensee's intention to discontinue, cancel, or fail to renew a franchise agreement or of the licensee's intention to modify a franchise or replace a franchise with a succeeding franchise, which modification or replacement will adversely alter the rights or obligations of a motor vehicle dealer under an existing franchise agreement or will substantially impair the sales, service obligations, or investment of the motor vehicle dealer, at least 90 days before the effective date thereof, together with the specific grounds for such action.

(b) The failure by the licensee to comply with the 90-day notice period and procedure prescribed herein shall render voidable, at the option of the motor vehicle dealer, any discontinuation, cancellation, nonrenewal, modification, or replacement of any franchise agreement. Designation of a franchise agreement at a specific location as a "nondesignated point" shall be deemed an evasion of this section and constitutes an unfair cancellation.

(2) Franchise agreements are deemed to be continuing unless the applicant or licensee has notified the department of the discontinuation of, cancellation of, failure to renew, modification of, or replacement of the agreement of any of its motor vehicle dealers; and annual renewal of the license provided for under ss. 320.60-320.70 is not necessary for any cause of action against the licensee.

(3) Any motor vehicle dealer *who receives a notice of intent to discontinue, cancel, not renew, modify, or replace* ~~whose franchise agreement is discontinued, canceled, not renewed, modified, or replaced~~ may, within the 90-day notice period, file a petition or complaint for a determination of whether such action is an unfair or prohibited discontinuation, cancellation, nonrenewal, modification, or replacement. Agreements and certificates of appointment shall continue in effect until final determination of the issues raised in such petition or complaint by the motor vehicle dealer. A discontinuation, cancellation, or nonrenewal of a franchise agreement is unfair if it is not clearly permitted by the franchise agreement; is not undertaken in good faith; is not undertaken for good cause; or is based on an alleged breach of the franchise agreement which is not in fact a material and substantial breach*; or, if the grounds relied upon for termination, cancellation, or*

nonrenewal have not been applied in a uniform and consistent manner by the licensee. A modification or replacement is unfair if it is not clearly permitted by the franchise agreement; is not undertaken in good faith; or is not undertaken for good cause. The applicant or licensee shall have burden of proof that such action is fair and not prohibited.

(4) Notwithstanding any other provision of this section, the failure of a motor vehicle dealer to be engaged in business with the public for 10 consecutive business days constitutes abandonment by the dealer of his or her franchise agreement. If any motor vehicle dealer abandons his or her franchise agreement, he or she has no cause of action under this section. For the purpose of this section, a dealer shall be considered to be engaged in business with the public if a sales and service facility is open and is performing such services 8 hours a day, 5 days a week, excluding holidays. However, it will not be considered abandonment if such failure to engage in business is due to an act of God, a work stoppage, or a delay due to a strike or labor difficulty, a freight embargo, or other cause over which the motor vehicle dealer has no control, including any violation of ss. 320.60-320.70.

(5) Notwithstanding any other provision of this section, if a motor vehicle dealer has abandoned his or her franchise agreement as provided in subsection (4), the licensee may give written notice to the dealer and the department of the licensee's intention to discontinue, cancel, or fail to renew the franchise agreement with the dealer at least 15 days before the effective date thereof, specifying the grounds for such action. A motor vehicle dealer receiving such notice may file a petition or complaint for determination of whether in fact there has been an abandonment of the franchise.

(6) If the complainant motor vehicle dealer prevails, he or she shall have a cause of action against the licensee for reasonable attorneys' fees and costs incurred by him or her in such proceeding, and he or she shall have a cause of action under s. 320.697.

(7) Except as provided in s. 320.643, no replacement motor vehicle dealer shall be named for this point or location to engage in business *and the franchise agreement shall remain in effect until a final judgment is entered after all appeals are exhausted, provided that, when a motor vehicle dealer appeals a decision upholding a discontinuation, cancellation, or nonrenewal based upon abandonment or revocation of the dealer's license pursuant to s. 320.27, as lawful reasons for such discontinuation, cancellation, or nonrenewal, the franchise agreement shall remain in effect pending exhaustion of all appeals only if the motor vehicle dealer establishes a likelihood of success on appeal and that the public interest will not be harmed by keeping the franchise agreement in effect pending entry of final judgment after such appeal.* ~~prior to the final adjudication by the department on the petition or complaint and the exhaustion of all appellate remedies by the canceled or discontinued dealer, if a stay is issued by either the department or an appellate court.~~

(8) If a transfer is proposed pursuant to s. 320.643(1) or (2) after a notice of intent to discontinue, cancel, or not renew a franchise agreement is received but, prior to the final determination, including exhaustion of all appellate remedies of a motor vehicle dealer's complaint or petition contesting such action, the termination proceedings shall be stayed, without bond, during the period that the transfer is being reviewed by the licensee pursuant to s. 320.643.~~,~~ During the period that the transfer is being reviewed by the licensee, pursuant to s. 320.643, the franchise agreement shall remain in full force and effect, and the motor vehicle dealer shall retain all rights and remedies pursuant to the terms and conditions of the franchise agreement and applicable law, including all rights of transfer until such time as the licensee has accepted or rejected the proposed tranfer. If the proposed transfer is rejected, the motor vehicle dealer shall retain all of its rights pursuant to s. 320.643 to an administrative determination as to whether the licensee's rejection is in compliance with the provisions of s. 320.643, and during the pendency of any such administrative proceeding, and any related appellate proceedings, the termination proceedings shall remain stayed without bond, the franchise agreement shall remain in full force and effect and the motor vehicle dealer shall retain all rights and remedies pursuant to the terms and conditions of the franchise agreement and applicable law, including all rights of transfer. If a transfer is approved by the licensee or mandated by law, the termination proceedings shall be dismissed with prejudice as moot. The subsection (8) applies only to the first two proposed transfers pursuant to s. 320.643(1) or (2) after notice of intent to discontinue, cancel, or not renew is received.

Section 44. Section 320.643, Florida Statutes, is amended to read:

320.643 Transfer, assignment, or sale of franchise agreements.—

(1) A motor vehicle dealer shall not transfer, assign, or sell a franchise agreement to another person unless the dealer first notifies the licensee of the dealer's decision to make such transfer, by written notice setting forth the prospective transferee's name, address, financial qualification, and business experience during the previous 5 years. The licensee shall, in writing, within 60 days after receipt of such notice, inform the dealer either of the licensee's approval of the transfer, assignment, or sale or of the unacceptability of the proposed transferee, setting forth the material reasons for the rejection. If the licensee does not so inform the dealer within the 60-day period, its approval of the proposed transfer is deemed granted. No such transfer, assignment, or sale will be valid unless the transferee agrees in writing to comply with all requirements of the franchise then in effect. ~~Notwithstanding the terms of any franchise agreement, the acceptance by the licensee of the proposed transferee shall not be unreasonably withheld.~~ For the purposes of this section, the refusal by the licensee to accept a proposed transferee who is of good moral character and who otherwise meets the written, reasonable, and uniformly applied standards or qualifications, if any, of the licensee relating to *financial qualifications of the transferee and* the business experience of *the transferee or* the transferee's executive management ~~required by the licensee of its motor vehicle dealers~~ is presumed to be unreasonable. A *motor vehicle dealer whose proposed sale is rejected* ~~licensee who receives such notice~~ may, within 60 days following such receipt *of such rejection*, file with the department a ~~verified~~ complaint for a determination that the proposed transferee *has been rejected in violation of* ~~is not a person qualified to be a transferee under~~ this section. The licensee has the burden of proof with respect to all issues raised by such ~~verified~~ complaint. The department shall determine, and enter an order providing, that the proposed transferee is either qualified or is not and cannot be qualified for specified reasons, or the order may provide the conditions under which a proposed transferee would be qualified. If the licensee fails to file such *a response to the motor vehicle dealer's* ~~verified~~ complaint within *30*~~such 60~~ day*s after receipt of the complaint, unless the parties agree in writing to an extension,* ~~period~~ or if the department, after a hearing, ~~dismisses the complaint or~~ renders a decision other than one disqualifying the proposed transferee, the franchise agreement between the motor vehicle dealer and the licensee shall be deemed amended to incorporate such transfer or amended in accordance with the determination and order rendered, effective upon compliance by the proposed transferee with any conditions set forth in the determination or order.

(2)(a) Notwithstanding the terms of any franchise agreement, a licensee shall not, by contract or otherwise, fail or refuse to give effect to, prevent, prohibit, or penalize, or attempt to refuse to give effect to, prevent, prohibit, or penalize, any motor vehicle dealer or any proprietor, partner, stockholder, owner, or other person who holds or otherwise owns an interest therein from selling, assigning, transferring, alienating, or otherwise disposing of, in whole or in part, the equity interest of any of them in such motor vehicle dealer to any other person or persons, including a corporation established or existing for the purpose of owning or holding the stock or ownership interests of other entities, unless the licensee proves at a hearing pursuant to this section that such sale, transfer, alienation, or other disposition is to a person who is not, or whose controlling executive management is not, of good moral character. A motor vehicle dealer, or any proprietor, partner, stockholder, owner, or other person who holds or otherwise owns an interest in the motor vehicle dealer, who desires to sell, assign, transfer, alienate, or otherwise dispose of any interest in such motor vehicle dealer shall notify, or cause the proposed transferee to so notify, the licensee, in writing, of the identity and address of the proposed transferee. A licensee who receives such notice may, within 60 days following such receipt, *notify the motor vehicle dealer in writing* ~~file with the department a verified complaint for a determination~~ that the

proposed transferee is not a person qualified to be a transferee under this section *and setting forth the material reasons for such rejection. Failure of the licensee to notify the motor vehicle dealer within the 60-day period of such rejection shall be deemed an approval of the transfer. Any person whose proposed sale of stock is rejected may file within 60 days of receipt of such rejection a complaint with the Department alleging that the rejection was in violation of the law or the franchise agreement.* The licensee has the burden of proof with respect to all issues raised by such ~~verified~~ complaint. The department shall determine, and enter an order providing, that the proposed transferee either is qualified or is not and cannot be qualified for specified reasons; or the order may provide the conditions under which a proposed transferee would be qualified. If *the licensee fails to file a response to the motor vehicle dealer's complaint within 30 days of receipt of the complaint, unless the parties agree in writing to an extension, or if* ~~the licensee fails to file such verified complaint within such 60-day period or if~~ the department, after a hearing, ~~dismisses the complaint or~~ renders a decision *on the complaint* other than one disqualifying the proposed transferee, the transfer *shall be deemed approved* ~~franchise agreement between the motor vehicle dealer and the licensee shall be deemed amended to incorporate such transfer or amended~~ in accordance with the determination and order rendered, effective upon compliance by the proposed transferee with any conditions set forth in the determination or order.

(b) During the pendency of any such hearing, the franchise agreement of the motor vehicle dealer shall continue in effect in accordance with its terms. The department shall expedite any determination requested under this section.

(3) Notwithstanding the terms of any franchise agreement, the acceptance by the licensee of the proposed transferee shall not be unreasonably withheld. For the purposes of this section, the refusal by the licensee to accept a proposed transferee who satisfies the criteria set forth in subsection (1) or (2) is presumed to be unreasonable.

Section 45. Section 320.645, Florida Statutes, is amended to read:

320.645 Restriction upon ownership of dealership by licensee.—

(1) No licensee, including a manufacturer or agent of a manufacturer, or any parent, subsidiary, common entity, or officer or representative of the licensee shall own or operate, either directly or indirectly, a motor vehicle dealership in this state for the sale or service of motor vehicles which have been or are offered for sale under a franchise agreement with a motor vehicle dealer in this state. *A licensee may not be issued a motor vehicle dealer license pursuant to s. 320.27.* However, no such licensee will be deemed to be in violation of this section:

(a) When operating a motor vehicle dealership for a temporary period, not to exceed 1 year, during the transition from one owner of the motor vehicle dealership to another;

(b) When operating a motor vehicle dealership temporarily for a reasonable period *for the exclusive purpose of broadening the diversity of its dealer body and enhancing opportunities for qualified persons who are part of a group that has historically been underrepresented in its dealer body, or for other qualified persons who the licensee deems lack the resources to purchase or capitalize the dealership outright*, ~~not to exceed 1 year, or~~ in a bona fide relationship with an independent person, other than a licensee or its agent or affiliate, who has made a significant investment that is subject to loss in the dealership *within the dealership's first year of operation* and who can reasonably expect to acquire full ownership of the dealership on reasonable terms and conditions; or

(c) If the department determines, after a hearing on the matter, pursuant to chapter 120, at the request of any person, that there is no independent person available in the community or territory to own and operate the motor vehicle dealership in a manner consistent with the public interest.

In any such case, the licensee must continue to make the motor vehicle dealership available for sale to an independent person at a fair and reasonable price. Approval of the sale of such a motor vehicle dealership to a proposed motor vehicle dealer shall not be unreasonably withheld.

(2) As used in this section, the term:

(a) "Independent person" is a person who is not an officer, director, or employee of the licensee.

(b) "Reasonable terms and conditions" requires that profits from the dealership are reasonably expected to be sufficient to allow full ownership of the dealership by the independent person within a reasonable time period not to exceed 10 years, which time period may be extended if there is a reasonable basis to do so and is not being sought to evade the purpose of this section; that the independent person has sufficient control to permit acquisition of ownership; and that the relationship cannot be terminated solely to avoid full ownership. The terms and conditions are not reasonable if they preclude the independent person from an expedited purchase of the dealership using a monetary source other than profits from the dealership's operation; provided, however, that the independent person must pay or make an agreement to pay to the licensee any and all reasonable prepayment charges and costs, including all unrecouped restored losses, associated with the expedited purchase of the dealership. For the purpose of this section, unrecouped restored losses are monies that the manufacturer has provided to the dealership to restore losses of the dealership that the manufacturer has not been paid back through profits of the dealership.

(c) "Significant investment" means a reasonable amount, considering the reasonable capital requirements of the dealership, acquired and obtained from sources other than the licensee or any of its affiliates and not encumbered by the person's interest in the dealership.

(3) Nothing in this section shall prohibit, limit, restrict, or impose conditions on:

(a) The business activities, including, without limitation, the dealings with motor vehicle manufacturers and their representatives and affiliates, of any person that is primarily engaged in the business of short term not to exceed 12 months rental of motor vehicles and industrial and construction equipment and activities incidental to that business, provided that:

1. Any motor vehicles sold by such person are limited to used motor vehicles that have been previously used exclusively and regularly by such person in the conduct of its rental business and used motor vehicles traded in on motor vehicles sold by such person;

2. Warranty repairs performed under any manufacturer's new vehicle warranty by such person on motor vehicles are limited to those motor vehicles that it owns. As to previously owned vehicles, warranty repairs can be performed only if pursuant to a motor vehicle service agreement as defined in chapter 634, part I, issued by such person or an express warranty issued by such person on the retail sale of those vehicles previously owned; and

3. Motor vehicle financing provided by such person to retail consumers for motor vehicles is limited to used motor vehicles sold by such person in the conduct of its business; or

(b) The direct or indirect ownership, affiliation or control of a person described in paragraph (a) of this subsection.

(4) This section does not apply to any dealership that is owned, controlled, or operated by a licensee on July 1, 2000.

~~(2) This section shall not be construed to prohibit any licensee from owning or operating a motor vehicle dealership in this state if such dealership was owned or operated by the licensee on May 31, 1984.~~

Section 46. Subsection (2) of section 320.699, Florida Statutes, is amended to read:

320.699 Administrative hearings and adjudications; procedure.—

(2) If a written objection or notice of protest is filed with the department under paragraph (1)(b), a hearing shall be held *not sooner than 180 days nor later than 240 days from* ~~within 180 days of~~ the date

of filing of the first objection or notice of protest, unless the time is extended by the *Administrative Law Judge for good cause shown. This subsection shall govern the schedule of hearings in lieu of any other provision of law with respect to administrative hearings conducted by the Department of Highway Safety and Motor Vehicles or the Division of Administrative Hearings, including performance standards of state agencies, which may be included in current and future appropriations acts.* ~~hearing officer for good cause shown. If a hearing is not scheduled within said time, any party may request such hearing which shall be held forthwith by the hearing officer.~~

Section 320.6991 Severability.—If a provision of ss. 320.60-320.70 or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of ss. 320.60-320.70 that can be given effect without the invalid provision or application, and to this end the provisions of 320.60-320.70 are severable.

Section 57. Subsections (1), (3), and (10) of section 322.2615, Florida Statutes, are amended to read:

The officer shall take the person's driver's license and issue the person a *10-day* ~~30-day~~ temporary permit if the person is otherwise eligible for the driving privilege and shall issue the person a notice of suspension. If a blood test has been administered, the results of which are not available to the officer at the time of the arrest, the agency employing the officer shall transmit such results to the department within 5 days after receipt of the results. (b) The suspension under paragraph (a) shall be pursuant to, and the notice of suspension shall inform the driver of, the following:

b. The driver violated s. 316.193 by driving with an unlawful blood-alcohol level as provided in that section and his or her driving privilege is suspended for a period of 6 months for a first offense or for a period of 1 year if his or her driving privilege has been previously suspended for a violation of s. 316.193.

2. The suspension period shall commence on the date of arrest or issuance of the notice of suspension, whichever is later.

3. The driver may request a formal or informal review of the suspension by the department within 10 days after the date of arrest or issuance of the notice of suspension, whichever is later.

(10) A person whose driver's license is suspended under subsection (1) or subsection (3) may apply for issuance of a license for business or employment purposes only if the person is otherwise eligible for the driving privilege pursuant to s. 322.271.

If the driver is not issued a *10-day* ~~30-day~~ permit pursuant to this section or s. 322.64 because he or she is ineligible for the permit and the suspension for failure to submit to a breath, urine, or blood test is not invalidated by the department, the driver is not eligible to receive a business or employment license pursuant to s. 322.271 until 90 days have elapsed from the date of the suspension.

(b) If the suspension of the driver's license of the person arrested for a violation of s. 316.193, relating to unlawful blood-alcohol level, is sustained, the person is not eligible to receive a license for business or employment purposes only pursuant to s. 322.271 until 30 days have elapsed after the expiration of the last temporary permit issued. If the driver is not issued a *10-day* ~~30-day~~ permit pursuant to this section or s. 322.64 because he or she is ineligible for the permit and the suspension for a violation of s. 316.193, relating to unlawful blood-alcohol level, is not invalidated by the department, the driver is not eligible to receive a business or employment license pursuant to s. 322.271 until 30 days have elapsed from the date of the arrest.

322.27 Authority of department to suspend or revoke license.—

(5) The department shall revoke the license of any person designated a habitual offender, as set forth in s. 322.264, and such person shall not be eligible to be relicensed for ~~a minimum of~~ 5 years from the date of revocation, except as provided for in s. 322.271. Any person whose license is revoked may, by petition to the department, show cause why his or her license should not be revoked.

Section 59. Subsection (2) of section 322.28, Florida Statutes, is amended to read:

322.28 Period of suspension or revocation.—

(2) In a prosecution for a violation of s. 316.193 or former s. 316.1931, the following provisions apply:

(a) Upon conviction of the driver, the court, along with imposing sentence, shall revoke the driver's license or driving privilege of the person so convicted, effective on the date of conviction, and shall prescribe the period of such revocation in accordance with the following provisions:

1. Upon a first conviction for a violation of the provisions of s. 316.193, except a violation resulting in death, the driver's license or driving privilege shall be revoked for not less than 180 days or more than 1 year.

2. Upon a second conviction within a period of 5 years from the date of a prior conviction for a violation of the provisions of s. 316.193 or former s. 316.1931 or a combination of such sections, the driver's license or driving privilege shall be revoked for not less than 5 years.

3. Upon a third conviction within a period of 10 years from the date of conviction of the first of three or more convictions for the violation of the provisions of s. 316.193 or former s. 316.1931 or a combination of such sections, the driver's license or driving privilege shall be revoked for not less than 10 years.

For the purposes of this paragraph, a previous conviction outside this state for driving under the influence, driving while intoxicated, driving with an unlawful blood-alcohol level, or any other alcohol-related or drug-related traffic offense similar to the offense of driving under the influence as proscribed by s. 316.193 will be considered a previous

conviction for violation of s. 316.193, and a conviction for violation of former s. 316.028, former s. 316.1931, or former s. 860.01 is considered a conviction for violation of s. 316.193.

(b) If the period of revocation was not specified by the court at the time of imposing sentence or within 30 days thereafter, and is not otherwise specified by law, the department shall forthwith revoke the driver's license or driving privilege for the maximum period applicable under paragraph (a) for a first conviction and for the minimum period applicable under paragraph (a) for any subsequent convictions. The driver may, within 30 days after such revocation by the department, petition the court for further hearing on the period of revocation, and the court may reopen the case and determine the period of revocation within the limits specified in paragraph (a).

(c) The forfeiture of bail bond, not vacated within 20 days, in any prosecution for the offense of driving while under the influence of alcoholic beverages, chemical substances, or controlled substances to the extent of depriving the defendant of his or her normal faculties shall be deemed equivalent to a conviction for the purposes of this paragraph, and the department shall forthwith revoke the defendant's driver's license or driving privilege for the maximum period applicable under paragraph (a) for a first conviction and for the minimum period applicable under paragraph (a) for a second or subsequent conviction; however, if the defendant is later convicted of the charge, the period of revocation imposed by the department for such conviction shall not exceed the difference between the applicable maximum for a first conviction or minimum for a second or subsequent conviction and the revocation period under this subsection that has actually elapsed; upon conviction of such charge, the court may impose revocation for a period of time as specified in paragraph (a). This paragraph does not apply if an appropriate motion contesting the forfeiture is filed within the 20-day period.

~~(d) When any driver's license or driving privilege has been revoked pursuant to the provisions of this section, the department shall not grant a new license, except upon reexamination of the licensee after the expiration of the period of revocation so prescribed. However, the court may, in its sound discretion, issue an order of reinstatement on a form furnished by the department which the person may take to any driver's license examining office for reinstatement by the department pursuant to s. 322.282.~~

The Attorney General shall report ~~annually~~ to the President of the Senate, the Speaker of the House of Representatives, the Minority Leader of each house of the Legislature, and appropriate legislative committees regarding the *effectiveness* ~~efficiency and cost-effectiveness~~ of the pilot program.

Section 76. Subsections (5) and (7) of section 681.1097, Florida Statutes, are amended to read:

681.1097 Pilot RV Mediation and Arbitration Program; dispute eligibility and program function.—

(5) If the mediation ends in an impasse, or if a manufacturer fails to comply with the settlement entered into between the parties, the program administrator shall schedule the dispute for an arbitration hearing. Arbitration proceedings shall be open to the public on reasonable and nondiscriminatory terms.

(a) The arbitration hearing shall be conducted by a single arbitrator assigned by the program administrator. The arbitrator shall not be the same person as the mediator who conducted the prior mediation conference in the dispute. The parties may factually object to an arbitrator based on the arbitrator's past or present relationship with a party or a party's attorney, direct or indirect, whether financial, professional, social, or of any other kind. The program administrator shall consider any such objection, determine its validity, and notify the parties of any determination. If the objection is determined valid, the program administrator shall assign another arbitrator to the case.

(b) The arbitrator may issue subpoenas for the attendance of witnesses and for the production of records, documents, and other evidence. Subpoenas so issued shall be served and, upon application to the court by a party to the arbitration, enforced in the manner provided by law for the service and enforcement of subpoenas in civil actions. Fees for attendance as a witness shall be the same as for a witness in the circuit court.

(c) At all program arbitration proceedings, the parties may present oral and written testimony, present witnesses and evidence relevant to the dispute, cross-examine witnesses, and be represented by counsel. The arbitrator shall record the arbitration hearing and shall have the power to administer oaths. The arbitrator may inspect the vehicle if requested by a party or if the arbitrator considers such inspection appropriate.

(d) The program arbitrator may continue a hearing on his or her own motion or upon the request of a party for good cause shown. A request for continuance by the consumer constitutes a waiver of the time period set forth in s. 681.1096(3)(k) for completion of all proceedings under the program.

(e) Where the arbitration is the result of a manufacturer's failure to perform in accordance with a *settlement* ~~mediation~~ agreement, any relief to the consumer granted by the arbitration will be no less than the relief agreed to by the manufacturer in the settlement agreement.

(f) The arbitrator shall grant relief if a reasonable number of attempts have been undertaken to correct a nonconformity or nonconformities.

(g) The program arbitrator shall render a decision within 10 days of the closing of the hearing. The decision shall be in writing on a form prescribed or approved by the department. The program administrator shall send a copy of the decision to the consumer and each involved manufacturer by registered mail. The program administrator shall also send a copy of the decision to the department within 5 days of mailing to the parties.

(h) A manufacturer shall comply with an arbitration decision within 40 days of the date the manufacturer receives the written decision. Compliance occurs on the date the consumer receives delivery of an acceptable replacement motor vehicle or the refund specified in the arbitration award. If a manufacturer fails to comply within the time required, the consumer must notify the program administrator in writing within 10 days. The program administrator shall notify the department of a manufacturer's failure to comply. The department shall have the authority to enforce compliance with arbitration decisions under this section in the same manner as is provided for enforcement of compliance with board decisions under s. 681.1095(10). In any civil action arising under this chapter and relating to a dispute arbitrated pursuant to this section, the decision of the arbitrator is admissible in evidence.

(i) Either party may request that the program arbitrator make a technical correction to the decision by filing a written request with the program administrator within 10 days after receipt of the written decision. Technical corrections shall be limited to computational errors, correction of a party's name or information regarding the recreational vehicle, and typographical or spelling errors. Technical correction of a decision shall not toll the time for filing an appeal or for manufacturer compliance.

(7) *A decision of the arbitrator is binding unless appealed by either party by filing a petition with the circuit court within the time and in the manner prescribed by s. 681.1095(10) and (12). Section 681.1095(13) and (14) apply to appeals filed under this section.* ~~Either party may make application to the circuit court for the county in which one of the parties resides or has a place of business or, if neither party resides or has a place of business in this state, the county where the arbitration hearing was held, for an order confirming, vacating, modifying, or correcting any award, in accordance with the provisions of this section and ss. 682.12, 682.13, 682.14, 682.15, and 682.17. Such application must be filed within 30 days of the moving party's receipt of the written decision or the decision becomes final. Upon filing such application, the moving party shall mail a copy to the department and, upon entry of any judgment or decree, shall mail a copy of such judgment or decree to the department. A review of such application by the circuit court shall be confined to the record of the proceedings before the program arbitrator. The court shall conduct a de novo review of the questions of law raised in the application. In addition to the grounds set forth in ss. 682.13 and 682.14, the court shall consider questions of fact raised in the application. In reviewing questions of fact, the court shall uphold the award unless it determines that the factual findings of the arbitrator are not supported by substantial evidence in the record and that the substantial rights of the moving party have been prejudiced. If the arbitrator fails to state findings or reasons for the stated award, or the findings or reasons are inadequate, the court shall search the record to determine whether a basis exists to uphold the award. The court shall expedite consideration of any application filed under this section on the calendar.~~

~~(a)~~ If a decision of a program arbitrator in favor of a consumer is confirmed by the court, recovery by the consumer shall include the pecuniary value of the award, attorney's fees incurred in obtaining confirmation of the award, and all costs and continuing damages in the amount of $25 per day for each day beyond the 40-day period following a manufacturer's receipt of the arbitrator's decision. If a court determines the manufacturer acted in bad faith in bringing the appeal or brought the appeal solely for the purpose of harassment, or in complete absence of a justiciable issue of law or fact, the court shall double, and may triple, the amount of the total award.

~~(b) An appeal of a judgment or order by the court confirming, denying confirmation, modifying or correcting, or vacating the award~~

~~may be taken in the manner and to the same extent as from orders or judgments in a civil action.~~

Section 78. Section 715.07, Florida Statutes, is amended to read:

(1) As used in this section, the *terms:*

(a) ~~term~~ "Vehicle" means any mobile item which normally uses wheels, whether motorized or not.

(b) "Vessel" means every description of watercraft, barge, and air boat used or capable of being used as a means of transportation on water, other than a seaplane or a documented vessel, as defined in s. 327.02(8).

(2) The owner or lessee of real property, or any person authorized by the owner or lessee, which person may be the designated representative of the condominium association if the real property is a condominium, may cause any vehicle *or vessel* parked on such property without her or his permission to be removed by a person regularly engaged in the business of towing vehicles *or vessels*, without liability for the costs of removal, transportation, or storage or damages caused by such removal, transportation, or storage, under any of the following circumstances:

(a) The towing or removal of any vehicle *or vessel* from private property without the consent of the registered owner or other legally authorized person in control of that vehicle *or vessel* is subject to strict compliance with the following conditions and restrictions:

1.a. Upon receipt of a telephoned request to open the site to redeem a vehicle *or vessel*, the operator shall return to the site within 1 hour or she or he will be in violation of this section.

b. If no towing business providing such service is located within the area of towing limitations set forth in sub-subparagraph a., the following limitations apply: any towed or removed vehicle *or vessel* must be stored at a site within 20 miles of the point of removal in any county of 500,000 population or more, and within 30 miles of the point of removal in any county of less than 500,000 population.

2. The person or firm towing or removing the vehicle *or vessel* shall, within 30 minutes of completion of such towing or removal, notify the municipal police department or, in an unincorporated area, the sheriff of such towing or removal, the storage site, the time the vehicle *or vessel* was towed or removed, and the make, model, color, and license plate number of the vehicle *or the make, model, color, and registration number of the vessel* and shall obtain the name of the person at that department to whom such information was reported and note that name on the trip record.

3. If the registered owner or other legally authorized person in control of the vehicle *or vessel* arrives at the scene prior to removal or towing of the vehicle *or vessel*, the vehicle *or vessel* shall be disconnected from the towing or removal apparatus, and that person shall be allowed to remove the vehicle *or vessel* without interference upon the payment of a reasonable service fee of not more than one-half of the posted rate for such towing service as provided in subparagraph 6., for which a receipt shall be given, unless that person refuses to remove the vehicle *or vessel* which is otherwise unlawfully parked *or located*.

4. The rebate or payment of money or any other valuable consideration from the individual or firm towing or removing vehicles *or vessels* to the owners or operators of the premises from which the vehicles are towed or removed, for the privilege of removing or towing those vehicles *or vessels*, is prohibited.

5. Except for property appurtenant to and obviously a part of a single-family residence, and except for instances when notice is personally given to the owner or other legally authorized person in control of the vehicle *or vessel* that the area in which that vehicle *or vessel* is parked is reserved or otherwise unavailable for unauthorized vehicles *or vessels* and subject to being removed at the owner's or operator's expense, any property owner or lessee, or person authorized by the property owner or lessee, prior to towing or removing any vehicle *or vessel* from private property without the consent of the owner or other legally authorized person in control of that vehicle *or vessel*, must post a notice meeting the following requirements:

a. The notice must be prominently placed at each driveway access or curb cut allowing vehicular access to the property, within 5 feet from the public right-of-way line. If there are no curbs or access barriers, the signs must be posted not less than one sign for each 25 feet of lot frontage.

b. The notice must clearly indicate, in not less than 2-inch high, light-reflective letters on a contrasting background, that unauthorized vehicles will be towed away at the owner's expense. *Owners or lessees that remove vessels from their properties shall post notice, consistent with the requirements of this subparagraph, that unauthorized vehicles or vessels will be towed at the owner's expense.* The words "tow-away zone" must be included on the sign in not less than 4-inch high letters.

c. The notice must also provide the name and current telephone number of the person or firm towing or removing the vehicles *or vessels*, if the property owner, lessee, or person in control of the property has a written contract with the towing company.

d. The sign structure containing the required notices must be permanently installed with the words "tow-away zone" not less than 3 feet and not more than 6 feet above ground level and must be continuously maintained on the property for not less than 24 hours prior to the towing or removal of any vehicles *or vessels*.

e. The local government may require permitting and inspection of these signs prior to any towing or removal of vehicles *or vessels* being authorized.

f. A business with 20 or fewer parking spaces satisfies the notice requirements of this subparagraph by prominently displaying a sign stating "Reserved Parking for Customers Only Unauthorized Vehicles *or Vessels* Will be Towed Away At the Owner's Expense" in not less than 4-inch high, light-reflective letters on a contrasting background.

A business owner or lessee may authorize the removal of a vehicle *or vessel* by a towing company when the vehicle is parked in such a manner that restricts the normal operation of business; and if a vehicle *or vessel* parked on a public right-of-way obstructs access to a private driveway the owner, lessee, or agent may have the vehicle *or vessel* removed by a towing company upon signing an order that the vehicle *or vessel* be removed without a posted tow-away zone sign.

6. Any person or firm that tows or removes vehicles *or vessels* and proposes to require an owner, operator, or person in control of a vehicle *or vessel* to pay the costs of towing and storage prior to redemption of the vehicle *or vessel* must file and keep on record with the local law enforcement agency a complete copy of the current rates to be charged for such services and post at the storage site an identical rate schedule and any written contracts with property owners, lessees, or persons in control of property which authorize such person or firm to remove vehicles *or vessels* as provided in this section.

7. Any person or firm towing or removing any vehicles *or vessels* from private property without the consent of the owner or other legally authorized person in control of the vehicles *or vessels* shall, on any trucks, wreckers as defined in s. 713.78(1)(b), or other vehicles used in

the towing or removal, have the name, address, and telephone number of the company performing such service clearly printed in contrasting colors on the driver and passenger sides of the vehicle. The name shall be in at least 3-inch permanently affixed letters, and the address and telephone number shall be in at least 1-inch permanently affixed letters.

8. Vehicle entry for the purpose of removing the vehicle *or vessel* shall be allowed with reasonable care on the part of the person or firm towing the vehicle *or vessel*. Such person or firm shall be liable for any damage occasioned to the vehicle *or vessel* if such entry is not in accordance with the standard of reasonable care.

9. When a vehicle *or vessel* has been towed or removed pursuant to this section, it must be released to its owner or custodian within one hour after requested. Any vehicle *or vessel* owner, custodian, or agent shall have the right to inspect the vehicle *or vessel* before accepting its return, and no release or waiver of any kind which would release the person or firm towing the vehicle *or vessel* from liability for damages noted by the owner or other legally authorized person at the time of the redemption may be required from any vehicle *or vessel* owner, custodian, or agent as a condition of release of the vehicle *or vessel* to its owner. A detailed, signed receipt showing the legal name of the company or person towing or removing the vehicle *or vessel* must be given to the person paying towing or storage charges at the time of payment, whether requested or not.

(b) These requirements shall be the minimum standards and shall not preclude enactment of additional regulations by any municipality or county including the right to regulate rates when vehicles *or vessels* are towed from private property.

(3) This section does not apply to law enforcement, firefighting, rescue squad, ambulance, or other emergency vehicles *or vessels* which are marked as such or to property owned by any governmental entity.

(4) When a person improperly causes a vehicle *or vessel* to be removed, such person shall be liable to the owner or lessee of the vehicle *or vessel* for the cost of removal, transportation, and storage; any damages resulting from the removal, transportation, or storage of the vehicle; attorneys' fees; and court costs.

(5) Failure to make good faith best efforts to comply with the notice requirement of this section, as appropriate, shall preclude the imposition of any towing or storage charges against such vehicle or vessel.

(6)~~(5)~~(a) Any person who violates the provisions of subparagraph (2)(a)2. or subparagraph (2)(a)6. *commits* ~~is guilty of~~ a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

(b) Any person who violates the provisions of subparagraph (2)(a)7. *commits* ~~is guilty of~~ a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

Section 79. Subsection (3) is added to section 832.09, Florida Statutes, to read:

(2)(a)1. The Florida Transportation Commission is hereby created and shall consist of nine members appointed by the Governor subject to confirmation by the Senate. Members of the commission shall serve terms of 4 years each.

Except as specifically provided in s. 339.135(4)(c)2., (d), and (f), the commission may not consider individual construction projects, but shall consider methods of accomplishing the goals of the department in the most effective, efficient, and businesslike manner.

7. Recommend to the Governor and the Legislature improvements to the department's organization in order to streamline and optimize the efficiency of the department. In reviewing the department's organization, the commission shall determine if the current district organizational structure is responsive to Florida's changing economic and demographic development patterns. The initial report by the commission must be delivered to the Governor and Legislature by December 15, 2000, and each year thereafter, as appropriate. The commission may retain such experts as are reasonably necessary to effectuate this subparagraph, and the department shall pay the expenses of such experts.

(c) The commission or a member thereof may not enter into the day-to-day operation of the department and is specifically prohibited from taking part in:

1. The awarding of contracts.

3. The selection of a route for a specific project.

4. The specific location of a transportation facility.

(d)1. The chair of the commission shall be selected by the commission members and shall serve a 1-year term.

2. The commission shall hold a minimum of 4 regular meetings annually, and other meetings may be called by the chair upon giving at least 1 week's notice to all members and the public pursuant to chapter 120. Other meetings may also be held upon the written request of at least four other members of the commission, with at least 1 week's notice of such meeting being given to all members and the public by the chair pursuant to chapter 120. Emergency meetings may be held without notice upon the request of all members of the commission. *At each meeting of the commission, the secretary or his or her designee shall submit a report of major actions taken by him or her as official representative of the department.*

3. A majority of the membership of the commission constitutes a quorum at any meeting of the commission. An action of the commission is not binding unless the action is taken pursuant to an affirmative vote of a majority of the members present, but not fewer than four members of the commission at a meeting held pursuant to subparagraph 2., and the vote is recorded in the minutes of that meeting.

4. The chair shall cause to be made a complete record of the proceedings of the commission, which record shall be open for public inspection.

(e) The meetings of the commission shall be held in the central office of the department in Tallahassee unless the chair determines that special circumstances warrant meeting at another location.

(g) A member of the commission may not have any interest, direct or indirect, in any contract, franchise, privilege, or other benefit granted or awarded by the department during the term of his or her appointment and for 2 years after the termination of such appointment.

(h) The commission shall appoint an executive director and assistant executive director, who shall serve under the direction, supervision, and control of the commission. The executive director, with the consent of the commission, shall employ such staff as are necessary to perform adequately the functions of the commission, within budgetary limitations. All employees of the commission are exempt from part II of chapter 110 and shall serve at the pleasure of the commission. The salaries and benefits of all employees of the commission shall be set in accordance with the Selected Exempt Service; provided, however,

that the commission shall have complete authority for fixing the salary of the executive director and assistant executive director.

(i) The commission shall develop a budget pursuant to chapter 216. The budget is not subject to change by the department, but such budget shall be submitted to the Governor along with the budget of the department.

(3)(a) The central office shall establish departmental policies, rules, procedures, and standards and shall monitor the implementation of such policies, rules, procedures, and standards in order to ensure uniform compliance and quality performance by the districts and central office units that implement transportation programs. Major transportation policy initiatives or revisions shall be submitted to the commission for review. ~~The central office monitoring function shall be based on a plan that clearly specifies what areas will be monitored, activities and criteria used to measure compliance, and a feedback process that assures monitoring findings are reported and deficiencies corrected. The secretary is responsible for ensuring that a central office monitoring function is implemented, and that it functions properly. In conjunction with its monitoring function, the central office shall provide such training and administrative support to the districts as the department determines to be necessary to ensure that the department's programs are carried out in the most efficient and effective manner.~~

(1) A county, municipality, special district as defined in chapter 189, or other political subdivision of the state seeking to construct or improve a public building, structure, or other public construction works must competitively award to an appropriately licensed contractor each project that is estimated in accordance with generally accepted cost-accounting principles to have total construction project costs of more than $200,000. For electrical work, local government must competitively award to an appropriately licensed contractor each project that is estimated in accordance with generally accepted cost-accounting principles to have a cost of more than $50,000. As used in this section, the term "competitively award" means to award contracts based on the submission of sealed bids, proposals submitted in response to a request for proposal, proposals submitted in response to a request for qualifications, or proposals submitted for competitive negotiation. This subsection expressly allows contracts for construction management services, design/build contracts, continuation contracts based on unit prices, and any other contract arrangement with a private sector contractor permitted by any applicable municipal or county ordinance, by district resolution, or by state law. For purposes of this section, construction costs include the cost of all labor, except inmate labor, and include the cost of equipment and materials to be used in the construction of the project. Subject to the provisions of subsection (3), the county, municipality, special district, or other political subdivision may establish, by municipal or county ordinance or special district resolution, procedures for conducting the bidding process.

(a) The provisions of this subsection do not apply:

1. When the project is undertaken to replace, reconstruct, or repair an existing facility damaged or destroyed by a sudden unexpected turn of events, such as an act of God, riot, fire, flood, accident, or other urgent circumstances, and such damage or destruction creates:

a. An immediate danger to the public health or safety;

b. Other loss to public or private property which requires emergency government action; or

c. An interruption of an essential governmental service.

2. When, after notice by publication in accordance with the applicable ordinance or resolution, the governmental entity does not receive any responsive bids or responses.

3. To construction, remodeling, repair, or improvement to a public electric or gas utility system when such work on the public utility system is performed by personnel of the system.

4. To construction, remodeling, repair, or improvement by a utility commission whose major contracts are to construct and operate a public electric utility system.

5. When the project is undertaken as repair or maintenance of an existing public facility.

6. When the project is undertaken exclusively as part of a public educational program.

7. When the funding source of the project will be diminished or lost because the time required to competitively award the project after the funds become available exceeds the time within which the funding source must be spent.

8. When the local government has competitively awarded a project to a private sector contractor and the contractor has abandoned the project before completion or the local government has terminated the contract.

9. When the governing board of the local government, after public notice, conducts a public meeting under s. 286.011 and finds by a majority vote of the governing board that it is in the public's best interest to perform the project using its own services, employees, and equipment. The public notice must be published at least 14 days prior to the date of the public meeting at which the governing board takes final action to apply this subparagraph. The notice must identify the project, the estimated cost of the project, and specify that the purpose for the public meeting is to consider whether it is in the public's best interest to perform the project using the local government's own services, employees, and equipment. In deciding whether it is in the public's best interest for local government to perform a project using its own services, employees, and equipment, the governing board may consider the cost of the project, whether the project requires an increase in the number of government employees, an increase in capital expenditures for public facilities, equipment or other capital assets, the impact on local economic development, the impact on small and minority business owners, the impact on state and local tax revenues, whether the private sector contractors provide health insurance and other benefits equivalent to those provided by the local government, and any other factor relevant to what is in the public's best interest.

10. When the governing board of the local government determines upon consideration of specific substantive criteria and administrative procedures that it is in the best interest of the local government to award the project to an appropriately licensed private sector contractor according to procedures established by and expressly set forth in a charter, ordinance, or resolution of the local government adopted prior to July 1, 1994. The criteria and procedures must be set out in the charter, ordinance, or resolution and must be applied uniformly by the local government to avoid award of any project in an arbitrary or capricious manner. This exception shall apply when all of the following occur:

a. When the governing board of the local government, after public notice, conducts a public meeting under s. 286.011 and finds by a two-thirds vote of the governing board that it is in the public's best interest to award the project according to the criteria and procedures established by charter, ordinance, or resolution. The public notice must be published at least 14 days prior to the date of the public meeting at which the governing board takes final action to apply this subparagraph. The notice must identify the project, the estimated cost of the project, and specify that the purpose for the public meeting is to consider whether it is in the public's best interest to award the project using the criteria and procedures permitted by the preexisting ordinance.

b. In the event the project is to be awarded by any method other than a competitive selection process, the governing board must find evidence that:

(I) There is one appropriately licensed contractor who is uniquely qualified to undertake the project because that contractor is currently under contract to perform work that is affiliated with the project; or

(II) The time to competitively award the project will jeopardize the funding for the project, or will materially increase the cost of the project or will create an undue hardship on the public health, safety, or welfare.

c. In the event the project is to be awarded by any method other than a competitive selection process, the published notice must clearly specify the ordinance or resolution by which the private sector contractor will be selected and the criteria to be considered.

d. In the event the project is to be awarded by a method other than a competitive selection process, the architect or engineer of record has provided a written recommendation that the project be awarded to the private sector contractor without competitive selection; and the consideration by, and the justification of, the government body are documented, in writing, in the project file and are presented to the governing board prior to the approval required in this paragraph.

11. To projects subject to chapter 336.

Each public airport license will expire no later than 1 year after the effective date of the license, except that the expiration date of a license may be adjusted to provide a maximum license period of 18 months to facilitate airport inspections, recognize seasonal airport operations, or improve administrative efficiency. ~~If the expiration date for a public airport is adjusted, the appropriate license fee shall be determined by prorating the annual fee based on the length of the adjusted license period.~~

2. *Registration* ~~The license period~~ for *private* ~~all~~ airports ~~other than public airports~~ will *remain valid provided specific elements of airport data, established by the department, are periodically recertified by the airport registrant. The ability to recertify private airport registration data shall be available at all times by electronic submittal. Recertification shall be required each 12 months. A private airport registration that has not been recertified in the 12-month period following the last certification shall expire. The expiration date of the current registration period will be clearly identifiable from the state aviation facility data system.* ~~be set by the department, but shall not exceed a period of 5 years. Such advances shall be reimbursed to the department on an appropriate schedule not to exceed 5 years after the date of provision of the advances.

(d)~~(e)~~ The department is authorized to fund up to 100 percent of the capital and net operating costs of statewide transit service development projects or transit corridor projects. All transit service development projects shall be specifically identified by way of a departmental appropriation request, and transit corridor projects shall be identified as part of the planned improvements on each transportation corridor designated by the department. The project objectives, the assigned operational and financial responsibilities, the timeframe required to develop the required service, and the criteria by which the success of the project will be judged shall be documented by the department for each such transit service development project or transit corridor project.

(e)~~(f)~~ The department is authorized to fund up to 50 percent of the capital and net operating costs of transit service development projects that are local in scope and that will improve system efficiencies,

ridership, or revenues. All such projects shall be identified in the appropriation request of the department through a specific program of projects, as provided for in s. 341.041, that is selectively applied in the following functional areas and is subject to the specified times of duration:

1. Improving system operations, including, but not limited to, realigning route structures, increasing system average speed, decreasing deadhead mileage, expanding area coverage, and improving schedule adherence, for a period of up to 3 years;

2. Improving system maintenance procedures, including, but not limited to, effective preventive maintenance programs, improved mechanics training programs, decreasing service repair calls, decreasing parts inventory requirements, and decreasing equipment downtime, for a period of up to 3 years;

3. Improving marketing and consumer information programs, including, but not limited to, automated information services, organized advertising and promotion programs, and signing of designated stops, for a period of up to 2 years; and

4. Improving technology involved in overall operations, including, but not limited to, transit equipment, fare collection techniques, electronic data processing applications, and bus locators, for a period of up to 2 years.

For purposes of this section, the term "net operating costs" means all operating costs of a project less any federal funds, fares, or other sources of income to the project.

Within the resources provided pursuant to chapter 216, and as authorized under Title 49 C.F.R. part 212, the department shall:

(10) Administer rail operating and construction programs, which programs shall include ~~the regulation of maximum train operating speeds,~~ the opening and closing of public grade crossings, the construction and rehabilitation of public grade crossings, and the installation of traffic control devices at public grade crossings, ~~the administering of the programs by the department~~ including participation in the cost of the programs.

The authority's determination to negotiate the sale of such bonds may be based in part upon the written advice of its financial advisor*. Pending the preparation of definitive bonds, interim certificates may be issued to the purchaser or purchasers of such bonds and may contain such terms and conditions as the authority may determine.

(d) The authority may issue bonds pursuant to paragraph (b) to refund any bonds previously issued regardless of whether the bonds being refunded were issued by the authority pursuant to this chapter or on behalf of the authority pursuant to the State Bond Act.

Section 47. Section 348.765, Florida Statutes, is amended to read:

348.765 This part complete and additional authority.—

(1) The powers conferred by this part shall be in addition and supplemental to the existing powers of said board and the department, and this part shall not be construed as repealing any of the provisions, of any other law, general, special or local, but to supersede such other laws in the exercise of the powers provided in this part, and to provide a complete method for the exercise of the powers granted in this part. The extension and improvement of said Orlando-Orange County Expressway System, and the issuance of bonds hereunder to finance all or part of the cost thereof, may be accomplished upon compliance with the provisions of this part without regard to or necessity for compliance with the provisions, limitations, or restrictions contained in any other general, special or local law, *including, but not limited to, s. 215.821,* and no approval of any bonds issued under this part by the qualified electors or qualified electors who are freeholders in the state or in said County of Orange, or in said City of Orlando, or in any other political subdivision of the state, shall be required for the issuance of such bonds pursuant to this part.

(2) This part shall not be deemed to repeal, rescind, or modify any other law or laws relating to said State Board of Administration, said Department of Transportation, or the Division of Bond Finance of the State Board of Administration, but shall be deemed to and shall supersede such other law or laws as are inconsistent with the provisions of this part*, including, but not limited to, s. 215.821*.

Section 48. Subsections (1) through (6) and subsection (8) of section 373.4137, Florida Statutes, are amended, and subsection (9) is added to said section, to read:

373.4137 Mitigation requirements.—

(1) The Legislature finds that environmental mitigation for the impact of transportation projects proposed by the Department of Transportation *or a transportation authority established pursuant to chapter 348 or chapter 349* can be more effectively achieved by regional, long-range mitigation planning rather than on a project-by-project basis. It is the intent of the Legislature that mitigation to offset the adverse effects of these transportation projects be funded by the Department of Transportation and be carried out by the Department of Environmental Protection and the water management districts, including the use of mitigation banks established pursuant to this part.

(2) Environmental impact inventories for transportation projects proposed by the Department of Transportation *or a transportation authority established pursuant to chapter 348 or chapter 349* shall be developed as follows:

(a) By May 1 of each year, the Department of Transportation *or a transportation authority established pursuant to chapter 348 or chapter 349* shall submit to the Department of Environmental Protection and the water management districts a copy of its adopted work program and an inventory of habitats addressed in the rules tentatively, pursuant to this part and s. 404 of the Clean Water Act, 33 U.S.C. s. 1344, which may be impacted by its plan of construction for transportation projects in the next 3 years of the tentative work program. The Department of Transportation *or a transportation authority established pursuant to*

chapter 348 or chapter 349 may also include in its inventory the habitat impacts of any future transportation project identified in the tentative work program.

(b) The environmental impact inventory shall include a description of these habitat impacts, including their location, acreage, and type; state water quality classification of impacted wetlands and other surface waters; any other state or regional designations for these habitats; and a survey of threatened species, endangered species, and species of special concern affected by the proposed project.

(3)*(a)* To fund the mitigation plan for the projected impacts identified in the inventory described in subsection (2), the Department of Transportation shall identify funds quarterly in an escrow account within the State Transportation Trust Fund for the environmental mitigation phase of projects budgeted by the Department of Transportation for the current fiscal year. The escrow account will be maintained by the Department of Transportation for the benefit of the Department of Environmental Protection and the water management districts. Any interest earnings from the escrow account shall remain with the Department of Transportation.

(b) Each transportation authority established pursuant to chapter 348 or chapter 349 that chooses to participate in this program shall create an escrow account within its financial structure and deposit funds in the account to pay for the environmental mitigation phase of projects budgeted for the current fiscal year. The escrow account will be maintained by the authority for the benefit of the Department of Environmental Protection and the water management districts. Any interest earnings from the escrow account shall remain with the authority.

(c) The Department of Environmental Protection or water management districts may request a transfer of funds from *an* ~~the~~ escrow account no sooner than 30 days prior to the date the funds are needed to pay for activities associated with development or implementation of the approved mitigation plan described in subsection (4) for the current fiscal year, including, but not limited to, design, engineering, production, and staff support. Actual conceptual plan preparation costs incurred before plan approval may be submitted to the Department of Transportation *or the appropriate transportation authority* and the Department of Environmental Protection by November 1 of each year with the plan. The conceptual plan preparation costs of each water management district will be paid based on the amount approved on the mitigation plan and allocated to the current fiscal year projects identified by the water management district. The amount transferred to the escrow *accounts* ~~account~~ each year by the Department of Transportation *and participating transportation authorities established pursuant to chapter 348 or chapter 349* shall correspond to a cost per acre of $75,000 multiplied by the projected acres of impact identified in the inventory described in subsection (2). However, the $75,000 cost per acre does not constitute an admission against interest by the state or its subdivisions nor is the cost admissible as evidence of full compensation for any property acquired by eminent domain or through inverse condemnation. Each July 1, the cost per acre shall be adjusted by the percentage change in the average of the Consumer Price Index issued by the United States Department of Labor for the most recent 12-month period ending September 30, compared to the base year average, which is the average for the 12-month period ending September 30, 1996. At the end of each year, the projected acreage of impact shall be reconciled with the acreage of impact of projects as permitted, including permit modifications, pursuant to this part and s. 404 of the Clean Water Act, 33 U.S.C. s. 1344. The subject year's transfer of funds shall be adjusted accordingly to reflect the overtransfer or undertransfer of funds from the preceding year. The Department of Transportation *and participating transportation authorities established pursuant to chapter 348 or chapter 349 are* ~~is~~ authorized to transfer such funds from the escrow *accounts* ~~account~~ to the Department of Environmental Protection and the water management districts to carry out the mitigation programs.

(4) Prior to December 1 of each year, each water management district, in consultation with the Department of Environmental Protection, the United States Army Corps of Engineers, the Department of Transportation, *transportation authorities established pursuant to chapter 348 or chapter 349,* and other appropriate federal, state, and local governments, and other interested parties, including entities operating mitigation banks, shall develop a plan for the primary purpose of complying with the mitigation requirements adopted pursuant to this part and 33 U.S.C. s. 1344. This plan shall also address significant invasive plant problems within wetlands and other surface waters. In developing such plans, the districts shall utilize sound ecosystem management practices to address significant water resource needs and shall focus on activities of the Department of Environmental Protection and the water management districts, such as surface water improvement and management (SWIM) waterbodies and lands identified for potential acquisition for preservation, restoration, and enhancement, to the extent that such activities comply with the mitigation requirements adopted under this part and 33 U.S.C. s. 1344. In determining the activities to be included in such plans, the districts shall also consider the purchase of credits from public or private mitigation banks permitted under s. 373.4136 and associated federal authorization and shall include such purchase as a part of the mitigation plan when such purchase would offset the impact of the transportation project, provide equal benefits to the water resources than other mitigation options being considered, and provide the most cost-effective mitigation option. The mitigation plan shall be preliminarily approved by the water management district governing board and shall be submitted to the secretary of the Department of Environmental Protection for review and final approval. The preliminary approval by the water management district governing board does not constitute a decision that affects substantial interests as provided by s. 120.569. At least 30 days prior to preliminary approval, the water management district shall provide a copy of the draft mitigation plan to any person who has requested a copy.

(a) For each transportation project with a funding request for the next fiscal year, the mitigation plan must include a brief explanation of why a mitigation bank was or was not chosen as a mitigation option, including an estimation of identifiable costs of the mitigation bank and nonbank options to the extent practicable.

(b) Specific projects may be excluded from the mitigation plan and shall not be subject to this section upon the agreement of the Department of Transportation, *a transportation authority if applicable,* the Department of Environmental Protection, and the appropriate water management district that the inclusion of such projects would hamper the efficiency or timeliness of the mitigation planning and permitting process, or the Department of Environmental Protection and the water management district are unable to identify mitigation that would offset the impacts of the project.

(c) Surface water improvement and management or invasive plant control projects undertaken using the $12 million advance transferred from the Department of Transportation to the Department of Environmental Protection in fiscal year 1996-1997 which meet the requirements for mitigation under this part and 33 U.S.C. s. 1344 shall remain available for mitigation until the $12 million is fully credited up to and including fiscal year 2004-2005. When these projects are used as mitigation, the $12 million advance shall be reduced by $75,000 per acre of impact mitigated. For any fiscal year through and including fiscal year 2004-2005, to the extent the cost of developing and implementing the mitigation plans is less than the amount transferred pursuant to subsection (3), the difference shall be credited towards the $12 million advance. Except as provided in this paragraph, any funds not directed to implement the mitigation plan should, to the greatest extent possible, be directed to fund invasive plant control within wetlands and other surface waters.

(5) The water management district shall be responsible for ensuring that mitigation requirements pursuant to 33 U.S.C. s. 1344 are met for the impacts identified in the inventory described in subsection (2), by implementation of the approved plan described in subsection (4) to the extent funding is provided by the Department of Transportation*, or a transportation authority established pursuant to chapter 348 or chapter 349 if applicable*. During the federal permitting process, the water

management district may deviate from the approved mitigation plan in order to comply with federal permitting requirements.

(6) The mitigation *plans* ~~plan~~ shall be updated annually to reflect the most current Department of Transportation work program *and project list of a transportation authority established pursuant to chapter 348 or chapter 349 if applicable* and may be amended throughout the year to anticipate schedule changes or additional projects which may arise. Each update and amendment of the mitigation plan shall be submitted to the secretary of the Department of Environmental Protection for approval. However, such approval shall not be applicable to a deviation as described in subsection (5).

(8) This section shall not be construed to eliminate the need for the Department of Transportation *or a transportation authority established pursuant to chapter 348 or chapter 349* to comply with the requirement to implement practicable design modifications, including realignment of transportation projects, to reduce or eliminate the impacts of its transportation projects on wetlands and other surface waters as required by rules adopted pursuant to this part, or to diminish the authority under this part to regulate other impacts, including water quantity or water quality impacts, or impacts regulated under this part that are not identified in the inventory described in subsection (2).

(9) The process for environmental mitigation for the impact of transportation projects under this section shall be available to an expressway, bridge, or transportation authority established under chapters 348 and 349. Use of this process may be initiated by an authority depositing the requisite funds into an escrow account set up by the authority and filing an environmental impact inventory with the appropriate water management district. An authority that initiates the environmental mitigation process established by this section shall comply with subsection (6) by timely providing the appropriate water management district and the Department of Environmental Protection with the requisite work program information. A water management district may draw down funds from the escrow account in the manner and on the basis provided in subsection (5).

Section 49. paragraphs (b) and (e) of subsection (19) of section 380.06, Florida Statutes, are amended, and paragraphs (i) and (j) are added to subsection (24) of said section, to read:

380.06 Developments of regional impact.—

(19) SUBSTANTIAL DEVIATIONS.—

(b) Any proposed change to a previously approved development of regional impact or development order condition which, either individually or cumulatively with other changes, exceeds any of the following criteria shall constitute a substantial deviation and shall cause the development to be subject to further development-of-regional-impact review without the necessity for a finding of same by the local government:

1. An increase in the number of parking spaces at an attraction or recreational facility by 5 percent or 300 spaces, whichever is greater, or an increase in the number of spectators that may be accommodated at such a facility by 5 percent or 1,000 spectators, whichever is greater.

~~2. A new runway, a new terminal facility, a 25-percent lengthening of an existing runway, or a 25-percent increase in the number of gates of an existing terminal, but only if the increase adds at least three additional gates. However, if an airport is located in two counties, a 10-percent lengthening of an existing runway or a 20-percent increase in the number of gates of an existing terminal is the applicable criteria.~~

2.~~3.~~ An increase in the number of hospital beds by 5 percent or 60 beds, whichever is greater.

3.~~4.~~ An increase in industrial development area by 5 percent or 32 acres, whichever is greater.

4.~~5.~~ An increase in the average annual acreage mined by 5 percent or 10 acres, whichever is greater, or an increase in the average daily water consumption by a mining operation by 5 percent or 300,000 gallons, whichever is greater. An increase in the size of the mine by 5 percent or 750 acres, whichever is less.

5.~~6.~~ An increase in land area for office development by 5 percent or 6 acres, whichever is greater, or an increase of gross floor area of office development by 5 percent or 60,000 gross square feet, whichever is greater.

~~7. An increase in the storage capacity for chemical or petroleum storage facilities by 5 percent, 20,000 barrels, or 7 million pounds, whichever is greater.~~

6.~~8.~~ An increase of development at a waterport of wet storage for 20 watercraft, dry storage for 30 watercraft, or wet/dry storage for 60 watercraft in an area identified in the state marina siting plan as an appropriate site for additional waterport development or a 5-percent increase in watercraft storage capacity, whichever is greater.

7.~~9.~~ An increase in the number of dwelling units by 5 percent or 50 dwelling units, whichever is greater.

8.~~10.~~ An increase in commercial development by 6 acres of land area or by 50,000 square feet of gross floor area, or of parking spaces provided for customers for 300 cars or a 5-percent increase of any of these, whichever is greater.

9.~~11.~~ An increase in hotel or motel facility units by 5 percent or 75 units, whichever is greater.

10.~~12.~~ An increase in a recreational vehicle park area by 5 percent or 100 vehicle spaces, whichever is less.

11.~~13.~~ A decrease in the area set aside for open space of 5 percent or 20 acres, whichever is less.

12.~~14.~~ A proposed increase to an approved multiuse development of regional impact where the sum of the increases of each land use as a percentage of the applicable substantial deviation criteria is equal to or exceeds 100 percent. The percentage of any decrease in the amount of open space shall be treated as an increase for purposes of determining when 100 percent has been reached or exceeded.

13.~~15.~~ A 15-percent increase in the number of external vehicle trips generated by the development above that which was projected during the original development-of-regional-impact review.

14.~~16.~~ Any change which would result in development of any area which was specifically set aside in the application for development approval or in the development order for preservation or special protection of endangered or threatened plants or animals designated as endangered, threatened, or species of special concern and their habitat, primary dunes, or archaeological and historical sites designated as significant by the Division of Historical Resources of the Department of State. The further refinement of such areas by survey shall be considered under sub-subparagraph (e)5.b.

The substantial deviation numerical standards in subparagraphs *3.*~~4.~~, *5.*~~6.~~, *8.*~~10.~~, *12.*~~14.~~, excluding residential uses, and *13.*~~15.~~, are increased by 100 percent for a project certified under s. 403.973 which creates jobs and meets criteria established by the Office of Tourism, Trade, and Economic Development as to its impact on an area's economy, employment, and prevailing wage and skill levels. The substantial deviation numerical standards in subparagraphs *3.*~~4.~~, *5.*~~6.~~, *7.*~~9.~~, *8.*~~10.~~, *9.*~~11.~~, and *12.*~~14.~~ are increased by 50 percent for a project located wholly within an urban infill and redevelopment area designated on the applicable adopted local comprehensive plan future land use map and not located within the coastal high hazard area.

(e)1. A proposed change which, either individually or, if there were previous changes, cumulatively with those changes, is equal to or exceeds 40 percent of any numerical criterion in subparagraphs (b)*1.-13.*~~1.-15.~~, but which does not exceed such criterion, shall be presumed not to create a substantial deviation subject to further development-of-regional-impact review. The presumption may be rebutted by clear and convincing evidence at the public hearing held by the local government pursuant to subparagraph (f)5.

2. Except for a development order rendered pursuant to subsection (22) or subsection (25), a proposed change to a development order that individually or cumulatively with any previous change is less than 40 percent of any numerical criterion contained in subparagraphs (b)*1.-13.*~~1.-15.~~ and does not exceed any other criterion, or that involves an extension of the buildout date of a development, or any phase thereof, of less than 5 years is not subject to the public hearing requirements of subparagraph (f)3., and is not subject to a determination pursuant to subparagraph (f)5. Notice of the proposed change shall be made to the regional planning council and the state land planning agency. Such notice shall include a description of previous individual changes made to the development, including changes previously approved by the local government, and shall include appropriate amendments to the development order. The following changes, individually or cumulatively with any previous changes, are not substantial deviations:

a. Changes in the name of the project, developer, owner, or monitoring official.

b. Changes to a setback that do not affect noise buffers, environmental protection or mitigation areas, or archaeological or historical resources.

c. Changes to minimum lot sizes.

d. Changes in the configuration of internal roads that do not affect external access points.

e. Changes to the building design or orientation that stay approximately within the approved area designated for such building and parking lot, and which do not affect historical buildings designated as significant by the Division of Historical Resources of the Department of State.

f. Changes to increase the acreage in the development, provided that no development is proposed on the acreage to be added.

g. Changes to eliminate an approved land use, provided that there are no additional regional impacts.

h. Changes required to conform to permits approved by any federal, state, or regional permitting agency, provided that these changes do not create additional regional impacts.

i. Any other change which the state land planning agency agrees in writing is similar in nature, impact, or character to the changes enumerated in sub-subparagraphs a.-h. and which does not create the likelihood of any additional regional impact.

This subsection does not require a development order amendment for any change listed in sub-subparagraphs a.-i. unless such issue is addressed either in the existing development order or in the application for development approval, but, in the case of the application, only if, and in the manner in which, the application is incorporated in the development order.

3. Except for the change authorized by sub-subparagraph 2.f., any addition of land not previously reviewed or any change not specified in paragraph (b) or paragraph (c) shall be presumed to create a substantial deviation. This presumption may be rebutted by clear and convincing evidence.

4. Any submittal of a proposed change to a previously approved development shall include a description of individual changes previously made to the development, including changes previously approved by the local government. The local government shall consider the previous and current proposed changes in deciding whether such changes cumulatively constitute a substantial deviation requiring further development-of-regional-impact review.

5. The following changes to an approved development of regional impact shall be presumed to create a substantial deviation. Such presumption may be rebutted by clear and convincing evidence.

a. A change proposed for 15 percent or more of the acreage to a land use not previously approved in the development order. Changes of less than 15 percent shall be presumed not to create a substantial deviation.

b. Except for the types of uses listed in subparagraph (b)*14.*~~16.~~, any change which would result in the development of any area which was specifically set aside in the application for development approval or in the development order for preservation, buffers, or special protection, including habitat for plant and animal species, archaeological and historical sites, dunes, and other special areas.

c. Notwithstanding any provision of paragraph (b) to the contrary, a proposed change consisting of simultaneous increases and decreases of at least two of the uses within an authorized multiuse development of regional impact which was originally approved with three or more uses specified in s. 380.0651(3)*(b)*~~(c)~~, *(c)*~~(d)~~, *(e)*~~(f)~~, and *(f)*~~(g)~~ and residential use.

(24) STATUTORY EXEMPTIONS.—

(i) Any proposed facility for the storage of any petroleum product is exempt from the provisions of this section, if such facility is consistent with a local comprehensive plan that is in compliance with s. 163.3177 or is consistent with a comprehensive port master plan that is in compliance with s. 163.3178.

(j) Any development or expansion of an airport or airport-related or aviation-related development is exempt from the provisions of this section.

Section 50. Subsection (3) of section 380.0651, Florida Statutes, is amended to read:

380.0651 Statewide guidelines and standards.—

(3) The following statewide guidelines and standards shall be applied in the manner described in s. 380.06(2) to determine whether the following developments shall be required to undergo development-of-regional-impact review:

~~(a) Airports.—~~

~~1. Any of the following airport construction projects shall be a development of regional impact:~~

~~a. A new commercial service or general aviation airport with paved runways.~~

~~b. A new commercial service or general aviation paved runway.~~

~~c. A new passenger terminal facility.~~

~~2. Lengthening of an existing runway by 25 percent or an increase in the number of gates by 25 percent or three gates, whichever is greater, on a commercial service airport or a general aviation airport with regularly scheduled flights is a development of regional impact. However, expansion of existing terminal facilities at a nonhub or small hub commercial service airport shall not be a development of regional impact.~~

~~3. Any airport development project which is proposed for safety, repair, or maintenance reasons alone and would not have the potential to increase or change existing types of aircraft activity is not a development of regional impact. Notwithstanding subparagraphs 1. and 2., renovation, modernization, or replacement of airport airside or terminal facilities that may include increases in square footage of such facilities but does not increase the number of gates or change the existing types of aircraft activity is not a development of regional impact.~~

(a)~~(b)~~ Attractions and recreation facilities.—Any sports, entertainment, amusement, or recreation facility, including, but not limited to, a sports arena, stadium, racetrack, tourist attraction, amusement park, or pari-mutuel facility, the construction or expansion of which:

1. For single performance facilities:

a. Provides parking spaces for more than 2,500 cars; or

b. Provides more than 10,000 permanent seats for spectators.

2. For serial performance facilities:

a. Provides parking spaces for more than 1,000 cars; or

b. Provides more than 4,000 permanent seats for spectators.

For purposes of this subsection, "serial performance facilities" means those using their parking areas or permanent seating more than one time per day on a regular or continuous basis.

3. For multiscreen movie theaters of at least 8 screens and 2,500 seats:

a. Provides parking spaces for more than 1,500 cars; or

b. Provides more than 6,000 permanent seats for spectators.

(b)~~(c)~~ Industrial plants, industrial parks, and distribution, warehousing or wholesaling facilities.—Any proposed industrial, manufacturing, or processing plant, or distribution, warehousing, or wholesaling facility, excluding wholesaling developments which deal primarily with the general public onsite, under common ownership, or any proposed industrial, manufacturing, or processing activity or distribution, warehousing, or wholesaling activity, excluding wholesaling activities which deal primarily with the general public onsite, which:

1. Provides parking for more than 2,500 motor vehicles*, excluding those vehicles which may be included in wholesaling facilities' inventory*; or

2. Occupies a site greater than 320 acres*, or for motor vehicle wholesaling facilities that conduct wholesaling sales activity no more frequently than an average each year of 3 days per week, occupies a site greater than 500 acres*.

(c)~~(d)~~ Office development.—Any proposed office building or park operated under common ownership, development plan, or management that:

1. Encompasses 300,000 or more square feet of gross floor area; or

2. Has a total site size of 30 or more acres; or

3. Encompasses more than 600,000 square feet of gross floor area in a county with a population greater than 500,000 and only in a geographic area specifically designated as highly suitable for increased threshold intensity in the approved local comprehensive plan and in the strategic regional policy plan.

(d)~~(e)~~ Port facilities.—The proposed construction of any waterport or marina is required to undergo development-of-regional-impact review, except one designed for:

1.a. The wet storage or mooring of fewer than 150 watercraft used exclusively for sport, pleasure, or commercial fishing, or

b. The dry storage of fewer than 200 watercraft used exclusively for sport, pleasure, or commercial fishing, or

c. The wet or dry storage or mooring of fewer than 150 watercraft on or adjacent to an inland freshwater lake except Lake Okeechobee or any lake which has been designated an Outstanding Florida Water, or

d. The wet or dry storage or mooring of fewer than 50 watercraft of 40 feet in length or less of any type or purpose. The exceptions to this paragraph's requirements for development-of-regional-impact review shall not apply to any waterport or marina facility located within or which serves physical development located within a coastal barrier resource unit on an unbridged barrier island designated pursuant to 16 U.S.C. s. 3501.

In addition to the foregoing, for projects for which no environmental resource permit or sovereign submerged land lease is required, the Department of Environmental Protection must determine in writing that a proposed marina in excess of 10 slips or storage spaces or a combination of the two is located so that it will not adversely impact Outstanding Florida Waters or Class II waters and will not contribute boat traffic in a manner that will have an adverse impact on an area known to be, or likely to be, frequented by manatees. If the Department of Environmental Protection fails to issue its determination within 45 days of receipt of a formal written request, it has waived its authority to make such determination. The Department of Environmental Protection determination shall constitute final agency action pursuant to chapter 120.

2. The dry storage of fewer than 300 watercraft used exclusively for sport, pleasure, or commercial fishing at a marina constructed and in operation prior to July 1, 1985.

3. Any proposed marina development with both wet and dry mooring or storage used exclusively for sport, pleasure, or commercial fishing, where the sum of percentages of the applicable wet and dry mooring or storage thresholds equals 100 percent. This threshold is in addition to, and does not preclude, a development from being required to undergo development-of-regional-impact review under sub-subparagraphs 1.a. and b. and subparagraph 2.

(e)~~(f)~~ Retail and service development.—Any proposed retail, service, or wholesale business establishment or group of establishments which deals primarily with the general public onsite, operated under one common property ownership, development plan, or management that:

1. Encompasses more than 400,000 square feet of gross area;

2. Occupies more than 40 acres of land; or

3. Provides parking spaces for more than 2,500 cars.

(f)~~(g)~~ Hotel or motel development.—

1. Any proposed hotel or motel development that is planned to create or accommodate 350 or more units; or

2. Any proposed hotel or motel development that is planned to create or accommodate 750 or more units, in a county with a population greater than 500,000, and only in a geographic area specifically designated as highly suitable for increased threshold intensity in the approved local comprehensive plan and in the strategic regional policy plan.

(g)~~(h)~~ Recreational vehicle development.—Any proposed recreational vehicle development planned to create or accommodate 500 or more spaces.

(h)~~(i)~~ Multiuse development.—Any proposed development with two or more land uses where the sum of the percentages of the appropriate thresholds identified in chapter 28-24, Florida Administrative Code, or this section for each land use in the development is equal to or greater than 145 percent. Any proposed development with three or more land uses, one of which is residential and contains at least 100 dwelling units or 15 percent of the applicable residential threshold, whichever is greater, where the sum of the percentages of the appropriate thresholds identified in chapter 28-24, Florida Administrative Code, or this section for each land use in the development is equal to or greater than 160 percent. This threshold is in addition to, and does not preclude, a development from being required to undergo development-of-regional-impact review under any other threshold.

(i) ~~(j)~~ Residential development.—No rule may be adopted concerning residential developments which treats a residential development in one county as being located in a less populated adjacent county unless more than 25 percent of the development is located within 2 or less miles of the less populated adjacent county.

(j)~~(k)~~ Schools.—

1. The proposed construction of any public, private, or proprietary postsecondary educational campus which provides for a design population of more than 5,000 full-time equivalent students, or the proposed physical expansion of any public, private, or proprietary postsecondary educational campus having such a design population that would increase the population by at least 20 percent of the design population.

2. As used in this paragraph, "full-time equivalent student" means enrollment for 15 or more quarter hours during a single academic semester. In area vocational schools or other institutions which do not employ semester hours or quarter hours in accounting for student participation, enrollment for 18 contact hours shall be considered equivalent to one quarter hour, and enrollment for 27 contact hours shall be considered equivalent to one semester hour.

3. This paragraph does not apply to institutions which are the subject of a campus master plan adopted by the Board of Regents pursuant to s. 240.155.

Section 51. Paragraph (a) of subsection (12) of section 163.3180, Florida Statutes, is amended to read:

163.3180 Concurrency.—

(12) When authorized by a local comprehensive plan, a multiuse development of regional impact may satisfy the transportation concurrency requirements of the local comprehensive plan, the local government's concurrency management system, and s. 380.06 by payment of a proportionate-share contribution for local and regionally significant traffic impacts, if:

(a) The development of regional impact meets or exceeds the guidelines and standards of s. 380.0651(3)*(h)*~~(i)~~ and rule 28-24.032(2), Florida Administrative Code, and includes a residential component that contains at least 100 residential dwelling units or 15 percent of the applicable residential guideline and standard, whichever is greater;

The proportionate-share contribution may be applied to any transportation facility to satisfy the provisions of this subsection and the local comprehensive plan, but, for the purposes of this subsection, the amount of the proportionate-share contribution shall be calculated based upon the cumulative number of trips from the proposed development expected to reach roadways during the peak hour from the complete buildout of a stage or phase being approved, divided by the change in the peak hour maximum service volume of roadways resulting from construction of an improvement necessary to maintain the adopted level of service, multiplied by the construction cost, at the time of developer payment, of the improvement necessary to maintain the adopted level of service. For purposes of this subsection, "construction cost" includes all associated costs of the improvement.

Section 52. Subsection (20) of section 331.303, Florida Statutes, is amended to read:

331.303 Definitions.—

(20) "Spaceport launch facilities" shall be defined as industrial facilities in accordance with s. 380.0651(3)*(b)*~~(c)~~ and include any launch pad, launch control center, and fixed launch-support equipment.

Section 53. Section 331.308, Florida Statutes, is amended to read:

331.308 Board of supervisors.—

(1) There is created within the Spaceport Florida Authority a board of supervisors consisting of

(a) The Lieutenant Governor, serving as the chair;

(b) Six ~~seven~~ regular members~~, who shall be~~ appointed by the Governor;~~, and~~

One regular member shall represent organized labor interests and one regular member shall represent minority interests.

(2) Each *regular* member shall serve a term of 4 years or until a successor is appointed and qualified. The term of each such member shall be construed to commence on the date of appointment and to terminate on June 30 of the year of the end of the term. Appointment to the board shall not preclude any such member from holding any other private or public position.

(3) The ex officio nonvoting *legislative* members shall serve on the board for 2-year terms.

(4) Any vacancy on the board shall be filled for the balance of the unexpired term.

(5) *The Lieutenant Governor is the state's space policy leader. The Lieutenant Governor may designate a regular member to serve as vice-chair and preside over board meetings in the absence of the chair and may assign proxy voting power to the director of the Office of Tourism, Trade, and Economic Development.* ~~Initial appointments shall be made no later than 60 days after this act takes effect.~~

(6) ~~The board shall hold its initial meeting no later than 20 days after the members have been appointed. At its initial meeting, or as soon thereafter as is practicable,~~ The board shall appoint an executive director. Meetings shall be held quarterly or more frequently at the call of the chair. A majority of the regular members of the board shall constitute a quorum, and a majority vote of such members present is necessary for any action taken by the board.

(7) The Governor *may* ~~has the authority to~~ remove from the board any regular member in the manner and for cause as defined by the laws of this state and applicable to situations *that* ~~which may~~ arise before the board. Unless excused by the chair of the board, a regular member's absence from two or more consecutive board meetings creates a vacancy in the office to which the member was appointed.

Section 54. *(1) Nothing contained in this act abridges or modifies any vested or other right or any duty or obligation pursuant to any development order or agreement which is applicable to a development of regional impact on the effective date of this act. An airport or petroleum storage facility which has received a development-of-regional-impact development order pursuant to s. 380.06, Florida Statutes 2000, but is no longer required to undergo development-of-regional-impact review by operation of this act, shall be governed by the following procedures:*

(a) The development shall continue to be governed by the development-of-regional-impact development order, and may be completed in reliance upon and pursuant to the development order. The development-of-regional-impact development order may be enforced by the local government as provided by ss. 380.06(17) and 380.11, Florida Statutes 2000.

(b) If requested by the developer or landowner, the development-of-regional-impact development order may be amended or rescinded by the local government consistent with the local comprehensive plan and land development regulations and pursuant to the local government procedures governing local development orders.

(2) An airport or petroleum storage facility with an application for development approval pending on the effective date of this act, or a notification of proposed change pending on the effective date of this act, may elect to continue such review pursuant to s. 380.06, Florida Statutes 2000. At the conclusion of the pending review, including any appeals pursuant to s. 380.07, Florida Statutes 2000, the resulting development order shall be governed by the provisions of subsection (1).

Section 55. *If any provision of this act or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared severable.*

Section 56. Subsection (13) is added to section 475.011, Florida Statutes, to read:

475.011 Exemptions.—This part does not apply to:

(13) Any firm that is under contract with a state or local governmental entity to provide right-of-way acquisition services for property subject to condemnation, or any employee of such a firm, if the compensation for such services is not based upon the value of the property acquired. No firm nor any employee of such a firm may engage in the practice of real estate, except those activities pursuant to a contract with a state or local governmental entity and pursuant to the exception provided in this paragraph, without meeting the licensure and qualifications requirements of chapter 475.

Section 57. Subsection (2) of section 479.15, Florida Statutes, is amended to read:

479.15 Harmony of regulations.—

(2) A municipality, county, local zoning authority, or other local governmental entity may not remove, or cause to be removed, any lawfully erected sign along any portion of the interstate or federal-aid primary highway system without first paying just compensation for such removal. A local governmental entity may not cause in any way the alteration of any lawfully erected sign located along any portion of the interstate or federal-aid primary highway system without payment of just compensation if such alteration constitutes a taking under state law. The municipality, county, local zoning authority, or other local government entity promulgating requirements for such alteration must be responsible for payment of just compensation to the sign owner if such alteration constitutes a taking under state law. This subsection applies only to a lawfully erected sign the subject matter of which relates to premises other than the premises on which it is located or to merchandise, services, activities, or entertainment not sold, produced, manufactured, or furnished on the premises on which the sign is located. *For the purposes of this subsection, the term "federal-aid primary highway system" means the federal-aid primary highway system in existence on June 1, 1991, and any highway which was not on such system but which is, or hereafter becomes, a part of the National Highway System.* This subsection shall not be interpreted as explicit or implicit legislative recognition that alterations do or do not constitute a taking under state law.

Section 58. Section 479.25, Florida Statutes, is created to read:

479.25 Application of chapter.—Nothing in this chapter shall prevent a governmental entity from entering into an agreement allowing the height above ground level of a lawfully erected sign to be increased at its permitted location if a noise attenuation barrier, visibility screen, or other highway improvement has been erected in such a way as to screen or block visibility of such a sign; provided, however, that for nonconforming signs located on the federal-aid primary highway system, as such system existed on June 1, 1991, and any highway which was not on such system but which is, or hereinafter becomes, a part of the National Highway System, such agreement must be approved by the Federal Highway Administration. Any increase in height permitted under this provision shall only be that which is required to achieve the same degree of visibility from the right-of-way that the sign had prior to the construction of the noise attenuation barrier, visibility screen, or other highway improvement.

Section 59. Section 70.20, Florida Statutes, is created to read:

70.20 Balancing of interests.—It is a policy of this state to encourage municipalities, counties, and other governmental entities and sign owners to enter into relocation and reconstruction agreements that allow governmental entities to undertake public projects and accomplish public goals without the expenditure of public funds, while allowing the continued maintenance of private investment in signage as a medium of commercial and noncommercial communication.

(1) Municipalities, counties, and all other governmental entities are specifically empowered to enter into relocation and reconstruction agreements on whatever terms are agreeable to the sign owner and the municipality, county, or other governmental entity involved and to provide for relocation and reconstruction of signs by agreement, ordinance, or resolution. As used in this section, a "relocation and reconstruction agreement" means a consensual, contractual agreement between a sign owner and municipality, county, or other governmental entity for either the reconstruction of an existing sign or removal of a sign and the construction of a new sign to substitute for the sign removed.

(2) Except as otherwise provided in this section, no municipality, county, or other governmental entity may remove, or cause to be removed, any lawfully erected sign along any portion of the interstate, federal-aid primary or other highway system, or any other road, without first paying just compensation for such removal as determined by agreement between the parties or through eminent domain proceedings. Except as otherwise provided in this section, no municipality, county, or other governmental entity may cause in any way the alteration of any lawfully erected sign located along any portion of the interstate, federal-aid primary or other highway system, or any other road, without first paying just compensation for such alteration as determined by agreement between the parties or through eminent domain proceedings. The provisions of this act shall not apply to any ordinance, the validity, constitutionality, and enforceability of which the owner has by written agreement waived all right to challenge.

(3) In the event that a municipality, county, or other governmental entity shall undertake a public project or public goal requiring alteration or removal of any lawfully erected sign, the municipality, county, or other governmental entity shall notify the owner of the affected sign in writing of the public project or goal and of the intention of the municipality, county, or other governmental entity to seek such removal. Within 30 days after receipt of the notice, the owner of the sign and the municipality, county, or other governmental entity shall attempt to meet for purposes of negotiating and executing a relocation and reconstruction agreement provided for in subsection (1).

(4) If the parties fail to enter into a relocation and reconstruction agreement within 120 days after the initial notification by the municipality, county, or other governmental entity, either party may request mandatory nonbinding arbitration to resolve the disagreements among the parties. Each party shall select an arbitrator, and the individuals so selected shall choose a third arbitrator. The three arbitrators shall constitute the panel that shall arbitrate the dispute between the parties and at the conclusion of the proceedings shall present to the parties a proposed relocation and reconstruction agreement that the panel believes equitably balances the rights, interests, obligations, and reasonable expectations of the parties. If the municipality, county, or other governmental entity and the sign owner accept the proposed relocation and reconstruction agreement, the municipality, county, or other governmental entity and sign owner shall each pay its respective costs of arbitration and shall pay one-half of the costs of the arbitration panel, unless the parties otherwise agree.

(5) If the parties do not enter into a relocation and reconstruction agreement, the municipality, county, or other governmental entity may proceed with the public project or purpose and the alteration or removal of the sign only after first paying just compensation for such alteration or removal as determined by agreement between the parties or through eminent domain proceedings.

(6) The requirement by a municipality, county, or other governmental entity that a lawfully erected sign be removed or altered as a condition precedent to the issuance or continued effectiveness of a development order constitutes a compelled removal that is prohibited without prior payment of just compensation under subsection (2). This subsection does not apply when the owner of the land on which the sign is located is seeking to have the property redesignated on the future land use map of the applicable comprehensive plan for exclusively single-family residential use.

(7) The requirement by a municipality, county, or other governmental entity that a lawfully erected sign be altered or removed from the premises upon which it is located incident to the voluntary acquisition of such property by a municipality, county, or other governmental entity

constitutes a compelled removal which is prohibited without payment of just compensation under subsection (2).

(8) Nothing in this section shall prevent a municipality, county, or other governmental entity from acquiring a lawfully erected sign through eminent domain or from prospectively regulating the placement, size, height, or other aspects of new signs within such entity's jurisdiction, including the prohibition of new signs, unless otherwise authorized pursuant to this section. Nothing in this section shall impair any ordinance or provision of any ordinance not inconsistent with this section, nor shall this section create any new rights for any party other than the owner of a sign, the owner of the land upon which it is located, or a municipality, county, or other governmental entity as expressed in this section.

(9) This section applies only to a lawfully erected sign the subject matter of which relates to premises other than the premises on which it is located or to merchandise, services, activities, or entertainment not sold, produced, manufactured, or furnished on the premises on which the sign is located.

(10) This section does not apply to any actions taken by the Florida Department of Transportation which relate to the operation, maintenance, or expansion of transportation facilities, and this section does not affect existing law regarding eminent domain relating to the Florida Department of Transportation.

(11) Nothing in this act shall impair or affect any written agreement existing prior to the effective date of this act, including, but not limited to, any settlement agreements reliant upon the legality or enforceability of local ordinances. The provisions of this act shall not apply to any signs that are required to be removed by a date certain in areas designated by local ordinance as view corridors if the local ordinance creating the view corridors was enacted in part to effectuate a consensual agreement between the local government and two or more sign owners prior to the effective date of this act, nor shall the provisions of this act apply to any signs that are the subject of an ordinance providing an amortization period, which period has expired, and which ordinance is the subject of judicial proceedings which were commenced on or before January 1, 2001.

(12) Subsection (6) hereof does not apply when the development order permits construction of a replacement sign that cannot be erected without the removal of the lawfully erected sign being replaced. Effective upon this section becoming a law, the Office of Program Analysis and Governmental Accountability, in consultation with the property appraisers and the private sector affected parties, shall conduct a study of the value of offsite signs in relation to, and in comparison with, the valuation of other commercial properties for ad valorem tax purposes, including a comparison of tax valuations from other states. OPPAGA shall complete the study by December 31, 2001, and shall report the results of the study to the Legislature.

Section 60. Paragraph (b) of subsection (1) of section 496.425, Florida Statutes, is amended to read:

496.425 Solicitation of funds within public transportation facilities.—

(1) As used in this section:

(b) "Facility" means any public transportation facility, including, but not limited to, railroad stations, bus stations, ship ports, ferry terminals, *or* ~~roadside welcome stations, highway service plazas,~~ airports served by scheduled passenger service~~, or highway rest stations~~.

Section 61. Section 496.4256, Florida Statutes, is created to read:

496.4256 Public transportation facilities not required to grant permit or access.—A governmental entity or authority that owns or operates welcome centers, wayside parks, service plazas, or rest areas on the state highway system as defined in chapter 335 may not be required to issue a permit or grant any person access to such public transportation facilities for the purpose of soliciting funds.

Section 62. Section 337.408, Florida Statutes, is amended to read:

337.408 Regulation of benches, transit shelters, *street light poles,* and waste disposal receptacles within rights-of-way.—

(1) Benches or transit shelters, including advertising displayed on benches or transit shelters, may be installed within the right-of-way limits of any municipal, county, or state road, except a limited access highway; provided that such benches or transit shelters are for the comfort or convenience of the general public, or at designated stops on official bus routes; and, provided further, that written authorization has been given to a qualified private supplier of such service by the municipal government within whose incorporated limits such benches or transit shelters are installed, or by the county government within whose unincorporated limits such benches or transit shelters are installed. A municipality or county may authorize the installation, *with or* without public bid, of benches and transit shelters together with advertising displayed thereon, within the right-of-way limits of such roads. Any contract for the installation of benches or transit shelters or advertising on benches or transit shelters which was entered into before April 8, 1992, without public bidding, is ratified and affirmed. Such benches or transit shelters may not interfere with right-of-way preservation and maintenance. Any bench or transit shelter located on a sidewalk within the right-of-way limits of any road on the State Highway System or the county road system shall be located so as to leave at least 36 inches clearance for pedestrians and persons in wheelchairs. Such clearance shall be measured in a direction perpendicular to the centerline of the road.

(2) Waste disposal receptacles *the interior collection container volume* of *which is* less than 110 gallons in capacity, including advertising displayed on such waste disposal receptacles, may be installed within the right-of-way limits of any municipal, county, or state road, except a limited access highway; provided that written authorization has been given to a qualified private supplier of such service by the appropriate municipal or county government. A municipality or county may authorize the installation, *with or* without public bid, of waste disposal receptacles together with advertising displayed thereon within the right-of-way limits of such roads. Such waste disposal receptacles may not interfere with right-of-way preservation and maintenance.

(3) The department has the authority to direct the immediate relocation or removal of any bench, transit shelter, or waste disposal receptacle which endangers life or property, except that transit bus benches which have been placed in service prior to April 1, 1992, do not have to comply with bench size and advertising display size requirements which have been established by the department prior to March 1, 1992. Any transit bus bench that was in service prior to April 1, 1992, may be replaced with a bus bench ~~of the same size or smaller~~, if the bench is damaged or destroyed or otherwise becomes unusable. *As of July 1, 2001, the department, municipality, or county may direct the removal of any bench, transit shelter, or waste disposal receptacle, or advertisement thereon, if the department, municipality, or county determines that the bench, transit shelter, or waste disposal receptacle is structurally unsound or in visible disrepair.*

(4) No bench, transit shelter, or waste disposal receptacle, or advertising thereon, shall be erected or so placed on the right-of-way of any road which conflicts with the requirements of federal law, regulations, or safety standards, thereby causing the state or any political subdivision the loss of federal funds. Competition among persons seeking to provide bench, transit shelter, or waste disposal receptacle services or advertising on such benches, shelters, or receptacles may be regulated, restricted, or denied by the appropriate local government entity consistent with the provisions of this section.

(5) Street light poles, including attached public service messages and advertisements, may be located within the right-of-way limits of municipal and county roads in the same manner as benches, transit shelters, and waste receptacles, as provided in this section and in accordance with municipal and county ordinances. Public service messages and advertising may be installed on street light poles on roads on the State Highway System in accordance with height, size, setback,

spacing distance, duration of display, safety, traffic control, and permitting requirements established by administrative rule of the Department of Transportation. Public service messages and advertisements shall be subject to bilateral agreements, where applicable, to be negotiated with the owner of the street light poles which shall consider, among other things, power source rates, design, safety, operational and maintenance concerns and other matters of public importance. For the purposes of this section, "street light poles" does not include electric transmission or distribution poles. The department shall have authority to establish administrative rules to implement this subsection. No advertising on light poles shall be permitted on the Interstate Highway System. No permanent structures carrying advertisements attached to light poles shall be permitted on the National Highway System.

(6)~~(5)~~ Wherever the provisions of this section are inconsistent with other provisions of this chapter or with the provisions of chapter 125, chapter 335, chapter 336, or chapter 479, the provisions of this section shall prevail.

Section 63. Subsection (10) of section 768.28, Florida Statutes, is amended to read:

768.28 Waiver of sovereign immunity in tort actions; recovery limits; limitation on attorney fees; statute of limitations; exclusions; indemnification; risk management programs.—

(10)(a) Health care providers or vendors, or any of their employees or agents, that have contractually agreed to act as agents of the Department of Corrections to provide health care services to inmates of the state correctional system shall be considered agents of the State of Florida, Department of Corrections, for the purposes of this section, while acting within the scope of and pursuant to guidelines established in said contract or by rule. The contracts shall provide for the indemnification of the state by the agent for any liabilities incurred up to the limits set out in this chapter.

Environmental resource permitting rules may establish categories of permits or thresholds for minor impacts under which the use of the uniform wetland mitigation assessment method will not be required. The application of the uniform wetland mitigation assessment method is not subject to s. 70.001. In the event the rule establishing the uniform wetland mitigation assessment method is deemed to be invalid, the applicable rules related to establishing needed mitigation in existence prior to the adoption of the uniform wetland mitigation assessment method, including those adopted by a county which is an approved local program under s. 403.182, and the method described in paragraph (b) for existing mitigation banks, shall be authorized for use by the department, water management districts, local governments, and other state agencies.

(a) In developing the uniform wetland mitigation assessment method, the department shall seek input from the United States Army Corps of Engineers in order to promote consistency in the mitigation assessment methods used by the state and federal permitting programs.

(b) An entity which has received a mitigation bank permit prior to the adoption of the uniform wetland mitigation assessment method shall have impact sites assessed, for the purpose of deducting bank credits, using the credit assessment method, including any functional assessment methodology, which was in place when the bank was permitted; unless the entity elects to have its credits redetermined, and thereafter have its credits deducted, using the uniform wetland mitigation assessment method.

109.123 ~~110.123~~ State group insurance program.—

(3) STATE GROUP INSURANCE PROGRAM.—

(g)1. A person eligible to participate in the state group insurance program may be authorized by rules adopted by the department, in lieu of participating in the state group health insurance plan, to exercise an option to elect membership in a health maintenance organization plan which is under contract with the state in accordance with criteria established by this section and by said rules. The offer of optional membership in a health maintenance organization plan permitted by this paragraph may be limited or conditioned by rule as may be necessary to meet the requirements of state and federal laws.

2. The department shall contract with health maintenance organizations seeking to participate in the state group insurance program through a request for proposal or other procurement process, as developed by the Department of Management Services and determined to be appropriate.

a. The department shall establish a schedule of minimum benefits for health maintenance organization coverage, and that schedule shall include: physician services; inpatient and outpatient hospital services; emergency medical services, including out-of-area emergency coverage; diagnostic laboratory and diagnostic and therapeutic radiologic services; mental health, alcohol, and chemical dependency treatment services meeting the minimum requirements of state and federal law; skilled nursing facilities and services; prescription drugs; and other benefits as may be required by the department. Additional services may be provided subject to the contract between the department and the HMO.

b. The department may establish uniform deductibles, copayments, or coinsurance schedules for all participating HMO plans.

c. The department may require detailed information from each health maintenance organization participating in the procurement process, including information pertaining to organizational status, experience in providing prepaid health benefits, accessibility of services, financial stability of the plan, quality of management services, accreditation status, quality of medical services, network access and adequacy, performance measurement, ability to meet the department's reporting requirements, and the actuarial basis of the proposed rates and other data determined by the director to be necessary for the evaluation and selection of health maintenance organization plans and negotiation of appropriate rates for these plans. Upon receipt of proposals by health maintenance organization plans and the evaluation of those proposals, the department may enter into negotiations with all of the plans or a subset of the plans, as the department determines appropriate. Nothing shall preclude the department from negotiating regional or statewide contracts with health maintenance organization plans when this is cost-effective and when the department determines that the plan offers high value to enrollees.

d. The department may limit the number of HMOs that it contracts with in each service area based on the nature of the bids the department receives, the number of state employees in the service area, or any unique geographical characteristics of the service area. The department shall establish by rule service areas throughout the state.

e. All persons participating in the state group insurance program who are required to contribute towards a total state group health premium shall be subject to the same dollar contribution regardless of whether the enrollee enrolls in the state group health insurance plan or in an HMO plan.

3. The department is authorized to negotiate and to contract with specialty psychiatric hospitals for mental health benefits, on a regional basis, for alcohol, drug abuse, and mental and nervous disorders. The department may establish, subject to the approval of the Legislature pursuant to subsection (5), any such regional plan upon completion of an actuarial study to determine any impact on plan benefits and premiums.

4. In addition to contracting pursuant to subparagraph 2., the department shall enter into contract with any HMO to participate in the state group insurance program which:

a. Serves greater than 5,000 recipients on a prepaid basis under the Medicaid program;

b. Does not currently meet the 25 percent non-Medicare/non-Medicaid enrollment composition requirement established by the Department of Health excluding participants enrolled in the state group insurance program;

c. Meets the minimum benefit package and copayments and deductibles contained in sub-subparagraphs 2.a. and b.;

d. Is willing to participate in the state group insurance program at a cost of premiums that is not greater than 95 percent of the cost of HMO premiums accepted by the department in each service area; and

e. Meets the minimum surplus requirements of s. 641.225.

The department is authorized to contract with HMOs that meet the requirements of sub-subparagraphs a.-d. prior to the open enrollment period for state employees. The department is not required to renew the contract with the HMOs as set forth in this paragraph more than twice. Thereafter, the HMOs shall be eligible to participate in the state group insurance program only through the request for proposal process described in subparagraph 2.

5. All enrollees in the state group health insurance plan or any health maintenance organization plan shall have the option of changing to any other health plan which is offered by the state within any open enrollment period designated by the department. Open enrollment shall be held at least once each calendar year.

6. When a contract between a treating provider and the state-contracted health maintenance organization is terminated for any reason other than for cause, each party shall allow any enrollee for whom treatment was active to continue coverage and care when medically necessary, through completion of treatment of a condition for which the enrollee was receiving care at the time of the termination, until the enrollee selects another treating provider, or until the next open enrollment period offered, whichever is longer, but no longer than 6 months after termination of the contract. Each party to the terminated contract shall allow an enrollee who has initiated a course of prenatal

care, regardless of the trimester in which care was initiated, to continue care and coverage until completion of postpartum care. This does not prevent a provider from refusing to continue to provide care to an enrollee who is abusive, noncompliant, or in arrears in payments for services provided. For care continued under this subparagraph, the program and the provider shall continue to be bound by the terms of the terminated contract. Changes made within 30 days before termination of a contract are effective only if agreed to by both parties.

7. Any HMO participating in the state group insurance program shall submit health care utilization and cost data to the department, in such form and in such manner as the department shall require, as a condition of participating in the program. The department shall enter into negotiations with its contracting HMOs to determine the nature and scope of the data submission and the final requirements, format, penalties associated with noncompliance, and timetables for submission. These determinations shall be adopted by rule.

8. The department may establish and direct, with respect to collective bargaining issues, a comprehensive package of insurance benefits that may include supplemental health and life coverage, dental care, long-term care, vision care, and other benefits it determines necessary to enable state employees to select from among benefit options that best suit their individual and family needs.

a. Based upon a desired benefit package, the department shall issue a request for proposal for health insurance providers interested in participating in the state group insurance program, and the department shall issue a request for proposal for insurance providers interested in participating in the non-health-related components of the state group insurance program. Upon receipt of all proposals, the department may enter into contract negotiations with insurance providers submitting bids or negotiate a specially designed benefit package. Insurance providers offering or providing supplemental coverage as of May 30, 1991, which qualify for pretax benefit treatment pursuant to s. 125 of the Internal Revenue Code of 1986, with 5,500 or more state employees currently enrolled may be included by the department in the supplemental insurance benefit plan established by the department without participating in a request for proposal, submitting bids, negotiating contracts, or negotiating a specially designed benefit package. These contracts shall provide state employees with the most cost-effective and comprehensive coverage available; however, no state or agency funds shall be contributed toward the cost of any part of the premium of such supplemental benefit plans. With respect to dental coverage, the division shall include in any solicitation or contract for any state group dental program made after July 1, 2001, a comprehensive indemnity dental plan option which offers enrollees a completely unrestricted choice of dentists. If a dental plan is endorsed, or in some manner recognized as the preferred product, such plan shall include a comprehensive indemnity dental plan option which provides enrollees with a completely unrestricted choice of dentists.

b. Pursuant to the applicable provisions of s. *109.161* ~~110.161~~, and s. 125 of the Internal Revenue Code of 1986, the department shall enroll in the pretax benefit program those state employees who voluntarily elect coverage in any of the supplemental insurance benefit plans as provided by sub-subparagraph a.

c. Nothing herein contained shall be construed to prohibit insurance providers from continuing to provide or offer supplemental benefit coverage to state employees as provided under existing agency plans.

The options offered during the open enrollment period must provide the same health insurance coverage as the coverage provided to active employees under the same premium payment conditions in effect for covered retirees, including eligibility for health insurance subsidy payments under s. 112.363. A person who separates from employment subsequent to May 1, 1988, but whose date of retirement occurs on or after August 1, 1995, is eligible as of the first open enrollment period occurring after July 1, 1997, with an effective date of January 1, 1998, as long as the retiree's enrollment remains in effect.

Such health insurance coverage shall provide the same benefits as provided to other retirees who are entitled to participate under s. *109.123* ~~110.123~~. (b) Layoff procedures shall be developed to establish the relative merit and fitness of employees and shall include a formula for uniform application among *potentially adversely affected employees, or, with respect to law enforcement or correctional officers or firefighters, among* all employees in the competitive area, taking into consideration the type of appointment, the length of service, and the evaluations of the employee's performance within the last 5 years of employment.

(4) Any permanent career service employee subject to reduction in pay, transfer, layoff, or demotion from a class in which he or she has permanent status in the Career Service System shall be notified in writing by the agency prior to its taking such action. The notice may be delivered to the employee personally or may be sent by certified mail with return receipt requested. *As of January 1, 2002,* such actions shall be appealable to the *circuit court, or the aggrieved employee may request voluntary binding arbitration as provided in s. 109.240* ~~Public Employees Relations Commission, pursuant to s. 447.208 and rules adopted by the commission~~. *Appeals based on the protections provided by the Whistle-blower's Act, ss. 112.3187-112.31895, must be filed with the Commission on Human Relations as provided for in that act.*

Such notice may be delivered to the employee personally or may be sent by certified mail with return receipt requested. Agency compliance with the foregoing procedure requiring notice, evidence, and an opportunity for rebuttal must be substantiated. *Any* ~~any~~ employee who is suspended or dismissed *on or after January 1, 2002,* pursuant to the provisions of this paragraph shall be entitled to a hearing before the *circuit court, or the aggrieved employee may request voluntary binding arbitration as provided in s. 109.240* ~~Public Employees Relations Commission or its designated agent pursuant to s. 447.208, except that such hearing shall be held no more than 20 days after the filing of the notice of appeal by the employee~~. *Appeals based on the protections provided by the Whistleblower's Act, ss. 112.3187-112.31895, must be filed with the Commission on Human Relations as provided for in that act.*

(6) For any alleged adverse agency action against an employee, other than a law enforcement or correctional officer or a firefighter, occurring on or after July 1, 2001, the adversely affected employee bears the burden of proof to establish by preponderance of the evidence that the agency head abused his or her discretion in suspending, dismissing, reducing the pay of, demoting, laying off, or transferring that employee and that no reasonable cause existed for the alleged adverse action taken by the agency, or that the alleged adverse action was in violation of s. 109.233. For any alleged adverse agency action against a law enforcement or correctional officer or a firefighter occurring on or after July 1, 2001, the agency must prove just cause for suspending, dismissing, reducing the pay of, demoting, laying off, or transferring that employee.

A grievance is defined as the dissatisfaction that occurs when an employee *believes* ~~thinks or feels~~ that any condition affecting the employee is unjust, inequitable, or a hinderance to effective operation, or creates a problem, except that an employee shall not have the right to file a grievance against performance evaluations unless *the employee alleges* ~~it is alleged~~ that the evaluation is based on factors other than the employee's performance. Claims of discrimination and sexual harassment, suspensions, reductions in pay, transfers, layoffs, demotions, and dismissals are not subject to the career service grievance process.

(8)~~(7)~~ The department shall adopt rules for administration of the grievance process for career service employees. Such rules shall establish agency grievance procedures, eligibility, filing deadlines, forms, and review and evaluation governing the grievance process.

(a) The employee is voluntarily participating in binding arbitration pursuant to this section.

(b) The arbitration order is final and may not be set aside except for an error in law that is apparent on the record.

(c) The employee will faithfully abide by the arbitration order unless otherwise determined by a court of competent jurisdiction.

(3) Upon receipt of the arbitration request, the office shall provide written notice to the agency against which a request is made regarding the employee request for binding arbitration. The agency must participate in the requested binding arbitration. Binding arbitration shall not be conducted pursuant to this section unless the employee requests it.

(4)(a) The employee bears the burden of establishing by a preponderance of the evidence that the agency action complained of was adverse, that the agency head abused his or her discretion in taking the adverse agency action, and that no reasonable cause existed for the adverse agency action. This paragraph does not apply to law enforcement or correctional officers or firefighters.

(b) With regard to law enforcement or correctional officers or firefighters, the employer must prove just cause for the adverse agency action.

(5)(a) The voluntary binding arbitration shall be heard and determined by an employee panel that consists of three randomly selected career service employees chosen by the office in a manner to ensure a balanced representation of employees from each pay classification. At least one of the employees selected to serve on an employee panel must be a member of the same pay classification as the employee requesting binding arbitration. This paragraph does not apply to law enforcement or correctional officers or firefighters.

If the two panel members do not agree on the jointly selected panel member, within 10 working days after the appeal is submitted, the parties shall jointly request the Federal Mediation and Conciliation Service to furnish a panel of seven names from which each party shall have the option, within 5 days of receipt, of striking three names in alternating fashion. The seventh or remaining name shall serve as the third panel member. The parties shall jointly notify the panel member of his or her selection. Either party may object to all names on the list, provided the objection is made prior to the commencement of the striking process. If this occurs, the objecting party may request the Federal Mediation and Conciliation Service to furnish another list of names. No more than two lists may be requested.

(c) The employee panel shall receive procedural direction and legal advice from the arbitrator appointed by the office.

(d) No employee currently employed or employed within the preceding 6 months by the agency participating in the binding arbitration shall be selected for an employee panel. The arbitrator shall draft the arbitration decision for submission to the members of the employee panel for their approval and signatures. Unless otherwise provided in the decision, the decision shall become final 10 days after its execution by the panel.

(6) Any party may be represented by counsel or another appointed representative. The arbitrator and employee panel must complete all arbitration of the employee's claims raised in the request within 60 days after receipt of the claim. The arbitrator may extend the 60-day period upon request of the parties or at the request of one party, after a hearing on that party's request for extension.

(7)(a) The arbitrator selected by the office shall not be an employee within the Career Service System, the Select Management Service, or the Selected Exempt Service. Each selected arbitrator must, at a minimum, meet the following requirements:

2. Compliance with the Code of Ethics for Arbitrators in Employment Disputes published by the American Arbitration Association and the American Bar Association in 1977, as amended.

3. Membership in good standing in The Florida Bar.

(b) The arbitrator shall have authority to commence and adjourn the arbitration hearing. The arbitrator shall not have authority to hold any person in contempt or to in any way impose sanctions against any person. The arbitrator shall provide assistance to the employee panel on questions of law.

(c) The arbitrator shall schedule all arbitration proceedings, including the date, time, and location of such proceedings and provide notice of the arbitration proceeding to the parties at least 5 days in advance of the hearing date, unless otherwise agreed to by the parties. The arbitrator has the discretion to grant a continuance for reasonable cause.

(d) The arbitrator may set a preliminary conference and require all parties to file a statement of position prior to the conference. The statement of position may include stipulations of the parties to uncontested facts and applicable law, citations to all governing statutory or regulatory laws that control the controversy, a list of issues of fact and law that are in dispute, any proposals designed to expedite the arbitration process, a list of documents exchanged by the parties and a schedule for the delivery of any additional relevant documents, identification of witnesses expected to be called during the arbitration proceeding accompanied by a short summary of their expected testimony, and any other matters specified by the arbitrator.

(8) The duties of the office in administering voluntary binding arbitration pursuant to this section include, but are not limited to, the following:

(b) Providing for the selection of the employee panel and arbitrator, which includes:

1. Providing selection notice to all parties, the arbitrator, and the employee panel participants.

2. Securing a signed disclosure statement from each appointed arbitrator and selected employee describing any circumstances likely to affect impartiality, including any bias or any financial or personal interest with either party or any present or past relationship with the employee seeking binding arbitration, and making these disclosure statements available to the parties. The duty to disclose shall be a continuing obligation throughout the arbitration process.

3. Filling vacancies.

4. Compensating arbitrators, provided that an arbitrator's fees and expenses shall not exceed $500 per day for case preparation, prehearing conferences, hearings, and preparation of the arbitration order.

(c) Publishing the final arbitration order submitted to the office by both parties and the arbitrator.

(9) The office shall maintain records of each dispute submitted to voluntary binding arbitration, including the recordings of the arbitration hearings. All records maintained by the office under this section shall be public records and shall be available for inspection upon reasonable notice.

(10) The arbitration proceedings shall be governed by the following procedural requirements:

(a) A party may object to the arbitrator or any employee on the panel based on the arbitrator's or employee's past or present, direct or indirect, relationship with either party or either party's attorney, whether that relationship was or is financial, professional, or social. The arbitrator shall consider any objection to a panel employee, determine its validity, and notify the parties of his or her determination. If the objection is determined valid, the office shall assign another employee from the employee panel pool. The office shall consider any objection to the arbitrator, determine its validity, and notify the parties of its determination. If the objection is determined valid, the office shall appoint another arbitrator.

(b) The arbitrator has the power to issue subpoenas, and to effect discovery on the written request of any party by any means available to the courts and in the manner provided in the Florida Rules of Civil Procedure, including the imposition of sanctions, excluding contempt. Fees for attendance of witnesses shall be the same as that provided in civil actions in circuit courts of this state.

(c) At all arbitration proceedings, the parties may present oral and written testimony, present witnesses and evidence relevant to the dispute, cross-examine witnesses, and be represented by counsel. The arbitrator shall record the arbitration hearing and shall have the power to administer oaths.

(d) The arbitrator may continue a hearing on his or her own motion or upon the request of the party for good cause shown. A request for continuance by the employee constitutes a waiver of the 60-day time period for completion of all arbitration proceedings authorized under this section.

(e) The employee panel shall render its decision within 10 days after the closing of the hearing. The decision shall be in writing on a form prescribed or adopted by the office. The arbitrator shall send a copy of the decision to the parties by registered mail.

(f) Unless otherwise provided, the arbitration decision rendered by the employee panel and any appeals thereof are exempt from the provisions of chapter 120.

the county where the arbitration hearing was held, for an order confirming, vacating, or modifying the arbitration decision. Such application must be filed within 30 days after the later of the moving party's receipt of the written decision or the date the decision becomes final. Upon filing such application, the moving party shall mail a copy to the office and, upon entry of any judgment or decree, shall mail a copy of such judgment or decree to the office. A review of such application to circuit court shall be limited to review on the record and not de novo, of:

(c) Whether the decision reaches a result contrary to the United States Constitution or the Florida Constitution.

If the arbitrator and employee panel fail to state findings or reasons for the stated decision, or the findings and reasons are inadequate, the court shall search the record to determine whether a basis exists to uphold the decision.

(13) The office, the arbitrator, and the employee panel shall have absolute immunity from liability arising from the performance of their duties while acting within the scope of their appointed function in any arbitration conducted under this section.

A withdrawal of contributions will constitute a break in service. Continuous service also includes past service purchased under this chapter, provided such service is continuous within this definition and the rules established by the administrator. The administrator may establish administrative rules and procedures for applying this definition to creditable service authorized under this chapter. Any correctional officer, as defined in s. 943.10, whose participation in the state-administered retirement system is terminated due to the transfer of a county detention facility through a contractual agreement with a private entity pursuant to s. 951.062, shall be deemed an employee with continuous service in the Special Risk Class, provided return to employment with the former

A party requesting discovery shall demonstrate a substantial need for the information requested and an inability to obtain relevant information by other means. To the extent that chapter 120 is inconsistent with these provisions, the procedures contained in this section shall govern.

(2) This section does not prohibit any person from representing himself or herself in proceedings before the commission or from being represented by legal counsel or by any individual who qualifies as a representative pursuant to rules promulgated and adopted by the commission.

(3) With respect to hearings relating to demotions, suspensions, or dismissals pursuant to the provisions of this section:

(a)1. For an alleged adverse agency action against an employee, except a law enforcement or correctional officer or a firefighter, occurring on or after July 1, 2001, the burden of proof shall be on the employee requesting the appeal to establish by a preponderance of the evidence that the agency head abused his or her discretion in demoting, suspending, or dismissing the employee and that no reasonable cause existed for the alleged adverse action taken by the agency.

2.~~(a)~~ Upon a finding that *the adversely affected employee was unable to establish that the agency head abused his or her discretion and was unable to establish that no reasonable* ~~just~~ cause existed for the demotion, suspension, or dismissal, the commission shall affirm the demotion, suspension, or dismissal.

3.~~(b)~~ Upon a finding that *the adversely affected employee established that the agency head abused his or her discretion and that no reasonable* ~~just~~ cause *existed* ~~did not exist~~ for the demotion, suspension, or dismissal, the commission may order the reinstatement of the employee, with or without back pay.

(b) With regard to a law enforcement or correctional officer or a firefighter:

1. Upon a finding that just cause existed for the demotion, suspension, or dismissal, the commission shall affirm the demotion, suspension, or dismissal.

2. Upon a finding that just cause did not exist for the demotion, suspension, or dismissal, the commission may order the reinstatement of the law enforcement or correctional officer or firefighter, with or without back pay.

3.~~(c)~~ Upon a finding that just cause for disciplinary action existed, but did not justify the severity of the action taken, the commission may, in its limited discretion, reduce the penalty.

~~(d)~~ The commission is limited in its discretionary reduction of dismissals and suspensions to consider only the following circumstances:

a.~~1.~~ The seriousness of the conduct as it relates to the employee's duties and responsibilities.

b.~~2.~~ Action taken with respect to similar conduct by other employees.

c.~~3.~~ The previous employment record and disciplinary record of the employee.

(c)~~(e)~~ Any order of the commission issued pursuant to this subsection may include back pay, if applicable, and an amount, to be determined by the commission and paid by the agency, for reasonable attorney's fees, witness fees, and other out-of-pocket expenses incurred during the prosecution of an appeal against an agency in which the commission *finds* ~~sustains~~ the employee *met his or her burden of proof by establishing that the agency head abused his or her discretion and that no reasonable cause existed for the employee's demotion, suspension, or dismissal*. In determining the amount of an attorney's fee, the commission shall consider only the number of hours reasonably spent on the appeal, comparing the number of hours spent on similar Career Service System appeals and the reasonable hourly rate charged in the geographic area for similar appeals, but not including litigation over the amount of the attorney's fee. ~~This paragraph applies to future and pending cases.~~

However, no order of the commission shall require the reinstatement of any individual as an employee who has been suspended or discharged, or the payment of any back pay, if the individual was suspended or discharged *as otherwise provided by law* ~~for cause~~. The order may further require the party or parties to make periodic reports showing the extent to which it has complied with the order. Amendment 3 (with title amendment)—
Remove from the bill: Everything after the enacting clause

and insert in lieu thereof:

Section 1. *It is the intent of the Legislature that the Medical Quality Assurance Trust Fund should be administered in a fiscally responsible manner. It is also the intent of the Legislature that the Department of Health reduce expenses wherever possible to ensure that the cost of regulation is reasonable and fair and does not serve as a barrier to licensure in this state. The Legislature adopts findings 1, 2, 4, 5, and 8 and the recommendations of the Auditor General's Medical Quality Assurance Operational Audit Report Number 01-063. In addition, the Legislature adopts recommendations 1, 2, 4, 5, and 7 of the Florida Senate Committee on Fiscal Policy Interim Project Report 2001-016.*

Section 2. *The Auditor General shall conduct a followup audit to the Medical Quality Assurance Operational Audit Report Number 01-063 to determine if the Department of Health has implemented the recommendations of that report. The Auditor General shall complete the followup audit and issue a report to the President of the Senate and the Speaker of the House of Representatives no later than January 31, 2002.*

Section 3. *The contract between the Department of Health and the Agency for Health Care Administration pursuant to section 20.43(3), Florida Statutes, is not subject to the provisions of section 216.346, Florida Statutes. The Department of Health shall reimburse the Agency for Health Care Administration for the agency's actual direct costs and the agency's indirect costs incurred as a result of the contract, subject to appropriated funds. The agency shall provide to the department documentation, explanation, and justification of all direct and indirect costs incurred, by budget entity.*

Section 4. *The Office of Program Policy Analysis and Government Accountability shall study the feasibility of maintaining the entire Medical Quality Assurance function, including enforcement, within a single department. The study shall be completed and a report issued to the President of the Senate and the Speaker of the House of Representatives no later than November 30, 2001.*

Section 5. Subsection (1) of section 456.004, Florida Statutes, is amended, and subsection (10) is added to that section, to read:

456.004 Department; powers and duties.—The department, for the professions under its jurisdiction, shall:

(1) Adopt rules establishing a procedure for the biennial renewal of licenses; however, the department may issue up to a 4-year license to selected licensees notwithstanding any other provisions of law to the contrary. *The rules shall specify the expiration dates of licenses and the process for tracking compliance with continuing education requirements, financial responsibility requirements, and any other conditions of renewal set forth in statute or rule.* Fees for such renewal shall not exceed the fee caps for individual professions on an annualized basis as authorized by law.

(10) Set an examination fee that includes all costs to develop, purchase, validate, administer, and defend the examination and is an amount certain to cover all administrative costs plus the actual per-applicant cost of the examination.

Section 6. Section 456.025, Florida Statutes, is amended to read:

456.025 Fees; receipts; disposition.—

(1) It is the intent of the Legislature that all costs of regulating health care professions and practitioners shall be borne solely by licensees and licensure applicants. It is also the intent of the Legislature that fees should be reasonable and not serve as a barrier to licensure. Moreover, it is the intent of the Legislature that the department operate as efficiently as possible and regularly report to the Legislature additional methods to streamline operational costs. Therefore, the boards in consultation with the department, or the department if there is no board, shall, by rule, set renewal fees which:

(a) Shall be based on revenue projections prepared using generally accepted accounting procedures;

(b) Shall be adequate to cover all expenses relating to that board identified in the department's long-range policy plan, as required by s. 456.005;

(c) Shall be reasonable, fair, and not serve as a barrier to licensure;

(d) Shall be based on potential earnings from working under the scope of the license;

(e) Shall be similar to fees imposed on similar licensure types;

(f) Shall not be more than 10 percent greater than the fee imposed for the previous biennium;

(g) Shall not be more than 10 percent greater than the actual cost to regulate that profession for the previous biennium; and

(h) Shall be subject to challenge pursuant to chapter 120.

(2) The chairpersons of the boards and councils listed in s. 20.43(3)(g) shall meet annually at division headquarters to review the long-range policy plan required by s. 456.005 and current and proposed fee schedules. The chairpersons shall make recommendations for any necessary statutory changes relating to fees and fee caps. Such recommendations shall be compiled by the Department of Health and be included in the annual report to the Legislature required by s. 456.026 as well as be included in the long-range policy plan required by s. 456.005.

(2)~~(1)~~ Each board within the jurisdiction of the department, or the department when there is no board, shall determine by rule the amount of license fees for the profession it regulates, based upon long-range estimates prepared by the department of the revenue required to implement laws relating to the regulation of professions by the department and the board. Each board, or the department if there is no board, shall ensure that license fees are adequate to cover all anticipated costs and to maintain a reasonable cash balance, as determined by rule of the agency, with advice of the applicable board. If sufficient action is not taken by a board within 1 year after notification by the department that license fees are projected to be inadequate, the department shall set license fees on behalf of the applicable board to cover anticipated costs and to maintain the required cash balance. The department shall include recommended fee cap increases in its annual report to the Legislature. Further, it is the legislative intent that no regulated profession operate with a negative cash balance. The department may provide by rule for advancing sufficient funds to any profession operating with a negative cash balance. The advancement may be for a period not to exceed 2 consecutive years, and the regulated profession must pay interest. Interest shall be calculated at the current rate earned on investments of a trust fund used by the department to implement this chapter. Interest earned shall be allocated to the various funds in accordance with the allocation of investment earnings during the period of the advance.

(3)~~(2)~~ Each board, or the department if there is no board, may charge a fee not to exceed $25, as determined by rule, for the issuance of a wall certificate pursuant to s. 456.013(2) requested by a licensee who was licensed prior to July 1, 1998, or for the issuance of a duplicate wall certificate requested by any licensee.

(4)~~(3)~~ Each board, or the department if there is no board, may, by rule, assess and collect a one-time fee from each active status licensee and each inactive status licensee in an amount necessary to eliminate a cash deficit or, if there is not a cash deficit, in an amount sufficient to maintain the financial integrity of the professions as required in this section. Not more than one such assessment may be made in any 4-year period without specific legislative authorization.

(5) If the cash balance of the trust fund at the end of any fiscal year exceeds the total appropriation provided for the regulation of the health care professions in the prior fiscal year, the boards, in consultation with the department, may lower the license renewal fees.

(6)~~(4)~~ Each board ~~authorized to approve continuing education providers~~, or the department if there is no board, *shall* ~~may~~ establish, by rule, a fee not to exceed $250 for anyone seeking approval to provide continuing education courses *or programs* and *shall* ~~may~~ establish by rule a biennial renewal fee not to exceed $250 for the renewal of providership of such courses. *The fees collected from continuing education providers shall be used for the purposes of reviewing course provider applications, monitoring the integrity of the courses provided, covering legal expenses incurred as a result of not granting or renewing a providership, and developing and maintaining an electronic continuing education tracking system. The department shall implement an electronic continuing education tracking system for each new biennial renewal cycle for which electronic renewals are implemented after the effective date of this act and shall integrate such system into the licensure and renewal system. All approved continuing education providers shall provide information on course attendance to the department necessary to implement the electronic tracking system. The department shall, by rule, specify the form and procedures by which the information is to be submitted.* ~~This subsection does not apply to continuing education courses or providers approved by the board under chapter 465.~~

(7)~~(5)~~ All moneys collected by the department from fees or fines or from costs awarded to the agency by a court shall be paid into a trust fund used by the department to implement this chapter. The Legislature shall appropriate funds from this trust fund sufficient to carry out this chapter and the provisions of law with respect to professions regulated by the Division of Medical Quality Assurance within the department and the boards. The department may contract with public and private entities to receive and deposit revenue pursuant to this section. The department shall maintain separate accounts in the trust fund used by the department to implement this chapter for every profession within the department. To the maximum extent possible, the department shall directly charge all expenses to the account of each regulated profession. For the purpose of this subsection, direct charge expenses include, but are not limited to, costs for investigations, examinations, and legal services. For expenses that cannot be charged directly, the department shall provide for the proportionate allocation among the accounts of expenses incurred by the department in the performance of its duties with respect to each regulated profession. The regulation by the department of professions, as defined in this chapter, shall be financed solely from revenue collected by it from fees and other charges and deposited in the Medical Quality Assurance Trust Fund, and all such revenue is hereby appropriated to the department. However, it is legislative intent that each profession shall operate within its anticipated fees. The department may not expend funds from the account of a profession to pay for the expenses incurred on behalf of another profession, except that the Board of Nursing must pay for any costs incurred in the regulation of certified nursing assistants. The department shall maintain adequate records to support its allocation of agency expenses. The department shall provide any board with reasonable access to these records upon request. *On or before October 1 of each year,* the department shall provide each board an annual report of revenue and direct and allocated expenses related to the operation of that profession. The board shall use these reports and the department's adopted long-range plan to determine the amount of license fees. A condensed version of this information, with the department's recommendations, shall be included in the annual report to the Legislature prepared under s. 456.026.

(8)~~(6)~~ The department shall provide a condensed management report of budgets, finances, performance statistics, and recommendations to each board at least once a quarter. The department shall identify and include in such presentations any changes, or projected changes, made to the board's budget since the last presentation.

(9)~~(7)~~ If a duplicate license is required or requested by the licensee, the board or, if there is no board, the department may charge a fee as determined by rule not to exceed $25 before issuance of the duplicate license.

(10)~~(8)~~ The department or the appropriate board shall charge a fee not to exceed $25 for the certification of a public record. The fee shall be determined by rule of the department. The department or the

appropriate board shall assess a fee for duplicating a public record as provided in s. 119.07(1)(a) and (b).

Section 7. Subsection (1) of section 457.107, Florida Statutes, is amended to read:

457.107 Renewal of licenses; continuing education.—

(1) The department shall renew a license upon receipt of the renewal application and the *required* fee set by the board by rule, not to exceed $500.

Section 8. *Section 458.31151, Florida Statutes, is repealed.*

Section 9. Subsection (1) of section 483.807, Florida Statutes, is amended to read:

483.807 Fees; establishment; disposition.—

(1) The board, by rule, shall establish fees to be paid for application, examination, reexamination, licensing and renewal, *registration, laboratory training program application,* reinstatement, and recordmaking and recordkeeping. The board may also establish, by rule, a delinquency fee. The board shall establish fees that are adequate to ensure the continued operation of the board and to fund the proportionate expenses incurred by the department in carrying out its licensure and other related responsibilities under this part. Fees shall be based on departmental estimates of the revenue required to implement this part and the provisions of law with respect to the regulation of clinical laboratory personnel.

Section 10. Subsections (1), (3), and (4) of section 456.011, Florida Statutes, are amended to read:

456.011 Boards; organization; meetings; compensation and travel expenses.—

(1) Each board within the department shall comply with the provisions of this *chapter* ~~section~~.

(3) The board shall meet at least once annually and may meet as often as is necessary. *Meetings shall be conducted through teleconferencing or other technological means, unless disciplinary hearings involving standard of care, sexual misconduct, fraud, impairment, or felony convictions; licensure denial hearings; or controversial rule hearings are being conducted; or unless otherwise approved in advance of the meeting by the director of the Division of Medical Quality Assurance.* The chairperson or a quorum of the board shall have the authority to call ~~other~~ meetings*, except as provided above relating to in-person meetings*. A quorum shall be necessary for the conduct of official business by the board or any committee thereof. Unless otherwise provided by law, 51 percent or more of the appointed members of the board or any committee, when applicable, shall constitute a quorum. The membership of committees of the board, except as otherwise authorized pursuant to this chapter or the applicable practice act, shall be composed of currently appointed members of the board. The vote of a majority of the members of the quorum shall be necessary for any official action by the board or committee. Three consecutive unexcused absences or absences constituting 50 percent or more of the board's meetings within any 12-month period shall cause the board membership of the member in question to become void, and the position shall be considered vacant. The board, or the department when there is no board, shall, by rule, define unexcused absences.

(4) Unless otherwise provided by law, a board member or former board member serving on a probable cause panel shall be compensated $50 for each day in attendance at an official meeting of the board and for each day of participation in any other business involving the board. Each board shall adopt rules defining the phrase "other business involving the board," but the phrase may not routinely be defined to include telephone conference calls *that last less than 4 hours*. A board member also shall be entitled to reimbursement for expenses pursuant to s. 112.061. Travel out of state shall require the prior approval of the secretary.

Section 11. Subsection (2) of section 456.013, Florida Statutes, is amended to read:

456.013 Department; general licensing provisions.—

(2) Before the issuance of any license, the department *shall* ~~may~~ charge an initial license fee as determined by ~~rule of~~ the applicable board or, if no such board exists, by rule of the department. Upon receipt of the appropriate license fee, the department shall issue a license to any person certified by the appropriate board, or its designee, as having met the licensure requirements imposed by law or rule. The license shall consist of a wallet-size identification card and a wall card measuring 6½ inches by 5 inches. In addition to the two-part license, the department, at the time of initial licensure, shall issue a wall certificate suitable for conspicuous display, which shall be no smaller than 8½ inches by 14 inches. The licensee shall surrender to the department the wallet-size identification card, the wall card, and the wall certificate, if one has been issued by the department, if the licensee's license is revoked.

Section 12. Section 456.017, Florida Statutes, is amended to read:

456.017 Department of Health; examinations.—

(1)(a) The department shall provide, contract, or approve services for the development, preparation, administration, scoring, score reporting, and evaluation of all examinations, in consultation with the appropriate board. The department shall certify that examinations developed and approved by the department adequately and reliably measure an applicant's ability to practice the profession regulated by the department. After an examination developed or approved by the department has been administered, the board, or the department when there is no board, may reject any question which does not reliably measure the general areas of competency specified in the rules of the board. The department may contract for the preparation, administration, scoring, score reporting, and evaluation of examinations, when such services are available and approved by the board.

(b) For each examination developed by the department or contracted vendor, to the extent not otherwise specified by statute, the board, or the department when there is no board, shall by rule specify the general areas of competency to be covered by each examination, the relative weight to be assigned in grading each area tested, and the score necessary to achieve a passing grade. *The department shall assess*~~, and~~ fees~~, where applicable,~~ to cover the actual cost for any purchase, development, *validation,* ~~and~~ administration*, and defense* of required examinations. This subsection does not apply to national examinations approved and administered pursuant to paragraph (c). If a practical examination is deemed to be necessary, the rules shall specify the criteria by which examiners are to be selected, the grading criteria to be used by the examiner, the relative weight to be assigned in grading each criterion, and the score necessary to achieve a passing grade. When a mandatory standardization exercise for a practical examination is required by law, the board, or the department when there is no board, may conduct such exercise. Therefore, board members, or employees of the department when there is no board, may serve as examiners at a practical examination with the consent of the board or department, as appropriate.

(c)*1.* The board, or the department when there is no board, *shall* ~~may~~ approve by rule the use of *one or more* ~~any~~ national *examinations* ~~examination~~ which the department has certified as meeting requirements of national examinations and generally accepted testing standards pursuant to department rules. Providers of examinations seeking certification by the department shall pay the actual costs incurred by the department in making a determination regarding the certification. The name and number of a candidate may be provided to a national contractor for the limited purpose of preparing the grade tape and information to be returned to the board or department; or, to the extent otherwise specified by rule, the candidate may apply directly to the vendor of the national examination and supply test score information to the department. The department may delegate to the board the duty to provide and administer the examination. Any national examination approved by a board, or the department when there is no

board, prior to October 1, 1997, is deemed certified under this paragraph.

2. The board, or the department when there is no board, shall approve and begin administering a national examination no later than December 31, 2001. Neither the board nor the department may administer a state-developed written examination after December 31, 2001, notwithstanding any other provision of law. The examination may be administered electronically if adequate security measures are used, as determined by rule of the department.

3. The board, or the department when there is no board, may administer a state-developed practical or clinical examination, as required by the applicable practice act, if all costs of development, purchase, validation, administration, review, and defense are paid by the examination candidate prior to the administration of the examination. If a national practical or clinical examination is available and certified by the department pursuant to this section, the board, or the department when there is no board, may administer the national examination.

4. It is the intent of the Legislature to reduce the costs associated with state examinations and to encourage the use of national examinations whenever possible.

(d) Each board, or the department when there is no board, shall adopt rules regarding the security and monitoring of examinations. The department shall implement those rules adopted by the respective boards. In order to maintain the security of examinations, the department may employ the procedures set forth in s. 456.065 to seek fines and injunctive relief against an examinee who violates the provisions of s. 456.018 or the rules adopted pursuant to this paragraph. The department, or any agent thereof, may, for the purposes of investigation, confiscate any written, photographic, or recording material or device in the possession of the examinee at the examination site which the department deems necessary to enforce such provisions or rules. *The scores of candidates who have taken state-developed examinations shall be provided to the candidates electronically using a candidate identification number, and the department shall post the aggregate scores on the department's website without identifying the names of the candidates.*

(e) If the professional board with jurisdiction over an examination concurs, the department may, for a fee, share with any other state's licensing authority *or a national testing entity* an examination *or examination item bank* developed by or for the department unless prohibited by a contract entered into by the department for development or purchase of the examination. The department, with the concurrence of the appropriate board, shall establish guidelines that ensure security of a shared exam and shall require that any other state's licensing authority comply with those guidelines. Those guidelines shall be approved by the appropriate professional board. All fees paid by the user shall be applied to the department's examination and development program for professions regulated by this chapter.

(f) The department may adopt rules necessary to administer this subsection.

(2) For each examination developed by the department or a contracted vendor, the board, or the department when there is no board, shall adopt rules providing for reexamination of any applicants who failed an examination developed by the department or a contracted vendor. If both a written and a practical examination are given, an applicant shall be required to retake only the portion of the examination on which the applicant failed to achieve a passing grade, if the applicant successfully passes that portion within a reasonable time, as determined by rule of the board, or the department when there is no board, of passing the other portion. Except for national examinations approved and administered pursuant to this section, the department shall provide procedures for applicants who fail an examination developed by the department or a contracted vendor to review their examination questions, answers, papers, grades, and grading key for the questions the candidate answered incorrectly or, if not feasible, the parts of the examination failed. Applicants shall bear the actual cost for the department to provide examination review pursuant to this subsection. An applicant may waive in writing the confidentiality of the applicant's examination grades. *Notwithstanding any other provision of law, only candidates who fail an examination by less than 10 percent shall be entitled to challenge the validity of the examination at hearing.*

(3) For each examination developed or administered by the department or a contracted vendor, an accurate record of each applicant's examination questions, answers, papers, grades, and grading key shall be kept for a period of not less than 2 years immediately following the examination, and such record shall thereafter be maintained or destroyed as provided in chapters 119 and 257. This subsection does not apply to national examinations approved and administered pursuant to this section.

(4) Meetings of any member of the department or of any board within the department held for the exclusive purpose of creating or reviewing licensure examination questions or proposed examination questions are exempt from the provisions of s. 286.011 and s. 24(b), Art. I of the State Constitution. Any public records, such as tape recordings, minutes, or notes, generated during or as a result of such meetings are confidential and exempt from the provisions of s. 119.07(1) and s. 24(a), Art. I of the State Constitution. However, these exemptions shall not affect the right of any person to review an examination as provided in subsection (2).

(5) For examinations developed by the department or a contracted vendor, each board, or the department when there is no board, may provide licensure examinations in an applicant's native language. *Notwithstanding any other provision of law,* applicants for examination or reexamination pursuant to this subsection shall bear the full cost for the department's development, preparation, *validation,* administration, grading, and evaluation of any examination in a language other than English *prior to the examination being administered*. Requests for translated examinations must be on file in the board office at least 6 months prior to the scheduled examination. When determining whether it is in the public interest to allow the examination to be translated into a language other than English, the board shall consider the percentage of the population who speak the applicant's native language. Applicants must apply for translation to the applicable board at least 6 months prior to the scheduled examination.

(6) In addition to meeting any other requirements for licensure by examination or by endorsement, *and notwithstanding the provisions in paragraph (1)(c),* an applicant may be required by a board, or the department when there is no board, to certify competency in state laws and rules relating to the applicable practice act. *Beginning October 1, 2001, all laws and rules examinations shall be administered electronically unless the laws and rules examination is administered concurrently with another written examination for that profession or unless the electronic administration would be substantially more expensive.*

Section 13. Subsection (1) of section 456.035, Florida Statutes, is amended to read:

456.035 Address of record.—

(1) Each licensee of the department is solely responsible for notifying the department in writing of the licensee's current mailing address and place of practice, as defined by rule of the board or the department if there is no board. *Electronic notification shall be allowed by the department; however, it shall be the responsibility of the licensee to ensure that the electronic notification was received by the department.* A licensee's failure to notify the department of a change of address constitutes a violation of this section, and the licensee may be disciplined by the board or the department if there is no board.

Section 14. Subsections (2), (4), and (10) of section 456.073, Florida Statutes, are amended to read:

456.073 Disciplinary proceedings.—Disciplinary proceedings for each board shall be within the jurisdiction of the department.

(2) The department shall allocate sufficient and adequately trained staff to expeditiously and thoroughly determine legal sufficiency and investigate all legally sufficient complaints. For purposes of this section,

it is the intent of the Legislature that the term "expeditiously" means that the department complete the report of its initial investigative findings and recommendations concerning the existence of probable cause within 6 months after its receipt of the complaint. The failure of the department, for disciplinary cases under its jurisdiction, to comply with the time limits of this section while investigating a complaint against a licensee constitutes harmless error in any subsequent disciplinary action unless a court finds that either the fairness of the proceeding or the correctness of the action may have been impaired by a material error in procedure or a failure to follow prescribed procedure. When its investigation is complete and legally sufficient, the department shall prepare and submit to the probable cause panel of the appropriate regulatory board the investigative report of the department. The report shall contain the investigative findings and the recommendations of the department concerning the existence of probable cause. *The department shall not recommend a letter of guidance in lieu of finding probable cause if the subject has already been issued a letter of guidance for a related offense.* At any time after legal sufficiency is found, the department may dismiss any case, or any part thereof, if the department determines that there is insufficient evidence to support the prosecution of allegations contained therein. The department shall provide a detailed report to the appropriate probable cause panel prior to dismissal of any case or part thereof, and to the subject of the complaint after dismissal of any case or part thereof, under this section. For cases dismissed prior to a finding of probable cause, such report is confidential and exempt from s. 119.07(1). The probable cause panel shall have access, upon request, to the investigative files pertaining to a case prior to dismissal of such case. If the department dismisses a case, the probable cause panel may retain independent legal counsel, employ investigators, and continue the investigation and prosecution of the case as it deems necessary.

(4) The determination as to whether probable cause exists shall be made by majority vote of a probable cause panel of the board, or by the department, as appropriate. Each regulatory board shall provide by rule that the determination of probable cause shall be made by a panel of its members or by the department. Each board may provide by rule for multiple probable cause panels composed of at least two members. Each board may provide by rule that one or more members of the panel or panels may be a former board member. The length of term or repetition of service of any such former board member on a probable cause panel may vary according to the direction of the board when authorized by board rule. Any probable cause panel must include one of the board's former or present consumer members, if one is available, is willing to serve, and is authorized to do so by the board chair. Any probable cause panel must include a present board member. Any probable cause panel must include a former or present professional board member. However, any former professional board member serving on the probable cause panel must hold an active valid license for that profession. All proceedings of the panel are exempt from s. 286.011 until 10 days after probable cause has been found to exist by the panel or until the subject of the investigation waives his or her privilege of confidentiality. The probable cause panel may make a reasonable request, and upon such request the department shall provide such additional investigative information as is necessary to the determination of probable cause. A request for additional investigative information shall be made within 15 days from the date of receipt by the probable cause panel of the investigative report of the department or the agency. The probable cause panel or the department, as may be appropriate, shall make its determination of probable cause within 30 days after receipt by it of the final investigative report of the department. The secretary may grant extensions of the 15-day and the 30-day time limits. In lieu of a finding of probable cause, the probable cause panel, or the department if there is no board, may issue a letter of guidance to the subject. If, within the 30-day time limit, as may be extended, the probable cause panel does not make a determination regarding the existence of probable cause or does not issue a letter of guidance in lieu of a finding of probable cause, the department must make a determination regarding the existence of probable cause within 10 days after the expiration of the time limit. If the probable cause panel finds that probable cause exists, it shall direct the department to file a formal complaint against the licensee. The department shall follow the directions of the probable cause panel regarding the filing of a formal complaint. If directed to do so, the department shall file a formal complaint against the subject of the investigation and prosecute that complaint pursuant to chapter 120. However, the department may decide not to prosecute the complaint if it finds that probable cause has been improvidently found by the panel. In such cases, the department shall refer the matter to the board. The board may then file a formal complaint and prosecute the complaint pursuant to chapter 120. The department shall also refer to the board any investigation or disciplinary proceeding not before the Division of Administrative Hearings pursuant to chapter 120 or otherwise completed by the department within 1 year after the filing of a complaint. The department, for disciplinary cases under its jurisdiction, must establish a uniform reporting system to quarterly refer to each board the status of any investigation or disciplinary proceeding that is not before the Division of Administrative Hearings or otherwise completed by the department within 1 year after the filing of the complaint. Annually, the department*, in consultation with the applicable probable cause panel,* ~~if there is no board, or each board~~ must establish a plan to *expedite* ~~reduce~~ or otherwise close any investigation or disciplinary proceeding that is not before the Division of Administrative Hearings or otherwise completed by the department within 1 year after the filing of the complaint. A probable cause panel or a board may retain independent legal counsel, employ investigators, and continue the investigation as it deems necessary; all costs thereof shall be paid from a trust fund used by the department to implement this chapter. All proceedings of the probable cause panel are exempt from s. 120.525.

(10) The complaint and all information obtained pursuant to the investigation by the department are confidential and exempt from s. 119.07(1) until 10 days after probable cause has been found to exist by the probable cause panel or by the department, or until the regulated professional or subject of the investigation waives his or her privilege of confidentiality, whichever occurs first. Upon completion of the investigation *and a recommendation by the department to find probable cause,* and pursuant to a written request by the subject *or the subject's attorney*, the department shall provide the subject an opportunity to inspect the investigative file or, at the subject's expense, forward to the subject a copy of the investigative file. Notwithstanding s. 456.057, the subject may inspect or receive a copy of any expert witness report or patient record connected with the investigation if the subject agrees in writing to maintain the confidentiality of any information received under this subsection until 10 days after probable cause is found and to maintain the confidentiality of patient records pursuant to s. 456.057. The subject may file a written response to the information contained in the investigative file. Such response must be filed within 20 days *of mailing by the department*, unless an extension of time has been granted by the department. This subsection does not prohibit the department from providing such information to any law enforcement agency or to any other regulatory agency.

Section 15. Section 456.081, Florida Statutes, is amended to read:

456.081 Publication of information.—The department and the boards shall have the authority to advise licensees periodically, through the publication of a newsletter *on the department's website*, about information that the department or the board determines is of interest to the industry. Unless otherwise prohibited by law, the department and the boards shall publish a summary of final orders resulting in *disciplinary action* ~~fines, suspensions, or revocations,~~ and any other information the department or the board determines is of interest to the public.

Section 16. Subsection (3) of section 456.079, Florida Statutes, is amended to read:

456.079 Disciplinary guidelines.—

(3) A specific finding *in the final order* of mitigating or aggravating circumstances shall allow the board to impose a penalty other than that provided for in such guidelines. If applicable, the board, or the department if there is no board, shall adopt by rule disciplinary guidelines to designate possible mitigating and aggravating circumstances and the variation and range of penalties permitted for such circumstances.

Section 17. Subsections (1) and (2) of section 457.109, Florida Statutes, are amended to read:

457.109 Disciplinary actions; grounds; action by the board.—

(1) The following acts ~~shall~~ constitute grounds for *denial of a license or disciplinary action, as specified in s. 456.072(2)* ~~which the disciplinary actions specified in subsection (2) may be taken~~:

(a) Attempting to obtain, obtaining, or renewing a license to practice acupuncture by bribery, by fraudulent misrepresentations, or through an error of the department.

(b) Having a license to practice acupuncture revoked, suspended, or otherwise acted against, including the denial of licensure, by the licensing authority of another state, territory, or country.

(c) Being convicted or found guilty, regardless of adjudication, in any jurisdiction of a crime which directly relates to the practice of acupuncture or to the ability to practice acupuncture. Any plea of nolo contendere shall be considered a conviction for purposes of this chapter.

(d) False, deceptive, or misleading advertising or advertising which claims that acupuncture is useful in curing any disease.

(e) Advertising, practicing, or attempting to practice under a name other than one's own.

(f) Failing to report to the department any person who the licensee knows is in violation of this chapter or of the rules of the department.

(g) Aiding, assisting, procuring, employing, or advising any unlicensed person to practice acupuncture contrary to this chapter or to a rule of the department.

(h) Failing to perform any statutory or legal obligation placed upon a licensed acupuncturist.

(i) Making or filing a report which the licensee knows to be false, intentionally or negligently failing to file a report or record required by state or federal law, willfully impeding or obstructing such filing or inducing another person to do so. Such reports or records shall include only those which are signed in the capacity as a licensed acupuncturist.

(j) Exercising influence within a patient-acupuncturist relationship for purposes of engaging a patient in sexual activity. A patient shall be presumed to be incapable of giving free, full, and informed consent to sexual activity with his or her acupuncturist.

(k) Making deceptive, untrue, or fraudulent representations in the practice of acupuncture or employing a trick or scheme in the practice of acupuncture when such scheme or trick fails to conform to the generally prevailing standards of treatment in the community.

(l) Soliciting patients, either personally or through an agent, through the use of fraud, intimidation, undue influence, or a form of overreaching or vexatious conduct. A solicitation is any communication which directly or implicitly requests an immediate oral response from the recipient.

(m) Failing to keep written medical records justifying the course of treatment of the patient.

(n) Exercising influence on the patient to exploit the patient for the financial gain of the licensee or of a third party.

(o) Being unable to practice acupuncture with reasonable skill and safety to patients by reason of illness or use of alcohol, drugs, narcotics, chemicals, or any other type of material or as a result of any mental or physical condition. In enforcing this paragraph, upon a finding of the secretary or the secretary's designee that probable cause exists to believe that the licensee is unable to serve as an acupuncturist due to the reasons stated in this paragraph, the department shall have the authority to issue an order to compel the licensee to submit to a mental or physical examination by a physician designated by the department. If the licensee refuses to comply with such order, the department's order directing such examination may be enforced by filing a petition for enforcement in the circuit court where the licensee resides or serves as an acupuncturist. The licensee against whom the petition is filed shall not be named or identified by initials in any public court record or document, and the proceedings shall be closed to the public. The department shall be entitled to the summary procedure provided in s. 51.011. An acupuncturist affected under this paragraph shall at reasonable intervals be afforded an opportunity to demonstrate that he or she can resume the competent practice of acupuncture with reasonable skill and safety to patients. In any proceeding under this paragraph, neither the record of proceedings nor the orders entered by the department shall be used against an acupuncturist in any other proceeding.

(p) Gross or repeated malpractice or the failure to practice acupuncture with that level of care, skill, and treatment which is recognized by a reasonably prudent similar acupuncturist as being acceptable under similar conditions and circumstances.

(q) Practicing or offering to practice beyond the scope permitted by law or accepting and performing professional responsibilities which the licensee knows or has reason to know that he or she is not competent to perform.

(r) Delegating professional responsibilities to a person when the licensee delegating such responsibilities knows or has reason to know that such person is not qualified by training, experience, or licensure to perform them.

(s) Violating ~~any provision of this chapter, a rule of the department, or~~ a lawful order of the *board* ~~department~~ previously entered in a disciplinary hearing or failing to comply with a lawfully issued subpoena of the department.

(t) Conspiring with another to commit an act, or committing an act, which would tend to coerce, intimidate, or preclude another licensee from lawfully advertising his or her services.

(u) Fraud or deceit or gross negligence, incompetence, or misconduct in the operation of a course of study.

(v) Failing to comply with state, county, or municipal regulations or reporting requirements relating to public health and the control of contagious and infectious diseases.

(w) Failing to comply with any rule of the board relating to health and safety, including, but not limited to, the sterilization of needles and equipment and the disposal of potentially infectious materials.

(x) Violating any provision of this chapter or chapter 456, or any rules adopted pursuant thereto.

(2) *The board may enter an order denying licensure or imposing any of the penalties in s. 456.072(2) against any applicant for licensure or licensee who is found guilty of violating any provision of subsection (1) of this section or who is found guilty of violating any provision of s. 456.072(1).* ~~When the board finds any person guilty of any of the acts set forth in subsection (1), it may enter an order imposing one or more of the following penalties:~~

~~(a) Refusal to certify to the department an application for licensure.~~

~~(b) Revocation or suspension of a license.~~

~~(c) Restriction of practice.~~

~~(d) Imposition of an administrative fine not to exceed $1,000 for each count or separate offense.~~

~~(e) Issuance of a reprimand.~~

~~(f) Placement of the acupuncturist on probation for a period of time and subject to such conditions as the board may specify.~~

Section 18. Subsection (6) of section 458.320, Florida Statutes, is amended to read:

458.320 Financial responsibility.—

(6) Any deceptive, untrue, or fraudulent representation by the licensee with respect to any provision of this section shall result in

permanent disqualification from any exemption to mandated financial responsibility as provided in this section and shall constitute grounds for disciplinary action *under* ~~as specified in~~ s. 458.331.

Section 19. Subsections (1) and (2) of section 458.331, Florida Statutes, are amended to read:

458.331 Grounds for disciplinary action; action by the board and department.—

(1) The following acts ~~shall~~ constitute grounds for *denial of a license or disciplinary action, as specified in s. 456.072(2)* ~~which the disciplinary actions specified in subsection (2) may be taken~~:

(a) Attempting to obtain, obtaining, or renewing a license to practice medicine by bribery, by fraudulent misrepresentations, or through an error of the department or the board.

(b) Having a license or the authority to practice medicine revoked, suspended, or otherwise acted against, including the denial of licensure, by the licensing authority of any jurisdiction, including its agencies or subdivisions. The licensing authority's acceptance of a physician's relinquishment of a license, stipulation, consent order, or other settlement, offered in response to or in anticipation of the filing of administrative charges against the physician's license, shall be construed as action against the physician's license.

(c) Being convicted or found guilty of, or entering a plea of nolo contendere to, regardless of adjudication, a crime in any jurisdiction which directly relates to the practice of medicine or to the ability to practice medicine.

(d) False, deceptive, or misleading advertising.

(e) Failing to report to the department any person who the licensee knows is in violation of this chapter or of the rules of the department or the board. A treatment provider approved pursuant to s. 456.076 shall provide the department or consultant with information in accordance with the requirements of s. 456.076(3), (4), (5), and (6).

(f) Aiding, assisting, procuring, or advising any unlicensed person to practice medicine contrary to this chapter or to a rule of the department or the board.

(g) Failing to perform any statutory or legal obligation placed upon a licensed physician.

(h) Making or filing a report which the licensee knows to be false, intentionally or negligently failing to file a report or record required by state or federal law, willfully impeding or obstructing such filing or inducing another person to do so. Such reports or records shall include only those which are signed in the capacity as a licensed physician.

(i) Paying or receiving any commission, bonus, kickback, or rebate, or engaging in any split-fee arrangement in any form whatsoever with a physician, organization, agency, or person, either directly or indirectly, for patients referred to providers of health care goods and services, including, but not limited to, hospitals, nursing homes, clinical laboratories, ambulatory surgical centers, or pharmacies. The provisions of this paragraph shall not be construed to prevent a physician from receiving a fee for professional consultation services.

(j) Exercising influence within a patient-physician relationship for purposes of engaging a patient in sexual activity. A patient shall be presumed to be incapable of giving free, full, and informed consent to sexual activity with his or her physician.

(k) Making deceptive, untrue, or fraudulent representations in or related to the practice of medicine or employing a trick or scheme in the practice of medicine.

(l) Soliciting patients, either personally or through an agent, through the use of fraud, intimidation, undue influence, or a form of overreaching or vexatious conduct. A solicitation is any communication which directly or implicitly requests an immediate oral response from the recipient.

(m) Failing to keep legible, as defined by department rule in consultation with the board, medical records that identify the licensed physician or the physician extender and supervising physician by name and professional title who is or are responsible for rendering, ordering, supervising, or billing for each diagnostic or treatment procedure and that justify the course of treatment of the patient, including, but not limited to, patient histories; examination results; test results; records of drugs prescribed, dispensed, or administered; and reports of consultations and hospitalizations.

(n) Exercising influence on the patient or client in such a manner as to exploit the patient or client for financial gain of the licensee or of a third party, which shall include, but not be limited to, the promoting or selling of services, goods, appliances, or drugs.

(o) Promoting or advertising on any prescription form of a community pharmacy unless the form shall also state "This prescription may be filled at any pharmacy of your choice."

(q) Prescribing, dispensing, administering, mixing, or otherwise preparing a legend drug, including any controlled substance, other than in the course of the physician's professional practice. For the purposes of this paragraph, it shall be legally presumed that prescribing, dispensing, administering, mixing, or otherwise preparing legend drugs, including all controlled substances, inappropriately or in excessive or inappropriate quantities is not in the best interest of the patient and is not in the course of the physician's professional practice, without regard to his or her intent.

(r) Prescribing, dispensing, or administering any medicinal drug appearing on any schedule set forth in chapter 893 by the physician to himself or herself, except one prescribed, dispensed, or administered to the physician by another practitioner authorized to prescribe, dispense, or administer medicinal drugs.

(s) Being unable to practice medicine with reasonable skill and safety to patients by reason of illness or use of alcohol, drugs, narcotics, chemicals, or any other type of material or as a result of any mental or physical condition. In enforcing this paragraph, the department shall have, upon a finding of the secretary or the secretary's designee that probable cause exists to believe that the licensee is unable to practice medicine because of the reasons stated in this paragraph, the authority to issue an order to compel a licensee to submit to a mental or physical examination by physicians designated by the department. If the licensee refuses to comply with such order, the department's order directing such examination may be enforced by filing a petition for enforcement in the circuit court where the licensee resides or does business. The licensee against whom the petition is filed may not be named or identified by initials in any public court records or documents, and the proceedings shall be closed to the public. The department shall be entitled to the summary procedure provided in s. 51.011. A licensee or certificateholder affected under this paragraph shall at reasonable intervals be afforded an opportunity to demonstrate that he or she can resume the competent practice of medicine with reasonable skill and safety to patients.

(t) Gross or repeated malpractice or the failure to practice medicine with that level of care, skill, and treatment which is recognized by a reasonably prudent similar physician as being acceptable under similar conditions and circumstances. As used in this paragraph, "repeated malpractice" includes, but is not limited to, three or more claims for medical malpractice within the previous 5-year period resulting in indemnities being paid in excess of $25,000 each to the claimant in a judgment or settlement and which incidents involved negligent conduct by the physician. As used in this paragraph, "gross malpractice" or "the failure to practice medicine with that level of care, skill, and treatment which is recognized by a reasonably prudent similar physician as being acceptable under similar conditions and circumstances," shall not be construed so as to require more than one instance, event, or act. Nothing in this paragraph shall be construed to

require that a physician be incompetent to practice medicine in order to be disciplined pursuant to this paragraph.

(u) Performing any procedure or prescribing any therapy which, by the prevailing standards of medical practice in the community, would constitute experimentation on a human subject, without first obtaining full, informed, and written consent.

(v) Practicing or offering to practice beyond the scope permitted by law or accepting and performing professional responsibilities which the licensee knows or has reason to know that he or she is not competent to perform. The board may establish by rule standards of practice and standards of care for particular practice settings, including, but not limited to, education and training, equipment and supplies, medications including anesthetics, assistance of and delegation to other personnel, transfer agreements, sterilization, records, performance of complex or multiple procedures, informed consent, and policy and procedure manuals.

(w) Delegating professional responsibilities to a person when the licensee delegating such responsibilities knows or has reason to know that such person is not qualified by training, experience, or licensure to perform them.

2. The differential diagnostic psychiatric evaluation of depression or the treatment of depression shown to be refractory to other therapeutic modalities; or

3. The clinical investigation of the effects of such drugs or compounds when an investigative protocol therefor is submitted to, reviewed, and approved by the board before such investigation is begun.

(ee) Prescribing, ordering, dispensing, administering, supplying, selling, or giving growth hormones, testosterone or its analogs, human chorionic gonadotropin (HCG), or other hormones for the purpose of muscle building or to enhance athletic performance. For the purposes of this subsection, the term "muscle building" does not include the treatment of injured muscle. A prescription written for the drug products listed above may be dispensed by the pharmacist with the presumption that the prescription is for legitimate medical use.

(ff) Prescribing, ordering, dispensing, administering, supplying, selling, or giving amygdalin (laetrile) to any person.

(gg) Misrepresenting or concealing a material fact at any time during any phase of a licensing or disciplinary process or procedure.

(ii) Failing to report to the department any licensee under this chapter or under chapter 459 who the physician or physician assistant knows has violated the grounds for disciplinary action set out in the law under which that person is licensed and who provides health care services in a facility licensed under chapter 395, or a health maintenance organization certificated under part I of chapter 641, in which the physician or physician assistant also provides services.

(jj) Being found by any court in this state to have provided corroborating written medical expert opinion attached to any statutorily required notice of claim or intent or to any statutorily required response rejecting a claim, without reasonable investigation.

(ll) Advertising or holding oneself out as a board-certified specialist, if not qualified under s. 458.3312, in violation of this chapter.

(mm) Failing to comply with the requirements of ss. 381.026 and 381.0261 to provide patients with information about their patient rights and how to file a patient complaint.

(2) *The board may enter an order denying licensure or imposing any of the penalties in s. 456.072(2) against any applicant for licensure or licensee who is found guilty of violating any provision of subsection (1) of this section or who is found guilty of violating any provision of s. 456.072(1).* ~~When the board finds any person guilty of any of the grounds set forth in subsection (1), including conduct that would constitute a substantial violation of subsection (1) which occurred prior to licensure, it may enter an order imposing one or more of the following penalties:~~

~~(h) Corrective action.~~

~~(i) Refund of fees billed to and collected from the patient.~~

~~(j) Imposition of an administrative fine in accordance with s. 381.0261 for violations regarding patient rights.~~

In determining what action is appropriate, the board must first consider what sanctions are necessary to protect the public or to compensate the patient. Only after those sanctions have been imposed may the disciplining authority consider and include in the order requirements designed to rehabilitate the physician. All costs associated with compliance with orders issued under this subsection are the obligation of the physician.

Section 20. Subsection (2) of section 458.345, Florida Statutes, is amended to read:

458.345 Registration of resident physicians, interns, and fellows; list of hospital employees; prescribing of medicinal drugs; penalty.—

(2) The board shall not certify to the department for registration any applicant who is under investigation in any state or jurisdiction for an act which would constitute *grounds* ~~the basis~~ for ~~imposing a~~ disciplinary *action under* ~~penalty specified in~~ s. 458.331~~(2)(b)~~ until such time as the investigation is completed, at which time the provisions of s. 458.331 shall apply.

Section 23. Subsections (1) and (2) of section 459.015, Florida Statutes, are amended to read:

459.015 Grounds for disciplinary action; action by the board and department.—

(c) Being convicted or found guilty, regardless of adjudication, of a crime in any jurisdiction which directly relates to the practice of osteopathic medicine or to the ability to practice osteopathic medicine. A plea of nolo contendere shall create a rebuttable presumption of guilt to the underlying criminal charges.

(e) Failing to report to the department or the department's impaired professional consultant any person who the licensee or certificateholder knows is in violation of this chapter or of the rules of the department or the board. Such reports or records shall include only those which are signed in the capacity as a licensed osteopathic physician.

(j) Paying or receiving any commission, bonus, kickback, or rebate, or engaging in any split-fee arrangement in any form whatsoever with a physician, organization, agency, person, partnership, firm, corporation, or other business entity, for patients referred to providers of health care goods and services, including, but not limited to, hospitals, nursing homes, clinical laboratories, ambulatory surgical centers, or pharmacies. The provisions of this paragraph shall not be construed to prevent an osteopathic physician from receiving a fee for professional consultation services.

(k) Refusing to provide health care based on a patient's participation in pending or past litigation or participation in any disciplinary action conducted pursuant to this chapter, unless such litigation or disciplinary action directly involves the osteopathic physician requested to provide services.

(m) Making deceptive, untrue, or fraudulent representations in or related to the practice of osteopathic medicine or employing a trick or scheme in the practice of osteopathic medicine.

In enforcing this paragraph, the department shall, upon a finding of the secretary or the secretary's designee that probable cause exists to believe that the licensee is unable to practice medicine because of the reasons stated in this paragraph, have the authority to issue an order to compel a licensee to submit to a mental or physical examination by physicians designated by the department. If the licensee refuses to comply with such order, the department's order directing such examination may be enforced by filing a petition for enforcement in the circuit court where the licensee resides or does business. The licensee against whom the petition is filed shall not be named or identified by initials in any public court records or documents, and the proceedings shall be closed to the public. As used in this paragraph, "repeated malpractice" includes, but is not limited to, three or more claims for medical malpractice within the previous 5-year period resulting in indemnities being paid in excess of $25,000 each to the claimant in a judgment or settlement and which incidents involved negligent conduct by the osteopathic physician. As used in this paragraph, "gross malpractice" or "the failure to practice osteopathic medicine with that level of care, skill, and treatment which is recognized by a reasonably prudent similar osteopathic physician as being acceptable under similar conditions and circumstances" shall not be construed so as to require more than one instance, event, or act. Nothing in this paragraph shall be construed to require that an osteopathic physician be incompetent to practice osteopathic medicine in order to be disciplined pursuant to this paragraph. A recommended order by an administrative law judge or a final order of the board finding a violation under this paragraph shall specify whether the licensee was found to have committed "gross malpractice," "repeated malpractice," or "failure to practice osteopathic medicine with that level of care, skill, and treatment which is recognized as being acceptable under similar conditions and circumstances," or any combination thereof, and any publication by the board shall so specify.

(y) Performing any procedure or prescribing any therapy which, by the prevailing standards of medical practice in the community, would constitute experimentation on human subjects, without first obtaining full, informed, and written consent.

(x) Submitting to any third-party payor a claim for a service or treatment which was not actually provided to a patient.

(y) Failing to preserve identity of funds and property of a patient. As provided by rule of the board, money or other property entrusted to a chiropractic physician for a specific purpose, including advances for costs and expenses of examination or treatment, is to be held in trust and must be applied only to that purpose. Money and other property of patients coming into the hands of a chiropractic physician are not subject to counterclaim or setoff for chiropractic physician's fees, and a refusal to account for and deliver over such money and property upon demand shall be deemed a conversion. This is not to preclude the retention of money or other property upon which the chiropractic physician has a valid lien for services or to preclude the payment of agreed fees from the proceeds of transactions for examinations or treatments. Controversies as to the amount of the fees are not grounds for disciplinary proceedings unless the amount demanded is clearly excessive or extortionate, or the demand is fraudulent. All funds of patients paid to a chiropractic physician, other than advances for costs and expenses, shall be deposited in one or more identifiable bank accounts maintained in the state in which the chiropractic physician's office is situated, and no funds belonging to the chiropractic physician shall be deposited therein except as follows:

1. Funds reasonably sufficient to pay bank charges may be deposited therein.

2. Funds belonging in part to a patient and in part presently or potentially to the physician must be deposited therein, but the portion belonging to the physician may be withdrawn when due unless the right of the physician to receive it is disputed by the patient, in which event the disputed portion shall not be withdrawn until the dispute is finally resolved.

Every chiropractic physician shall maintain complete records of all funds, securities, and other properties of a patient coming into the possession of the physician and render appropriate accounts to the patient regarding them. In addition, every chiropractic physician shall promptly pay or deliver to the patient, as requested by the patient, the funds, securities, or other properties in the possession of the physician which the patient is entitled to receive.

(z) Offering to accept or accepting payment for services rendered by assignment from any third-party payor after offering to accept or accepting whatever the third-party payor covers as payment in full, if the effect of the offering or acceptance is to eliminate or give the impression of eliminating the need for payment by an insured of any required deductions applicable in the policy of the insured.

(aa) Failing to provide, upon request of the insured, a copy of a claim submitted to any third-party payor for service or treatment of the insured.

(bb) Advertising a fee or charge for a service or treatment which is different from the fee or charge the licensee submits to third-party payors for that service or treatment.

(cc) Advertising any reduced or discounted fees for services or treatments, or advertising any free services or treatments, without prominently stating in the advertisement the usual fee of the licensee for the service or treatment which is the subject of the discount, rebate, or free offering.

(dd) Using acupuncture without being certified pursuant to s. 460.403(9)(f).

(ee) Failing to report to the department any licensee under chapter 458 or under chapter 459 who the chiropractic physician or chiropractic physician's assistant knows has violated the grounds for disciplinary action set out in the law under which that person is licensed and who provides health care services in a facility licensed under chapter 395, or a health maintenance organization certificated under part I of chapter 641, in which the chiropractic physician or chiropractic physician's assistant also provides services.

(ff) Violating any provision of this chapter or chapter 456, or any rules adopted pursuant thereto.

(2) *The board may enter an order denying licensure or imposing any of the penalties in s. 456.072(2) against any applicant for licensure or licensee who is found guilty of violating any provision of subsection (1) of this section or who is found guilty of violating any provision of s. 456.072(1).* ~~When the board finds any person guilty of any of the grounds set forth in subsection (1), it may enter an order imposing one or more of the following penalties:~~

~~(a) Refusal to certify to the department an application for licensure.~~

~~(b) Revocation or suspension of a license.~~

~~(c) Restriction of practice.~~

~~(d) Imposition of an administrative fine not to exceed $10,000 for each count or separate offense.~~

~~(e) Issuance of a reprimand.~~

~~(f) Placement of the chiropractic physician on probation for a period of time and subject to such conditions as the board may specify, including requiring the chiropractic physician to submit to treatment, to attend continuing education courses, to submit to reexamination, or to work under the supervision of another chiropractic physician.~~

~~(g) Imposition of costs of the investigation and prosecution.~~

~~(h) Requirement that the chiropractic physician undergo remedial education.~~

~~(i) Issuance of a letter of concern.~~

~~(j) Corrective action.~~

~~(k) Refund of fees billed to and collected from the patient or a third party.~~

In determining what action is appropriate, the board must first consider what sanctions are necessary to protect the public or to compensate the patient. Only after those sanctions have been imposed may the disciplining authority consider and include in the order requirements designed to rehabilitate the chiropractic physician. All costs associated with compliance with orders issued under this subsection are the obligation of the chiropractic physician.

Section 26. Subsections (1) and (2) of section 461.013, Florida Statutes, are amended to read:

461.013 Grounds for disciplinary action; action by the board; investigations by department.—

(1) The following acts ~~shall~~ constitute grounds for *denial of a license or disciplinary action, as specified in s. 456.072(2)* ~~which the disciplinary actions specified in subsection (2) may be taken~~:

(a) Attempting to obtain, obtaining, or renewing a license to practice podiatric medicine by bribery, by fraudulent misrepresentations, or through an error of the department or the board.

(b) Having a license to practice podiatric medicine revoked, suspended, or otherwise acted against, including the denial of licensure, by the licensing authority of another state, territory, or country.

(c) Being convicted or found guilty, regardless of adjudication, of a crime in any jurisdiction which directly relates to the practice of podiatric medicine or to the ability to practice podiatric medicine. Any plea of nolo contendere shall be considered a conviction for purposes of this chapter.

(d) False, deceptive, or misleading advertising.

(e) Advertising, practicing, or attempting to practice under a name other than one's own.

(f) Failing to report to the department any person who the licensee knows is in violation of this chapter or of the rules of the department or the board.

(g) Aiding, assisting, procuring, permitting, or advising any unlicensed person to practice podiatric medicine contrary to this chapter or to rule of the department or the board.

(h) Failing to perform any statutory or legal obligation placed upon a licensed podiatric physician.

(i) Making or filing a report which the licensee knows to be false, intentionally or negligently failing to file a report or record required by state or federal law, willfully impeding or obstructing such filing or inducing another person to do so. Such report or records shall include only those which are signed in the capacity of a licensed podiatric physician.

(j) Making misleading, deceptive, untrue, or fraudulent representations in the practice of podiatric medicine or employing a trick or scheme in the practice of podiatric medicine when such scheme or trick fails to conform to the generally prevailing standards of treatment in the podiatric community.

(k) Soliciting patients either personally or through an agent, unless such solicitation falls into a category of solicitations approved by rule of the board.

(l) Failing to keep written medical records justifying the course of treatment of the patient, including, but not limited to, patient histories, examination results, and test results.

(m) Exercising influence on the patient or client in such a manner as to exploit the patient or client for financial gain of the licensee or of a third party which shall include, but not be limited to, the promotion or sale of services, goods, appliances, or drugs and the promoting or advertising on any prescription form of a community pharmacy unless the form shall also state "This prescription may be filled at any pharmacy of your choice."

(n) Performing professional services which have not been duly authorized by the patient or client or her or his legal representative except as provided in ss. 743.064, 766.103, and 768.13.

(o) Prescribing, dispensing, administering, mixing, or otherwise preparing a legend drug, including all controlled substances, other than in the course of the podiatric physician's professional practice. For the purposes of this paragraph, it shall be legally presumed that prescribing, dispensing, administering, mixing, or otherwise preparing legend drugs, including all controlled substances, inappropriately or in excessive or inappropriate quantities is not in the best interest of the patient and is not in the course of the podiatric physician's professional practice, without regard to her or his intent.

(p) Prescribing, dispensing, or administering any medicinal drug appearing on any schedule set forth in chapter 893 by the podiatric physician to herself or himself except those prescribed, dispensed, or administered to the podiatric physician by another practitioner authorized to prescribe, dispense, or administer them.

(q) Prescribing, ordering, dispensing, administering, supplying, selling, or giving any amphetamine or sympathomimetic amine drug or compound designated as a Schedule II controlled substance pursuant to chapter 893.

(r) Being unable to practice podiatric medicine with reasonable skill and safety to patients by reason of illness or use of alcohol, drugs, narcotics, chemicals, or any other type of material or as a result of any mental or physical condition. In enforcing this paragraph the department shall, upon probable cause, have authority to compel a podiatric physician to submit to a mental or physical examination by physicians designated by the department. Failure of a podiatric physician to submit to such examination when directed shall constitute an admission of the allegations against her or him, unless the failure was due to circumstances beyond her or his control, consequent upon which a default and final order may be entered without the taking of testimony or presentation of evidence. A podiatric physician affected under this paragraph shall at reasonable intervals be afforded an opportunity to demonstrate that she or he can resume the competent practice of podiatric medicine with reasonable skill and safety to patients.

(s) Gross or repeated malpractice or the failure to practice podiatric medicine at a level of care, skill, and treatment which is recognized by a reasonably prudent podiatric physician as being acceptable under similar conditions and circumstances. The board shall give great weight to the standards for malpractice in s. 766.102 in interpreting this section. As used in this paragraph, "repeated malpractice" includes, but is not limited to, three or more claims for medical malpractice within the previous 5-year period resulting in indemnities being paid in excess of $10,000 each to the claimant in a judgment or settlement and which incidents involved negligent conduct by the podiatric physicians. As used in this paragraph, "gross malpractice" or "the failure to practice podiatric medicine with the level of care, skill, and treatment which is recognized by a reasonably prudent similar podiatric physician as being acceptable under similar conditions and circumstances" shall not be construed so as to require more than one instance, event, or act.

(t) Performing any procedure or prescribing any therapy which, by the prevailing standards of podiatric medical practice in the community, would constitute experimentation on human subjects without first obtaining full, informed, and written consent.

(u) Practicing or offering to practice beyond the scope permitted by law or accepting and performing professional responsibilities which the licensee knows or has reason to know that she or he is not competent to perform.

(v) Delegating professional responsibilities to a person when the licensee delegating such responsibilities knows or has reason to know that such person is not qualified by training, experience, or licensure to perform them.

(w) Violating ~~any provision of this chapter or chapter 456, any rule of the board or department, or~~ a lawful order of the board or department previously entered in a disciplinary hearing or failing to comply with a lawfully issued subpoena of the board or department.

(x) Conspiring with another licensee or with any other person to commit an act, or committing an act, which would tend to coerce, intimidate, or preclude another licensee from lawfully advertising her or his services.

(y) Prescribing, ordering, dispensing, administering, supplying, selling, or giving growth hormones, testosterone or its analogs, human chorionic gonadotropin (HCG), or other hormones for the purpose of muscle building or to enhance athletic performance. For the purposes of this subsection, the term "muscle building" does not include the treatment of injured muscle. A prescription written for any of the drug products listed above may be dispensed by the pharmacist with the presumption that the prescription is for legitimate medical use.

(z) Fraud, deceit, or misconduct in the practice of podiatric medicine.

(aa) Failing to report to the department any licensee under chapter 458 or chapter 459 who the podiatric physician knows has violated the grounds for disciplinary action set out in the law under which that person is licensed and who provides health care services in a facility licensed under chapter 395, or a health maintenance organization certificated under part I of chapter 641, in which the podiatric physician also provides services.

(bb) Failing to comply with the requirements of ss. 381.026 and 381.0261 to provide patients with information about their patient rights and how to file a patient complaint.

(cc) Violating any provision of this chapter or chapter 456, or any rules adopted pursuant thereto.

(2) *The board may enter an order denying licensure or imposing any of the penalties in s. 456.072(2) against any applicant for licensure or licensee who is found guilty of violating any provision of subsection (1) of this section or who is found guilty of violating any provision of s. 456.072(1).* ~~When the board finds any person guilty of any of the grounds set forth in subsection (1), it may enter an order imposing one or more of the following penalties:~~

~~(a) Refusal to certify to the department an application for licensure.~~

~~(b) Revocation or suspension of a license.~~

~~(c) Restriction of practice.~~

~~(d) Imposition of an administrative fine not to exceed $10,000 for each count or separate offense.~~

~~(e) Issuance of a reprimand.~~

~~(f) Placing the podiatric physician on probation for a period of time and subject to such conditions as the board may specify, including requiring the podiatric physician to submit to treatment, to attend continuing education courses, to submit to reexamination, and to work under the supervision of another podiatric physician.~~

~~(g) Imposition of an administrative fine in accordance with s. 381.0261 for violations regarding patient rights.~~

Section 27. Subsections (1) and (2) of section 462.14, Florida Statutes, are amended to read:

462.14 Grounds for disciplinary action; action by the department.—

(c) Being convicted or found guilty, regardless of adjudication, of a crime in any jurisdiction which directly relates to the practice of naturopathic medicine or to the ability to practice naturopathic medicine. Any plea of nolo contendere shall be considered a conviction for purposes of this chapter.

(d) False, deceptive, or misleading advertising.

(e) Advertising, practicing, or attempting to practice under a name other than one's own.

(f) Failing to report to the department any person who the licensee knows is in violation of this chapter or of the rules of the department.

(g) Aiding, assisting, procuring, or advising any unlicensed person to practice naturopathic medicine contrary to this chapter or to a rule of the department.

(h) Failing to perform any statutory or legal obligation placed upon a licensed naturopathic physician.

(i) Making or filing a report which the licensee knows to be false, intentionally or negligently failing to file a report or record required by state or federal law, willfully impeding or obstructing such filing or inducing another person to do so. Such reports or records shall include only those which are signed in the capacity as a licensed naturopathic physician.

(j) Paying or receiving any commission, bonus, kickback, or rebate, or engaging in any split-fee arrangement in any form whatsoever with a physician, organization, agency, or person, either directly or indirectly, for patients referred to providers of health care goods and services, including, but not limited to, hospitals, nursing homes, clinical laboratories, ambulatory surgical centers, or pharmacies. The provisions of this paragraph shall not be construed to prevent a naturopathic physician from receiving a fee for professional consultation services.

(k) Exercising influence within a patient-physician relationship for purposes of engaging a patient in sexual activity. A patient shall be presumed to be incapable of giving free, full, and informed consent to sexual activity with her or his physician.

(p) Performing professional services which have not been duly authorized by the patient or client, or her or his legal representative, except as provided in s. 743.064, s. 766.103, or s. 768.13.

(q) Prescribing, dispensing, administering, mixing, or otherwise preparing a legend drug, including any controlled substance, other than in the course of the naturopathic physician's professional practice. For the purposes of this paragraph, it shall be legally presumed that prescribing, dispensing, administering, mixing, or otherwise preparing legend drugs, including all controlled substances, inappropriately or in excessive or inappropriate quantities is not in the best interest of the patient and is not in the course of the naturopathic physician's professional practice, without regard to her or his intent.

(r) Prescribing, dispensing, or administering any medicinal drug appearing on any schedule set forth in chapter 893 by the naturopathic physician to herself or himself, except one prescribed, dispensed, or administered to the naturopathic physician by another practitioner authorized to prescribe, dispense, or administer medicinal drugs.

(s) Being unable to practice naturopathic medicine with reasonable skill and safety to patients by reason of illness or use of alcohol, drugs, narcotics, chemicals, or any other type of material or as a result of any mental or physical condition. In enforcing this paragraph, the department shall have, upon probable cause, authority to compel a naturopathic physician to submit to a mental or physical examination by physicians designated by the department. The failure of a naturopathic physician to submit to such an examination when so directed shall constitute an admission of the allegations against her or him upon which a default and final order may be entered without the taking of testimony or presentation of evidence, unless the failure was due to circumstances beyond the naturopathic physician's control. A naturopathic physician affected under this paragraph shall at reasonable intervals be afforded an opportunity to demonstrate that she or he can resume the competent practice of naturopathic medicine with reasonable skill and safety to patients. In any proceeding under this paragraph, neither the record of proceedings nor the orders entered by the department may be used against a naturopathic physician in any other proceeding.

(t) Gross or repeated malpractice or the failure to practice naturopathic medicine with that level of care, skill, and treatment which is recognized by a reasonably prudent similar physician as being acceptable under similar conditions and circumstances. The department shall give great weight to the provisions of s. 766.102 when enforcing this paragraph.

(u) Performing any procedure or prescribing any therapy which, by the prevailing standards of medical practice in the community, constitutes experimentation on a human subject, without first obtaining full, informed, and written consent.

(v) Practicing or offering to practice beyond the scope permitted by law or accepting and performing professional responsibilities which the licensee knows or has reason to know that she or he is not competent to perform.

(ee) Violating any provision of this chapter or chapter 456, or any rules adopted pursuant thereto.

~~(c) Restriction of practice.~~

~~(d) Imposition of an administrative fine not to exceed $1,000 for each count or separate offense.~~

~~(e) Issuance of a reprimand.~~

~~(f) Placement of the naturopathic physician on probation for a period of time and subject to such conditions as the department may specify, including, but not limited to, requiring the naturopathic physician to submit to treatment, to attend continuing education courses, to submit to reexamination, or to work under the supervision of another naturopathic physician.~~

(ff) Operating or causing to be operated a dental office in such a manner as to result in dental treatment that is below minimum acceptable standards of performance for the community. This includes, but is not limited to, the use of substandard materials or equipment, the imposition of time limitations within which dental procedures are to be performed, or the failure to maintain patient records as required by this chapter.

(gg) Administering anesthesia in a manner which violates rules of the board adopted pursuant to s. 466.017.

To direct, control, or interfere with a dentist's clinical judgment may not be interpreted to mean dental services contractually excluded, the application of alternative benefits that may be appropriate given the dentist's prescribed course of treatment, or the application of contractual provisions and scope of coverage determinations in comparison with a dentist's prescribed treatment on behalf of a covered person by an insurer, health maintenance organization, or a prepaid limited health service organization.

468.217 Denial of or refusal to renew license; suspension and revocation of license and other disciplinary measures.—

(1) *The following acts constitute grounds for denial of a license or disciplinary action, as specified in s. 456.072(2)* ~~The board may deny or refuse to renew a license, suspend or revoke a license, issue a reprimand, impose a fine, or impose probationary conditions upon a licensee, when the licensee or applicant for license has been guilty of unprofessional conduct which has endangered, or is likely to endanger, the health, welfare, or safety of the public. Such unprofessional conduct includes~~:

(a) Attempting to obtain, obtaining, or renewing a license to practice occupational therapy by bribery, by fraudulent misrepresentation, or through an error of the department or the board.

(b) Having a license to practice occupational therapy revoked, suspended, or otherwise acted against, including the denial of licensure, by the licensing authority of another state, territory, or country.

(c) Being convicted or found guilty, regardless of adjudication, of a crime in any jurisdiction which directly relates to the practice of occupational therapy or to the ability to practice occupational therapy. A plea of nolo contendere shall be considered a conviction for the purposes of this part.

(d) False, deceptive, or misleading advertising.

(e) Advertising, practicing, or attempting to practice under a name other than one's own name.

(f) Failing to report to the department any person who the licensee knows is in violation of this part or of the rules of the department or of the board.

(g) Aiding, assisting, procuring, or advising any unlicensed person to practice occupational therapy contrary to this part or to a rule of the department or the board.

(h) Failing to perform any statutory or legal obligation placed upon a licensed occupational therapist or occupational therapy assistant.

(i) Making or filing a report which the licensee knows to be false, intentionally or negligently failing to file a report or record required by state or federal law, willfully impeding or obstructing such filing or inducing another person to do so. Such reports or records include only those which are signed in the capacity as a licensed occupational therapist or occupational therapy assistant.

(j) Paying or receiving any commission, bonus, kickback, or rebate to or from, or engaging in any split-fee arrangement in any form whatsoever with, a physician, organization, agency, or person, either

directly or indirectly, for patients referred to providers of health care goods and services, including, but not limited to, hospitals, nursing homes, clinical laboratories, ambulatory surgical centers, or pharmacies. The provisions of this paragraph shall not be construed to prevent an occupational therapist or occupational therapy assistant from receiving a fee for professional consultation services.

(k) Exercising influence within a patient-therapist relationship for purposes of engaging a patient in sexual activity. A patient is presumed to be incapable of giving free, full, and informed consent to sexual activity with the patient's occupational therapist or occupational therapy assistant.

(l) Making deceptive, untrue, or fraudulent representations in the practice of occupational therapy or employing a trick or scheme in the practice of occupational therapy if such scheme or trick fails to conform to the generally prevailing standards of treatment in the occupational therapy community.

(m) Soliciting patients, either personally or through an agent, through the use of fraud, intimidation, undue influence, or a form of overreaching or vexatious conduct. A "solicitation" is any communication which directly or implicitly requests an immediate oral response from the recipient.

(n) Failing to keep written records justifying the course of treatment of the patient, including, but not limited to, patient histories, examination results, and test results.

(r) Performing any procedure which, by the prevailing standards of occupational therapy practice in the community, would constitute experimentation on a human subject without first obtaining full, informed, and written consent.

(s) Practicing or offering to practice beyond the scope permitted by law or accepting and performing professional responsibilities which the licensee knows or has reason to know that he or she is not competent to perform.

(t) Being unable to practice occupational therapy with reasonable skill and safety to patients by reason of illness or use of alcohol, drugs, narcotics, chemicals, or any other type of material or as a result of any mental or physical condition. In enforcing this paragraph, the department shall have, upon probable cause, authority to compel an occupational therapist or occupational therapy assistant to submit to a mental or physical examination by physicians designated by the department. The failure of an occupational therapist or occupational therapy assistant to submit to such examination when so directed constitutes an admission of the allegations against him or her, upon which a default and final order may be entered without the taking of testimony or presentation of evidence, unless the failure was due to circumstances beyond his or her control. An occupational therapist or occupational therapy assistant affected under this paragraph shall at reasonable intervals be afforded an opportunity to demonstrate that he or she can resume the competent practice of occupational therapy with reasonable skill and safety to patients. In any proceeding under this paragraph, neither the record of proceedings nor the orders entered by the board shall be used against an occupational therapist or occupational therapy assistant in any other proceeding.

(u) Delegating professional responsibilities to a person when the licensee who is delegating such responsibilities knows or has reason to know that such person is not qualified by training, experience, or licensure to perform them.

(w) Conspiring with another licensee or with any other person to commit an act, or committing an act, which would tend to coerce, intimidate, or preclude another licensee from lawfully advertising his or her services.

(x) Violating any provision of this chapter or chapter 456, or any rules adopted pursuant thereto.

(2) The board may enter an order denying licensure or imposing any of the penalties in s. 456.072(2) against any applicant for licensure or licensee who is found guilty of violating any provision of subsection (1) of this section or who is found guilty of violating any provision of s. 456.072(1).

(3)~~(2)~~ The board may not reinstate the license of an occupational therapist or occupational therapy assistant, or cause a license to be issued to a person it has deemed unqualified, until such time as the board is satisfied that such person has complied with all the terms and conditions set forth in the final order and is capable of safely engaging in the practice of occupational therapy.

The department, upon recommendation of the council, may adopt rules to specify continuing education requirements for persons who hold a license in more than one specialty.

(b) In order to apply for a medical physicist license in one or more specialties, a person must file an individual application for each specialty with the department. To reapply, the applicant must submit a new application and an additional nonrefundable application fee and must meet all current licensure requirements.

(d) The department shall review each completed application for a license which the department receives.

Section 53. Paragraphs (e) and (f) of subsection (4) of section 458.347, Florida Statutes, are amended to read:

458.347 Physician assistants.—

(4) PERFORMANCE OF PHYSICIAN ASSISTANTS.—

(e) A supervisory physician may delegate to a fully licensed physician assistant the authority to prescribe any medication used in the supervisory physician's practice *unless* ~~if~~ such medication is listed on the formulary created pursuant to paragraph (f). A fully licensed physician assistant may only prescribe such medication under the following circumstances:

1. A physician assistant must clearly identify to the patient that he or she is a physician assistant. Furthermore, the physician assistant must inform the patient that the patient has the right to see the physician prior to any prescription being prescribed by the physician assistant.

2. The supervisory physician must notify the department of his or her intent to delegate, on a department-approved form, before delegating such authority and notify the department of any change in prescriptive privileges of the physician assistant.

3. The physician assistant must file with the department, before commencing to prescribe, evidence that he or she has completed a continuing medical education course of at least 3 classroom hours in prescriptive practice, conducted by an accredited program approved by the boards, which course covers the limitations, responsibilities, and privileges involved in prescribing medicinal drugs, or evidence that he or she has received education comparable to the continuing education course as part of an accredited physician assistant training program.

4. The physician assistant must file with the department, before commencing to prescribe, evidence that the physician assistant has a minimum of 3 months of clinical experience in the specialty area of the supervising physician.

5. The physician assistant must file with the department a signed affidavit that he or she has completed a minimum of 10 continuing medical education hours in the specialty practice in which the physician assistant has prescriptive privileges with each licensure renewal application.

6. The department shall issue a license and a prescriber number to the physician assistant granting authority for the prescribing of medicinal drugs authorized within this paragraph upon completion of the foregoing requirements.

7. The prescription must be written in a form that complies with chapter 499 and must contain, in addition to the supervisory physician's name, address, and telephone number, the physician assistant's prescriber number. *Unless it is a drug sample dispensed by the physician assistant,* the prescription must be filled in a pharmacy permitted under chapter 465 and must be dispensed in that pharmacy by a pharmacist licensed under chapter 465. The appearance of the prescriber number creates a presumption that the physician assistant is authorized to prescribe the medicinal drug and the prescription is valid.

8. The physician assistant must note the prescription in the appropriate medical record, and the supervisory physician must review

and sign each notation. For dispensing purposes only, the failure of the supervisory physician to comply with these requirements does not affect the validity of the prescription.

9. This paragraph does not prohibit a supervisory physician from delegating to a physician assistant the authority to order medication for a hospitalized patient of the supervisory physician.

This paragraph does not apply to facilities licensed pursuant to chapter 395.

(f)1. ~~There is created a five-member committee appointed by the Secretary of Health. The committee must be composed of one fully licensed physician assistant licensed pursuant to this section or s. 459.022, two physicians licensed pursuant to this chapter, one of whom supervises a fully licensed physician assistant, one osteopathic physician licensed pursuant to chapter 459, and one pharmacist licensed pursuant to chapter 465 who is not licensed pursuant to this chapter or chapter 459.~~ The *council* ~~committee~~ shall establish a formulary of medicinal drugs *that* ~~for which~~ a fully licensed physician assistant*, licensed under this section or s. 459.022,* may *not* prescribe. 3.~~2.~~ Only the *council* ~~committee~~ shall add to, delete from, or modify the formulary. Any person who requests an addition, deletion, or modification of a medicinal drug listed on such formulary has the burden of proof to show cause why such addition, deletion, or modification should be made.

4.~~3.~~ The boards shall adopt the formulary required by this paragraph, and each addition, deletion, or modification to the formulary, by rule. Notwithstanding any provision of chapter 120 to the contrary, the formulary rule shall be effective 60 days after the date it is filed with the Secretary of State. Upon adoption of the formulary, the department shall mail a copy of such formulary to each fully licensed physician assistant*, licensed under this section or s. 459.022,* and to each pharmacy licensed by the state. The boards shall establish, by rule, a fee not to exceed $200 to fund the provisions of this paragraph and paragraph (e).

4. The physician assistant must file with the department, before commencing to prescribe, evidence that the physician assistant has a minimum of 3 months of clinical experience in the specialty area of the supervising physician.

5. The physician assistant must file with the department a signed affidavit that she or he has completed a minimum of 10 continuing medical education hours in the specialty practice in which the physician assistant has prescriptive privileges with each licensure renewal application.

The appearance of the prescriber number creates a presumption that the physician assistant is authorized to prescribe the medicinal drug and the prescription is valid.

8. The physician assistant must note the prescription in the appropriate medical record, and the supervisory physician must review and sign each notation. For dispensing purposes only, the failure of the supervisory physician to comply with these requirements does not affect the validity of the prescription.

9. This paragraph does not prohibit a supervisory physician from delegating to a physician assistant the authority to order medication for a hospitalized patient of the supervisory physician.

Section 60. Paragraph (b) of subsection (1) of section 383.14, Florida Statutes, is amended to read:

383.14 Screening for metabolic disorders, other hereditary and congenital disorders, and environmental risk factors.—

(1) SCREENING REQUIREMENTS.—To help ensure access to the maternal and child health care system, the Department of Health shall promote the screening of all infants born in Florida for phenylketonuria and other metabolic, hereditary, and congenital disorders known to result in significant impairment of health or intellect, as screening programs accepted by current medical practice become available and practical in the judgment of the department. The department shall also promote the identification and screening of all infants born in this state and their families for environmental risk factors such as low income, poor education, maternal and family stress, emotional instability, substance abuse, and other high-risk conditions associated with increased risk of infant mortality and morbidity to provide early intervention, remediation, and prevention services, including, but not limited to, parent support and training programs, home visitation, and case management. Identification, perinatal screening, and intervention efforts shall begin prior to and immediately following the birth of the child by the attending health care provider. Such efforts shall be conducted in hospitals, perinatal centers, county health departments, school health programs that provide prenatal care, and birthing centers, and reported to the Office of Vital Statistics.

(b) Postnatal screening.—A risk factor analysis using the department's designated risk assessment instrument shall also be conducted as part of the medical screening process upon the birth of a child and submitted to the department's Office of Vital Statistics for recording and other purposes provided for in this chapter. The department's screening process for risk assessment shall include a scoring mechanism and procedures that establish thresholds for notification, further assessment, referral, and eligibility for services by professionals or paraprofessionals consistent with the level of risk. Procedures for developing and using the screening instrument, notification, referral, and care coordination services, reporting requirements, management information, and maintenance of a computer-driven registry in the Office of Vital Statistics which ensures privacy safeguards must be consistent with the provisions and plans established under chapter 411, Pub. L. No. 99-457, and this chapter. Procedures established for reporting information and maintaining a confidential registry must include a mechanism for a centralized information depository at the state and county levels. The department shall coordinate with existing risk assessment systems and information registries. The department must ensure, to the maximum extent possible, that the screening information registry is integrated with the department's automated data systems, including the Florida On-line Recipient Integrated Data Access (FLORIDA) system. Tests and screenings must be performed *by the State Public Health Laboratory, in coordination with Children's Medical Services,* at such times and in such manner as is prescribed by the department after consultation with the Genetics and Infant Screening Advisory Council and the State Coordinating Council for School Readiness Programs.

Section 61. Section 395.0197, Florida Statutes, is amended to read:

395.0197 Internal risk management program.—

(1) Every licensed facility shall, as a part of its administrative functions, establish an internal risk management program that includes all of the following components:

(a) The investigation and analysis of the frequency and causes of general categories and specific types of adverse incidents to patients.

(b) The development of appropriate measures to minimize the risk of adverse incidents to patients, including, but not limited to:

1. Risk management and risk prevention education and training of all nonphysician personnel as follows:

a. Such education and training of all nonphysician personnel as part of their initial orientation; and

b. At least 1 hour of such education and training annually for all ~~nonphysician~~ personnel of the licensed facility working in clinical areas and providing patient care*, except those persons licensed as health care practitioners who are required to complete continuing education coursework pursuant to chapter 456 or the respective practice act*.

2. A prohibition, except when emergency circumstances require otherwise, against a staff member of the licensed facility attending a patient in the recovery room, unless the staff member is authorized to attend the patient in the recovery room and is in the company of at least one other person. However, a licensed facility is exempt from the two-person requirement if it has:

a. Live visual observation;

b. Electronic observation; or

c. Any other reasonable measure taken to ensure patient protection and privacy.

3. A prohibition against an unlicensed person from assisting or participating in any surgical procedure unless the facility has authorized the person to do so following a competency assessment, and such assistance or participation is done under the direct and immediate supervision of a licensed physician and is not otherwise an activity that may only be performed by a licensed health care practitioner.

4. Development, implementation, and ongoing evaluation of procedures, protocols, and systems to accurately identify patients, planned procedures, and the correct site of the planned procedure so as to minimize the performance of a surgical procedure on the wrong patient, a wrong surgical procedure, a wrong-site surgical procedure, or a surgical procedure otherwise unrelated to the patient's diagnosis or medical condition.

(c) The analysis of patient grievances that relate to patient care and the quality of medical services.

(d) The development and implementation of an incident reporting system based upon the affirmative duty of all health care providers and

all agents and employees of the licensed health care facility to report adverse incidents to the risk manager, or to his or her designee, within 3 business days after their occurrence.

(2) The internal risk management program is the responsibility of the governing board of the health care facility. Each licensed facility shall hire a risk manager, licensed under *s. 395.10974* ~~part IX of chapter 626~~, who is responsible for implementation and oversight of such facility's internal risk management program as required by this section. A risk manager must not be made responsible for more than four internal risk management programs in separate licensed facilities, unless the facilities are under one corporate ownership or the risk management programs are in rural hospitals.

(3) In addition to the programs mandated by this section, other innovative approaches intended to reduce the frequency and severity of medical malpractice and patient injury claims shall be encouraged and their implementation and operation facilitated. Such additional approaches may include extending internal risk management programs to health care providers' offices and the assuming of provider liability by a licensed health care facility for acts or omissions occurring within the licensed facility.

(4) The agency shall~~, after consulting with the Department of Insurance,~~ adopt rules governing the establishment of internal risk management programs to meet the needs of individual licensed facilities. Each internal risk management program shall include the use of incident reports to be filed with an individual of responsibility who is competent in risk management techniques in the employ of each licensed facility, such as an insurance coordinator, or who is retained by the licensed facility as a consultant. The individual responsible for the risk management program shall have free access to all medical records of the licensed facility. The incident reports are part of the workpapers of the attorney defending the licensed facility in litigation relating to the licensed facility and are subject to discovery, but are not admissible as evidence in court. A person filing an incident report is not subject to civil suit by virtue of such incident report. As a part of each internal risk management program, the incident reports shall be used to develop categories of incidents which identify problem areas. Once identified, procedures shall be adjusted to correct the problem areas.

(5) For purposes of reporting to the agency pursuant to this section, the term "adverse incident" means an event over which health care personnel could exercise control and which is associated in whole or in part with medical intervention, rather than the condition for which such intervention occurred, and which:

(a) Results in one of the following injuries:

1. Death;

2. Brain or spinal damage;

3. Permanent disfigurement;

4. Fracture or dislocation of bones or joints;

5. A resulting limitation of neurological, physical, or sensory function which continues after discharge from the facility;

6. Any condition that required specialized medical attention or surgical intervention resulting from nonemergency medical intervention, other than an emergency medical condition, to which the patient has not given his or her informed consent; or

7. Any condition that required the transfer of the patient, within or outside the facility, to a unit providing a more acute level of care due to the adverse incident, rather than the patient's condition prior to the adverse incident;

(b) Was the performance of a surgical procedure on the wrong patient, a wrong surgical procedure, a wrong-site surgical procedure, or a surgical procedure otherwise unrelated to the patient's diagnosis or medical condition;

(c) Required the surgical repair of damage resulting to a patient from a planned surgical procedure, where the damage was not a recognized specific risk, as disclosed to the patient and documented through the informed-consent process; or

(d) Was a procedure to remove unplanned foreign objects remaining from a surgical procedure.

(6)(a) Each licensed facility subject to this section shall submit an annual report to the agency summarizing the incident reports that have been filed in the facility for that year. The report shall include:

1. The total number of adverse incidents.

2. A listing, by category, of the types of operations, diagnostic or treatment procedures, or other actions causing the injuries, and the number of incidents occurring within each category.

3. A listing, by category, of the types of injuries caused and the number of incidents occurring within each category.

4. A code number using the health care professional's licensure number and a separate code number identifying all other individuals directly involved in adverse incidents to patients, the relationship of the individual to the licensed facility, and the number of incidents in which each individual has been directly involved. Each licensed facility shall maintain names of the health care professionals and individuals identified by code numbers for purposes of this section.

5. A description of all malpractice claims filed against the licensed facility, including the total number of pending and closed claims and the nature of the incident which led to, the persons involved in, and the status and disposition of each claim. Each report shall update status and disposition for all prior reports.

(b) The information reported to the agency pursuant to paragraph (a) which relates to persons licensed under chapter 458, chapter 459, chapter 461, or chapter 466 shall be reviewed by the agency. The agency shall determine whether any of the incidents potentially involved conduct by a health care professional who is subject to disciplinary action, in which case the provisions of s. 456.073 shall apply.

(c) The report submitted to the agency shall also contain the name and license number of the risk manager of the licensed facility, a copy of its policy and procedures which govern the measures taken by the facility and its risk manager to reduce the risk of injuries and adverse incidents, and the results of such measures. The annual report is confidential and is not available to the public pursuant to s. 119.07(1) or any other law providing access to public records. The annual report is not discoverable or admissible in any civil or administrative action, except in disciplinary proceedings by the agency or the appropriate regulatory board. The annual report is not available to the public as part of the record of investigation for and prosecution in disciplinary proceedings made available to the public by the agency or the appropriate regulatory board. However, the agency or the appropriate regulatory board shall make available, upon written request by a health care professional against whom probable cause has been found, any such records which form the basis of the determination of probable cause.

(7) The licensed facility shall notify the agency no later than 1 business day after the risk manager or his or her designee has received a report pursuant to paragraph (1)(d) and can determine within 1 business day that any of the following adverse incidents has occurred, whether occurring in the licensed facility or arising from health care prior to admission in the licensed facility:

(a) The death of a patient;

(b) Brain or spinal damage to a patient;

(c) The performance of a surgical procedure on the wrong patient;

(d) The performance of a wrong-site surgical procedure; or

(e) The performance of a wrong surgical procedure.

The notification must be made in writing and be provided by facsimile device or overnight mail delivery. The notification must include information regarding the identity of the affected patient, the type of

adverse incident, the initiation of an investigation by the facility, and whether the events causing or resulting in the adverse incident represent a potential risk to other patients.

(8) Any of the following adverse incidents, whether occurring in the licensed facility or arising from health care prior to admission in the licensed facility, shall be reported by the facility to the agency within 15 calendar days after its occurrence:

(a) The death of a patient;

(b) Brain or spinal damage to a patient;

(c) The performance of a surgical procedure on the wrong patient;

(d) The performance of a wrong-site surgical procedure;

(e) The performance of a wrong surgical procedure;

(f) The performance of a surgical procedure that is medically unnecessary or otherwise unrelated to the patient's diagnosis or medical condition;

(g) The surgical repair of damage resulting to a patient from a planned surgical procedure, where the damage is not a recognized specific risk, as disclosed to the patient and documented through the informed-consent process; or

(h) The performance of procedures to remove unplanned foreign objects remaining from a surgical procedure.

The agency may grant extensions to this reporting requirement for more than 15 days upon justification submitted in writing by the facility administrator to the agency. The agency may require an additional, final report. These reports shall not be available to the public pursuant to s. 119.07(1) or any other law providing access to public records, nor be discoverable or admissible in any civil or administrative action, except in disciplinary proceedings by the agency or the appropriate regulatory board, nor shall they be available to the public as part of the record of investigation for and prosecution in disciplinary proceedings made available to the public by the agency or the appropriate regulatory board. However, the agency or the appropriate regulatory board shall make available, upon written request by a health care professional against whom probable cause has been found, any such records which form the basis of the determination of probable cause. The agency may investigate, as it deems appropriate, any such incident and prescribe measures that must or may be taken in response to the incident. The agency shall review each incident and determine whether it potentially involved conduct by the health care professional who is subject to disciplinary action, in which case the provisions of s. 456.073 shall apply.

(9) The agency shall publish on the agency's website, no less than quarterly, a summary and trend analysis of adverse incident reports received pursuant to this section, which shall not include information that would identify the patient, the reporting facility, or the health care practitioners involved. The agency shall publish on the agency's website an annual summary and trend analysis of all adverse incident reports and malpractice claims information provided by facilities in their annual reports, which shall not include information that would identify the patient, the reporting facility, or the practitioners involved. The purpose of the publication of the summary and trend analysis is to promote the rapid dissemination of information relating to adverse incidents and malpractice claims to assist in avoidance of similar incidents and reduce morbidity and mortality.

(10)~~(9)~~ The internal risk manager of each licensed facility shall:

(a) Investigate every allegation of sexual misconduct which is made against a member of the facility's personnel who has direct patient contact, when the allegation is that the sexual misconduct occurred at the facility or on the grounds of the facility.~~; and~~

(b) Report every allegation of sexual misconduct to the administrator of the licensed facility.

(c) Notify the family or guardian of the victim, if a minor, that an allegation of sexual misconduct has been made and that an investigation is being conducted.~~;~~

(d) Report to the Department of Health every allegation of sexual misconduct, as defined in chapter 456 and the respective practice act, by a licensed health care practitioner that involves a patient.

(11)~~(10)~~ Any witness who witnessed or who possesses actual knowledge of the act that is the basis of an allegation of sexual abuse shall:

(a) Notify the local police; and

(b) Notify the hospital risk manager and the administrator.

For purposes of this subsection, "sexual abuse" means acts of a sexual nature committed for the sexual gratification of anyone upon, or in the presence of, a vulnerable adult, without the vulnerable adult's informed consent, or a minor. "Sexual abuse" includes, but is not limited to, the acts defined in s. 794.011(1)(h), fondling, exposure of a vulnerable adult's or minor's sexual organs, or the use of the vulnerable adult or minor to solicit for or engage in prostitution or sexual performance. "Sexual abuse" does not include any act intended for a valid medical purpose or any act which may reasonably be construed to be a normal caregiving action.

(12)~~(11)~~ A person who, with malice or with intent to discredit or harm a licensed facility or any person, makes a false allegation of sexual misconduct against a member of a licensed facility's personnel is guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

(13)~~(12)~~ In addition to any penalty imposed pursuant to this section, the agency shall require a written plan of correction from the facility. For a single incident or series of isolated incidents that are nonwillful violations of the reporting requirements of this section, the agency shall first seek to obtain corrective action by the facility. If the correction is not demonstrated within the timeframe established by the agency or if there is a pattern of nonwillful violations of this section, the agency may impose an administrative fine, not to exceed $5,000 for any violation of the reporting requirements of this section. The administrative fine for repeated nonwillful violations shall not exceed $10,000 for any violation. The administrative fine for each intentional and willful violation may not exceed $25,000 per violation, per day. The fine for an intentional and willful violation of this section may not exceed $250,000. In determining the amount of fine to be levied, the agency shall be guided by s. 395.1065(2)(b). This subsection does not apply to the notice requirements under subsection (7).

(14)~~(13)~~ The agency shall have access to all licensed facility records necessary to carry out the provisions of this section. The records obtained by the agency under subsection (6), subsection (8), or subsection *(10)* ~~(9)~~ are not available to the public under s. 119.07(1), nor shall they be discoverable or admissible in any civil or administrative action, except in disciplinary proceedings by the agency or the appropriate regulatory board, nor shall records obtained pursuant to s. 456.071 be available to the public as part of the record of investigation for and prosecution in disciplinary proceedings made available to the public by the agency or the appropriate regulatory board. However, the agency or the appropriate regulatory board shall make available, upon written request by a health care professional against whom probable cause has been found, any such records which form the basis of the determination of probable cause, except that, with respect to medical review committee records, s. 766.101 controls.

(15)~~(14)~~ The meetings of the committees and governing board of a licensed facility held solely for the purpose of achieving the objectives of risk management as provided by this section shall not be open to the public under the provisions of chapter 286. The records of such meetings are confidential and exempt from s. 119.07(1), except as provided in subsection *(14)* ~~(13)~~.

(16)~~(15)~~ The agency shall review, as part of its licensure inspection process, the internal risk management program at each licensed facility

regulated by this section to determine whether the program meets standards established in statutes and rules, whether the program is being conducted in a manner designed to reduce adverse incidents, and whether the program is appropriately reporting incidents under *this section* ~~subsections (5), (6), (7), and (8)~~.

(17)~~(16)~~ There shall be no monetary liability on the part of, and no cause of action for damages shall arise against, any risk manager, licensed under *s. 395.10974* ~~part IX of chapter 626~~, for the implementation and oversight of the internal risk management program in a facility licensed under this chapter or chapter 390 as required by this section, for any act or proceeding undertaken or performed within the scope of the functions of such internal risk management program if the risk manager acts without intentional fraud.

(18) A privilege against civil liability is hereby granted to any licensed risk manager or licensed facility with regard to information furnished pursuant to this chapter, unless the licensed risk manager or facility acted in bad faith or with malice in providing such information.

(19)~~(17)~~ If the agency, through its receipt of *any reports required under this section* ~~the annual reports prescribed in subsection (6)~~ or through any investigation, has a reasonable belief that conduct by a staff member or employee of a licensed facility is grounds for disciplinary action by the appropriate regulatory board, the agency shall report this fact to such regulatory board.

~~(18) The agency shall annually publish a report summarizing the information contained in the annual incident reports submitted by licensed facilities pursuant to subsection (6) and disciplinary actions reported to the agency pursuant to s. 395.0193. The report must, at a minimum, summarize:~~

~~(a) Adverse incidents, by category of reported incident, and by type of professional involved.~~

~~(b) Types of malpractice claims filed, by type of professional involved.~~

~~(c) Disciplinary actions taken against professionals, by type of professional involved.~~

(20) It shall be unlawful for any person to coerce, intimidate, or preclude a risk manager from lawfully executing his or her reporting obligations pursuant to this chapter. Such unlawful action shall be subject to civil monetary penalties not to exceed $10,000 per violation.

Section 62. Section 395.10972, Florida Statutes, is amended to read:

395.10972 Health Care Risk Manager Advisory Council.—The Secretary of Health Care Administration may appoint a *seven-member* ~~five-member~~ advisory council to advise the agency on matters pertaining to health care risk managers. The members of the council shall serve at the pleasure of the secretary. The council shall designate a chair. The council shall meet at the call of the secretary or at those times as may be required by rule of the agency. The members of the advisory council shall receive no compensation for their services, but shall be reimbursed for travel expenses as provided in s. 112.061. The council shall consist of individuals representing the following areas:

(1) Two shall be active health care risk managers*, including one risk manager who is recommended by and a member of the Florida Society of Healthcare Risk Management*.

(2) One shall be an active hospital administrator.

(3) One shall be an employee of an insurer or self-insurer of medical malpractice coverage.

(4) One shall be a representative of the health-care-consuming public.

(5) Two shall be licensed health care practitioners, one of whom shall be licensed as a physician under chapter 458 or chapter 459.

Section 63. Paragraph (b) of subsection (2) of section 395.701, Florida Statutes, is amended to read:

395.701 Annual assessments on net operating revenues for inpatient *and outpatient* services to fund public medical assistance; administrative fines for failure to pay assessments when due; exemption.—

(2)

(b) There is imposed upon each hospital an assessment in an amount equal to 1 percent of the annual net operating revenue for outpatient services for each hospital, such revenue to be determined by the agency, based on the actual experience of the hospital as reported to the agency. *While prior year report worksheets may be reconciled to the hospital's audited financial statements, no additional audited financial components may be required for the purposes of determining the amount of the assessment imposed pursuant to this section other than those in effect on July 1, 2000.* Within 6 months after the end of each hospital fiscal year, the agency shall certify the amount of the assessment for each hospital. The assessment shall be payable to and collected by the agency in equal quarterly amounts, on or before the first day of each calendar quarter, beginning with the first full calendar quarter that occurs after the agency certifies the amount of the assessment for each hospital. All moneys collected pursuant to this subsection shall be deposited into the Public Medical Assistance Trust Fund.

Section 64. Section 409.905, Florida Statutes, is amended to read:

409.905 Mandatory Medicaid services.—The agency may make payments for the following services, which are required of the state by Title XIX of the Social Security Act, furnished by Medicaid providers to recipients who are determined to be eligible on the dates on which the services were provided. Any service under this section shall be provided only when medically necessary and in accordance with state and federal law. *Mandatory services rendered by providers in mobile units to Medicaid recipients may be restricted by the agency.* Nothing in this section shall be construed to prevent or limit the agency from adjusting fees, reimbursement rates, lengths of stay, number of visits, number of services, or any other adjustments necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act or chapter 216.

(1) ADVANCED REGISTERED NURSE PRACTITIONER SERVICES.—The agency shall pay for services provided to a recipient by a licensed advanced registered nurse practitioner who has a valid collaboration agreement with a licensed physician on file with the Department of Health or who provides anesthesia services in accordance with established protocol required by state law and approved by the medical staff of the facility in which the anesthetic service is performed. Reimbursement for such services must be provided in an amount that equals not less than 80 percent of the reimbursement to a physician who provides the same services, unless otherwise provided for in the General Appropriations Act.

(2) EARLY AND PERIODIC SCREENING, DIAGNOSIS, AND TREATMENT SERVICES.—The agency shall pay for early and periodic screening and diagnosis of a recipient under age 21 to ascertain physical and mental problems and conditions and provide treatment to correct or ameliorate these problems and conditions. These services include all services determined by the agency to be medically necessary for the treatment, correction, or amelioration of these problems, including personal care, private duty nursing, durable medical equipment, physical therapy, occupational therapy, speech therapy, respiratory therapy, and immunizations.

(3) FAMILY PLANNING SERVICES.—The agency shall pay for services necessary to enable a recipient voluntarily to plan family size or to space children. These services include information; education; counseling regarding the availability, benefits, and risks of each method of pregnancy prevention; drugs and supplies; and necessary medical care and followup. Each recipient participating in the family planning portion of the Medicaid program must be provided freedom to choose any alternative method of family planning, as required by federal law.

(4) HOME HEALTH CARE SERVICES.—The agency shall pay for nursing and home health aide services, supplies, appliances, and

durable medical equipment, necessary to assist a recipient living at home. An entity that provides services pursuant to this subsection shall be licensed under part IV of chapter 400 or part II of chapter 499, if appropriate. These services, equipment, and supplies, or reimbursement therefor, may be limited as provided in the General Appropriations Act and do not include services, equipment, or supplies provided to a person residing in a hospital or nursing facility. In providing home health care services, the agency may require prior authorization of care based on diagnosis.

(5) HOSPITAL INPATIENT SERVICES.—The agency shall pay for all covered services provided for the medical care and treatment of a recipient who is admitted as an inpatient by a licensed physician or dentist to a hospital licensed under part I of chapter 395. However, the agency shall limit the payment for inpatient hospital services for a Medicaid recipient 21 years of age or older to 45 days or the number of days necessary to comply with the General Appropriations Act.

(a) The agency is authorized to implement reimbursement and utilization management reforms in order to comply with any limitations or directions in the General Appropriations Act, which may include, but are not limited to: prior authorization for inpatient psychiatric days; enhanced utilization and concurrent review programs for highly utilized services; reduction or elimination of covered days of service; adjusting reimbursement ceilings for variable costs; adjusting reimbursement ceilings for fixed and property costs; and implementing target rates of increase.

(b) A licensed hospital maintained primarily for the care and treatment of patients having mental disorders or mental diseases is not eligible to participate in the hospital inpatient portion of the Medicaid program except as provided in federal law. However, the department shall apply for a waiver, within 9 months after June 5, 1991, designed to provide hospitalization services for mental health reasons to children and adults in the most cost-effective and lowest cost setting possible. Such waiver shall include a request for the opportunity to pay for care in hospitals known under federal law as "institutions for mental disease" or "IMD's." The waiver proposal shall propose no additional aggregate cost to the state or Federal Government, and shall be conducted in Hillsborough County, Highlands County, Hardee County, Manatee County, and Polk County. The waiver proposal may incorporate competitive bidding for hospital services, comprehensive brokering, prepaid capitated arrangements, or other mechanisms deemed by the department to show promise in reducing the cost of acute care and increasing the effectiveness of preventive care. When developing the waiver proposal, the department shall take into account price, quality, accessibility, linkages of the hospital to community services and family support programs, plans of the hospital to ensure the earliest discharge possible, and the comprehensiveness of the mental health and other health care services offered by participating providers.

(c) Agency for Health Care Administration shall adjust a hospital's current inpatient per diem rate to reflect the cost of serving the Medicaid population at that institution if:

1. The hospital experiences an increase in Medicaid caseload by more than 25 percent in any year, primarily resulting from the closure of a hospital in the same service area occurring after July 1, 1995; or

2. The hospital's Medicaid per diem rate is at least 25 percent below the Medicaid per patient cost for that year.

No later than November 1, 2000, the agency must provide estimated costs for any adjustment in a hospital inpatient per diem pursuant to this paragraph to the Executive Office of the Governor, the House of Representatives General Appropriations Committee, and the Senate Budget Committee. Before the agency implements a change in a hospital's inpatient per diem rate pursuant to this paragraph, the Legislature must have specifically appropriated sufficient funds in the 2001-2002 General Appropriations Act to support the increase in cost as estimated by the agency. This paragraph is repealed on July 1, 2001.

(6) HOSPITAL OUTPATIENT SERVICES.—The agency shall pay for preventive, diagnostic, therapeutic, or palliative care and other services provided to a recipient in the outpatient portion of a hospital licensed under part I of chapter 395, and provided under the direction of a licensed physician or licensed dentist, except that payment for such care and services is limited to $1,500 per state fiscal year per recipient, unless an exception has been made by the agency, and with the exception of a Medicaid recipient under age 21, in which case the only limitation is medical necessity.

(7) INDEPENDENT LABORATORY SERVICES.—The agency shall pay for medically necessary diagnostic laboratory procedures ordered by a licensed physician or other licensed practitioner of the healing arts which are provided for a recipient in a laboratory that meets the requirements for Medicare participation and is licensed under chapter 483, if required.

(8) NURSING FACILITY SERVICES.—The agency shall pay for 24-hour-a-day nursing and rehabilitative services for a recipient in a nursing facility licensed under part II of chapter 400 or in a rural hospital, as defined in s. 395.602, or in a Medicare certified skilled nursing facility operated by a hospital, as defined by s. 395.002(11), that is licensed under part I of chapter 395, and in accordance with provisions set forth in s. 409.908(2)(a), which services are ordered by and provided under the direction of a licensed physician. However, if a nursing facility has been destroyed or otherwise made uninhabitable by natural disaster or other emergency and another nursing facility is not available, the agency must pay for similar services temporarily in a hospital licensed under part I of chapter 395 provided federal funding is approved and available.

(9) PHYSICIAN SERVICES.—The agency shall pay for covered services and procedures rendered to a recipient by, or under the personal supervision of, a person licensed under state law to practice medicine or osteopathic medicine. These services may be furnished in the physician's office, the Medicaid recipient's home, a hospital, a nursing facility, or elsewhere, but shall be medically necessary for the treatment of an injury, illness, or disease within the scope of the practice of medicine or osteopathic medicine as defined by state law. The agency shall not pay for services that are clinically unproven, experimental, or for purely cosmetic purposes.

(10) PORTABLE X-RAY SERVICES.—The agency shall pay for professional and technical portable radiological services ordered by a licensed physician or other licensed practitioner of the healing arts which are provided by a licensed professional in a setting other than a hospital, clinic, or office of a physician or practitioner of the healing arts, on behalf of a recipient.

(11) RURAL HEALTH CLINIC SERVICES.—The agency shall pay for outpatient primary health care services for a recipient provided by a clinic certified by and participating in the Medicare program which is located in a federally designated, rural, medically underserved area and has on its staff one or more licensed primary care nurse practitioners or physician assistants, and a licensed staff supervising physician or a consulting supervising physician.

(12) TRANSPORTATION SERVICES.—The agency shall ensure that appropriate transportation services are available for a Medicaid recipient in need of transport to a qualified Medicaid provider for medically necessary and Medicaid-compensable services, provided a client's ability to choose a specific transportation provider shall be limited to those options resulting from policies established by the agency to meet the fiscal limitations of the General Appropriations Act. The agency may pay for transportation and other related travel expenses as necessary only if these services are not otherwise available.

Section 65. Section 409.906, Florida Statutes, is amended to read:

409.906 Optional Medicaid services.—Subject to specific appropriations, the agency may make payments for services which are optional to the state under Title XIX of the Social Security Act and are furnished by Medicaid providers to recipients who are determined to be eligible on the dates on which the services were provided. Any optional service that is provided shall be provided only when medically necessary and in accordance with state and federal law. *Optional services rendered*

by providers in mobile units to Medicaid recipients may be restricted or prohibited by the agency. (7)(a) It is the intent of the Legislature to encourage medical review committees to contribute further to the quality of health care in this state by reviewing complaints against physicians in the manner described in this paragraph. Accordingly, the Department of *Health* ~~Business and Professional Regulation~~ may enter into a letter of agreement with a professional society of physicians licensed under chapter 458 or chapter 459, under which agreement the medical or peer review committees of the professional society will conduct a review of any complaint or case referred to the society by the department which involves a question as to whether a physician's actions represented a breach of the prevailing professional standard of care. Section 87. For the purpose of incorporating the amendment to section 766.101(1)(a), Florida Statutes, in references thereto, paragraph (a) of subsection (1) of section 440.105, Florida Statutes, and subsection (6) of section 626.989, Florida Statutes, are reenacted to read:

Section 89. Section 456.047, Florida Statutes, is amended to read:

456.047 Standardized credentialing for health care practitioners.—

(1) INTENT.—The Legislature recognizes that an efficient and effective health care practitioner credentialing program helps to ensure access to quality health care and also recognizes that health care practitioner credentialing activities have increased significantly as a result of health care reform and recent changes in health care delivery and reimbursement systems. Moreover, the resulting duplication of health care practitioner credentialing activities is unnecessarily costly and cumbersome for both the practitioner and the entity granting practice privileges. Therefore, it is the intent of this section that a credentials collection program be established which provides that, once a health care practitioner's core credentials data are collected, they need not be collected again, except for corrections, updates, and modifications thereto. *Furthermore, it is the intent of the Legislature that the department and all entities and practitioners work cooperatively to ensure the integrity and accuracy of the program.* Participation under this section shall include those individuals licensed under chapter 458, chapter 459, chapter 460, chapter 461, or s. 464.012. (5) STANDARDS AND REGISTRATION.—Any credentials verification organization that does business in this state must be fully accredited or certified as a credentials verification organization by a national accrediting organization as specified in paragraph (2)(a) and must register with the department. The department may charge a reasonable registration fee, not to exceed an amount sufficient to cover its actual expenses in providing and enforcing such registration. The bylaws governing residence and transfer shall allow the student to be eligible in the school in which he or she first enrolls each school year, or makes himself or herself a candidate for an athletic team by engaging in a practice prior to enrolling in any member school. The student shall be eligible in that school so long as he or she remains enrolled in that school. Subsequent eligibility shall be determined and enforced through the organization's bylaws.

The bylaws shall establish requirements for eliciting a student's medical history and performing the medical evaluation required under this subsection, which shall include minimum standards for the physical capabilities necessary for participation in interscholastic athletic competition as contained in a uniform preparticipation physical evaluation form. The evaluation form shall provide place for the signature of the practitioner performing the evaluation with an attestation that each examination procedure listed on the form was performed by the practitioner or by someone under the direct supervision of the practitioner. The form shall also contain a place for the practitioner to indicate if a referral to another practitioner was made in lieu of completion of a certain examination procedure. The form shall provide a place for the practitioner to whom the student was referred to complete the remaining sections and attest to that portion of the examination. Practitioners administering medical evaluations pursuant to this section must know the minimum standards established by the organization and certify that the student meets the standards. Results of such medical evaluation must be provided to the school. No student shall be eligible to participate in any interscholastic athletic competition or engage in any practice, tryout, workout, or other physical activity associated with the student's candidacy for an interscholastic athletic team until the results of the medical evaluation verifying that the student has satisfactorily passed the evaluation have been received and approved by the school.

(4) Notwithstanding the provisions of subsection (3), a student may participate in interscholastic athletic competition or be a candidate for an interscholastic athletic team if the parent or guardian of the student objects in writing to the student undergoing a medical evaluation because such evaluation is contrary to his or her religious tenets or practices, provided that no person or entity shall be held liable for any injury or other damages suffered by such student.

765.102 Legislative findings and intent.—

(4) The Legislature recognizes the need for all health care professionals to rapidly increase their understanding of end-of-life and palliative ~~health~~ care. Section 133. Section 765.1025, Florida Statutes, is created to read:

765.1025 Palliative care.—For purposes of this chapter:

Section 134. Subsection (2) of section 765.1103, Florida Statutes, is amended to read:

765.1103 Pain management and palliative care.—

(2) *Health care providers and practitioners regulated under chapter 458, chapter 459, or chapter 464 must, as appropriate, comply with a request for pain management or palliative care from a patient under their care or, for an incapacitated patient under their care, from a surrogate, proxy, guardian, or other representative permitted to make health care decisions for the incapacitated patient. Facilities regulated under chapter 400 or chapter 395 must comply with the pain management or palliative care measures ordered by the patient's physician.* ~~When the patient is receiving care as an admitted patient of a facility or a provider or is a subscriber of a health care facility, health care provider, or health care practitioner regulated under chapter 395, chapter 400, chapter 458, chapter 459, chapter 464, or chapter 641, such facility, provider, or practitioner must, when appropriate, comply with a request for pain management or palliative care from a capacitated patient or an incapacitated patient's health care surrogate or proxy, court-appointed guardian as provided in chapter 744, or attorney in fact as provided in chapter 709. The court-appointed guardian or attorney in fact must have been delegated authority to make health care decisions on behalf of the patient.~~

Section 135. Paragraph (b) of subsection (1) of section 765.205, Florida Statutes, is amended to read:

765.205 Responsibility of the surrogate.—

(1) The surrogate, in accordance with the principal's instructions, unless such authority has been expressly limited by the principal, shall:

(b) Consult expeditiously with appropriate health care providers to provide informed consent, and make only health care decisions for the principal which he or she believes the principal would have made under the circumstances if the principal were capable of making such decisions. *If there is no indication of what the principal would have chosen, the surrogate may consider the patient's best interest in deciding that proposed treatments are to be withheld or that treatments currently in effect are to be withdrawn.*

Section 136. Subsections (2) and (3) of section 765.401, Florida Statutes, are amended to read:

765.401 The proxy.—

(2) Any health care decision made under this part must be based on the proxy's informed consent and on the decision the proxy reasonably believes the patient would have made under the circumstances. *If there is no indication of what the patient would have chosen, the proxy may consider the patient's best interest in deciding that proposed treatments are to be withheld or that treatments currently in effect are to be withdrawn.*

(3) Before exercising the incapacitated patient's rights to select or decline health care, the proxy must comply with the provisions of ss. 765.205 and 765.305, except that a proxy's decision to withhold or withdraw life-prolonging procedures must be supported by clear and convincing evidence that the decision would have been the one the patient would have chosen had the patient been competent *or, if there is no indication of what the patient would have chosen, that the decision is in the patient's best interest*.

Section 137. *The Legislature finds that the area of specialty training is of great importance to the citizens of this state and that specialty training and certification creates a higher level of proficiency for the practitioner and improves the delivery of health care to Floridians. Because much confusion exists among the patient population and practitioners as to the requirements for board certification, the Legislature directs the Department of Health to conduct a study of the area of specialty certification relating to the Board of Medicine, the Board of Osteopathic Medicine, and the Board of Dentistry. The study should review current statutes and rules to determine if any barriers exist in board recognition of certifying organizations and if restrictions placed on a licensee's speech both target an identifiable harm and mitigate against such harm in a direct and effective manner. A final report shall be provided no later than January 1, 2002, to the President of the Senate and the Speaker of the House of Representatives for distribution to the chairs of the health-care-related committees.*

Section 138. Paragraph (d) of subsection (2) of section 499.012, Florida Statutes, is amended to read:

499.012 Wholesale distribution; definitions; permits; general requirements.—

(2) The following types of wholesaler permits are established:

(d) A retail pharmacy wholesaler's permit. A retail pharmacy wholesaler is a retail pharmacy engaged in wholesale distribution of prescription drugs within this state under the following conditions:

1. The pharmacy must obtain a retail pharmacy wholesaler's permit pursuant to ss. 499.001-499.081 and the rules adopted under those sections.

2. The wholesale distribution activity does not exceed 30 percent of the total annual purchases of prescription drugs. If the wholesale distribution activity exceeds the 30-percent maximum, the pharmacy must obtain a prescription drug wholesaler's permit.

3. The transfer of prescription drugs that appear in any schedule contained in chapter 893 is subject to chapter 893 and the federal Comprehensive Drug Abuse Prevention and Control Act of 1970.

4. The transfer is between a retail pharmacy and another retail pharmacy*, a Modified Class II institutional pharmacy,* or a health care practitioner licensed in this state and authorized by law to dispense or prescribe prescription drugs.

5. All records of sales of prescription drugs subject to this section must be maintained separate and distinct from other records and comply with the recordkeeping requirements of ss. 499.001-499.081.

Section 139. *The Legislature finds that personal identifying information, name, age, diagnosis, address, bank account numbers, and debit and credit card numbers contained in the records relating to an individual's personal health or eligibility for health-related services made or received by the individual's physician and public or private health facility should be held confidential. Furthermore, the Legislature finds that every person has an expectation of and a right to privacy in all matters concerning her or his personal health when medical services are provided. Matters of personal health are traditionally private and confidential concerns between the patient and the health care provider. The private and confidential nature of personal health matters pervades both the public and private sectors. For these reasons, it is the express intent of the Legislature to protect confidential information and the individual's expectations of the right to privacy in all matters regarding her or his personal health and not to have such information exploited for purposes of solicitation or marketing the sale of goods and services.*

Section 140. Subsection (5) of section 456.057, Florida Statutes, is amended to read:

456.057 Ownership and control of patient records; report or copies of records to be furnished.—

(5)*(a)* Except as otherwise provided in this section and in s. 440.13(4)(c), such records may not be furnished to, and the medical condition of a patient may not be discussed with, any person other than the patient or the patient's legal representative or other health care practitioners and providers involved in the care or treatment of the patient, except upon written authorization of the patient. However, such records may be furnished without written authorization under the following circumstances:

1.~~(a)~~ To any person, firm, or corporation that has procured or furnished such examination or treatment with the patient's consent.

2.~~(b)~~ When compulsory physical examination is made pursuant to Rule 1.360, Florida Rules of Civil Procedure, in which case copies of the

medical records shall be furnished to both the defendant and the plaintiff.

3.~~(c)~~ In any civil or criminal action, unless otherwise prohibited by law, upon the issuance of a subpoena from a court of competent jurisdiction and proper notice to the patient or the patient's legal representative by the party seeking such records.

4.~~(d)~~ For statistical and scientific research, provided the information is abstracted in such a way as to protect the identity of the patient or provided written permission is received from the patient or the patient's legal representative.

(b) Absent a specific written release or authorization permitting utilization of patient information for solicitation or marketing the sale of goods or services, any use of that information for those purposes is prohibited.

(14) Licensees in violation of the provisions of this section shall be disciplined by the appropriate licensing authority.

(15) The Attorney General is authorized to enforce the provisions of this section for records owners not otherwise licensed by the state, through injunctive relief and fines not to exceed $5,000 per violation.

Section 141. Subsection (7) of section 395.3025, Florida Statutes is amended to read:

395.3025 Patient and personnel records; copies; examination.—

(7)*(a)* If the content of any record of patient treatment is provided under this section, the recipient, if other than the patient or the patient's representative, may use such information only for the purpose provided and may not further disclose any information to any other person or entity, unless expressly permitted by the written consent of the patient. A general authorization for the release of medical information is not sufficient for this purpose. The content of such patient treatment record is confidential and exempt from the provisions of s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

(b) Absent a specific written release or authorization permitting utilization of patient information for solicitation or marketing the sale of goods or services, any use of that information for those purposes is prohibited.

Section 142. Subsection (1) of section 400.1415, Florida Statutes, is amended to read:

400.1415 Patient records; penalties for alteration.—

(1) Any person who fraudulently alters, defaces, or falsifies any medical *record or releases medical records for the purposes of solicitation or marketing the sale of goods or services absent a specific written release or authorization permitting utilization of patient information,* or other nursing home record, or causes or procures any of these offenses to be committed, commits a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

Section 143. Section 626.9651, Florida Statutes, is created to read:

626.9651 Privacy.—The department shall adopt rules consistent with other provisions of the Florida Insurance Code to govern the use of a consumer's nonpublic personal financial and health information. These rules must be based on, consistent with, and not more restrictive than the Privacy of Consumer Financial and Health Information Regulation, adopted September 26, 2000, by the National Association of Insurance Commissioners; however, the rules must permit the use and disclosure of nonpublic personal health information for scientific, medical, or public policy research, in accordance with federal law. In addition, these rules must be consistent with, and not more restrictive than, the standards contained in Title V of the Gramm-Leach-Bliley Act of 1999, Pub. L. No. 106-102. If the department determines that a health insurer or health maintenance organization is in compliance with, or is actively undertaking compliance with, the consumer privacy protection rules adopted by the United States Department of Health and Human Services, in conformance with the Health Insurance Portability and Affordability Act, that health insurer or health maintenance organization is in compliance with this section.

400.141 Administration and management of nursing home facilities.—Every licensed facility shall comply with all applicable standards and rules of the agency and shall:

(14) Before November 30 of each year, subject to the availability of an adequate supply of the necessary vaccine, provide for immunizations against influenza viruses to all its consenting residents in accordance with the recommendations of the U.S. Centers for Disease Control and Prevention, subject to exemptions for medical contraindications and religious or personal beliefs. Subject to these exemptions, any consenting person who becomes a resident of the facility after November 30 but before March 31 of the following year must be immunized within 5 working days after becoming a resident. Immunization shall not be provided to any resident who provides documentation that he or she has been immunized as required by this subsection. This subsection does not prohibit a resident from receiving the immunization from his or her personal physician if he or she so chooses. A resident who chooses to receive the immunization from his or her personal physician shall provide proof of immunization to the facility. The agency may adopt and enforce any rules necessary to comply with or implement this subsection.

This subsection does not prohibit a resident from receiving the immunization from his or her personal physician if he or she so chooses. A resident who chooses to receive the immunization from his or her personal physician shall provide proof of immunization to the facility. The agency may adopt and enforce any rules necessary to comply with or implement this subsection.

(16) Annually encourage and promote to its employees the benefits associated with immunizations against influenza viruses in accordance with the recommendations of the U.S. Centers for Disease Control and Prevention. The agency may adopt and enforce any rules necessary to comply with or implement this subsection.

The office shall provide policy direction and promote civic initiatives which seek to preserve and strengthen families and communities. The Department of Health, the Department of Children and Family Services, the Department of Juvenile Justice, and the Department of Corrections may request transfer of general revenue funds between agencies, as approved by the Legislative Budget Commission, as necessary to match federal funds received by the Office of Community Partners for these initiatives.*

(Amendment Bar Code: 264967)

Amendment 1 to Amendment 3 (with title amendment)—On page 1, between lines 16 & 17, of the amendment

insert:

Section 1. (1) Subsection (3) is added to section 766.301, Florida Statutes, to read:

766.301 Legislative findings and intent.—

(3) In order to maintain the actuarial soundness of the compensation scheme for birth-related neurological injuries as established in ss. 766.301-766.316, the Legislature hereby clarifies its original intent with respect to the distinction between the payment of actual expenses for medical necessities, which is authorized in s. 766.31(1)(a), and the award of up to $125,000 for the parents or legal guardians of neurologically injured infants, which is authorized in s. 766.31(1)(b). It has always been the intent of the Legislature that the term "actual expenses," as used in s. 766.31(1)(a), means only out-of-pocket, monetary expenditures for the professionally rendered care of a neurologically injured infant, as opposed to payments for the time spent by a parent or other family member in providing care to an eligible infant, and that s. 766.31(1)(b) has been and remains the exclusive source of funds for parents or legal guardians irrespective of the time, activities, and services they devote to the care and welfare of an eligible neurologically injured infant.

(2)(a) The addition of subsection (3) to section 766.301, Florida Statutes, by this section shall take effect upon this act becoming a law and shall apply to all claims under the Florida Birth-Related Neurological Injury Compensation Plan which date from the effective date of chapter 88-1, Laws of Florida.

(b) The purpose of the addition of subsection (3) to section 766.301, Florida Statutes, by this section is to clarify legislative intent with respect to the term "actual expenses" as used in paragraph (a) of subsection (1) of section 766.31, Florida Statutes, and the term "award" as used in paragraph (b) of subsection (1) of section 766.31, Florida Statutes.

Section 2. (1) Paragraphs (a) and (b) of subsection (1) of section 766.31, Florida Statutes, are amended to read:

766.31 Administrative law judge awards for birth-related neurological injuries; notice of award.—

(1) Upon determining that an infant has sustained a birth-related neurological injury and that obstetrical services were delivered by a participating physician at the birth, the administrative law judge shall make an award providing compensation for the following items relative to such injury:

(a) Actual expenses for medically necessary and reasonable medical and hospital *costs for*~~,~~ habilitative and training, *nonfamilial* residential, and custodial care and service, for medically necessary drugs, special equipment, and facilities, and for related travel. However, such expenses shall not include:

1. Expenses for items or services that the infant has received, or is entitled to receive, under the laws of any state or the Federal Government, except to the extent such exclusion may be prohibited by federal law.

2. Expenses for items or services that the infant has received, or is contractually entitled to receive, from any prepaid health plan, health maintenance organization, or other private insuring entity.

3. Expenses for which the infant has received reimbursement, or for which the infant is entitled to receive reimbursement, under the laws of any state or the Federal Government, except to the extent such exclusion may be prohibited by federal law.

4. Expenses for which the infant has received reimbursement, or for which the infant is contractually entitled to receive reimbursement, pursuant to the provisions of any health or sickness insurance policy or other private insurance program.

5. Compensation for the time, services, or activities performed by the parents or legal guardians of the infant.

Expenses included under this paragraph shall be limited to reasonable charges prevailing in the same community for similar treatment of injured persons when such treatment is paid for by the injured person.

(b) Periodic payments of an award to the parents or legal guardians of the infant found to have sustained a birth-related neurological injury, which award shall not exceed *$125,000* ~~$100,000~~. However, at the discretion of the administrative law judge, such award may be made in a lump sum. *An award made under this paragraph shall be the exclusive source of funds from the plan to the parents or legal guardians of an eligible neurologically injured infant, and compensation shall not be provided under any other provision of the plan for the time, services, or activities performed by the parents or legal guardians of the infant.*

(2)(a) The amendment of paragraphs (a) and (b) of subsection (1) of section 766.31, Florida Statutes, by this section shall take effect upon this act becoming a law and shall apply to all claims under the Florida Birth-Related Neurological Injury Compensation Plan which date from the effective date of chapter 88-1, Laws of Florida.

(b) The purpose of the amendment of paragraphs (a) and (b) of subsection (1) of section 766.31, Florida Statutes, by this section is to clarify legislative intent with respect to the term "actual expenses" as used in paragraph (a) of subsection (1) of section 766.31, Florida Statutes, and the term "award" as used in paragraph (a) of subsection (1) of section 766.31, Florida Statutes.

Section 3. (1) Subsection (2) of section 766.302, Florida Statutes, is amended to read:

766.302 Definitions; ss. 766.301-766.316.—As used in ss. 766.301-766.316, the term:

This definition shall apply to live births only and shall not include disability or death caused by genetic or congenital abnormality.

(2) The amendment of subsection (2) of section 766.302, Florida Statutes, by this section shall take effect July 1, 2001, and shall apply to all births occurring on or after that date.

Section 4. (1) Paragraph (b) of subsection (1) of section 766.31, Florida Statutes, as amended by this act, is amended to read:

766.31 Administrative law judge awards for birth-related neurological injuries; notice of award.—

Section 4. Section 399.001, Florida Statutes, is created to read:

399.001 Short title and purpose.—This chapter may be cited as the "Elevator Safety Act." The purpose of this chapter is to provide for the safety of life and limb and to promote public safety awareness. Elevator personnel performing work covered by the Florida Building Code must possess documented training or experience or both and be familiar with the operation and safety functions of the components and equipment. and insert in lieu thereof:

Section 3. Subsections (1) and (8) of section 205.15, Florida Statutes, as amended by chapters 99-247, 2000-151, 2000-170, and 2000-197, Laws of Florida, is amended to read:

201.15 Distribution of taxes collected.—All taxes collected under this chapter shall be distributed as follows and shall be subject to the service charge imposed in s. 215.20(1), except that such service charge shall not be levied against any portion of taxes pledged to debt service on bonds to the extent that the amount of the service charge is required to pay any amounts relating to the bonds:

(1) Sixty-two and sixty-three hundredths percent of the remaining taxes collected under this chapter shall be used for the following purposes:

(a) Amounts as shall be necessary to pay the debt service on, or fund debt service reserve funds, rebate obligations, or other amounts payable with respect to Preservation 2000 bonds issued pursuant to s. 375.051 and Florida Forever bonds issued pursuant to s. 215.618, shall be paid into the State Treasury to the credit of the Land Acquisition Trust Fund to be used for such purposes. The amount transferred to the Land Acquisition Trust Fund for such purposes shall not exceed $300 million in fiscal year 1999-2000 and thereafter for Preservation 2000 bonds and bonds issued to refund Preservation 2000 bonds, and $300 million in fiscal year 2000-2001 and thereafter for Florida Forever bonds. The annual amount transferred to the Land Acquisition Trust Fund for Florida Forever bonds shall not exceed $30 million in the first fiscal year in which bonds are issued. The limitation on the amount transferred shall be increased by an additional $30 million in each subsequent fiscal year, but shall not exceed a total of $300 million in any fiscal year for all bonds issued. It is the intent of the Legislature that all bonds issued to fund the Florida Forever Act be retired by December 31, 2030. Except for bonds issued to refund previously issued bonds, no series of bonds may be issued pursuant to this paragraph unless such bonds are approved and the debt service for the remainder of the fiscal year in

which the bonds are issued is specifically appropriated in the General Appropriations Act. For purposes of refunding Preservation 2000 bonds, amounts designated within this section for Preservation 2000 and Florida Forever bonds may be transferred between the two programs to the extent provided for in the documents authorizing the issuance of the bonds. The Preservation 2000 bonds and Florida Forever bonds shall be equally and ratably secured by moneys distributable to the Land Acquisition Trust Fund pursuant to this section, except to the extent specifically provided otherwise by the documents authorizing the issuance of the bonds. *Notwithstanding the provisions of this subsection, for Fiscal Year 2000-2001 only, any remainder of funds above 100 percent of the current official forecast collected from the tax in this chapter shall be distributed to the Preservation 2000 Trust Fund created pursuant to s. 375.045, Florida Statutes.* No moneys transferred to the Land Acquisition Trust Fund pursuant to this paragraph, or earnings thereon, shall be used or made available to pay debt service on the Save Our Coast revenue bonds.

(8) One-half of one percent of the remaining taxes collected under this chapter shall be paid into the State Treasury and divided equally to the credit of the Department of Environmental Protection Water Quality Assurance Trust Fund to address water quality impacts associated with nonagricultural nonpoint sources and to the credit of the Department of Agriculture and Consumer Services General Inspection Trust Fund to address water quality impacts associated with agricultural nonpoint sources, respectively. These funds shall be used for research, development, demonstration, and implementation of suitable best management practices or other measures used to achieve water quality standards in surface waters and water segments identified pursuant to ss. 303(d) of the Clean Water Act, Pub. L. No. 92-500, 33 U.S.C. ss. 1251 et seq. Implementation of best management practices and other measures may include cost-share grants, technical assistance, implementation tracking, and conservation leases or other agreements for water quality improvement. *The Department of Environmental Protection and the Department of Agriculture and Consumer Services may adopt rules governing the distribution of funds for implementation of best management practices.* The unobligated balance of funds received from the distribution of taxes collected under this chapter to address water quality impacts associated with nonagricultural nonpoint sources will be excluded when calculating the unobligated balance of the Water Quality Assurance Trust Fund as it relates to the determination of the applicable excise tax rate.
