(c) The Department of Environmental Protection or water management districts may request a transfer of funds from an the escrow account no sooner than 30 days prior to the date the funds are needed to pay for activities associated with development or implementation of the approved mitigation plan described in subsection (4) for the current fiscal year, including, but not limited to, design, engineering, production, and staff support. Actual conceptual plan preparation costs incurred before plan approval may be submitted to the Department of Transportation or the appropriate transportation authority and the Department of Environmental Protection by November 1 of each year with the plan. The conceptual plan preparation costs of each water management district will be paid based on the amount approved on the mitigation plan and allocated to the current fiscal year projects identified by the water management district. The amount transferred to the escrow accounts ~~account~~ each year by the Department of Transportation and participating transportation authorities established pursuant to chapter 348 or chapter 349 shall correspond to a cost per acre of \$75,000 multiplied by the projected acres of impact identified in the inventory described in subsection (2). However, the \$75,000 cost per acre does not constitute an admission against interest by the state or its subdivisions nor is the cost admissible as evidence of full compensation for any property acquired by eminent domain or through inverse condemnation. Each July 1, the cost per acre shall be adjusted by the percentage change in the average of the Consumer Price Index issued by the United States Department of Labor for the most recent 12-month period ending September 30, compared to the base year average, which is the average for the 12-month period ending September 30, 1996. At the end of each year, the projected acreage of impact shall be reconciled with the acreage of impact of projects as permitted, including permit modifications, pursuant to this part and s. 404 of the Clean Water Act, 33 U.S.C. s. 1344. The subject year's transfer of funds shall be adjusted accordingly to reflect the overtransfer or undertransfer of funds from the preceding year. The Department of Transportation and participating transportation authorities established pursuant to chapter 348 or chapter 349 are authorized to transfer such funds from the escrow accounts ~~account~~ to the Department of Environmental Protection and the water management districts to carry out the mitigation programs.

(4) Prior to December 1 of each year, each water management district, in consultation with the Department of Environmental Protection, the United States Army Corps of Engineers, the Department of Transportation, transportation authorities established pursuant to chapter 348 or chapter 349, and other appropriate federal, state, and local governments, and other interested parties, including entities operating mitigation banks, shall develop a plan for the primary purpose of complying with the mitigation requirements adopted pursuant to this part and 33 U.S.C. s. 1344. This plan shall also address significant invasive plant problems within wetlands and other surface waters. In developing such plans, the districts shall utilize sound ecosystem management practices to address significant water resource needs and shall focus on activities of the Department of Environmental Protection and the water management districts, such as surface water improvement and management (SWIM) waterbodies and lands identified for potential acquisition for preservation, restoration, and enhancement, to the extent that such activities comply with the mitigation requirements adopted under this part and 33 U.S.C. s. 1344. In determining the activities to be included in such plans, the districts shall also consider the purchase of credits from public or private mitigation banks permitted under s. 373.4136 and associated federal authorization and shall include such purchase as a part of the mitigation plan when such purchase would offset the impact of the

transportation project, provide equal benefits to the water resources than other mitigation options being considered, and provide the most cost-effective mitigation option. The mitigation plan shall be preliminarily approved by the water management district governing board and shall be submitted to the secretary of the Department of Environmental Protection for review and final approval. The preliminary approval by the water management district governing board does not constitute a decision that affects substantial interests as provided by s. 120.569. At least 30 days prior to preliminary approval, the water management district shall provide a copy of the draft mitigation plan to any person who has requested a copy.

(a) For each transportation project with a funding request for the next fiscal year, the mitigation plan must include a brief explanation of why a mitigation bank was or was not chosen as a mitigation option, including an estimation of identifiable costs of the mitigation bank and nonbank options to the extent practicable.

(b) Specific projects may be excluded from the mitigation plan and shall not be subject to this section upon the agreement of the Department of Transportation, a transportation authority if applicable, the Department of Environmental Protection, and the appropriate water management district that the inclusion of such projects would hamper the efficiency or timeliness of the mitigation planning and permitting process, or the Department of Environmental Protection and the water management district are unable to identify mitigation that would offset the impacts of the project.

(c) Surface water improvement and management or invasive plant control projects undertaken using the \$12 million advance transferred from the Department of Transportation to the Department of Environmental Protection in fiscal year 1996-1997 which meet the requirements for mitigation under this part and 33 U.S.C. s. 1344 shall remain available for mitigation until the \$12 million is fully credited up to and including fiscal year 2004-2005. When these projects are used as mitigation, the \$12 million advance shall be reduced by \$75,000 per acre of impact mitigated. For any fiscal year through and including fiscal year 2004-2005, to the extent the cost of developing and implementing the mitigation plans is less than the amount transferred pursuant to subsection (3), the difference shall be credited towards the \$12 million advance. Except as provided in this paragraph, any funds not directed to implement the mitigation plan should, to the greatest extent possible, be directed to fund invasive plant control within wetlands and other surface waters.

(5) The water management district shall be responsible for ensuring that mitigation requirements pursuant to 33 U.S.C. s. 1344 are met for the impacts identified in the inventory described in subsection (2), by implementation of the approved plan described in subsection (4) to the extent funding is provided by the Department of Transportation, or a transportation authority established pursuant to chapter 348 or chapter 349 if applicable. During the federal permitting process, the water management district may deviate from the approved mitigation plan in order to comply with federal permitting requirements.

(6) The mitigation plans ~~plan~~ shall be updated annually to reflect the most current Department of Transportation work program and project list of a transportation authority established pursuant to chapter 348 or chapter 349 if applicable and may be amended throughout the year to anticipate schedule changes or additional projects which may arise. Each update and amendment of the mitigation plan shall be submitted to the secretary of the Department of Environmental Protection for approval. However, such approval shall not be applicable to a deviation as described in subsection (5).

(8) This section shall not be construed to eliminate the need for the Department of Transportation or a transportation authority established pursuant to chapter 348 or chapter 349 to comply with the requirement to implement practicable design modifications, including realignment of transportation projects, to reduce or eliminate the impacts of its transportation projects on wetlands and other surface waters as required by rules adopted pursuant to this part, or to diminish the authority under this part to regulate other impacts, including water

quantity or water quality impacts, or impacts regulated under this part that are not identified in the inventory described in subsection (2).

(9) *The process for environmental mitigation for the impact of transportation projects under this section shall be available to an expressway, bridge, or transportation authority established under chapters 348 and 349. Use of this process may be initiated by an authority depositing the requisite funds into an escrow account set up by the authority and filing an environmental impact inventory with the appropriate water management district. An authority that initiates the environmental mitigation process established by this section shall comply with subsection (6) by timely providing the appropriate water management district and the Department of Environmental Protection with the requisite work program information. A water management district may draw down funds from the escrow account as provided in this section.*

Section 53. Paragraphs (b) and (e) of subsection (19) of section 380.06, Florida Statutes, are amended, and paragraphs (i) and (j) are added to subsection (24) of said section, to read:

380.06 Developments of regional impact.—

(19) SUBSTANTIAL DEVIATIONS.—

(b) Any proposed change to a previously approved development of regional impact or development order condition which, either individually or cumulatively with other changes, exceeds any of the following criteria shall constitute a substantial deviation and shall cause the development to be subject to further development-of-regional-impact review without the necessity for a finding of same by the local government:

1. An increase in the number of parking spaces at an attraction or recreational facility by 5 percent or 300 spaces, whichever is greater, or an increase in the number of spectators that may be accommodated at such a facility by 5 percent or 1,000 spectators, whichever is greater.
3. An increase in the number of hospital beds by 5 percent or 60 beds, whichever is greater.

2. A new runway, a new terminal facility, a 25-percent lengthening of an existing runway, or a 25-percent increase in the number of gates of an existing terminal, but only if the increase adds at least three additional gates. However, if an airport is located in two counties, a 10-percent lengthening of an existing runway or a 20-percent increase in the number of gates of an existing terminal is the applicable criteria.

3. An increase in the number of hospital beds by 5 percent or 60 beds, whichever is greater.

4. An increase in industrial development area by 5 percent or 32 acres, whichever is greater.

5. An increase in the average annual acreage mined by 5 percent or 10 acres, whichever is greater, or an increase in the average daily water consumption by a mining operation by 5 percent or 300,000 gallons, whichever is greater. An increase in the size of the mine by 5 percent or 750 acres, whichever is less.

6. An increase in land area for office development by 5 percent or 6 acres, whichever is greater, or an increase of gross floor area of office development by 5 percent or 60,000 gross square feet, whichever is greater.

~~7. An increase in the storage capacity for chemical or petroleum storage facilities by 5 percent, 20,000 barrels, or 7 million pounds, whichever is greater.~~

~~7.8. An increase of development at a waterport of wet storage for 20 watercraft, dry storage for 30 watercraft, or wet/dry storage for 60 watercraft in an area identified in the state marina siting plan as an appropriate site for additional waterport development or a 5-percent increase in watercraft storage capacity, whichever is greater.~~

8.9. An increase in the number of dwelling units by 5 percent or 50 dwelling units, whichever is greater.

9.10. An increase in commercial development by 6 acres of land area or by 50,000 square feet of gross floor area, or of parking spaces provided for customers for 300 cars or a 5-percent increase of any of these, whichever is greater.

~~10.11. An increase in hotel or motel facility units by 5 percent or 75 units, whichever is greater.~~

~~11.12. An increase in a recreational vehicle park area by 5 percent or 100 vehicle spaces, whichever is less.~~

~~12.13. A decrease in the area set aside for open space of 5 percent or 20 acres, whichever is less.~~

13.14. A proposed increase to an approved multiuse development of regional impact where the sum of the increases of each land use as a percentage of the applicable substantial deviation criteria is equal to or exceeds 100 percent. The percentage of any decrease in the amount of open space shall be treated as an increase for purposes of determining when 100 percent has been reached or exceeded.

~~14.15. A 15-percent increase in the number of external vehicle trips generated by the development above that which was projected during the original development-of-regional-impact review.~~

15.16. Any change which would result in development of any area which was specifically set aside in the application for development approval or in the development order for preservation or special protection of endangered or threatened plants or animals designated as endangered, threatened, or species of special concern and their habitat, primary dunes, or archaeological and historical sites designated as significant by the Division of Historical Resources of the Department of State. The further refinement of such areas by survey shall be considered under sub-subparagraph (e)5.b.

The substantial deviation numerical standards in subparagraphs 4., 6., ~~9.10.~~, ~~13.14.~~, excluding residential uses, and ~~14.15.~~, are increased by 100 percent for a project certified under s. 403.973 which creates jobs and meets criteria established by the Office of Tourism, Trade, and Economic Development as to its impact on an area's economy, employment, and prevailing wage and skill levels. The substantial deviation numerical standards in subparagraphs 4., 6., ~~8.9.~~, ~~9.10.~~, ~~10.11.~~, and ~~13.14.~~ are increased by 50 percent for a project located wholly within an urban infill and redevelopment area designated on the applicable adopted local comprehensive plan future land use map and not located within the coastal high hazard area.

(e)1. A proposed change which, either individually or, if there were previous changes, cumulatively with those changes, is equal to or exceeds 40 percent of any numerical criterion in subparagraphs (b)1.-~~14.1-15.~~, but which does not exceed such criterion, shall be presumed not to create a substantial deviation subject to further development-of-regional-impact review. The presumption may be rebutted by clear and convincing evidence at the public hearing held by the local government pursuant to subparagraph (f)5.

2. Except for a development order rendered pursuant to subsection (22) or subsection (25), a proposed change to a development order that individually or cumulatively with any previous change is less than 40 percent of any numerical criterion contained in subparagraphs (b)1.-~~14.1-15.~~ and does not exceed any other criterion, or that involves an extension of the buildout date of a development, or any phase thereof, of less than 5 years is not subject to the public hearing requirements of subparagraph (f)3., and is not subject to a determination pursuant to subparagraph (f)5. Notice of the proposed change shall be made to the regional planning council and the state land planning agency. Such notice shall include a description of previous individual changes made to the development, including changes previously approved by the local government, and shall include appropriate amendments to the development order. The following changes, individually or cumulatively with any previous changes, are not substantial deviations:

a. Changes in the name of the project, developer, owner, or monitoring official.

b. Changes to a setback that do not affect noise buffers, environmental protection or mitigation areas, or archaeological or historical resources.

c. Changes to minimum lot sizes.

d. Changes in the configuration of internal roads that do not affect external access points.

e. Changes to the building design or orientation that stay approximately within the approved area designated for such building and parking lot, and which do not affect historical buildings designated as significant by the Division of Historical Resources of the Department of State.

f. Changes to increase the acreage in the development, provided that no development is proposed on the acreage to be added.

g. Changes to eliminate an approved land use, provided that there are no additional regional impacts.

h. Changes required to conform to permits approved by any federal, state, or regional permitting agency, provided that these changes do not create additional regional impacts.

i. Any other change which the state land planning agency agrees in writing is similar in nature, impact, or character to the changes enumerated in sub-subparagraphs a.-h. and which does not create the likelihood of any additional regional impact.

This subsection does not require a development order amendment for any change listed in sub-subparagraphs a.-i. unless such issue is addressed either in the existing development order or in the application for development approval, but, in the case of the application, only if, and in the manner in which, the application is incorporated in the development order.

3. Except for the change authorized by sub-subparagraph 2.f., any addition of land not previously reviewed or any change not specified in paragraph (b) or paragraph (c) shall be presumed to create a substantial deviation. This presumption may be rebutted by clear and convincing evidence.

4. Any submittal of a proposed change to a previously approved development shall include a description of individual changes previously made to the development, including changes previously approved by the local government. The local government shall consider the previous and current proposed changes in deciding whether such changes cumulatively constitute a substantial deviation requiring further development-of-regional-impact review.

5. The following changes to an approved development of regional impact shall be presumed to create a substantial deviation. Such presumption may be rebutted by clear and convincing evidence.

a. A change proposed for 15 percent or more of the acreage to a land use not previously approved in the development order. Changes of less than 15 percent shall be presumed not to create a substantial deviation.

b. Except for the types of uses listed in subparagraph (b)15.16., any change which would result in the development of any area which was specifically set aside in the application for development approval or in the development order for preservation, buffers, or special protection, including habitat for plant and animal species, archaeological and historical sites, dunes, and other special areas.

c. Notwithstanding any provision of paragraph (b) to the contrary, a proposed change consisting of simultaneous increases and decreases of at least two of the uses within an authorized multiuse development of regional impact which was originally approved with three or more uses specified in s. 380.0651(3)(b)(e), (c)(d), (e)(f), and (f)(g) and residential use.

(24) STATUTORY EXEMPTIONS.—

(i) Any proposed facility for the storage of any petroleum product is exempt from the provisions of this section, if such facility is consistent

with a local comprehensive plan that is in compliance with s. 163.3177 or is consistent with a comprehensive port master plan that is in compliance with s. 163.3178.

(j) Any development or expansion of an airport consistent with the adopted airport master plan that has been incorporated into the local comprehensive plan under section 163.3177(6)(k), and airport-related or aviation-related development that has been addressed in the comprehensive plan amendment that incorporates the airport master plan, is exempt from the provisions of this section.

Section 54. Subsection (3) of section 380.0651, Florida Statutes, is amended to read:

380.0651 Statewide guidelines and standards.—

(3) The following statewide guidelines and standards shall be applied in the manner described in s. 380.06(2) to determine whether the following developments shall be required to undergo development-of-regional-impact review:

(a) Airports.—

1. Any of the following airport construction projects shall be a development of regional impact:

- a. A new commercial service or general aviation airport with paved runways.
- b. A new commercial service or general aviation paved runway.
- c. A new passenger terminal facility.

2. Lengthening of an existing runway by 25 percent or an increase in the number of gates by 25 percent or three gates, whichever is greater, on a commercial service airport or a general aviation airport with regularly scheduled flights is a development of regional impact. However, expansion of existing terminal facilities at a nonhub or small hub commercial service airport shall not be a development of regional impact.

3. Any airport development project which is proposed for safety, repair, or maintenance reasons alone and would not have the potential to increase or change existing types of aircraft activity is not a development of regional impact. Notwithstanding subparagraphs 1. and 2., renovation, modernization, or replacement of airport airside or terminal facilities that may include increases in square footage of such facilities but does not increase the number of gates or change the existing types of aircraft activity is not a development of regional impact.

(b) Attractions and recreation facilities.—Any sports, entertainment, amusement, or recreation facility, including, but not limited to, a sports arena, stadium, racetrack, tourist attraction, amusement park, or pari-mutuel facility, the construction or expansion of which:

- 1. For single performance facilities:
 - a. Provides parking spaces for more than 2,500 cars; or
 - b. Provides more than 10,000 permanent seats for spectators.
- 2. For serial performance facilities:
 - a. Provides parking spaces for more than 1,000 cars; or
 - b. Provides more than 4,000 permanent seats for spectators.

For purposes of this subsection, “serial performance facilities” means those using their parking areas or permanent seating more than one time per day on a regular or continuous basis.

3. For multiscreen movie theaters of at least 8 screens and 2,500 seats:

- a. Provides parking spaces for more than 1,500 cars; or
- b. Provides more than 6,000 permanent seats for spectators.

(b)(e) Industrial plants, industrial parks, and distribution, warehousing or wholesaling facilities.—Any proposed industrial, manufacturing, or processing plant, or distribution, warehousing, or wholesaling facility, excluding wholesaling developments which deal primarily with the general public onsite, under common ownership, or any proposed industrial, manufacturing, or processing activity or distribution, warehousing, or wholesaling activity, excluding wholesaling activities which deal primarily with the general public onsite, which:

1. Provides parking for more than 2,500 motor vehicles, *excluding those vehicles which may be included in wholesaling facilities' inventory*; or

2. Occupies a site greater than 320 acres, *or for motor vehicle wholesaling facilities that conduct wholesaling sales activity no more frequently than an average each year of 3 days per week, occupies a site greater than 500 acres.*

(c)(d) Office development.—Any proposed office building or park operated under common ownership, development plan, or management that:

1. Encompasses 300,000 or more square feet of gross floor area; or
2. Has a total site size of 30 or more acres; or

3. Encompasses more than 600,000 square feet of gross floor area in a county with a population greater than 500,000 and only in a geographic area specifically designated as highly suitable for increased threshold intensity in the approved local comprehensive plan and in the strategic regional policy plan.

(d)(e) Port facilities.—The proposed construction of any waterport or marina is required to undergo development-of-regional-impact review, except one designed for:

1.a. The wet storage or mooring of fewer than 150 watercraft used exclusively for sport, pleasure, or commercial fishing, or

b. The dry storage of fewer than 200 watercraft used exclusively for sport, pleasure, or commercial fishing, or

c. The wet or dry storage or mooring of fewer than 150 watercraft on or adjacent to an inland freshwater lake except Lake Okeechobee or any lake which has been designated an Outstanding Florida Water, or

d. The wet or dry storage or mooring of fewer than 50 watercraft of 40 feet in length or less of any type or purpose. The exceptions to this paragraph's requirements for development-of-regional-impact review shall not apply to any waterport or marina facility located within or which serves physical development located within a coastal barrier resource unit on an unbridged barrier island designated pursuant to 16 U.S.C. s. 3501.

In addition to the foregoing, for projects for which no environmental resource permit or sovereign submerged land lease is required, the Department of Environmental Protection must determine in writing that a proposed marina in excess of 10 slips or storage spaces or a combination of the two is located so that it will not adversely impact Outstanding Florida Waters or Class II waters and will not contribute boat traffic in a manner that will have an adverse impact on an area known to be, or likely to be, frequented by manatees. If the Department of Environmental Protection fails to issue its determination within 45 days of receipt of a formal written request, it has waived its authority to make such determination. The Department of Environmental Protection determination shall constitute final agency action pursuant to chapter 120.

2. The dry storage of fewer than 300 watercraft used exclusively for sport, pleasure, or commercial fishing at a marina constructed and in operation prior to July 1, 1985.

3. Any proposed marina development with both wet and dry mooring or storage used exclusively for sport, pleasure, or commercial fishing, where the sum of percentages of the applicable wet and dry mooring or

storage thresholds equals 100 percent. This threshold is in addition to, and does not preclude, a development from being required to undergo development-of-regional-impact review under sub-subparagraphs 1.a. and b. and subparagraph 2.

(e)(f) Retail and service development.—Any proposed retail, service, or wholesale business establishment or group of establishments which deals primarily with the general public onsite, operated under one common property ownership, development plan, or management that:

1. Encompasses more than 400,000 square feet of gross area;
2. Occupies more than 40 acres of land; or
3. Provides parking spaces for more than 2,500 cars.

(f)(g) Hotel or motel development.—

1. Any proposed hotel or motel development that is planned to create or accommodate 350 or more units; or

2. Any proposed hotel or motel development that is planned to create or accommodate 750 or more units, in a county with a population greater than 500,000, and only in a geographic area specifically designated as highly suitable for increased threshold intensity in the approved local comprehensive plan and in the strategic regional policy plan.

(g)(h) Recreational vehicle development.—Any proposed recreational vehicle development planned to create or accommodate 500 or more spaces.

(h)(i) Multiuse development.—Any proposed development with two or more land uses where the sum of the percentages of the appropriate thresholds identified in chapter 28-24, Florida Administrative Code, or this section for each land use in the development is equal to or greater than 145 percent. Any proposed development with three or more land uses, one of which is residential and contains at least 100 dwelling units or 15 percent of the applicable residential threshold, whichever is greater, where the sum of the percentages of the appropriate thresholds identified in chapter 28-24, Florida Administrative Code, or this section for each land use in the development is equal to or greater than 160 percent. This threshold is in addition to, and does not preclude, a development from being required to undergo development-of-regional-impact review under any other threshold.

(i)(j) Residential development.—No rule may be adopted concerning residential developments which treats a residential development in one county as being located in a less populated adjacent county unless more than 25 percent of the development is located within 2 or less miles of the less populated adjacent county.

(j)(k) Schools.—

1. The proposed construction of any public, private, or proprietary postsecondary educational campus which provides for a design population of more than 5,000 full-time equivalent students, or the proposed physical expansion of any public, private, or proprietary postsecondary educational campus having such a design population that would increase the population by at least 20 percent of the design population.

2. As used in this paragraph, "full-time equivalent student" means enrollment for 15 or more quarter hours during a single academic semester. In area vocational schools or other institutions which do not employ semester hours or quarter hours in accounting for student participation, enrollment for 18 contact hours shall be considered equivalent to one quarter hour, and enrollment for 27 contact hours shall be considered equivalent to one semester hour.

3. This paragraph does not apply to institutions which are the subject of a campus master plan adopted by the Board of Regents pursuant to s. 240.155.

Section 55. Paragraph (a) of subsection (12) of section 163.3180, Florida Statutes, is amended to read:

163.3180 Concurrency.—

(12) When authorized by a local comprehensive plan, a multiuse development of regional impact may satisfy the transportation concurrency requirements of the local comprehensive plan, the local government's concurrency management system, and s. 380.06 by payment of a proportionate-share contribution for local and regionally significant traffic impacts, if:

(a) The development of regional impact meets or exceeds the guidelines and standards of s. 380.0651(3)(h)(i) and rule 28-24.032(2), Florida Administrative Code, and includes a residential component that contains at least 100 residential dwelling units or 15 percent of the applicable residential guideline and standard, whichever is greater;

The proportionate-share contribution may be applied to any transportation facility to satisfy the provisions of this subsection and the local comprehensive plan, but, for the purposes of this subsection, the amount of the proportionate-share contribution shall be calculated based upon the cumulative number of trips from the proposed development expected to reach roadways during the peak hour from the complete buildout of a stage or phase being approved, divided by the change in the peak hour maximum service volume of roadways resulting from construction of an improvement necessary to maintain the adopted level of service, multiplied by the construction cost, at the time of developer payment, of the improvement necessary to maintain the adopted level of service. For purposes of this subsection, "construction cost" includes all associated costs of the improvement.

Section 56. Subsection (20) of section 331.303, Florida Statutes, is amended to read:

331.303 Definitions.—

(20) "Spaceport launch facilities" shall be defined as industrial facilities in accordance with s. 380.0651(3)(b)(e) and include any launch pad, launch control center, and fixed launch-support equipment.

Section 57. Section 331.308, Florida Statutes, is amended to read:

331.308 Board of supervisors.—

(1) There is created within the Spaceport Florida Authority a board of supervisors consisting of

(a) *The Lieutenant Governor, serving as the chair;*

(b) ~~Six seven~~ regular members, ~~who shall be~~ appointed by the Governor; ~~and~~

(c) Two ex officio nonvoting members *who are members of the Legislature, one of whom shall be a state senator selected by the President of the Senate and one of whom shall be a state representative selected by the Speaker of the House of Representatives; and*

(d) *The director of the Office of Tourism, Trade, and Economic Development as an ex officio nonvoting member.*

~~Regular members are, all of whom shall be~~ subject to confirmation by the Senate at the next regular session of the Legislature, ~~and~~ each of ~~them~~ the regular board members must be a resident of the state and must have experience in the aerospace or commercial space industry or in finance or have other significant relevant experience. One regular member shall represent organized labor interests and one regular member shall represent minority interests.

(2) Each *regular* member shall serve a term of 4 years or until a successor is appointed and qualified. The term of each such member shall be construed to commence on the date of appointment and to terminate on June 30 of the year of the end of the term. Appointment to the board shall not preclude any such member from holding any other private or public position.

(3) The ex officio nonvoting *legislative* members shall serve on the board for 2-year terms.

(4) Any vacancy on the board shall be filled for the balance of the unexpired term.

(5) *The Lieutenant Governor is the state's space policy leader. The Lieutenant Governor may designate a regular member to serve as vice-chair and preside over board meetings in the absence of the chair and may assign proxy voting power to the director of the Office of Tourism, Trade, and Economic Development. Initial appointments shall be made no later than 60 days after this act takes effect.*

(6) ~~The board shall hold its initial meeting no later than 20 days after the members have been appointed. At its initial meeting, or as soon thereafter as is practicable,~~ The board shall appoint an executive director. Meetings shall be held quarterly or more frequently at the call of the chair. A majority of the regular members of the board shall constitute a quorum, and a majority vote of such members present is necessary for any action taken by the board.

(7) The Governor ~~may have the authority to~~ remove from the board any regular member in the manner and for cause as defined by the laws of this state and applicable to situations ~~that which may~~ arise before the board. Unless excused by the chair of the board, a regular member's absence from two or more consecutive board meetings creates a vacancy in the office to which the member was appointed.

Section 58. (1) *Nothing contained in this act abridges or modifies any vested or other right or any duty or obligation pursuant to any development order or agreement which is applicable to a development of regional impact on the effective date of this act. An airport or petroleum storage facility which has received a development-of-regional-impact development order pursuant to s. 380.06, Florida Statutes 2000, but is no longer required to undergo development-of-regional-impact review by operation of this act, shall be governed by the following procedures:*

(a) *The development shall continue to be governed by the development-of-regional-impact development order, and may be completed in reliance upon and pursuant to the development order. The development-of-regional-impact development order may be enforced by the local government as provided by ss. 380.06(17) and 380.11, Florida Statutes 2000.*

(b) *If requested by the developer or landowner, the development-of-regional-impact development order may be amended or rescinded by the local government consistent with the local comprehensive plan and land development regulations and pursuant to the local government procedures governing local development orders.*

(2) *An airport or petroleum storage facility with an application for development approval pending on the effective date of this act, or a notification of proposed change pending on the effective date of this act, may elect to continue such review pursuant to s. 380.06, Florida Statutes 2000. At the conclusion of the pending review, including any appeals pursuant to s. 380.07, Florida Statutes 2000, the resulting development order shall be governed by the provisions of subsection (1).*

Section 59. *If any provision of this act or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared severable.*

Section 60. Subsection (2) of section 479.15, Florida Statutes, is amended to read:

479.15 Harmony of regulations.—

(2) A municipality, county, local zoning authority, or other local governmental entity may not remove, or cause to be removed, any lawfully erected sign along any portion of the interstate or federal-aid primary highway system without first paying just compensation for such removal. A local governmental entity may not cause in any way the alteration of any lawfully erected sign located along any portion of the interstate or federal-aid primary highway system without payment of just compensation if such alteration constitutes a taking under state law. The municipality, county, local zoning authority, or other local governmental entity promulgating requirements for such alteration must be responsible for payment of just compensation to the sign owner if such alteration constitutes a taking under state law. This subsection

applies only to a lawfully erected sign the subject matter of which relates to premises other than the premises on which it is located or to merchandise, services, activities, or entertainment not sold, produced, manufactured, or furnished on the premises on which the sign is located. For the purposes of this subsection, the term "federal-aid primary highway system" means the federal-aid primary highway system in existence on June 1, 1991, and any highway which was not on such system but which is, or hereafter becomes, a part of the National Highway System. This subsection shall not be interpreted as explicit or implicit legislative recognition that alterations do or do not constitute a taking under state law.

Section 61. Section 479.25, Florida Statutes, is created to read:

479.25 Application of chapter.—Nothing in this chapter shall prevent a governmental entity from entering into an agreement allowing the height above ground level of a lawfully erected sign to be increased at its permitted location if a noise attenuation barrier, visibility screen, or other highway improvement has been erected in such a way as to screen or block visibility of such a sign; provided, however, that for nonconforming signs located on the federal-aid primary highway system, as such system existed on June 1, 1991, and any highway which was not on such system but which is, or hereinafter becomes, a part of the National Highway System, such agreement must be approved by the Federal Highway Administration. Any increase in height permitted under this provision shall only be that which is required to achieve the same degree of visibility from the right-of-way that the sign had prior to the construction of the noise attenuation barrier, visibility screen, or other highway improvement.

Section 62. Section 70.20, Florida Statutes, is created to read:

70.20 Balancing of interests.—It is a policy of this state to encourage municipalities, counties, and other governmental entities and sign owners to enter into relocation and reconstruction agreements that allow governmental entities to undertake public projects and accomplish public goals without the expenditure of public funds, while allowing the continued maintenance of private investment in signage as a medium of commercial and noncommercial communication.

(1) *Municipalities, counties, and all other governmental entities are specifically empowered to enter into relocation and reconstruction agreements on whatever terms are agreeable to the sign owner and the municipality, county, or other governmental entity involved and to provide for relocation and reconstruction of signs by agreement, ordinance, or resolution. As used in this section, a "relocation and reconstruction agreement" means a consensual, contractual agreement between a sign owner and municipality, county, or other governmental entity for either the reconstruction of an existing sign or removal of a sign and the construction of a new sign to substitute for the sign removed.*

(2) *Except as otherwise provided in this section, no municipality, county, or other governmental entity may remove, or cause to be removed, any lawfully erected sign along any portion of the interstate, federal-aid primary or other highway system, or any other road, without first paying just compensation for such removal as determined by agreement between the parties or through eminent domain proceedings. Except as otherwise provided in this section, no municipality, county, or other governmental entity may cause in any way the alteration of any lawfully erected sign located along any portion of the interstate, federal-aid primary or other highway system, or any other road, without first paying just compensation for such alteration as determined by agreement between the parties or through eminent domain proceedings. The provisions of this act shall not apply to any ordinance, the validity, constitutionality, and enforceability of which the owner has by written agreement waived all right to challenge.*

(3) *In the event that a municipality, county, or other governmental entity shall undertake a public project or public goal requiring alteration or removal of any lawfully erected sign, the municipality, county, or other governmental entity shall notify the owner of the affected sign in writing of the public project or goal and of the intention of the municipality, county, or other governmental entity to seek such removal. Within 30 days after receipt of the notice, the owner of the sign and the*

municipality, county, or other governmental entity shall attempt to meet for purposes of negotiating and executing a relocation and reconstruction agreement provided for in subsection (1).

(4) *If the parties fail to enter into a relocation and reconstruction agreement within 120 days after the initial notification by the municipality, county, or other governmental entity, either party may request mandatory nonbinding arbitration to resolve the disagreements among the parties. Each party shall select an arbitrator, and the individuals so selected shall choose a third arbitrator. The three arbitrators shall constitute the panel that shall arbitrate the dispute between the parties and at the conclusion of the proceedings shall present to the parties a proposed relocation and reconstruction agreement that the panel believes equitably balances the rights, interests, obligations, and reasonable expectations of the parties. If the municipality, county, or other governmental entity and the sign owner accept the proposed relocation and reconstruction agreement, the municipality, county, or other governmental entity and sign owner shall each pay its respective costs of arbitration and shall pay one-half of the costs of the arbitration panel, unless the parties otherwise agree.*

(5) *If the parties do not enter into a relocation and reconstruction agreement, the municipality, county, or other governmental entity may proceed with the public project or purpose and the alteration or removal of the sign only after first paying just compensation for such alteration or removal as determined by agreement between the parties or through eminent domain proceedings.*

(6) *The requirement by a municipality, county, or other governmental entity that a lawfully erected sign be removed or altered as a condition precedent to the issuance or continued effectiveness of a development order constitutes a compelled removal that is prohibited without prior payment of just compensation under subsection (2). This subsection does not apply when the owner of the land on which the sign is located is seeking to have the property redesignated on the future land use map of the applicable comprehensive plan for exclusively single-family residential use.*

(7) *The requirement by a municipality, county, or other governmental entity that a lawfully erected sign be altered or removed from the premises upon which it is located incident to the voluntary acquisition of such property by a municipality, county, or other governmental entity constitutes a compelled removal which is prohibited without payment of just compensation under subsection (2).*

(8) *Nothing in this section shall prevent a municipality, county, or other governmental entity from acquiring a lawfully erected sign through eminent domain or from prospectively regulating the placement, size, height, or other aspects of new signs within such entity's jurisdiction, including the prohibition of new signs, unless otherwise authorized pursuant to this section. Nothing in this section shall impair any ordinance or provision of any ordinance not inconsistent with this section, nor shall this section create any new rights for any party other than the owner of a sign, the owner of the land upon which it is located, or a municipality, county, or other governmental entity as expressed in this section.*

(9) *This section applies only to a lawfully erected sign the subject matter of which relates to premises other than the premises on which it is located or to merchandise, services, activities, or entertainment not sold, produced, manufactured, or furnished on the premises on which the sign is located.*

(10) *This section does not apply to any actions taken by the Florida Department of Transportation which relate to the operation, maintenance, or expansion of transportation facilities, and this section does not affect existing law regarding eminent domain relating to the Florida Department of Transportation.*

(11) *Nothing in this act shall impair or affect any written agreement existing prior to the effective date of this act, including, but not limited to, any settlement agreements reliant upon the legality or enforceability of local ordinances. The provisions of this act shall not apply to any signs that are required to be removed by a date certain in areas designated by*

local ordinance as view corridors if the local ordinance creating the view corridors was enacted in part to effectuate a consensual agreement between the local government and two or more sign owners prior to the effective date of this act, nor shall the provisions of this act apply to any signs that are the subject of an ordinance providing an amortization period, which period has expired, and which ordinance is the subject of judicial proceedings which were commenced on or before January 1, 2001, nor shall this act apply to any municipality with an ordinance that prohibits billboards and has two or fewer billboards located within its current boundaries or its future annexed properties.

(12) Subsection (6) hereof does not apply when the development order permits construction of a replacement sign that cannot be erected without the removal of the lawfully erected sign being replaced. Effective upon this section becoming a law, the Office of Program Analysis and Governmental Accountability, in consultation with the property appraisers and the private sector affected parties, shall conduct a study of the value of offsite signs in relation to, and in comparison with, the valuation of other commercial properties for ad valorem tax purposes, including a comparison of tax valuations from other states. OPPAGA shall complete the study by December 31, 2001, and shall report the results of the study to the Legislature.

Section 63. Paragraph (b) of subsection (1) of section 496.425, Florida Statutes, is amended to read:

496.425 Solicitation of funds within public transportation facilities.—

(1) As used in this section:

(b) "Facility" means any public transportation facility, including, but not limited to, railroad stations, bus stations, ship ports, ferry terminals, or roadside welcome stations, highway service plazas, airports served by scheduled passenger service, or highway rest stations.

Section 64. Section 496.4256, Florida Statutes, is created to read:

496.4256 Public transportation facilities not required to grant permit or access.—A governmental entity or authority that owns or operates welcome centers, wayside parks, service plazas, or rest areas on the state highway system as defined in chapter 335 may not be required to issue a permit or grant any person access to such public transportation facilities for the purpose of soliciting funds.

Section 65. Section 337.408, Florida Statutes, is amended to read:

337.408 Regulation of benches, transit shelters, street light poles, and waste disposal receptacles within rights-of-way.—

(1) Benches or transit shelters, including advertising displayed on benches or transit shelters, may be installed within the right-of-way limits of any municipal, county, or state road, except a limited access highway; provided that such benches or transit shelters are for the comfort or convenience of the general public, or at designated stops on official bus routes; and, provided further, that written authorization has been given to a qualified private supplier of such service by the municipal government within whose incorporated limits such benches or transit shelters are installed, or by the county government within whose unincorporated limits such benches or transit shelters are installed. A municipality or county may authorize the installation, with or without public bid, of benches and transit shelters together with advertising displayed thereon, within the right-of-way limits of such roads. Any contract for the installation of benches or transit shelters or advertising on benches or transit shelters which was entered into before April 8, 1992, without public bidding, is ratified and affirmed. Such benches or transit shelters may not interfere with right-of-way preservation and maintenance. Any bench or transit shelter located on a sidewalk within the right-of-way limits of any road on the State Highway System or the county road system shall be located so as to leave at least 36 inches clearance for pedestrians and persons in wheelchairs. Such clearance shall be measured in a direction perpendicular to the centerline of the road.

(2) Waste disposal receptacles the interior collection container volume of which is less than 110 gallons in capacity, including advertising displayed on such waste disposal receptacles, may be installed within the right-of-way limits of any municipal, county, or state road, except a limited access highway; provided that written authorization has been given to a qualified private supplier of such service by the appropriate municipal or county government. A municipality or county may authorize the installation, with or without public bid, of waste disposal receptacles together with advertising displayed thereon within the right-of-way limits of such roads. Such waste disposal receptacles may not interfere with right-of-way preservation and maintenance.

(3) The department has the authority to direct the immediate relocation or removal of any bench, transit shelter, or waste disposal receptacle which endangers life or property, except that transit bus benches which have been placed in service prior to April 1, 1992, do not have to comply with bench size and advertising display size requirements which have been established by the department prior to March 1, 1992. Any transit bus bench that was in service prior to April 1, 1992, may be replaced with a bus bench of the same size or smaller, if the bench is damaged or destroyed or otherwise becomes unusable. As of July 1, 2001, the department, municipality, or county may direct the removal of any bench, transit shelter, or waste disposal receptacle, or advertisement thereon, if the department, municipality, or county determines that the bench, transit shelter, or waste disposal receptacle is structurally unsound or in visible disrepair.

(4) No bench, transit shelter, or waste disposal receptacle, or advertising thereon, shall be erected or so placed on the right-of-way of any road which conflicts with the requirements of federal law, regulations, or safety standards, thereby causing the state or any political subdivision the loss of federal funds. Competition among persons seeking to provide bench, transit shelter, or waste disposal receptacle services or advertising on such benches, shelters, or receptacles may be regulated, restricted, or denied by the appropriate local government entity consistent with the provisions of this section.

(5) Street light poles, including attached public service messages and advertisements, may be located within the right-of-way limits of municipal and county roads in the same manner as benches, transit shelters, and waste receptacles, as provided in this section and in accordance with municipal and county ordinances. Public service messages and advertising may be installed on street light poles on roads on the State Highway System in accordance with height, size, setback, spacing distance, duration of display, safety, traffic control, and permitting requirements established by administrative rule of the Department of Transportation. Public service messages and advertisements shall be subject to bilateral agreements, where applicable, to be negotiated with the owner of the street light poles which shall consider, among other things, power source rates, design, safety, operational and maintenance concerns and other matters of public importance. For the purposes of this section, "street light poles" does not include electric transmission or distribution poles. The department shall have authority to establish administrative rules to implement this subsection. No advertising on light poles shall be permitted on the Interstate Highway System. No permanent structures carrying advertisements attached to light poles shall be permitted on the National Highway System.

(6)(5) Wherever the provisions of this section are inconsistent with other provisions of this chapter or with the provisions of chapter 125, chapter 335, chapter 336, or chapter 479, the provisions of this section shall prevail.

Section 66. Subsection (10) of section 768.28, Florida Statutes, is amended to read:

768.28 Waiver of sovereign immunity in tort actions; recovery limits; limitation on attorney fees; statute of limitations; exclusions; indemnification; risk management programs.—

(10)(a) Health care providers or vendors, or any of their employees or agents, that have contractually agreed to act as agents of the

Department of Corrections to provide health care services to inmates of the state correctional system shall be considered agents of the State of Florida, Department of Corrections, for the purposes of this section, while acting within the scope of and pursuant to guidelines established in said contract or by rule. The contracts shall provide for the indemnification of the state by the agent for any liabilities incurred up to the limits set out in this chapter.

(c) For purposes of this section, regional poison control centers created in accordance with s. 395.1027 and coordinated and supervised under the Division of Children's Medical Services Prevention and Intervention of the Department of Health, or any of their employees or agents, shall be considered agents of the State of Florida, Department of Health. Any contracts with poison control centers must provide, to the extent permitted by law, for the indemnification of the state by the agency for any liabilities incurred up to the limits set out in this chapter.

(d) *For the purposes of this section, operators of rail services and providers of security for rail services, or any of their employees or agents, that have contractually agreed to act as agents of the Tri-County Commuter Rail Authority to operate rail services or provide security for rail services, shall be considered agents of the State of Florida while acting within the scope of and pursuant to guidelines established in said contract or by rule. The contract shall provide for the indemnification of the state by the agent for any liability incurred up to the limits set out in this chapter.*

Section 67. Section 337.025, Florida Statutes, is amended to read:

337.025 Innovative highway projects; department to establish program.—The department is authorized to establish a program for highway projects demonstrating innovative techniques of highway construction, maintenance, and finance which have the intended effect of controlling time and cost increases on construction projects. Such techniques may include, but are not limited to, state-of-the-art technology for pavement, safety, and other aspects of highway construction and maintenance; innovative bidding and financing techniques; accelerated construction procedures; and those techniques that have the potential to reduce project life cycle costs. To the maximum extent practical, the department must use the existing process to award and administer construction and maintenance contracts. When specific innovative techniques are to be used, the department is not required to adhere to those provisions of law that would prevent, preclude, or in any way prohibit the department from using the innovative technique. However, prior to using an innovative technique that is inconsistent with another provision of law, the department must document in writing the need for the exception and identify what benefits the traveling public and the affected community are anticipated to receive. The department may enter into no more than \$120 million in contracts annually for the purposes authorized by this section. *However, the annual cap on contracts provided in this section shall not apply to turnpike enterprise projects nor shall turnpike enterprise projects be counted toward the department's annual cap.*

Section 68. Paragraph (c) of subsection (3) of section 337.11, Florida Statutes, is amended to read:

The additional powers and authority are intended to improve cost-effectiveness and timeliness of project delivery, increase revenues, expand the turnpike system's capital program capability, and improve the quality of service to its patrons, while continuing to protect the turnpike system's bondholders and further preserve, expand, and improve the Florida Turnpike System.

320.27 Motor vehicle dealers.—

(1) DEFINITIONS.—The following words, terms, and phrases when used in this section have the meanings respectively ascribed to them in this subsection, except where the context clearly indicates a different meaning:

(c) "Motor vehicle dealer" means any person engaged in the business of buying, selling, or dealing in motor vehicles or offering or displaying motor vehicles for sale at wholesale or retail, or who may service and

repair motor vehicles pursuant to an agreement as defined in s. 320.60(1). Any person who buys, sells, or deals in three or more motor vehicles in any 12-month period or who offers or displays for sale three or more motor vehicles in any 12-month period shall be prima facie presumed to be engaged in such business. The terms "selling" and "sale" include lease-purchase transactions. A motor vehicle dealer may, at retail or wholesale, sell a recreational vehicle as described in s. 320.01(1)(b)1.-6. and 8., acquired in exchange for the sale of a motor vehicle, provided such acquisition is incidental to the principal business of being a motor vehicle dealer. However, a motor vehicle dealer may not buy a recreational vehicle for the purpose of resale unless licensed as a recreational vehicle dealer pursuant to s. 320.771. A motor vehicle dealer may apply for a certificate of title to a motor vehicle required to be registered under s. 320.08(2)(b), (c), and (d), using a manufacturer's statement of origin as permitted by s. 319.23(1), only if such dealer is authorized by a franchised agreement as defined in s. 320.60(1), to buy, sell, or deal in such vehicle and is authorized by such agreement to perform delivery and preparation obligations and warranty defect adjustments on the motor vehicle; provided this limitation shall not apply to recreational vehicles, van conversions, or any other motor vehicle manufactured on a truck chassis. The transfer of a motor vehicle by a dealer not meeting these qualifications shall be titled as a used vehicle. The classifications of motor vehicle dealers are defined as follows:

1. "Franchised motor vehicle dealer" means any person who engages in the business of repairing, servicing, buying, selling, or dealing in motor vehicles pursuant to an agreement as defined in s. 320.60(1).

2. "Independent motor vehicle dealer" means any person other than a franchised or wholesale motor vehicle dealer who engages in the business of buying, selling, or dealing in motor vehicles, and who may service and repair motor vehicles.

3. "Wholesale motor vehicle dealer" means any person who engages exclusively in the business of buying, selling, or dealing in motor vehicles at wholesale or with motor vehicle auctions. Such person shall be licensed to do business in this state, shall not sell or auction a vehicle to any person who is not a licensed dealer, and shall not have the privilege of the use of dealer license plates. Any person who buys, sells, or deals in motor vehicles at wholesale or with motor vehicle auctions on behalf of a licensed motor vehicle dealer and as a bona fide employee of such licensed motor vehicle dealer is not required to be licensed as a wholesale motor vehicle dealer. In such cases it shall be prima facie presumed that a bona fide employer-employee relationship exists. A wholesale motor vehicle dealer shall be exempt from the display provisions of this section but shall maintain an office wherein records are kept in order that those records may be inspected.

4. "Motor vehicle auction" means any person offering motor vehicles or recreational vehicles for sale to the highest bidder where both sellers and buyers are licensed motor vehicle dealers. Such person shall not sell a vehicle to anyone other than a licensed motor vehicle dealer.

5. "Salvage motor vehicle dealer" means any person who engages in the business of acquiring salvaged or wrecked motor vehicles for the purpose of reselling them and their parts.

The term "motor vehicle dealer" does not include persons not engaged in the purchase or sale of motor vehicles as a business who are disposing of vehicles acquired for their own use or for use in their business or acquired by foreclosure or by operation of law, provided such vehicles are acquired and sold in good faith and not for the purpose of avoiding the provisions of this law; persons engaged in the business of manufacturing, selling, or offering or displaying for sale at wholesale or retail no more than 25 trailers in a 12-month period; public officers while performing their official duties; receivers; trustees, administrators, executors, guardians, or other persons appointed by, or acting under the judgment or order of, any court; banks, finance companies, or other loan agencies that acquire motor vehicles as an incident to their regular business; motor vehicle brokers; and motor vehicle rental and leasing companies that sell motor vehicles to motor vehicle dealers licensed under this section. Vehicles owned under circumstances described in this paragraph may be disposed of at retail,

wholesale, or auction, unless otherwise restricted. A manufacturer of fire trucks, ambulances, or school buses may sell such vehicles directly to governmental agencies or to persons who contract to perform or provide firefighting, ambulance, or school transportation services exclusively to governmental agencies without processing such sales through dealers if such fire trucks, ambulances, school buses, or similar vehicles are not presently available through motor vehicle dealers licensed by the department.

(f) "Bona fide employee" means a person who is employed by a licensed motor vehicle dealer and receives annually an Internal Revenue Service Form W-2, or an independent contractor who has a written contract with a licensed motor vehicle dealer and receives annually an Internal Revenue Service Form 1099, for the purpose of acting in the capacity of or conducting motor vehicle sales transactions as a motor vehicle dealer.

(3) If the department determines that the license of the person arrested should be suspended pursuant to this section and if the notice of suspension has not already been served upon the person by a law enforcement officer or correctional officer as provided in subsection (1), the department shall issue a notice of suspension and, unless the notice is mailed pursuant to s. 322.251, a temporary permit which expires 10 30 days after the date of issuance if the driver is otherwise eligible.

(10) A person whose driver's license is suspended under subsection (1) or subsection (3) may apply for issuance of a license for business or

(a) If the suspension of the driver's license of the person for failure to submit to a breath, urine, or blood test is sustained, the person is not eligible to receive a license for business or employment purposes only, pursuant to s. 322.271, until 90 days have elapsed after the expiration of the last temporary permit issued. If the driver is not issued a ~~10-day~~ ~~30-day~~ permit pursuant to this section or s. 322.64 because he or she is ineligible for the permit and the suspension for failure to submit to a breath, urine, or blood test is not invalidated by the department, the driver is not eligible to receive a business or employment license pursuant to s. 322.271 until 90 days have elapsed from the date of the suspension.

(b) If the suspension of the driver's license of the person arrested for a violation of s. 316.193, relating to unlawful blood-alcohol level, is sustained, the person is not eligible to receive a license for business or employment purposes only pursuant to s. 322.271 until 30 days have elapsed after the expiration of the last temporary permit issued. If the driver is not issued a ~~10-day~~ ~~30-day~~ permit pursuant to this section or s. 322.64 because he or she is ineligible for the permit and the suspension for a violation of s. 316.193, relating to unlawful blood-alcohol level, is not invalidated by the department, the driver is not eligible to receive a business or employment license pursuant to s. 322.271 until 30 days have elapsed from the date of the arrest.

322.27 Authority of department to suspend or revoke license.—

(5) The department shall revoke the license of any person designated a habitual offender, as set forth in s. 322.264, and such person shall not be eligible to be relicensed for a ~~minimum of 5 years~~ from the date of revocation, except as provided for in s. 322.271. Any person whose license is revoked may, by petition to the department, show cause why his or her license should not be revoked.

Section 171. Subsection (2) of section 322.28, Florida Statutes, is amended to read:

322.28 Period of suspension or revocation.—

(2) In a prosecution for a violation of s. 316.193 or former s. 316.1931, the following provisions apply:

(a) Upon conviction of the driver, the court, along with imposing sentence, shall revoke the driver's license or driving privilege of the person so convicted, effective on the date of conviction, and shall prescribe the period of such revocation in accordance with the following provisions:

1. Upon a first conviction for a violation of the provisions of s. 316.193, except a violation resulting in death, the driver's license or driving privilege shall be revoked for not less than 180 days or more than 1 year.

2. Upon a second conviction within a period of 5 years from the date of a prior conviction for a violation of the provisions of s. 316.193 or former s. 316.1931 or a combination of such sections, the driver's license or driving privilege shall be revoked for not less than 5 years.

3. Upon a third conviction within a period of 10 years from the date of conviction of the first of three or more convictions for the violation of the provisions of s. 316.193 or former s. 316.1931 or a combination of such sections, the driver's license or driving privilege shall be revoked for not less than 10 years.

For the purposes of this paragraph, a previous conviction outside this state for driving under the influence, driving while intoxicated, driving with an unlawful blood-alcohol level, or any other alcohol-related or drug-related traffic offense similar to the offense of driving under the influence as proscribed by s. 316.193 will be considered a previous conviction for violation of s. 316.193, and a conviction for violation of former s. 316.028, former s. 316.1931, or former s. 860.01 is considered a conviction for violation of s. 316.193.

(b) If the period of revocation was not specified by the court at the time of imposing sentence or within 30 days thereafter, and is not otherwise specified by law, the department shall forthwith revoke the driver's license or driving privilege for the maximum period applicable under paragraph (a) for a first conviction and for the minimum period applicable under paragraph (a) for any subsequent convictions. The driver may, within 30 days after such revocation by the department, petition the court for further hearing on the period of revocation, and the court may reopen the case and determine the period of revocation within the limits specified in paragraph (a).

(c) The forfeiture of bail bond, not vacated within 20 days, in any prosecution for the offense of driving while under the influence of alcoholic beverages, chemical substances, or controlled substances to the extent of depriving the defendant of his or her normal faculties shall be deemed equivalent to a conviction for the purposes of this paragraph, and the department shall forthwith revoke the defendant's driver's license or driving privilege for the maximum period applicable under paragraph (a) for a first conviction and for the minimum period applicable under paragraph (a) for a second or subsequent conviction; however, if the defendant is later convicted of the charge, the period of revocation imposed by the department for such conviction shall not exceed the difference between the applicable maximum for a first conviction or minimum for a second or subsequent conviction and the revocation period under this subsection that has actually elapsed; upon conviction of such charge, the court may impose revocation for a period of time as specified in paragraph (a). This paragraph does not apply if an appropriate motion contesting the forfeiture is filed within the 20-day period.

~~(d) When any driver's license or driving privilege has been revoked pursuant to the provisions of this section, the department shall not grant a new license, except upon reexamination of the licensee after the expiration of the period of revocation so prescribed. However, the court may, in its sound discretion, issue an order of reinstatement on a form furnished by the department which the person may take to any driver's license examining office for reinstatement by the department pursuant to s. 322.282.~~

~~(d)~~(e) The court shall permanently revoke the driver's license or driving privilege of a person who has been convicted four times for violation of s. 316.193 or former s. 316.1931 or a combination of such sections. The court shall permanently revoke the driver's license or driving privilege of any person who has been convicted of DUI manslaughter in violation of s. 316.193. If the court has not permanently revoked such driver's license or driving privilege within 30 days after imposing sentence, the department shall permanently revoke the driver's license or driving privilege pursuant to this paragraph. No driver's license or driving privilege may be issued or granted to any such person. This paragraph applies only if at least one of the convictions for violation of s. 316.193 or former s. 316.1931 was for a violation that occurred after July 1, 1982. For the purposes of this paragraph, a conviction for violation of former s. 316.028, former s. 316.1931, or former s. 860.01 is also considered a conviction for violation of s. 316.193. Also, a conviction of driving under the influence, driving while intoxicated, driving with an unlawful blood-alcohol level, or any other similar alcohol-related or drug-related traffic offense outside this state is considered a conviction for the purposes of this paragraph.

(b) *Whenever any law enforcement agency authorizes the removal of a vehicle or whenever any towing service, garage, repair shop, or automotive service, storage, or parking place notifies the law enforcement agency of possession of a vehicle pursuant to s. 715.07(2)(a)2., the applicable law enforcement agency shall contact the Department of Highway Safety and Motor Vehicles, or the appropriate agency of the state of registration, if known, within 24 hours through the medium of electronic communications, giving the full description of the vehicle. Upon receipt of the full description of the vehicle, the department shall search its files to determine the owner's name, the insurance company insuring the vehicle, and whether any person has filed a lien upon the vehicle as provided in s. 319.27(2) and (3) and notify the applicable law enforcement agency within 72 hours. The person in charge of the towing service, garage, repair shop, or automotive service, storage, or parking place shall obtain such information from the applicable law enforcement agency within 5 days from the date of storage and shall give notice pursuant to paragraph (a). (d)(c) If attempts to locate the owner or lienholder prove unsuccessful, the towing-storage operator shall, after 7 working days, excluding Saturday and Sunday, of the initial tow or storage, notify the public agency of jurisdiction in writing by certified mail or acknowledged hand delivery that the towing-storage company has been unable to locate the owner or lienholder and a physical search of the vehicle or vessel has disclosed no ownership information and a good faith effort has been made. For purposes of this paragraph and subsection (9), and ~~s. 715.05~~, "good faith effort" means that the following checks have been performed by the company to establish prior state of registration and for title:

2. Check of law enforcement report for tag number or other information identifying the vehicle or vessel, if the vehicle or vessel was towed at the request of a law enforcement officer.

3. Check of trip sheet or tow ticket of tow truck operator to see if a tag was on vehicle at beginning of tow, if private tow.

5. Check of vehicle or vessel for inspection sticker or other stickers and decals that may indicate a state of possible registration.

6. Check of the interior of the vehicle or vessel for any papers that may be in the glove box, trunk, or other areas for a state of registration.

9. Check of vessel hull for a hull identification number which should be carved, burned, stamped, embossed, or otherwise permanently affixed to the outboard side of the transom or, if there is no transom, to the outmost seaboard side at the end of the hull that bears the rudder or other steering mechanism.

(6) Any vehicle or vessel which is stored pursuant to subsection (2) and which remains unclaimed, or for which reasonable charges for recovery, towing, or storing remain unpaid or for which a lot rental amount is due and owing to the mobile home park owner, as evidenced by a judgment for unpaid rent, and any contents not released pursuant to subsection (10), may be sold by the owner or operator of the storage space for such towing or storage charge or unpaid lot rental amount after 35 days from the time the vehicle or vessel is stored therein if the vehicle or vessel is more than 3 years of age and after 50 days from the time the vehicle or vessel is stored therein if the vehicle or vessel is 3 years of age or less. The sale shall be at public auction for cash. If the date of the sale was not included in the notice required in subsection (4), notice of the sale shall be given to the person in whose name the vehicle, vessel, or mobile home is registered, to the mobile home park owner, and to all persons claiming a lien on the vehicle or vessel as shown on the records of the Department of Highway Safety and Motor Vehicles or of the corresponding agency in any other state. Notice shall be sent by certified mail, return receipt requested, to the owner of the vehicle or vessel and the person having the recorded lien on the vehicle or vessel at the address shown on the records of the registering agency and shall be mailed not less than 15 days before the date of the sale. After diligent search and inquiry, if the name and address of the registered owner or the owner of the recorded lien cannot be ascertained, the requirements of notice by mail may be dispensed with. In addition to the notice by mail, public notice of the time and place of sale shall be made by publishing a notice thereof one time, at least 10 days prior to the date of the sale, in a newspaper of general circulation in the county in which the sale is to be held. The proceeds of the sale, after payment of reasonable towing and storage charges, costs of the sale, and the unpaid lot rental amount, in that order of priority, shall be deposited with the clerk of the circuit court for the county if the owner is absent, and the clerk shall hold such proceeds subject to the claim of the person legally entitled thereto. The clerk shall be entitled to receive 5 percent of such proceeds for the care and disbursement thereof. The certificate of title issued under this law shall be discharged of all liens unless otherwise provided by court order.

The arbitrator shall record the arbitration hearing and shall have the power to administer oaths. The arbitrator may inspect the vehicle if requested by a party or if the arbitrator considers such inspection appropriate.

(d) The program arbitrator may continue a hearing on his or her own motion or upon the request of a party for good cause shown. A request for continuance by the consumer constitutes a waiver of the time period set forth in s. 681.1096(3)(k) for completion of all proceedings under the program.

(e) Where the arbitration is the result of a manufacturer's failure to perform in accordance with a *settlement mediation* agreement, any relief to the consumer granted by the arbitration will be no less than the relief agreed to by the manufacturer in the settlement agreement.

(f) The arbitrator shall grant relief if a reasonable number of attempts have been undertaken to correct a nonconformity or nonconformities.

(g) The program arbitrator shall render a decision within 10 days of the closing of the hearing. The decision shall be in writing on a form prescribed or approved by the department. The program administrator shall send a copy of the decision to the consumer and each involved manufacturer by registered mail. The program administrator shall also send a copy of the decision to the department within 5 days of mailing to the parties.

(h) A manufacturer shall comply with an arbitration decision within 40 days of the date the manufacturer receives the written decision. Compliance occurs on the date the consumer receives delivery of an acceptable replacement motor vehicle or the refund specified in the arbitration award. If a manufacturer fails to comply within the time required, the consumer must notify the program administrator in writing within 10 days. The program administrator shall notify the

department of a manufacturer's failure to comply. The department shall have the authority to enforce compliance with arbitration decisions under this section in the same manner as is provided for enforcement of compliance with board decisions under s. 681.1095(10). In any civil action arising under this chapter and relating to a dispute arbitrated pursuant to this section, the decision of the arbitrator is admissible in evidence.

(i) *Either party may request that the program arbitrator make a technical correction to the decision by filing a written request with the program administrator within 10 days after receipt of the written decision. Technical corrections shall be limited to computational errors, correction of a party's name or information regarding the recreational vehicle, and typographical or spelling errors. Technical correction of a decision shall not toll the time for filing an appeal or for manufacturer compliance.*

(7) *A decision of the arbitrator is binding unless appealed by either party by filing a petition with the circuit court within the time and in the manner prescribed by s. 681.1095(10) and (12). Section 681.1095(13) and (14) apply to appeals filed under this section. Either party may make application to the circuit court for the county in which one of the parties resides or has a place of business or, if neither party resides or has a place of business in this state, the county where the arbitration hearing was held, for an order confirming, vacating, modifying, or correcting any award, in accordance with the provisions of this section and ss. 682.12, 682.13, 682.14, 682.15, and 682.17. Such application must be filed within 30 days of the moving party's receipt of the written decision or the decision becomes final. Upon filing such application, the moving party shall mail a copy to the department and, upon entry of any judgment or decree, shall mail a copy of such judgment or decree to the department. A review of such application by the circuit court shall be confined to the record of the proceedings before the program arbitrator. The court shall conduct a de novo review of the questions of law raised in the application. In addition to the grounds set forth in ss. 682.13 and 682.14, the court shall consider questions of fact raised in the application. In reviewing questions of fact, the court shall uphold the award unless it determines that the factual findings of the arbitrator are not supported by substantial evidence in the record and that the substantial rights of the moving party have been prejudiced. If the arbitrator fails to state findings or reasons for the stated award, or the findings or reasons are inadequate, the court shall search the record to determine whether a basis exists to uphold the award. The court shall expedite consideration of any application filed under this section on the calendar.*

(a) If a decision of a program arbitrator in favor of a consumer is confirmed by the court, recovery by the consumer shall include the pecuniary value of the award, attorney's fees incurred in obtaining confirmation of the award, and all costs and continuing damages in the amount of \$25 per day for each day beyond the 40-day period following a manufacturer's receipt of the arbitrator's decision. If a court determines the manufacturer acted in bad faith in bringing the appeal or brought the appeal solely for the purpose of harassment, or in complete absence of a justiciable issue of law or fact, the court shall double, and may triple, the amount of the total award.

(b) ~~An appeal of a judgment or order by the court confirming, denying confirmation, modifying or correcting, or vacating the award may be taken in the manner and to the same extent as from orders or judgments in a civil action.~~

Section 187. Section 681.115, Florida Statutes, is amended to read:

681.115 Certain agreements void.—Any agreement entered into by a consumer that waives, limits, or disclaims the rights set forth in this chapter, *or that requires a consumer not to disclose the terms of such agreement as a condition thereof*, is void as contrary to public policy. The rights set forth in this chapter shall extend to a subsequent transferee of such motor vehicle.

Section 188. Section 715.07, Florida Statutes, is amended to read:

715.07 Vehicles and vessels parked on private property; towing.—

(1) As used in this section, the *terms*:

(a) ~~term~~ "Vehicle" means any mobile item which normally uses wheels, whether motorized or not.

(b) "Vessel" means every description of watercraft, barge, and air boat used or capable of being used as a means of transportation on water, other than a seaplane or a documented vessel, as defined in s. 327.02(8).

(2) The owner or lessee of real property, or any person authorized by the owner or lessee, which person may be the designated representative of the condominium association if the real property is a condominium, may cause any vehicle or vessel parked on such property without her or his permission to be removed by a person regularly engaged in the business of towing vehicles or vessels, without liability for the costs of removal, transportation, or storage or damages caused by such removal, transportation, or storage, under any of the following circumstances:

(a) The towing or removal of any vehicle or vessel from private property without the consent of the registered owner or other legally authorized person in control of that vehicle or vessel is subject to strict compliance with the following conditions and restrictions:

1.a. Any towed or removed vehicle or vessel must be stored at a site within 10 miles of the point of removal in any county of 500,000 population or more, and within 15 miles of the point of removal in any county of less than 500,000 population. That site must be open for the purpose of redemption of vehicles or vessels on any day that the person or firm towing such vehicle or vessel is open for towing purposes, from 8:00 a.m. to 6:00 p.m., and, when closed, shall have prominently posted a sign indicating a telephone number where the operator of the site can be reached at all times. Upon receipt of a telephoned request to open the site to redeem a vehicle or vessel, the operator shall return to the site within 1 hour or she or he will be in violation of this section.

b. If no towing business providing such service is located within the area of towing limitations set forth in sub-subparagraph a., the following limitations apply: any towed or removed vehicle or vessel must be stored at a site within 20 miles of the point of removal in any county of 500,000 population or more, and within 30 miles of the point of removal in any county of less than 500,000 population.

2. The person or firm towing or removing the vehicle or vessel shall, within 30 minutes of completion of such towing or removal, notify the municipal police department or, in an unincorporated area, the sheriff of such towing or removal, the storage site, the time the vehicle or vessel was towed or removed, and the make, model, color, and license plate number of the vehicle or the make, model, color, and registration number of the vessel and shall obtain the name of the person at that department to whom such information was reported and note that name on the trip record.

3. If the registered owner or other legally authorized person in control of the vehicle or vessel arrives at the scene prior to removal or towing of the vehicle or vessel, the vehicle or vessel shall be disconnected from the towing or removal apparatus, and that person shall be allowed to remove the vehicle or vessel without interference upon the payment of a reasonable service fee of not more than one-half of the posted rate for such towing service as provided in subparagraph 6., for which a receipt shall be given, unless that person refuses to remove the vehicle or vessel which is otherwise unlawfully parked or located.

4. The rebate or payment of money or any other valuable consideration from the individual or firm towing or removing vehicles or vessels to the owners or operators of the premises from which the vehicles are towed or removed, for the privilege of removing or towing those vehicles or vessels, is prohibited.

5. Except for property appurtenant to and obviously a part of a single-family residence, and except for instances when notice is personally given to the owner or other legally authorized person in control of the vehicle or vessel that the area in which that vehicle or vessel is parked is reserved or otherwise unavailable for unauthorized vehicles or vessels and subject to being removed at the owner's or operator's expense, any property owner or lessee, or person authorized

by the property owner or lessee, prior to towing or removing any vehicle or vessel from private property without the consent of the owner or other legally authorized person in control of that vehicle or vessel, must post a notice meeting the following requirements:

a. The notice must be prominently placed at each driveway access or curb cut allowing vehicular access to the property, within 5 feet from the public right-of-way line. If there are no curbs or access barriers, the signs must be posted not less than one sign for each 25 feet of lot frontage.

b. The notice must clearly indicate, in not less than 2-inch high, light-reflective letters on a contrasting background, that unauthorized vehicles will be towed away at the owner's expense. Owners or lessees that remove vessels from their properties shall post notice, consistent with the requirements of this subparagraph, that unauthorized vehicles or vessels will be towed at the owner's expense. The words "tow-away zone" must be included on the sign in not less than 4-inch high letters.

c. The notice must also provide the name and current telephone number of the person or firm towing or removing the vehicles or vessels, if the property owner, lessee, or person in control of the property has a written contract with the towing company.

d. The sign structure containing the required notices must be permanently installed with the words "tow-away zone" not less than 3 feet and not more than 6 feet above ground level and must be continuously maintained on the property for not less than 24 hours prior to the towing or removal of any vehicles or vessels.

e. The local government may require permitting and inspection of these signs prior to any towing or removal of vehicles or vessels being authorized.

f. A business with 20 or fewer parking spaces satisfies the notice requirements of this subparagraph by prominently displaying a sign stating "Reserved Parking for Customers Only Unauthorized Vehicles or Vessels Will be Towed Away At the Owner's Expense" in not less than 4-inch high, light-reflective letters on a contrasting background.

A business owner or lessee may authorize the removal of a vehicle or vessel by a towing company when the vehicle is parked in such a manner that restricts the normal operation of business; and if a vehicle or vessel parked on a public right-of-way obstructs access to a private driveway the owner, lessee, or agent may have the vehicle or vessel removed by a towing company upon signing an order that the vehicle or vessel be removed without a posted tow-away zone sign.

6. Any person or firm that tows or removes vehicles or vessels and proposes to require an owner, operator, or person in control of a vehicle or vessel to pay the costs of towing and storage prior to redemption of the vehicle or vessel must file and keep on record with the local law enforcement agency a complete copy of the current rates to be charged for such services and post at the storage site an identical rate schedule and any written contracts with property owners, lessees, or persons in control of property which authorize such person or firm to remove vehicles or vessels as provided in this section.

7. Any person or firm towing or removing any vehicles or vessels from private property without the consent of the owner or other legally authorized person in control of the vehicles or vessels shall, on any trucks, wreckers as defined in s. 713.78(1)(b), or other vehicles used in the towing or removal, have the name, address, and telephone number of the company performing such service clearly printed in contrasting colors on the driver and passenger sides of the vehicle. The name shall be in at least 3-inch permanently affixed letters, and the address and telephone number shall be in at least 1-inch permanently affixed letters.

8. Vehicle entry for the purpose of removing the vehicle or vessel shall be allowed with reasonable care on the part of the person or firm towing the vehicle or vessel. Such person or firm shall be liable for any damage occasioned to the vehicle or vessel if such entry is not in accordance with the standard of reasonable care.

9. When a vehicle or vessel has been towed or removed pursuant to this section, it must be released to its owner or custodian within one

hour after requested. Any vehicle *or vessel* owner, custodian, or agent shall have the right to inspect the vehicle *or vessel* before accepting its return, and no release or waiver of any kind which would release the person or firm towing the vehicle *or vessel* from liability for damages noted by the owner or other legally authorized person at the time of the redemption may be required from any vehicle *or vessel* owner, custodian, or agent as a condition of release of the vehicle *or vessel* to its owner. A detailed, signed receipt showing the legal name of the company or person towing or removing the vehicle *or vessel* must be given to the person paying towing or storage charges at the time of payment, whether requested or not.

(b) These requirements shall be the minimum standards and shall not preclude enactment of additional regulations by any municipality or county including the right to regulate rates when vehicles *or vessels* are towed from private property.

(3) This section does not apply to law enforcement, firefighting, rescue squad, ambulance, or other emergency vehicles *or vessels* which are marked as such or to property owned by any governmental entity.

(4) When a person improperly causes a vehicle *or vessel* to be removed, such person shall be liable to the owner or lessee of the vehicle *or vessel* for the cost of removal, transportation, and storage; any damages resulting from the removal, transportation, or storage of the vehicle; attorneys' fees; and court costs.

(5) *Failure to make good faith best efforts to comply with the notice requirement of this section, as appropriate, shall preclude the imposition of any towing or storage charges against such vehicle or vessel.*

(6)(5)(a) Any person who violates the provisions of subparagraph (2)(a)2. or subparagraph (2)(a)6. ~~commits is guilty of~~ a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

(b) Any person who violates the provisions of subparagraph (2)(a)7. ~~commits is guilty of~~ a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

Section 189. Subsection (3) is added to section 832.09, Florida Statutes, to read:

832.09 Suspension of driver license after warrant or *capias* is issued in worthless check case.—

(3) *The Department of Highway Safety and Motor Vehicles shall create a standardized form to be distributed to the clerks of the court in each county for the purpose of notifying the department that a person has satisfied the requirements of the court. Notices of compliance with the court's requirements shall be on the standardized form provided by the department.*

(b) The person's driver's license or driving privilege is under suspension or revocation for any reason, the court shall direct the department to extend the period of suspension or revocation by an additional period of:

1. Not less than 6 months and not more than 1 year after the date on which he or she would otherwise have become eligible, for the first violation.

2. Two years after the date on which he or she would otherwise have become eligible, for a subsequent violation.

However, the court may, in its sound discretion, direct the department to issue a license for driving privileges restricted to business or employment purposes only, as defined in s. 322.271, if the person is otherwise qualified for such a license.

Explanations of Vote

I voted yes for CS/CS/HB 1053 because there were several issues within the bill that I support. However, I want to state clearly my support for the earlier amendment #031199 which unfortunately was laid on the table by a voice vote. The amendment would have removed from the bill section 63. That provision unfairly reduces the effective power of cities and counties to remove unwanted billboards. This will make it more difficult for local jurisdictions to enhance the beauty of their landscapes and protect the natural environment of their communities.

*Rep. Lois J. Frankel
District 85*

Today, I am casting a yes vote for HB 1053. Often, compromises on legislation often put members in the position having to accept some bad to get much good. This bill contains many provisions which I believe are very positive, such as the creation of the Safe Paths to Schools Program and the positive changes to the TOPS program. I also believe that many of the other provisions related to the Department of Transportation will make the Department more business and constituent friendly and undoubtedly, more efficient. Nonetheless, I am very troubled that this bill contains provisions relating to the local control of billboards. I believe we must support the concept of local control. However, notwithstanding my opposition to the billboard provision and the request from many of my constituents and local governments to vote no, I will support this bill because generally, this bill is an very positive product.

*Rep. Doug Wiles
District 20*

The Honorable Tom Feeney, Speaker

I am directed to inform the House of Representatives that the Senate has passed HB 1749, with one amendment, and requests the concurrence of the House.

Faye W. Blanton, Secretary

In any fiscal year, the greater of \$500 million, minus an amount equal to 4.6 percent of the proceeds of the taxes collected pursuant to chapter 201, or 5 percent of all other taxes and fees imposed pursuant to this chapter or remitted pursuant to s. 202.18(1)(b) and (2)(b) shall be deposited in monthly installments into the General Revenue Fund.

2. Two-tenths of one percent shall be transferred to the Solid Waste Management Trust Fund.

3. After the distribution under subparagraphs 1. and 2., 9.653 percent of the amount remitted by a sales tax dealer located within a participating county pursuant to s. 218.61 shall be transferred into the Local Government Half-cent Sales Tax Clearing Trust Fund.

4. After the distribution under subparagraphs 1., 2., and 3., 0.065 percent shall be transferred to the Local Government Half-cent Sales Tax Clearing Trust Fund and distributed pursuant to s. 218.65.

5. For proceeds received after July 1, 2000, and after the distributions under subparagraphs 1., 2., 3., and 4., 2.25 percent of the available proceeds pursuant to this paragraph shall be transferred monthly to the Revenue Sharing Trust Fund for Counties pursuant to s. 218.215.

6. For proceeds received after July 1, 2000, and after the distributions under subparagraphs 1., 2., 3., and 4., 1.0715 percent of the available proceeds pursuant to this paragraph shall be transferred monthly to the Revenue Sharing Trust Fund for Municipalities pursuant to s. 218.215. If the total revenue to be distributed pursuant to this subparagraph is at least as great as the amount due from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000, no municipality shall receive less than the amount due from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000. If the total proceeds to be distributed are less than the amount received in combination from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000, each municipality shall receive an amount proportionate to the amount it was due in state fiscal year 1999-2000.

7. Of the remaining proceeds:

a. Beginning July 1, 2000, and in each fiscal year thereafter, the sum of \$29,915,500 shall be divided into as many equal parts as there are counties in the state, and one part shall be distributed to each county. The distribution among the several counties shall begin each fiscal year on or before January 5th and shall continue monthly for a total of 4 months. If a local or special law required that any moneys accruing to

a county in fiscal year 1999-2000 under the then-existing provisions of s. 550.135 be paid directly to the district school board, special district, or a municipal government, such payment shall continue until such time that the local or special law is amended or repealed. The state covenants with holders of bonds or other instruments of indebtedness issued by local governments, special districts, or district school boards prior to July 1, 2000, that it is not the intent of this subparagraph to adversely affect the rights of those holders or relieve local governments, special districts, or district school boards of the duty to meet their obligations as a result of previous pledges or assignments or trusts entered into which obligated funds received from the distribution to county governments under then-existing s. 550.135. This distribution specifically is in lieu of funds distributed under s. 550.135 prior to July 1, 2000.

b. The department shall distribute \$166,667 monthly pursuant to s. 288.1162 to each applicant that has been certified as a "facility for a new professional sports franchise" or a "facility for a retained professional sports franchise" pursuant to s. 288.1162. Up to \$41,667 shall be distributed monthly by the department to each applicant that has been certified as a "facility for a retained spring training franchise" pursuant to s. 288.1162; however, not more than \$208,335 may be distributed monthly in the aggregate to all certified facilities for a retained spring training franchise. Distributions shall begin 60 days following such certification and shall continue for not more than 30 years. Nothing contained in this paragraph shall be construed to allow an applicant certified pursuant to s. 288.1162 to receive more in distributions than actually expended by the applicant for the public purposes provided for in s. 288.1162(6). However, a certified applicant is entitled to receive distributions up to the maximum amount allowable and undistributed under this section for additional renovations and improvements to the facility for the franchise without additional certification.

c. Beginning 30 days after notice by the Office of Tourism, Trade, and Economic Development to the Department of Revenue that an applicant has been certified as the professional golf hall of fame pursuant to s. 288.1168 and is open to the public, \$166,667 shall be distributed monthly, for up to 300 months, to the applicant.

d. Beginning 30 days after notice by the Office of Tourism, Trade, and Economic Development to the Department of Revenue that the applicant has been certified as the International Game Fish Association World Center facility pursuant to s. 288.1169, and the facility is open to the public, \$83,333 shall be distributed monthly, for up to 168 months, to the applicant. This distribution is subject to reduction pursuant to s. 288.1169. A lump sum payment of \$999,996 shall be made, after certification and before July 1, 2000.

e. Beginning 30 days after notice by the Office of Tourism, Trade, and Economic Development to the Department of Revenue that an applicant has been certified as a certified sports industry economic development project pursuant to s. 288.113, and has generated new sales tax revenues that have been remitted to the state during the prior twelve months, a monthly sales tax reimbursement payment in the amount set forth in the notice by the Office of Tourism, Trade and Economic Development, based on actual sales tax generated over a 12-month period, shall be distributed to the applicant until the certification expires or notice is received by the department from the Office of Tourism, Trade, and Economic Development of a change in the applicant's certification status or in the certified monthly payment amount. The amount of the monthly sales tax reimbursement distribution shall be adjusted beginning 30 days after notice by the Office of Tourism, Trade, and Economic Development that the applicant is to receive a reduced or increased sales tax reimbursement payment.

8. All other proceeds shall remain with the General Revenue Fund.

Section 3. Paragraph (k) of subsection (7) of section 213.053, Florida Statutes, is amended to read:

213.053 Confidentiality and information sharing.—

(7) Notwithstanding any other provision of this section, the department may provide:

Section 4. Section 288.113, Florida Statutes, is created to read:

288.113 Tax reimbursement program for certified sports industry economic development projects.—

(1) **LEGISLATIVE FINDINGS AND DECLARATIONS.**—The Legislature finds that attracting, retaining, and providing favorable conditions for the growth of certified sports industry economic development projects provides high-quality employment opportunities for residents of the state, increases tourism, and enhances the economic foundations of the state. It is the policy of the state to encourage the growth of high-value-added employment to the economic base by providing a sales tax reimbursement to certified sports industry economic development projects that create new employment opportunities and generate new sales tax dollars by expanding businesses within the state or by bringing new businesses to the state.

(2) **DEFINITIONS.**—As used in this section:

(a) “Certified sports industry economic development project” or “project” means any amateur sports business that develops, operates, attracts, and retains multiyear amateur sporting events that generate new sales taxes for the state, has submitted a properly completed application to the Office of Tourism, Trade, and Economic Development, and has subsequently been certified by that office as a certified sports industry economic development project.

(b) “Sales tax reimbursement” means the monthly amount to be distributed through a reimbursement to a certified sports industry economic development project pursuant to s. 212.20. Such amount shall be determined by the Office of Tourism, Trade, and Economic Development as provided in this section.

(3) **AMATEUR SPORTS BUSINESS ELIGIBLE TO APPLY.**—

(a) Any amateur sports business that develops, operates, attracts, and retains multiyear amateur sporting events that generate new sales taxes for the state may submit to the Office of Tourism, Trade, and Economic Development an application for approval as a certified sports industry economic development project for the purpose of receiving a sales tax reimbursement on new sales taxes generated by increased new business and tourism activity directly attributable to the proposed amateur sports industry economic development project.

(b) The number of certified sports industry economic development projects shall not exceed three until June 30, 2006, and thereafter only one new certified sports industry economic development project may be certified by the Office of Tourism, Trade, and Economic Development each year.

(4) **SALES TAX REIMBURSEMENT AND AUTHORIZED AMOUNT.**—Pursuant to s. 212.20, each certified sports industry economic development project shall be eligible for a monthly distribution of its sales tax reimbursement in the amount determined by its sales tax reimbursement agreement with the Office of Tourism, Trade, and Economic Development. The amount shall be based on new sales tax revenues generated under chapter 212 by increased new business and tourism activity directly attributable to the project as determined using the sports economic impact model and, subject to other restrictions, returns 50 percent of that amount to the project. The total amount of sales tax reimbursement for all fiscal years estimated for each project shall not exceed 50 percent of the cost of the project as determined by the Office of Tourism, Trade, and Economic Development in the certification process set forth in subsection (6). The annualized amount of the monthly distribution shall be calculated by the Office of Tourism, Trade, and Economic Development and specified in the applicant’s sales tax reimbursement agreement. Annual payment amounts shall be no less

than \$500,000 and no more than \$2 million, unless the Office of Tourism, Trade, and Economic Development reduces payments below \$500,000 under its authority to decertify a project as discussed in subsection (6).

(5) **AUTHORIZED USE OF SALES TAX REIMBURSEMENT PAYMENTS.**—After entering into a sales tax reimbursement agreement under subsection (7), a certified sports industry economic development project may receive a sales tax reimbursement for:

(a) Developing and implementing any component of the project’s sports events and activities;

(b) Constructing, reconstructing, renovating, furnishing, equipping, or operating the project’s facilities or events;

(c) Pledging payments or debt service on or funding debt service reserve funds, arbitrage rebate obligations, or other amounts payable with respect to bonds for the project’s activities and facilities; or

(d) Paying the cost of relocating the project’s corporate headquarters into the state.

(6) **CERTIFICATION, RECERTIFICATION, AND DECERTIFICATION PROCEDURE.**—

(a) The Office of Tourism, Trade, and Economic Development shall establish a certification process by which a proposed amateur sports industry economic development project may be approved by the office as a certified sports industry economic development project that is eligible to receive economic development incentives in the form of a sales tax reimbursement of a percentage of new sales taxes that have been generated and remitted to the state as a result of the certified sports industry economic development project.

(b) Before certifying an applicant under this subsection, the Office of Tourism, Trade, and Economic Development shall determine that the applicant has:

1. Completed an independent analysis or study, verified by the Office of Tourism, Trade, and Economic Development, which demonstrates that the proposed amateur sports industry economic development project will generate a minimum of \$1 million annually in new sales tax revenues over a multiyear period.

2. Received commitments for amateur sports activities which demonstrate that the proposed amateur sports economic development project will bring to this state on a multiyear basis new proposed amateur sports economic development project activities that will generate a minimum of \$1 million in new sales tax revenues annually, as verified by the Office of Tourism, Trade, and Economic Development.

3. Demonstrated that the applicant has provided, is capable of providing, or has financial or other commitments to provide more than one-half of the costs incurred in or related to the development of the proposed amateur sports industry economic development project.

(c) An amateur sports business that has previously been certified under this section and has received a sales tax reimbursement under that certification is ineligible for additional certification.

(d) Upon determining that a proposed amateur sports industry economic development project meets the established criteria for approval as a certified sports industry economic development project and qualifies for a sales tax reimbursement, the Office of Tourism, Trade, and Economic Development shall issue to the applicant a letter of certification that stipulates the terms of the sales tax reimbursement agreement and the penalties for failing to comply with those terms.

(e) The Office of Tourism, Trade, and Economic Development shall deny the application of an amateur sports business to be a certified sports industry economic development project if the office determines that the proposed project does not meet the established criteria for approval.

(f) The Office of Tourism, Trade, and Economic Development shall develop a standardized form for an amateur sports business to complete in applying for certification as a certified sports industry economic development project. The application shall include, but shall not be

limited to, relevant information on employment and job creation, proposed budgets, contracts for multiyear events and projects, project financing, and other information requested by the office. The application may be distributed to applicants by the Office of Tourism, Trade, and Economic Development, and all completed applications shall be processed by the office.

(g) Initial certification for a sales tax reimbursement under this section is valid for 120 months. Subsequent to the initial certification period, the certified sports industry economic development project is eligible for two periods of recertification, each of which is valid for 60 months. A project shall request recertification 12 months before the expiration of the certificate.

(h) A certified sports industry economic development project may request recertification after the initial certification period to be requalified for certification as a certified sports industry economic development project for a period not to exceed 240 months.

(i) The Office of Tourism, Trade, and Economic Development shall recertify, before the end of the first 10-year period, that the certified sports industry economic development project is operational and that the project is meeting the minimum projections for sales tax revenues as required at the time of original certification. If the project is not recertified during this 10-year review period as meeting the minimum projections, funding shall be adjusted until certification criteria are met. If the project fails to generate annual sales tax revenues pursuant to its sales tax reimbursement agreement with the Office of Tourism, Trade, and Economic Development, the amount of revenues distributed to the project under s. 212.20(6)(e)7.e. shall be reduced to the amount of the taxes collected times 50 percent. If, for 2 consecutive years, the amount of tax revenues collected falls below a minimum of \$1 million per year, the project may be decertified at the discretion of the Office of Tourism, Trade, and Economic Development. Such a reduction shall remain in effect until the sales tax revenues generated by the project in a 12-month period equal or exceed \$1 million.

(j) A project may be decertified if the Office of Tourism, Trade, and Economic Development determines that the amateur sports business can no longer maintain its economic development activities in this state. If the project is no longer in existence, or is no longer viable, as determined by the project's sales tax reimbursement agreement with the Office of Tourism, Trade, and Economic Development, or if the project has the certificate for purposes other than those authorized by this section and chapter 212, the Office of Tourism, Trade, and Economic Development shall notify the Department of Revenue to suspend payment for a period of 6 months until the project is either in compliance with the sales tax reimbursement agreement or is determined to be in default. In addition to other penalties imposed by law, any person who knowingly and willfully falsifies an application for purposes other than those authorized by this section commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(k) The Office of Tourism, Trade, and Economic Development shall provide written notification to the Department of Revenue of all certifications, recertifications, and decertifications of projects and of the sales tax reimbursement distribution amount each project is entitled to receive.

(l) The Office of Tourism, Trade, and Economic Development shall develop rules for the receipt and processing of applications for funding pursuant to s. 212.20.

(7) SALES TAX REIMBURSEMENT AGREEMENT TERMS.—

(a) In order to qualify for sales tax reimbursement from the state, each certified sports industry economic development project shall enter into a written agreement with the Office of Tourism, Trade, and Economic Development which specifies, at a minimum:

1. The total number of full-time-equivalent jobs created in or transferred to this state as a direct result of the project, the average wage paid for those jobs, the criteria that will apply to measuring the achievement of these terms during the effective period of the agreement,

and a time schedule or plan for when such jobs will be in place and operative in the state.

2. The maximum amount of new sales taxes estimated to be generated as a result of the project, the maximum amount of sales tax reimbursement that the project is eligible to receive, and the maximum amount of sales tax reimbursement that the project is requesting.

3. The budgets, financing, projections, and cost estimates for the sports activities and projects for which reimbursement is sought.

(b) Compliance with the terms and conditions of the sales tax reimbursement agreement is a condition precedent for receiving a sales tax reimbursement each year. The terms and timeframe of the agreement shall be commensurate with the duration of the certification period. Failure to comply with the terms and conditions of the sales tax reimbursement agreement shall result in an immediate review by the Office of Tourism, Trade, and Economic Development of the activities of the project.

(c) The sales tax reimbursement shall not exceed 50 percent of the total project costs, amortized over a period not to exceed 20 years.

(d) Sales tax reimbursement may be provided through direct payment or other means of payment to the certified sports industry economic development project, as determined in the sales tax reimbursement agreement with the approval of the Department of Revenue.

(8) ADMINISTRATION.—

(a) The Office of Tourism, Trade, and Economic Development may verify information provided in any claim for sales tax reimbursement under this section, including information regarding employment and wage levels or the payment of taxes under chapter 212 to the appropriate agency, including the Department of Revenue, the Agency for Workforce Innovation, or the appropriate local government or authority.

(b) To facilitate the process of monitoring and auditing applications made under this program, the Office of Tourism, Trade, and Economic Development may request information necessary for determining a project's compliance with this section from the Department of Revenue, the Agency for Workforce Innovation, or any local government or authority. These governmental entities shall provide assistance in the areas within their scope of responsibilities.

(c) The Department of Revenue may audit as provided in s. 213.34 to verify that the distributions pursuant to this section have been expended as required in this section.

(9) RELATIONSHIP OF SALES TAX REIMBURSEMENTS TO SPORTS INDUSTRY GROWTH; REPORT TO THE LEGISLATURE.— Beginning January 1, 2003, the Office of Tourism, Trade, and Economic Development shall maintain records based on information provided on taxpayer applications for certified sports industry economic development projects that receive sales tax reimbursements. These records shall include a statement of the percentage of the overall new economic impact generated by certified sports industry economic development projects and the amount of funds annually reimbursed to such projects. In addition, the Office of Tourism, Trade, and Economic Development shall maintain data showing the annual growth in Florida-based amateur sports industry businesses and the number of persons employed and wages paid by such businesses. The Office of Tourism, Trade, and Economic Development shall report this information to the Legislature annually, no later than December 1.

Section 5. Subsection (1) of section 288.1229, Florida Statutes, is amended to read:

288.1229 Promotion and development of sports-related industries and amateur athletics; direct-support organization; powers and duties.—

(1) The Office of Tourism, Trade, and Economic Development may authorize a direct-support organization to assist the office in:

(b) The promotion of amateur athletic participation for the citizens of Florida and the promotion of Florida as a host for national and international amateur athletic competitions for the purpose of encouraging and increasing the direct and ancillary economic benefits of amateur athletic events and competitions.

(c) *The attraction of amateur sports industry economic development projects to this state for the purposes set forth in paragraphs (a) and (b), as well as for the purposes of increasing national and international media promotions and attention, promoting the quality of life in the state, and promoting tourism, which will have a positive effect on expanding the tax base as well as creating new jobs in the state.*

Senate Amendment 1 (with title amendment)—Delete everything after the enacting clause

and insert:

Section 1. Section 220.187, Florida Statutes, is created to read:

220.187 Credits for contributions to nonprofit scholarship-funding organizations.—

(1) *PURPOSE.—The purpose of this section is to:*

(a) *Provide a tax credit for certain contributions to a nonprofit scholarship-funding organization.*

(b) *Expand educational opportunities for children of families that have limited financial resources.*

(c) *Enable children in this state to achieve a greater level of excellence in their education.*

(2) *DEFINITIONS.—As used in this section, the term:*

(a) *“Department” means the Department of Revenue.*

(b) *“Eligible contribution” means a monetary contribution from a taxpayer, subject to the restrictions provided in this section, to an eligible nonprofit scholarship-funding organization. The taxpayer making the contribution may not designate a specific child or group of children as the beneficiaries of the contribution.*

(c) *“Eligible nonpublic school” means a nonpublic school located in Florida that offers an education to students in any grades K-12 and that meets the requirements in subsection (5).*

(d) *“Eligible nonprofit scholarship-funding organization” means a charitable organization that is exempt from federal income tax pursuant to s. 501(c)(3) of the Internal Revenue Code and that complies with the provisions of subsection (4).*

(e) *“Qualified student” means a student who qualifies for free or reduced-price school lunches under the National School Lunch Act and who:*

1. *Was counted as a full-time-equivalent student during the previous state fiscal year for purposes of state per-student funding;*

However, such a credit may not exceed 75 percent of the tax due under this chapter for the taxable year, after the application of any other allowable credits by the taxpayer. However, 5 percent of the total statewide amount authorized for the tax credit shall be reserved for taxpayers who meet the definition of a small business provided in s. 288.703(1) at the time of application. The credit granted by this section shall be reduced, if necessary, so that the reduction in federal corporate income taxes and the reduction in taxes imposed pursuant to this chapter as a result of this section and s. 220.13(1)(a)11. will not exceed the amount of the contribution to the nonprofit scholarship-funding organization.*

(b) *The total amount of tax credit which may be granted each state fiscal year under this section is \$50 million.*

and insert in lieu thereof:

Section 1. Section 220.187, Florida Statutes, is created to read:

220.187 Credits for contributions to nonprofit scholarship-funding organizations.—

(1) *PURPOSE.*—The purpose of this section is to:

(a) Encourage private, voluntary contributions to nonprofit scholarship-funding organizations.

(b) Expand educational opportunities for children of families that have limited financial resources.

(c) Enable children in this state to achieve a greater level of excellence in their education.

(2) *DEFINITIONS.*—As used in this section, the term:

(a) “Department” means the Department of Revenue.

(b) “Eligible contribution” means a monetary contribution from a taxpayer, subject to the restrictions provided in this section, to an eligible nonprofit scholarship-funding organization. The taxpayer making the contribution may not designate a specific child as the beneficiary of the contribution. The taxpayer may not contribute more than \$5 million to any single eligible nonprofit scholarship-funding organization.

(c) "Eligible nonpublic school" means a nonpublic school located in Florida that offers an education to students in any grades K-12 and that meets the requirements in subsection (5).

(d) "Eligible nonprofit scholarship-funding organization" means a charitable organization that is exempt from federal income tax pursuant to s. 501(c)(3) of the Internal Revenue Code and that complies with the provisions of subsection (4).

However, such a credit shall not exceed 75 percent of the tax due under this chapter for the taxable year, after the application of any other allowable credits by the taxpayer. The credit granted by this section shall be reduced by the difference between the amount of federal corporate income tax taking into account the credit granted by this section and the amount of federal corporate income tax without application of the credit granted by this section.

(b) The total amount of tax credit which may be granted each state fiscal year under this section is \$50 million. Twenty percent of the annual eligible contributions received each year may be provided for single-year or multi-year scholarships to any qualified students as defined in paragraph (2)(e). However, this twenty percent must be disbursed for scholarships within a 5-year period of the initial receipt of the contribution. No portion of eligible contributions may be used for administrative expenses. All interest accrued from contributions must be used for scholarships.

(e) An eligible nonprofit scholarship-funding organization that receives eligible contributions must provide to the Auditor General an annual financial and compliance audit of its accounts and records conducted by an independent certified public accountant in accordance with rules adopted by the Auditor General.

(f) Payment of the scholarship by the eligible nonprofit scholarship-funding organization shall be by individual warrant or check made payable to the student's parent. If the parent chooses for their child to attend an eligible nonpublic school, the warrant or check must be mailed by the eligible nonprofit scholarship funding organization to the nonpublic school of the parent's choice, and the parent shall restrictively endorse the warrant or check to the nonpublic school. In lieu of such a statement, a surety bond or letter of credit for the amount equal to the scholarship funds for any quarter may be filed with the department.

In order to facilitate an accurate budget projection process, a district school board shall be held harmless for FTE students which are not included in the FTE projection due to approval of charter school applications after the FTE projection deadline. In a further effort to facilitate an accurate budget projection, within 15 calendar days after receipt of a charter school application, a district school board or other sponsor shall report to the Department of Education the name of the applicant entity, the proposed charter school location, and its projected FTE.

2. A district school board must by a majority vote approve or deny an application no later than 60 calendar days after the application is received, unless the district school board and the applicant mutually agree to temporarily postpone the vote to a specific date, at which time the district school board must by a majority vote approve or deny the application. If the district school board fails to act on the application, an applicant may appeal to the State Board of Education as provided in paragraph (b). If an application is denied, the district school board must, within 10 calendar days, articulate in writing the specific reasons based upon good cause supporting its denial of the charter application.

3. For budget projection purposes, the district school board or other sponsor shall report to the department the approval or denial of a charter application within 10 calendar days after such approval or denial. In the event of approval, the report to the department must include the final projected FTE for the approved charter school.

4. Upon approval of a charter application, the initial startup must commence ~~be consistent~~ with the beginning of the public school calendar for the district in which the charter is granted unless the district school board allows a waiver of this provision for good cause.

(b) An applicant may appeal any denial of that applicant's application or failure to act on an application to the State Board of

Education no later than 30 calendar days after receipt of the district school board's decision or failure to act and shall notify the district school board of its appeal. Any response of the school board shall be submitted to the state board within 30 calendar days after notification of the appeal. The state board must by majority vote accept or reject the decision of the district school board no later than 60 calendar days after an appeal is filed in accordance with state board rule. The state board may reject an appeal submission for failure to comply with procedural rules governing the appeals process. The rejection shall describe the submission errors. The appellant may have up to 15 calendar days from notice of rejection to resubmit an appeal that meets requirements of rule. An application for appeal submitted subsequent to such rejection shall be considered timely if the original appeal was filed within 30 calendar days after receipt of notice of the specific reasons for the school board's denial of the charter application ~~the school board denial~~. The state board shall remand the application to the district school board with its written recommendation that the district board approve or deny the application consistent with the state board's decision. The decision of the State Board of Education is not subject to the provisions of the Administrative Procedure Act, chapter 120.

(c) The district school board must act upon the recommendation of the State Board of Education within 30 calendar days after it is received. The district board may fail to act in accordance with the recommendation of the state board only for good cause. Good cause for failing to act in accordance with the state board's recommendation arises only if the district school board determines by competent substantial evidence that approving the state board's recommendation would be contrary to law or contrary to the best interests of the pupils or the community. The district school board must articulate in written findings the specific reasons based upon good cause supporting its failure to act in accordance with the state board's recommendation. The district board's action on the state board's recommendation is a final action subject to judicial review.

(d) The Department of Education may provide technical assistance to an applicant upon written request.

(e) Paragraph (a) notwithstanding, a state university may grant a charter to a developmental research school created under s. 228.053. In considering such charter, the state university must consult with the district school board of the county in which the developmental research school is located. The decision of a state university may be appealed pursuant to the procedure established in this subsection.

(f) The terms and conditions for the operation of a charter school shall be set forth by the sponsor and the applicant in a written contractual agreement, called a charter. The sponsor shall not impose unreasonable rules or regulations that violate the intent of giving charter schools greater flexibility to meet educational goals. The applicant and sponsor shall have 6 months in which to mutually agree to the provisions of the charter. The Department of Education shall provide mediation services for any dispute regarding this section subsequent to the approval of a charter application *and for any dispute relating to the approved charter*, except disputes regarding charter school application denials. If the Commissioner of Education determines that the dispute cannot be settled through mediation, the dispute may be appealed to an administrative law judge appointed by the Division of Administrative Hearings. The administrative law judge may rule on issues of equitable treatment of the charter school as a public school, whether proposed provisions of the charter violate the intended flexibility granted charter schools by statute, or on any other matter regarding this section except a charter school application denial, and shall award the prevailing party reasonable attorney's fees and costs incurred to be paid by the losing party. The costs of the administrative hearing shall be paid by the party whom the administrative law judge rules against.

(g) The sponsor shall monitor and review the charter school in its progress towards the goals established in the charter.

(h) The sponsor shall monitor the revenues and expenditures of the charter school.

(i) A charter school shall be exempt from the sponsor's policies.

(b) An existing public school which converts to a charter school shall not be counted towards the limit established by paragraph (a).

Notwithstanding any limit established by this subsection, a district school board or a charter school applicant shall have the right to request an increase of the limit on the number of charter schools authorized to be established within the district from the State Board of Education.

(7)(6) ELIGIBLE STUDENTS.—

(a) A charter school shall be open to any student covered in an interdistrict agreement or residing in the school district in which the charter school is located; however, in the case of a developmental research school created under s. 228.053 to which a charter has been issued under paragraph (4)(e), the charter school shall be open to any student eligible to attend the developmental research school as provided in s. 228.053 or who resides in the school district in which the charter school is located. Any eligible student shall be allowed interdistrict transfer to attend a charter school when based on good cause. When a public school converts to charter status, enrollment preference shall be given to students who would have otherwise attended that public school. A charter school may give enrollment preference to a sibling of a student enrolled in the charter school, to the child of a member of the governing board of the charter school, or to the child of an employee of the charter school.

(b) The charter school shall enroll an eligible student who submits a timely application, unless the number of applications exceeds the capacity of a program, class, grade level, or building. In such case, all applicants shall have an equal chance of being admitted through a random selection process.

(c) A charter school may limit the enrollment process only to target the following student populations:

1. Students within specific age groups or grade levels.
2. Students considered at risk of dropping out of school or academic failure. Such students shall include exceptional education students.

5. *Students who meet reasonable academic, artistic, or other eligibility standards established by the charter school and included in the charter school application and charter or, in the case of existing charter schools, standards that are consistent with the school's mission and purpose. Such standards must be in accordance with current state law and practice in public schools and may not discriminate against otherwise qualified individuals.*

6. *Students articulating from one charter school to another pursuant to an articulation agreement between the charter schools which has been approved by the sponsor.*

(d) A student may withdraw from a charter school at any time and enroll in another public school as determined by school board policy.

(e) Students with handicapping conditions and students served in English for Speakers of Other Languages programs shall have an equal opportunity of being selected for enrollment in a charter school.

(8)(7) **LEGAL ENTITY.**—A charter school shall organize as, or be operated by, a nonprofit organization. A charter school may be operated by a municipality or other public entity as provided for by law. As such, the charter school may be either a private or a public employer. As a public employer, a charter school may participate in the Florida Retirement System upon application and approval as a “covered group” under s. 121.021(34). If a charter school participates in the Florida Retirement System, the charter school employees shall be compulsory members of the Florida Retirement System. As either a private or a public employer, a charter school may contract for services with an individual or group of individuals who are organized as a partnership or a cooperative. Individuals or groups of individuals who contract their services to the charter school are not public employees.

1. In accordance with the accounts and codes prescribed in the most recent issuance of the publication titled “Financial and Program Cost Accounting and Reporting for Florida Schools”; or:

2. *At the discretion of the charter school governing board, a charter school may elect to follow generally accepted accounting standards for not-for-profit organizations, but must reformat this information for reporting according to this paragraph.*

Charter schools are to provide annual financial report and program cost report information in the state-required formats for inclusion in district reporting in compliance with s. 236.02(1). Charter schools which are operated by a municipality or are a component unit of a parent nonprofit organization may use the accounting system of the municipality or the parent, but must reformat this information for reporting according to this paragraph.

(j) *The governing board of the charter school shall annually adopt and maintain an operating budget.*

(10)(9) **CHARTER.**—The major issues involving the operation of a charter school shall be considered in advance and written into the charter. The charter shall be signed by the governing body of the charter school and the sponsor, following a public hearing to ensure community input.

(a) The charter shall address, and criteria for approval of the charter shall be based on:

1. The school’s mission, the students to be served, and the ages and grades to be included.

2. The focus of the curriculum, the instructional methods to be used, and any distinctive instructional techniques to be employed, *and identification and acquisition of appropriate technologies needed to improve educational and administrative performance. This must include a means for promoting safe, ethical, and appropriate uses of technology which comply with legal and professional standards.*

3. The current incoming baseline standard of student academic achievement, the outcomes to be achieved, and the method of measurement that will be used. This section shall include a detailed description for each of the following:

a. How the baseline student academic achievement levels and prior rates of academic progress will be established.

b. How these baseline rates will be compared to rates of academic progress achieved by these same students while attending the charter school.

c. To the extent possible, how these rates of progress will be evaluated and compared with rates of progress of other closely comparable student populations.

d. *The district school board is required to provide academic student performance data to charter schools for each of their students coming from the district school system, as well as rates of academic progress of comparable student populations in the district school system.*

4. The methods used to identify the educational strengths and needs of students and how well educational goals and performance standards are met by students attending the charter school. *Included in the methods is a means for ensuring accountability to its constituents by analyzing student performance data and by evaluating the effectiveness and efficiency of its major educational programs.* Students in charter schools shall, at a minimum, participate in the statewide assessment program.

9. The financial and administrative management of the school, including a reasonable demonstration of the professional experience or competence of those individuals or organizations applying to operate the charter school or those hired or retained to perform such professional services *and the description of clearly delineated responsibilities and the policies and practices needed to effectively manage the charter school. A description of internal audit procedures and establishment of controls to ensure that financial resources are properly managed must be included.* Both public sector and private sector professional experience shall be equally valid in such a consideration.

10. *A description of procedures that identify various risks and provide for a comprehensive approach to reduce the impact of losses;*

plans to ensure the safety and security of students and staff; plans to identify, minimize, and protect others from violent or disruptive student behavior; and the manner in which the school will be insured, including whether or not the school will be required to have liability insurance, and, if so, the terms and conditions thereof and the amounts of coverage.

11. The term of the charter which shall provide for cancellation of the charter if insufficient progress has been made in attaining the student achievement objectives of the charter and if it is not likely that such objectives can be achieved before expiration of the charter. The initial term of a charter shall be for 3, 4, or 5 years. In order to facilitate access to long-term financial resources for charter school construction, charter schools that are operated by a municipality or other public entity as provided by law are eligible for up to a 15-year charter, subject to approval by the local school board. A developmental research school is eligible for a charter for a term of up to 15 years issued by a state university pursuant to paragraph (4)(e). In addition, to facilitate access to long-term financial resources for charter school construction, charter schools that are operated by a private, not-for-profit, s. 501(c)(3) status corporation are eligible for up to a 10-year charter, subject to approval by the local school board. Such long-term charters remain subject to annual review and may be terminated during the term of the charter, but only for specific good cause according to the provisions set forth in subsection (10).

12. The facilities to be used and their location.

13. The qualifications to be required of the teachers *and the potential strategies used to recruit, hire, train, and retain qualified staff to achieve best value.*

14. The governance structure of the school, including the status of the charter school as a public or private employer as required in subsection (7).

15. A timetable for implementing the charter which addresses the implementation of each element thereof and the date by which the charter shall be awarded in order to meet this timetable.

16. In the case of an existing public school being converted to charter status, alternative arrangements for current students who choose not to attend the charter school and for current teachers who choose not to teach in the charter school after conversion in accordance with the existing collective bargaining agreement or school board policy in the absence of a collective bargaining agreement. However, alternative arrangements shall not be required for current teachers who choose not to teach in a developmental research school to which a charter has been issued pursuant to paragraph (4)(e), except as authorized by the employment policies of the state university which grants the charter to the developmental research school.

(b) A charter may be renewed every 5 school years, provided that a program review demonstrates that the criteria in paragraph (a) have been successfully accomplished and that none of the grounds for nonrenewal established by paragraph (10)(a) have been documented. In order to facilitate long-term financing for charter school construction, charter schools operating for a minimum of 2 years and demonstrating exemplary academic programming and fiscal management are eligible for a 15-year charter renewal. Such long-term charter is subject to annual review and may be terminated during the term of the charter.

(c) A charter may be modified during its initial term or any renewal term upon the recommendation of the sponsor or the charter school governing board and the approval of both parties to the agreement.

(d) The governing body of the charter school shall *exercise continuing oversight over charter school operations and make annual progress reports to its sponsor, which upon verification shall be forwarded to the Commissioner of Education at the same time as other annual school accountability reports.* The report shall contain at least the following information:

1. The charter school's progress towards achieving the goals outlined in its charter.

2. The information required in the annual school report pursuant to s. 229.592.

(e) A sponsor shall ensure that the charter is innovative and consistent with the state education goals established by s. 229.591.

(f) Upon receipt of the annual report required by paragraph (d), the Department of Education shall provide to the State Board of Education, the Commissioner of Education, the President of the Senate, and the Speaker of the House of Representatives an analysis and comparison of the overall performance of charter school students, to include all students whose scores are counted as part of the state assessment program, versus comparable public school students in the district as determined by the state assessment program currently administered in the school district, and, as appropriate, the Florida Writes Assessment Test, the High School Competency Test, and other assessments administered pursuant to s. 229.57(3).

(g) Whenever a municipality has submitted charter applications for the establishment of a charter school feeder pattern (elementary, middle, and senior high schools), and upon approval of each individual charter application by the district school board, such applications will then be designated as one charter for all purposes listed pursuant to this section.

~~(11)(4)~~ CAUSES FOR NONRENEWAL OR TERMINATION.—

(a) At the end of the term of a charter, the sponsor may choose not to renew the charter for any of the following grounds:

1. Failure to meet the requirements for student performance stated in the charter.

2. Failure to meet generally accepted standards of fiscal management.

3. Violation of law.

4. Other good cause shown.

(b) During the term of a charter, the sponsor may terminate the charter for any of the grounds listed in paragraph (a).

(c) At least 90 days prior to renewing or terminating a charter, the sponsor shall notify the governing body of the school of the proposed action in writing. The notice shall state in reasonable detail the grounds for the proposed action and stipulate that the school's governing body may, within 14 calendar days after receiving the notice, request an informal hearing before the sponsor. The sponsor shall conduct the informal hearing within 30 calendar days after receiving a written request. The charter school's governing body may, within 14 calendar days after receiving the sponsor's decision to terminate or refuse to renew the charter, appeal the decision pursuant to the procedure established in subsection (4).

(d) A charter may be terminated immediately if the sponsor determines that good cause has been shown or if the health, safety, or welfare of the students is threatened. The school district in which the charter school is located shall assume operation of the school under these circumstances. *The charter school's governing board may, within 14 days after receiving the sponsor's decision to terminate the charter, appeal the decision pursuant to the procedure established in subsection (4).*

(e) When a charter is not renewed or is terminated, the school shall be dissolved under the provisions of law under which the school was organized, and any unencumbered *public* funds from the charter school shall revert to the district school board. In the event a charter school is dissolved or is otherwise terminated, all district school board property and improvements, furnishings, and equipment purchased with public funds shall automatically revert to full ownership by the district school

board, subject to complete satisfaction of any lawful liens or encumbrances.

(f) If a charter is not renewed or is terminated, the *charter school governing body of the school* is responsible for all debts of the charter school. The district may not assume the debt from any contract for services made between the governing body of the school and a third party, except for a debt that is previously detailed and agreed upon in writing by both the district and the governing body of the school and that may not reasonably be assumed to have been satisfied by the district.

(g) If a charter is not renewed or is terminated, a student who attended the school may apply to, and shall be enrolled in, another public school. Normal application deadlines shall be disregarded under such circumstances.

(12)(41) EXEMPTION FROM STATUTES.—A charter school shall operate in accordance with its charter and shall be exempt from all statutes of the Florida School Code, except those specifically applying to charter schools; those pertaining to the provision of services to students with disabilities; those pertaining to civil rights, including s. 228.2001, relating to discrimination; and those pertaining to student health, safety, and welfare; or as otherwise required by this section. A charter school shall not be exempt from the following statutes: chapter 119, relating to public records, and s. 286.011, relating to public meetings and records, public inspection, and penalties. The *charter school's governing board sponsor, upon request of a charter school*, may apply to the Commissioner of Education for a waiver of provisions of chapters 230-239 which are applicable to charter schools under this section, except that the provisions of chapter 236 or chapter 237 shall not be eligible for waiver if the waiver would affect funding allocations or create inequity in public school funding. *The Commissioner of Education must confirm receipt of a waiver request from a charter school by providing a copy of the request to the sponsor.* The commissioner may grant the waiver if necessary to implement the school program and shall provide notice of the final dispensation of the waiver request to the charter school governing board and the charter school's sponsor.

(13)(42) EMPLOYEES OF CHARTER SCHOOLS.—

(a) A charter school shall select its own employees. A charter school may contract with its sponsor for the services of personnel employed by the sponsor.

(b) Charter school employees shall have the option to bargain collectively. Employees may collectively bargain as a separate unit or as part of the existing district collective bargaining unit as determined by the structure of the charter school.

(c) The employees of a conversion charter school shall remain public employees for all purposes, unless such employees choose not to do so.

(d) The teachers at a charter school may choose to be part of a professional group that subcontracts with the charter school to operate the instructional program under the auspices of a partnership or cooperative that they collectively own. Under this arrangement, the teachers would not be public employees.

(e) Employees of a school district may take leave to accept employment in a charter school upon the approval of the district school board. While employed by the charter school and on leave that is approved by the school board, the employee may retain seniority accrued in that school district and may continue to be covered by the benefit programs of that school district, if the charter school and the district school board agree to this arrangement and its financing. School districts shall not require resignations of teachers desiring to teach in a charter school. This paragraph shall not prohibit a school board from approving alternative leave arrangements consistent with chapter 231.

(f) Teachers employed by or under contract to a charter school shall be certified as required by chapter 231. A charter school governing board may employ or contract with skilled selected noncertified personnel to provide instructional services or to assist instructional staff members as education paraprofessionals in the same manner as defined in chapter

231, and as provided by State Board of Education rule for charter school governing boards. A charter school may not *knowingly* employ an individual to provide instructional services or to serve as an education paraprofessional if the individual's certification or licensure as an educator is suspended or revoked by this or any other state. A charter school may not knowingly employ an individual who has resigned from a school district in lieu of disciplinary action with respect to child welfare or safety, or who has been dismissed for just cause by any school district with respect to child welfare or safety. The qualifications of teachers shall be disclosed to parents.

(g) A charter school shall employ or contract with employees who have been fingerprinted as provided in s. 231.02. Members of the governing board of the charter school shall also be fingerprinted in a manner similar to that provided in s. 231.02.

(14)(13) REVENUE.—Students enrolled in a charter school, regardless of the sponsorship, shall be funded as if they are in a basic program or a special program, the same as students enrolled in other public schools in the school district. Funding for a chartered developmental research school shall be as provided in s. 228.053(9).

(a) Each charter school shall report its student enrollment to the district school board as required in s. 236.081, and in accordance with the definitions in s. 236.013. The district school board shall include each charter school's enrollment in the district's report of student enrollment. *All charter schools submitting student record information required by the Department of Education shall comply with the department's guidelines for electronic data formats for such data, and all districts shall accept electronic data that complies with the department's electronic format.*

(b) The basis for the agreement for funding students enrolled in a charter school shall be the sum of the school district's operating funds from the Florida Education Finance Program as provided in s. 236.081 and the General Appropriations Act, including gross state and local funds, discretionary lottery funds, and funds from the school district's current operating discretionary millage levy; divided by total funded weighted full-time equivalent students in the school district; multiplied by the weighted full-time equivalent students for the charter school. Charter schools whose students or programs meet the eligibility criteria in law shall be entitled to their proportionate share of categorical program funds included in the total funds available in the Florida Education Finance Program by the Legislature, including transportation. Total funding for each charter school will be recalculated during the year to reflect the revised calculations under the Florida Education Finance Program by the state and the actual weighted full-time equivalent students reported by the charter school during the full-time equivalent student survey periods designated by the Commissioner of Education.

(c) Transportation of charter school students shall be provided by the charter school consistent with the requirements of chapter 234. The governing body of the charter school may provide transportation through an agreement or contract with the district school board, a private provider, or parents. The charter school and the sponsor shall cooperate in making arrangements that ensure that transportation is not a barrier to equal access for all students residing within a reasonable distance of the charter school as determined in its charter.

(d) If the district school board is providing programs or services to students funded by federal funds, any eligible students enrolled in charter schools in the school district shall be provided federal funds for the same level of service provided students in the schools operated by the district school board. Pursuant to provisions of 20 U.S.C. 8061 s. 10306, all charter schools shall receive all federal funding for which the school is otherwise eligible, including Title I funding, not later than 5 months after the charter school first opens and within 5 months after any subsequent expansion of enrollment.

(e) Any administrative fee charged by the school district relating to a charter school shall be limited to 5 percent of the available funds as defined in paragraph (b) *not including capital outlay funds, federal and state grants, or any other funds unless explicitly provided by law.* The

sponsor shall provide certain administrative and educational services to charter schools at no additional fee. These services shall include contract management services, FTE and data reporting, exceptional student education administration, test administration, processing of teacher certificate data, and information services.

(f) School boards shall make every effort to ensure that charter schools receive timely and efficient reimbursement, including processing paperwork required to access special state and federal funding for which they may be eligible. The district school board may distribute funds to a charter school for up to 3 months based on the projected full-time equivalent student membership of the charter school. Thereafter, the results of full-time equivalent student membership surveys must be used in adjusting the amount of funds distributed monthly to the charter school for the remainder of the fiscal year. The payment shall be issued no later than 10 working days after the district school board receives a distribution of state or federal funds. If a warrant for payment is not issued within 30 working days after receipt of funding by the district school board, the school district shall pay to the charter school, in addition to the amount of the scheduled disbursement, interest at a rate of 1 percent per month calculated on a daily basis on the unpaid balance from the expiration of the 30-day period until such time as the warrant is issued.

(g) If a district school board facility or property is available because it is surplus, marked for disposal, or otherwise unused, it shall be provided for a charter school's use on the same basis as it is made available to other public schools in the district. A charter school receiving property from the school district may not sell or dispose of such property without written permission of the school district. Similarly, for an existing public school converting to charter status, no rental or leasing fee for the existing facility or for the property normally inventoried to the conversion school may be charged by the district school board to the parents and teachers organizing the charter school. The charter organizers shall agree to reasonable maintenance provisions in order to maintain the facility in a manner similar to district school board standards. *The Public Education Capital Outlay maintenance funds or any other maintenance funds generated by the facility operated as a conversion school shall remain with the conversion school.*

(h) If other goods and services are made available to the charter school through the contract with the school district, they shall be provided to the charter school at a rate no greater than the district's actual cost. To maximize the use of state funds, school districts shall allow charter schools to participate in the sponsor's bulk purchasing program if applicable.

(15)(44) IMMUNITY.—For the purposes of tort liability, the governing body and employees of a charter school shall be governed by s. 768.28.

(16)(45) LENGTH OF SCHOOL YEAR.—A charter school shall provide instruction for at least the number of days required by law for other public schools, and may provide instruction for additional days.

(17)(46) FACILITIES.—

(a) A charter school shall utilize facilities which comply with the State Uniform Building Code for Public Educational Facilities Construction adopted pursuant to s. 235.26 or with applicable state minimum building codes pursuant to chapter 553 and state minimum fire protection codes pursuant to s. 633.025, as adopted by the authority in whose jurisdiction the facility is located.

(b) Any facility, or portion thereof, used to house a charter school whose charter has been approved by the sponsor and the governing board, pursuant to subsection (9), shall be exempt from ad valorem taxes pursuant to s. 196.1983.

(c) After January 1, 2001, charter school facilities shall utilize facilities which comply with the Florida Building Code, pursuant to chapter 553, and the Florida Fire Prevention Code, pursuant to chapter 633.

(18)(47) INITIAL COSTS.—A sponsor may approve a charter for a charter school before the applicant has secured space, equipment, or personnel, if the applicant indicates approval is necessary for it to raise working capital.

(19)(48) INFORMATION.—The Department of Education shall provide information to the public, directly and through sponsors, both on how to form and operate a charter school and on how to enroll in charter schools once they are created. This information shall include a standard application format which shall include the information specified in subsection (9). This application format may be used by chartering entities.

(20)(49) GENERAL AUTHORITY.—A charter school shall not levy taxes or issue bonds secured by tax revenues.

(21)(20) REVIEW.—

(a) The Department of Education shall regularly convene a Charter School Review Panel in order to review issues, practices, and policies regarding charter schools. The composition of the review panel shall include individuals with experience in finance, administration, law, education, and school governance, and individuals familiar with charter school construction and operation. The panel shall include two appointees each from the Commissioner of Education, the President of the Senate, and the Speaker of the House of Representatives. The Governor shall appoint three members of the panel and shall designate the chair. Each member of the panel shall serve a 1-year term, unless renewed by the office making the appointment. The panel shall make recommendations to the Legislature, to the Department of Education, to charter schools, and to school districts for improving charter school operations and oversight and for ensuring best business practices at and fair business relationships with charter schools.

(b) The Legislature shall review the operation of charter schools during the 2005 Regular Session of the Legislature.

(22)(21) RULEMAKING.—The Department of Education, after consultation with school districts and charter school directors, shall recommend that the State Board of Education adopt rules to implement specific subsections of this section. Such rules shall require minimum paperwork and shall not limit charter school flexibility authorized by statute.

(23)(22) CHARTER SCHOOLS-IN-THE-WORKPLACE, *CHARTER SCHOOLS-IN-A-DEVELOPMENT, AND CHARTER SCHOOLS IN-A-MUNICIPALITY*.—

(a) In order to increase business partnerships in education, to reduce school and classroom overcrowding throughout the state, to encourage developers of residential and other projects to provide school infrastructure concurrent with school impacts, to promote and encourage local communities to participate in and advance the cause of neighborhood schools, and to offset the high costs for educational facilities construction, the Legislature intends to encourage the formation of business partnership schools or satellite learning centers through charter school status.

(b) A charter school-in-the-workplace may be established when a business partner provides the school facility to be used; enrolls students based upon a random lottery which involves all of the children of employees of that business or corporation who are seeking enrollment, as provided for in subsection (6); and enrolls students according to the racial/ethnic balance provisions described in subparagraph (9)(a)8. Any portion of a facility used for a public charter school shall be exempt from ad valorem taxes, as provided for in s. 235.198, for the duration of its use as a public school.

(c) A charter school-in-a-municipality designation may be granted to a municipality that possesses a charter; enrolls students based upon a random lottery that involves all of the children of the residents of that municipality who are seeking enrollment, as provided for in subsection (6); and enrolls students according to the racial/ethnic balance provisions described in subparagraph (9)(a)8. Any portion of the land and facility used for a public charter school shall be exempt from ad

valorem taxes, as provided for in s. 235.198, for the duration of its use as a public school.

(d) As used in this subsection, the terms "business partner," "employer," "developer," or "municipality" may include more than one business, employer, developer, or municipality to form a charter school-in-the-workplace, charter school-in-a-development, or charter school-in-a-municipality.

Section 13. Subsection (1) of section 228.0561, Florida Statutes, is amended to read:

228.0561 Charter schools capital outlay funding.—

(1) In each year in which funds are appropriated for charter school capital outlay purposes, the Commissioner of Education shall allocate the funds among eligible charter schools. To be eligible for a funding allocation, a charter school must meet the provisions of subsection (6), must have received final approval from its sponsor pursuant to s. 228.056 for operation during that fiscal year, and must serve students in facilities that are not provided by the charter school's sponsor. Prior to the release of capital outlay funds to a school district on behalf of the charter school, the Department of Education shall ensure that the district school board and the charter school governing board enter into a written agreement that includes provisions for the reversion of any unencumbered funds and all equipment and property purchased with public education funds to the ownership of the district school board, as provided for in subsection (3), in the event that the school terminates operations. Any funds recovered by the state shall be deposited in the General Revenue Fund. A charter school is not eligible for a funding allocation if it was created by the conversion of a public school and operates in facilities provided by the charter school's sponsor for a nominal fee or at no charge or if it is directly or indirectly operated by the school district. Unless otherwise provided in the General Appropriations Act, the funding allocation for each eligible charter school shall be determined by multiplying the school's projected student enrollment by one-fifteenth of the cost-per-student station specified in s. 235.435(6)(b) for an elementary, middle, or high school, as appropriate. If the funds appropriated are not sufficient, the commissioner shall prorate the available funds among eligible charter schools. Funds shall be distributed on the basis of the capital outlay full-time equivalent membership by grade level, which shall be calculated by averaging the results of the second and third enrollment surveys. *The Department of Education shall distribute capital outlay funds monthly, beginning in the first quarter of the fiscal year, based on one-twelfth of the amount the department reasonably expects the charter school to receive during that fiscal year. The commissioner shall adjust subsequent distributions as necessary to reflect each charter school's actual student enrollment as reflected in the second and third enrollment surveys. Sixty percent of the funds shall be distributed after the second enrollment survey, and the balance shall be distributed after the third enrollment survey. The commissioner shall adjust subsequent distributions as necessary to reflect each charter school's actual student enrollment.* The commissioner shall establish the intervals and procedures for determining the projected and actual student enrollment of eligible charter schools.

Section 14. Paragraph (d) is added to subsection (3) of section 232.425, Florida Statutes, to read:

232.425 Student standards for participation in interscholastic extracurricular student activities; regulation.—

(3)

(d) An individual charter school student pursuant to s. 228.056 is eligible to participate at the public school to which the student would be assigned according to district school attendance area policies or which the student could choose to attend, pursuant to district or interdistrict controlled open-enrollment provisions, in any interscholastic extracurricular activity of that school, unless such activity is provided by the student's charter school, if the following conditions are met:

A charter school student must be able to participate in curricular activities if that is a requirement for an extracurricular activity.*

6. *A student who transfers from a charter school program to a traditional public school before or during the first grading period of the school year is academically eligible to participate in interscholastic extracurricular activities during the first grading period if the student has a successful evaluation from the previous school year, pursuant to subparagraph 2.*

7. *Any public school or nonpublic school student who has been unable to maintain academic eligibility for participation in interscholastic extracurricular activities is ineligible to participate in such activities as a charter school student until the student has successfully completed one grading period in a charter school pursuant to subparagraph 2. to become eligible to participate as a charter school student.*

As used in this subparagraph, "SIC" means those classifications contained in the Standard Industrial Classification Manual, 1987, as published by the Office of Management and Budget, Executive Office of the President.

3. This exemption shall be applied as follows:

a. Beginning July 1, 1999, 25 percent of such charges for repair parts and labor shall be exempt.

As used in this paragraph, "SIC" means those classifications contained in the Standard Industrial Classification Manual, 1987, as published by the Office of Management and Budget, Executive Office of the President.

(bbb) People-mover systems.—People-mover systems, and parts thereof, which are purchased or manufactured by contractors employed either directly by or as agents for the United States Government, the state, a county, a municipality, a political subdivision of the state, or the public operator of a public-use airport as defined by s. 332.004(14) are exempt from the tax imposed by this chapter when the systems or parts go into or become part of publicly owned facilities. In the case of contractors who manufacture and install such systems and parts, this exemption extends to the purchase of component parts and all other manufacturing and fabrication costs. The department may provide a form to be used by contractors to provide to suppliers of people-mover systems or parts to certify the contractors' eligibility for the exemption provided under this paragraph. As used in this paragraph, "people-mover systems" includes wheeled passenger vehicles and related control and power distribution systems that are part of a transportation system for use by the general public, regardless of whether such vehicles are operator-controlled or driverless, self-propelled or propelled by external power and control systems, or conducted on roads, rails, guidebeams, or other permanent structures that are an integral part of such transportation system. "Related control and power distribution systems" includes any electrical or electronic control or signaling equipment, but does not include the embedded wiring, conduits, or cabling used to transmit electrical or electronic signals among such control equipment, power distribution equipment, signaling equipment, and wheeled vehicles.

~~(ccc) Organizations providing crime prevention, drunk driving prevention, or juvenile delinquency prevention services.—Sales or leases to any nonprofit organization that provides crime prevention services, drunk driving prevention services, or juvenile delinquency prevention services that benefit society as a whole are exempt from the tax imposed by this chapter, if the organization holds a current exemption from federal income tax under s. 501(c)(3) of the Internal Revenue Code and the organization has as its sole or primary purpose the provision of services that contribute to the prevention of hardships caused by crime, drunk driving, or juvenile delinquency.~~

Section 3. (1) *The amendments to paragraphs (ff) and (nn) of subsection (7) of section 212.08, Florida Statutes, which are made by section 2 of this act apply retroactively to July 1, 2000.*

(2) *The amendments to the introductory paragraph, to paragraph (p), and to the final, flush-left passage of subsection (7) of section 212.08, Florida Statutes, which are made by section 2 of this act are made to clarify rather than change existing law, and these amendments apply retroactively to January 1, 2001.*

Section 4. Effective upon this act becoming a law and applying retroactively to July 1, 1996, paragraph (c) of subsection (5) of section 212.08, Florida Statutes, is amended to read:

212.08 Sales, rental, use, consumption, distribution, and storage tax; specified exemptions.—The sale at retail, the rental, the use, the consumption, the distribution, and the storage to be used or consumed in this state of the following are hereby specifically exempt from the tax imposed by this chapter.

(5) EXEMPTIONS; ACCOUNT OF USE.—

(c) Machinery and equipment used in production of electrical or steam energy.—

1. The purchase of machinery and equipment for use at a fixed location which machinery and equipment are necessary in the production of electrical or steam energy resulting from the burning of boiler fuels other than residual oil is exempt from the tax imposed by this chapter. Such electrical or steam energy must be primarily for use in manufacturing, processing, compounding, or producing for sale items of tangible personal property in this state. Use of a de minimis amount of residual fuel to facilitate the burning of nonresidual fuel shall not reduce the exemption otherwise available under this paragraph.

2. In facilities where machinery and equipment are necessary to burn both residual and nonresidual fuels, the exemption shall be prorated. Such proration shall be based upon the production of electrical or steam energy from nonresidual fuels as a percentage of electrical or steam energy from all fuels. If it is determined that 15 percent or less of all electrical or steam energy generated was produced by burning residual fuel, the full exemption shall apply. Purchasers claiming a partial exemption shall obtain such exemption by refund of taxes paid, or as otherwise provided in the department's rules.

3. The department may adopt rules that provide for implementation of this exemption. Purchasers of machinery and equipment qualifying for the exemption provided in this paragraph shall furnish the *vendor*

department with an affidavit stating that the item or items to be exempted are for the use designated herein. Any person furnishing a false affidavit to the vendor for the purpose of evading payment of any tax imposed under this chapter shall be subject to the penalty set forth in s. 212.085 and as otherwise provided by law. Purchasers with self-accrual authority shall maintain all documentation necessary to prove the exempt status of purchases.

Section 5. Effective July 1, 2001, paragraphs (b), (d), and (f) of subsection (5) of section 212.08, Florida Statutes, are amended to read:

212.08 Sales, rental, use, consumption, distribution, and storage tax; specified exemptions.—The sale at retail, the rental, the use, the consumption, the distribution, and the storage to be used or consumed in this state of the following are hereby specifically exempt from the tax imposed by this chapter.

(5) EXEMPTIONS; ACCOUNT OF USE.—

(b) Machinery and equipment used to increase productive output.—

1. Industrial machinery and equipment purchased for exclusive use by a new business in spaceport activities as defined by s. 212.02 or for use in new businesses which manufacture, process, compound, or produce for sale items of tangible personal property at fixed locations are exempt from the tax imposed by this chapter upon an affirmative showing by the taxpayer to the satisfaction of the department that such items are used in a new business in this state. Such purchases must be made prior to the date the business first begins its productive operations, and delivery of the purchased item must be made within 12 months of that date.

2.a. Industrial machinery and equipment purchased for exclusive use by an expanding facility which is engaged in spaceport activities as defined by s. 212.02 or for use in expanding manufacturing facilities or plant units which manufacture, process, compound, or produce for sale items of tangible personal property at fixed locations in this state are exempt from any amount of tax imposed by this chapter in excess of \$50,000 per calendar year upon an affirmative showing by the taxpayer to the satisfaction of the department that such items are used to increase the productive output of such expanded facility or business by not less than 10 percent.

b. Notwithstanding any other provision of this section, industrial machinery and equipment purchased for use in expanding printing manufacturing facilities or plant units that manufacture, process, compound, or produce for sale items of tangible personal property at fixed locations in this state are exempt from any amount of tax imposed by this chapter upon an affirmative showing by the taxpayer to the satisfaction of the department that such items are used to increase the productive output of such an expanded business by not less than 10 percent.

3.a. To receive an exemption provided by subparagraph 1. or subparagraph 2., a qualifying business entity shall apply to the department for a temporary tax exemption permit. The application shall state that a new business exemption or expanded business exemption is being sought. Upon a tentative affirmative determination by the department pursuant to subparagraph 1. or subparagraph 2., the department shall issue such permit.

b. The applicant shall be required to maintain all necessary books and records to support the exemption. Upon completion of purchases of qualified machinery and equipment pursuant to subparagraph 1. or subparagraph 2., the temporary tax permit shall be delivered to the department or returned to the department by certified or registered mail.

c. If, in a subsequent audit conducted by the department, it is determined that the machinery and equipment purchased as exempt under subparagraph 1. or subparagraph 2. did not meet the criteria mandated by this paragraph or if commencement of production did not occur, the amount of taxes exempted at the time of purchase shall immediately be due and payable to the department by the business entity, together with the appropriate interest and penalty, computed from the date of purchase, in the manner prescribed by this chapter.

d. In the event a qualifying business entity fails to apply for a temporary exemption permit or if the tentative determination by the department required to obtain a temporary exemption permit is negative, a qualifying business entity shall receive the exemption provided in subparagraph 1. or subparagraph 2. through a refund of previously paid taxes. No refund may be made for such taxes unless the criteria mandated by subparagraph 1. or subparagraph 2. have been met and commencement of production has occurred.

4. The department shall promulgate rules governing applications for, issuance of, and the form of temporary tax exemption permits; provisions for recapture of taxes; and the manner and form of refund applications and may establish guidelines as to the requisites for an affirmative showing of increased productive output, commencement of production, and qualification for exemption.

5. The exemptions provided in subparagraphs 1. and 2. do not apply to machinery or equipment purchased or used by electric utility companies, communications companies, oil or gas exploration or production operations, publishing firms that do not export at least 50 percent of their finished product out of the state, any firm subject to regulation by the Division of Hotels and Restaurants of the Department of Business and Professional Regulation, or any firm which does not manufacture, process, compound, or produce for sale items of tangible personal property or which does not use such machinery and equipment in spaceport activities as required by this paragraph. The exemptions provided in subparagraphs 1. and 2. shall apply to machinery and equipment purchased for use in phosphate or other solid minerals severance, mining, or processing operations only by way of a prospective credit against taxes due under chapter 211 for taxes paid under this chapter on such machinery and equipment.

6. For the purposes of the exemptions provided in subparagraphs 1. and 2., these terms have the following meanings:

a. “Industrial machinery and equipment” means *tangible personal property or other property that has a depreciable life of 3 years or more and that is used as an integral part in the manufacturing, processing, compounding, or production of tangible personal property for sale or is exclusively used in spaceport activities. A building and its structural components are not industrial machinery and equipment unless the building or structural component is so closely related to the industrial machinery and equipment that it houses or supports that the building or structural component can be expected to be replaced when the machinery and equipment itself is replaced. Heating and air conditioning systems are not industrial machinery and equipment, unless the sole justification for their installation is to meet the requirements of the production process, even though the system may provide incidental comfort to employees or serves, to an insubstantial degree, nonproduction activities.* ~~“section 38 property” as defined in s. 48(a)(1)(A) and (B)(i) of the Internal Revenue Code, provided “industrial machinery and equipment” shall be construed by regulations adopted by the Department of Revenue to mean tangible property used as an integral part of spaceport activities or of the manufacturing, processing, compounding, or producing for sale of items of tangible personal property.~~ Such term includes parts and accessories only to the extent that the exemption thereof is consistent with the provisions of this paragraph.

b. “Productive output” means the number of units actually produced by a single plant or operation in a single continuous 12-month period, irrespective of sales. Increases in productive output shall be measured by the output for 12 continuous months immediately following the completion of installation of such machinery or equipment over the output for the 12 continuous months immediately preceding such installation. However, if a different 12-month continuous period of time would more accurately reflect the increase in productive output of machinery and equipment purchased to facilitate an expansion, the increase in productive output may be measured during that 12-month continuous period of time if such time period is mutually agreed upon by the Department of Revenue and the expanding business prior to the commencement of production; provided, however, in no case may such time period begin later than 2 years following the completion of installation of the new machinery and equipment. The units used to

measure productive output shall be physically comparable between the two periods, irrespective of sales.

(d) Machinery and equipment used under federal procurement contract.—

1. Industrial machinery and equipment purchased by an expanding business which manufactures tangible personal property pursuant to federal procurement regulations at fixed locations in this state are partially exempt from the tax imposed in this chapter on that portion of the tax which is in excess of \$100,000 per calendar year upon an affirmative showing by the taxpayer to the satisfaction of the department that such items are used to increase the implicit productive output of the expanded business by not less than 10 percent. The percentage of increase is measured as deflated implicit productive output for the calendar year during which the installation of the machinery or equipment is completed or during which commencement of production utilizing such items is begun divided by the implicit productive output for the preceding calendar year. In no case may the commencement of production begin later than 2 years following completion of installation of the machinery or equipment.

2. The amount of the exemption allowed shall equal the taxes otherwise imposed by this chapter in excess of \$100,000 per calendar year on qualifying industrial machinery or equipment reduced by the percentage of gross receipts from cost-reimbursement type contracts attributable to the plant or operation to total gross receipts so attributable, accrued for the year of completion or commencement.

3. The exemption provided by this paragraph shall inure to the taxpayer only through refund of previously paid taxes. Such refund shall be made within 30 days of formal approval by the department of the taxpayer's application, which application may be made on an annual basis following installation of the machinery or equipment.

4. For the purposes of this paragraph, the term:

a. "Cost-reimbursement type contracts" has the same meaning as in 32 C.F.R. s. 3-405.

b. "Deflated implicit productive output" means the product of implicit productive output times the quotient of the national defense implicit price deflator for the preceding calendar year divided by the deflator for the year of completion or commencement.

c. "Eligible costs" means the total direct and indirect costs, as defined in 32 C.F.R. ss. 15-202 and 15-203, excluding general and administrative costs, selling expenses, and profit, defined by the uniform cost-accounting standards adopted by the Cost-Accounting Standards Board created pursuant to 50 U.S.C. s. 2168.

d. "Implicit productive output" means the annual eligible costs attributable to all contracts or subcontracts subject to federal procurement regulations of the single plant or operation at which the machinery or equipment is used.

e. "Industrial machinery and equipment" means *tangible personal property, or other property, that has a depreciable life of 3 years or more, that qualifies as an eligible cost under federal procurement regulations, and that is used as an integral part of the process of production of tangible personal property. A building and its structural components are not industrial machinery and equipment unless the building or structural component is so closely related to the industrial machinery and equipment that it houses or supports that the building or structural component can be expected to be replaced when the machinery and equipment itself is replaced. Heating and air conditioning systems are not industrial machinery and equipment, unless the sole justification for their installation is to meet the requirements of the production process, even though the system may provide incidental comfort to employees or serves, to an insubstantial degree, nonproduction activities.* ~~"section 38 property" as defined in s. 48(a)(1)(A) and (B)(i) of the Internal Revenue Code, provided such industrial machinery and equipment qualified as an eligible cost under federal procurement regulations and are used as an integral part of the tangible personal property production process.~~ Such term includes parts and accessories only to the extent that the

exemption of such parts and accessories is consistent with the provisions of this paragraph.

f. "National defense implicit price deflator" means the national defense implicit price deflator for the gross national product as determined by the Bureau of Economic Analysis of the United States Department of Commerce.

5. The exclusions provided in subparagraph (b)5. apply to this exemption. This exemption applies only to machinery or equipment purchased pursuant to production contracts with the United States Department of Defense and Armed Forces, the National Aeronautics and Space Administration, and other federal agencies for which the contracts are classified for national security reasons. In no event shall the provisions of this paragraph apply to any expanding business the increase in productive output of which could be measured under the provisions of sub-subparagraph (b)6.b. as physically comparable between the two periods.

(f) Motion picture or video equipment used in motion picture or television production activities and sound recording equipment used in the production of master tapes and master records.—

1. Motion picture or video equipment and sound recording equipment purchased or leased for use in this state in production activities is exempt from the tax imposed by this chapter. The exemption provided by this paragraph shall inure to the taxpayer upon presentation of the certificate of exemption issued to the taxpayer under the provisions of s. 288.1258.

2. For the purpose of the exemption provided in subparagraph 1.:

a. "Motion picture or video equipment" and "sound recording equipment" includes only *tangible personal property, or other property, that has a depreciable life of 3 years or more and equipment meeting the definition of "section 38 property" as defined in s. 48(a)(1)(A) and (B)(i) of the Internal Revenue Code that is used by the lessee or purchaser exclusively as an integral part of production activities; however, motion picture or video equipment and sound recording equipment does not include supplies, tape, records, film, or video tape used in productions or other similar items; vehicles or vessels; or general office equipment not specifically suited to production activities. In addition, the term does not include equipment purchased or leased by television or radio broadcasting or cable companies licensed by the Federal Communications Commission. Furthermore, a building and its structural components are not motion picture or video equipment and sound recording equipment unless the building or structural component is so closely related to the motion picture or video equipment and sound recording equipment that it houses or supports that the building or structural component can be expected to be replaced when the motion picture or video equipment and sound recording equipment itself is replaced. Heating and air conditioning systems are not motion picture or video equipment and sound recording equipment, unless the sole justification for their installation is to meet the requirements of the production activities, even though the system may provide incidental comfort to employees or serves, to an insubstantial degree, nonproduction activities.*

b. "Production activities" means activities directed toward the preparation of a:

(I) Master tape or master record embodying sound; or

(II) Motion picture or television production which is produced for theatrical, commercial, advertising, or educational purposes and utilizes live or animated actions or a combination of live and animated actions. The motion picture or television production shall be commercially produced for sale or for showing on screens or broadcasting on television and may be on film or video tape.

Section 6. (1) *It is the intent of the Legislature to provide guidance in tax matters which is current and useful. Accordingly, the continued reference to a federal regulation that no longer exists causes confusion and an undue burden on persons affected by section 212.08, Florida Statutes.*

(2) *It is the purpose of the amendment to section 212.08(5)(b), (d), and (f), Florida Statutes, by this act to replace specific references therein to "section 38 property" as defined in s. 48(a)(1)(A) and (B)(i) of the Internal Revenue Code with a general description of such property, and such new description shall have the same meaning as the former federal Internal Revenue Code regulation without limitation.*

Section 7. Effective July 1, 2001, subsection (10) of section 212.08, Florida Statutes, is amended to read:

212.08 Sales, rental, use, consumption, distribution, and storage tax; specified exemptions.—The sale at retail, the rental, the use, the consumption, the distribution, and the storage to be used or consumed in this state of the following are hereby specifically exempt from the tax imposed by this chapter.

(10) PARTIAL EXEMPTION; MOTOR VEHICLE SOLD TO RESIDENT OF ANOTHER STATE.—

(a) The tax collected on the sale of a new or used motor vehicle in this state to a resident of another state shall be an amount equal to the sales tax which would be imposed on such sale under the laws of the state of which the purchaser is a resident, except that such tax shall not exceed the tax that would otherwise be imposed under this chapter. At the time of the sale, the purchaser shall execute a notarized statement of his or her intent to license the vehicle in the state of which the purchaser is a resident within 45 days of the sale and of the fact of the payment to the State of Florida of a sales tax in an amount equivalent to the sales tax of his or her state of residence and shall submit the statement to the appropriate sales tax collection agency in his or her state of residence. Nothing in this subsection shall be construed to require the removal of the vehicle from this state following the filing of an intent to license the vehicle in the purchaser's home state if the purchaser licenses the vehicle in his or her home state within 45 days after the date of sale.

(b) *Notwithstanding the partial exemption allowed in paragraph (a), a vehicle is subject to this state's sales tax at the applicable state sales tax rate plus authorized surtaxes when the vehicle is purchased by a nonresident corporation or partnership and:*

1. *An officer of the corporation is a resident of this state;*
2. *A stockholder of the corporation who owns at least 10 percent of the corporation is a resident of this state; or*
3. *A partner in the partnership who has at least 10 percent ownership is a resident of this state.*

However, if the vehicle is removed from this state within 45 days after purchase and remains outside the state for a minimum of 180 days, the vehicle may qualify for the partial exemption allowed in paragraph (a) despite the residency of owners or stockholders of the purchasing entity.

Section 8. Effective July 1, 2001, paragraph (b) of subsection (14) of section 212.06, Florida Statutes, is amended to read:

212.06 Sales, storage, use tax; collectible from dealers; "dealer" defined; dealers to collect from purchasers; legislative intent as to scope of tax.—

(14) For the purpose of determining whether a person is improving real property, the term:

(b) "Fixtures" means items that are an accessory to a building, other structure, or land and that do not lose their identity as accessories when installed but that do become permanently attached to realty. However, the term does not include the following items, whether or not such items are attached to real property in a permanent manner: ~~trade fixtures~~; property of a type that is required to be registered, licensed, titled, or documented by this state or by the United States Government, including, but not limited to, mobile homes, except mobile homes assessed as real property; or *industrial machinery or equipment. For purposes of this paragraph, industrial machinery or equipment is not limited to machinery and equipment used to manufacture, process, compound, or produce tangible personal property.* For an item to be considered a fixture, it is not necessary that the owner of the item also own the real property to which it is attached.

Section 9. *It is the intent of the Legislature that the amendment to section 212.06(14)(b), Florida Statutes, relating to industrial machinery or equipment, which is made by section 7 of this act is remedial in nature and merely clarifies existing law.*

Section 10. Paragraph (a) of subsection (8) and subsection (9) of section 212.08, Florida Statutes, are amended to read:

212.08 Sales, rental, use, consumption, distribution, and storage tax; specified exemptions.—The sale at retail, the rental, the use, the consumption, the distribution, and the storage to be used or consumed in this state of the following are hereby specifically exempt from the tax imposed by this chapter.

(8) PARTIAL EXEMPTIONS; VESSELS ENGAGED IN INTERSTATE OR FOREIGN COMMERCE.—

(a) The sale or use of vessels and parts thereof used to transport persons or property in interstate or foreign commerce, including commercial fishing vessels, is subject to the taxes imposed in this chapter only to the extent provided herein. The basis of the tax shall be the ratio of intrastate mileage to interstate or foreign mileage traveled by the carrier's vessels which were used in interstate or foreign commerce and which had at least some Florida mileage during the previous fiscal year. The ratio would be determined at the close of the carrier's fiscal year. *However, during the fiscal year in which the vessel begins its initial operations in this state, the vessel's mileage apportionment factor may be determined on the basis of an estimated ratio of anticipated miles in this state to anticipated total miles for that year, and, subsequently, additional tax must be paid on the vessel, or a refund may be applied for, on the basis of the actual ratio of the vessel's miles in this state to its total miles for that year.* This ratio shall be applied each month to the total Florida purchases of such vessels and parts thereof which are used in Florida to establish that portion of the total used and consumed in intrastate movement and subject to the tax at the applicable rate. The basis for imposition of any discretionary surtax shall be as set forth in s. 212.054. Items, appropriate to carry out the purposes for which a vessel is designed or equipped and used, purchased by the owner, operator, or agent of a vessel for use on board such vessel shall be deemed to be parts of the vessel upon which the same are used or consumed. Vessels and parts thereof used to transport persons or property in interstate and foreign commerce are hereby determined to be susceptible to a distinct and separate classification for taxation under the provisions of this chapter. Vessels and parts thereof used exclusively in intrastate commerce do not qualify for the proration of tax.

(9) PARTIAL EXEMPTIONS; RAILROADS AND MOTOR VEHICLES ENGAGED IN INTERSTATE OR FOREIGN COMMERCE.—

(a) Railroads which are licensed as common carriers by the *Surface Transportation Board Interstate Commerce Commission* and parts thereof used to transport persons or property in interstate or foreign commerce are subject to tax imposed in this chapter only to the extent provided herein. The basis of the tax shall be the ratio of intrastate mileage to interstate or foreign mileage traveled by the carrier during the previous fiscal year of the carrier. Such ratio is to be determined at the close of the carrier's fiscal year. *However, during the fiscal year in which the railroad begins its initial operations in this state, the railroad's mileage apportionment factor may be determined on the basis of an estimated ratio of anticipated miles in this state to anticipated total miles for that year, and, subsequently, additional tax must be paid on the railroad, or a refund may be applied for, on the basis of the actual ratio of the railroad's miles in this state to its total miles for that year.* This ratio shall be applied each month to the ~~Florida total~~ purchases of the railroad which are used in this state to establish that portion of the total used and consumed in intrastate movement and subject to tax under this chapter. The basis for imposition of any discretionary surtax is set forth in s. 212.054. Railroads which are licensed as common carriers by the *Surface Transportation Board Interstate Commerce Commission* and parts thereof used to transport persons or property in interstate and foreign commerce are hereby determined to be susceptible to a distinct

and separate classification for taxation under the provisions of this chapter.

(b) Motor vehicles which are engaged in interstate commerce as common carriers, and parts thereof, used to transport persons or property in interstate or foreign commerce are subject to tax imposed in this chapter only to the extent provided herein. The basis of the tax shall be the ratio of intrastate mileage to interstate or foreign mileage traveled by the carrier's motor vehicles which were used in interstate or foreign commerce and which had at least some Florida mileage during the previous fiscal year of the carrier. Such ratio is to be determined at the close of the carrier's fiscal year. *However, during the fiscal year in which the carrier begins its initial operations in this state, the carrier's mileage apportionment factor may be determined on the basis of an estimated ratio of anticipated miles in this state to anticipated total miles for that year, and, subsequently, additional tax must be paid on the carrier, or a refund may be applied for, on the basis of the actual ratio of the carrier's miles in this state to its total miles for that year.* This ratio shall be applied each month to the Florida ~~total~~ purchases of such motor vehicles and parts thereof which are used in this state to establish that portion of the total used and consumed in intrastate movement and subject to tax under this chapter. The basis for imposition of any discretionary surtax is set forth in s. 212.054. Motor vehicles which are engaged in interstate commerce, and parts thereof, used to transport persons or property in interstate and foreign commerce are hereby determined to be susceptible to a distinct and separate classification for taxation under the provisions of this chapter. Motor vehicles and parts thereof used exclusively in intrastate commerce do not qualify for the proration of tax. For purposes of this paragraph, parts of a motor vehicle engaged in interstate commerce include a separate tank not connected to the fuel supply system of the motor vehicle into which diesel fuel is placed to operate a refrigeration unit or other equipment.

Section 11. Subsection (5) is added to section 212.11, Florida Statutes, to read:

212.11 Tax returns and regulations.—

(5)(a) *Each dealer that claims any credits granted in this chapter against that dealer's sales and use tax liabilities, which credits are granted by reason of the dealer's hiring employees, purchasing property, improving property, paying increased ad valorem taxes, operating a business, or otherwise engaging in activity in an urban high-crime area, an enterprise zone, an empowerment zone, a Front Porch Community, a designated brownfield area, or an urban infill area, must submit to the department with the return on which such credits are claimed a report in a format prescribed by the department which provides the information and documentation required to verify the dealer's entitlement to the credits. All information must be broken down by the urban high-crime area, enterprise zone, empowerment zone, Front Porch Community, designated brownfield area, or urban infill area to which it relates. In the case of any credit that is granted in the form of a refund of previously paid taxes, supporting documentation must be provided with the application for refund.*

(b) *The department may adopt rules prescribing the form in which the report required by this subsection is to be submitted, which form may include magnetic tape or other means of electronic transmission.*

(c) *The department shall disallow any credit that is not supported by the report required by this subsection.*

Section 12. If the amendment to subsection (6) of section 212.20, Florida Statutes, by section 35 of chapter 2000-260, Laws of Florida, does not take effect, paragraph (e) of subsection (6) of section 212.20, Florida Statutes, is amended to read:

(g) "Lease," "let," or "rental" also means the leasing or rental of tangible personal property and the possession or use thereof by the lessee or rentee for a consideration, without transfer of the title of such property, except as expressly provided to the contrary herein. The term "lease," "let," or "rental" does not mean hourly, daily, or mileage charges, to the extent that such charges are subject to the jurisdiction of the ~~Surface Transportation Board United States Interstate Commerce Commission~~, when such charges are paid by reason of the presence of railroad cars owned by another on the tracks of the taxpayer, or charges made pursuant to car service agreements. *The terms "lease," "let," "rental," or "license" do not include payments by a regional transmission organization operating under the jurisdiction of the Federal Energy Regulatory Commission which are made to an electric utility in connection with the regional transmission organization's use or control of the utility's high-voltage bulk transmission facilities.* However, where two taxpayers, in connection with the interchange of facilities, rent or lease property, each to the other, for use in providing or furnishing any of the services mentioned in s. 166.231, the term "lease or rental" means only the net amount of rental involved.

9. Property used as an integral part of the performance of qualified production services. For purposes of this subparagraph, the term "sale" shall not include the leasing of tangible personal property.

11. Property occupied pursuant to an instrument calling for payments which the department has declared, in a Technical Assistance Advisement issued on or before March 15, 1993, to be nontaxable

Property shall be deemed to be used or occupied predominantly for space flight business purposes if more than 50 percent of the property, or improvements thereon, is used for one or more space flight business purposes. Possession by a landlord, lessor, or licensor of a signed written statement from the tenant, lessee, or licensee claiming the exemption shall relieve the landlord, lessor, or licensor from the responsibility of collecting the tax, and the department shall look solely to the tenant, lessee, or licensee for recovery of such tax if it determines that the exemption was not applicable.

Section 34. Subsection (1) and paragraph (a) of subsection (2) of section 201.08, Florida Statutes, are amended to read:

201.08 Tax on promissory or nonnegotiable notes, written obligations to pay money, or assignments of wages or other compensation; exception.—

(1)(a) On promissory notes, nonnegotiable notes, written obligations to pay money, or assignments of salaries, wages, or other compensation made, executed, delivered, sold, transferred, or assigned in the state, and for each renewal of the same, the tax shall be 35 cents on each \$100 or fraction thereof of the indebtedness or obligation evidenced thereby. *The tax on any document described in this paragraph shall not exceed \$2,450.*

(b) On mortgages, trust deeds, security agreements, or other evidences of indebtedness filed or recorded in this state, and for each renewal of the same, the tax shall be 35 cents on each \$100 or fraction thereof of the indebtedness or obligation evidenced thereby. Mortgages, including, but not limited to, mortgages executed without the state and recorded in the state, which incorporate the certificate of indebtedness, not otherwise shown in separate instruments, are subject to the same tax at the same rate. When there is both a mortgage, trust deed, or security agreement and a note, certificate of indebtedness, or obligation, the tax shall be paid on the mortgage, trust deed, or security agreement at the time of recordation. A notation shall be made on the note, certificate of indebtedness, or obligation that the tax has been paid on the mortgage, trust deed, or security agreement. If the mortgage, trust deed, security agreement, or other evidence of indebtedness subject to the tax levied by this section secures future advances, as provided in s. 697.04, the tax shall be paid at the time of recordation on the initial debt or obligation secured, excluding future advances; at the time and so often as any future advance is made, the tax shall be paid on all sums then advanced regardless of where such advance is made. Notwithstanding the aforesaid general rule, any increase in the amount of original indebtedness caused by interest accruing under an adjustable rate note or mortgage having an initial interest rate adjustment interval of not less than 6 months shall be taxable as a future advance only to the extent such increase is a computable sum certain when the document is executed. Failure to pay the tax shall not affect the lien for any such future advance given by s. 697.04, but any person who fails or refuses to pay such tax due by him or her is guilty of a misdemeanor of the first degree. The mortgage, trust deed, or other instrument shall not be enforceable in any court of this state as to any such advance unless and until the tax due thereon upon each advance that may have been made thereunder has been paid.

(2)(a) On promissory notes, nonnegotiable notes, written obligations to pay money, or other compensation, made, executed, delivered, sold, transferred, or assigned in the state, in connection with sales made under retail charge account services, incident to sales which are not conditional in character and which are not secured by mortgage or other pledge of purchaser, the tax shall be 35 cents on each \$100 or fraction thereof of the gross amount of the indebtedness evidenced by such instruments, payable quarterly on such forms and under such rules and regulations as may be promulgated by the Department of Revenue. *The tax on any document described in this paragraph shall not exceed \$2,450.*

Section 35. Effective upon this act becoming a law and applying retroactively to December 21, 2000, section 443.1315, Florida Statutes, is created to read:

443.1315 Treatment of Indian tribes.—

(1) As used in this section, the term:

(a) “Employer” includes any Indian tribe for which service in employment as defined by this chapter is performed.

(b) “Employment” includes service performed in the employ of an Indian tribe, as defined by s. 3306(u) of the Federal Unemployment Tax Act, provided such service is excluded from “employment,” as defined by that act, solely by reason of s. 3306(c)(7) of said act and is not otherwise excluded from “employment” under this chapter. For purposes of this section, the exclusions from employment under s. 443.036(21)(d) shall be applicable to services performed in the employ of an Indian tribe.

(2) Benefits based on service in employment, as defined by this section, shall be payable in the same amount, on the same terms, and subject to the same conditions as benefits payable on the basis of other service subject to this chapter.

(3)(a) Indian tribes or tribal units, including subdivisions, subsidiaries, or business enterprises wholly owned by such Indian tribes, subject to this chapter shall pay contributions under the same terms and conditions as all other subject employers, unless they elect to pay into the Unemployment Compensation Trust Fund amounts equal to the amount of benefits attributable to service in the employ of the Indian tribe.

(b) Indian tribes electing to make payments in lieu of contributions must make such election in the same manner and under the same conditions as provided by s. 443.131 for state and local governments and nonprofit organizations subject to this chapter. Indian tribes shall determine if reimbursement for benefits paid will be elected by the tribe as a whole, by individual tribal units, or by combinations of individual tribal units.

(c) Indian tribes or tribal units shall be billed for the full amount of benefits attributable to service in the employ of the Indian tribe or tribal unit on the same schedule as other employing units that have elected to make payments in lieu of contributions.

(d) At the discretion of the director of the Agency for Workforce Innovation or his or her designee, any Indian tribe or tribal unit that elects to become liable for payments in lieu of contributions shall be required, within 90 days after the effective date of its election, to:

1. Execute and file with the director or his or her designee a surety bond approved by the director or his or her designee; or

2. Deposit with the director or his or her designee money or securities on the same basis as other employers with the same election option.

(4)(a)1. Failure of the Indian tribe or tribal unit to make required payments, including assessments of interest and penalty, within 90 days after receipt of the bill, will cause the Indian tribe to lose the option to make payments in lieu of contributions, as described in subsection (3), for the following tax year, unless payment in full is received before contribution rates for the next tax year are computed.

2. Any Indian tribe that loses the option to make payments in lieu of contributions due to late payment or nonpayment, as described in subparagraph 1., shall have such option reinstated if, after a period of 1 year, all contributions have been made timely, provided no contributions, payments in lieu of contributions for benefits paid, penalties, or interest remain outstanding.

(b)1. Failure of the Indian tribe or any tribal unit thereof to make required payments, including assessments of interest and penalty, after all collection activities deemed necessary by the director of the Agency for Workforce Innovation or his or her designee have been exhausted, will cause services performed for such tribe to not be treated as “employment” for purposes of paragraph (1)(b).

2. The director or his or her designee may determine that any Indian tribe that loses coverage under subparagraph 1. may have services performed for such tribe again included as “employment” for purposes of paragraph (1)(b) if all contributions, payments in lieu of contributions, penalties, and interest have been paid.

(c) If an Indian tribe fails to make payments required under this section, including assessments of interest and penalty, within 90 days after a final notice of delinquency, the director of the Agency for Workforce Innovation shall immediately notify the United States Internal Revenue Service and the United States Department of Labor.

(5) Notices of payment and reporting delinquency to Indian tribes or their tribal units shall include information that failure to make full payment within the prescribed timeframe:

(a) Will cause the Indian tribe to be liable for taxes under the Federal Unemployment Tax Act.

(b) Will cause the Indian tribe to lose the option to make payments in lieu of contributions.

(c) Could cause the Indian tribe to be excepted from the definition of “employer,” as provided in paragraph (1)(a), and services in the employ of the Indian tribe, as provided in paragraph (1)(b), to be excepted from “employment.”

(6) Extended benefits paid that are attributable to service in the employ of an Indian tribe and not reimbursed by the Federal Government shall be financed in their entirety by such Indian tribe.

(7) The Agency for Workforce Innovation is authorized to adopt any rules it deems necessary to implement this section.

Section 36. Paragraph (e) of subsection (3) of section 443.131, Florida Statutes, is amended to read:

443.131 Contributions.—

(3) CONTRIBUTION RATES BASED ON BENEFIT EXPERIENCE.—

(e)1. Variations from the standard rate of contributions shall be assigned with respect to each calendar year to employers eligible therefor. In determining the contribution rate, varying from the standard rate to be assigned each employer, adjustment factors provided for in sub-subparagraphs a.-c. will be added to the benefit ratio. This addition will be accomplished in two steps by adding a variable adjustment factor and a final adjustment factor as defined below. The sum of these adjustment factors provided for in sub-subparagraphs a.-c. will first be algebraically summed. The sum of these adjustment factors will then be divided by a gross benefit ratio to be determined as follows: Total benefit payments for the previous 3 years, as defined in subparagraph (b)1., charged to employers eligible to be assigned a contribution rate different from the standard rate minus excess payments for the same period divided by taxable payroll entering into the computation of individual benefit ratios for the calendar year for which the contribution rate is being computed. The ratio of the sum of the adjustment factors provided for in sub-subparagraphs a.-c. to the gross benefit ratio will be multiplied by each individual benefit ratio below the maximum tax rate to obtain variable adjustment factors; except that in any instance in which the sum of an employer’s individual benefit ratio and variable adjustment factor exceeds the maximum tax rate, the variable adjustment factor will be reduced so that the sum equals the maximum tax rate. The variable adjustment factor of each such employer will be multiplied by his or her taxable payroll entering into the computation of his or her benefit ratio. The sum of these products will be divided by the taxable payroll of such employers that entered into the computation of their benefit ratios. The resulting ratio will be subtracted from the sum of the adjustment factors provided for in sub-subparagraphs a.-c. to obtain the final adjustment factor. The variable adjustment factors and the final adjustment factor will be computed to five decimal places and rounded to the fourth decimal place. This final adjustment factor will be added to the variable adjustment factor and benefit ratio of each employer to obtain each employer’s

contribution rate; however, at no time shall an employer's contribution rate be rounded to less than 0.1 percent.

a. An adjustment factor for noncharge benefits will be computed to the fifth decimal place, and rounded to the fourth decimal place, by dividing the amount of benefit payments noncharged in the 3 preceding years as defined in subparagraph (b)1. by the taxable payroll of employers eligible to be considered for assignment of a contribution rate different from the standard rate that have a benefit ratio for the current year less than the maximum contribution rate. The taxable payroll of such employers will be the taxable payrolls for the 3 years ending June 30 of the current calendar year that had been reported to the division by September 30 of the same calendar year. Noncharge benefits for the purpose of this section shall be defined as benefit payments to an individual which were paid from the Unemployment Compensation Trust Fund but which were not charged to the unemployment record of any employer.

b. An excess payments adjustment factor will be computed to the fifth decimal place, and rounded to the fourth decimal place, by dividing the total excess payments during the 3 preceding years as defined in subparagraph (b)1. by the taxable payroll of employers eligible to be considered for assignment of a contribution rate different from the standard rate that have a benefit ratio for the current year less than the maximum contribution rate. The taxable payroll of such employers will be the same as used in computing the noncharge adjustment factor as described in sub-subparagraph a. The term "excess payments" for the purpose of this section is defined as the amount of benefit payments charged to the employment record of an employer during the 3 preceding years, as defined in subparagraph (b)1., less the product of the maximum contribution rate and his or her taxable payroll for the 3 years ending June 30 of the current calendar year that had been reported to the division by September 30 of the same calendar year. The term "total excess payments" is defined as the sum of the individual employer excess payments for those employers that were eligible to be considered for assignment of a contribution rate different from the standard rate.

c. If the balance in the Unemployment Compensation Trust Fund as of June 30 of the calendar year immediately preceding the calendar year for which the contribution rate is being computed is less than 3.74 percent of the taxable payrolls for the year ending June 30 as reported to the division by September 30 of that calendar year, a positive adjustment factor will be computed. Such adjustment factor shall be computed annually to the fifth decimal place, and rounded to the fourth decimal place, by dividing the sum of the total taxable payrolls for the year ending June 30 of the current calendar year as reported to the division by September 30 of such calendar year into a sum equal to one-fourth of the difference between the amount in the fund as of June 30 of such calendar year and the sum of 4.75 percent of the total taxable payrolls for that year. Such adjustment factor will remain in effect in subsequent years until a balance in the Unemployment Compensation Trust Fund as of June 30 of the year immediately preceding the effective date of such contribution rate equals or exceeds 3.74 percent of the taxable payrolls for the year ending June 30 of the current calendar year as reported to the division by September 30 of that calendar year. If the balance in the Unemployment Compensation Trust Fund as of June 30 of the year immediately preceding the calendar year for which the contribution rate is being computed exceeds 4.75 percent of the taxable payrolls for the year ending June 30 of the current calendar year as reported to the division by September 30 of that calendar year, a negative adjustment factor will be computed. Such adjustment factor shall be computed annually to the fifth decimal place, and rounded to the fourth decimal place, by dividing the sum of the total taxable payrolls for the year ending June 30 of the current calendar year as reported to the division by September 30 of such calendar year into a sum equal to one-fourth of the difference between the amount in the fund as of June 30 of the current calendar year and 4.75 percent of the total taxable payrolls of such year. 2. In the event of the transfer of employment records to an employing unit pursuant to paragraph (g) which, prior to such transfer, was an employer, the division shall recompute a benefit ratio for the successor employer on the basis of the combined employment records and reassign an appropriate contribution rate to such successor employer as of the beginning of the calendar quarter immediately following the effective date of such transfer of employment records.

Upon completion of purchases of qualified machinery and equipment pursuant to subparagraph 1. or subparagraph 2., the temporary tax permit shall be delivered to the department or returned to the department by certified or registered mail.

c. If, in a subsequent audit conducted by the department, it is determined that the machinery and equipment purchased as exempt under subparagraph 1. or subparagraph 2. did not meet the criteria mandated by this paragraph or if commencement of production did not

occur, the amount of taxes exempted at the time of purchase shall immediately be due and payable to the department by the business entity, together with the appropriate interest and penalty, computed from the date of purchase, in the manner prescribed by this chapter.

"Industrial machinery and equipment" means *tangible personal property or other property that has a depreciable life of 3 years or more and that is used as an integral part in the manufacturing, processing, compounding, or production of tangible personal property for sale or is exclusively used in spaceport activities. A building and its structural components are not industrial machinery and equipment unless the building or structural component is so closely related to the industrial machinery and equipment that it houses or supports that the building or structural component can be expected to be replaced when the machinery and equipment itself is replaced. Heating and air conditioning systems are not industrial machinery and equipment, unless the sole justification for their installation is to meet the requirements of the production process, even though the system may provide incidental comfort to employees or serves, to an insubstantial degree, nonproduction activities.* ~~"section 38 property" as defined in s. 48(a)(1)(A) and (B)(i) of the Internal Revenue Code, provided "industrial machinery and equipment" shall be construed by regulations adopted by the Department of Revenue to mean tangible property used as an integral part of spaceport activities or of the manufacturing, processing, compounding, or producing for sale of items of tangible personal property.~~ Such term includes parts and accessories only to the extent that the exemption thereof is consistent with the provisions of this paragraph.

b. "Productive output" means the number of units actually produced by a single plant or operation in a single continuous 12-month period, irrespective of sales. Increases in productive output shall be measured by the output for 12 continuous months immediately following the completion of installation of such machinery or equipment over the output for the 12 continuous months immediately preceding such installation. However, if a different 12-month continuous period of time would more accurately reflect the increase in productive output of machinery and equipment purchased to facilitate an expansion, the increase in productive output may be measured during that 12-month continuous period of time if such time period is mutually agreed upon

by the Department of Revenue and the expanding business prior to the commencement of production; provided, however, in no case may such time period begin later than 2 years following the completion of installation of the new machinery and equipment. The units used to measure productive output shall be physically comparable between the two periods, irrespective of sales.

(d) Machinery and equipment used under federal procurement contract.—

1. Industrial machinery and equipment purchased by an expanding business which manufactures tangible personal property pursuant to federal procurement regulations at fixed locations in this state are partially exempt from the tax imposed in this chapter on that portion of the tax which is in excess of \$100,000 per calendar year upon an affirmative showing by the taxpayer to the satisfaction of the department that such items are used to increase the implicit productive output of the expanded business by not less than 10 percent. The percentage of increase is measured as deflated implicit productive output for the calendar year during which the installation of the machinery or equipment is completed or during which commencement of production utilizing such items is begun divided by the implicit productive output for the preceding calendar year. In no case may the commencement of production begin later than 2 years following completion of installation of the machinery or equipment.

2. The amount of the exemption allowed shall equal the taxes otherwise imposed by this chapter in excess of \$100,000 per calendar year on qualifying industrial machinery or equipment reduced by the percentage of gross receipts from cost-reimbursement type contracts attributable to the plant or operation to total gross receipts so attributable, accrued for the year of completion or commencement.

3. The exemption provided by this paragraph shall inure to the taxpayer only through refund of previously paid taxes. Such refund shall be made within 30 days of formal approval by the department of the taxpayer's application, which application may be made on an annual basis following installation of the machinery or equipment.

4. For the purposes of this paragraph, the term:

a. "Cost-reimbursement type contracts" has the same meaning as in 32 C.F.R. s. 3-405.

b. "Deflated implicit productive output" means the product of implicit productive output times the quotient of the national defense implicit price deflator for the preceding calendar year divided by the deflator for the year of completion or commencement.

c. "Eligible costs" means the total direct and indirect costs, as defined in 32 C.F.R. ss. 15-202 and 15-203, excluding general and administrative costs, selling expenses, and profit, defined by the uniform cost-accounting standards adopted by the Cost-Accounting Standards Board created pursuant to 50 U.S.C. s. 2168.

d. "Implicit productive output" means the annual eligible costs attributable to all contracts or subcontracts subject to federal procurement regulations of the single plant or operation at which the machinery or equipment is used.

e. "Industrial machinery and equipment" means *tangible personal property, or other property, that has a depreciable life of 3 years or more, that qualifies as an eligible cost under federal procurement regulations, and that is used as an integral part of the process of production of tangible personal property. A building and its structural components are not industrial machinery and equipment unless the building or structural component is so closely related to the industrial machinery and equipment that it houses or supports that the building or structural component can be expected to be replaced when the machinery and equipment itself is replaced. Heating and air conditioning systems are not industrial machinery and equipment, unless the sole justification for their installation is to meet the requirements of the production process, even though the system may provide incidental comfort to employees or serves, to an insubstantial degree, nonproduction activities.* ~~"section 38 property" as defined in s. 48(a)(1)(A) and (B)(i) of the Internal Revenue~~

~~Code, provided such industrial machinery and equipment qualified as an eligible cost under federal procurement regulations and are used as an integral part of the tangible personal property production process. Such term includes parts and accessories only to the extent that the exemption of such parts and accessories is consistent with the provisions of this paragraph.~~

f. "National defense implicit price deflator" means the national defense implicit price deflator for the gross national product as determined by the Bureau of Economic Analysis of the United States Department of Commerce.

5. The exclusions provided in subparagraph (b)5. apply to this exemption. This exemption applies only to machinery or equipment purchased pursuant to production contracts with the United States Department of Defense and Armed Forces, the National Aeronautics and Space Administration, and other federal agencies for which the contracts are classified for national security reasons. In no event shall the provisions of this paragraph apply to any expanding business the increase in productive output of which could be measured under the provisions of sub-subparagraph (b)6.b. as physically comparable between the two periods.

(f) Motion picture or video equipment used in motion picture or television production activities and sound recording equipment used in the production of master tapes and master records.—

1. Motion picture or video equipment and sound recording equipment purchased or leased for use in this state in production activities is exempt from the tax imposed by this chapter. The exemption provided by this paragraph shall inure to the taxpayer upon presentation of the certificate of exemption issued to the taxpayer under the provisions of s. 288.1258.

2. For the purpose of the exemption provided in subparagraph 1.:

a. "Motion picture or video equipment" and "sound recording equipment" includes only *tangible personal property, or other property, that has a depreciable life of 3 years or more and equipment meeting the definition of "section 38 property" as defined in s. 48(a)(1)(A) and (B)(i) of the Internal Revenue Code* that is used by the lessee or purchaser exclusively as an integral part of production activities; however, motion picture or video equipment and sound recording equipment does not include supplies, tape, records, film, or video tape used in productions or other similar items; vehicles or vessels; or general office equipment not specifically suited to production activities. In addition, the term does not include equipment purchased or leased by television or radio broadcasting or cable companies licensed by the Federal Communications Commission. *Furthermore, a building and its structural components are not motion picture or video equipment and sound recording equipment unless the building or structural component is so closely related to the motion picture or video equipment and sound recording equipment that it houses or supports that the building or structural component can be expected to be replaced when the motion picture or video equipment and sound recording equipment itself is replaced. Heating and air conditioning systems are not motion picture or video equipment and sound recording equipment, unless the sole justification for their installation is to meet the requirements of the production activities, even though the system may provide incidental comfort to employees or serves, to an insubstantial degree, nonproduction activities.*

b. "Production activities" means activities directed toward the preparation of a:

(I) Master tape or master record embodying sound; or

(II) Motion picture or television production which is produced for theatrical, commercial, advertising, or educational purposes and utilizes live or animated actions or a combination of live and animated actions. The motion picture or television production shall be commercially produced for sale or for showing on screens or broadcasting on television and may be on film or video tape.

Section 6. (1) *It is the intent of the Legislature to provide guidance in tax matters which is current and useful. Accordingly, the continued*

reference to a federal regulation that no longer exists causes confusion and an undue burden on persons affected by section 212.08, Florida Statutes.

(2) *It is the purpose of the amendment to section 212.08(5)(b), (d), and (f), Florida Statutes, by this act to replace specific references therein to "section 38 property" as defined in s. 48(a)(1)(A) and (B)(i) of the Internal Revenue Code with a general description of such property, and such new description shall have the same meaning as the former federal Internal Revenue Code regulation without limitation.*

Section 7. Effective July 1, 2001, subsection (10) of section 212.08, Florida Statutes, is amended to read:

212.08 Sales, rental, use, consumption, distribution, and storage tax; specified exemptions.—The sale at retail, the rental, the use, the consumption, the distribution, and the storage to be used or consumed in this state of the following are hereby specifically exempt from the tax imposed by this chapter.

(10) PARTIAL EXEMPTION; MOTOR VEHICLE SOLD TO RESIDENT OF ANOTHER STATE.—

(a) The tax collected on the sale of a new or used motor vehicle in this state to a resident of another state shall be an amount equal to the sales tax which would be imposed on such sale under the laws of the state of which the purchaser is a resident, except that such tax shall not exceed the tax that would otherwise be imposed under this chapter. At the time of the sale, the purchaser shall execute a notarized statement of his or her intent to license the vehicle in the state of which the purchaser is a resident within 45 days of the sale and of the fact of the payment to the State of Florida of a sales tax in an amount equivalent to the sales tax of his or her state of residence and shall submit the statement to the appropriate sales tax collection agency in his or her state of residence. Nothing in this subsection shall be construed to require the removal of the vehicle from this state following the filing of an intent to license the vehicle in the purchaser's home state if the purchaser licenses the vehicle in his or her home state within 45 days after the date of sale.

(b) *Notwithstanding the partial exemption allowed in paragraph (a), a vehicle is subject to this state's sales tax at the applicable state sales tax rate plus authorized surtaxes when the vehicle is purchased by a nonresident corporation or partnership and:*

1. *An officer of the corporation is a resident of this state;*
2. *A stockholder of the corporation who owns at least 10 percent of the corporation is a resident of this state; or*
3. *A partner in the partnership who has at least 10 percent ownership is a resident of this state.*

However, if the vehicle is removed from this state within 45 days after purchase and remains outside the state for a minimum of 180 days, the vehicle may qualify for the partial exemption allowed in paragraph (a) despite the residency of owners or stockholders of the purchasing entity.

Section 8. Effective July 1, 2001, paragraph (b) of subsection (14) of section 212.06, Florida Statutes, is amended to read:

212.06 Sales, storage, use tax; collectible from dealers; "dealer" defined; dealers to collect from purchasers; legislative intent as to scope of tax.—

(14) For the purpose of determining whether a person is improving real property, the term:

(b) "Fixtures" means items that are an accessory to a building, other structure, or land and that do not lose their identity as accessories when installed but that do become permanently attached to realty. However, the term does not include the following items, whether or not such items are attached to real property in a permanent manner: ~~trade fixtures~~; property of a type that is required to be registered, licensed, titled, or documented by this state or by the United States Government, including, but not limited to, mobile homes, except mobile homes assessed as real property; or industrial machinery or equipment. For

purposes of this paragraph, industrial machinery or equipment is not limited to machinery and equipment used to manufacture, process, compound, or produce tangible personal property. For an item to be considered a fixture, it is not necessary that the owner of the item also own the real property to which it is attached.

Section 9. *It is the intent of the Legislature that the amendment to section 212.06(14)(b), Florida Statutes, relating to industrial machinery or equipment, which is made by section 7 of this act is remedial in nature and merely clarifies existing law.*

Section 10. Paragraph (a) of subsection (8) and subsection (9) of section 212.08, Florida Statutes, are amended to read:

212.08 Sales, rental, use, consumption, distribution, and storage tax; specified exemptions.—The sale at retail, the rental, the use, the consumption, the distribution, and the storage to be used or consumed in this state of the following are hereby specifically exempt from the tax imposed by this chapter.

(8) PARTIAL EXEMPTIONS; VESSELS ENGAGED IN INTERSTATE OR FOREIGN COMMERCE.—

(a) The sale or use of vessels and parts thereof used to transport persons or property in interstate or foreign commerce, including commercial fishing vessels, is subject to the taxes imposed in this chapter only to the extent provided herein. The basis of the tax shall be the ratio of intrastate mileage to interstate or foreign mileage traveled by the carrier's vessels which were used in interstate or foreign commerce and which had at least some Florida mileage during the previous fiscal year. The ratio would be determined at the close of the carrier's fiscal year. *However, during the fiscal year in which the vessel begins its initial operations in this state, the vessel's mileage apportionment factor may be determined on the basis of an estimated ratio of anticipated miles in this state to anticipated total miles for that year, and, subsequently, additional tax must be paid on the vessel, or a refund may be applied for, on the basis of the actual ratio of the vessel's miles in this state to its total miles for that year.* This ratio shall be applied each month to the total Florida purchases of such vessels and parts thereof which are used in Florida to establish that portion of the total used and consumed in intrastate movement and subject to the tax at the applicable rate. The basis for imposition of any discretionary surtax shall be as set forth in s. 212.054. Items, appropriate to carry out the purposes for which a vessel is designed or equipped and used, purchased by the owner, operator, or agent of a vessel for use on board such vessel shall be deemed to be parts of the vessel upon which the same are used or consumed. Vessels and parts thereof used to transport persons or property in interstate and foreign commerce are hereby determined to be susceptible to a distinct and separate classification for taxation under the provisions of this chapter. Vessels and parts thereof used exclusively in intrastate commerce do not qualify for the proration of tax.

(9) PARTIAL EXEMPTIONS; RAILROADS AND MOTOR VEHICLES ENGAGED IN INTERSTATE OR FOREIGN COMMERCE.—

(a) Railroads which are licensed as common carriers by the ~~Surface Transportation Board Interstate Commerce Commission~~ and parts thereof used to transport persons or property in interstate or foreign commerce are subject to tax imposed in this chapter only to the extent provided herein. The basis of the tax shall be the ratio of intrastate mileage to interstate or foreign mileage traveled by the carrier during the previous fiscal year of the carrier. Such ratio is to be determined at the close of the carrier's fiscal year. *However, during the fiscal year in which the railroad begins its initial operations in this state, the railroad's mileage apportionment factor may be determined on the basis of an estimated ratio of anticipated miles in this state to anticipated total miles for that year, and, subsequently, additional tax must be paid on the railroad, or a refund may be applied for, on the basis of the actual ratio of the railroad's miles in this state to its total miles for that year.* This ratio shall be applied each month to the ~~Florida total~~ purchases of the railroad which are used in this state to establish that portion of the total used and consumed in intrastate movement and subject to tax under

this chapter. The basis for imposition of any discretionary surtax is set forth in s. 212.054. Railroads which are licensed as common carriers by the ~~Surface Transportation Board Interstate Commerce Commission~~ and parts thereof used to transport persons or property in interstate and foreign commerce are hereby determined to be susceptible to a distinct and separate classification for taxation under the provisions of this chapter.

(b) Motor vehicles which are engaged in interstate commerce as common carriers, and parts thereof, used to transport persons or property in interstate or foreign commerce are subject to tax imposed in this chapter only to the extent provided herein. The basis of the tax shall be the ratio of intrastate mileage to interstate or foreign mileage traveled by the carrier's motor vehicles which were used in interstate or foreign commerce and which had at least some Florida mileage during the previous fiscal year of the carrier. Such ratio is to be determined at the close of the carrier's fiscal year. *However, during the fiscal year in which the carrier begins its initial operations in this state, the carrier's mileage apportionment factor may be determined on the basis of an estimated ratio of anticipated miles in this state to anticipated total miles for that year, and, subsequently, additional tax must be paid on the carrier, or a refund may be applied for, on the basis of the actual ratio of the carrier's miles in this state to its total miles for that year.* This ratio shall be applied each month to the ~~Florida total~~ purchases of such motor vehicles and parts thereof which are used in this state to establish that portion of the total used and consumed in intrastate movement and subject to tax under this chapter. The basis for imposition of any discretionary surtax is set forth in s. 212.054. Motor vehicles which are engaged in interstate commerce, and parts thereof, used to transport persons or property in interstate and foreign commerce are hereby determined to be susceptible to a distinct and separate classification for taxation under the provisions of this chapter. Motor vehicles and parts thereof used exclusively in intrastate commerce do not qualify for the proration of tax. For purposes of this paragraph, parts of a motor vehicle engaged in interstate commerce include a separate tank not connected to the fuel supply system of the motor vehicle into which diesel fuel is placed to operate a refrigeration unit or other equipment.

Section 11. Subsection (5) is added to section 212.11, Florida Statutes, to read:

212.11 Tax returns and regulations.—

(5)(a) *Each dealer that claims any credits granted in this chapter against that dealer's sales and use tax liabilities, which credits are granted by reason of the dealer's hiring employees, purchasing property, improving property, paying increased ad valorem taxes, operating a business, or otherwise engaging in activity in an urban high-crime area, an enterprise zone, an empowerment zone, a Front Porch Community, a designated brownfield area, or an urban infill area, must submit to the department with the return on which such credits are claimed a report in a format prescribed by the department which provides the information and documentation required to verify the dealer's entitlement to the credits. All information must be broken down by the urban high-crime area, enterprise zone, empowerment zone, Front Porch Community, designated brownfield area, or urban infill area to which it relates. In the case of any credit that is granted in the form of a refund of previously paid taxes, supporting documentation must be provided with the application for refund.*

(b) *The department may adopt rules prescribing the form in which the report required by this subsection is to be submitted, which form may include magnetic tape or other means of electronic transmission.*

(c) *The department shall disallow any credit that is not supported by the report required by this subsection.*

Section 12. If the amendment to subsection (6) of section 212.20, Florida Statutes, by section 35 of chapter 2000-260, Laws of Florida, does not take effect, paragraph (e) of subsection (6) of section 212.20, Florida Statutes, is amended to read:

212.20 Funds collected, disposition; additional powers of department; operational expense; refund of taxes adjudicated unconstitutionally collected.—

(6) Distribution of all proceeds under this chapter shall be as follows:

(e) The proceeds of all other taxes and fees imposed pursuant to this chapter shall be distributed as follows:

In any fiscal year, the greater of \$500 million, minus an amount equal to 4.6 percent of the proceeds of the taxes collected pursuant to chapter 201, or 5 percent of all other taxes and fees imposed pursuant to this chapter shall be deposited in monthly installments into the General Revenue Fund.

5. For proceeds received after July 1, 2000, and after the distributions under subparagraphs 1., 2., 3., and 4., 2.25 percent of the available proceeds pursuant to this paragraph shall be transferred monthly to the Revenue Sharing Trust Fund for Counties pursuant to s. 218.215.

6.a. For proceeds received after July 1, 2000, and after the distributions under subparagraphs 1., 2., 3., and 4., 1.0715 percent of the available proceeds pursuant to this paragraph shall be transferred monthly to the Revenue Sharing Trust Fund for Municipalities pursuant to s. 218.215.

b. If the total revenue to be distributed pursuant to this subparagraph is at least as great as the amount due from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000, no municipality shall receive less than the amount due from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000.

c. If the total proceeds to be distributed are less than the amount received in combination from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000, each municipality shall receive an amount proportionate to the amount it was due in state fiscal year 1999-2000.

d. *Each newly incorporated municipality that meets the eligibility requirements established in s. 218.23 or in the local act establishing the municipality is eligible to receive a share of revenue sharing funds under s. 218.245. The state covenants with holders of bonds or other instruments of indebtedness issued by local governments, special districts, or district school boards prior to July 1, 2000, that it is not the intent of this subparagraph to adversely affect the rights of those holders or relieve local governments, special districts, or district school boards of the duty to meet their obligations as a result of previous pledges or assignments or trusts entered into

which obligated funds received from the distribution to county governments under then-existing s. 550.135. This distribution specifically is in lieu of funds distributed under s. 550.135 prior to July 1, 2000.

b. The department shall distribute \$166,667 monthly pursuant to s. 288.1162 to each applicant that has been certified as a "facility for a new professional sports franchise" or a "facility for a retained professional sports franchise" pursuant to s. 288.1162. Distributions shall begin 60 days following such certification and shall continue for not more than 30 years. Nothing contained in this paragraph shall be construed to allow an applicant certified pursuant to s. 288.1162 to receive more in distributions than actually expended by the applicant for the public purposes provided for in s. 288.1162(6). However, a certified applicant is entitled to receive distributions up to the maximum amount allowable and undistributed under this section for additional renovations and improvements to the facility for the franchise without additional certification.

d. Beginning 30 days after notice by the Office of Tourism, Trade, and Economic Development to the Department of Revenue that the applicant has been certified as the International Game Fish Association World Center facility pursuant to s. 288.1169, and the facility is open to the public, \$83,333 shall be distributed monthly, for up to 168 months, to the applicant. This distribution is subject to reduction pursuant to s. 288.1169. A lump sum payment of \$999,996 shall be made, after certification and before July 1, 2000.

8. All other proceeds shall remain with the General Revenue Fund.

Section 13. If the amendment to subsection (6) of section 212.20, Florida Statutes, by section 35 of chapter 2000-260, Laws of Florida, does take effect, paragraph (e) of subsection (6) of section 212.20, Florida Statutes, is amended to read:

b. If the total revenue to be distributed pursuant to this subparagraph is at least as great as the amount due from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000, no municipality shall receive less than the amount due from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000.

c. If the total proceeds to be distributed are less than the amount received in combination from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000, each municipality shall receive an amount proportionate to the amount it was due in state fiscal year 1999-2000.

(e) The agreement must provide for reduction of the burdens of complying with local sales and use taxes through:

1. Restricting variances between the state and local tax bases.
2. Requiring states to administer any sales and use taxes levied by local jurisdictions within the state so that sellers who collect and remit

Implementation of any condition of the agreement in this state, whether adopted before, at, or after membership of this state in the agreement, must be by the action of the state.

(6) The agreement authorized by this section is an accord among individual cooperating sovereigns in furtherance of their governmental functions. The agreement provides a mechanism among the member states to establish and maintain a cooperative, simplified system for the application and administration of sales and use taxes under the duly adopted law of each member state.

(7)(a) The agreement authorized by this act binds and inures only to the benefit of this state and the other member states. No person, other than a member state, is an intended beneficiary of the agreement. A seller is subject to audit for transactions that have not been processed by the certified service provider. The member states acting jointly may perform a system check of the seller and review the seller's procedures to determine if the certified service provider's system is functioning properly and to determine the extent to which the seller's transactions are being processed by the certified service provider.*

(c) *A person that provides a certified automated system is responsible for the proper functioning of that system and is liable to the state for underpayments of tax attributable to errors in the functioning of the certified automated system. A seller that uses a certified automated system remains responsible and is liable to the state for reporting and remitting tax.*

(d) *A seller that has a proprietary system for determining the amount of tax due on transactions and has signed an agreement establishing a performance standards for that system is liable for the failure of the system to meet the performance standard.*

(8) In order to determine whether certified audits are an effective tool in the overall state tax collection effort, the executive director of the department or the executive director's designee shall settle or compromise penalty liabilities of taxpayers who participate in the certified audits project. As further incentive for participating in the program, the department shall abate the first \$25,000 of any interest liability and 25 percent of any interest due in excess of the first \$25,000. A settlement or compromise of penalties or interest pursuant to this subsection shall not be subject to the provisions of paragraph (3)(a), except for the requirement relating to confidentiality of records. The department may consider an additional compromise of tax or interest pursuant to the provisions of paragraph (3)(a). (3) *Notwithstanding the provisions of any other law, this section is the sole means by which any person may obtain any moneys as the result*

As used in this subparagraph, "space flight business" means the manufacturing, processing, or assembly of a space facility, space propulsion system, space vehicle, satellite, or station of any kind possessing the capacity for space flight, as defined by s. 212.02(23), or components thereof, and also means the following activities supporting space flight: vehicle launch activities, flight operations, ground control or ground support, and all administrative activities directly related thereto. Property shall be deemed to be used or occupied predominantly for space flight business purposes if more than 50 percent of the property, or improvements thereon, is used for one or more space flight business purposes. Possession by a landlord, lessor, or licensor of a signed written statement from the tenant, lessee, or licensee claiming the exemption shall relieve the landlord, lessor, or licensor from the responsibility of collecting the tax, and the department shall look solely to the tenant, lessee, or licensee for recovery of such tax if it determines that the exemption was not applicable.

Section 32. Effective July 1, 2003, paragraph (a) of subsection (1) of section 212.031, Florida Statutes, as amended by section 3 of chapter 2000-345, Laws of Florida, is amended to read:

Section 33. Subsection (1) and paragraph (a) of subsection (2) of section 201.08, Florida Statutes, are amended to read:

201.08 Tax on promissory or nonnegotiable notes, written obligations to pay money, or assignments of wages or other compensation; exception.—

(1)(a) On promissory notes, nonnegotiable notes, written obligations to pay money, or assignments of salaries, wages, or other compensation made, executed, delivered, sold, transferred, or assigned in the state, and for each renewal of the same, the tax shall be 35 cents on each \$100 or fraction thereof of the indebtedness or obligation evidenced thereby. *The tax on any document described in this paragraph shall not exceed \$2,450.*

(b) On mortgages, trust deeds, security agreements, or other evidences of indebtedness filed or recorded in this state, and for each renewal of the same, the tax shall be 35 cents on each \$100 or fraction thereof of the indebtedness or obligation evidenced thereby. Mortgages, including, but not limited to, mortgages executed without the state and recorded in the state, which incorporate the certificate of indebtedness, not otherwise shown in separate instruments, are subject to the same tax at the same rate. When there is both a mortgage, trust deed, or security agreement and a note, certificate of indebtedness, or obligation, the tax shall be paid on the mortgage, trust deed, or security agreement at the time of recordation. A notation shall be made on the note, certificate of indebtedness, or obligation that the tax has been paid on the mortgage, trust deed, or security agreement. If the mortgage, trust deed, security agreement, or other evidence of indebtedness subject to the tax levied by this section secures future advances, as provided in s. 697.04, the tax shall be paid at the time of recordation on the initial debt or obligation secured, excluding future advances; at the time and so often as any future advance is made, the tax shall be paid on all sums then advanced regardless of where such advance is made. Notwithstanding the aforesaid general rule, any increase in the amount of original indebtedness caused by interest accruing under an adjustable rate note or mortgage having an initial interest rate adjustment interval of not less than 6 months shall be taxable as a future advance only to the extent such increase is a computable sum certain when the document is executed. Failure to pay the tax shall not affect the lien for any such future advance given by s. 697.04, but any person who fails or refuses to pay such tax due by him or her is guilty of a misdemeanor of the first degree. The mortgage, trust deed, or other instrument shall not be enforceable in any court of this state as to any such advance unless and until the tax due thereon upon each advance that may have been made thereunder has been paid.

(2)(a) On promissory notes, nonnegotiable notes, written obligations to pay money, or other compensation, made, executed, delivered, sold, transferred, or assigned in the state, in connection with sales made under retail charge account services, incident to sales which are not conditional in character and which are not secured by mortgage or other pledge of purchaser, the tax shall be 35 cents on each \$100 or fraction thereof of the gross amount of the indebtedness evidenced by such instruments, payable quarterly on such forms and under such rules and regulations as may be promulgated by the Department of Revenue. *The tax on any document described in this paragraph shall not exceed \$2,450.*

Section 34. Effective upon this act becoming a law and applying retroactively to December 21, 2000, section 443.1315, Florida Statutes, is created to read:

443.1315 *Treatment of Indian tribes.—*

(1) *As used in this section, the term:*

(a) *“Employer” includes any Indian tribe for which service in employment as defined by this chapter is performed.*

(b) *“Employment” includes service performed in the employ of an Indian tribe, as defined by s. 3306(u) of the Federal Unemployment Tax Act, provided such service is excluded from “employment,” as defined by*

that act, solely by reason of s. 3306(c)(7) of said act and is not otherwise excluded from “employment” under this chapter. For purposes of this section, the exclusions from employment under s. 443.036(21)(d) shall be applicable to services performed in the employ of an Indian tribe.

(2) *Benefits based on service in employment, as defined by this section, shall be payable in the same amount, on the same terms, and subject to the same conditions as benefits payable on the basis of other service subject to this chapter.*

(3)(a) *Indian tribes or tribal units, including subdivisions, subsidiaries, or business enterprises wholly owned by such Indian tribes, subject to this chapter shall pay contributions under the same terms and conditions as all other subject employers, unless they elect to pay into the Unemployment Compensation Trust Fund amounts equal to the amount of benefits attributable to service in the employ of the Indian tribe.*

(b) *Indian tribes electing to make payments in lieu of contributions must make such election in the same manner and under the same conditions as provided by s. 443.131 for state and local governments and nonprofit organizations subject to this chapter. Indian tribes shall determine if reimbursement for benefits paid will be elected by the tribe as a whole, by individual tribal units, or by combinations of individual tribal units.*

(c) *Indian tribes or tribal units shall be billed for the full amount of benefits attributable to service in the employ of the Indian tribe or tribal unit on the same schedule as other employing units that have elected to make payments in lieu of contributions.*

(d) *At the discretion of the director of the Agency for Workforce Innovation or his or her designee, any Indian tribe or tribal unit that elects to become liable for payments in lieu of contributions shall be required, within 90 days after the effective date of its election, to:*

1. *Execute and file with the director or his or her designee a surety bond approved by the director or his or her designee; or*

2. *Deposit with the director or his or her designee money or securities on the same basis as other employers with the same election option.*

(4)(a)1. *Failure of the Indian tribe or tribal unit to make required payments, including assessments of interest and penalty, within 90 days after receipt of the bill, will cause the Indian tribe to lose the option to make payments in lieu of contributions, as described in subsection (3), for the following tax year, unless payment in full is received before contribution rates for the next tax year are computed.*

2. *Any Indian tribe that loses the option to make payments in lieu of contributions due to late payment or nonpayment, as described in subparagraph 1., shall have such option reinstated if, after a period of 1 year, all contributions have been made timely, provided no contributions, payments in lieu of contributions for benefits paid, penalties, or interest remain outstanding.*

(b)1. *Failure of the Indian tribe or any tribal unit thereof to make required payments, including assessments of interest and penalty, after all collection activities deemed necessary by the director of the Agency for Workforce Innovation or his or her designee have been exhausted, will cause services performed for such tribe to not be treated as “employment” for purposes of paragraph (1)(b).*

2. *The director or his or her designee may determine that any Indian tribe that loses coverage under subparagraph 1. may have services performed for such tribe again included as “employment” for purposes of paragraph (1)(b) if all contributions, payments in lieu of contributions, penalties, and interest have been paid.*

(c) *If an Indian tribe fails to make payments required under this section, including assessments of interest and penalty, within 90 days after a final notice of delinquency, the director of the Agency for Workforce Innovation shall immediately notify the United States Internal Revenue Service and the United States Department of Labor.*

(5) *Notices of payment and reporting delinquency to Indian tribes or their tribal units shall include information that failure to make full payment within the prescribed timeframe:*

(a) Will cause the Indian tribe to be liable for taxes under the Federal Unemployment Tax Act.

(b) Will cause the Indian tribe to lose the option to make payments in lieu of contributions.

(c) Could cause the Indian tribe to be exempted from the definition of "employer," as provided in paragraph (1)(a), and services in the employ of the Indian tribe, as provided in paragraph (1)(b), to be exempted from "employment."

(6) Extended benefits paid that are attributable to service in the employ of an Indian tribe and not reimbursed by the Federal Government shall be financed in their entirety by such Indian tribe.

(7) The Agency for Workforce Innovation is authorized to adopt any rules it deems necessary to implement this section.

Section 35. Paragraph (e) of subsection (3) of section 443.131, Florida Statutes, is amended to read:

443.131 Contributions.—

(3) CONTRIBUTION RATES BASED ON BENEFIT EXPERIENCE.—

(e)1. Variations from the standard rate of contributions shall be assigned with respect to each calendar year to employers eligible therefor. In determining the contribution rate, varying from the standard rate to be assigned each employer, adjustment factors provided for in sub-paragraphs a.-c. will be added to the benefit ratio. This addition will be accomplished in two steps by adding a variable adjustment factor and a final adjustment factor as defined below. The sum of these adjustment factors provided for in sub-paragraphs a.-c. will first be algebraically summed. The sum of these adjustment factors will then be divided by a gross benefit ratio to be determined as follows: Total benefit payments for the previous 3 years, as defined in subparagraph (b)1., charged to employers eligible to be assigned a contribution rate different from the standard rate minus excess payments for the same period divided by taxable payroll entering into the computation of individual benefit ratios for the calendar year for which the contribution rate is being computed. The ratio of the sum of the adjustment factors provided for in sub-paragraphs a.-c. to the gross benefit ratio will be multiplied by each individual benefit ratio below the maximum tax rate to obtain variable adjustment factors; except that in any instance in which the sum of an employer's individual benefit ratio and variable adjustment factor exceeds the maximum tax rate, the variable adjustment factor will be reduced so that the sum equals the maximum tax rate. The variable adjustment factor of each such employer will be multiplied by his or her taxable payroll entering into the computation of his or her benefit ratio. The sum of these products will be divided by the taxable payroll of such employers that entered into the computation of their benefit ratios. The resulting ratio will be subtracted from the sum of the adjustment factors provided for in sub-paragraphs a.-c. to obtain the final adjustment factor. The variable adjustment factors and the final adjustment factor will be computed to five decimal places and rounded to the fourth decimal place. This final adjustment factor will be added to the variable adjustment factor and benefit ratio of each employer to obtain each employer's contribution rate; however, at no time shall an employer's contribution rate be rounded to less than 0.1 percent.

a. An adjustment factor for noncharge benefits will be computed to the fifth decimal place, and rounded to the fourth decimal place, by dividing the amount of benefit payments noncharged in the 3 preceding years as defined in subparagraph (b)1. by the taxable payroll of employers eligible to be considered for assignment of a contribution rate different from the standard rate that have a benefit ratio for the current year less than the maximum contribution rate. The taxable payroll of such employers will be the taxable payrolls for the 3 years ending June 30 of the current calendar year that had been reported to the division by September 30 of the same calendar year. Noncharge benefits for the purpose of this section shall be defined as benefit payments to an individual which were paid from the Unemployment Compensation

Trust Fund but which were not charged to the unemployment record of any employer.

b. An excess payments adjustment factor will be computed to the fifth decimal place, and rounded to the fourth decimal place, by dividing the total excess payments during the 3 preceding years as defined in subparagraph (b)1. by the taxable payroll of employers eligible to be considered for assignment of a contribution rate different from the standard rate that have a benefit ratio for the current year less than the maximum contribution rate. The taxable payroll of such employers will be the same as used in computing the noncharge adjustment factor as described in sub-paragraph a. The term "excess payments" for the purpose of this section is defined as the amount of benefit payments charged to the employment record of an employer during the 3 preceding years, as defined in subparagraph (b)1., less the product of the maximum contribution rate and his or her taxable payroll for the 3 years ending June 30 of the current calendar year that had been reported to the division by September 30 of the same calendar year. The term "total excess payments" is defined as the sum of the individual employer excess payments for those employers that were eligible to be considered for assignment of a contribution rate different from the standard rate.

c. If the balance in the Unemployment Compensation Trust Fund as of June 30 of the calendar year immediately preceding the calendar year for which the contribution rate is being computed is less than 3.74 percent of the taxable payrolls for the year ending June 30 as reported to the division by September 30 of that calendar year, a positive adjustment factor will be computed. Such adjustment factor shall be computed annually to the fifth decimal place, and rounded to the fourth decimal place, by dividing the sum of the total taxable payrolls for the year ending June 30 of the current calendar year as reported to the division by September 30 of such calendar year into a sum equal to one-fourth of the difference between the amount in the fund as of June 30 of such calendar year and the sum of 4.75 percent of the total taxable payrolls for that year. Such adjustment factor will remain in effect in subsequent years until a balance in the Unemployment Compensation Trust Fund as of June 30 of the year immediately preceding the effective date of such contribution rate equals or exceeds 3.74 percent of the taxable payrolls for the year ending June 30 of the current calendar year as reported to the division by September 30 of that calendar year. If the balance in the Unemployment Compensation Trust Fund as of June 30 of the year immediately preceding the calendar year for which the contribution rate is being computed exceeds 4.75 percent of the taxable payrolls for the year ending June 30 of the current calendar year as reported to the division by September 30 of that calendar year, a negative adjustment factor will be computed. Such adjustment factor shall be computed annually to the fifth decimal place, and rounded to the fourth decimal place, by dividing the sum of the total taxable payrolls for the year ending June 30 of the current calendar year as reported to the division by September 30 of such calendar year into a sum equal to one-fourth of the difference between the amount in the fund as of June 30 of the current calendar year and 4.75 percent of the total taxable payrolls of such year. Such adjustment factor will remain in effect in subsequent years until the balance in the Unemployment Compensation Trust Fund as of June 30 of the year immediately preceding the effective date of such contribution rate is less than 4.75 percent but more than 3.74 percent of the taxable payrolls for the year ending June 30 of the current calendar year as reported to the division by September 30 of that calendar year.

d. The maximum contribution rate that can be assigned to any employer shall be 5.4 percent, except those employers participating in an approved short-time compensation plan in which case the maximum shall be 1 percent above the current maximum contribution rate, with respect to any calendar year in which short-time compensation benefits are in the employer's employment record.

2. In the event of the transfer of employment records to an employing unit pursuant to paragraph (g) which, prior to such transfer, was an employer, the division shall recompute a benefit ratio for the successor employer on the basis of the combined employment records and reassign an appropriate contribution rate to such successor employer as of the beginning of the calendar quarter immediately following the effective date of such transfer of employment records.

Section 36. Subsection (1) of section 561.501, Florida Statutes, is amended to read:

561.501 Surcharge on sale of alcoholic beverages for consumption on the premises; penalty.—

(1) Notwithstanding s. 561.50 or any other provision of the Beverage Law, a surcharge of 3.34 cents is imposed upon each ounce of liquor and each 4 ounces of wine, a surcharge of 2 cents is imposed on each 12 ounces of cider, and a surcharge of 1.34 cents is imposed on each 12 ounces of beer sold at retail for consumption on premises licensed by the division as an alcoholic beverage vendor. However, the surcharges imposed under this subsection need not be paid upon such beverages when they are sold by a *nonprofit* an organization that is licensed by the division ~~under s. 561.422 or s. 565.02(4)~~ as an alcoholic beverage vendor and that is determined by the Internal Revenue Service to be currently exempt from federal income tax under s. 501(c)(2), (3), (4), (5), (6), (7), (8), (10), or (19) of the Internal Revenue Code of 1986, as amended.

Section 37. Subsections (8) and (9) are added to section 201.02, Florida Statutes, to read:

201.02 Tax on deeds and other instruments relating to real property or interests in real property.—

(8) *Taxes imposed by this section do not apply to a contract to sell the residence of an employee relocating at his or her employer's direction or documents related to the contract, which contract is between the employee and the employer or between the employee and a person in the business of providing employee relocation services. Taxes on such transactions apply only to the transfer of the real property comprising the residence by deed that names the grantee.*

(9) *Taxes imposed by this section shall not apply to deeds, instruments, or writings whereby any lands, tenements, or other real property, or any interest therein, is granted, assigned, transferred, or otherwise conveyed from an electric utility to a regional transmission organization under the jurisdiction of the Federal Energy Regulatory Commission.*

Section 38. Paragraphs (b) and (c) of subsection (1) of section 206.9825, Florida Statutes, are amended to read:

206.9825 Aviation fuel tax.—

(1)

(b) Any licensed wholesaler or terminal supplier that delivers aviation fuel to an air carrier offering transcontinental jet service and that, after January 1, 1996, increases the air carrier's Florida workforce by more than 1000 percent and by 250 or more full-time equivalent employee positions, may receive a credit or refund as the ultimate vendor of the aviation fuel for the 6.9 cents excise tax previously paid, provided that the air carrier has no facility for fueling highway vehicles from the tank in which the aviation fuel is stored. In calculating the new or additional Florida full-time equivalent employee positions, any full-time equivalent employee positions of parent or subsidiary corporations which existed before January 1, 1996, shall not be counted toward reaching the Florida employment increase thresholds. The refund allowed under this paragraph is in furtherance of the goals and policies of the State Comprehensive Plan set forth in s. 187.201(17)(a), (b)1., 2., (18)(a), (b)1., 4., (20)(a), (b)5., (22)(a), (b)1., 2., 4., 7., 9., and 12. ~~This paragraph will expire on July 1, 2001.~~

(c) ~~If, before July 1, 2001,~~ the number of full-time equivalent employee positions created or added to the air carrier's Florida workforce falls below 250, the exemption granted pursuant to this section shall not apply during the period in which the air carrier has fewer than the 250 additional employees.

Section 39. Except as otherwise expressly provided in this act, this act shall take effect upon becoming a law.

insert:

Section 1. Subsection (5) of section 218.503, Florida Statutes, is amended to read:

218.503 Determination of financial emergency.—

(5)(a) The governing authority of any municipality with a resident population of 300,000 or more ~~on April 1, 1999, and~~ which has at any time been declared in a state of financial emergency pursuant to this section ~~within the previous 2 fiscal years~~ may impose a discretionary per-vehicle surcharge of up to 20 percent on the gross revenues of the sale, lease, or rental of space at parking facilities within the municipality that are open for use to the general public. *Consistent with s. 125.015, and to the extent not otherwise immune or exempt, employees of the county parking at county-owned or operated parking facilities are exempt.*

(b) A municipal governing authority that imposes the surcharge authorized by this subsection may use the proceeds of such surcharge for the following purposes only:

1. No less than 60 percent and no more than 80 percent of the surcharge proceeds shall be used by the governing authority to reduce its ad valorem tax millage rate or to reduce or eliminate non-ad valorem assessments.

2. A portion of the balance of the surcharge proceeds shall be used by the governing authority to increase its budget reserves; however, the governing authority shall not reduce the amount it allocates for budget reserves from other sources below the amount allocated for reserves in the fiscal year prior to the year in which the surcharge is initially imposed. When a 15-percent budget reserve is achieved, based on the average gross revenue for the most recent 3 prior fiscal years, the remaining proceeds from this subparagraph shall be used for the payment of annual debt service related to outstanding obligations backed or secured by a covenant to budget and appropriate from non-ad valorem revenues.

(c)1. *As used in this section:*

a. *“Eligible county” means a county that constructs, reconstructs, renovates, expands, or rehabilitates, directly or indirectly through turnkey or other contractual arrangements, a significant new facility on a qualifying site.*

b. *“Qualifying site” means a site located in a brownfields area designated under s. 376.80 that is owned by an eligible county and is within the boundaries of a municipality.*

c. *“Significant new facility” means a real property improvement on a qualifying site that has a regional impact and meets the following requirements:*

(I) *It is owned by a county or municipality, subject to a determination of property tax immunity, and leased to, licensed to, or operated by a private, for-profit entity for the purpose of operating a business therefrom for a period of not less than 30 years.*

(II) *It has a projected cost for construction, reconstruction, renovation, expansion, or rehabilitation of the facility and acquisition and remediation of the qualifying site of not less than \$300 million, of which not less than \$50 million, over the term of the lease, license, or operation, will be contributed by the private entity, which contribution may be in the form of payments in lieu of taxes, ground lease rent, license fees, rents, and other charges, including, without limitation, annual payments pledged to finance the construction of the facility.*

(III) *It has been proposed, in a report submitted to the eligible county by a qualified economist, that the facility will have an annual economic impact of not less than \$100 million over the term of the lease, license, or operation and will create not less than 1,500 jobs over the same period.*

d. *“Cost,” with respect to the qualifying site and significant new facility, has the same meaning as provided in s. 190.003(7).*

(d)1. *Unless a municipality extends this subsection pursuant to subparagraphs 2. and 3., this subsection is repealed on June 30, 2006.*

2. *A referendum shall be held at an election within 90 days after the effective date of this act with respect to a municipality that has previously imposed a surcharge pursuant to paragraph (a), or within 90 days after any municipality becomes eligible to impose a surcharge pursuant to paragraph (a), in any municipality imposing the surcharge authorized in this subsection. With respect to a municipality that has previously imposed a surcharge pursuant to paragraph (a), the subject of the referendum shall be the extension of the repeal date of the surcharge to June 30, 2046, and an extension of the uses of surcharge proceeds. A statement that includes a brief general description of the additional uses of the surcharge proceeds shall be placed on the ballot.*

3. *If a majority of the electors of the municipality voting on this question in the election approve the imposition of the surcharge or extension of the repeal date and if construction of a significant new facility is commenced by June 30, 2006, on a qualifying site, this subsection shall be repealed June 30, 2046. Notwithstanding the provisions of paragraph (b), if an extension is approved pursuant to this subparagraph, the funds generated by the surcharge shall be distributed as specified in paragraph (e).*

(e) *Effective January 1, 2005, 33¹/₃ percent of the surcharge proceeds shall be remitted to the eligible county and expended as provided in paragraph (f). The remaining proceeds shall be retained by the municipal governing authority, which shall expend the proceeds pursuant to paragraph (h). However, beginning January 1, 2007, the payment to the eligible county shall not in any fiscal year be less than the amount remitted to an eligible county in the preceding fiscal year and, for the purpose of assuring the remittances, the proceeds received by the municipality in the last three months of each fiscal year shall be held and remitted on the last day of the fiscal year so that the eligible county will receive no less than the amount remitted in the preceding fiscal year.*

(f) *An eligible county that receives proceeds from the surcharge may utilize them to construct, reconstruct, renovate, expand, or rehabilitate, directly or indirectly through turnkey or other contractual arrangements, a significant new facility on a qualifying site in the manner provided in this paragraph.*

1. *An eligible county may use funds provided pursuant to this paragraph only for the public purpose of paying debt service on bonds or other obligations issued to finance the costs of acquisition, site preparation, infrastructure development, construction, reconstruction, renovation, expansion, or rehabilitation of the qualifying site and significant new facility to be located thereon, or for the costs of infrastructure and other improvements outside the boundaries of the qualifying site but which are necessary or helpful to the development or operation of the facility, or for reimbursement of such costs, and the costs incurred by it to remediate the qualifying site.*

2. *If in any fiscal year the funds provided pursuant to this paragraph exceed the amounts necessary in that fiscal year to pay the costs related to the significant new facility and the qualifying site pursuant to this subsection and to pay the debt service on bonds or other obligations issued to finance or refinance such costs, the excess funds shall be used to fund required reserves.*

(g) *An eligible county must take affirmative measures to ensure that procurement related to the planning, design, construction, building, maintenance, and operation of the significant new facility contracting is reflective of the racial and ethnic make-up of the community.*

(h) *Of the funds remaining after the distributions to the eligible county required in paragraph (e), \$1 million shall be distributed to a not-for-profit economic development trust in an eligible county, which shall use the funds for primary learning centers in blighted urbanized areas, brownfield redevelopment, and economic development, which amount shall adjust upwards or downwards at the same percentage as the increase or decrease in the surcharge overall. Of the remaining funds thereafter, not less than 60 percent and not more than 80 percent shall be used by the governing authority to reduce its ad valorem tax millage*

rate or to reduce or eliminate non-ad valorem assessments and no less than ten 10 percent and no more than 20 percent shall be allocated for infrastructure improvements and be used in the downtown/urban core areas, industrial areas, suburban areas, or other areas from where the facilities are located that generate the funds. Areas shall be defined consistent with Florida Statutes and local law.

1. A downtown/urban area shall be coterminous with any Downtown Development District established pursuant to section 166.0497, Florida Statutes, or chapter 65-1090, Laws of Florida or to any Community Redevelopment Agency established pursuant to section 163.356, Florida Statutes. Alternatively, any eligible local governmental entity may identify the downtown/urban core area as any contiguous area consisting of lands where the predominant acreage is designated as commercial or its substantial equivalent, in an applicable local government comprehensive plan.

2. An Industrial area is any contiguous area consisting of lands where the predominant acreage is designated industrial or its substantial equivalent in an applicable local government comprehensive plan.

3. A suburban area is any contiguous area consisting of lands where the predominant acreage is designated residential or its substantial equivalent in an applicable local government comprehensive plan.

Any number of areas may be used by the local governmental entity, provided that the areas are defined by ordinance and Florida law and include all parking facilities subject to the surcharge. .

Section 2. Section 376.84, Florida Statutes, is amended to read:

376.84 Brownfield redevelopment economic incentives.—It is the intent of the Legislature that brownfield redevelopment activities be viewed as opportunities to significantly improve the utilization, general condition, and appearance of these sites. Different standards than those in place for new development, as allowed under current state and local laws, should be used to the fullest extent to encourage the redevelopment of a brownfield. State and local governments are encouraged to offer redevelopment incentives for this purpose, as an ongoing public investment in infrastructure and services, to help eliminate the public health and environmental hazards, and to promote the creation of jobs in these areas. Such incentives may include financial, regulatory, and technical assistance to persons and businesses involved in the redevelopment of the brownfield pursuant to this act. *The Legislature further recognizes that, in communities impacted by local government financial emergencies, local government resources are strained and incentives to encourage the development, use, redevelopment, or reuse by local government of brownfield areas designated under s. 376.80 are particularly needed.*

(1) Financial incentives and local incentives for redevelopment may include, but not be limited to:

(c) Exemptions and lessening of state and local review requirements.

(e) Waiver of transportation impact fees and permit fees.

(f) Zoning incentives to reduce review requirements for redevelopment changes in use and occupancy; establishment of code criteria for specific uses; and institution of credits for previous use within the area.

(h) Environmental management through specific code criteria and conditions allowed by current law.

(i) Maintenance standards and activities by ordinance and otherwise, and increased security and crime prevention measures available through special assessments.

(3) Technical assistance incentives may include, but not be limited to:

(a) Expedited development applications.

(b) Formal and informal information on business incentives and financial programs.

(c) Site design assistance.

(d) Marketing and promotion of projects or areas.

(4)(a) *Effective July 1, 2006, the governing board of an eligible county which constructs, reconstructs, renovates, expands, or rehabilitates, either directly or indirectly through turnkey or other contractual arrangements, a significant new facility on a qualifying site shall be entitled to receive sales tax rebates pursuant to s. 212.20(6)(e)7.e. in the manner provided in this subsection.*

(b) *For purposes of this subsection:*

1. *"Eligible county" means a county which constructs, reconstructs, renovates, expands, or rehabilitates, either directly or through turnkey or similar contractual arrangements, a significant new facility on a qualifying site.*

2. "Qualifying site" means a site located in a brownfield area designated under s. 376.80 that is owned by an eligible county and is within the boundaries of a local government impacted by a financial emergency.

3. "Local government impacted by a financial emergency" means a county or municipality that has a resident population of 300,000 or more and that has been declared in a state of financial emergency pursuant to part V of chapter 218 at any time preceding the date on which construction of a significant new facility commences.

4. "Significant new facility" means a real property improvement on a qualifying site as defined in s. 218.503.

5. "Cost," with respect to the qualifying site and significant new facility, shall have the same meaning as provided by s. 190.003(7).

6. "Department" means the Department of Revenue.

(c) The governing authority of an eligible county shall notify the department in writing of its eligibility to receive the sales tax rebate provided for by this subsection and shall accompany such notice with:

1. Evidence that the significant new facility will be located on a qualifying site.

2. Copies, certified by the clerk of the eligible county as true and correct copies, of fully executed construction contracts and other contractual arrangements evidencing that the projected cost of the construction, reconstruction, renovation, expansion, or rehabilitation of the significant new facility and acquisition and remediation of the qualifying site on which it is located exceeds \$300 million, of which not less than \$50 million will be contributed by the private lessee, licensee, or operator in the manner described in s. 218.503(5)(c)1.c.(II).

3. The fully executed agreement evidencing that the facility has been leased to, licensed to, or is to be operated by a private, for-profit entity for a period of not less than 30 years after the date of the notice.

(d) The department shall certify an eligible county within 90 days after its receipt of the notice required by paragraph (c). The department has the authority to adopt rules to implement the provisions of this subsection.

(e) An eligible county may use funds provided pursuant to s. 212.20(6)(e)7.e. only for the public purpose of paying for, or pledging as security for or paying debt service on bonds or other obligations issued to finance, the costs of acquisition, site preparation, infrastructure development, construction, reconstruction, renovation, expansion, or rehabilitation of the qualifying site and significant new facility to be located thereon, or for the costs of infrastructure and other improvements outside the boundaries of the qualifying site but which are necessary or helpful to the development or operation of the significant new facility, or for reimbursement of any such costs, and for the costs incurred by it to remediate the qualifying site. An eligible county must ensure that procurement related to the planning, design, construction, building, maintenance, and operation of the significant new facility contracting is reflective of the racial and ethnic makeup of the community. In the event that, in any fiscal year of an eligible county, the funds provided pursuant to s. 212.20(6)(e)7.e. are in excess of the amount necessary in such fiscal year to pay the costs related to the significant new facility and qualifying site as authorized in this subsection and to pay debt service on bonds or other obligations related only to the costs of the bonds for construction of the significant new facility issued to finance or refinance all or any part of such costs, such excess funds shall be applied toward or set aside for the redemption or repayment of any such bonds.

(f) The amount of the sales tax rebate pursuant to s. 212.20(6)(e)7.e. to be provided to an eligible county certified pursuant to this section shall be computed annually and shall be equal to the sales tax imposed under chapter 212 attributable to that portion of the sales price as defined in chapter 212 that is the surcharge imposed pursuant to s. 218.503 by a local government impacted by financial emergency, but excluding discretionary sales surtaxes authorized under s. 212.055.

(g) The state does hereby covenant with the holders of bonds or other obligations or contractual commitments secured by or payable from the proceeds of the sales tax rebate authorized by this subsection that it will not repeal or impair, or amend in any manner which will materially and adversely affect the rights of such holders, the sales tax rebate provided by this subsection and s. 212.20(6)(e)7.e.; however, the annual rebate amount may increase or decrease based on the rebate computation provided by paragraph (f).

Section 3. Paragraph (e) of subsection (6) of section 212.20, Florida Statutes, is amended to read:

212.20 Funds collected, disposition; additional powers of department; operational expense; refund of taxes adjudicated unconstitutionally collected.—

(6) Distribution of all proceeds under this chapter shall be as follows:

(e) The proceeds of all other taxes and fees imposed pursuant to this chapter shall be distributed as follows:

1. In any fiscal year, the greater of \$500 million, minus an amount equal to 4.6 percent of the proceeds of the taxes collected pursuant to chapter 201, or 5 percent of all other taxes and fees imposed pursuant to this chapter shall be deposited in monthly installments into the General Revenue Fund.

2. Two-tenths of one percent shall be transferred to the Solid Waste Management Trust Fund.

3. After the distribution under subparagraphs 1. and 2., 9.653 percent of the amount remitted by a sales tax dealer located within a participating county pursuant to s. 218.61 shall be transferred into the Local Government Half-cent Sales Tax Clearing Trust Fund.

4. After the distribution under subparagraphs 1., 2., and 3., 0.065 percent shall be transferred to the Local Government Half-cent Sales Tax Clearing Trust Fund and distributed pursuant to s. 218.65.

5. For proceeds received after July 1, 2000, and after the distributions under subparagraphs 1., 2., 3., and 4., 2.25 percent of the available proceeds pursuant to this paragraph shall be transferred monthly to the Revenue Sharing Trust Fund for Counties pursuant to s. 218.215.

6. For proceeds received after July 1, 2000, and after the distributions under subparagraphs 1., 2., 3., and 4., 1.0715 percent of the available proceeds pursuant to this paragraph shall be transferred monthly to the Revenue Sharing Trust Fund for Municipalities pursuant to s. 218.215. If the total revenue to be distributed pursuant to this subparagraph is at least as great as the amount due from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000, no municipality shall receive less than the amount due from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000. If the total proceeds to be distributed are less than the amount received in combination from the Revenue Sharing Trust Fund for Municipalities and the Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000, each municipality shall receive an amount proportionate to the amount it was due in state fiscal year 1999-2000.

7. Of the remaining proceeds:

a. Beginning July 1, 2000, and in each fiscal year thereafter, the sum of \$29,915,500 shall be divided into as many equal parts as there are counties in the state, and one part shall be distributed to each county. The distribution among the several counties shall begin each fiscal year on or before January 5th and shall continue monthly for a total of 4 months. If a local or special law required that any moneys accruing to a county in fiscal year 1999-2000 under the then-existing provisions of s. 550.135 be paid directly to the district school board, special district, or a municipal government, such payment shall continue until such time that the local or special law is amended or repealed. The state covenants with holders of bonds or other instruments of indebtedness issued by local governments, special districts, or district school boards prior to

July 1, 2000, that it is not the intent of this subparagraph to adversely affect the rights of those holders or relieve local governments, special districts, or district school boards of the duty to meet their obligations as a result of previous pledges or assignments or trusts entered into which obligated funds received from the distribution to county governments under then-existing s. 550.135. This distribution specifically is in lieu of funds distributed under s. 550.135 prior to July 1, 2000.

b. The department shall distribute \$166,667 monthly pursuant to s. 288.1162 to each applicant that has been certified as a "facility for a new professional sports franchise" or a "facility for a retained professional sports franchise" pursuant to s. 288.1162. Up to \$41,667 shall be distributed monthly by the department to each applicant that has been certified as a "facility for a retained spring training franchise" pursuant to s. 288.1162; however, not more than \$208,335 may be distributed monthly in the aggregate to all certified facilities for a retained spring training franchise. Distributions shall begin 60 days following such certification and shall continue for not more than 30 years. Nothing contained in this paragraph shall be construed to allow an applicant certified pursuant to s. 288.1162 to receive more in distributions than actually expended by the applicant for the public purposes provided for in s. 288.1162(6). However, a certified applicant is entitled to receive distributions up to the maximum amount allowable and undistributed under this section for additional renovations and improvements to the facility for the franchise without additional certification.

c. Beginning 30 days after notice by the Office of Tourism, Trade, and Economic Development to the Department of Revenue that an applicant has been certified as the professional golf hall of fame pursuant to s. 288.1168 and is open to the public, \$166,667 shall be distributed monthly, for up to 300 months, to the applicant.

d. (2) Subsection (1) applies only to personal lines and commercial lines residential property insurance policies as defined in s. 627.4025, and applies only to an insurer that has employees in this state and has a home office or a regional office in this state. With respect to any tax year or assessment year, the exemptions provided by subsection (1) apply only if during the year an average of at least 10 percent of the insurer's Florida residential property policies in force covered properties located in enterprise zones designated pursuant to s. 290.0065.

(3) The provision of the definition of "minority person" in s. 288.703(3) that requires residency in Florida shall not apply to the term "minority person" as used in this section or s. 627.3511.

(4) This section is repealed effective *December 31, July 1 2010 2003*, and the tax and assessment exemptions authorized by this section shall terminate on such date.

Section 2. Paragraph (c) of subsection (3) of section 627.0628, Florida Statutes, is amended to read:

627.0628 Florida Commission on Hurricane Loss Projection Methodology.—

(3) ADOPTION AND EFFECT OF STANDARDS AND GUIDELINES.—

(c) With respect to a rate filing under s. 627.062, an insurer may employ actuarial methods, principles, standards, models, or output ranges found by the commission to be accurate or reliable to determine hurricane loss factors for use in a rate filing under s. 627.062, which findings and factors are admissible and relevant in consideration of a rate filing by the department or in any arbitration or administrative or judicial review. *However, such findings and factors are not admissible and relevant in consideration of a rate filing unless the department has access to all factors and assumptions that were used in developing the actuarial methods, principles, standards, models, or output ranges found by the commission to be accurate or reliable and the department is not precluded from disclosing such information in a rate proceeding. To the extent that such information is a trade secret as defined in chapter 688, such information need not be disclosed to the department unless it is specifically covered by a valid exemption from chapter 119.*

Section 3. Effective July 1, 2001, paragraph (b) of subsection (2) and paragraph (c) of subsection (6) of section 627.351, Florida Statutes, are amended, and paragraph (f) is added to subsection (2) of said section, to read:

627.351 Insurance risk apportionment plans.—

(2) WINDSTORM INSURANCE RISK APPORTIONMENT.—

(b) The department shall require all insurers holding a certificate of authority to transact property insurance on a direct basis in this state, other than joint underwriting associations and other entities formed pursuant to this section, to provide windstorm coverage to applicants from areas determined to be eligible pursuant to paragraph (c) who in good faith are entitled to, but are unable to procure, such coverage through ordinary means; or it shall adopt a reasonable plan or plans for the equitable apportionment or sharing among such insurers of windstorm coverage, which may include formation of an association for this purpose. As used in this subsection, the term "property insurance" means insurance on real or personal property, as defined in s. 624.604, including insurance for fire, industrial fire, allied lines, farmowners multiperil, homeowners' multiperil, commercial multiperil, and mobile homes, and including liability coverages on all such insurance, but excluding inland marine as defined in s. 624.607(3) and excluding vehicle insurance as defined in s. 624.605(1)(a) other than insurance on mobile homes used as permanent dwellings. The department shall adopt rules that provide a formula for the recovery and repayment of any deferred assessments.

1. For the purpose of this section, properties eligible for such windstorm coverage are defined as dwellings, buildings, and other structures, including mobile homes which are used as dwellings and which are tied down in compliance with mobile home tie-down

requirements prescribed by the Department of Highway Safety and Motor Vehicles pursuant to s. 320.8325, and the contents of all such properties. An applicant or policyholder is eligible for coverage only if an offer of coverage cannot be obtained by or for the applicant or policyholder from an admitted insurer at approved rates.

2.a.(I) All insurers required to be members of such association shall participate in its writings, expenses, and losses. Surplus of the association shall be retained for the payment of claims and shall not be distributed to the member insurers. Such participation by member insurers shall be in the proportion that the net direct premiums of each member insurer written for property insurance in this state during the preceding calendar year bear to the aggregate net direct premiums for property insurance of all member insurers, as reduced by any credits for voluntary writings, in this state during the preceding calendar year. For the purposes of this subsection, the term "net direct premiums" means direct written premiums for property insurance, reduced by premium for liability coverage and for the following if included in allied lines: rain and hail on growing crops; livestock; association direct premiums booked; National Flood Insurance Program direct premiums; and similar deductions specifically authorized by the plan of operation and approved by the department. A member's participation shall begin on the first day of the calendar year following the year in which it is issued a certificate of authority to transact property insurance in the state and shall terminate 1 year after the end of the calendar year during which it no longer holds a certificate of authority to transact property insurance in the state. The commissioner, after review of annual statements, other reports, and any other statistics that the commissioner deems necessary, shall certify to the association the aggregate direct premiums written for property insurance in this state by all member insurers.

(II) The plan of operation shall provide for a board of directors consisting of the members of the State Board of Administration, which shall oversee the operations of the association and shall carry out any other duties provided by law. The board shall appoint an advisory council consisting of an actuary, a meteorologist, an engineer, a representative of insurers, a representative of insurance agents, and three consumers who shall also be representatives of other professions and industries, to provide the board with information and advice in connection with its duties under this section. *Members of the advisory council shall be eligible for per diem and travel expenses under s. 112.061. The association shall not be considered a state agency and its obligations shall not be considered obligations of the state consisting of the Insurance Consumer Advocate appointed under s. 627.0613, a consumer representative appointed by the Insurance Commissioner, a consumer representative appointed by the Governor, and 12 additional members appointed as specified in the plan of operation. One of the 12 additional members shall be elected by the domestic companies of this state on the basis of cumulative weighted voting based on the net direct premiums of domestic companies in this state. Nothing in the 1997 amendments to this paragraph terminates the existing board or the terms of any members of the board.*

(III) The plan of operation shall provide a formula whereby a company voluntarily providing windstorm coverage in affected areas will be relieved wholly or partially from apportionment of a regular assessment pursuant to sub-sub-subparagraph d.(I) or sub-sub-subparagraph d.(II).

(IV) A company which is a member of a group of companies under common management may elect to have its credits applied on a group basis, and any company or group may elect to have its credits applied to any other company or group.

(V) There shall be no credits or relief from apportionment to a company for emergency assessments collected from its policyholders under sub-sub-subparagraph d.(III).

(VI) The plan of operation may also provide for the award of credits, for a period not to exceed 3 years, from a regular assessment pursuant to sub-sub-subparagraph d.(I) or sub-sub-subparagraph d.(II) as an incentive for taking policies out of the Residential Property and Casualty Joint Underwriting Association. In order to qualify for the

exemption under this sub-sub-subparagraph, the take-out plan must provide that at least 40 percent of the policies removed from the Residential Property and Casualty Joint Underwriting Association cover risks located in Dade, Broward, and Palm Beach Counties or at least 30 percent of the policies so removed cover risks located in Dade, Broward, and Palm Beach Counties and an additional 50 percent of the policies so removed cover risks located in other coastal counties, and must also provide that no more than 15 percent of the policies so removed may exclude windstorm coverage. With the approval of the department, the association may waive these geographic criteria for a take-out plan that removes at least the lesser of 100,000 Residential Property and Casualty Joint Underwriting Association policies or 15 percent of the total number of Residential Property and Casualty Joint Underwriting Association policies, provided the governing board of the Residential Property and Casualty Joint Underwriting Association certifies that the take-out plan will materially reduce the Residential Property and Casualty Joint Underwriting Association's 100-year probable maximum loss from hurricanes. With the approval of the department, the board may extend such credits for an additional year if the insurer guarantees an additional year of renewability for all policies removed from the Residential Property and Casualty Joint Underwriting Association, or for 2 additional years if the insurer guarantees 2 additional years of renewability for all policies removed from the Residential Property and Casualty Joint Underwriting Association.

b. Assessments to pay deficits in the association under this subparagraph shall be included as an appropriate factor in the making of rates as provided in s. 627.3512.

c. The Legislature finds that the potential for unlimited deficit assessments under this subparagraph may induce insurers to attempt to reduce their writings in the voluntary market, and that such actions would worsen the availability problems that the association was created to remedy. It is the intent of the Legislature that insurers remain fully responsible for paying regular assessments and collecting emergency assessments for any deficits of the association; however, it is also the intent of the Legislature to provide a means by which assessment liabilities may be amortized over a period of years.

d.(I) When the deficit incurred in a particular calendar year is 10 percent or less of the aggregate statewide direct written premium for property insurance for the prior calendar year for all member insurers, the association shall levy an assessment on member insurers in an amount equal to the deficit.

(II) When the deficit incurred in a particular calendar year exceeds 10 percent of the aggregate statewide direct written premium for property insurance for the prior calendar year for all member insurers, the association shall levy an assessment on member insurers in an amount equal to the greater of 10 percent of the deficit or 10 percent of the aggregate statewide direct written premium for property insurance for the prior calendar year for member insurers. Any remaining deficit shall be recovered through emergency assessments under sub-sub-subparagraph (III).

(III) Upon a determination by the board of directors that a deficit exceeds the amount that will be recovered through regular assessments on member insurers, pursuant to sub-sub-subparagraph (I) or sub-sub-subparagraph (II), the board shall levy, after verification by the department, emergency assessments to be collected by member insurers and by underwriting associations created pursuant to this section which write property insurance, upon issuance or renewal of property insurance policies other than National Flood Insurance policies in the year or years following levy of the regular assessments. The amount of the emergency assessment collected in a particular year shall be a uniform percentage of that year's direct written premium for property insurance for all member insurers and underwriting associations, excluding National Flood Insurance policy premiums, as annually determined by the board and verified by the department. The department shall verify the arithmetic calculations involved in the board's determination within 30 days after receipt of the information on which the determination was based. Notwithstanding any other

provision of law, each member insurer and each underwriting association created pursuant to this section shall collect emergency assessments from its policyholders without such obligation being affected by any credit, limitation, exemption, or deferment. The emergency assessments so collected shall be transferred directly to the association on a periodic basis as determined by the association. The aggregate amount of emergency assessments levied under this sub-sub-subparagraph in any calendar year may not exceed the greater of 10 percent of the amount needed to cover the original deficit, plus interest, fees, commissions, required reserves, and other costs associated with financing of the original deficit, or 10 percent of the aggregate statewide direct written premium for property insurance written by member insurers and underwriting associations for the prior year, plus interest, fees, commissions, required reserves, and other costs associated with financing the original deficit. The board may pledge the proceeds of the emergency assessments under this sub-sub-subparagraph as the source of revenue for bonds, to retire any other debt incurred as a result of the deficit or events giving rise to the deficit, or in any other way that the board determines will efficiently recover the deficit. The emergency assessments under this sub-sub-subparagraph shall continue as long as any bonds issued or other indebtedness incurred with respect to a deficit for which the assessment was imposed remain outstanding, unless adequate provision has been made for the payment of such bonds or other indebtedness pursuant to the document governing such bonds or other indebtedness. Emergency assessments collected under this sub-sub-subparagraph are not part of an insurer's rates, are not premium, and are not subject to premium tax, fees, or commissions; however, failure to pay the emergency assessment shall be treated as failure to pay premium.

(IV) Each member insurer's share of the total regular assessments under sub-sub-subparagraph (I) or sub-sub-subparagraph (II) shall be in the proportion that the insurer's net direct premium for property insurance in this state, for the year preceding the assessment bears to the aggregate statewide net direct premium for property insurance of all member insurers, as reduced by any credits for voluntary writings for that year.

(V) If regular deficit assessments are made under sub-sub-subparagraph (I) or sub-sub-subparagraph (II), or by the Residential Property and Casualty Joint Underwriting Association under sub-sub-subparagraph (6)(b)3.a. or sub-sub-subparagraph (6)(b)3.b., the association shall levy upon the association's policyholders, as part of its next rate filing, or by a separate rate filing solely for this purpose, a market equalization surcharge in a percentage equal to the total amount of such regular assessments divided by the aggregate statewide direct written premium for property insurance for member insurers for the prior calendar year. Market equalization surcharges under this sub-sub-subparagraph are not considered premium and are not subject to commissions, fees, or premium taxes; however, failure to pay a market equalization surcharge shall be treated as failure to pay premium.

e. The governing body of any unit of local government, any residents of which are insured under the plan, may issue bonds as defined in s. 125.013 or s. 166.101 to fund an assistance program, in conjunction with the association, for the purpose of defraying deficits of the association. In order to avoid needless and indiscriminate proliferation, duplication, and fragmentation of such assistance programs, any unit of local government, any residents of which are insured by the association, may provide for the payment of losses, regardless of whether or not the losses occurred within or outside of the territorial jurisdiction of the local government. Revenue bonds may not be issued until validated pursuant to chapter 75, unless a state of emergency is declared by executive order or proclamation of the Governor pursuant to s. 252.36 making such findings as are necessary to determine that it is in the best interests of, and necessary for, the protection of the public health, safety, and general welfare of residents of this state and the protection and preservation of the economic stability of insurers operating in this state, and declaring it an essential public purpose to permit certain municipalities or counties to issue bonds as will provide relief to claimants and policyholders of the association and insurers responsible for apportionment of plan losses. Any such unit of local government may enter into such contracts with the association and with any other entity

created pursuant to this subsection as are necessary to carry out this paragraph. Any bonds issued under this sub-subparagraph shall be payable from and secured by moneys received by the association from assessments under this subparagraph, and assigned and pledged to or on behalf of the unit of local government for the benefit of the holders of such bonds. The funds, credit, property, and taxing power of the state or of the unit of local government shall not be pledged for the payment of such bonds. If any of the bonds remain unsold 60 days after issuance, the department shall require all insurers subject to assessment to purchase the bonds, which shall be treated as admitted assets; each insurer shall be required to purchase that percentage of the unsold portion of the bond issue that equals the insurer's relative share of assessment liability under this subsection. An insurer shall not be required to purchase the bonds to the extent that the department determines that the purchase would endanger or impair the solvency of the insurer. The authority granted by this sub-subparagraph is additional to any bonding authority granted by subparagraph 6.

3. The plan shall also provide that any member with a surplus as to policyholders of \$25 \$20 million or less writing 25 percent or more of its total countrywide property insurance premiums in this state may petition the department, within the first 90 days of each calendar year, to qualify as a limited apportionment company. The apportionment of such a member company in any calendar year for which it is qualified shall not exceed its gross participation, which shall not be affected by the formula for voluntary writings. In no event shall a limited apportionment company be required to participate in any apportionment of losses pursuant to sub-sub-subparagraph 2.d.(I) or sub-sub-subparagraph 2.d.(II) in the aggregate which exceeds \$50 million after payment of available plan funds in any calendar year. However, a limited apportionment company shall collect from its policyholders any emergency assessment imposed under sub-sub-subparagraph 2.d.(III). The plan shall provide that, if the department determines that any regular assessment will result in an impairment of the surplus of a limited apportionment company, the department may direct that all or part of such assessment be deferred. However, there shall be no limitation or deferment of an emergency assessment to be collected from policyholders under sub-sub-subparagraph 2.d.(III).

4. The plan shall provide for the deferment, in whole or in part, of a regular assessment of a member insurer under sub-sub-subparagraph 2.d.(I) or sub-sub-subparagraph 2.d.(II), but not for an emergency assessment collected from policyholders under sub-sub-subparagraph 2.d.(III), if, in the opinion of the commissioner, payment of such regular assessment would endanger or impair the solvency of the member insurer. In the event a regular assessment against a member insurer is deferred in whole or in part, the amount by which such assessment is deferred may be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in sub-sub-subparagraph 2.d.(I) or sub-sub-subparagraph 2.d.(II).

5.a. The plan of operation may include deductibles and rules for classification of risks and rate modifications consistent with the objective of providing and maintaining funds sufficient to pay catastrophe losses.

b.(I) *Subject to the provisions of sub-sub-subparagraph (II), all rate filings under this subsection relating to coverage for windstorm losses must reflect historical insurance data. When using a computer model in making a rate filing under this subsection, the association may use only a computer model which is based upon standards and guidelines developed or established by the Florida Commission on Hurricane Loss Projection Methodology under s. 627.0628. Consideration of historical insurance data and the use of computer models shall be consistent with applicable Standards of Practice of the American Academy of Actuaries. The association may require arbitration of a rate filing under s. 627.062(6).*

(II) ~~It is the intent of the Legislature that the Rates for coverage provided by the association must be actuarially sound and not competitive with approved rates charged in the admitted voluntary market such that the association functions as a residual market mechanism to provide insurance only when the insurance cannot be~~

procured in the voluntary market. The plan of operation shall provide a mechanism to assure that *the average base rates for each line of business charged by the association for hurricane coverage for each unmitigated risk in a particular county shall be no lower than the highest department-approved rate within the association's eligible area for hurricane coverage in the voluntary market for each line of business in such county, among the 20 largest insurers actually writing such coverage in such county, beginning no later than January 1, 1999, the rates charged by the association for each line of business are reflective of approved rates in the voluntary market for hurricane coverage for each line of business in the various areas eligible for association coverage.*

(III) *Notwithstanding any other provision of law, windstorm rates under this subsection previously adjudicated for use and in effect as of the effective date of this act, and the related mitigation credit program, shall apply to rates of the association and shall continue in effect until such rates are fully phased in. The rate for a particular group or class of policies may be increased only after the full phase-in of the current rate plan as to that group or class of policies.*

c. The association shall provide for windstorm coverage on residential properties in limits up to \$10 million for commercial lines residential risks and up to \$1 million for personal lines residential risks. If coverage with the association is sought for a residential risk valued in excess of these limits, coverage shall be available to the risk up to the replacement cost or actual cash value of the property, at the option of the insured, if coverage for the risk cannot be located in the authorized market. The association must accept a commercial lines residential risk with limits above \$10 million or a personal lines residential risk with limits above \$1 million if coverage is not available in the authorized market. The association may write coverage above the limits specified in this subparagraph with or without facultative or other reinsurance coverage, as the association determines appropriate.

d. The plan of operation must provide objective criteria and procedures, approved by the department, to be uniformly applied for all applicants in determining whether an individual risk is so hazardous as to be uninsurable. In making this determination and in establishing the criteria and procedures, the following shall be considered:

(I) Whether the likelihood of a loss for the individual risk is substantially higher than for other risks of the same class; and

(II) Whether the uncertainty associated with the individual risk is such that an appropriate premium cannot be determined.

The acceptance or rejection of a risk by the association pursuant to such criteria and procedures must be construed as the private placement of insurance, and the provisions of chapter 120 do not apply.

e. The policies issued by the association must provide that if the association obtains an offer from an authorized insurer to cover the risk at its approved rates under either a standard policy including wind coverage or, if consistent with the insurer's underwriting rules as filed with the department, a basic policy including wind coverage, the risk is no longer eligible for coverage through the association. Upon termination of eligibility, the association shall provide written notice to the policyholder and agent of record stating that the association policy must be canceled as of 60 days after the date of the notice because of the offer of coverage from an authorized insurer. Other provisions of the insurance code relating to cancellation and notice of cancellation do not apply to actions under this sub-subparagraph. *This sub-subparagraph applies only to policies issued or renewed on or after June 1, 2003.*

f. Association policies and applications must include a notice that the association policy could, under this section, be replaced with a policy issued by an authorized insurer that does not provide coverage identical to the coverage provided by the association. The notice shall also specify that acceptance of association coverage creates a conclusive presumption that the applicant or policyholder is aware of this potential. *This sub-subparagraph applies only to policies issued or renewed on or after June 1, 2003.*

g. If the risk accepts an offer of coverage through the market assistance program or through a mechanism established by the association, either before the policy is issued by the association or during the first 30 days of coverage by the association, and the producing agent who submitted the application to the association is not currently appointed by the insurer, the insurer shall either:

(I) Pay to the producing agent of record of the policy, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the association; or

(II) Offer to allow the producing agency of record of the policy to continue servicing the policy for a period of not less than 1 year and offer to pay the agent the greater of the insurer's or the association's usual and customary commission for the type of policy written.

If the new or producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-subparagraph (I).

h. When the association enters into a contractual agreement for a take-out plan, the producing agent of record of the association policy is entitled to retain any unearned commission on the policy, and the insurer shall either:

(I) Pay to the producing agent of record of the association policy, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the association; or

(II) Offer to allow the producing agent of record of the association policy to continue servicing the policy for a period of not less than 1 year and offer to pay the agent the greater of the insurer's or the association's usual and customary commission for the type of policy written.

If the new or producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-subparagraph (I).

6.a. The plan of operation may authorize the formation of a private nonprofit corporation, a private nonprofit unincorporated association, a partnership, a trust, a limited liability company, or a nonprofit mutual company which may be empowered, among other things, to borrow money by issuing bonds or by incurring other indebtedness and to accumulate reserves or funds to be used for the payment of insured catastrophe losses. The plan may authorize all actions necessary to facilitate the issuance of bonds, including the pledging of assessments or other revenues.

b. Any entity created under this subsection, or any entity formed for the purposes of this subsection, may sue and be sued, may borrow money; issue bonds, notes, or debt instruments; pledge or sell assessments, market equalization surcharges and other surcharges, rights, premiums, contractual rights, projected recoveries from the Florida Hurricane Catastrophe Fund, other reinsurance recoverables, and other assets as security for such bonds, notes, or debt instruments; enter into any contracts or agreements necessary or proper to accomplish such borrowings; and take other actions necessary to carry out the purposes of this subsection. The association may issue bonds or incur other indebtedness, or have bonds issued on its behalf by a unit of local government pursuant to subparagraph (g)2., in the absence of a hurricane or other weather-related event, upon a determination by the association subject to approval by the department that such action would enable it to efficiently meet the financial obligations of the association and that such financings are reasonably necessary to effectuate the requirements of this subsection. Any such entity may accumulate reserves and retain surpluses as of the end of any association year to provide for the payment of losses incurred by the association during that year or any future year. The association shall incorporate and continue the plan of operation and articles of agreement in effect on the effective date of chapter 76-96, Laws of Florida, to the extent that it is not inconsistent with chapter 76-96, and as subsequently modified consistent with chapter 76-96. The board of directors and officers currently serving shall continue to serve until

their successors are duly qualified as provided under the plan. The assets and obligations of the plan in effect immediately prior to the effective date of chapter 76-96 shall be construed to be the assets and obligations of the successor plan created herein.

c. In recognition of s. 10, Art. I of the State Constitution, prohibiting the impairment of obligations of contracts, it is the intent of the Legislature that no action be taken whose purpose is to impair any bond indenture or financing agreement or any revenue source committed by contract to such bond or other indebtedness issued or incurred by the association or any other entity created under this subsection.

7. On such coverage, an agent's remuneration shall be that amount of money payable to the agent by the terms of his or her contract with the company with which the business is placed. However, no commission will be paid on that portion of the premium which is in excess of the standard premium of that company.

8. Subject to approval by the department, the association may establish different eligibility requirements and operational procedures for any line or type of coverage for any specified eligible area or portion of an eligible area if the board determines that such changes to the eligibility requirements and operational procedures are justified due to the voluntary market being sufficiently stable and competitive in such area or for such line or type of coverage and that consumers who, in good faith, are unable to obtain insurance through the voluntary market through ordinary methods would continue to have access to coverage from the association. When coverage is sought in connection with a real property transfer, such requirements and procedures shall not provide for an effective date of coverage later than the date of the closing of the transfer as established by the transferor, the transferee, and, if applicable, the lender.

9. Notwithstanding any other provision of law:

a. The pledge or sale of, the lien upon, and the security interest in any rights, revenues, or other assets of the association created or purported to be created pursuant to any financing documents to secure any bonds or other indebtedness of the association shall be and remain valid and enforceable, notwithstanding the commencement of and during the continuation of, and after, any rehabilitation, insolvency, liquidation, bankruptcy, receivership, conservatorship, reorganization, or similar proceeding against the association under the laws of this state or any other applicable laws.

b. No such proceeding shall relieve the association of its obligation, or otherwise affect its ability to perform its obligation, to continue to collect, or levy and collect, assessments, market equalization or other surcharges, projected recoveries from the Florida Hurricane Catastrophe Fund, reinsurance recoverables, or any other rights, revenues, or other assets of the association pledged.

c. Each such pledge or sale of, lien upon, and security interest in, including the priority of such pledge, lien, or security interest, any such assessments, emergency assessments, market equalization or renewal surcharges, projected recoveries from the Florida Hurricane Catastrophe Fund, reinsurance recoverables, or other rights, revenues, or other assets which are collected, or levied and collected, after the commencement of and during the pendency of or after any such proceeding shall continue unaffected by such proceeding.

d. As used in this subsection, the term "financing documents" means any agreement, instrument, or other document now existing or hereafter created evidencing any bonds or other indebtedness of the association or pursuant to which any such bonds or other indebtedness has been or may be issued and pursuant to which any rights, revenues, or other assets of the association are pledged or sold to secure the repayment of such bonds or indebtedness, together with the payment of interest on such bonds or such indebtedness, or the payment of any other obligation of the association related to such bonds or indebtedness.

e. Any such pledge or sale of assessments, revenues, contract rights or other rights or assets of the association shall constitute a lien and security interest, or sale, as the case may be, that is immediately effective and attaches to such assessments, revenues, contract, or other

rights or assets, whether or not imposed or collected at the time the pledge or sale is made. Any such pledge or sale is effective, valid, binding, and enforceable against the association or other entity making such pledge or sale, and valid and binding against and superior to any competing claims or obligations owed to any other person or entity, including policyholders in this state, asserting rights in any such assessments, revenues, contract, or other rights or assets to the extent set forth in and in accordance with the terms of the pledge or sale contained in the applicable financing documents, whether or not any such person or entity has notice of such pledge or sale and without the need for any physical delivery, recordation, filing, or other action.

f. There shall be no liability on the part of, and no cause of action of any nature shall arise against, any member insurer or its agents or employees, agents or employees of the association, members of the board of directors of the association, or the department or its representatives, for any action taken by them in the performance of their duties or responsibilities under this subsection. Such immunity does not apply to actions for breach of any contract or agreement pertaining to insurance, or any willful tort.

10. *It is the intent of the Legislature that the association vigorously pursue an exemption from federal income taxation and tax-free status for bonds issued by or on behalf of the association. In furtherance of this intent:*

a. *The association shall retain such expert tax counsel and bond counsel as necessary and expend such funds as necessary to pursue such negotiations or litigation as may lead to favorable tax rulings.*

b. *The association shall, no later than January 1, 2002, provide a report to the Governor, the Insurance Commissioner, the President of the Senate, and the Speaker of the House of Representatives detailing the status of the negotiations or litigation and recommending statutory changes, if any, needed to secure favorable tax rulings.*

(f)1. *In recognition of the fact that the association created under this subsection furthers an essentially governmental purpose, the association is exempt from premium taxes effective July 1, 2002.*

2. *Beginning with the 2002-2003 fiscal year, and except for years in which the association is collecting regular or emergency assessments under this subsection, the association shall annually transfer the sum of \$5 million to the General Revenue Fund, which moneys shall be appropriated for hurricane loss mitigation purposes as specified in s. 215.555(7)(c). Such appropriations are in addition to any appropriations required or authorized by s. 215.555(7)(c).*

(6) RESIDENTIAL PROPERTY AND CASUALTY JOINT UNDERWRITING ASSOCIATION.—

(c) The plan of operation of the association:

1. May provide for one or more designated insurers, able and willing to provide policy and claims service, to act on behalf of the association to provide such service. Each licensed agent shall be entitled to indicate the order of preference regarding who will service the business placed by the agent. The association shall adhere to each agent's preferences unless after consideration of other factors in assigning agents, including, but not limited to, servicing capacity and fee arrangements, the association has reason to believe it is in the best interest of the association to make a different assignment.

2. Must provide for adoption of residential property and casualty insurance policy forms, which forms must be approved by the department prior to use. The association shall adopt the following policy forms:

a. Standard personal lines policy forms including wind coverage, which are multiperil policies providing what is generally considered to be full coverage of a residential property similar to the coverage provided under an HO-2, HO-3, HO-4, or HO-6 policy.

b. Standard personal lines policy forms without wind coverage, which are the same as the policies described in sub-subparagraph a. except that they do not include wind coverage.

c. Basic personal lines policy forms including wind coverage, which are policies similar to an HO-8 policy or a dwelling fire policy that provide coverage meeting the requirements of the secondary mortgage market, but which coverage is more limited than the coverage under a standard policy.

d. Basic personal lines policy forms without wind coverage, which are the same as the policies described in sub-subparagraph c. except that they do not include wind coverage.

e. Commercial lines residential policy forms including wind coverage that are generally similar to the basic perils of full coverage obtainable for commercial residential structures in the admitted voluntary market.

f. Commercial lines residential policy forms without wind coverage, which are the same as the policies described in sub-subparagraph e. except that they do not include wind coverage.

3. May provide that the association may employ or otherwise contract with individuals or other entities to provide administrative or professional services that may be appropriate to effectuate the plan. The association shall have the power to borrow funds, by issuing bonds or by incurring other indebtedness, and shall have other powers reasonably necessary to effectuate the requirements of this subsection. The association may issue bonds or incur other indebtedness, or have bonds issued on its behalf by a unit of local government pursuant to subparagraph (g)2., in the absence of a hurricane or other weather-related event, upon a determination by the association, subject to approval by the department, that such action would enable it to efficiently meet the financial obligations of the association and that such financings are reasonably necessary to effectuate the requirements of this subsection. The association is authorized to take all actions needed to facilitate tax-free status for any such bonds or indebtedness, including formation of trusts or other affiliated entities. The association shall have the authority to pledge assessments, projected recoveries from the Florida Hurricane Catastrophe Fund, other reinsurance recoverables, market equalization and other surcharges, and other funds available to the association as security for bonds or other indebtedness. In recognition of s. 10, Art. I of the State Constitution, prohibiting the impairment of obligations of contracts, it is the intent of the Legislature that no action be taken whose purpose is to impair any bond indenture or financing agreement or any revenue source committed by contract to such bond or other indebtedness.

4. Must require that the association operate subject to the supervision and approval of a board of governors *consisting of the members of the State Board of Administration. consisting of 13 individuals, including 1 who is elected as chair. The board shall consist of:*

a. ~~The insurance consumer advocate appointed under s. 627.0613.~~

b. ~~Five members designated by the insurance industry.~~

c. ~~Five consumer representatives appointed by the Insurance Commissioner. Two of the consumer representatives must, at the time of appointment, be holders of policies issued by the association, who are selected with consideration given to reflecting the geographic balance of association policyholders. Two of the consumer members must be individuals who are minority persons as defined in s. 288.703(3). One of the consumer members shall have expertise in the field of mortgage lending.~~

d. ~~Two representatives of the insurance industry appointed by the Insurance Commissioner. Of the two insurance industry representatives appointed by the Insurance Commissioner, at least one must be an individual who is a minority person as defined in s. 288.703(3).~~

~~Any board member may be disapproved or removed and replaced by the commissioner at any time for cause. All board members, including the chair, must be appointed to serve for 3-year terms beginning annually on a date designated by the plan.~~

5. Must provide a procedure for determining the eligibility of a risk for coverage, as follows:

a. With respect to personal lines residential risks, if the risk is offered coverage from an authorized insurer at the insurer's approved rate under either a standard policy including wind coverage or, if consistent with the insurer's underwriting rules as filed with the department, a basic policy including wind coverage, the risk is not eligible for any policy issued by the association.

(I) If the risk accepts an offer of coverage through the market assistance program or through a mechanism established by the association, either before the policy is issued by the association or during the first 30 days of coverage by the association, and the producing agent who submitted the application to the association is not currently appointed by the insurer, the insurer shall either:

(A) Pay to the producing agent of record of the policy, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the association; or

(B) Offer to allow the producing agent of record of the policy to continue servicing the policy for a period of not less than 1 year and offer to pay the agent the greater of the insurer's or the association's usual and customary commission for the type of policy written.

If the new or producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-subparagraph (A).

(II) When the association enters into a contractual agreement for a take-out plan, the producing agent of record of the association policy is entitled to retain any unearned commission on the policy, and the insurer shall either:

(A) Pay to the producing agent of record of the association policy, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the association; or

(B) Offer to allow the producing agent of record of the association policy to continue servicing the policy for a period of not less than 1 year and offer to pay the agent the greater of the insurer's or the association's usual and customary commission for the type of policy written.

If the new or producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-subparagraph (A). ~~If the risk accepts an offer of coverage through the market assistance plan or an offer of coverage through a mechanism established by the association before a policy is issued to the risk by the association or during the first 30 days of coverage by the association, and the producing agent who submitted the application to the plan or to the association is not currently appointed by the insurer, the insurer shall either appoint the agent to service the risk or, if the insurer places the coverage through a new agent, require the new agent who then writes the policy to pay not less than 50 percent of the first year's commission to the producing agent who submitted the application to the plan or the association, except that if the new agent is an employee or exclusive agent of the insurer, the new agent shall pay a policy fee of \$50 to the producing agent in lieu of splitting the commission. If the risk is not able to obtain any such offer, the risk is eligible for either a standard policy including wind coverage or a basic policy including wind coverage issued by the association; however, if the risk could not be insured under a standard policy including wind coverage regardless of market conditions, the risk shall be eligible for a basic policy including wind coverage unless rejected under subparagraph 8. The association shall determine the type of policy to be provided on the basis of objective standards specified in the underwriting manual and based on generally accepted underwriting practices.~~

b. With respect to commercial lines residential risks, if the risk is offered coverage under a policy including wind coverage from an authorized insurer at its approved rate, the risk is not eligible for any policy issued by the association.

(I) If the risk accepts an offer of coverage through the market assistance program or through a mechanism established by the

association, either before the policy is issued by the association or during the first 30 days of coverage by the association, and the producing agent who submitted the application to the association is not currently appointed by the insurer, the insurer shall either:

(A) Pay to the producing agent of record of the policy, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the association; or

(B) Offer to allow the producing agent of record of the policy to continue servicing the policy for a period of not less than 1 year and offer to pay the agent the greater of the insurer's or the association's usual and customary commission for the type of policy written.

If the new or producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-subparagraph (A).

(II) When the association enters into a contractual agreement for a take-out plan, the producing agent of record of the association policy is entitled to retain any unearned commission on the policy, and the insurer shall either:

(A) Pay to the producing agent of record of the association policy, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the association; or

(B) Offer to allow the producing agent of record of the association policy to continue servicing the policy for a period of not less than 1 year and offer to pay the agent the greater of the insurer's or the association's usual and customary commission for the type of policy written.

If the new or producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-subparagraph (A). ~~If the risk accepts an offer of coverage through the market assistance plan or an offer of coverage through a mechanism established by the association before a policy is issued to the risk by the association, and the producing agent who submitted the application to the plan or the association is not currently appointed by the insurer, the insurer shall either appoint the agent to service the risk or, if the insurer places the coverage through a new agent, require the new agent who then writes the policy to pay not less than 50 percent of the first year's commission to the producing agent who submitted the application to the plan, except that if the new agent is an employee or exclusive agent of the insurer, the new agent shall pay a policy fee of \$50 to the producing agent in lieu of splitting the commission. If the risk is not able to obtain any such offer, the risk is eligible for a policy including wind coverage issued by the association.~~

c. This subparagraph does not require the association to provide wind coverage or hurricane coverage in any area in which such coverage is available through the Florida Windstorm Underwriting Association.

6. Must include rules for classifications of risks and rates therefor.

7. Must provide that if premium and investment income attributable to a particular plan year are in excess of projected losses and expenses of the plan attributable to that year, such excess shall be held in surplus. Such surplus shall be available to defray deficits as to future years and shall be used for that purpose prior to assessing member insurers as to any plan year.

8. Must provide objective criteria and procedures to be uniformly applied for all applicants in determining whether an individual risk is so hazardous as to be uninsurable. In making this determination and in establishing the criteria and procedures, the following shall be considered:

a. Whether the likelihood of a loss for the individual risk is substantially higher than for other risks of the same class; and

b. Whether the uncertainty associated with the individual risk is such that an appropriate premium cannot be determined.

The acceptance or rejection of a risk by the association shall be construed as the private placement of insurance, and the provisions of chapter 120 shall not apply.

9. Must provide that the association shall make its best efforts to procure catastrophe reinsurance at reasonable rates, as determined by the board of governors.

10. Must provide that in the event of regular deficit assessments under sub-subparagraph (b)3.a. or sub-subparagraph (b)3.b., or by the Florida Windstorm Underwriting Association under sub-sub-subparagraph (2)(b)2.d.(I) or sub-sub-subparagraph (2)(b)2.d.(II), the association shall levy upon association policyholders in its next rate filing, or by a separate rate filing solely for this purpose, a market equalization surcharge in a percentage equal to the total amount of such regular assessments divided by the aggregate statewide direct written premium for subject lines of business for member insurers for the prior calendar year. Market equalization surcharges under this subparagraph are not considered premium and are not subject to commissions, fees, or premium taxes; however, failure to pay a market equalization surcharge shall be treated as failure to pay premium.

11. The policies issued by the association must provide that, if the association or the market assistance plan obtains an offer from an authorized insurer to cover the risk at its approved rates under either a standard policy including wind coverage or a basic policy including wind coverage, the risk is no longer eligible for coverage through the association. However, if the risk is located in an area in which Florida Windstorm Underwriting Association coverage is available, such an offer of a standard or basic policy terminates eligibility regardless of whether or not the offer includes wind coverage. Upon termination of eligibility, the association shall provide written notice to the policyholder and agent of record stating that the association policy shall be canceled as of 60 days after the date of the notice because of the offer of coverage from an authorized insurer. Other provisions of the insurance code relating to cancellation and notice of cancellation do not apply to actions under this subparagraph.

12. Association policies and applications must include a notice that the association policy could, under this section or s. 627.3511, be replaced with a policy issued by an admitted insurer that does not provide coverage identical to the coverage provided by the association. The notice shall also specify that acceptance of association coverage creates a conclusive presumption that the applicant or policyholder is aware of this potential.

13. May establish, subject to approval by the department, different eligibility requirements and operational procedures for any line or type of coverage for any specified county or area if the board determines that such changes to the eligibility requirements and operational procedures are justified due to the voluntary market being sufficiently stable and competitive in such area or for such line or type of coverage and that consumers who, in good faith, are unable to obtain insurance through the voluntary market through ordinary methods would continue to have access to coverage from the association. When coverage is sought in connection with a real property transfer, such requirements and procedures shall not provide for an effective date of coverage later than the date of the closing of the transfer as established by the transferor, the transferee, and, if applicable, the lender.

Section 4. Subsection (4) of section 627.3511, Florida Statutes, is amended to read:

627.3511 Depopulation of Residential Property and Casualty Joint Underwriting Association.—

(4) AGENT BONUS.—When the Residential Property and Casualty Joint Underwriting Association enters into a contractual agreement for a take-out plan that provides a bonus to the insurer, the producing agent of record of the association policy is entitled to retain any unearned commission on such policy, and the insurer shall either:

(a) Pay to the producing agent of record of the association policy, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the

~~usual and customary commission of the association an amount equal to the insurer's usual and customary commission for the type of policy written if the term of the association policy was in excess of 6 months, or one half of such usual and customary commission if the term of the association policy was 6 months or less; or~~

(b) Offer to allow the producing agent of record of the association policy to continue servicing the policy for a period of not less than 1 year and offer to pay the agent *the greater of* the insurer's or the association's usual and customary commission for the type of policy written.

If the new or producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with paragraph (a). The insurer need not take any further action if the offer is rejected. This subsection does not apply to any reciprocal interinsurance exchange, nonprofit federation, or any subsidiary or affiliate of such organization. This subsection does not apply if the agent is also the agent of record on the new coverage. The requirement of this subsection that the producing agent of record is entitled to retain the unearned commission on an association policy does not apply to a policy for which coverage has been provided in the association for 30 days or less or for which a cancellation notice has been issued pursuant to s. 627.351(6)(c)11. during the first 30 days of coverage.

Section 5. Subsection (2) of section 627.7013, Florida Statutes is amended to read:

627.7013 Orderly markets for personal lines residential property insurance.—

(2) MORATORIUM COMPLETION.—

(a) As used in this subsection, the term "total number of policies" means the number of an insurer's policies of a specified type that were in force on June 1, 1996, or the date on which this section became law, whichever was later.

(b) The following restrictions apply only to cancellation or nonrenewal of personal lines residential property insurance policies that were in force on June 1, 1996, or the date on which this section became law, whichever was later.

1. In any 12-month period, an insurer may not cancel or nonrenew more than 5 percent of such insurer's total number of homeowner's policies, 5 percent of such insurer's total number of mobile home owner's policies, or 5 percent of such insurer's total number of personal lines residential policies of all types and classes in the state for the purpose of reducing the insurer's exposure to hurricane claims and may not, with respect to any county, cancel or nonrenew more than 10 percent of its total number of homeowner's policies, 10 percent of its total number of mobile home owner's policies, or 10 percent of its total number of personal lines residential policies of all types and classes in the county for the purpose of reducing the insurer's exposure to hurricane claims. This subparagraph does not prohibit any cancellations or nonrenewals of such policies for any other lawful reason unrelated to the risk of loss from hurricane exposure.

2.a. If, for any 12-month period, an insurer proposes to cancel or nonrenew personal lines residential policies to an extent not authorized by subparagraph 1. for the purpose of reducing exposure to hurricane claims, the insurer must file a phaseout plan with the department at least 90 days prior to the effective date of the plan. In the plan, the insurer must demonstrate to the department that the insurer is protecting market stability and the interests of its policyholders. The plan may not be implemented unless it is approved by the department. In developing the plan, the insurer must consider policyholder longevity, the use of voluntary incentives to accomplish the reduction, and geographic distribution. The insurer must demonstrate that under the plan the insurer will not cancel or nonrenew more policies in the 12-month period than the largest number of similar policies the insurer canceled or nonrenewed for any reason in any 12-month period between August 24, 1989, and August 24, 1992.

b. If the insurer considers the number of cancellations and nonrenewals under sub-subparagraph a. to be insufficient, the insurer

may apply for approval of additional cancellations or nonrenewals on the basis of an unreasonable risk of insolvency. In evaluating a request under this sub-subparagraph, the department shall consider and shall require the insurer to provide information relevant to: the insurer's size, market concentration, and general financial condition; the portion of the insurer's business in this state represented by personal lines residential property insurance; the reasonableness of assumptions with respect to size, frequency, severity, and path of hurricanes; the reinsurance available to the insurer and potential recoveries from the Florida Hurricane Catastrophe Fund; and the extent to which the insurer's assets have been voluntarily transferred by dividend or otherwise from the insurer to its stockholders, parent companies, or affiliated companies since June 1, 1996, or the date on which this section became law, whichever was later. In the implementation of exposure reductions under this sub-subparagraph, the department and the insurer shall consider such factors as policyholder longevity, the use of voluntary incentives to accomplish the exposure reduction, and geographic distribution.

c. A policy shall not be counted as having been canceled or nonrenewed for purposes of this subsection if any of the following apply:

(I) The policy was canceled or nonrenewed for an underwriting reason unrelated to the risk of loss from hurricane exposure, nonpayment of premium, or any other lawful reason that is unrelated to the risk of loss from hurricane exposure. The department shall consider the reason specified in the notice of cancellation or nonrenewal to be the reason for the cancellation or nonrenewal unless the department finds by a preponderance of the evidence that the stated reason was not the insurer's actual reason for the cancellation or nonrenewal.

(II) The cancellation or nonrenewal was initiated by the insured.

(III) The insurer has offered the policyholder replacement or alternative coverage at approved rates, which coverage meets the requirements of the secondary mortgage market.

d. In addition to any other cancellations or nonrenewals subject to the limitations in this subsection, a policy shall be considered as having been canceled or nonrenewed for purposes of this subsection if:

(I) The insurer implements a rate increase under the use-and-file provisions of s. 627.062(2)(a)2., which rate increase exceeds 150 percent of the increase ultimately approved by the department, and, while the rate filing was pending, the policyholder voluntarily canceled or nonrenewed the policy and obtained replacement coverage from another insurer, including the Residential Property and Casualty Joint Underwriting Association; or

(II) The insurer reduces the commission to an agent by more than 25 percent and the agent thereafter places the risk with another insurer, including the Residential Property and Casualty Joint Underwriting Association, or the Florida Windstorm Underwriting Association.

e. The department must approve or disapprove an application for a waiver within 90 days after the department receives the application for waiver.

3. In addition to the cancellations or nonrenewals authorized under this section, an insurer may cancel or nonrenew policies to the extent authorized by an exemption from or waiver of either the moratorium created by chapter 93-401, Laws of Florida, or the moratorium phaseout under former s. 627.7013(2).

4. Notwithstanding any provisions of this section to the contrary, this section does not apply to any insurer that, prior to August 24, 1992, filed notice of such insurer's intent to discontinue writing insurance in this state under s. 624.430, and for which a finding has been made by the department, the Division of Administrative Hearings of the Department of Management Services, or a court that such notice satisfied all requirements of s. 624.430. Nothing in this section shall be construed to authorize an insurer to withdraw from any line of property insurance business for the purpose of reducing exposure to risk of hurricane loss if such withdrawal commenced at any time that the

moratorium under chapter 93-401, Laws of Florida, or the moratorium phaseout under this section is in effect.

5. The following actions by an insurer do not constitute cancellations or nonrenewals for purposes of this subsection:

a. The transfer of a risk from one admitted insurer to another admitted insurer, unless the terms of the new or replacement policy place the policyholder in default of a mortgage obligation.

b. An increase in the hurricane deductible applicable to the policy, unless the new deductible places the policyholder in default of a mortgage obligation or the deductible exceeds the limits specified in s. 627.701.

c. Any other lawful change in coverage that does not place the policyholder in default of a mortgage obligation.

d. A cancellation or nonrenewal that is part of the same action as the removal of a policy including windstorm or hurricane coverage from the Residential Property and Casualty Joint Underwriting Association.

6. In order to assure fair and effective enforcement of this subsection, each insurer shall, no later than October 1, 1996, report to the department the policy number of each policy subject to this subsection, arranged by county. The report shall include the policy number for each personal lines residential policy that was in force on June 1, 1996, or the date this section became law, whichever was later. Beginning October 1, 1996, each insurer shall also report, on a monthly basis, all cancellations and nonrenewals of policies included in such policy list and the reasons for the cancellations and nonrenewals.

(c) The department may adopt rules to implement this subsection.

(d) This section shall cease to operate at such time as the department determines that the insured value of all residential properties insured by the Florida Windstorm Underwriting Association and all properties insured by the Residential Property and Casualty Joint Underwriting Association under policies providing wind coverage, combined, has remained below \$25 billion for 3 consecutive months, based on exposure data reported to the department by the associations.

(e) This subsection is repealed on June 1, 2004 ~~2001~~.

Section 6. Effective January 7, 2003, subsection (3) of section 20.04, Florida Statutes, is amended to read:

2. Knowingly collecting as a premium or charge for insurance any sum in excess of or less than the premium or charge applicable to such insurance, in accordance with the applicable classifications and rates as filed with and approved by the department, and as specified in the policy; or, in cases when classifications, premiums, or rates are not required by this code to be so filed and approved, premiums and charges in excess of or less than those specified in the policy and as fixed by the insurer. This provision shall not be deemed to prohibit the charging and collection, by surplus lines agents licensed under part VIII of this chapter, of the amount of applicable state and federal taxes, or fees as authorized by s. 626.916(4), in addition to the premium required by the insurer or the charging and collection, by licensed agents, of the exact amount of any discount or other such fee charged by a credit card facility in connection with the use of a credit card, as authorized by subparagraph (q)3., in addition to the premium required by the insurer. This subparagraph shall not be construed to prohibit collection of a premium for a universal life or a variable or indeterminate value insurance policy made in accordance with the terms of the contract.

3.a. Imposing or requesting an additional premium for a policy of motor vehicle liability, personal injury protection, medical payment, or collision insurance or any combination thereof or refusing to renew the policy solely because the insured was involved in a motor vehicle accident unless the insurer's file contains information from which the insurer in good faith determines that the insured was substantially at fault in the accident.

b. An insurer which imposes and collects such a surcharge or which refuses to renew such policy shall, in conjunction with the notice of premium due or notice of nonrenewal, notify the named insured that he or she is entitled to reimbursement of such amount or renewal of the policy under the conditions listed below and will subsequently reimburse him or her or renew the policy, if the named insured demonstrates that the operator involved in the accident was:

- (I) Lawfully parked;
- (II) Reimbursed by, or on behalf of, a person responsible for the accident or has a judgment against such person;
- (III) Struck in the rear by another vehicle headed in the same direction and was not convicted of a moving traffic violation in connection with the accident;
- (IV) Hit by a "hit-and-run" driver, if the accident was reported to the proper authorities within 24 hours after discovering the accident;
- (V) Not convicted of a moving traffic violation in connection with the accident, but the operator of the other automobile involved in such accident was convicted of a moving traffic violation;
- (VI) Finally adjudicated not to be liable by a court of competent jurisdiction;
- (VII) In receipt of a traffic citation which was dismissed or nolle prossed; or
- (VIII) Not at fault as evidenced by a written statement from the insured establishing facts demonstrating lack of fault which are not rebutted by information in the insurer's file from which the insurer in good faith determines that the insured was substantially at fault.

c. In addition to the other provisions of this subparagraph, an insurer may not fail to renew a policy if the insured has had only one accident in which he or she was at fault within the current 3-year period. However, an insurer may nonrenew a policy for reasons other than accidents in accordance with s. 627.728. This subparagraph does not prohibit nonrenewal of a policy under which the insured has had three or more accidents, regardless of fault, during the most recent 3-year period.

4. Imposing or requesting an additional premium for, or refusing to renew, a policy for motor vehicle insurance solely because the insured committed a noncriminal traffic infraction as described in s. 318.14 unless the infraction is:

a. A second infraction committed within an 18-month period, or a third or subsequent infraction committed within a 36-month period.

b. A violation of s. 316.183, when such violation is a result of exceeding the lawful speed limit by more than 15 miles per hour.

5. Upon the request of the insured, the insurer and licensed agent shall supply to the insured the complete proof of fault or other criteria which justifies the additional charge or cancellation.

6. No insurer shall impose or request an additional premium for motor vehicle insurance, cancel or refuse to issue a policy, or refuse to renew a policy because the insured or the applicant is a handicapped or physically disabled person, so long as such handicap or physical disability does not substantially impair such person's mechanically assisted driving ability.

7. No insurer may cancel or otherwise terminate any insurance contract or coverage, or require execution of a consent to rate endorsement, during the stated policy term for the purpose of offering to issue, or issuing, a similar or identical contract or coverage to the same insured with the same exposure at a higher premium rate or continuing an existing contract or coverage with the same exposure at an increased premium.

8. No insurer may issue a nonrenewal notice on any insurance contract or coverage, or require execution of a consent to rate endorsement, for the purpose of offering to issue, or issuing, a similar or identical contract or coverage to the same insured at a higher premium rate or continuing an existing contract or coverage at an increased premium without meeting any applicable notice requirements.

9. No insurer shall, with respect to premiums charged for motor vehicle insurance, unfairly discriminate solely on the basis of age, sex, marital status, *location of the risk*, *accidents more than 3 years old*, or scholastic achievement.

10. Imposing or requesting an additional premium for motor vehicle comprehensive or uninsured motorist coverage solely because the insured was involved in a motor vehicle accident or was convicted of a moving traffic violation.

11. No insurer shall cancel or issue a nonrenewal notice on any insurance policy or contract without complying with any applicable cancellation or nonrenewal provision required under the Florida Insurance Code.

12. No insurer shall impose or request an additional premium, cancel a policy, or issue a nonrenewal notice on any insurance policy or contract because of any traffic infraction when adjudication has been withheld and no points have been assessed pursuant to s. 318.14(9) and (10). However, this subparagraph does not apply to traffic infractions involving accidents in which the insurer has incurred a loss due to the fault of the insured.

(w) Soliciting or accepting new or renewal insurance risks by insolvent or impaired insurer prohibited; penalty.—

1. Whether or not delinquency proceedings as to the insurer have been or are to be initiated, but while such insolvency or impairment exists, no director or officer of an insurer, except with the written permission of the Department of Insurance, shall authorize or permit the insurer to solicit or accept new or renewal insurance risks in this state after such director or officer knew, or reasonably should have known, that the insurer was insolvent or impaired. "Impaired" includes impairment for capital or surplus, as defined in s. 631.011(12)(9) and (13)(10).

2. Any such director or officer, upon conviction of a violation of this paragraph, is guilty of a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

Section 19. Section 626.9552, Florida Statutes, is created to read:

626.9552 *Single interest insurance.*—

(1) *When single interest insurance is written at the expense of the purchaser or borrower in connection with a finance or loan transaction, a clear and concise statement must be furnished the purchaser or borrower advising the purchaser or borrower that the insurance effected is solely for the interest of the financing entity, and that no protection thereunder exists for the benefit of the purchaser or borrower. When single interest insurance is written, no effort may be made by the insurer to recover the amount of any payment from the borrower. Single interest insurance policies must be clearly stamped or printed on the declarations page, "Single Interest Only—No Subrogation." Single interest insurance is to be placed only after it has been determined that no other kind of insurance can be placed on the risk, except with the consent of the purchaser or borrower. Single interest may be written in cases of inland marine installment sales floater policies. If insurance cannot be obtained for the dual protection of the purchaser or borrower, and the seller or lender or financing entity for all the coverages contemplated, or if obtained, is canceled by the insurer before expiration, the seller or lender or financing entity may obtain insurance to protect his or her interest in the motor vehicle or other personal property, and the purchaser or borrower may be required to pay the cost thereof. In such event the seller or lender or financing entity shall promptly notify the purchaser or borrower that such insurance cannot be obtained, or has been canceled, and credit to the purchaser or borrower the difference between the amount charged for dual protection insurance and the actual cost of such single interest insurance, less, in the event of cancellation, the earned premium on the dual interest insurance for the period it was in force. If the purchaser or borrower procures acceptable dual interest insurance within 30 days after the date of such notice and provides the seller or lender, or finance entity with evidence that the premium therefore has been paid, there is no charge to him or her for the single interest coverage. As used in this section, the term "financing entity" means a finance company, bank, or other lending institution. However, those lenders licensed under the Consumer Finance Act, chapter 516, must provide coverage issued in the name of the borrower containing the customary mortgagee or loss payee clause.*

(2) *If a certificate is issued under a master policy, the same coverage as provided in an individual policy will apply.*

(3) *The provisions of this section do not apply to title insurance as defined in s. 624.608.*

Section 20. Paragraph (a) of subsection (2) of section 627.062, Florida Statutes, is amended to read:

627.062 Rate standards.—

(2) As to all such classes of insurance:

(a) Insurers or rating organizations shall establish and use rates, rating schedules, or rating manuals to allow the insurer a reasonable rate of return on such classes of insurance written in this state. ~~Copies~~ ~~A copy~~ of rates, rating schedules, rating manuals, premium credits or discount schedules, and surcharge schedules, and changes thereto, shall be filed with the department under one of the following procedures:

1. If the filing is made at least 90 days before the proposed effective date and the filing is not implemented during the department's review of the filing and any proceeding and judicial review, then such filing shall be considered a "file and use" filing. In such case, the department shall finalize its review by issuance of a notice of intent to approve or a notice of intent to disapprove within 90 days after receipt of the filing. The notice of intent to approve and the notice of intent to disapprove constitute agency action for purposes of the Administrative Procedure Act. Requests for supporting information, requests for mathematical or mechanical corrections, or notification to the insurer by the department of its preliminary findings shall not toll the 90-day period during any such proceedings and subsequent judicial review. The rate shall be deemed approved if the department does not issue a notice of intent to approve or a notice of intent to disapprove within 90 days after receipt of the filing.

2. If the filing is not made in accordance with the provisions of subparagraph 1., such filing shall be made as soon as practicable, but no

later than 30 days after the effective date, and shall be considered a "use and file" filing. An insurer making a "use and file" filing is potentially subject to an order by the department to return to policyholders portions of rates found to be excessive, as provided in paragraph (h).

Section 21. Subsection (4) is added to section 627.0625, Florida Statutes, to read:

627.0625 Commercial property and casualty risk management plans.—

(4) *Commercial motor vehicle policies that are issued to satisfy mandatory financial responsibility requirements of a state or local government must provide first dollar coverage to third-party claimants without a deductible. With respect to such practices, the department may adopt rules necessary to assure that claims are administered fairly as required by law.*

Section 22. Subsection (8) of section 627.0651, Florida Statutes, is amended to read:

627.0651 Making and use of rates for motor vehicle insurance.—

(8) Rates are not unfairly discriminatory if averaged broadly among members of a group; nor are rates unfairly discriminatory even though they are lower than rates for nonmembers of the group. However, such rates are unfairly discriminatory if they are not actuarially measurable and credible and sufficiently related to actual or expected loss and expense experience of the group so as to assure that nonmembers of the group are not unfairly discriminated against. Use of a single United States Postal Service zip code as a rating territory shall be deemed unfairly discriminatory. *An insurer may not impose a surcharge or discount for liability coverages based on the type of vehicle without providing acceptable actuarial justification.*

Section 23. Section 627.385, Florida Statutes, is created to read:

627.385 Conduct of residual market board members.—

(1)(a) *For various insurance coverages, a residual market has been created by legislation to provide a market of last resort for individuals unable to secure coverage in the voluntary market.*

(b) *Each residual market's enabling legislation calls for the establishment of a board of governors or directors that operates subject to a plan of operation. The board, in carrying out its obligations, must engage in business transactions in order to provide and administer the required coverage and maintain adequate funds to support the plan. In order for the board to fully execute its responsibilities required by law, conflict of interest or inappropriate activity by board members, or the appearance thereof, with regard to member insurers or policyholders of the residual market mechanism must be avoided. The Legislature has determined that the provisions set forth in subsection (2) are necessary to protect the public interest by ensuring fair, reasonable, and beneficial board practice and activity.*

(c) *This section applies to the Florida Medical Malpractice Joint Underwriting Association, the Florida Automobile Joint Underwriting Association, the Florida Workers' Compensation Joint Underwriting Association, the Florida Comprehensive Health Association, the Florida Windstorm Underwriting Association, the Florida Property and Casualty Joint Underwriting Association, the Florida Residential Property and Casualty Joint Underwriting Association, and the board members thereof.*

(2) *To ensure that the board is free from potential conflict or inappropriate behavior the following are adopted in the plan of operation of the subject residual market in this state.*

(a) *A board member may not act as a servicing carrier or administering entity for the subject plan, other than a claim adjustment contract open to all members of the plan.*

(b) *A board member or board member representative may not use his or her position to foster or facilitate any special pecuniary gain for himself or herself, his or her member company, or any other entity in*

which the board member or board member representative or the member company has a substantial financial interest, except as otherwise provided in paragraph (a).

(c) A board member or board member representative may not use his or her position on the board to secure or promote any business relationship from which he or she may derive a financial gain.

(d) A board member or designee may not receive any gift or gratuity, except as provided in s. 112.3248, other than meals, while acting in his or her capacity as a board member.

(3) Board members and board member representatives shall maintain reasonable board expenses based on state travel policy as set forth in s. 112.061. The board shall develop a detailed policy regarding board member travel, which policy must be based on s. 112.061 and is subject to the approval of the department.

The notice must provide that if the policyholder, pursuant to such notice, returns the policy or contract to the insurer at its home office or branch office or to the agent through whom it was purchased, it is considered void from the beginning and the parties are in the same position as if no policy or contract had been issued. This section does not apply to group policies, single premium nonrenewable policies or travel accident policies.

Section 25. Section 627.41345, Florida Statutes, is created to read:

(a) With respect to which the insurer has a reasonable basis to suspect fraud;

(b) Where, based on agreed-upon facts as to the cause of loss, there is no coverage under the policy;

(c) With respect to which the insurer has a reasonable basis to believe that the claimant has intentionally made a material misrepresentation of fact which is relevant to the claim, and the entire request for payment of a loss has been denied on the basis of the material misrepresentation; or

An insurer, agent, or premium finance company may not directly or indirectly take any action resulting in the insured having paid from the insured's own funds an amount less than the 2 months' premium required by this subsection. This subsection applies without regard to whether the premium is financed by a premium finance company or is paid pursuant to a periodic payment plan of an insurer or an insurance agent. (j) Maximize recovery of assets for the benefit of the insurer and its policyholders, creditors, and estate.

(2) This part shall be liberally construed to effect the purposes stated in subsection (1) and shall specifically authorize the department in its capacity as administrator, conservator, rehabilitator, receiver, liquidator, or similar capacity to pursue any actions for damages or other recoveries on behalf of the insurer and its policyholders, creditors, and estate.

631.041 Automatic stay; relief from stay; injunctions.—

(1) An application or petition under s. 631.031 operates as a matter of law as an automatic stay applicable to all persons and entities, other than the receiver, which shall be permanent and survive the entry of an order of conservation, rehabilitation, or liquidation, and which shall prohibit:

(d) Any act to create, perfect, or enforce a lien against property of the insurer, except that a secured claim as defined in s. 631.011(21)(17) may proceed under s. 631.191 after the order of liquidation is entered;

Section 38. Section 631.113, Florida Statutes, is created to read:

631.113 Extension of time.—

(1) The running of any unexpired statute of limitations as to any claims brought by the administrator, conservator, rehabilitator, receiver, or liquidator, or an official or agency exercising powers pursuant to this chapter seeking damages or other recoveries on behalf of an insurer, its policyholders, its creditors, or its estate, shall be tolled for a period of 4 years from the entry of an order placing the administrator, conservator, rehabilitator, receiver, liquidator, or similar official or agency over the insurer, provided, if the delinquency proceedings brought pursuant to this chapter against the insurer terminate in less than 4 years, such tolling shall cease at the time when the proceedings are finally concluded, including all appeals therefrom. Further, the right of action does not accrue and the limitations period for any such action does not run during the time when the insurer is controlled by parties acting contrary to the company's interests or when the facts giving rise to such claim are fraudulently concealed from regulatory authorities or from any members of company management. The provisions of chapter 95 shall be construed so as to be consistent with the provisions of this section. The receiver may institute any action or proceeding on behalf of the estate of the insurer while any statute of limitation is tolled pursuant to this section. The tolling shall be in addition to any other applicable tolling provision.

(2) For actions not covered by subsection (1), if any unexpired time period is fixed, by any agreement or in any proceeding, for doing any act for the benefit of the estate, the receiver shall have 180 days, or such longer period as the receivership court may allow for good cause shown, from the entry of the order of rehabilitation or liquidation to perform the act.

Section 39. Present subsections (6) through (9) of section 631.141, Florida Statutes, are renumbered as subsections (7) through (10), respectively, and a new subsection (6) is added to that section to read:

631.141 Conduct of delinquency proceeding; domestic and alien insurers.—

Section 40. Paragraph (d) of subsection (6) of section 631.154, Florida Statutes, is amended to read:

631.154 Funds or other property in the possession of third person.—

Section 41. Section 631.156, Florida Statutes, is created to read:

631.156 Investigation by the department.—

(1) Preliminary or incidental to a petition for receivership proceedings, the department may, and if appointed receiver shall, undertake a full investigation to determine the causes and reasons for the insolvency, the discovery and location of assets to be recovered, the recovery of such assets, whether the filing of false statements with the department contributed to the insolvency, and, in conjunction with the department's Division of Insurance Fraud or any other appropriate agency of state or federal government, whether any law of this state, any other state, or the Federal Government relating to the solvency of the

insurer has been violated. In the furtherance of such investigation, the department may:

(a) Examine and review any and all documents that are reasonably calculated to disclose or lead to the disclosure of the causes and reasons for the insolvency, the discovery and location of assets to be recovered, the recovery of such assets, the truth or falsity of statements filed with the department, and whether any law of this state, any other state, or the Federal Government has been violated.

(b) Take statements or depositions under oath of any person whose testimony is reasonably calculated to disclose or lead to the disclosure of the causes and reasons for the insolvency, the discovery of and location of assets to be recovered, the recovery of such assets, the truth or falsity of statements filed with the department, and whether any law of this state, any other state, or the Federal Government has been violated.

(c) Request the court having jurisdiction over the receivership proceedings to issue any necessary subpoenas.

(2) In its capacity as receiver, the department may provide documents, books and records, other investigative products, work product, and analysis, including copies of any or all of the foregoing items, to the Division of Insurance Fraud or any other appropriate agency of state or federal government. The sharing of information, investigative products, or analysis shall not waive any work product or other privilege that would otherwise apply under common law, chapter 119, or any other law.

(3) The department, as the court's receiver, is granted the discretion to determine what books, records, documents, or testimony would be reasonably calculated to disclose or lead to the disclosure of the causes and reasons for the insolvency, the discovery and location of assets to be recovered, the recovery of the assets, the truth or falsity of statements filed with the department, and whether any law of this state or of the United States has been violated, subject to the court's power to review such determination or appoint a general master to review such determination. A party asserting that any documents requested by the department under this section are not subject to review, or that any particular testimony may not be obtained, shall present such contention by written motion to the receivership court within 20 days after receipt of the request and shall be fully responsible for the loss of any evidence which occurs after the department first informs said party of its request therefor. The court shall, as expeditiously as possible, determine whether the department has abused its discretion in seeking such evidence or testimony, with the objecting party having the burden of proof. A party who fails to produce the requested evidence or testimony without filing a proper timely objection, or who having unsuccessfully asserted such objection fails thereafter to furnish the evidence or testimony, within the time provided by the court or the department, shall be subject to the contempt powers of the court, in addition to any other applicable penalties which may be provided in the Florida Insurance Code or other law.

631.157 Civil action by the receiver.—

(1) Any person who is engaged in the business of insurance or who acts as or is an officer, director, agent, or employee of any person engaged in the business of insurance, or is involved, other than as an insured or beneficiary under a policy of insurance, in a transaction relating to the conduct of affairs of such a business, and who willfully obtains or uses, as defined in s. 812.012(2), any asset or property, including, but not

limited to, moneys, funds, premiums, credits, or other property of an insurer, shall be liable to the department as receiver for the use and benefit of an insolvent insurer's estate, creditors, and policyholders, as follows:

(a) If such obtaining or using did not jeopardize the safety and soundness of an insurer and was not a significant cause of such insurer's being placed in conservation, rehabilitation, or liquidation, such person shall be liable only for the full amount of any asset obtained or used, plus prejudgment interest provided by law.

(b) If such obtaining or using jeopardized the safety and soundness of an insurer or was a significant cause of such insurer's being placed in conservation, rehabilitation, or liquidation, such person shall be liable for triple the full amount of any asset obtained or used, plus prejudgment interest provided by law on the original amount.

(2) Any person who is engaged in the business of insurance or who acts as or is an officer, director, agent, or employee of any person engaged in the business of insurance, or is involved, other than as an insured or beneficiary under a policy of insurance, in a transaction relating to the conduct of affairs of such a business, and who, while having actual knowledge or such constructive knowledge as should have been obtained through reasonable inquiry by a person in such position, if such person knowingly misreports, or knowingly makes any false entry of, a material fact in any book, report, or statement of an insurer with the intent to deceive such insurer, including any officer, employee, or agent of such insurer, the department, or any agent or examiner appointed by the department to examine the affairs of such person or of the insurer, concerning the financial condition or solvency of such business, shall be liable to the department as receiver for the use and benefit of an insolvent insurer's estate, creditors, and policyholders, as follows:

(a) If such misreporting did not jeopardize the safety and soundness of an insurer and was not a significant cause of such insurer's being placed in conservation, rehabilitation, or liquidation, such person shall be liable only for the full amount of any asset misreported.

(b) If such misreporting jeopardized the safety and soundness of an insurer or was a significant cause of such insurer's being placed in conservation, rehabilitation, or liquidation, such person shall be liable for triple the full amount of any asset misreported.

(3) If the asset or property that has been obtained or used was reported to the department as being available to the insurer as an admitted asset and such asset is unavailable to the receiver for payment of the obligations of the insurer at the time when a receivership proceeding is instituted, the obtaining or using shall be presumed to have jeopardized the safety and soundness of the insurer and to have been a significant cause of such insurer's being placed in conservation, rehabilitation, or liquidation, with the burden of proof on the defendants to show otherwise.

(4) If the receiver is successful in establishing a claim under this section, the receiver shall be entitled to recover all of its costs, investigative and other expenses, which shall include the department's in-house staff and staff attorney's expenses, costs, and salaries, expended in the prosecution of the action, and reasonable attorney's fees. The receiver shall be exempt from the provisions of s. 57.111.

(5) An action under this section may be brought at any time before the expiration of 4 years after the entry of the initial order of rehabilitation or liquidation under this part but shall be filed before the time the receivership proceeding is closed or dismissed.

not become insolvent. In no event shall the association be liable for any penalties or interest.

Section 44. Section 631.3995, Florida Statutes, is created to read:

631.3995 Closing of estate; Closed Estate Fund Trust Account.—

(1) When all assets justifying the expense of collection and distribution have been marshaled and distributed under this part, the department shall petition the court to terminate the liquidation proceedings and to close the estate. The court may grant such other relief as may be appropriate, including, but not limited to, a full discharge of all liability and responsibility of the liquidator, the reservation of assets for administrative expenses incurred in the closing of the estate, and any other actions the department feels necessary or appropriate for closing the estate.

(2) Any remaining reserved assets that are provided for in subsection (1) and that may not be practicably or economically distributed to claimants shall be deposited into a segregated account to be known as the Closed Estate Fund Trust Account, if created by law. The department may use moneys held in the account for paying the administrative expenses of companies subject to this part that lack sufficient assets to allow the department to perform its duties and obligations under this part. An annual audit of the Closed Estate Fund Trust Account shall be performed regardless of its balance.

(3) The department may petition the court to reopen the proceedings for good cause shown, including the marshaling of additional assets, and the court may enter such other orders as may be deemed appropriate.

(Amendment Bar Code: 970727)

Amendment 2 (with title amendment)—On page 1, line 10, insert:

Section 1. Paragraph (e) is added to subsection (1) of section 28.101, Florida Statutes, to read:

28.101 Petitions and records of dissolution of marriage; additional charges.—

(1) When a party petitions for a dissolution of marriage, in addition to the filing charges in s. 28.241, the clerk shall collect and receive:

(e) A charge of \$50. On a monthly basis, the clerk shall transfer the moneys collected pursuant to this paragraph to the authorized insurer, or eligible surplus lines insurer, selected pursuant to chapter 287, for the issuance of a policy of insurance to provide child support payments when the payor's employment has been involuntarily terminated. The \$50 charge may be reduced to the actual premium amount for such policy as determined through the competitive bidding process and chapter 287.

1. The policy required by this paragraph shall provide for the payment of child support amounts due to the child or the child's legal guardian. Payments shall be made, after a reasonable waiting period, on behalf of the obligated person when the obligated person has become unemployed by reason of involuntary unemployment. "Involuntary unemployment" means unemployment due to strikes, lockouts, individual and mass layoffs, or loss of income due to business failure or bankruptcy. Payments shall be equal to the monthly child support payments as set forth in the divorce decree or other order of the court and shall be payable for the term of involuntary unemployment, but in no event shall payments be made for a period of more than 13 weeks. The 13 weeks do not have to be consecutive; however, this is the maximum number of weeks payable on behalf of the obligated person for the total of all periods of involuntary unemployment. The obligated person must not be delinquent in paying child support payments at the time a claim is made to the insurer for child support payments to be made on behalf of the obligated person under this section. If the obligated person is delinquent in paying child support at the time a claim is made, the insurer shall pay all sums due on behalf of such obligated person to the Child Support Depository Trust Fund.

2. The clerk shall maintain a separate record of all insurance costs. In addition to the costs collected for the payment of the insurance premium, the clerk or the judge may collect an additional fee of \$4 to cover the administrative cost of collecting and transmitting the insurance premium.

3. For the purposes of this paragraph, the office of the clerk of court shall be an agency as defined in s. 287.012. The selection of the insurer shall be made pursuant to the provisions of chapter 287.

And the title is amended as follows:

On page 1, line 2, after the semicolon

insert: amending s. 28.101, F.S.; providing an additional charge when a party petitions for a dissolution of marriage; providing for the disposition of the charge for the payment of a policy of insurance to provide child support payments when the payor's employment has been involuntary terminated; providing a definition; directing the clerk to keep certain records;

Rep. Clarke moved the adoption of the amendment, which failed of adoption.

SUMMARY OF CONFERENCE COMMITTEE ACTION

The Conference Committee Amendment for CS for SB 466 accepts the Senate position on retention of the current law standard of just cause as a disciplinary standard, and maintenance of the burden of proof on the public employer. It modifies the employee grievance process to reduce time frames for completion but limits the ability of a hearing tribunal to mitigate the actions of the agency head.

The Conference Committee Amendment eliminates the special master in labor impasse proceedings and changes the legislative disposition of labor and management disagreements.

The House recedes from its positions on changes to affirmative action and decertification of a police labor union. It further accedes to two Senate positions on developing federally approved tax shelters for accrued leave payments and alternative retirement plans for casual labor employees.

The Senate recedes from its position on management pay tied to performance and accedes to the House positions on the transfer of PERC to the Department of Management Services and on limitations in the use of casual labor (OPS).

The Senate accepts a House position on a smaller and less formalized advisory body for private sector management review of career service changes.

The Conference Committee Amendment coordinates the payment of employee incentives with policies established in the Appropriations Bill and permits year-end redemption of annual leave.

Alternative language is incorporated in the Conference Committee Amendment to specify the conditions under which the public employer will pay for work-related training in public universities and community colleges.

The Conference Committee Amendment provides for the transfer of some 16,000 management, supervisory, and confidential employees from the Career Service System to the Selected Exempt Service System and raises the formula from .5 percent to 1 percent of career service positions which may be placed in this Senior Management Service Class.

Section 37. Subsection (8) of section 447.207, Florida Statutes, is amended to read:

447.207 Commission; powers and duties.—

(8) ~~Pursuant to s. 447.208~~, The commission or its designated agent shall hear appeals arising out of any suspension, reduction in pay, ~~transfer, layoff~~, demotion, or dismissal of any permanent employee in the State Career Service System *in the manner provided in s. 110.227*. ~~Written notice of any such appeal shall be filed with the commission within 14 calendar days after the date on which the notice of suspension, reduction in pay, transfer, layoff, demotion, or dismissal is received by the employee.~~

Section 38. Section 447.208, Florida Statutes, is amended to read:

447.208 Procedure with respect to certain appeals under s. 447.207.—

(1) Any person filing an appeal pursuant to ~~subsection (8) or~~ subsection (9) of s. 447.207 shall be entitled to a hearing pursuant to subsections (4) and (5) of s. 447.503 and in accordance with chapter 120; however, the hearing shall be conducted within 30 days of the filing of an appeal with the commission, unless an extension of time is granted by the commission for good cause. Discovery may be granted only upon a showing of extraordinary circumstances. A party requesting discovery shall demonstrate a substantial need for the information requested and an inability to obtain relevant information by other means. To the extent that chapter 120 is inconsistent with these provisions, the procedures contained in this section shall govern.

(2) This section does not prohibit any person from representing himself or herself in proceedings before the commission or from being represented by legal counsel or by any individual who qualifies as a

representative pursuant to rules promulgated and adopted by the commission.

~~(2) With respect to hearings relating to demotions, suspensions, or dismissals pursuant to the provisions of this section:~~

~~(a) Upon a finding that just cause existed for the demotion, suspension, or dismissal, the commission shall affirm the demotion, suspension, or dismissal.~~

~~(b) Upon a finding that just cause did not exist for the demotion, suspension, or dismissal, the commission may order the reinstatement of the employee, with or without back pay.~~

~~(c) Upon a finding that just cause for disciplinary action existed, but did not justify the severity of the action taken, the commission may, in its limited discretion, reduce the penalty.~~

~~(d) The commission is limited in its discretionary reduction of dismissals and suspensions to consider only the following circumstances:~~

~~1. The seriousness of the conduct as it relates to the employee's duties and responsibilities.~~

~~2. Action taken with respect to similar conduct by other employees.~~

~~3. The previous employment record and disciplinary record of the employee.~~

~~4. Extraordinary circumstances beyond the employee's control which temporarily diminished the employee's capacity to effectively perform his or her duties or which substantially contributed to the violation for which punishment is being considered.~~

~~The agency may present evidence to refute the existence of these circumstances.~~

~~(3)(e)~~ Any order of the commission issued *under this section* pursuant to ~~this subsection~~ may include back pay, if applicable, and an amount, to be determined by the commission and paid by the agency, for reasonable attorney's fees, witness fees, and other out-of-pocket expenses incurred during the prosecution of an appeal against an agency in which the commission sustains the employee. In determining the amount of an attorney's fee, the commission shall consider only the number of hours reasonably spent on the appeal, comparing the number of hours spent on similar ~~cases~~ *Career Service System* appeals and the reasonable hourly rate charged in the geographic area for similar appeals, but not including litigation over the amount of the attorney's fee. This paragraph applies to future and pending cases.

Section 39. Paragraph (a) of subsection (5) of section 447.507, Florida Statutes, is amended to read:

447.507 Violation of strike prohibition; penalties.—

(5) If the commission, after a hearing on notice conducted according to rules promulgated by the commission, determines that an employee has violated s. 447.505, it may order the termination of his or her employment by the public employer. Notwithstanding any other provision of law, a person knowingly violating the provision of said section may, subsequent to such violation, be appointed, reappointed, employed, or reemployed as a public employee, but only upon the following conditions:

(a) Such person shall be on probation for a period of ~~18~~ 6 months following his or her appointment, reappointment, employment, or reemployment, during which period he or she shall serve without *permanent status and at the pleasure of the agency head tenure*. ~~During this period, the person may be discharged only upon a showing of just cause.~~

Section 40. Subsection (13) is added to section 112.215, Florida Statutes, to read:

112.215 Government employees; deferred compensation program.—

(13) When permitted by federal law, the plan administrator may provide for a pretax trustee-to-trustee transfer of amounts in a participant's deferred compensation account for the purchase of prior service credit in a public sector retirement system.

Section 41. Effective July 1, 2001, all powers, duties, functions, rules, records, personnel, property, and unexpended balances of appropriations, allocations, and other funds of the Public Employees Relations Commission relating to the commission's specified authority, powers, duties, and responsibilities are transferred by a type one transfer, as defined in s. 20.06(1), Florida Statutes, to the Department of Management Services. The independence of the commission in matters relating to the disposition of all cases, including Career Service appeals, shall be preserved.

Section 42. The Department of Management Services shall adopt rules as necessary to effectuate the provisions of chapter 110, Florida Statutes, as amended by this act, and in accordance with the authority granted to the department in chapter 110, Florida Statutes. All existing rules relating to chapter 110, Florida Statutes, are statutorily repealed January 1, 2002, unless otherwise readopted.

Section 43. Section 110.1315, Florida Statutes, is created to read:

110.1315 *Alternative benefits; other-personal-services employees.—* Upon review and recommendation of the department and approval of the Governor, the department may contract for the implementation of an alternative retirement income security program for eligible temporary and seasonal employees of the state who are compensated from appropriations for other personal services. The contract may provide for a private vendor or vendors to administer the program under a defined-contribution plan under ss. 401(a) and 403(b) or 457 of the Internal Revenue Code, and the program must provide retirement benefits as required under s. 3121(b)(7)(F) of the Internal Revenue Code. The department may develop a request for proposals and solicit qualified vendors to compete for the award of the contract. A vendor shall be selected on the basis of the plan that best serves the interest of the participating employees and the state. The proposal must comply with all necessary federal and state laws and rules.

Section 44. Subsections (1) and (2) of section 447.403, Florida Statutes, are amended, and subsection (5) is added to said section, to read:

447.403 Resolution of impasses.—

(1) If, after a reasonable period of negotiation concerning the terms and conditions of employment to be incorporated in a collective bargaining agreement, a dispute exists between a public employer and a bargaining agent, an impasse shall be deemed to have occurred when one of the parties so declares in writing to the other party and to the commission. When an impasse occurs, the public employer or the bargaining agent, or both parties acting jointly, may appoint, or secure the appointment of, a mediator to assist in the resolution of the impasse. If the Governor is the public employer no mediator shall be appointed.

(2)(a) If no mediator is appointed, or upon the request of either party, the commission shall appoint, and submit all unresolved issues to, a special master acceptable to both parties. If the parties are unable to agree on the appointment of a special master, the commission shall appoint, in its discretion, a qualified special master. However, if the parties agree in writing to waive the appointment of a special master, the parties may proceed directly to resolution of the impasse by the legislative body pursuant to paragraph (4)(d). Nothing in this section precludes the parties from using the services of a mediator at any time during the conduct of collective bargaining.

(b) If the Governor is the public employer, no special master shall be appointed. The parties may proceed directly to the Legislature for resolution of the impasse pursuant to paragraph (4)(d).

(5)(a) Within 5 days after the beginning of the impasse period in accordance with s. 216.163(6), each party shall notify the President of the Senate and the Speaker of the House of Representatives as to all unresolved issues. Upon receipt of the notification, the presiding officers

shall appoint a joint select committee to review the position of the parties and render a recommended resolution of all issues remaining at impasse. The recommended resolution shall be returned by the joint select committee to the presiding officers not later than 10 days prior to the date upon which the legislative session is scheduled to commence. During the legislative session, the Legislature shall take action in accordance with this section.

(b) Any actions taken by the Legislature shall bind the parties in accordance with paragraph (4)(c).

Section 45. Notwithstanding section 216.351, Florida Statutes, subsection (6) of section 216.163, Florida Statutes, is amended to read:

216.163 Governor's recommended budget; form and content; declaration of collective bargaining impasses.—

(6) At the time the Governor is required to furnish copies of his or her recommended budget to each senator and representative under s. 216.162(1), the Governor shall declare an impasse in all collective bargaining negotiations for which he or she is deemed to be the public employer and for which a collective bargaining agreement has not been executed. ~~Within 14 days thereafter, the Governor shall furnish the legislative appropriations committees with documentation relating to the last offer he or she made during such collective bargaining negotiations or recommended to a mediator or special master appointed to resolve the impasse.~~

Section 46. *Alternative benefits; tax-sheltered annual leave and sick leave payments and special compensation payments.—*

(1) The Department of Management Services has authority to adopt tax-sheltered plans under s. 401(a) of the Internal Revenue Code for state employees who are eligible for payment for accumulated leave. The department, upon adoption of the plans, shall contract for a private vendor or vendors to administer the plans. These plans shall be limited to state employees who are over age 55 and who are: eligible for accumulated leave and special compensation payments and separating from employment with 10 years of service in accordance with the Internal Revenue Code, or who are participating in the Deferred Retirement Option Program on or after July 1, 2001. The plans must provide benefits in a manner that minimizes the tax liability of the state and participants. The plans must be funded by employer contributions of payments for accumulated leave or special compensation payments, or both, as specified by the department. The plans must have received all necessary federal and state approval as required by law, must not adversely impact the qualified status of the Florida Retirement System defined benefit or defined contribution plans or the pretax benefits program, and must comply with the provisions of s. 112.65, Florida Statutes. Adoption of any plan is contingent on: the department receiving appropriate favorable rulings from the Internal Revenue Service; the department negotiating under the provisions of chapter 447, Florida Statutes, where applicable; and the Comptroller making appropriate changes to the state payroll system. The department's request for proposals by vendors for such plans may require that the vendors provide market-risk or volatility ratings from recognized rating agencies for each of their investment products. The department shall provide for a system of continuous quality assurance oversight to ensure that the program objectives are achieved and that the program is prudently managed.

(2) Within 30 days after termination of employment, an employee may elect to withdraw the moneys without penalty by the plan administrator. If any employee is adversely affected by payment of an excise tax or any Internal Revenue Service penalty by electing to withdraw funds within 30 days, the plan shall include a provision which will provide the employee with no less cash than if the employee had not participated in the plan.

(3) These contracts may be used by any other pay plans or personnel systems in the executive, legislative, or judicial branches of government upon approval of the appropriate administrative authority.

(4) Notwithstanding the terminal pay provisions of s. 110.122, Florida Statutes, the department may contract for a tax-sheltered plan for leave and special compensation pay for employees terminating over

age 55 with 10 years of service and for employees participating in the Deferred Retirement Option Program on or after July 1, 2001, and who are over age 55. The frequency of payments into the plan shall be determined by the department or as provided in the General Appropriations Act. This plan or plans shall provide the greatest tax benefits to the employees and maximize the savings to the state.

(5) The department shall determine by rule the design of the plans and the eligibility of participants.

(6) Nothing in this section shall be construed to remove plan participants from the scope of s. 110.122(5), Florida Statutes.

Section 47. Career Service Advisory Group.—

(1) There is created the Career Service Advisory Group. The advisory group shall be composed of the following members, each of whom shall have knowledge of, or experience with, human resource management operations:

(a) Two members selected by the Governor.

(b) One member selected by the President of the Senate.

(c) One member selected by the Speaker of the House of Representatives.

The selections provided for by this subsection shall be made on or before July 1, 2001. The group shall expire on January 1, 2002.

(2) The advisory group members shall be human resource officials of Florida-domiciled corporations with a salaried workforce of at least 25,000 companywide.

(3) The group shall be considered advisory and shall provide advice to the Department of Management Services and the Executive Office of the Governor on issues presented to it related to the implementation of this act. The Department of Management Services shall provide to the board copies of any rules proposed to implement this act.

Section 48. There is hereby appropriated for fiscal year 2001-2002 to Administered Funds the lump sum of \$7.4 million from the General Revenue Fund and \$14 million from trust funds to fund the benefits to employees transferred from Career Service to Selected Exempt Service pursuant to the provisions of this act. This appropriation to Administered Funds shall be processed in the same manner as if it had been made in the General Appropriations Act.

Section 49. If any provision of this act or its application to any particular person or circumstance is held invalid, that provision or its application shall be deemed severable and shall not affect the validity of other provisions or applications of this act.

Section 50. Except as otherwise provided herein, this act shall take effect upon becoming a law.

The study shall include, but not be limited to, a review of the current use of electronic monitoring devices by nursing home facilities and their residents and other health care facilities; an analysis of other state laws and proposed legislation related to the mandated use of electronic monitoring devices in nursing home facilities; an analysis of the potential ramifications of requiring facilities to install such devices when requested by or on behalf of a resident; the impact of the devices on the privacy and dignity of the resident on whose behalf the device is installed and other residents who may be affected by the device; the potential impact on improving the care of residents; the potential impact on the care environment and on staff recruitment and retention; appropriate uses of any tapes if mandated by law, including methods and timeframes for reporting any questionable incidents to the facility and appropriate regulatory agencies; appropriate security needed to protect the integrity of tapes for the protection of the resident and direct-care staff; and the potential ramifications on the care environment of allowing the use of recorded tapes in legal proceedings, including any exceptions that should apply if prohibited. Section 4. Effective May 15, 2001, and applying to causes of action accruing on or after that date, section 400.023, Florida Statutes, is amended to read:

400.023 Civil enforcement.—

(1) Any resident whose rights as specified in this part are ~~violated deprived or infringed upon~~ shall have a cause of action ~~against any licensee responsible for the violation~~. The action may be brought by the resident or his or her guardian, by a person or organization acting on behalf of a resident with the consent of the resident or his or her guardian, or by the personal representative of the estate of a deceased resident ~~regardless of the cause of death. If the action alleges a claim for the resident's rights or for negligence that caused the death of the resident, the claimant shall be required to elect either survival damages pursuant to s. 46.021 or wrongful death damages pursuant to s. 768.21 when the cause of death resulted from the deprivation or infringement of the decedent's rights. If the action alleges a claim for the resident's rights or for negligence that did not cause the death of the resident, the personal representative of the estate may recover damages for the negligence that caused injury to the resident.~~ The action may be brought in any court of competent jurisdiction to enforce such rights and to recover actual and punitive damages for any violation of ~~deprivation or infringement on~~ the rights of a resident or for negligence. Any resident who prevails in seeking injunctive relief or a claim for an administrative remedy is entitled to recover the costs of the action, and a reasonable attorney's fee assessed against the defendant not to exceed \$25,000. Fees shall be awarded solely for the injunctive or administrative relief and not for any claim or action for damages whether such claim or action is

brought together with a request for an injunction or administrative relief or as a separate action, except as provided under s. 768.79 or the Florida Rules of Civil Procedure. Sections 400.023-400.0238 provide the exclusive remedy for a cause of action for recovery of damages for the personal injury or death of a nursing home resident arising out of negligence or a violation of rights specified in s. 400.022. This section does not preclude theories of recovery not arising out of negligence or s. 400.022 which are available to a resident or to the agency. The provisions of chapter 766 do not apply to any cause of action brought under ss. 400.023-400.0238. Any plaintiff who prevails in any such action may be entitled to recover reasonable attorney's fees, costs of the action, and damages, unless the court finds that the plaintiff has acted in bad faith, with malicious purpose, and that there was a complete absence of a justiciable issue of either law or fact. A prevailing defendant may be entitled to recover reasonable attorney's fees pursuant to s. 57.105. The remedies provided in this section are in addition to and cumulative with other legal and administrative remedies available to a resident and to the agency.

(2) In any claim brought pursuant to this part alleging a violation of resident's rights or negligence causing injury to or the death of a resident, the claimant shall have the burden of proving, by a preponderance of the evidence, that:

- (a) The defendant owed a duty to the resident;
- (b) The defendant breached the duty to the resident;
- (c) The breach of the duty is a legal cause of loss, injury, death, or damage to the resident; and
- (d) The resident sustained loss, injury, death, or damage as a result of the breach.

Nothing in this part shall be interpreted to create strict liability. A violation of the rights set forth in s. 400.022 or in any other standard or guidelines specified in this part or in any applicable administrative standard or guidelines of this state or a federal regulatory agency shall be evidence of negligence but shall not be considered negligence per se.

(2) Attorneys' fees shall be based on the following criteria:

- (a) The time and labor required;
- (b) The novelty and difficulty of the questions;
- (c) The skill requisite to perform the legal service properly;
- (d) The preclusion of other employment by the attorney due to the acceptance of the case;
- (e) The customary fee;
- (f) Whether the fee is fixed or contingent;
- (g) The amount involved or the results obtained;
- (h) The experience, reputation, and ability of the attorneys;
- (i) The costs expended to prosecute the claim;
- (j) The type of fee arrangement between the attorney and the client;
- (k) Whether the relevant market requires a contingency fee multiplier to obtain competent counsel;
- (l) Whether the attorney was able to mitigate the risk of nonpayment in any way.

(3) In any claim brought pursuant to s. 400.023, a licensee, person, or entity shall have a duty to exercise reasonable care. Reasonable care is that degree of care which a reasonably careful licensee, person, or entity would use under like circumstances.

(4) In any claim for resident's rights violation or negligence by a nurse licensed under part I of chapter 464, such nurse shall have the duty to exercise care consistent with the prevailing professional standard of care for a nurse. The prevailing professional standard of care for a nurse shall be that level of care, skill, and treatment which, in light of all

relevant surrounding circumstances is recognized as acceptable and appropriate by reasonably prudent similar nurses.

(5)(3) A licensee shall not be liable for the medical negligence of any physician rendering care or treatment to the resident except for the administrative services of a medical director as required in this part. Nothing in this subsection shall be construed to protect a licensee, person, or entity from liability for failure to provide a resident with appropriate observation, assessment, nursing diagnosis, planning, intervention, and evaluation of care by nursing staff.

(6) The resident or the resident's legal representative shall serve a copy of any complaint alleging in whole or in part a violation of any rights specified in this part to the Agency for Health Care Administration at the time of filing the initial complaint with the clerk of the court for the county in which the action is pursued. The requirement of providing a copy of the complaint to the agency does not impair the resident's legal rights or ability to seek relief for his or her claim.

(7) An action under this part for a violation of rights or negligence recognized herein is not a claim for medical malpractice, and the provision of s. 768.21(8) do not apply to a claim alleging death of the resident.

(4) Claimants alleging a deprivation or infringement of adequate and appropriate health care pursuant to s. 400.022(1)(k) which resulted in personal injury to or the death of a resident shall conduct an investigation which shall include a review by a licensed physician or registered nurse familiar with the standard of nursing care for nursing home residents pursuant to this part. Any complaint alleging such a deprivation or infringement shall be accompanied by a verified statement from the reviewer that there exists reason to believe that a deprivation or infringement occurred during the resident's stay at the nursing home. Such opinion shall be based on records or other information available at the time that suit is filed. Failure to provide records in accordance with the requirements of this chapter shall waive the requirement of the verified statement.

(5) For the purpose of this section, punitive damages may be awarded for conduct which is willful, wanton, gross or flagrant, reckless, or consciously indifferent to the rights of the resident.

(6) To recover attorney's fees under this section, the following conditions precedent must be met:

(a) Within 120 days after the filing of a responsive pleading or defensive motion to a complaint brought under this section and before trial, the parties or their designated representatives shall meet in mediation to discuss the issues of liability and damages in accordance with this paragraph for the purpose of an early resolution of the matter.

1. Within 60 days after the filing of the responsive pleading or defensive motion, the parties shall:

a. Agree on a mediator. If the parties cannot agree on a mediator, the defendant shall immediately notify the court, which shall appoint a mediator within 10 days after such notice.

b. Set a date for mediation.

c. Prepare an order for the court that identifies the mediator, the scheduled date of the mediation, and other terms of the mediation. Absent any disagreement between the parties, the court may issue the order for the mediation submitted by the parties without a hearing.

2. The mediation must be concluded within 120 days after the filing of a responsive pleading or defensive motion. The date may be extended only by agreement of all parties subject to mediation under this subsection.

3. The mediation shall be conducted in the following manner:

a. Each party shall ensure that all persons necessary for complete settlement authority are present at the mediation.

b. Each party shall mediate in good faith.

4—All aspects of the mediation which are not specifically established by this subsection must be conducted according to the rules of practice and procedure adopted by the Supreme Court of this state.

(b)—If the parties do not settle the case pursuant to mediation, the last offer of the defendant made at mediation shall be recorded by the mediator in a written report that states the amount of the offer, the date the offer was made in writing, and the date the offer was rejected. If the matter subsequently proceeds to trial under this section and the plaintiff prevails but is awarded an amount in damages, exclusive of attorney's fees, which is equal to or less than the last offer made by the defendant at mediation, the plaintiff is not entitled to recover any attorney's fees.

(c)—This subsection applies only to claims for liability and damages and does not apply to actions for injunctive relief.

(d)—This subsection applies to all causes of action that accrue on or after October 1, 1999.

(7)—Discovery of financial information for the purpose of determining the value of punitive damages may not be had unless the plaintiff shows the court by proffer or evidence in the record that a reasonable basis exists to support a claim for punitive damages.

(8)—In addition to any other standards for punitive damages, any award of punitive damages must be reasonable in light of the actual harm suffered by the resident and the egregiousness of the conduct that caused the actual harm to the resident.

Section 5. Effective May 15, 2001, and applying to causes of action accruing on or after that date, section 400.0233, Florida Statutes, is created to read:

400.0233 *Presuit notice; investigation; notification of violation of resident's rights or alleged negligence; claims evaluation procedure; informal discovery; review.*—

(1) *As used in this section, the term:*

(a) "Claim for resident's rights violation or negligence" means a negligence claim alleging injury to or the death of a resident arising out of an asserted violation of the rights of a resident under s. 400.022 or an asserted deviation from the applicable standard of care.

(b) "Insurer" means any self-insurer authorized under s. 627.357, liability insurance carrier, joint underwriting association, or uninsured prospective defendant.

(2) *Prior to filing a claim for a violation of a resident's rights or a claim for negligence, a claimant alleging injury to or the death of a resident shall notify each prospective defendant by certified mail, return receipt requested, of an asserted violation of a resident's rights provided in s. 400.022 or deviation from the standard of care. Such notification shall include an identification of the rights the prospective defendant has violated and the negligence alleged to have caused the incident or incidents and a brief description of the injuries sustained by the resident which are reasonably identifiable at the time of notice. The notice shall contain a certificate of counsel that counsel's reasonable investigation gave rise to a good-faith belief that grounds exist for an action against each prospective defendant.*

(3)(a) *No suit may be filed for a period of 75 days after notice is mailed to any prospective defendant. During the 75-day period, the prospective defendants or their insurers shall conduct an evaluation of the claim to determine the liability of each defendant and to evaluate the damages of the claimants. Each defendant or insurer of the defendant shall have a procedure for the prompt evaluation of claims during the 75-day period. The procedure shall include one or more of the following:*

1. *Internal review by a duly qualified facility risk manager or claims adjuster;*

2. *Internal review by counsel for each prospective defendant;*

3. *A quality assurance committee authorized under any applicable state or federal statutes or regulations; or*

4. *Any other similar procedure that fairly and promptly evaluates the claims.*

Each defendant or insurer of the defendant shall evaluate the claim in good faith.

(b) *At or before the end of the 75 days, the defendant or insurer of the defendant shall provide the claimant with a written response:*

1. *Rejecting the claim; or*

2. *Making a settlement offer.*

(c) *The response shall be delivered to the claimant if not represented by counsel or to the claimant's attorney, by certified mail, return receipt requested. Failure of the prospective defendant or insurer of the defendant to reply to the notice within 75 days after receipt shall be deemed a rejection of the claim for purposes of this section.*

(4) *The notification of a violation of a resident's rights or alleged negligence shall be served within the applicable statute of limitations period; however, during the 75-day period, the statute of limitations is tolled as to all prospective defendants. Upon stipulation by the parties, the 75-day period may be extended and the statute of limitations is tolled during any such extension. Upon receiving written notice by certified mail, return receipt requested, of termination of negotiations in an extended period, the claimant shall have 60 days or the remainder of the period of the statute of limitations, whichever is greater, within which to file suit.*

(5) *No statement, discussion, written document, report, or other work product generated by presuit claims evaluation procedures under this section is discoverable or admissible in any civil action for any purpose by the opposing party. All participants, including, but not limited to, physicians, investigators, witnesses, and employees or associates of the defendant, are immune from civil liability arising from participation in the presuit claims evaluation procedure. Any licensed physician or registered nurse may be retained by either party to provide an opinion regarding the reasonable basis of the claim. The presuit opinions of the expert are not discoverable or admissible in any civil action for any purpose by the opposing party.*

(6) *Upon receipt by a prospective defendant of a notice of claim, the parties shall make discoverable information available without formal discovery as provided in subsection (7).*

(7) *Informal discovery may be used by a party to obtain unsworn statements and the production of documents or things as follows:*

(a) *Unsworn statements.—Any party may require other parties to appear for the taking of an unsworn statement. Such statements may be used only for the purpose of claims evaluation and are not discoverable or admissible in any civil action for any purpose by any party. A party seeking to take the unsworn statement of any party must give reasonable notice in writing to all parties. The notice must state the time and place for taking the statement and the name and address of the party to be examined. Unless otherwise impractical, the examination of any party must be done at the same time by all other parties. Any party may be represented by counsel at the taking of an unsworn statement. An unsworn statement may be recorded electronically, stenographically, or on videotape. The taking of unsworn statements is subject to the provisions of the Florida Rules of Civil Procedure and may be terminated for abuses.*

(b) *Documents or things.—Any party may request discovery of relevant documents or things. The documents or things must be produced, at the expense of the requesting party, within 20 days after the date of receipt of the request. A party is required to produce relevant and discoverable documents or things within that party's possession or control, if in good faith it can reasonably be done within the timeframe of the claims evaluation process.*

(8) *Each request for and notice concerning informal discovery pursuant to this section must be in writing, and a copy thereof must be sent to all parties. Such a request or notice must bear a certificate of service identifying the name and address of the person to whom the*

request or notice is served, the date of the request or notice, and the manner of service thereof.

(9) If a prospective defendant makes a written settlement offer, the claimant shall have 15 days from the date of receipt to accept the offer. An offer shall be deemed rejected unless accepted by delivery of a written notice of acceptance.

(10) To the extent not inconsistent with this part, the provisions of the Florida Mediation Code, Florida Rules of Civil Procedure, shall be applicable to such proceedings.

(11) Within 30 days after the claimant's receipt of the defendant's response to the claim, the parties or their designated representatives shall meet in mediation to discuss the issues of liability and damages in accordance with the mediation rules of practice and procedures adopted by the Supreme Court. Upon stipulation of the parties, this 30-day period may be extended and the statute of limitations is tolled during the mediation and any such extension. At the conclusion of mediation the claimant shall have 60 days or the remainder of the period of the statute of limitations, whichever is greater, within which to file suit.

Section 6. Effective May 15, 2001, and applying to causes of action accruing on or after that date, section 400.0234, Florida Statutes, is created to read:

400.0234 Availability of facility records for investigation of resident's rights violations and defenses; penalty.—

(1) Failure to provide complete copies of a resident's records, including, but not limited to, all medical records and the resident's chart, within the control or possession of the facility in accordance with s. 400.145 shall constitute evidence of failure of that party to comply with good-faith discovery requirements and shall waive the good-faith certificate and presuit notice requirements under this part by the requesting party.

(2) No facility shall be held liable for any civil damages as a result of complying with this section.

Section 7. Effective May 15, 2001, and applying to causes of action accruing on or after that date, section 400.0235, Florida Statutes, is created to read:

400.0235 Certain provisions not applicable to actions under this part.—An action under this part for a violation of rights or negligence recognized under this part is not a claim for medical malpractice, and the provisions of s. 768.21(8) do not apply to a claim alleging death of the resident.

Section 8. Effective May 15, 2001, section 400.0236, Florida Statutes, is created to read:

400.0236 Statute of limitations.—

(1) Any action for damages brought under this part shall be commenced within 2 years from the time the incident giving rise to the action occurred or within 2 years from the time the incident is discovered or should have been discovered with the exercise of due diligence; however, in no event shall the action be commenced later than 4 years from the date of the incident or occurrence out of which the cause of action accrued.

(2) In those actions covered by this subsection in which it can be shown that fraudulent concealment or intentional misrepresentation of fact prevented the discovery of the injury, the period of limitations is extended forward 2 years from the time that the injury is discovered with the exercise of due diligence, but in no event for more than 6 years from the date the incident giving rise to the injury occurred.

(3) This section shall apply to causes of action that have accrued prior to the effective date of this section; however, any such cause of action that would not have been barred under prior law may be brought within the time allowed by prior law or within 2 years after the effective date of this section, whichever is earlier, and will be barred thereafter. In actions where it can be shown that fraudulent concealment or intentional

misrepresentation of fact prevented the discovery of the injury, the period of limitations is extended forward 2 years from the time that the injury is discovered with the exercise of due diligence, but in no event more than 4 years from the effective date of this section.

Section 9. Section 400.0237, Florida Statutes, is created to read:

400.0237 Punitive damages; pleading; burden of proof.—

(1) In any action for damages brought under this part, no claim for punitive damages shall be permitted unless there is a reasonable showing by evidence in the record or proffered by the claimant which would provide a reasonable basis for recovery of such damages. The claimant may move to amend her or his complaint to assert a claim for punitive damages as allowed by the rules of civil procedure. The rules of civil procedure shall be liberally construed so as to allow the claimant discovery of evidence which appears reasonably calculated to lead to admissible evidence on the issue of punitive damages. No discovery of financial worth shall proceed until after the pleading concerning punitive damages is permitted.

(2) A defendant may be held liable for punitive damages only if the trier of fact, based on clear and convincing evidence, finds that the defendant was personally guilty of intentional misconduct or gross negligence. As used in this section, the term:

(a) "Intentional misconduct" means that the defendant had actual knowledge of the wrongfulness of the conduct and the high probability that injury or damage to the claimant would result and, despite that knowledge, intentionally pursued that course of conduct, resulting in injury or damage.

(b) "Gross negligence" means that the defendant's conduct was so reckless or wanting in care that it constituted a conscious disregard or indifference to the life, safety, or rights of persons exposed to such conduct.

(3) In the case of an employer, principal, corporation, or other legal entity, punitive damages may be imposed for the conduct of an employee or agent only if the conduct of the employee or agent meets the criteria specified in subsection (2) and:

(a) The employer, principal, corporation, or other legal entity actively and knowingly participated in such conduct;

(b) The officers, directors, or managers of the employer, principal, corporation, or other legal entity condoned, ratified, or consented to such conduct; or

(c) The employer, principal, corporation, or other legal entity engaged in conduct that constituted gross negligence and that contributed to the loss, damages, or injury suffered by the claimant.

(4) The plaintiff must establish at trial, by clear and convincing evidence, its entitlement to an award of punitive damages. The "greater weight of the evidence" burden of proof applies to a determination of the amount of damages.

(5) This section is remedial in nature and shall take effect upon becoming a law.

Section 10. Section 400.0238, Florida Statutes, is created to read:

400.0238 Punitive damages; limitation.—

(1)(a) Except as provided in paragraphs (b) and (c), an award of punitive damages may not exceed the greater of:

1. Three times the amount of compensatory damages awarded to each claimant entitled thereto, consistent with the remaining provisions of this section; or

2. The sum of \$1 million.

(b) Where the fact finder determines that the wrongful conduct proven under this section was motivated primarily by unreasonable financial gain and determines that the unreasonably dangerous nature of the conduct, together with the high likelihood of injury resulting from

the conduct, was actually known by the managing agent, director, officer, or other person responsible for making policy decisions on behalf of the defendant, it may award an amount of punitive damages not to exceed the greater of:

1. Four times the amount of compensatory damages awarded to each claimant entitled thereto, consistent with the remaining provisions of this section; or

2. The sum of \$4 million.

(c) Where the fact finder determines that at the time of injury the defendant had a specific intent to harm the claimant and determines that the defendant's conduct did in fact harm the claimant, there shall be no cap on punitive damages.

(d) This subsection is not intended to prohibit an appropriate court from exercising its jurisdiction under s. 768.74 in determining the reasonableness of an award of punitive damages that is less than three times the amount of compensatory damages.

(e) In any case in which the findings of fact support an award of punitive damages pursuant to paragraph (b) or paragraph (c), the clerk of the court shall refer the case to the appropriate law enforcement agencies, to the state attorney in the circuit where the long-term care facility that is the subject of the underlying civil cause of action is located, and, for multijurisdictional facility owners, to the Office of the Statewide Prosecutor; and such agencies, state attorney, or Office of the Statewide Prosecutor shall initiate a criminal investigation into the conduct giving rise to the award of punitive damages. All findings by the trier of fact which support an award of punitive damages under this paragraph shall be admissible as evidence in any subsequent civil or criminal proceeding relating to the acts giving rise to the award of punitive damages under this paragraph.

(2) The claimant's attorney's fees, if payable from the judgment, are, to the extent that the fees are based on the punitive damages, calculated based on the final judgment for punitive damages. This subsection does not limit the payment of attorney's fees based upon an award of damages other than punitive damages.

(3) The jury may neither be instructed nor informed as to the provisions of this section.

(4) Notwithstanding any other law to the contrary, the amount of punitive damages awarded pursuant to this section shall be equally divided between the claimant and the Quality of Long-Term Care Facility Improvement Trust Fund, in accordance with the following provisions:

(a) The clerk of the court shall transmit a copy of the jury verdict to the State Treasurer by certified mail. In the final judgment the court shall order the percentages of the award, payable as provided herein.

(b) A settlement agreement entered into between the original parties to the action after a verdict has been returned must provide a proportionate share payable to the Quality of Long-Term Care Facility Improvement Trust Fund specified herein. For purposes of this paragraph, a proportionate share is a 50-percent share of that percentage of the settlement amount which the punitive damages portion of the verdict bore to the total of the compensatory and punitive damages in the verdict.

(c) The Department of Banking and Finance shall collect or cause to be collected all payments due the state under this section. Such payments are made to the Comptroller and deposited in the appropriate fund specified in this subsection.

(d) If the full amount of punitive damages awarded cannot be collected, the claimant and the other recipient designated pursuant to this subsection are each entitled to a proportionate share of the punitive damages collected.

(5) This section is remedial in nature and shall take effect upon becoming a law.

Section 11. Subsection (1) and paragraph (a) of subsection (2) of section 768.735, Florida Statutes, are amended and subsection (3) is added to that section to read:

768.735 Punitive damages; exceptions; limitation.—

(1) Sections 768.72(2)-(4), 768.725, and 768.73 do not apply to any civil action based upon child abuse, abuse of the elderly *under chapter 415*, or abuse of the developmentally disabled ~~or any civil action arising under chapter 400~~. Such actions are governed by applicable statutes and controlling judicial precedent. *This section does not apply to claims brought pursuant to s. 400.023 or s. 400.429.*

(2)(a) In any civil action based upon child abuse, abuse of the elderly *under chapter 415*, or abuse of the developmentally disabled, ~~or actions arising under chapter 400~~ and involving the award of punitive damages, the judgment for the total amount of punitive damages awarded to a claimant may not exceed three times the amount of compensatory damages awarded to each person entitled thereto by the trier of fact, except as provided in paragraph (b). This subsection does not apply to any class action.

(3) *This section is remedial in nature and shall take effect upon becoming a law.*

Section 12. Effective May 15, 2001, and applying to causes of action accruing on or after that date, section 415.1111, Florida Statutes, is amended to read:

415.1111 Civil actions.—A vulnerable adult who has been abused, neglected, or exploited as specified in this chapter has a cause of action against any perpetrator and may recover actual and punitive damages for such abuse, neglect, or exploitation. The action may be brought by the vulnerable adult, or that person's guardian, by a person or organization acting on behalf of the vulnerable adult with the consent of that person or that person's guardian, or by the personal representative of the estate of a deceased victim without regard to whether the cause of death resulted from the abuse, neglect, or exploitation. The action may be brought in any court of competent jurisdiction to enforce such action and to recover actual and punitive damages for any deprivation of or infringement on the rights of a vulnerable adult. A party who prevails in any such action may be entitled to recover reasonable attorney's fees, costs of the action, and damages. The remedies provided in this section are in addition to and cumulative with other legal and administrative remedies available to a vulnerable adult. *Notwithstanding the foregoing, any civil action for damages against any licensee or entity who establishes, controls, conducts, manages, or operates a facility licensed under part II of chapter 400 relating to its operation of the licensed facility shall be brought pursuant to s. 400.023, or against any licensee or entity who establishes, controls, conducts, manages, or operates a facility licensed under part III of chapter 400 relating to its operation of the licensed facility shall be brought pursuant to s. 400.429. Such licensee or entity shall not be vicariously liable for the acts or omissions of its employees or agents or any other third party in an action brought under this section.*

Section 13. Subsection (17) is added to section 400.0255, Florida Statutes, to read:

400.0255 Resident transfer or discharge; requirements and procedures; hearings.—

(17) *The provisions of this section apply to transfers or discharges that are initiated by the nursing home facility, and not by the resident or by the resident's physician or legal guardian or representative.*

Section 14. Subsection (3) of section 400.062, Florida Statutes, is amended to read:

400.062 License required; fee; disposition; display; transfer.—

(3) The annual license fee required for each license issued under this part shall be comprised of two parts. Part I of the license fee shall be the basic license fee. The rate per bed for the basic license fee shall be established annually and shall be \$50 per bed. *The agency may adjust the per bed licensure fees by the Consumer Price Index based on the 12*

months immediately preceding the increase ~~must be reasonably calculated~~ to cover the cost of regulation under this part, ~~but may not exceed \$35 per bed.~~ Part II of the license fee shall be the resident protection fee, which shall be at the rate of not less than 25 cents per bed. The rate per bed shall be the minimum rate per bed, and such rate shall remain in effect until the effective date of a rate per bed adopted by rule by the agency pursuant to this part. At such time as the amount on deposit in the Resident Protection Trust Fund is less than \$1 million ~~\$500,000~~, the agency may adopt rules to establish a rate which may not exceed \$10 per bed. The rate per bed shall revert back to the minimum rate per bed when the amount on deposit in the Resident Protection Trust Fund reaches \$1 million ~~\$500,000~~, except that any rate established by rule shall remain in effect until such time as the rate has been equally required for each license issued under this part. Any amount in the fund in excess of \$2 million ~~\$800,000~~ shall revert to the Health Care Trust Fund and may not be expended without prior approval of the Legislature. The agency may prorate the annual license fee for those licenses which it issues under this part for less than 1 year. Funds generated by license fees collected in accordance with this section shall be deposited in the following manner:

(a) The basic license fee collected shall be deposited in the Health Care Trust Fund, established for the sole purpose of carrying out this part. When the balance of the account established in the Health Care Trust Fund for the deposit of fees collected as authorized under this section exceeds one-third of the annual cost of regulation under this part, the excess shall be used to reduce the licensure fees in the next year.

(b) The resident protection fee collected shall be deposited in the Resident Protection Trust Fund for the sole purpose of paying, in accordance with the provisions of s. 400.063, for the appropriate alternate placement, care, and treatment of a resident removed from a nursing home facility on a temporary, emergency basis or for the maintenance and care of residents in a nursing home facility pending removal and alternate placement.

Section 15. Subsections (2) and (5) of section 400.071, Florida Statutes, are amended, and subsections (11) and (12) are added to that section, to read:

400.071 Application for license.—

(5) The applicant shall furnish satisfactory proof of financial ability to operate and conduct the *nursing* home in accordance with the requirements of this part and all rules adopted under this part, and the agency shall establish standards for this purpose, *including information reported under paragraph (2)(e)*. Such designation may be made for a period not to exceed 12 months but may be renewed by the agency for up to 6 additional months. Any request by a licensee that a nursing home become inactive must be submitted to the agency and approved by the agency prior to initiating any suspension of service or notifying residents. Upon agency approval, the nursing home shall notify residents of any necessary discharge or transfer as provided in s. 400.0255.*

400.111 Expiration of license; renewal.—

(3) *The agency may not renew a license if the applicant has failed to pay any fines assessed by final order of the agency or final order of the Health Care Financing Administration under requirements for federal certification. (4) *The licensee shall submit a signed affidavit disclosing any financial or ownership interest that a licensee has held within the last 5 years in any entity licensed by the state or any other state to provide health or residential care which entity has closed voluntarily or involuntarily; has filed for bankruptcy; has had a receiver appointed; has had a license denied, suspended, or revoked; or has had an injunction issued against it which was initiated by a regulatory agency. The affidavit must disclose the reason such entity was closed, whether voluntarily or involuntarily.*

Section 18. Subsection (2) of section 400.118, Florida Statutes, is amended to read:

400.118 Quality assurance; early warning system; monitoring; rapid response teams.—

(2)(a) The agency shall establish within each district office one or more quality-of-care monitors, based on the number of nursing facilities in the district, to monitor all nursing facilities in the district on a regular, unannounced, aperiodic basis, including nights, evenings, weekends, and holidays. *Quality-of-care monitors shall visit each nursing facility at least quarterly. Priority for additional monitoring visits shall be given to nursing facilities with a history of resident patient care deficiencies. Quality-of-care monitors shall be registered nurses who are trained and experienced in nursing facility regulation, standards of practice in long-term care, and evaluation of patient care. Individuals in these positions shall not be deployed by the agency as a part of the district survey team in the conduct of routine, scheduled surveys, but shall function solely and independently as quality-of-care monitors. Quality-of-care monitors shall assess the overall quality of life in the nursing facility and shall assess specific conditions in the facility directly related to resident patient care, including the operations of internal quality improvement and risk management programs and adverse incident reports. The quality-of-care monitor shall include in an assessment visit observation of the care and services rendered to residents and formal and informal interviews with residents, family members, facility staff, resident guests, volunteers, other regulatory staff, and representatives of a long-term care ombudsman council or Florida advocacy council.*

(b) Findings of a monitoring visit, both positive and negative, shall be provided orally and in writing to the facility administrator or, in the absence of the facility administrator, to the administrator on duty or the director of nursing. The quality-of-care monitor may recommend to the facility administrator procedural and policy changes and staff training, as needed, to improve the care or quality of life of facility residents. Conditions observed by the quality-of-care monitor which threaten the health or safety of a resident shall be reported immediately to the agency area office supervisor for appropriate regulatory action and, as appropriate or as required by law, to law enforcement, adult protective services, or other responsible agencies.

(c) Any record, whether written or oral, or any written or oral communication generated pursuant to paragraph (a) or paragraph (b) shall not be subject to discovery or introduction into evidence in any civil or administrative action against a nursing facility arising out of matters

which are the subject of quality-of-care monitoring, and a person who was in attendance at a monitoring visit or evaluation may not be permitted or required to testify in any such civil or administrative action as to any evidence or other matters produced or presented during the monitoring visits or evaluations. However, information, documents, or records otherwise available from original sources are not to be construed as immune from discovery or use in any such civil or administrative action merely because they were presented during monitoring visits or evaluations, and any person who participates in such activities may not be prevented from testifying as to matters within his or her knowledge, but such witness may not be asked about his or her participation in such activities. The exclusion from the discovery or introduction of evidence in any civil or administrative action provided for herein shall not apply when the quality-of-care monitor makes a report to the appropriate authorities regarding a threat to the health or safety of a resident.

Section 19. Section 400.1183, Florida Statutes, is created to read:

400.1183 Resident grievance procedures.—

(1) *Every nursing home must have a grievance procedure available to its residents and their families. The grievance procedure must include:*

(a) *An explanation of how to pursue redress of a grievance.*

(b) *The names, job titles, and telephone numbers of the employees responsible for implementing the facility's grievance procedure. The list must include the address and the toll-free telephone numbers of the ombudsman and the agency.*

(c) *A simple description of the process through which a resident may, at any time, contact the toll-free telephone hotline of the ombudsman or the agency to report the unresolved grievance.*

(d) *A procedure for providing assistance to residents who cannot prepare a written grievance without help.*

(2) *Each facility shall maintain records of all grievances and shall report annually to the agency the total number of grievances handled, a categorization of the cases underlying the grievances, and the final disposition of the grievances.*

(3) *Each facility must respond to the grievance within a reasonable time after its submission.*

(4) *The agency may investigate any grievance at any time.*

(5) *The agency may impose an administrative fine, in accordance with s. 400.121, against a nursing home facility for noncompliance with this section.*

Section 20. Section 400.121, Florida Statutes, is amended to read:

400.121 Denial, suspension, revocation of license; moratorium on admissions; administrative fines; procedure; order to increase staffing.—

(1) The agency may deny an application, revoke, or suspend a license, or impose an administrative fine, not to exceed \$500 per violation per day, against any applicant or licensee for the following violations by the applicant, licensee, or other controlling interest: ~~for~~

(a) A violation of any provision of s. 400.102(1);-

(b) A demonstrated pattern of deficient practice;

(c) *Failure to pay any outstanding fines assessed by final order of the agency or final order of the Health Care Financing Administration pursuant to requirements for federal certification. The agency may renew or approve the license of an applicant following the assessment of a fine by final order if such fine has been paid into an escrow account pending an appeal of a final order;*

(d) *Exclusion from the Medicare or Medicaid program; or*

(e) *An adverse action by a regulatory agency against any other licensed facility that has a common controlling interest with the licensee or applicant against whom the action under this section is being brought.*

If the adverse action involves solely the management company, the applicant or licensee shall be given 30 days to remedy before final action is taken. If the adverse action is based solely upon actions by a controlling interest, the applicant or licensee may present factors in mitigation of any proposed penalty based upon a showing that such penalty is inappropriate under the circumstances.

All hearings shall be held within the county in which the licensee or applicant operates or applies for a license to operate a facility as defined herein.

(2) ~~Except as provided in s. 400.23(8), a \$500 fine shall be imposed~~ The agency, as a part of any final order issued by it under this part, may impose such fine as it deems proper, except that such fine may not exceed \$500 for each violation. Each day a violation of this part occurs constitutes a separate violation and is subject to a separate fine, but in no event may any fine aggregate more than \$5,000. A fine may be levied pursuant to this section in lieu of and notwithstanding the provisions of s. 400.23. Fines paid by any nursing home facility licensee under this subsection shall be deposited in the Resident Protection Trust Fund and expended as provided in s. 400.063.

(3) *The agency shall revoke or deny a nursing home license if the licensee or controlling interest operates a facility in this state that:*

(a) *Has had two moratoria imposed by final order for substandard quality of care, as defined by Title 42, C.F.R. part 483, within any 30-month period;*

(b) *Is conditionally licensed for 180 or more continuous days;*

(c) *Is cited for two class I deficiencies arising from unrelated circumstances during the same survey or investigation; or*

(d) *Is cited for two class I deficiencies arising from separate surveys or investigations within a 30-month period.*

The licensee may present factors in mitigation of revocation, and the agency may make a determination not to revoke a license based upon a showing that revocation is inappropriate under the circumstances.

(4)(3) The agency may issue an order immediately suspending or revoking a license when it determines that any condition in the facility presents a danger to the health, safety, or welfare of the residents in the facility.

(5)(4)(a) The agency may impose an immediate moratorium on admissions to any facility when the agency determines that any condition in the facility presents a threat to the health, safety, or welfare of the residents in the facility.

(b) Where the agency has placed a moratorium on admissions on any facility two times within a 7-year period, the agency may suspend the license of the nursing home and the facility's management company, if any. ~~The licensee shall be afforded an administrative hearing within 90 days after the suspension to determine whether the license should be revoked.~~ During the suspension, the agency shall take the facility into receivership and shall operate the facility.

(6)(5) An action taken by the agency to deny, suspend, or revoke a facility's license under this part, ~~in which the agency claims that the facility owner or an employee of the facility has threatened the health, safety, or welfare of a resident of the facility,~~ shall be heard by the Division of Administrative Hearings of the Department of Management Services within 60 ~~120~~ days after the assignment of an administrative law judge receipt of the facility's request for a hearing, unless the time limitation is waived by both parties. The administrative law judge must render a decision within 30 days after receipt of a proposed recommended order. ~~This subsection does not modify the requirement that an administrative hearing be held within 90 days after a license is suspended under paragraph (4)(b).~~

(7)(6) The agency is authorized to require a facility to increase staffing beyond the minimum required by law, if the agency has taken administrative action against the facility for care-related deficiencies directly attributable to insufficient staff. Under such circumstances, the

facility may request an expedited interim rate increase. The agency shall process the request within 10 days after receipt of all required documentation from the facility. A facility that fails to maintain the required increased staffing is subject to a fine of \$500 per day for each day the staffing is below the level required by the agency.

(8) *An administrative proceeding challenging an action taken by the agency pursuant to this section shall be reviewed on the basis of the facts and conditions that resulted in such agency action.*

(9) *Notwithstanding any other provision of law to the contrary, agency action in an administrative proceeding under this section may be overcome by the licensee upon a showing by a preponderance of the evidence to the contrary.*

(10) *In addition to any other sanction imposed under this part, in any final order that imposes sanctions, the agency may assess costs related to the investigation and prosecution of the case. Payment of agency costs shall be deposited into the Health Care Trust Fund.*

Section 21. Subsection (12) is added to section 400.126, Florida Statutes, to read:

400.126 Receivership proceedings.—

(12) *Concurrently with the appointment of a receiver, the agency and the Department of Elderly Affairs shall coordinate an assessment of each resident in the facility by the Comprehensive Assessment and Review for Long-Term-Care (CARES) Program for the purpose of evaluating each resident's need for the level of care provided in a nursing facility and the potential for providing such care in alternative settings. If the CARES assessment determines that a resident could be cared for in a less restrictive setting or does not meet the criteria for skilled or intermediate care in a nursing home, the department and agency shall refer the resident for such care, as is appropriate for the resident. Residents referred pursuant to this subsection shall be given primary consideration for receiving services under the Community Care for the Elderly program in the same manner as persons classified to receive such services pursuant to s. 430.205.*

Section 22. Subsections (14), (15), (16), (17), (18), (19), and (20) are added to section 400.141, Florida Statutes, to read:

400.141 Administration and management of nursing home facilities.—Every licensed facility shall comply with all applicable standards and rules of the agency and shall:

(14) *Submit to the agency the information specified in s. 400.071(2)(e) for a management company within 30 days after the effective date of the management agreement.*

(15) *Submit semiannually to the agency, or more frequently if requested by the agency, information regarding facility staff-to-resident ratios, staff turnover, and staff stability, including information regarding certified nursing assistants, licensed nurses, the director of nursing, and the facility administrator. For purposes of this reporting:*

(a) *Staff-to-resident ratios must be reported in the categories specified in s. 400.23(3)(a) and applicable rules. The ratio must be reported as an average for the most recent calendar quarter.*

(b) *Staff turnover must be reported for the most recent 12-month period ending on the last workday of the most recent calendar quarter prior to the date the information is submitted. The turnover rate must be computed quarterly, with the annual rate being the cumulative sum of the quarterly rates. The turnover rate is the total number of terminations or separations experienced during the quarter, excluding any employee terminated during a probationary period of 3 months or less, divided by the total number of staff employed at the end of the period for which the rate is computed, and expressed as a percentage.*

(c) *The formula for determining staff stability is the total number of employees that have been employed for more than 12 months, divided by the total number of employees employed at the end of the most recent calendar quarter, and expressed as a percentage.*

(d) A nursing facility that has failed to comply with state minimum-staffing requirements for 2 consecutive days is prohibited from accepting new admissions until the facility has achieved the minimum-staffing requirements for a period of 6 consecutive days. For the purposes of this paragraph, any person who was a resident of the facility and was absent from the facility for the purpose of receiving medical care at a separate location or was on a leave of absence is not considered a new admission. Failure to impose such an admissions moratorium constitutes a class II deficiency.

(16) Report monthly the number of vacant beds in the facility which are available for resident occupancy on the day the information is reported.

(17) Notify a licensed physician when a resident exhibits signs of dementia or cognitive impairment or has a change of condition in order to rule out the presence of an underlying physiological condition that may be contributing to such dementia or impairment. The notification must occur within 30 days after the acknowledgement of such signs by facility staff. If an underlying condition is determined to exist, the facility shall arrange, with the appropriate health care provider, the necessary care and services to treat the condition.

(18) If the facility implements a dining and hospitality attendant program, ensure that the program is developed and implemented under the supervision of the facility director of nursing. A licensed nurse, licensed speech or occupational therapist, or a registered dietitian must conduct training of dining and hospitality attendants. A person employed by a facility as a dining and hospitality attendant must perform tasks under the direct supervision of a licensed nurse.

(19) Report to the agency any filing for bankruptcy protection by the facility or its parent corporation, divestiture or spin-off of its assets, or corporate reorganization within 30 days after the completion of such activity.

(20) Maintain liability insurance coverage that is in force at all times.

(21) Maintain in the medical record for each resident a daily chart of certified nursing assistant services provided to the resident. The certified nursing assistant who is caring for the resident must complete this record by the end of his or her shift. This record must indicate assistance with activities of daily living, assistance with eating, and assistance with drinking, and must record each offering of nutrition and hydration for those residents whose plan of care or assessment indicates a risk for malnutrition or dehydration.

Facilities that have been awarded a Gold Seal under the program established in s. 400.235 may develop a plan to provide certified nursing assistant training as prescribed by federal regulations and state rules and may apply to the agency for approval of its program.

Section 23. Section 400.1413, Florida Statutes, is created to read:

400.1413 *Volunteers in nursing homes.*—

(1) It is the intent of the Legislature to encourage the involvement of volunteers in nursing homes in this state. The Legislature also acknowledges that the licensee is responsible for all the activities that take place in the nursing home and recognizes the licensee's need to be aware of and coordinate volunteer activities in the nursing home. Therefore, a nursing home may require that volunteers:

(a) Sign in and out with staff of the nursing home upon entering or leaving the facility.

(b) Wear an identification badge while in the building.

(c) Participate in a facility orientation and training program.

(2) This section does not affect the activities of state or local long-term-care ombudsman councils authorized under part I.

Section 24. Section 400.147, Florida Statutes, is created to read:

400.147 *Internal risk management and quality assurance program.*—

(1) Every facility shall, as part of its administrative functions, establish an internal risk management and quality assurance program, the purpose of which is to assess resident care practices; review facility quality indicators, facility incident reports, deficiencies cited by the agency, and resident grievances; and develop plans of action to correct and respond quickly to identified quality deficiencies. The program must include:

(a) A designated person to serve as risk manager, who is responsible for implementation and oversight of the facility's risk management and quality assurance program as required by this section.

(b) A risk management and quality assurance committee consisting of the facility risk manager, the administrator, the director of nursing, the medical director, and at least three other members of the facility staff. The risk management and quality assurance committee shall meet at least monthly.

(c) Policies and procedures to implement the internal risk management and quality assurance program, which must include the investigation and analysis of the frequency and causes of general categories and specific types of adverse incidents to residents.

(d) The development and implementation of an incident reporting system based upon the affirmative duty of all health care providers and all agents and employees of the licensed health care facility to report adverse incidents to the risk manager, or to his or her designee, within 3 business days after their occurrence.

(e) The development of appropriate measures to minimize the risk of adverse incidents to residents, including, but not limited to, education and training in risk management and risk prevention for all nonphysician personnel, as follows:

1. Such education and training of all nonphysician personnel must be part of their initial orientation; and

2. At least 1 hour of such education and training must be provided annually for all nonphysician personnel of the licensed facility working in clinical areas and providing resident care.

(f) The analysis of resident grievances that relate to resident care and the quality of clinical services.

(2) The internal risk management and quality assurance program is the responsibility of the facility administrator.

(3) In addition to the programs mandated by this section, other innovative approaches intended to reduce the frequency and severity of adverse incidents to residents and violations of residents' rights shall be encouraged and their implementation and operation facilitated.

(4) Each internal risk management and quality assurance program shall include the use of incident reports to be filed with the risk manager and the facility administrator. The risk manager shall have free access to all resident records of the licensed facility. The incident reports are part of the work papers of the attorney defending the licensed facility in litigation relating to the licensed facility and are subject to discovery, but are not admissible as evidence in court. A person filing an incident report is not subject to civil suit by virtue of such incident report. As a part of each internal risk management and quality assurance program, the incident reports shall be used to develop categories of incidents which identify problem areas. Once identified, procedures shall be adjusted to correct the problem areas.

(5) For purposes of reporting to the agency under this section, the term "adverse incident" means:

(a) An event over which facility personnel could exercise control and which is associated in whole or in part with the facility's intervention, rather than the condition for which such intervention occurred, and which results in one of the following:

1. Death;

2. Brain or spinal damage;

3. Permanent disfigurement;
4. Fracture or dislocation of bones or joints;
5. A limitation of neurological, physical, or sensory function;
6. Any condition that required medical attention to which the resident has not given his or her informed consent, including failure to honor advanced directives; or
7. Any condition that required the transfer of the resident, within or outside the facility, to a unit providing a more acute level of care due to the adverse incident, rather than the resident's condition prior to the adverse incident;

- (b) Abuse, neglect, or exploitation as defined in s. 415.102;
- (c) Abuse, neglect and harm as defined in s. 39.01;
- (d) Resident elopement; or
- (e) An event that is reported to law enforcement.
- (6) The internal risk manager of each licensed facility shall:

(a) Investigate every allegation of sexual misconduct which is made against a member of the facility's personnel who has direct patient contact when the allegation is that the sexual misconduct occurred at the facility or at the grounds of the facility;

(b) Report every allegation of sexual misconduct to the administrator of the licensed facility; and

(c) Notify the resident representative or guardian of the victim that an allegation of sexual misconduct has been made and that an investigation is being conducted.

(7) The facility shall initiate an investigation and shall notify the agency within 1 business day after the risk manager or his or her designee has received a report pursuant to paragraph (1)(d). The notification must be made in writing and be provided electronically, by facsimile device or overnight mail delivery. The notification must include information regarding the identity of the affected resident, the type of adverse incident, the initiation of an investigation by the facility, and whether the events causing or resulting in the adverse incident represent a potential risk to any other resident. The notification is confidential as provided by law and is not discoverable or admissible in any civil or administrative action, except in disciplinary proceedings by the agency or the appropriate regulatory board. The agency may investigate, as it deems appropriate, any such incident and prescribe measures that must or may be taken in response to the incident. The agency shall review each incident and determine whether it potentially involved conduct by the health care professional who is subject to disciplinary action, in which case the provisions of s. 456.073 shall apply.

(8)(a) Each facility shall complete the investigation and submit an adverse incident report to the agency for each adverse incident within 15 calendar days after its occurrence. If after a complete investigation, the risk manager determines that the incident was not an adverse incident as defined in subsection (5), the facility shall include this information in the report. The agency shall develop a form for reporting this information.

(b) The information reported to the agency pursuant to paragraph (a) which relates to persons licensed under chapter 458, chapter 459, chapter 461, or chapter 466 shall be reviewed by the agency. The agency shall determine whether any of the incidents potentially involved conduct by a health care professional who is subject to disciplinary action, in which case the provisions of s. 456.073 shall apply.

(c) The report submitted to the agency must also contain the name of the risk manager of the facility.

(d) The adverse incident report is confidential as provided by law and is not discoverable or admissible in any civil or administrative action, except in disciplinary proceedings by the agency or the appropriate regulatory board.

(9) Each facility subject to this section shall report monthly any liability claim filed against it. The report must include the name of the resident, the date or dates of the incident leading to the claim, if applicable, and the type of injury or violation of rights alleged to have occurred. This report is confidential as provided by law and is not discoverable or admissible in any civil or administrative action, except in such actions brought by the agency to enforce the provisions of this part.

(10) The agency shall review, as part of its licensure inspection process, the internal risk management and quality assurance program at each facility regulated by this section to determine whether the program meets standards established in statutory laws and rules, is being conducted in a manner designed to reduce adverse incidents, and is appropriately reporting incidents as required by this section.

(11) There is no monetary liability on the part of, and a cause of action for damages may not arise against, any risk manager for the implementation and oversight of the internal risk management and quality assurance program in a facility licensed under this part as required by this section, or for any act or proceeding undertaken or performed within the scope of the functions of such internal risk management and quality assurance program if the risk manager acts without intentional fraud.

(12) If the agency, through its receipt of the adverse incident reports prescribed in subsection (7), or through any investigation, has a reasonable belief that conduct by a staff member or employee of a facility is grounds for disciplinary action by the appropriate regulatory board, the agency shall report this fact to the regulatory board.

(13) The agency may adopt rules to administer this section.

(14) The agency shall annually submit to the Legislature a report on nursing home adverse incidents. The report must include the following information arranged by county:

(a) The total number of adverse incidents.

(b) A listing, by category, of the types of adverse incidents, the number of incidents occurring within each category, and the type of staff involved.

(c) A listing, by category, of the types of injury caused and the number of injuries occurring within each category.

(d) Types of liability claims filed based on an adverse incident or reportable injury.

(e) Disciplinary action taken against staff, categorized by type of staff involved.

(15) Information gathered by a credentialing organization under a quality assurance program is not discoverable from the credentialing organization. This subsection does not limit discovery of, access to, or use of facility records, including those records from which the credentialing organization gathered its information.

Section 25. Section 400.148, Florida Statutes, is created to read:

400.148 Medicaid "Up-or-Out" Quality of Care Contract Management Program.—

(1) The Legislature finds that the federal Medicare program has implemented successful models of managing the medical and supportive-care needs of long-term nursing home residents. These programs have maintained the highest practicable level of good health and have the potential to reduce the incidence of preventable illnesses among long-stay residents of nursing homes, thereby increasing the quality of care for residents and reducing the number of lawsuits against nursing homes. Such models are operated at no cost to the state. It is the intent of the Legislature that the Agency for Health Care Administration replicate such oversight for Medicaid recipients in poor-performing nursing homes and in assisted living facilities and nursing homes that are experiencing disproportionate numbers of lawsuits, with the goal of improving the quality of care in such homes or facilitating the revocation of licensure.

(2) *The Agency for Health Care Administration shall develop a pilot project in selected counties to demonstrate the effect of assigning skilled and trained medical personnel to ensure the quality of care, safety, and continuity of care for long-stay Medicaid recipients in the highest-scoring nursing homes in the Florida Nursing Home Guide on the date the project is implemented. The agency is authorized to begin the pilot project, subject to appropriation, in the highest-scoring homes in counties where such services are immediately available. On January 1 of each year of the pilot project, the agency shall submit to the appropriations and substantive committees of the Legislature and the Governor an assessment of the program and a proposal for expansion of the program to additional facilities. The staff of the pilot project shall assist regulatory staff in imposing regulatory sanctions, including revocation of licensure, pursuant to s. 400.121 against nursing homes that have quality-of-care violations.*

(3) *The pilot project must ensure:*

(a) *Oversight and coordination of all aspects of a resident's medical care and stay in a nursing home;*

(b) *Facilitation of close communication between the resident, the resident's guardian or legal representative, the resident's attending physician, the resident's family, and staff of the nursing facility;*

(c) *Frequent onsite visits to the resident;*

(d) *Early detection of medical or quality problems that have the potential to lead to adverse outcomes and unnecessary hospitalization;*

(e) *Close communication with regulatory staff;*

(f) *Immediate investigation of resident quality-of-care complaints and communication and cooperation with the appropriate entity to address those complaints, including the ombudsman, state agencies, agencies responsible for Medicaid program integrity, and local law enforcement agencies;*

(g) *Assistance to the resident or the resident's representative to relocate the resident if quality-of-care issues are not otherwise addressed; and*

(h) *Use of Medicare and other third-party funds to support activities of the program, to the extent possible.*

(4) *The agency shall model the pilot project activities after such Medicare-approved demonstration projects.*

(5) *The agency may contract to provide similar oversight services to Medicaid recipients.*

(6) *The agency shall, jointly with the Statewide Public Guardianship Office, develop a system in the pilot project areas to identify Medicaid recipients who are residents of a participating nursing home or assisted living facility who have diminished ability to make their own decisions and who do not have relatives or family available to act as guardians in nursing homes listed on the Nursing Home Guide Watch List. The agency and the Statewide Public Guardianship Office shall give such residents priority for publicly funded guardianship services.*

Section 26. Section 400.1755, Florida Statutes, is created to read:

400.1755 *Care for persons with Alzheimer's disease or related disorders.—*

(1) *As a condition of licensure, facilities licensed under this part must provide to each of their employees, upon beginning employment, basic written information about interacting with persons with Alzheimer's disease or a related disorder.*

(2) *All employees who are expected to, or whose responsibilities require them to, have direct contact with residents with Alzheimer's disease or a related disorder must, in addition to being provided the information required in subsection (1), also have an initial training of at least 1 hour completed in the first 3 months after beginning employment. This training must include, but is not limited to, an overview of dementias and must provide basic skills in communicating with persons with dementia.*

(3) *An individual who provides direct care shall be considered a direct caregiver and must complete the required initial training and an additional 3 hours of training within 9 months after beginning employment. This training shall include, but is not limited to, managing problem behaviors, promoting the resident's independence in activities of daily living, and skills in working with families and caregivers.*

(a) *The required 4 hours of training for certified nursing assistants are part of the total hours of training required annually.*

(b) *For a health care practitioner as defined in s. 456.001, continuing-education hours taken as required by that practitioner's licensing board shall be counted toward this total of 4 hours.*

(4) *For an employee who is a licensed health care practitioner as defined in s. 456.001, training that is sanctioned by that practitioner's licensing board shall be considered to be approved by the Department of Elderly Affairs.*

(5) *The Department of Elderly Affairs or its designee must approve the initial and continuing training provided in the facilities. The department must approve training offered in a variety of formats, including, but not limited to, internet-based training, videos, teleconferencing, and classroom instruction. The department shall keep a list of current providers who are approved to provide initial and continuing training. The department shall adopt rules to establish standards for the trainers and the training required in this section.*

(6) *Upon completing any training listed in this section, the employee or direct caregiver shall be issued a certificate that includes the name of the training provider, the topic covered, and the date and signature of the training provider. The certificate is evidence of completion of training in the identified topic, and the employee or direct caregiver is not required to repeat training in that topic if the employee or direct caregiver changes employment to a different facility or to an assisted living facility, home health agency, adult day care center, or adult family-care home. The direct caregiver must comply with other applicable continuing education requirements.*

An employee hired on or after July 1, 2001, need not comply with the guidelines created in this section before July 1, 2002.

Section 27. Subsections (3) and (4) of section 400.19, Florida Statutes, are amended to read:

400.19 *Right of entry and inspection.—*

(3) *The agency shall every 15 months conduct at least one unannounced inspection to determine compliance by the licensee with statutes, and with rules promulgated under the provisions of those statutes, governing minimum standards of construction, quality and adequacy of care, and rights of residents. The survey shall be conducted every 6 months for the next 2-year period if the facility has been cited for a class I deficiency, has been cited for two or more class II deficiencies arising from separate surveys or investigations within a 60-day period, or has had three or more substantiated complaints within a 6-month period, each resulting in at least one class I or class II deficiency. In addition to any other fees or fines in this part, the agency shall assess a fine for each facility that is subject to the 6-month survey cycle. The fine for the 2-year period shall be \$6,000, one-half to be paid at the completion of each survey. The agency may adjust this fine by the change in the Consumer Price Index, based on the 12 months immediately preceding the increase, to cover the cost of the additional surveys. The agency shall verify through subsequent inspection that any deficiency identified during the annual inspection is corrected. However, the agency may verify the correction of a class III or class IV deficiency unrelated to resident rights or resident care without reinspecting the facility if adequate written documentation has been received from the facility, which provides assurance that the deficiency has been corrected. The giving or causing to be given of advance notice of such unannounced inspections by an employee of the agency to any unauthorized person shall constitute cause for suspension of not fewer than 5 working days according to the provisions of chapter 110.*

(4) *The agency shall conduct unannounced onsite facility reviews following written verification of licensee noncompliance in instances in*

which a long-term care ombudsman council, pursuant to ss. 400.0071 and 400.0075, has received a complaint and has documented deficiencies in resident care or in the physical plant of the facility that threaten the health, safety, or security of residents, or when the agency documents through inspection that conditions in a facility present a direct or indirect threat to the health, safety, or security of residents. However, the agency shall conduct ~~four or more~~ unannounced onsite reviews every 3 months ~~within a 12-month period~~ of each facility ~~while the facility which~~ has a conditional ~~license licensure status~~. Deficiencies related to physical plant do not require followup reviews after the agency has determined that correction of the deficiency has been accomplished and that the correction is of the nature that continued compliance can be reasonably expected.

Section 28. Subsection (3) and paragraph (a) of subsection (5) of section 400.191, Florida Statutes, are amended to read:

400.191 Availability, distribution, and posting of reports and records.—

(3) Each nursing home facility licensee shall maintain as public information, available upon request, records of all cost and inspection reports pertaining to that facility that have been filed with, or issued by, any governmental agency. Copies of such reports shall be retained in such records for not less than 5 years from the date the reports are filed or issued.

(a) *The agency shall quarterly publish a "Nursing Home Guide Watch List" to assist consumers in evaluating the quality of nursing home care in Florida. The watch list must identify each facility that met the criteria for a conditional licensure status on any day within the quarter covered by the list and each facility that was operating under bankruptcy protection on any day within the quarter. The watch list must include, but is not limited to, the facility's name, address, and ownership; the county in which the facility operates; the license expiration date; the number of licensed beds; a description of the deficiency causing the facility to be placed on the list; any corrective action taken; and the cumulative number of times the facility has been on a watch list. The watch list must include a brief description regarding how to choose a nursing home, the categories of licensure, the agency's inspection process, an explanation of terms used in the watch list, and the addresses and phone numbers of the agency's managed care and health quality area offices.*

(b) *Upon publication of each quarterly watch list, the agency must transmit a copy of the watch list to each nursing home facility by mail and must make the watch list available on the agency's Internet web site.*

(5) Every nursing home facility licensee shall:

(a) Post, in a sufficient number of prominent positions in the nursing home so as to be accessible to all residents and to the general public;

1. A concise summary of the last inspection report pertaining to the nursing home and issued by the agency, with references to the page numbers of the full reports, noting any deficiencies found by the agency and the actions taken by the licensee to rectify such deficiencies and indicating in such summaries where the full reports may be inspected in the nursing home.

2. A copy of the most recent version of the Florida Nursing Home Guide Watch List.

Section 29. Subsection (2) of section 400.211, Florida Statutes, is amended, and subsection (4) is added to that section, to read:

400.211 Persons employed as nursing assistants; certification requirement.—

(2) The following categories of persons who are not certified as nursing assistants under part II of chapter 464 may be employed by a nursing facility for a period of 4 months:

(b) Persons who have been positively verified as actively certified and on the registry in another state with no findings of abuse, *neglect, or exploitation in that state*; or

(c) Persons who have preliminarily passed the state's certification exam.

The certification requirement must be met within 4 months after initial employment as a nursing assistant in a licensed nursing facility.

(4) *When employed by a nursing home facility for a 12-month period or longer, a nursing assistant, to maintain certification, shall submit to a performance review every 12 months and must receive regular inservice education based on the outcome of such reviews. The inservice training must:*

Section 30. Subsections (2), (3), (7), and (8) of section 400.23, Florida Statutes, are amended to read:

400.23 Rules; evaluation and deficiencies; licensure status.—

(2) Pursuant to the intention of the Legislature, the agency, in consultation with the Department of Health and the Department of Elderly Affairs, shall adopt and enforce rules to implement this part, which shall include reasonable and fair criteria in relation to:

(a) The location and construction of the facility; including fire and life safety, plumbing, heating, cooling, lighting, ventilation, and other housing conditions which will ensure the health, safety, and comfort of residents, including an adequate call system. The agency shall establish standards for facilities and equipment to increase the extent to which new facilities and a new wing or floor added to an existing facility after July 1, 1999, are structurally capable of serving as shelters only for residents, staff, and families of residents and staff, and equipped to be self-supporting during and immediately following disasters. ~~The agency shall work with facilities licensed under this part and report to the Governor and Legislature by April 1, 1999, its recommendations for cost-effective renovation standards to be applied to existing facilities.~~ In making such rules, the agency shall be guided by criteria recommended by nationally recognized reputable professional groups and associations with knowledge of such subject matters. The agency shall update or revise such criteria as the need arises. All nursing homes must comply with those lifesafety code requirements and building code standards applicable at the time of approval of their construction plans. The agency may require alterations to a building if it determines that an existing condition constitutes a distinct hazard to life, health, or safety. The agency shall adopt fair and reasonable rules setting forth conditions under which existing facilities undergoing additions, alterations, conversions, renovations, or repairs shall be required to comply with the most recent updated or revised standards.

(b) The number and qualifications of all personnel, including management, medical, nursing, and other professional personnel, and

nursing assistants, orderlies, and support personnel, having responsibility for any part of the care given residents.

(c) All sanitary conditions within the facility and its surroundings, including water supply, sewage disposal, food handling, and general hygiene which will ensure the health and comfort of residents.

(d) The equipment essential to the health and welfare of the residents.

(e) A uniform accounting system.

(f) The care, treatment, and maintenance of residents and measurement of the quality and adequacy thereof, based on rules developed under this chapter and the Omnibus Budget Reconciliation Act of 1987 (Pub. L. No. 100-203) (December 22, 1987), Title IV (Medicare, Medicaid, and Other Health-Related Programs), Subtitle C (Nursing Home Reform), as amended.

(g) The preparation and annual update of a comprehensive emergency management plan. The agency shall adopt rules establishing minimum criteria for the plan after consultation with the Department of Community Affairs. At a minimum, the rules must provide for plan components that address emergency evacuation transportation; adequate sheltering arrangements; postdisaster activities, including emergency power, food, and water; postdisaster transportation; supplies; staffing; emergency equipment; individual identification of residents and transfer of records; and responding to family inquiries. The comprehensive emergency management plan is subject to review and approval by the local emergency management agency. During its review, the local emergency management agency shall ensure that the following agencies, at a minimum, are given the opportunity to review the plan: the Department of Elderly Affairs, the Department of Health, the Agency for Health Care Administration, and the Department of Community Affairs. Also, appropriate volunteer organizations must be given the opportunity to review the plan. The local emergency management agency shall complete its review within 60 days and either approve the plan or advise the facility of necessary revisions.

(h) The implementation of the consumer satisfaction survey pursuant to s. 400.0225; the availability, distribution, and posting of reports and records pursuant to s. 400.191; and the Gold Seal Program pursuant to s. 400.235.

(3)(a) The agency shall adopt rules providing for the minimum staffing requirements for nursing homes. These requirements shall include, for each nursing home facility, a minimum certified nursing assistant staffing of 2.3 hours of direct care per resident per day beginning January 1, 2002, increasing to 2.6 hours of direct care per resident per day beginning January 1, 2003, and increasing to 2.9 hours of direct care per resident per day beginning January 1, 2004. Beginning January 1, 2002 no facility shall staff below one certified nursing assistant per 20 residents, and a minimum licensed nursing staffing of 1.0 hour of direct resident care per resident per day but never below one licensed nurse per 40 residents, including evening and night shifts and weekends. Nursing assistants employed under s. 400.211(2) may be included in computing the staffing ratio for certified nursing assistants only if they provide nursing assistance services to residents on a full-time basis. Each nursing home must document compliance with staffing standards as required under this paragraph and post daily Agency rules shall specify requirements for documentation of compliance with staffing standards, sanctions for violation of such standards, and requirements for daily posting of the names of staff on duty for the benefit of facility residents and the public. The agency shall recognize the use of licensed nurses for compliance with minimum staffing requirements for certified nursing assistants, provided that the facility otherwise meets the minimum staffing requirements for licensed nurses and that the licensed nurses so recognized are performing the duties of a certified nursing assistant. Unless otherwise approved by the agency, licensed nurses counted towards the minimum staffing requirements for certified nursing assistants must exclusively perform the duties of a certified nursing assistant for the entire shift and shall not also be counted towards the minimum staffing requirements for licensed nurses. If the agency approved a facility's request to use a licensed nurse

to perform both licensed nursing and certified nursing assistant duties, the facility must allocate the amount of staff time specifically spent on certified nursing assistant duties for the purpose of documenting compliance with minimum staffing requirements for certified and licensed nursing staff. In no event may the hours of a licensed nurse with dual job responsibilities be counted twice.

(b) The agency shall adopt rules to allow properly trained staff of a nursing facility, in addition to certified nursing assistants and licensed nurses, to assist residents with eating. The rules shall specify the minimum training requirements and shall specify the physiological conditions or disorders of residents which would necessitate that the eating assistance be provided by nursing personnel of the facility. Nonnursing staff providing eating assistance to residents under the provisions of this subsection shall not count towards compliance with minimum staffing standards.

(c) Licensed practical nurses licensed under chapter 464 who are providing nursing services in nursing home facilities under this part may supervise the activities of other licensed practical nurses, certified nursing assistants, and other unlicensed personnel providing services in such facilities in accordance with rules adopted by the Board of Nursing.

(7) The agency shall, at least every 15 months, evaluate all nursing home facilities and make a determination as to the degree of compliance by each licensee with the established rules adopted under this part as a basis for assigning a licensure status to that facility. The agency shall base its evaluation on the most recent inspection report, taking into consideration findings from other official reports, surveys, interviews, investigations, and inspections. The agency shall assign a licensure status of standard or conditional to each nursing home.

(a) A standard licensure status means that a facility has no class I or class II deficiencies, has corrected all class III deficiencies within the time established by the agency, ~~and is in substantial compliance at the time of the survey with criteria established under this part, with rules adopted by the agency, and, if applicable, with rules adopted under the Omnibus Budget Reconciliation Act of 1987 (Pub. L. No. 100-203) (December 22, 1987), Title IV (Medicare, Medicaid, and Other Health-Related Programs), Subtitle C (Nursing Home Reform), as amended.~~

(b) A conditional licensure status means that a facility, due to the presence of one or more class I or class II deficiencies, or class III deficiencies not corrected within the time established by the agency, is not in substantial compliance at the time of the survey with criteria established under this part ~~or, with rules adopted by the agency, or, if applicable, with rules adopted under the Omnibus Budget Reconciliation Act of 1987 (Pub. L. No. 100-203) (December 22, 1987), Title IV (Medicare, Medicaid, and Other Health-Related Programs), Subtitle C (Nursing Home Reform), as amended.~~ If the facility has no class I, class II, or class III deficiencies comes into substantial compliance at the time of the followup survey, a standard licensure status may be assigned.

(c) In evaluating the overall quality of care and services and determining whether the facility will receive a conditional or standard license, the agency shall consider the needs and limitations of residents in the facility and the results of interviews and surveys of a representative sampling of residents, families of residents, ombudsman council members in the planning and service area in which the facility is located, guardians of residents, and staff of the nursing home facility.

(d) The current licensure status of each facility must be indicated in bold print on the face of the license. A list of the deficiencies of the facility shall be posted in a prominent place that is in clear and unobstructed public view at or near the place where residents are being admitted to that facility. Licensees receiving a conditional licensure status for a facility shall prepare, within 10 working days after receiving notice of deficiencies, a plan for correction of all deficiencies and shall submit the plan to the agency for approval. ~~Correction of all deficiencies, within the period approved by the agency, shall result in termination of the conditional licensure status. Failure to correct the deficiencies within a reasonable period approved by the agency shall be grounds for the imposition of sanctions pursuant to this part.~~

(e) Each licensee shall post its license in a prominent place that is in clear and unobstructed public view at or near the place where residents are being admitted to the facility.

(f) ~~Not later than January 1, 1994,~~ The agency shall adopt rules that:

1. Establish uniform procedures for the evaluation of facilities.
2. Provide criteria in the areas referenced in paragraph (c).
3. Address other areas necessary for carrying out the intent of this section.

(8) The agency shall adopt rules to provide that, when the criteria established under subsection (2) are not met, such deficiencies shall be classified according to the nature and the scope of the deficiency. *The scope shall be cited as isolated, patterned, or widespread. An isolated deficiency is a deficiency affecting one or a very limited number of residents, or involving one or a very limited number of staff, or a situation that occurred only occasionally or in a very limited number of locations. A patterned deficiency is a deficiency where more than a very limited number of residents are affected, or more than a very limited number of staff are involved, or the situation has occurred in several locations, or the same resident or residents have been affected by repeated occurrences of the same deficient practice but the effect of the deficient practice is not found to be pervasive throughout the facility. A widespread deficiency is a deficiency in which the problems causing the deficiency are pervasive in the facility or represent systemic failure that has affected or has the potential to affect a large portion of the facility's residents. The agency shall indicate the classification on the face of the notice of deficiencies as follows:*

(a) ~~A class I deficiency is a deficiency that deficiencies are those which the agency determines presents a situation in which immediate corrective action is necessary because the facility's noncompliance has caused, or is likely to cause, serious injury, harm, impairment, or death to a resident receiving care in a facility present an imminent danger to the residents or guests of the nursing home facility or a substantial probability that death or serious physical harm would result therefrom. The condition or practice constituting a class I violation shall be abated or eliminated immediately, unless a fixed period of time, as determined by the agency, is required for correction. Notwithstanding s. 400.121(2), A class I deficiency is subject to a civil penalty of \$10,000 for an isolated deficiency, \$12,500 for a patterned deficiency, and \$15,000 for a widespread in an amount not less than \$5,000 and not exceeding \$25,000 for each and every deficiency. The fine amount shall be doubled for each deficiency if the facility was previously cited for one or more class I or class II deficiencies during the last annual inspection or any inspection or complaint investigation since the last annual inspection. A fine must may be levied notwithstanding the correction of the deficiency.~~

(b) ~~A class II deficiency is a deficiency that deficiencies are those which the agency determines has compromised the resident's ability to maintain or reach his or her highest practicable physical, mental, and psychosocial well-being, as defined by an accurate and comprehensive resident assessment, plan of care, and provision of services have a direct or immediate relationship to the health, safety, or security of the nursing home facility residents, other than class I deficiencies. A class II deficiency is subject to a civil penalty of \$2,500 for an isolated deficiency, \$5,000 for a patterned deficiency, and \$7,500 for a widespread in an amount not less than \$1,000 and not exceeding \$10,000 for each and every deficiency. The fine amount shall be doubled for each deficiency if the facility was previously cited for one or more class I or class II deficiencies during the last annual inspection or any inspection or complaint investigation since the last annual inspection. A fine shall be levied notwithstanding the correction of the deficiency. A citation for a class II deficiency shall specify the time within which the deficiency is required to be corrected. If a class II deficiency is corrected within the time specified, no civil penalty shall be imposed, unless it is a repeated offense.~~

(c) A class III deficiency is a deficiency that deficiencies are those which the agency determines will result in no more than minimal

physical, mental, or psychosocial discomfort to the resident or has the potential to compromise the resident's ability to maintain or reach his or her highest practical physical, mental, or psychosocial well-being, as defined by an accurate and comprehensive resident assessment, plan of care, and provision of services to have an indirect or potential relationship to the health, safety, or security of the nursing home facility residents, other than class I or class II deficiencies. A class III deficiency is shall be subject to a civil penalty of \$1,000 for an isolated deficiency, \$2,000 for a patterned deficiency, and \$3,000 for a widespread not less than \$500 and not exceeding \$2,500 for each and every deficiency. The fine amount shall be doubled for each deficiency if the facility was previously cited for one or more class I or class II deficiencies during the last annual inspection or any inspection or complaint investigation since the last annual inspection. A citation for a class III deficiency must shall specify the time within which the deficiency is required to be corrected. If a class III deficiency is corrected within the time specified, no civil penalty shall be imposed, unless it is a repeated offense.

(d) A class IV deficiency is a deficiency that the agency determines has the potential for causing no more than a minor negative impact on the resident. If the class IV deficiency is isolated, no plan of correction is required.

Section 31. Subsection (5) of section 400.235, Florida Statutes, is amended to read:

400.235 Nursing home quality and licensure status; Gold Seal Program.—

(5) Facilities must meet the following additional criteria for recognition as a Gold Seal Program facility:

(a) Had no class I or class II deficiencies within the 30 months preceding application for the program.

(b) Evidence financial soundness and stability according to standards adopted by the agency in administrative rule.

(c) Participate consistently in the required consumer satisfaction process as prescribed by the agency, and demonstrate that information is elicited from residents, family members, and guardians about satisfaction with the nursing facility, its environment, the services and care provided, the staff's skills and interactions with residents, attention to resident's needs, and the facility's efforts to act on information gathered from the consumer satisfaction measures.

(d) Evidence the involvement of families and members of the community in the facility on a regular basis.

(e) Have a stable workforce, as described in s. 400.141, as evidenced by a relatively low rate of turnover among certified nursing assistants and licensed nurses within the 30 months preceding application for the Gold Seal Program, and demonstrate a continuing effort to maintain a stable workforce and to reduce turnover of licensed nurses and certified nursing assistants.

(f) Evidence an outstanding record regarding the number and types of substantiated complaints reported to the State Long-Term Care Ombudsman Council within the 30 months preceding application for the program.

(g) Provide targeted inservice training provided to meet training needs identified by internal or external quality assurance efforts.

Section 32. Section 400.275, Florida Statutes, is created to read:

400.275 Agency duties.—

(1) The agency shall ensure that each newly hired nursing home surveyor, as a part of basic training, is assigned full-time to a licensed nursing home for at least 2 days within a 7-day period to observe facility operations outside of the survey process before the surveyor begins survey

responsibilities. Such observations may not be the sole basis of a deficiency citation against the facility. The agency may not assign an individual to be a member of a survey team for purposes of a survey, evaluation, or consultation visit at a nursing home facility in which the surveyor was an employee within the preceding 5 years.

(2) The agency shall semiannually provide for joint training of nursing home surveyors and staff of facilities licensed under this part on at least one of the 10 federal citations that were most frequently issued against nursing facilities in this state during the previous calendar year.

(3) Each member of a nursing home survey team who is a health professional licensed under part I of chapter 464, part X of chapter 468, or chapter 491, shall earn not less than 50 percent of required continuing education credits in geriatric care. Each member of a nursing home survey team who is a health professional licensed under chapter 465 shall earn not less than 30 percent of required continuing education credits in geriatric care.

(4) The agency must ensure that when a deficiency is related to substandard quality of care, a physician with geriatric experience licensed under chapter 458 or chapter 459 or a registered nurse with geriatric experience licensed under chapter 464 participates in the agency's informal dispute-resolution process.

Section 33. Subsections (3) and (4) of section 400.407, Florida Statutes, are amended to read:

400.407 License required; fee, display.—

(3) Any license granted by the agency must state the maximum resident capacity of the facility, the type of care for which the license is granted, the date the license is issued, the expiration date of the license, and any other information deemed necessary by the agency. Licenses shall be issued for one or more of the following categories of care: standard, extended congregate care, limited nursing services, or limited mental health.

(a) A standard license shall be issued to facilities providing one or more of the *personal* services identified in s. 400.402. Such facilities may also employ or contract with a person licensed under part I of chapter 464 to administer medications and perform other tasks as specified in s. 400.4255.

(b) An extended congregate care license shall be issued to facilities providing, directly or through contract, services beyond those authorized in paragraph (a), including acts performed pursuant to part I of chapter 464 by persons licensed thereunder, and supportive services defined by rule to persons who otherwise would be disqualified from continued residence in a facility licensed under this part.

1. In order for extended congregate care services to be provided in a facility licensed under this part, the agency must first determine that all requirements established in law and rule are met and must specifically designate, on the facility's license, that such services may be provided and whether the designation applies to all or part of a facility. Such designation may be made at the time of initial licensure or ~~biennial~~ relicensure, or upon request in writing by a licensee under this part. Notification of approval or denial of such request shall be made within 90 days after receipt of such request and all necessary documentation. Existing facilities qualifying to provide extended congregate care services must have maintained a standard license and may not have been subject to administrative sanctions during the previous 2 years, or since initial licensure if the facility has been licensed for less than 2 years, for any of the following reasons:

- a. A class I or class II violation;
- b. Three or more repeat or recurring class III violations of identical or similar resident care standards as specified in rule from which a pattern of noncompliance is found by the agency;
- c. Three or more class III violations that were not corrected in accordance with the corrective action plan approved by the agency;
- d. Violation of resident care standards resulting in a requirement to employ the services of a consultant pharmacist or consultant dietitian;

e. Denial, suspension, or revocation of a license for another facility under this part in which the applicant for an extended congregate care license has at least 25 percent ownership interest; or

f. Imposition of a moratorium on admissions or initiation of injunctive proceedings.

2. Facilities that are licensed to provide extended congregate care services shall maintain a written progress report on each person who receives such services, which report describes the type, amount, duration, scope, and outcome of services that are rendered and the general status of the resident's health. A registered nurse, or appropriate designee, representing the agency shall visit such facilities at least ~~quarterly two times a year~~ to monitor residents who are receiving extended congregate care services and to determine if the facility is in compliance with this part and with rules that relate to extended congregate care. One of these visits may be in conjunction with the regular ~~biennial~~ survey. The monitoring visits may be provided through contractual arrangements with appropriate community agencies. A registered nurse shall serve as part of the team that ~~biennially~~ inspects such facility. The agency may waive one of the required yearly monitoring visits for a facility that has been licensed for at least 24 months to provide extended congregate care services, if, during the ~~biennial~~ inspection, the registered nurse determines that extended congregate care services are being provided appropriately, and if the facility has no class I or class II violations and no uncorrected class III violations. Before such decision is made, the agency shall consult with the long-term care ombudsman council for the area in which the facility is located to determine if any complaints have been made and substantiated about the quality of services or care. The agency may not waive one of the required yearly monitoring visits if complaints have been made and substantiated.

3. Facilities that are licensed to provide extended congregate care services shall:

a. Demonstrate the capability to meet unanticipated resident service needs.

b. Offer a physical environment that promotes a homelike setting, provides for resident privacy, promotes resident independence, and allows sufficient congregate space as defined by rule.

c. Have sufficient staff available, taking into account the physical plant and firesafety features of the building, to assist with the evacuation of residents in an emergency, as necessary.

d. Adopt and follow policies and procedures that maximize resident independence, dignity, choice, and decisionmaking to permit residents to age in place to the extent possible, so that moves due to changes in functional status are minimized or avoided.

e. Allow residents or, if applicable, a resident's representative, designee, surrogate, guardian, or attorney in fact to make a variety of personal choices, participate in developing service plans, and share responsibility in decisionmaking.

f. Implement the concept of managed risk.

g. Provide, either directly or through contract, the services of a person licensed pursuant to part I of chapter 464.

h. In addition to the training mandated in s. 400.452, provide specialized training as defined by rule for facility staff.

4. Facilities licensed to provide extended congregate care services are exempt from the criteria for continued residency as set forth in rules adopted under s. 400.441. Facilities so licensed shall adopt their own requirements within guidelines for continued residency set forth by the department in rule. However, such facilities may not serve residents who require 24-hour nursing supervision. Facilities licensed to provide extended congregate care services shall provide each resident with a written copy of facility policies governing admission and retention.

5. The primary purpose of extended congregate care services is to allow residents, as they become more impaired, the option of remaining

in a familiar setting from which they would otherwise be disqualified for continued residency. A facility licensed to provide extended congregate care services may also admit an individual who exceeds the admission criteria for a facility with a standard license, if the individual is determined appropriate for admission to the extended congregate care facility.

6. Before admission of an individual to a facility licensed to provide extended congregate care services, the individual must undergo a medical examination as provided in s. 400.426(4) and the facility must develop a preliminary service plan for the individual.

7. When a facility can no longer provide or arrange for services in accordance with the resident's service plan and needs and the facility's policy, the facility shall make arrangements for relocating the person in accordance with s. 400.428(1)(k).

8. Failure to provide extended congregate care services may result in denial of extended congregate care license renewal.

9. No later than January 1 of each year, the department, in consultation with the agency, shall prepare and submit to the Governor, the President of the Senate, the Speaker of the House of Representatives, and the chairs of appropriate legislative committees, a report on the status of, and recommendations related to, extended congregate care services. The status report must include, but need not be limited to, the following information:

a. A description of the facilities licensed to provide such services, including total number of beds licensed under this part.

b. The number and characteristics of residents receiving such services.

c. The types of services rendered that could not be provided through a standard license.

d. An analysis of deficiencies cited during *licensure* ~~biennial~~ inspections.

e. The number of residents who required extended congregate care services at admission and the source of admission.

f. Recommendations for statutory or regulatory changes.

g. The availability of extended congregate care to state clients residing in facilities licensed under this part and in need of additional services, and recommendations for appropriations to subsidize extended congregate care services for such persons.

h. Such other information as the department considers appropriate.

(c) A limited nursing services license shall be issued to a facility that provides services beyond those authorized in paragraph (a) and as specified in this paragraph.

1. In order for limited nursing services to be provided in a facility licensed under this part, the agency must first determine that all requirements established in law and rule are met and must specifically designate, on the facility's license, that such services may be provided. Such designation may be made at the time of initial licensure or ~~biennial~~ relicensure, or upon request in writing by a licensee under this part. Notification of approval or denial of such request shall be made within 90 days after receipt of such request and all necessary documentation. Existing facilities qualifying to provide limited nursing services shall have maintained a standard license and may not have been subject to administrative sanctions that affect the health, safety, and welfare of residents for the previous 2 years or since initial licensure if the facility has been licensed for less than 2 years.

2. Facilities that are licensed to provide limited nursing services shall maintain a written progress report on each person who receives such nursing services, which report describes the type, amount, duration, scope, and outcome of services that are rendered and the general status of the resident's health. A registered nurse representing the agency shall visit such facilities at least *twice* ~~once~~ a year to monitor residents who are receiving limited nursing services and to determine

if the facility is in compliance with applicable provisions of this part and with related rules. The monitoring visits may be provided through contractual arrangements with appropriate community agencies. A registered nurse shall also serve as part of the team that ~~biennially~~ inspects such facility.

3. A person who receives limited nursing services under this part must meet the admission criteria established by the agency for assisted living facilities. When a resident no longer meets the admission criteria for a facility licensed under this part, arrangements for relocating the person shall be made in accordance with s. 400.428(1)(k), unless the facility is licensed to provide extended congregate care services.

(4)(a) The biennial license fee required of a facility is ~~\$300~~ ~~\$240~~ per license, with an additional fee of ~~\$50~~ ~~\$30~~ per resident based on the total licensed resident capacity of the facility, except that no additional fee will be assessed for beds designated for recipients of optional state supplementation payments provided for in s. 409.212. The total fee may not exceed \$10,000, no part of which shall be returned to the facility. The agency shall adjust the per bed license fee and the total licensure fee annually by not more than the change in the consumer price index based on the 12 months immediately preceding the increase.

(b) In addition to the total fee assessed under paragraph (a), the agency shall require facilities that are licensed to provide extended congregate care services under this part to pay an additional fee per licensed facility. The amount of the biennial fee shall be \$400 per license, *with an additional fee of \$10 per resident based on the total licensed resident capacity of the facility.* No part of *this fee* ~~which~~ shall be returned to the facility. The agency may adjust the *per-bed license fee* and the annual license fee once each year by not more than the average rate of inflation for the 12 months immediately preceding the increase.

(c) In addition to the total fee assessed under paragraph (a), the agency shall require facilities that are licensed to provide limited nursing services under this part to pay an additional fee per licensed facility. The amount of the biennial fee shall be ~~\$250~~ ~~\$200~~ per license, with an additional fee of \$10 per resident based on the total licensed resident capacity of the facility. ~~The total biennial fee may not exceed \$2,000.~~ No part of *this fee* ~~which~~ shall be returned to the facility. The agency may adjust the *per-bed license fee* and the ~~\$200~~ biennial license fee and the ~~maximum total license fee~~ once each year by not more than the average rate of inflation for the 12 months immediately preceding the increase.

Section 34. Paragraph (n) is added to subsection (1) of section 400.414, Florida Statutes, and subsection (8) is added to that section, to read:

400.414 Denial, revocation, or suspension of license; imposition of administrative fine; grounds.—

(1) The agency may deny, revoke, or suspend any license issued under this part, or impose an administrative fine in the manner provided in chapter 120, for any of the following actions by an assisted living facility, any person subject to level 2 background screening under s. 400.4174, or any facility employee:

(n) *Any act constituting a ground upon which application for a license may be denied.*

Administrative proceedings challenging agency action under this subsection shall be reviewed on the basis of the facts and conditions that resulted in the agency action.

(8) *The agency may issue a temporary license pending final disposition of a proceeding involving the suspension or revocation of an assisted living facility license.*

Section 35. Section 400.419, Florida Statutes, is amended to read:

400.419 Violations; administrative fines.—

(1) Each violation of this part and adopted rules shall be classified according to the nature of the violation and the gravity of its probable effect on facility residents. The agency shall indicate the classification on the written notice of the violation as follows:

(a) Class "I" violations are those conditions or occurrences related to the operation and maintenance of a facility or to the personal care of residents which the agency determines present an imminent danger to the residents or guests of the facility or a substantial probability that death or serious physical or emotional harm would result therefrom. The condition or practice constituting a class I violation shall be abated or eliminated within 24 hours, unless a fixed period, as determined by the agency, is required for correction. A class I violation is subject to an administrative fine in an amount not less than \$5,000 ~~\$1,000~~ and not exceeding \$10,000 for each violation. A fine may be levied notwithstanding the correction of the violation.

(b) Class "II" violations are those conditions or occurrences related to the operation and maintenance of a facility or to the personal care of residents which the agency determines directly threaten the physical or emotional health, safety, or security of the facility residents, other than class I violations. A class II violation is subject to an administrative fine in an amount not less than \$1,000 ~~\$500~~ and not exceeding \$5,000 for each violation. A citation for a class II violation *must shall* specify the time within which the violation is required to be corrected. ~~If a class II violation is corrected within the time specified, no fine may be imposed, unless it is a repeated offense.~~

(c) Class "III" violations are those conditions or occurrences related to the operation and maintenance of a facility or to the personal care of residents which the agency determines indirectly or potentially threaten the physical or emotional health, safety, or security of facility residents, other than class I or class II violations. A class III violation is subject to an administrative fine of not less than \$500 ~~\$100~~ and not exceeding \$1,000 for each violation. A citation for a class III violation *must shall* specify the time within which the violation is required to be corrected. If a class III violation is corrected within the time specified, no fine may be imposed, unless it is a repeated offense.

(d) Class "IV" violations are those conditions or occurrences related to the operation and maintenance of a building or to required reports, forms, or documents that do not have the potential of negatively affecting residents. These violations are of a type that the agency determines do not threaten the health, safety, or security of residents of the facility. A facility that does not correct a class IV violation within the time specified in the agency-approved corrective action plan is subject to an administrative fine of not less than \$100 ~~\$50~~ nor more than \$200 for each violation. Any class IV violation that is corrected during the time an agency survey is being conducted will be identified as an agency finding and not as a violation.

~~(2) The agency may set and levy a fine not to exceed \$1,000 for each violation which cannot be classified according to subsection (1). Such fines in the aggregate may not exceed \$10,000 per survey.~~

~~(2)(3)~~ In determining if a penalty is to be imposed and in fixing the amount of the fine, the agency shall consider the following factors:

(a) The gravity of the violation, including the probability that death or serious physical or emotional harm to a resident will result or has resulted, the severity of the action or potential harm, and the extent to which the provisions of the applicable laws or rules were violated.

(b) Actions taken by the owner or administrator to correct violations.

(c) Any previous violations.

(d) The financial benefit to the facility of committing or continuing the violation.

(e) The licensed capacity of the facility.

(3)(4) Each day of continuing violation after the date fixed for termination of the violation, as ordered by the agency, constitutes an additional, separate, and distinct violation.

(4)(5) Any action taken to correct a violation shall be documented in writing by the owner or administrator of the facility and verified through followup visits by agency personnel. The agency may impose a fine and, in the case of an owner-operated facility, revoke or deny a

facility's license when a facility administrator fraudulently misrepresents action taken to correct a violation.

~~(5)(6)~~ For fines that are upheld following administrative or judicial review, the violator shall pay the fine, plus interest at the rate as specified in s. 55.03, for each day beyond the date set by the agency for payment of the fine.

~~(6)(7)~~ Any unlicensed facility that continues to operate after agency notification is subject to a \$1,000 fine *per day*. ~~Each day beyond 5 working days after agency notification constitutes a separate violation, and the facility is subject to a fine of \$500 per day.~~

~~(7)(8)~~ Any licensed facility whose owner or administrator concurrently operates an unlicensed facility shall be subject to an administrative fine of \$5,000 *per day*. ~~Each day that the unlicensed facility continues to operate beyond 5 working days after agency notification constitutes a separate violation, and the licensed facility shall be subject to a fine of \$500 per day retroactive to the date of agency notification.~~

~~(8)(9)~~ Any facility whose owner fails to apply for a change-of-ownership license in accordance with s. 400.412 and operates the facility under the new ownership is subject to a fine of ~~not to exceed~~ \$5,000.

~~(9)(10)~~ In addition to any administrative fines imposed, the agency may assess a survey fee, equal to the lesser of one half of the facility's biennial license and bed fee or \$500, to cover the cost of conducting initial complaint investigations that result in the finding of a violation that was the subject of the complaint or monitoring visits conducted under s. 400.428(3)(c) to verify the correction of the violations.

~~(10)(11)~~ The agency, as an alternative to or in conjunction with an administrative action against a facility for violations of this part and adopted rules, shall make a reasonable attempt to discuss each violation and recommended corrective action with the owner or administrator of the facility, prior to written notification. The agency, instead of fixing a period within which the facility shall enter into compliance with standards, may request a plan of corrective action from the facility which demonstrates a good faith effort to remedy each violation by a specific date, subject to the approval of the agency.

~~(11)(12)~~ Administrative fines paid by any facility under this section shall be deposited into the Health Care Trust Fund and expended as provided in s. 400.418.

~~(12)(13)~~ The agency shall develop and disseminate an annual list of all facilities sanctioned or fined \$5,000 or more for violations of state standards, the number and class of violations involved, the penalties imposed, and the current status of cases. The list shall be disseminated, at no charge, to the Department of Elderly Affairs, the Department of Health, the Department of Children and Family Services, the area agencies on aging, the Florida Statewide Advocacy Council, and the state and local ombudsman councils. The Department of Children and Family Services shall disseminate the list to service providers under contract to the department who are responsible for referring persons to a facility for residency. The agency may charge a fee commensurate with the cost of printing and postage to other interested parties requesting a copy of this list.

Section 36. Section 400.423, Florida Statutes, is created to read:

400.423 Internal risk management and quality assurance program; adverse incidents and reporting requirements.—

(1) Every facility licensed under this part may, as part of its administrative functions, voluntarily establish a risk management and quality assurance program, the purpose of which is to assess resident care practices, facility incident reports, deficiencies cited by the agency, adverse incident reports, and resident grievances and develop plans of action to correct and respond quickly to identify quality differences.

(2) Every facility licensed under this part is required to maintain adverse incident reports. For purposes of this section, the term, "adverse incident" means:

(a) An event over which facility personnel could exercise control rather than as a result of the resident's condition and results in:

1. Death;
2. Brain or spinal damage;
3. Permanent disfigurement;
4. Fracture or dislocation of bones or joints;

5. Any condition that required medical attention to which the resident has not given his or her consent, including failure to honor advanced directives;

6. Any condition that requires the transfer of the resident from the facility to a unit providing more acute care due to the incident rather than the resident's condition before the incident.

- (b) Abuse, neglect, or exploitation as defined in s. 415.102;
- (c) Events reported to law enforcement; or
- (d) Elopement.

(3) Licensed facilities shall provide within 1 business day after the occurrence of an adverse incident, by electronic mail, facsimile, or United States mail, a preliminary report to the agency on all adverse incidents specified under this section. The report must include information regarding the identity of the affected resident, the type of adverse incident, and the status of the facility's investigation of the incident.

(4) Licensed facilities shall provide within 15 days, by electronic mail, facsimile, or United States mail, a full report to the agency on all adverse incidents specified in this section. The report must include the results of the facility's investigation into the adverse incident.

(5) Each facility shall report monthly to the agency any liability claim filed against it. The report must include the name of the resident, the dates of the incident leading to the claim, if applicable, and the type of injury or violation of rights alleged to have occurred. This report is not discoverable in any civil or administrative action, except in such actions brought by the agency to enforce the provisions of this part.

(6) The agency shall annually submit to the Legislature a report on assisted living facility adverse incident reports. The report must include the following information arranged by county:

- (a) A total number of adverse incidents;
- (b) A listing, by category, of the type of adverse incidents occurring within each category and the type of staff involved;
- (c) A listing, by category, of the types of injuries, if any, and the number of injuries occurring within each category;
- (d) Types of liability claims filed based on an adverse incident report or reportable injury; and
- (e) Disciplinary action taken against staff, categorized by the type of staff involved.

(7) The information reported to the agency pursuant to subsection (3) which relates to persons licensed under chapter 458, chapter 459, chapter 461, chapter 464, or chapter 465 shall be reviewed by the agency. The agency shall determine whether any of the incidents potentially involved conduct by a health care professional who is subject to disciplinary action, in which case the provisions of s. 456.073 apply. The agency may investigate, as it deems appropriate, any such incident and prescribe measures that must or may be taken in response to the incident. The agency shall review each incident and determine whether it potentially involved conduct by a health care professional who is subject to disciplinary action, in which case the provisions of s. 456.073 apply.

(8) If the agency, through its receipt of the adverse incident reports prescribed in this part or through any investigation, has reasonable belief that conduct by a staff member or employee of a licensed facility is grounds for disciplinary action by the appropriate board, the agency shall report this fact to such regulatory board.

(9) The adverse incident reports and preliminary adverse incident reports required under this section are confidential as provided by law and are not discoverable or admissible in any civil or administrative action, except in disciplinary proceedings by the agency or appropriate regulatory board.

(10) The Department of Elderly Affairs may adopt rules necessary to administer this section.

Section 37. Present subsections (7), (8), (9), (10), and (11) of section 400.426, Florida Statutes, are redesignated as subsections (8), (9), (10), (11), and (12), respectively, and a new subsection (7) is added to that section, to read:

400.426 Appropriateness of placements; examinations of residents.—

(7) The facility must notify a licensed physician when a resident exhibits signs of dementia or cognitive impairment or has a change of condition in order to rule out the presence of an underlying physiological condition that may be contributing to such dementia or impairment. The notification must occur within 30 days after the acknowledgement of such signs by facility staff. If an underlying condition is determined to exist, the facility shall arrange, with the appropriate health care provider, the necessary care and services to treat the condition.

Section 38. Paragraph (k) of subsection (1) of section 400.428, Florida Statutes, is amended to read:

400.428 Resident bill of rights.—

(1) No resident of a facility shall be deprived of any civil or legal rights, benefits, or privileges guaranteed by law, the Constitution of the State of Florida, or the Constitution of the United States as a resident of a facility. Every resident of a facility shall have the right to:

(k) At least 45 ~~30~~ days' notice of relocation or termination of residency from the facility unless, for medical reasons, the resident is certified by a physician to require an emergency relocation to a facility providing a more skilled level of care or the resident engages in a pattern of conduct that is harmful or offensive to other residents. In the case of a resident who has been adjudicated mentally incapacitated, the guardian shall be given at least 45 ~~30~~ days' notice of a nonemergency relocation or residency termination. Reasons for relocation shall be set forth in writing. In order for a facility to terminate the residency of an individual without notice as provided herein, the facility shall show good cause in a court of competent jurisdiction.

Section 39. Effective May 15, 2001, and applying to causes of action accruing on or after that date, section 400.429, Florida Statutes, is amended to read:

400.429 Civil actions to enforce rights.—

(1) Any person or resident whose rights as specified in this part are violated shall have a cause of action ~~against any facility owner, administrator, or staff responsible for the violation.~~ The action may be brought by the resident or his or her guardian, or by a person or organization acting on behalf of a resident with the consent of the resident or his or her guardian, or by the personal representative of the estate of a deceased resident ~~regardless of the cause of death when the cause of death resulted from a violation of the decedent's rights, to enforce such rights.~~ If the action alleges a claim for the resident's rights or for negligence that caused the death of the resident, the claimant shall be required to elect either survival damages pursuant to s. 46.021 or wrongful death damages pursuant to s. 768.21. If the action alleges a claim for the resident's rights or for negligence that did not cause the death of the resident, the personal representative of the estate may recover damages for the negligence that caused injury to the resident. The action may be brought in any court of competent jurisdiction to enforce such rights and to recover actual damages, and punitive damages for violation of the rights of a resident or negligence ~~when malicious, wanton, or willful disregard of the rights of others can be shown.~~ Any resident who prevails in seeking injunctive relief or a claim for an administrative remedy is entitled to recover the costs of the action and a

reasonable attorney's fee assessed against the defendant not to exceed \$25,000. Fees shall be awarded solely for the injunctive or administrative relief and not for any claim or action for damages whether such claim or action is brought together with a request for an injunction or administrative relief or as a separate action, except as provided under s. 768.79 or the Florida Rules of Civil Procedure. Sections 400.429-400.4303 provide the exclusive remedy for a cause of action for recovery of damages for the personal injury or death of a resident arising out of negligence or a violation of rights specified in s. 400.428. This section does not preclude theories of recovery not arising out of negligence or s. 400.428 which are available to a resident or to the agency. The provisions of chapter 766 do not apply to any cause of action brought under ss. 400.429-400.4303. Any plaintiff who prevails in any such action may be entitled to recover reasonable attorney's fees, costs of the action, and damages, unless the court finds that the plaintiff has acted in bad faith, with malicious purpose, and that there was a complete absence of a justiciable issue of either law or fact. A prevailing defendant may be entitled to recover reasonable attorney's fees pursuant to s. 57.105. The remedies provided in this section are in addition to and cumulative with other legal and administrative remedies available to a resident or to the agency.

(2) In any claim brought pursuant to this part alleging a violation of resident's rights or negligence causing injury to or the death of a resident, the claimant shall have the burden of proving, by a preponderance of the evidence, that:

- (a) The defendant owed a duty to the resident;
- (b) The defendant breached the duty to the resident;
- (c) The breach of the duty is a legal cause of loss, injury, death, or damage to the resident; and
- (d) The resident sustained loss, injury, death, or damage as a result of the breach.

Nothing in this part shall be interpreted to create strict liability. A violation of the rights set forth in s. 400.428 or in any other standard or guidelines specified in this part or in any applicable administrative standard or guidelines of this state or a federal regulatory agency shall be evidence of negligence but shall not be considered negligence per se.

(3) In any claim brought pursuant to s. 400.429, a licensee, person, or entity shall have a duty to exercise reasonable care. Reasonable care is that degree of care which a reasonably careful licensee, person, or entity would use under like circumstances.

(4) In any claim for resident's rights violation or negligence by a nurse licensed under part I of chapter 464, such nurse shall have the duty to exercise care consistent with the prevailing professional standard of care for a nurse. The prevailing professional standard of care for a nurse shall be that level of care, skill, and treatment which, in light of all relevant surrounding circumstances is recognized as acceptable and appropriate by reasonably prudent similar nurses. To recover attorney's fees under this section, the following conditions precedent must be met:

(a) Within 120 days after the filing of a responsive pleading or defensive motion to a complaint brought under this section and before trial, the parties or their designated representatives shall meet in mediation to discuss the issues of liability and damages in accordance with this paragraph for the purpose of an early resolution of the matter.

1. Within 60 days after the filing of the responsive pleading or defensive motion, the parties shall:

a. Agree on a mediator. If the parties cannot agree on a mediator, the defendant shall immediately notify the court, which shall appoint a mediator within 10 days after such notice.

b. Set a date for mediation.

c. Prepare an order for the court that identifies the mediator, the scheduled date of the mediation, and other terms of the mediation. Absent any disagreement between the parties, the court may issue the order for the mediation submitted by the parties without a hearing.

2. The mediation must be concluded within 120 days after the filing of a responsive pleading or defensive motion. The date may be extended only by agreement of all parties subject to mediation under this subsection.

3. The mediation shall be conducted in the following manner:

a. Each party shall ensure that all persons necessary for complete settlement authority are present at the mediation.

b. Each party shall mediate in good faith.

4. All aspects of the mediation which are not specifically established by this subsection must be conducted according to the rules of practice and procedure adopted by the Supreme Court of this state.

(b) If the parties do not settle the case pursuant to mediation, the last offer of the defendant made at mediation shall be recorded by the mediator in a written report that states the amount of the offer, the date the offer was made in writing, and the date the offer was rejected. If the matter subsequently proceeds to trial under this section and the plaintiff prevails but is awarded an amount in damages, exclusive of attorney's fees, which is equal to or less than the last offer made by the defendant at mediation, the plaintiff is not entitled to recover any attorney's fees.

(c) This subsection applies only to claims for liability and damages and does not apply to actions for injunctive relief.

(d) This subsection applies to all causes of action that accrue on or after October 1, 1999.

(5)(3) Discovery of financial information for the purpose of determining the value of punitive damages may not be had unless the plaintiff shows the court by proffer or evidence in the record that a reasonable basis exists to support a claim for punitive damages.

(6)(4) In addition to any other standards for punitive damages, any award of punitive damages must be reasonable in light of the actual harm suffered by the resident and the egregiousness of the conduct that caused the actual harm to the resident.

(7) The resident or the resident's legal representative shall serve a copy of any complaint alleging in whole or in part a violation of any rights specified in this part to the Agency for Health Care Administration at the time of filing the initial complaint with the clerk of the court for the county in which the action is pursued. The requirement of providing a copy of the complaint to the agency does not impair the resident's legal rights or ability to seek relief for his or her claim.

Section 40. Effective May 15, 2001, and applying to causes of action accruing on or after that date, section 400.4293, Florida Statutes, is created to read:

400.4293 Presuit notice; investigation; notification of violation of residents' rights or alleged negligence; claims evaluation procedure; informal discovery; review.—

(1) As used in this section, the term:

(a) "Claim for residents' rights violation or negligence" means a negligence claim alleging injury to or the death of a resident arising out of an asserted violation of the rights of a resident under s. 400.428 or an asserted deviation from the applicable standard of care.

(b) "Insurer" means any self-insurer authorized under s. 627.357, liability insurance carrier, joint underwriting association, or uninsured prospective defendant.

(2) Prior to filing a claim for a violation of a resident's rights or a claim for negligence, a claimant alleging injury to or the death of a resident shall notify each prospective defendant by certified mail, return receipt requested, of an asserted violation of a resident's rights provided in s. 400.428 or deviation from the standard of care. Such notification shall include an identification of the rights the prospective defendant has violated and the negligence alleged to have caused the incident or incidents and a brief description of the injuries sustained by the resident

which are reasonably identifiable at the time of notice. The notice shall contain a certificate of counsel that counsel's reasonable investigation gave rise to a good-faith belief that grounds exist for an action against each prospective defendant.

(3)(a) No suit may be filed for a period of 75 days after notice is mailed to any prospective defendant. During the 75-day period, the prospective defendants or their insurers shall conduct an evaluation of the claim to determine the liability of each defendant and to evaluate the damages of the claimants. Each defendant or insurer of the defendant shall have a procedure for the prompt evaluation of claims during the 75-day period. The procedure shall include one or more of the following:

1. Internal review by a duly qualified facility risk manager or claims adjuster;
2. Internal review by counsel for each prospective defendant;
3. A quality assurance committee authorized under any applicable state or federal statutes or regulations; or
4. Any other similar procedure that fairly and promptly evaluates the claims.

Each defendant or insurer of the defendant shall evaluate the claim in good faith.

(b) At or before the end of the 75 days, the defendant or insurer of the defendant shall provide the claimant with a written response:

1. Rejecting the claim; or
2. Making a settlement offer.

(c) The response shall be delivered to the claimant if not represented by counsel or to the claimant's attorney, by certified mail, return receipt requested. Failure of the prospective defendant or insurer of the defendant to reply to the notice within 75 days after receipt shall be deemed a rejection of the claim for purposes of this section.

(4) The notification of a violation of a resident's rights or alleged negligence shall be served within the applicable statute of limitations period; however, during the 75-day period, the statute of limitations is tolled as to all prospective defendants. Upon stipulation by the parties, the 75-day period may be extended and the statute of limitations is tolled during any such extension. Upon receiving written notice by certified mail, return receipt requested, of termination of negotiations in an extended period, the claimant shall have 60 days or the remainder of the period of the statute of limitations, whichever is greater, within which to file suit.

(5) No statement, discussion, written document, report, or other work product generated by presuit claims evaluation procedures under this section is discoverable or admissible in any civil action for any purpose by the opposing party. All participants, including, but not limited to, physicians, investigators, witnesses, and employees or associates of the defendant, are immune from civil liability arising from participation in the presuit claims evaluation procedure. Any licensed physician or registered nurse may be retained by either party to provide an opinion regarding the reasonable basis of the claim. The presuit opinions of the expert are not discoverable or admissible in any civil action for any purpose by the opposing party.

(6) Upon receipt by a prospective defendant of a notice of claim, the parties shall make discoverable information available without formal discovery as provided in subsection (7).

(7) Informal discovery may be used by a party to obtain unsworn statements and the production of documents or things, as follows:

(a) Unsworn statements.—Any party may require other parties to appear for the taking of an unsworn statement. Such statements may be used only for the purpose of claims evaluation and are not discoverable or admissible in any civil action for any purpose by any party. A party seeking to take the unsworn statement of any party must give reasonable notice in writing to all parties. The notice must state the time and place for taking the statement and the name and address of the party to be

examined. Unless otherwise impractical, the examination of any party must be done at the same time by all other parties. Any party may be represented by counsel at the taking of an unsworn statement. An unsworn statement may be recorded electronically, stenographically, or on videotape. The taking of unsworn statements is subject to the provisions of the Florida Rules of Civil Procedure and may be terminated for abuses.

(b) Documents or things.—Any party may request discovery of relevant documents or things. The documents or things must be produced, at the expense of the requesting party, within 20 days after the date of receipt of the request. A party is required to produce relevant and discoverable documents or things within that party's possession or control, if in good faith it can reasonably be done within the timeframe of the claims evaluation process.

(8) Each request for and notice concerning informal discovery pursuant to this section must be in writing, and a copy thereof must be sent to all parties. Such a request or notice must bear a certificate of service identifying the name and address of the person to whom the request or notice is served, the date of the request or notice, and the manner of service thereof.

(9) If a prospective defendant makes a written settlement offer, the claimant shall have 15 days from the date of receipt to accept the offer. An offer shall be deemed rejected unless accepted by delivery of a written notice of acceptance.

(10) To the extent not inconsistent with this part, the provisions of the Florida Mediation Code, Florida Rules of Civil Procedure, shall be applicable to such proceedings.

(11) Within 30 days after the claimant's receipt of defendant's response to the claim, the parties or their designated representatives shall meet in mediation to discuss the issues of liability and damages in accordance with the mediation rules of practice and procedures adopted by the Supreme Court. Upon stipulation of the parties, this 30-day period may be extended and the statute of limitations is tolled during the mediation and any such extension. At the conclusion of mediation the claimant shall have 60 days or the remainder of the period of the statute of limitations, whichever is greater, within which to file suit.

Section 41. Effective May 15, 2001, and applying to causes of action accruing on or after that date, section 400.4294, Florida Statutes, is created to read:

400.4294 Availability of facility records for investigation of resident's rights violations and defenses; penalty.—

(1) Failure to provide complete copies of a resident's records, including, but not limited to, all medical records and the resident's chart, within the control or possession of the facility within 10 days, in accordance with the provisions of s. 400.145, shall constitute evidence of failure of that party to comply with good-faith discovery requirements and shall waive the good-faith certificate and presuit notice requirements under this part by the requesting party.

(2) No facility shall be held liable for any civil damages as a result of complying with this section.

Section 42. Effective May 15, 2001, and applying to causes of action accruing on or after that date, section 400.4295, Florida Statutes, is created to read:

400.4295 Certain provisions not applicable to actions under this part.—An action under this part for a violation of rights or negligence recognized herein is not a claim for medical malpractice, and the provisions of s. 768.21(8) do not apply to a claim alleging death of the resident.

Section 43. Effective May 15, 2001, section 400.4296, Florida Statutes, is created to read:

400.4296 Statute of limitations.—

(1) Any action for damages brought under this part shall be commenced within 2 years from the time the incident giving rise to the

action occurred or within 2 years from the time the incident is discovered, or should have been discovered with the exercise of due diligence; however, in no event shall the action be commenced later than 4 years from the date of the incident or occurrence out of which the cause of action accrued.

(2) In those actions covered by this subsection in which it can be shown that fraudulent concealment or intentional misrepresentation of fact prevented the discovery of the injury, the period of limitations is extended forward 2 years from the time that the injury is discovered with the exercise of due diligence, but in no event not more than 6 years from the date the incident giving rise to the injury occurred.

(3) This section shall apply to causes of action that have accrued prior to the effective date of this section; however, any such cause of action that would not have been barred under prior law may be brought within the time allowed by prior law or within 2 years after the effective date of this section, whichever is earlier, and will be barred thereafter. In actions where it can be shown that fraudulent concealment or intentional misrepresentation of fact prevented the discovery of the injury, the period of limitations is extended forward 2 years from the time that the injury is discovered with the exercise of due diligence, but in no event more than 4 years from the effective date of this section.

Section 44. Section 400.4297, Florida Statutes, is created to read:

400.4297 *Punitive damages; pleading; burden of proof.*—

(1) In any action for damages brought under this part, no claim for punitive damages shall be permitted unless there is a reasonable showing by evidence in the record or proffered by the claimant which would provide a reasonable basis for recovery of such damages. The claimant may move to amend her or his complaint to assert a claim for punitive damages as allowed by the rules of civil procedure. The rules of civil procedure shall be liberally construed so as to allow the claimant discovery of evidence which appears reasonably calculated to lead to admissible evidence on the issue of punitive damages. No discovery of financial worth shall proceed until after the pleading concerning punitive damages is permitted.

(2) A defendant may be held liable for punitive damages only if the trier of fact, based on clear and convincing evidence, finds that the defendant was personally guilty of intentional misconduct or gross negligence. As used in this section, the term:

(a) “Intentional misconduct” means that the defendant had actual knowledge of the wrongfulness of the conduct and the high probability that injury or damage to the claimant would result and, despite that knowledge, intentionally pursued that course of conduct, resulting in injury or damage.

(b) “Gross negligence” means that the defendant’s conduct was so reckless or wanting in care that it constituted a conscious disregard or indifference to the life, safety, or rights of persons exposed to such conduct.

(3) In the case of an employer, principal, corporation, or other legal entity, punitive damages may be imposed for the conduct of an employee or agent only if the conduct of the employee or agent meets the criteria specified in subsection (2) and:

(a) The employer, principal, corporation, or other legal entity actively and knowingly participated in such conduct;

(b) The officers, directors, or managers of the employer, principal, corporation, or other legal entity condoned, ratified, or consented to such conduct; or

(c) The employer, principal, corporation, or other legal entity engaged in conduct that constituted gross negligence and that contributed to the loss, damages, or injury suffered by the claimant.

(4) The plaintiff must establish at trial, by clear and convincing evidence, its entitlement to an award of punitive damages. The “greater weight of the evidence” burden of proof applies to a determination of the amount of damages.

(5) This section is remedial in nature and shall take effect upon becoming a law.

Section 45. Section 400.4298, Florida Statutes, is created to read:

400.4298 *Punitive damages; limitation.*—

(1)(a) Except as provided in paragraphs (b) and (c), an award of punitive damages may not exceed the greater of:

1. Three times the amount of compensatory damages awarded to each claimant entitled thereto, consistent with the remaining provisions of this section; or

2. The sum of \$1 million.

(b) Where the fact finder determines that the wrongful conduct proven under this section was motivated primarily by unreasonable financial gain and determines that the unreasonably dangerous nature of the conduct, together with the high likelihood of injury resulting from the conduct, was actually known by the managing agent, director, officer, or other person responsible for making policy decisions on behalf of the defendant, it may award an amount of punitive damages not to exceed the greater of:

1. Four times the amount of compensatory damages awarded to each claimant entitled thereto, consistent with the remaining provisions of this section; or

2. The sum of \$4 million.

(c) Where the fact finder determines that at the time of injury the defendant had a specific intent to harm the claimant and determines that the defendant’s conduct did in fact harm the claimant, there shall be no cap on punitive damages.

(d) This subsection is not intended to prohibit an appropriate court from exercising its jurisdiction under s. 768.74 in determining the reasonableness of an award of punitive damages that is less than three times the amount of compensatory damages.

(e) In any case in which the findings of fact support an award of punitive damages pursuant to paragraph (b) or paragraph (c), the clerk of the court shall refer the case to the appropriate law enforcement agencies, to the state attorney in the circuit where the long-term care facility that is the subject of the underlying civil cause of action is located, and, for multijurisdictional facility owners, to the Office of the Statewide Prosecutor; and such agencies, state attorney, or Office of the Statewide Prosecutor shall initiate a criminal investigation into the conduct giving rise to the award of punitive damages. All findings by the trier of fact which support an award of punitive damages under this paragraph shall be admissible as evidence in any subsequent civil or criminal proceeding relating to the acts giving rise to the award of punitive damages under this paragraph.

(2) The claimant’s attorney’s fees, if payable from the judgment, are, to the extent that the fees are based on the punitive damages, calculated based on the final judgment for punitive damages. This subsection does not limit the payment of attorney’s fees based upon an award of damages other than punitive damages.

(3) The jury may neither be instructed nor informed as to the provisions of this section.

(4) Notwithstanding any other law to the contrary, the amount of punitive damages awarded pursuant to this section shall be equally divided between the claimant and the Quality of Long-Term Care Facility Improvement Trust Fund, in accordance with the following provisions:

(a) The clerk of the court shall transmit a copy of the jury verdict to the State Treasurer by certified mail. In the final judgment the court shall order the percentages of the award, payable as provided herein.

(b) A settlement agreement entered into between the original parties to the action after a verdict has been returned must provide a proportionate share payable to the Quality of Long-Term Care Facility

Improvement Trust Fund specified herein. For purposes of this paragraph, a proportionate share is a 50-percent share of that percentage of the settlement amount which the punitive damages portion of the verdict bore to the total of the compensatory and punitive damages in the verdict.

(c) The Department of Banking and Finance shall collect or cause to be collected all payments due the state under this section. Such payments are made to the Comptroller and deposited in the appropriate fund specified in this subsection.

(d) If the full amount of punitive damages awarded cannot be collected, the claimant and the other recipient designated pursuant to this subsection are each entitled to a proportionate share of the punitive damages collected.

(5) This section is remedial in nature and shall take effect upon becoming a law.

Section 46. Section 400.434, Florida Statutes, is amended to read:

400.434 Right of entry and inspection.—Any duly designated officer or employee of the department, the Department of Children and Family Services, the agency, the state or local fire marshal, or a member of the state or local long-term care ombudsman council shall have the right to enter unannounced upon and into the premises of any facility licensed pursuant to this part in order to determine the state of compliance with the provisions of this part and of rules or standards in force pursuant thereto. The right of entry and inspection shall also extend to any premises which the agency has reason to believe is being operated or maintained as a facility without a license; but no such entry or inspection of any premises may be made without the permission of the owner or person in charge thereof, unless a warrant is first obtained from the circuit court authorizing such entry. The warrant requirement shall extend only to a facility which the agency has reason to believe is being operated or maintained as a facility without a license. Any application for a license or renewal thereof made pursuant to this part shall constitute permission for, and complete acquiescence in, any entry or inspection of the premises for which the license is sought, in order to facilitate verification of the information submitted on or in connection with the application; to discover, investigate, and determine the existence of abuse or neglect; or to elicit, receive, respond to, and resolve complaints. Any current valid license shall constitute unconditional permission for, and complete acquiescence in, any entry or inspection of the premises by authorized personnel. The agency shall retain the right of entry and inspection of facilities that have had a license revoked or suspended within the previous 24 months, to ensure that the facility is not operating unlawfully. However, before entering the facility, a statement of probable cause must be filed with the director of the agency, who must approve or disapprove the action within 48 hours. Probable cause shall include, but is not limited to, evidence that the facility holds itself out to the public as a provider of personal care services or the receipt of a complaint by the long-term care ombudsman council about the facility. *Data collected by the state or local long-term care ombudsman councils or the state or local advocacy councils may be used by the agency in investigations involving violations of regulatory standards.*

Section 47. Paragraph (h) of subsection (1) and subsection (4) of section 400.441, Florida Statutes, are amended to read:

400.441 Rules establishing standards.—

(1) It is the intent of the Legislature that rules published and enforced pursuant to this section shall include criteria by which a reasonable and consistent quality of resident care and quality of life may be ensured and the results of such resident care may be demonstrated. Such rules shall also ensure a safe and sanitary environment that is residential and noninstitutional in design or nature. It is further intended that reasonable efforts be made to accommodate the needs and preferences of residents to enhance the quality of life in a facility. In order to provide safe and sanitary facilities and the highest quality of resident care accommodating the needs and preferences of residents, the department, in consultation with the agency, the Department of

Children and Family Services, and the Department of Health, shall adopt rules, policies, and procedures to administer this part, which must include reasonable and fair minimum standards in relation to:

(h) The care and maintenance of residents, which must include, but is not limited to:

1. The supervision of residents;
2. The provision of personal services;
3. The provision of, or arrangement for, social and leisure activities;
4. The arrangement for appointments and transportation to appropriate medical, dental, nursing, or mental health services, as needed by residents;
5. The management of medication;
6. The nutritional needs of residents; ~~and~~
7. Resident records; ~~and~~
8. *Internal risk management and quality assurance.*

(4) The agency may use an abbreviated biennial *standard licensure inspection that which* consists of a review of key quality-of-care standards in lieu of a full inspection in facilities which have a good record of past performance. However, a full inspection shall be conducted in facilities which have had a history of class I or class II violations, uncorrected class III violations, confirmed ombudsman council complaints, or confirmed licensure complaints, within the previous licensure period immediately preceding the inspection or when a potentially serious problem is identified during the abbreviated inspection. The agency, in consultation with the department, shall develop the key quality-of-care standards with input from the State Long-Term Care Ombudsman Council and representatives of provider groups for incorporation into its rules. ~~Beginning on or before March 1, 1991,~~ The department, in consultation with the agency, shall report annually to the Legislature concerning its implementation of this subsection. The report shall include, at a minimum, the key quality-of-care standards which have been developed; the number of facilities identified as being eligible for the abbreviated inspection; the number of facilities which have received the abbreviated inspection and, of those, the number that were converted to full inspection; the number and type of subsequent complaints received by the agency or department on facilities which have had abbreviated inspections; any recommendations for modification to this subsection; any plans by the agency to modify its implementation of this subsection; and any other information which the department believes should be reported.

Section 48. Section 400.449, Florida Statutes, is created to read:

400.449 *Resident records; penalties for alteration.—*

(1) *Any person who fraudulently alters, defaces, or falsifies any medical or other record of an assisted living facility, or causes or procures any such offense to be committed, commits a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.*

(2) *A conviction under subsection (1) is also grounds for restriction, suspension, or termination of license privileges.*

Section 49. Paragraph (b) of subsection (2) of section 409.908, Florida Statutes, is amended and subsection (22) is added to that section, to read:

409.908 Reimbursement of Medicaid providers.—Subject to specific appropriations, the agency shall reimburse Medicaid providers, in accordance with state and federal law, according to methodologies set forth in the rules of the agency and in policy manuals and handbooks incorporated by reference therein. These methodologies may include fee schedules, reimbursement methods based on cost reporting, negotiated fees, competitive bidding pursuant to s. 287.057, and other mechanisms the agency considers efficient and effective for purchasing services or goods on behalf of recipients. Payment for Medicaid compensable services made on behalf of Medicaid eligible persons is subject to the

availability of moneys and any limitations or directions provided for in the General Appropriations Act or chapter 216. Further, nothing in this section shall be construed to prevent or limit the agency from adjusting fees, reimbursement rates, lengths of stay, number of visits, or number of services, or making any other adjustments necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act, provided the adjustment is consistent with legislative intent.

(2)

(b) Subject to any limitations or directions provided for in the General Appropriations Act, the agency shall establish and implement a Florida Title XIX Long-Term Care Reimbursement Plan (Medicaid) for nursing home care in order to provide care and services in conformance with the applicable state and federal laws, rules, regulations, and quality and safety standards and to ensure that individuals eligible for medical assistance have reasonable geographic access to such care.

1. *Changes of ownership or of licensed operator do not qualify for increases in reimbursement rates associated with the change of ownership or of licensed operator. The agency shall amend the Title XIX Long Term Care Reimbursement Plan to provide that the initial nursing home reimbursement rates, for the operating, patient care, and MAR components, associated with related and unrelated party changes of ownership or licensed operator filed on or after September 1, 2001, are equivalent to the previous owner's reimbursement rate.*

2. *The agency shall amend the long-term care reimbursement plan and cost reporting system to create direct care and indirect care subcomponents of the patient care component of the per diem rate. These two subcomponents together shall equal the patient care component of the per diem rate. Separate cost-based ceilings shall be calculated for each patient care subcomponent. The direct care subcomponent of the per diem rate shall be limited by the cost-based class ceiling and the indirect care subcomponent shall be limited by the lower of the cost-based class ceiling, by the target rate class ceiling or by the individual provider target. The agency shall adjust the patient care component effective January 1, 2002. The cost to adjust the direct care subcomponent shall be net of the total funds previously allocated for the case mix add-on. The agency shall make the required changes to the nursing home cost reporting forms to implement this requirement effective January 1, 2002.*

3. *The direct care subcomponent shall include salaries and benefits of direct care staff providing nursing services including registered nurses, licensed practical nurses, and certified nursing assistants who deliver care directly to residents in the nursing home facility. This excludes nursing administration, MDS, and care plan coordinators, staff development, and staffing coordinator.*

4. *All other patient care costs shall be included in the indirect care cost subcomponent of the patient care per diem rate. There shall be no costs directly or indirectly allocated to the direct care subcomponent from a home office or management company.*

5. *On July 1 of each year, the agency shall report to the Legislature direct and indirect care costs, including average direct and indirect care costs per resident per facility and direct care and indirect care salaries and benefits per category of staff member per facility.*

6. Under the plan, interim rate adjustments shall not be granted to reflect increases in the cost of general or professional liability insurance for nursing homes unless the following criteria are met: have at least a 65 percent Medicaid utilization in the most recent cost report submitted to the agency, and the increase in general or professional liability costs to the facility for the most recent policy period affects the total Medicaid per diem by at least 5 percent. This rate adjustment shall not result in the per diem exceeding the class ceiling. This provision shall apply only to fiscal year 2000-2001 and shall be implemented to the extent existing appropriations are available. ~~The agency shall report to the Governor, the Speaker of the House of Representatives, and the President of the Senate by December 31, 2000, on the cost of liability insurance for Florida nursing homes for fiscal years 1999 and 2000 and the extent to which these costs are not being compensated by the Medicaid program.~~

~~Medicaid-participating nursing homes shall be required to report to the agency information necessary to compile this report. Effective no earlier than the rate setting period beginning April 1, 1999, the agency shall establish a case mix reimbursement methodology for the rate of payment for long term care services for nursing home residents. The agency shall compute a per diem rate for Medicaid residents, adjusted for case mix, which is based on a resident classification system that accounts for the relative resource utilization by different types of residents and which is based on level of care data and other appropriate data. The case mix methodology developed by the agency shall take into account the medical, behavioral, and cognitive deficits of residents. In developing the reimbursement methodology, the agency shall evaluate and modify other aspects of the reimbursement plan as necessary to improve the overall effectiveness of the plan with respect to the costs of patient care, operating costs, and property costs. In the event adequate data are not available, the agency is authorized to adjust the patient's care component or the per diem rate to more adequately cover the cost of services provided in the patient's care component. The agency shall work with the Department of Elderly Affairs, the Florida Health Care Association, and the Florida Association of Homes for the Aging in developing the methodology.~~

It is the intent of the Legislature that the reimbursement plan achieve the goal of providing access to health care for nursing home residents who require large amounts of care while encouraging diversion services as an alternative to nursing home care for residents who can be served within the community. The agency shall base the establishment of any maximum rate of payment, whether overall or component, on the available moneys as provided for in the General Appropriations Act. The agency may base the maximum rate of payment on the results of scientifically valid analysis and conclusions derived from objective statistical data pertinent to the particular maximum rate of payment.

(22) *The agency shall request and implement Medicaid waivers from the federal Health Care Financing Administration to advance and treat a portion of the Medicaid nursing home per diem as capital for creating and operating a risk-retention group for self-insurance purposes, consistent with federal and state laws and rules.*

Section 50. Section 464.203, Florida Statutes, is amended to read:

(b) Has achieved a minimum score, established by rule of the board, on the nursing assistant competency examination, which consists of a written portion and skills-demonstration portion, approved by the board and administered at a site and by personnel approved by the department and:

(2) If an applicant fails to pass the nursing assistant competency examination in three attempts, the applicant is not eligible for reexamination unless the applicant completes an approved training program.

(3) An oral examination shall be administered as a substitute for the written portion of the examination upon request. The oral examination shall be administered at a site and by personnel approved by the department.

(4) The board shall adopt rules to provide for the initial certification of certified nursing assistants.

(5) *Certification as a nursing assistant, in accordance with this part, continues in effect until such time as the nursing assistant allows a period of 24 consecutive months to pass during which period the nursing assistant fails to perform any nursing-related services for monetary compensation. When a nursing assistant fails to perform any nursing-related services for monetary compensation for a period of 24 consecutive months, the nursing assistant must complete a new training and competency evaluation program or a new competency evaluation program.*

(6)(5) A certified nursing assistant shall maintain a current address with the board in accordance with s. 456.035.

(7) *A certified nursing assistant shall complete 18 hours of inservice training during each calendar year. The certified nursing assistant shall be responsible for maintaining documentation demonstrating compliance with these provisions. Section 51. Subsection (2) of section 397.405, Florida Statutes, is amended to read:

397.405 Exemptions from licensure.—The following are exempt from the licensing provisions of this chapter:

(2) A nursing home facility as defined in s. 400.021 s. ~~400.021(12)~~.

The exemptions from licensure in this section do not apply to any facility or entity which receives an appropriation, grant, or contract from the state to operate as a service provider as defined in this chapter or to any substance abuse program regulated pursuant to s. 397.406. No provision of this chapter shall be construed to limit the practice of a physician licensed under chapter 458 or chapter 459, a psychologist licensed under chapter 490, or a psychotherapist licensed under chapter 491, providing outpatient or inpatient substance abuse treatment to a voluntary patient, so long as the physician, psychologist, or psychotherapist does not represent to the public that he or she is a licensed service provider under this act. Failure to comply with any requirement necessary to maintain an exempt status under this section is a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

Section 52. *Notwithstanding the establishment of need as provided for in chapter 408, Florida Statutes, no certificate of need for additional community nursing home beds shall be approved by the agency until July 1, 2006. The Legislature finds that the continued growth in the Medicaid budget for nursing home care has constrained the ability of the state to meet the needs of its elderly residents through the use of less restrictive and less institutional methods of long-term care. It is therefore the intent of the Legislature to limit the increase in Medicaid nursing home expenditures in order to provide funds to invest in long-term care that is community-based and provides supportive services in a manner that is both more cost-effective and more in keeping with the wishes of the elderly residents of this state. This moratorium on certificates of need shall not apply to sheltered nursing home beds in a continuing care retirement community certified by the Department of Insurance pursuant to chapter 651, Florida Statutes.*

Section 53. Subsections (3) and (8) of section 400.0255, Florida Statutes, as amended by section 138 of chapter 2000-349, section 3 of chapter 2000-350, and section 58 of chapter 2000-367, Laws of Florida, are reenacted to read:

The notice or the order must be signed by the resident's physician, medical director, treating physician, nurse practitioner, or physician assistant.

(8) The notice required by subsection (7) must be in writing and must contain all information required by state and federal law, rules, or regulations applicable to Medicaid or Medicare cases. The agency shall develop a standard document to be used by all facilities licensed under this part for purposes of notifying residents of a discharge or transfer. Such document must include a means for a resident to request the local long-term care ombudsman council to review the notice and request information about or assistance with initiating a fair hearing with the department's Office of Appeals Hearings. In addition to any other pertinent information included, the form shall specify the reason allowed under federal or state law that the resident is being discharged or transferred, with an explanation to support this action. Further, the form shall state the effective date of the discharge or transfer and the location to which the resident is being discharged or transferred. The form shall clearly describe the resident's appeal rights and the procedures for filing an appeal, including the right to request the local ombudsman council to review the notice of discharge or transfer. A copy of the notice must be placed in the resident's clinical record, and a copy must be transmitted to the resident's legal guardian or representative and to the local ombudsman council within 5 business days after signature by the resident or resident designee.

A facility may be exempt from these standards for specific persons between 18 and 21 years of age, if the person's physician agrees that minimum standards of care based on age are not necessary.

Explanation of Vote

I voted in opposition of CS/CS/CS/SB 1202 because of the limits on punitive damages and the exemption from vicarious liability for nursing home facilities and assisted living facilities found in sections 8-12 and 43-44. The cap on punitive damages shields nursing homes and assisted living facilities from full accountability for their worst conduct. The exemption from vicarious liability prevents the resident and their family from holding the facilities accountable for the wrongful acts of its employees. These provisions are unfair and provide no guarantee that they could lead to availability of reasonably priced liability insurance for long-term care facilities.

There are other provisions in this bill that I support. Those provisions include an eventual increase in the minimum staffing requirements for direct care staff, the strengthening of AHCA's regulatory authority by increasing the number of nursing home inspections, an increase in the fines for violation of AHCA's requirements, and licensure requirements for the nursing homes and assisted living facilities. However the delay of the effective date of the staffing requirements weakened this bill considerably.

I sponsored Amendment #953807, which was offered but not considered. That amendment would have provided much stronger and quicker protections for nursing home patients as well as reasonable litigation reform.

Messages from the Senate

The Honorable Tom Feeney, Speaker

I am directed to inform the House of Representatives that the Senate has passed CS/HB 367, with amendment, and requests the concurrence of the House.

Faye W. Blanton, Secretary

CS/HB 367—A bill to be entitled An act relating to judicial nominating commissions; creating s. 43.291, F.S.; specifying membership composition and requirements of judicial nominating commissions; providing limitations; providing for terms; abolishing prior offices; providing for suspension or removal; requiring racial, ethnic, gender, and geographical diversity of commission memberships; amending s. 112.3145, F.S.; specifying members of certain judicial nominating commissions as state officers; providing severability; repealing s. 43.29, F.S., relating to judicial nominating commissions; providing an effective date.

Senate Amendment 1 (with title amendment)—Delete everything after the enacting clause

and insert:

Section 1. Section 43.291, Florida Statutes, is created to read:

43.291 Judicial nominating commissions.—

(1) Each judicial nominating commission shall be composed of the following members:

(a) Four members of The Florida Bar, appointed by the Governor, who are engaged in the practice of law, each of whom is a resident of the territorial jurisdiction served by the commission to which the member is appointed. The Board of Governors of The Florida Bar shall submit to the Governor three recommended nominees for each position. The Governor shall select the appointee from the list of nominees recommended for that position, but the Governor may reject all of the nominees recommended for a position and request that the Board of Governors submit a new list of three different recommended nominees for that position who have not been previously recommended by the Board of Governors.

(b) Five members appointed by the Governor, each of whom is a resident of the territorial jurisdiction served by the commission to which the member is appointed, of which at least two are members of The Florida Bar engaged in the practice of law.

(2) A justice or judge may not be a member of a judicial nominating commission. A member of a judicial nominating commission may hold public office other than judicial office. A member of a judicial nominating commission is not eligible for appointment, during his or her term of office and for a period of 2 years thereafter, to any state judicial office for which that commission has the authority to make nominations. All acts of a judicial nominating commission must be made with a concurrence of a majority of its members.

(3) Notwithstanding any other provision of this section, each current member of a judicial nominating commission appointed directly by the Board of Governors of The Florida Bar shall serve the remainder of his or her term, unless removed for cause. The terms of all other members of a judicial nominating commission are hereby terminated, and the Governor shall appoint new members to each judicial nominating commission in the following manner:

(a) Two appointments for terms ending July 1, 2002, one of which shall be an appointment selected from nominations submitted by the Board of Governors of The Florida Bar pursuant to paragraph (1)(a);

(b) Two appointments for terms ending July 1, 2003; and

(c) Two appointments for terms ending July 1, 2004.

Every subsequent appointment, except an appointment to fill a vacant, unexpired term, shall be for 4 years. Each expired term or vacancy shall be filled by appointment in the same manner as the member whose position is being filled.

(4) In making an appointment, the Governor shall seek to ensure that, to the extent possible, the membership of the commission reflects the racial, ethnic, and gender diversity, as well as the geographic distribution, of the population within the territorial jurisdiction of the court for which nominations will be considered. The Governor shall also consider the adequacy of representation of each county within the judicial circuit.

(5) A member of a judicial nominating commission may be suspended for cause by the Governor pursuant to uniform rules of procedure established by the Executive Office of the Governor consistent with s. 7 of Art. IV of the State Constitution.

(6) A quorum of the judicial nominating commission is necessary to take any action or transact any business. For purposes of this section, a quorum consists of a majority of commission members currently appointed.

(7) The Executive Office of the Governor shall provide all administrative support for each judicial nominating commission. The Executive Office of the Governor shall adopt rules necessary to administer this section.

Section 2. Paragraph (c) of subsection (1) of section 112.3145, Florida Statutes, is amended to read:

112.3145 Disclosure of financial interests and clients represented before agencies.—

(1) For purposes of this section, unless the context otherwise requires, the term:

(c) “State officer” means:

1. Any elected public officer, excluding those elected to the United States Senate and House of Representatives, not covered elsewhere in this part and any person who is appointed to fill a vacancy for an unexpired term in such an elective office.

2. An appointed member of each board, commission, authority, or council having statewide jurisdiction, excluding a member of an advisory body.

3. A member of the Board of Regents, the Chancellor and Vice Chancellors of the State University System, and the president of a state university.

4. A member of the judicial nominating commission for any district court of appeal or any judicial circuit.

Section 3. Section 43.29, Florida Statutes, is repealed.

Section 4. This act shall take effect upon becoming a law.

And the title is amended as follows:

Delete everything before the enacting clause

and insert: A bill to be entitled An act relating to judicial nominating commissions; creating s. 43.291, F.S.; revising the membership of and the procedures governing the appointment of members to each judicial nominating commission; prohibiting justices and judges from serving; restricting the appointment of members and former members to judicial offices; providing for terms; requiring the Governor to seek to ensure racial, ethnic, and gender diversity of the membership; requiring consideration of county representation on circuit judicial nominating commissions; providing for suspension of members for cause; prescribing quorum requirements; requiring the Executive Office of the Governor to provide administrative support and to adopt rules; amending s. 112.3145, F.S.; providing that members of judicial nominating commissions are state officers for purposes of financial disclosure requirements; repealing s. 43.29, F.S., relating to judicial nominating commissions; providing an effective date.

Explanation of Vote

Even with the changes, I still fear that this legislation will blur the lines that separate the judicial branch of government with the executive branch of government. I may be proven wrong, however the risk of unintended consequences far out weigh the potential for good reforms. The current system has worked fine for both Republicans and Democrats. In the spirit of political theorist Baron de Montesquieu, who said “there is no liberty if the power of judging be not separated from the legislative and executive powers,” I cast a no vote on CS/HB 367.

Explanation of Vote

I have voted for the sales tax holiday in past years. However, I voted against house bill 251 this year for several reasons. Florida has an almost billion dollar deficit in the state Medicaid budget which is used to pay for health care for low-income seniors, the disabled, low-income pregnant women, and children. The state budget has a projected increase next year of 54,000 students in Florida's public schools. At the same time, Florida is facing a slowing down of sales tax revenues and substantial decrease in intangible tax revenues. Although some Floridians enjoy the six percent discount they get on certain clothing and school supply items, the average savings for a family is \$11. This is not enough to justify a potential loss of \$25.7 million to the state (and a \$2.8 million loss to local governments) at a time of serious budget demands.

*Rep. Lois J. Frankel
District 85*

The Honorable Tom Feeney, Speaker

I am directed to inform the House of Representatives that the Senate has passed HB 21, with amendments, and requests the concurrence of the House.

Faye W. Blanton, Secretary

HB 21—A bill to be entitled An act relating to intangible personal property taxes; amending s. 199.032, F.S.; reducing the rate of the annual tax; amending s. 199.033, F.S.; reducing the rates of the tax on securities in a Florida's Future Investment Fund, to conform; amending s. 199.185, F.S.; increasing exemptions for taxpayers who are natural persons; creating exemptions for taxpayers who are not natural persons; providing an effective date.

Senate Amendment 3 (with title amendment)—Delete everything after the enacting clause

and insert:

Section 1. Subsection (6) is added to section 236.25, Florida Statutes, to read:

236.25 District school tax.—

(6) *In addition to the maximum millage levied under this section and the General Appropriations Act, a school district may levy, by local referendum or in a general election, additional millage for school operational purposes up to an amount that, when combined with nonvoted millage levied under this section, does not exceed the 10-mill limit established in s. 9(b), Art. VII of the State Constitution. Any such levy shall be for a maximum of 4 years and shall be counted as part of the 10-mill limit established in s. 9(b), Art. VII of the State Constitution. Millage elections conducted under the authority granted pursuant to this section are subject to ss. 236.31 and 236.32. Funds generated by such additional millage do not become a part of the calculation of the Florida Education Finance Program total potential funds in 2001-2002 or any subsequent year and must not be incorporated in the calculation of any hold-harmless or other component of the Florida Education Finance Program formula in any year. If an increase in required local effort, when*

added to existing millage levied under the 10-mill limit, would result in a combined millage in excess of the 10-mill limit, any millage levied pursuant to this subsection shall be considered to be required local effort to the extent that the district millage would otherwise exceed the 10-mill limit.

Section 2. Section 236.31, Florida Statutes, is amended to read:

236.31 District millage elections.—

(1) *The school board, pursuant to resolution adopted at a regular meeting, shall direct the county commissioners to call an election at which the electors within the school districts may approve an ad valorem tax millage as authorized in s. 9, Art. VII of the State Constitution. Such election may be held at any time, except that not more than one such election shall be held during any 12-month period. Any millage so authorized shall be levied for a period not in excess of 2 years or until changed by another millage election, whichever is the earlier. In the event any such election is invalidated by a court of competent jurisdiction, such invalidated election shall be considered not to have been held.*

(2) *The school board, pursuant to resolution adopted at a regular meeting, shall direct the county commissioners to call an election at which the electors within the school district may approve an ad valorem tax millage as authorized under s. 236.25(6). Such election may be held at any time, except that not more than one such election shall be held during any 12-month period. Any millage so authorized shall be levied for a period not in excess of 4 years or until changed by another millage election, whichever is earlier. If any such election is invalidated by a court of competent jurisdiction, such invalidated election shall be considered not to have been held.*

Section 3. Section 236.32, Florida Statutes, is amended to read:

(2) **FORM OF BALLOT.**—

(a) *The school board may propose a single millage or two millages, with one for operating expenses and another for a local capital improvement reserve fund. When two millage figures are proposed, each millage must be voted on separately.*

(b) *The school board shall provide the wording of the substance of the measure and the ballot title in the resolution calling for the election. The wording of the ballot must conform to the provisions of s. 101.161.*

(3) **QUALIFICATION OF ELECTORS.**—*All qualified electors of the school district are entitled to vote in the election to set the school tax district millage levy.*

(4) **RESULTS OF ELECTION.**—*When the school board proposes one tax levy for operating expenses and another for the local capital improvement reserve fund, the results shall be considered separately. The tax levy shall be levied only in case a majority of the electors participating in the election vote in favor of the proposed special millage.*

(5) **EXPENSES OF ELECTION.**—*The cost of the publication of the notice of the election and all expenses of the election in the school district shall be paid by the school board.*

Section 4. Effective January 1, 2002, subsection (2) of section 199.185, Florida Statutes, is amended to read:

(2) Every natural person is entitled each year to an exemption of the first \$250,000 ~~\$20,000~~ of the value of property otherwise subject to the annual tax. A husband and wife filing jointly shall have an exemption

of \$500,000 ~~\$40,000~~. Every taxpayer that is not a natural person is entitled each year to an exemption of the first \$250,000 of the value of property otherwise subject to the tax. Agents and fiduciaries, other than guardians and custodians under a gifts-to-minors act, filing as such may not claim this exemption on behalf of their principals or beneficiaries; however, if the principal or beneficiary returns the property held by the agent or fiduciary and is a natural person, the principal or beneficiary may claim the exemption. No taxpayer shall be entitled to more than one exemption under this subsection. This exemption shall not apply to that intangible personal property described in s. 199.023(1)(d).

Section 5. Subsection (9) of section 213.27, Florida Statutes, is repealed.

(c) "Certified automated system" means software certified jointly by the states that are signatories to the agreement to calculate the tax imposed by each jurisdiction on a transaction, determine the amount of tax to remit to the appropriate state, and maintain a record of the transaction.

(d) "Certified service provider" means an agent certified jointly by the states that are signatories to the agreement to perform all of the seller's sales tax functions.

(e) "Person" means an individual, trust, estate, fiduciary, partnership, limited liability company, limited liability partnership, corporation, or any other legal entity.

(h) "State" means any state of the United States and the District of Columbia.

(i) "Use tax" means the tax levied under chapter 212.

(2)(a) The executive director of the department shall enter into the Streamlined Sales and Use Tax Agreement with one or more states to simplify and modernize sales and use tax administration in order to substantially reduce the burden of tax compliance for all sellers and for all types of commerce. In furtherance of the agreement, the executive director of the department or his or her designee shall act jointly with other states that are members of the agreement to establish standards for certification of a certified service provider and certified automated system and establish performance standards for multistate sellers.

(b) The executive director of the department or his or her designee shall take other actions reasonably required to administer this section. Other actions authorized by this section include, but are not limited to, the adoption of rules and the joint procurement, with other member states, of goods and services in furtherance of the cooperative agreement.

(c) The executive director of the department or his or her designee may represent this state before the other states that are signatories to the agreement.

(3) The executive director of the department may not enter into the Streamlined Sales and Use Tax Agreement unless the agreement requires each state to abide by the following requirements:

(a) The agreement must set restrictions to limit, over time, the number of state tax rates.

(b) The agreement must establish uniform standards for:

1. The sourcing of transactions to taxing jurisdictions.
2. The administration of exempt sales.
3. Sales and use tax returns and remittances.

(c) The agreement must provide a central electronic registration system that allows a seller to register to collect and remit sales and use taxes for all signatory states.

(d) The agreement must provide that registration with the central registration system and the collection of sales and use taxes in the signatory state will not be used as a factor in determining whether the seller has nexus with a state for any tax.

(e) The agreement must provide for reduction of the burdens of complying with local sales and use taxes through:

1. Restricting variances between the state and local tax bases.

2. Requiring states to administer any sales and use taxes levied by local jurisdictions within the state so that sellers who collect and remit these taxes will not have to register or file returns with, remit funds to, or be subject to independent audits from local taxing jurisdictions.

3. Restricting the frequency of changes in the local sales and use tax rates and setting effective dates for the application of local jurisdictional boundary changes to local sales and use taxes.

4. Providing notice of changes in local sales and use tax rates and of local changes in the boundaries of local taxing jurisdictions.

(f) The agreement must outline any monetary allowances that are to be provided by the states to sellers or certified service providers. The agreement must allow for a joint study by the public and private sectors, which must be completed by July 1, 2002, of the compliance cost to sellers and certified service providers of collecting sales and use taxes for state and local governments under various levels of complexity.

(g) The agreement must require each state to certify compliance with the terms of the agreement before joining and to maintain compliance, under the laws of the member state, with all provisions of the agreement while a member.

(h) The agreement must require each state to adopt a uniform policy for certified service providers which protects the privacy of consumers and maintains the confidentiality of tax information.

(i) The agreement must provide for the appointment of an advisory council of private-sector representatives and an advisory council of nonmember state representatives to consult within the administration of the agreement.

(4) For the purposes of reviewing or amending the agreement to embody the simplification requirements as set forth in subsection (3), this state shall enter into multistate discussions. For purposes of such discussions, this state shall be represented by three delegates, one appointed by the President of the Senate, one appointed by the Speaker of the House of Representatives, and the executive director of the department or his or her designee.

(5) No provision of the agreement authorized by this section in whole or in part invalidates or amends any provision of the laws of this state. Adoption of the agreement by this state does not amend or modify any law of the state. Implementation of any condition of the agreement in this state, whether adopted before, at, or after membership of this state in the agreement, must be by the action of the state.

(6) The agreement authorized by this section is an accord among individual cooperating sovereigns in furtherance of their governmental functions. The agreement provides a mechanism among the member states to establish and maintain a cooperative, simplified system for the application and administration of sales and use taxes under the duly adopted law of each member state.

(7)(a) The agreement authorized by this act binds and inures only to the benefit of this state and the other member states. No person, other

than a member state, is an intended beneficiary of the agreement. Any benefit to a person other than a state is established by the laws of this state and of other member states and not by the terms of the agreement.

(b) Consistent with paragraph (a), no person has any cause of action or defense under the agreement or by virtue of this state's approval of the agreement. No person may challenge, in any action brought under any provision of law, any action or inaction by any department, agency, or other instrumentality of this state, or of any political subdivision of this state, on the ground that the action or inaction is inconsistent with the agreement.

(c) No law of this state, or the application thereof, may be declared invalid as to any person or circumstance on the ground that the provision or application is inconsistent with the agreement.

(8)(a) A certified service provider is the agent of a seller with whom the certified service provider has contracted for the collection and remittance of sales and use taxes. As the seller's agent, the certified service provider is liable for sales and use tax due each member state on all sales transactions it processes for the seller except as set out in this subsection.

(b) A seller that contracts with a certified service provider is not liable to the state for sales or use tax due on transactions processed by the certified service provider unless the seller has misrepresented the type of items it sells or has committed fraud. In the absence of probable cause to believe that the seller has committed fraud or made a material misrepresentation, the seller is not subject to audit on the transactions processed by the certified service provider. A seller is subject to audit for transactions that have not been processed by the certified service provider. The member states acting jointly may perform a system check of the seller and review the seller's procedures to determine if the certified service provider's system is functioning properly and to determine the extent to which the seller's transactions are being processed by the certified service provider.

(c) A person that provides a certified automated system is responsible for the proper functioning of that system and is liable to the state for underpayments of tax attributable to errors in the functioning of the certified automated system. A seller that uses a certified automated system remains responsible and is liable to the state for reporting and remitting tax.

(d) A seller that has a proprietary system for determining the amount of tax due on transactions and has signed an agreement establishing a performance standards for that system is liable for the failure of the system to meet the performance standard.

(9) Disclosure of information necessary under this section must be pursuant to a written agreement between the executive director of the department or his or her designee and the certified service provider. The certified service provider is bound by the same requirements of confidentiality as the department. Breach of confidentiality is a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

(10) On or before January 1 annually, the department shall provide recommendations to the President of the Senate, the Senate Minority Leader, the Speaker of the House of Representatives, and the Minority Leader of the House of Representatives for provisions to be adopted for inclusion within the system which are necessary to bring it into compliance with the Streamlined Sales and Use Tax Agreement.

(b) An application for a tax credit pursuant to this section shall be submitted to the department on forms established by rule of the department.

Votes after roll call:

Yeas—Baker, Bean

So the bill passed, as amended. The action was immediately certified to the Senate and the bill was ordered enrolled after engrossment.

Explanations of Vote

House Bill 21 contains at least two provisions that I oppose. The tax relief to certain payers of the intangible tax, at this time, is fiscally irresponsible. Florida has an almost billion dollar deficit in the state Medicaid budget which is used to pay for health care for low-income seniors, the disabled, low-income pregnant women, and children. The state budget has a projected increase next year of 50,400 students in Florida's public schools. At the same time, Florida is facing a slowing down of sales tax revenues. The tax relief of \$80 to \$420 for less than 4 percent of Floridians does not justify a potential loss of \$135 million of the state at a time it is facing serious budget demands. This bill also contains the corporate state tax break for donations to private schools. I vehemently oppose and strongly protest the diversion of \$50 million in tax dollars from Florida's general revenue to private schools.

*Rep. Lois J. Frankel
District 85*

Today, I cast my vote against House Bill 21. Unfortunately, I cannot support a bill that addresses two separate and very different issues. We should direct more funding to public education to recruit, retain and reward caring and qualified teachers. My desire is to reduce the tax paid on intangibles by our true seniors and savers. I do not believe this bill truly targets these individuals. In addition, this bill was amended to include private school vouchers. I cannot support this legislation. I do not believe that vouchers address the real problems in our public schools. Moreover, this voucher does not terminate eligibility for private schools who discriminate against students with disabilities. This legislation also does not provide any accountability. We can and should fix our public school problems, but I believe improvements are made with class and school size reduction, improving teacher salaries, and parental and community involvement in public schools. Accordingly, as much as I would like to support true tax relief, I cannot vote for this voucher legislation.

*Rep. Charlie Justice
District 53*

Today, I cast my vote against House Bill 21. Unfortunately, once again, I can not support a bill that addresses two separate and very different issues. We should to direct more funding to public education, enhance our prescription drug program and hire new state troopers. I also believe we should raise the exemptions on the intangibles tax to provide relief for our seniors and savers. However, when this bill was amended to include private school vouchers, I was forced to vote no. I do not believe that vouchers do anything to address the real problems in our public schools. Moreover, this voucher allows for private schools to discriminate against students with disabilities and does not provide any accountability. We can and should fix our public school problems, but I believe improvements are made with class and school size reduction, improving teacher salaries, developing reading initiatives, math initiatives, civics initiatives, and parental and community involvement in public schools. Accordingly, as much as I would like to support some tax relief, I can not vote for vouchers.

EXPLANATION

*COLUMN 1—"YOUR PROPERTY TAXES LAST YEAR"

This column shows the taxes that applied last year to your property. These amounts were based on budgets adopted last year and your property's previous taxable value.

*COLUMN 2—"YOUR TAXES IF PROPOSED BUDGET CHANGE IS MADE"

This column shows what your taxes will be this year under the BUDGET ACTUALLY PROPOSED by each local taxing authority. The proposal is NOT final and may be amended at the public hearings shown on the front side of this notice.

*COLUMN 3—"YOUR TAXES IF NO BUDGET CHANGE IS MADE"

This column shows what your taxes will be this year IF EACH TAXING AUTHORITY DOES NOT INCREASE ITS PROPERTY TAX LEVY. These amounts are based on last year's budgets and your current assessment. The difference between columns 2 and 3 is the tax change proposed by each local taxing authority and is NOT the result of higher assessments.

ASSESSED VALUE means:

For homestead property: value as limited by the State Constitution;

For agricultural and similarly assessed property: classified use value;

For all other property: market value.

*Note: Amounts shown on this form do NOT reflect early payment discounts you may have received or may be eligible to receive. (Discounts are a maximum of 4 percent of the amounts shown on this form.)

(10) The front side of the form required pursuant to this section shall approximate in all essential respects the facsimile set forth in this subsection as it appears in s. 26, chapter 80-274, Laws of Florida, except for amendments subsequent to 1980.

The form used for this purpose shall be identical to that supplied by the department and shall be delivered to the property appraiser not later than July 31, except that a larger space shall be provided for listing the columnar information specified in subsections (2), (3), (4), and (5). If the executive director of the department grants written permission, the form may be printed only on one side. The governing body of the county shall bear the expense of procuring such form.~~

~~(11)(12)~~ The bottom portion of the notice shall further read in bold, conspicuous print:

"Your final tax bill may contain non-ad valorem assessments which may not be reflected on this notice such as assessments for roads, fire, garbage, lighting, drainage, water, sewer, or other governmental services and facilities which may be levied by your county, city, or any special district."

~~(12)(13)~~(a) If requested by the local governing board levying non-ad valorem assessments and agreed to by the property appraiser, the notice specified in this section may contain a notice of proposed or adopted non-ad valorem assessments. If so agreed, the notice shall be titled:

NOTICE OF PROPOSED PROPERTY TAXES
AND PROPOSED OR ADOPTED
NON-AD VALOREM ASSESSMENTS
DO NOT PAY—THIS IS NOT A BILL

There must be a clear partition between the notice of proposed property taxes and the notice of proposed or adopted non-ad valorem

assessments. The partition must be a bold, horizontal line approximately 1/8-inch thick. By rule, the department shall provide a format for the form of the notice of proposed or adopted non-ad valorem assessments which meets the following minimum requirements:

1. There must be subheading for columns listing the levying local governing board, with corresponding assessment rates expressed in dollars and cents per unit of assessment, and the associated assessment amount.

2. The purpose of each assessment must also be listed in the column listing the levying local governing board if the purpose is not clearly indicated by the name of the board.

3. Each non-ad valorem assessment for each levying local governing board must be listed separately.

4. If a county has too many municipal service benefit units or assessments to be listed separately, it shall combine them by function.

5. A brief statement outlining the responsibility of the tax collector and each levying local governing board as to any non-ad valorem assessment must be provided on the form, accompanied by directions as to which office to contact for particular questions or problems.

(b) If the notice includes all adopted non-ad valorem assessments, the provisions contained in subsection (11) ~~(12)~~ shall not be placed on the notice.

Section 5. Section 193.155, Florida Statutes, is amended to read:

193.155 Homestead assessments.—Homestead property shall be assessed at just value as of January 1, 1994. Property receiving the homestead exemption after January 1, 1994, shall be assessed at just value as of January 1 of the year in which the property receives the exemption. ~~Thereafter, determination of the assessed value of the property is subject to the following provisions:~~

(1) Beginning in 1995, or the year following the year the property receives homestead exemption, whichever is later, the property shall be reassessed annually on January 1. Any change resulting from such reassessment shall not exceed the lower of the following:

(a) Three percent of the assessed value of the property for the prior year; or

(b) The percentage change in the Consumer Price Index for All Urban Consumers, U.S. City Average, all items 1967=100, or successor reports for the preceding calendar year as initially reported by the United States Department of Labor, Bureau of Labor Statistics.

(2) If the assessed value of the property as calculated under subsection (1) exceeds the just value, the assessed value of the property shall be lowered to the just value of the property.

(3) Except as provided in this subsection, property assessed under this section shall be assessed at just value as of January 1 of the year following a change of ownership. Thereafter, the annual changes in the assessed value of the property are subject to the limitations in subsections (1) and (2). For the purpose of this section, a change in ownership means any sale, foreclosure, or transfer of legal title or beneficial title in equity to any person, except as provided in this subsection. There is no change of ownership if:

(a) Subsequent to the change or transfer, the same person is entitled to the homestead exemption as was previously entitled and:

1. The transfer of title is to correct an error; or

2. The transfer is between legal and equitable title;

(b) The transfer is between husband and wife, including a transfer to a surviving spouse or a transfer due to a dissolution of marriage;

(c) The transfer occurs by operation of law under s. 732.4015; or

(d) Upon the death of the owner, the transfer is between the owner and another who is a permanent resident and is legally or naturally dependent upon the owner.

(4)(a) Changes, additions, or improvements to homestead property shall be assessed at just value as of the first January 1 after the changes, additions, or improvements are substantially completed.

(b) Changes, additions, or improvements do not include replacement of a portion of real property damaged or destroyed by misfortune or calamity when the just value of the damaged or destroyed portion as replaced is not more than 125 percent of the just value of the damaged or destroyed portion. The value of any replaced real property, or portion thereof, which is in excess of 125 percent of the just value of the damaged or destroyed property shall be deemed to be a change, addition, or improvement. Replaced real property with a just value of less than 100 percent of the original property's just value shall be assessed pursuant to subsection (5).

(c) Changes, additions, or improvements include improvements made to common areas or other improvements made to property other than to the homestead property by the owner or by an owner association, which improvements directly benefit the homestead property. Such changes, additions, or improvements shall be assessed at just value, and the just value shall be apportioned among the parcels benefiting from the improvement.

(5) When property is destroyed or removed and not replaced, the assessed value of the parcel shall be reduced by the assessed value attributable to the destroyed or removed property.

(6) Only property that receives a homestead exemption is subject to this section. No portion of property that is assessed solely on the basis of character or use pursuant to s. 193.461 or s. 193.501, or assessed pursuant to s. 193.505, is subject to this section. When property is assessed under s. 193.461, s. 193.501, or s. 193.505 and contains a residence under the same ownership, the portion of the property consisting of the residence and curtilage must be assessed separately, pursuant to s. 193.011, for the assessment to be subject to the limitation in this section.

(7) If a person received a homestead exemption limited to that person's proportionate interest in real property, the provisions of this section apply only to that interest.

(8) Erroneous assessments of homestead property assessed under this section may be corrected in the following manner:

(a) If errors are made in arriving at any ~~annual~~ assessment under this section due to a material mistake of fact concerning an essential characteristic of the property, the *just value and assessed value assessment* must be recalculated for every such year, *including the year in which the mistake occurred*.

(b) If changes, additions, or improvements are not assessed at just value as of the first January 1 after they were substantially completed, the property appraiser shall determine the just value for such changes, additions, or improvements for the year they were substantially completed. Assessments for subsequent years shall be corrected, applying this section if applicable.

(c) If back taxes are due pursuant to s. 193.092, the corrections made pursuant to this subsection shall be used to calculate such back taxes.

(9) If the property appraiser determines that for any year or years within the prior 10 years a person who was not entitled to the homestead property assessment limitation granted under this section was granted the homestead property assessment limitation, the property appraiser making such determination shall record in the public records of the county a notice of tax lien against any property owned by that person in the county, and such property must be identified in the notice of tax lien. Such property that is situated in this state is subject to the unpaid taxes, plus a penalty of 50 percent of the unpaid taxes for each year and 15 percent interest per annum. However, when a person entitled to exemption pursuant to s. 196.031 inadvertently receives the limitation pursuant to this section following a change of ownership, the assessment of such property must be corrected as provided in paragraph (8)(a), and the person need not pay the unpaid taxes, penalties, or interest.

Section 6. Subsection (1) of section 197.343, Florida Statutes, is amended to read:

197.343 Tax notices; additional notice required.—

(1) An additional tax notice shall be mailed by ~~April 30~~ ~~April 10~~ to each taxpayer whose payment has not been received. The notice shall include a description of the property and the following statement: If the taxes for . . . (year) . . . on your property are not paid, a tax certificate will be sold for these taxes, and your property may be sold at a future date. Contact the tax collector's office at once.

Section 7. Paragraph (a) of subsection (1) of section 192.0105, Florida Statutes, is amended to read:

192.0105 Taxpayer rights.—There is created a Florida Taxpayer's Bill of Rights for property taxes and assessments to guarantee that the rights, privacy, and property of the taxpayers of this state are adequately safeguarded and protected during tax levy, assessment, collection, and enforcement processes administered under the revenue laws of this state. The Taxpayer's Bill of Rights compiles, in one document, brief but comprehensive statements that summarize the rights and obligations of the property appraisers, tax collectors, clerks of the court, local governing boards, the Department of Revenue, and taxpayers. The rights afforded taxpayers to assure that their privacy and property are safeguarded and protected during tax levy, assessment, and collection are available only insofar as they are implemented in other parts of the Florida Statutes or rules of the Department of Revenue. The rights so guaranteed to state taxpayers in the Florida Statutes and the departmental rules include:

(1) THE RIGHT TO KNOW.—

(a) The right to be mailed notice of proposed property taxes and proposed or adopted non-ad valorem assessments (see ss. 194.011(1), 200.065(2)(b) and (d) and (13)(a), and 200.069). The notice must also inform the taxpayer that the final tax bill may contain additional non-ad valorem assessments (see s. 200.069(11) ~~s. 200.069(12)~~).

Section 8. Section 197.212, Florida Statutes, is amended to read:

197.212 Minimum tax bill.—On the recommendation of the county tax collector, the board of county commissioners may adopt a resolution instructing the collector not to mail tax notices to a taxpayer when the amount of taxes shown on the tax notice is less than *an amount up to \$30 \$5*. The resolution shall also instruct the property appraiser that he or she shall not make an extension on the tax roll for any parcel for which the tax would amount to less than *an amount up to \$30 \$5*. The minimum tax bill so established may not exceed *an amount up to \$30 \$5*.

Section 9. (1) *There is created the Property Tax Administration Task Force for the purpose of serving as a forum for bringing issues in property tax administration to the Department of Revenue, of providing and evaluating suggestions for improving the property tax administration process, and of promoting greater understanding of property tax administration issues. The Property Tax Administration Task Force shall consist of members representing business and industry, taxpayer groups, municipalities, counties, school districts, special districts, state government, and elected officials charged with assessing and collecting property taxes. The Executive Director of the Department of Revenue shall appoint the members. The task force shall make periodic reports to the department concerning findings and recommendations in the area of property tax administration.*

(2) *This section shall take effect upon becoming a law.*

(9)(a) Each unit or apartment of a home for the aged not exempted in subsection (3) or subsection (4), which is operated by a not for profit corporation and is owned by such corporation or leased by such corporation from a health facilities authority pursuant to part III of chapter 154 or an industrial development authority pursuant to part III of chapter 159, and which property is used by such home for the aged for the purposes for which it was organized, is exempt from all ad valorem taxation, except for assessments for special benefits, to the extent of \$25,000 of assessed valuation of such property for each apartment or unit:

(10) Homes for the aged, or life care communities, however designated, which are financed through the sale of health facilities authority bonds or bonds of any other public entity, whether on a sale-leaseback basis, a sale-repurchase basis, or other financing arrangement, or which are financed without public-entity bonds, are exempt from ad valorem taxation only in accordance with the provisions of this section.

(11) Any portion of such property used for nonexempt purposes may be valued and placed upon the tax rolls separately from any portion entitled to exemption pursuant to this chapter.

(12) When it becomes necessary for the property appraiser to determine the value of a unit, he or she shall include in such valuation the proportionate share of the common areas, including the land, fairly attributable to such unit, based upon the value of such unit in relation to all other units in the home, unless the common areas are otherwise exempted by subsection (8).

(13) Sections 196.195 and 196.196 do not apply to this section.

Section 11. (1) There is created an advisory committee on property taxation, consisting of 8 members, two of whom shall be appointed by the Governor. Grants shall be awarded by the Department of Education no later than October 1, 2001.

From the funds appropriated in Specific Appropriation 7B, \$3,000,000 shall be used by the Department of Education to fund learning development demonstration and evaluation grants to elementary and middle schools. These grants shall be employed solely to fund in designated schools a fully integrated system of assessment, remediation and development in which the student is provided a specific program of learning ability enhancement based on the individual's detailed assessment of cognitive abilities and screening of perceptual and sensory motor systems.

From the funds appropriated in Specific Appropriation 7B, \$280,000 is provided to establish a pilot program in Mathematics (Algebra I, Algebra II, and Geometry), including professional development for teaching staff. The pilot shall operate in a low performing high school in the Gadsden County school district.

Funds in Specific Appropriation 170 shall be used for the following purposes subject to review and approval by the Postsecondary Education Planning Commission:

1. New or expanded training programs at community colleges or school districts for new horizon jobs approved by Workforce Florida, Inc.
2. Upgrading of existing workforce development programs to meet program standards referenced in s. 239.229(2)(c) or s. 240.312.
3. Any proposal identified for funding through the Workforce Development Capitalization Incentive Grant Program pursuant to s. 239.514.

The Postsecondary Education Planning Commission may, at its discretion, recommend to the Legislature second year funding for operating costs for any new program funded through this appropriation.

From the funds in Specific Appropriation 170 up to \$3,271,373 shall be used to cover recurring instructional and operating expenditures for new programs funded through Specific Appropriation 134A of Chapter 2000-166 subject to review and recommendation by the Postsecondary Education Planning Commission.

From the funds in Specific Appropriation 170, \$800,000 is provided to create an instructional training program in information technology, focusing on the needs of k-12 and community college faculty in applying the latest technologies in the classroom. The program will serve the local needs of a rapidly growing community as well as statewide needs through internet and other distance learning strategies. Priority will be given to proposals that make effective use of donated facilities and, as a byproduct, produce revenue by responding to the staff development needs of corporate partners.

SECTION 2
SPECIFIC
APPROPRIATION

From the funds in Specific Appropriation 170, \$400,000 is provided to develop a program in business management with a specialty in tourism and hospitality. Students will design, develop, operate and manage a tourism-related business, which will encompass lodging, food service, and concierge services. Students will also utilize internet technology in marketing and coordinating activities between various hospitality/tourism sectors. This program will provide students with the training and experience necessary to receive wage levels in excess of those received by entry-level employees graduating from traditional programs. Community colleges whose local economy is principally dependent on tourism and special events and who work in partnership with the local tourism industry, will receive priority in being selected for this program.

171 AID TO LOCAL GOVERNMENTS
WORKFORCE DEVELOPMENT
FROM GENERAL REVENUE FUND 722,507,004

Funds in Specific Appropriation 171 are provided for workforce development education programs as defined in s. 239.105 (28), Florida Statutes, and shall be used for no other purpose.

School districts and community colleges are not required to decrease fees to meet the state adopted fee schedule.

Pursuant to the provisions of s. 239.117 (5), Florida Statutes, School districts and community colleges may grant fee waivers for programs funded through Workforce Development Education appropriations for up to 8 percent of the fee revenues that would otherwise be collected. School districts and community colleges shall not be required to reduce fees as a result of the fee schedule adopted by the State Board of Education pursuant to s.239.117 (6)(c), Florida Statutes. However, identical fees shall be required for all community colleges students who take a specific course, regardless of the program they are enrolled in.

To provide for performances that may not have been reported in a timely, accurate manner for the FY 2001-2002 Workforce Development Education funding formula, the Department of Education and the State Board of Community Colleges are directed to provide local school districts and community colleges with an opportunity to submit supplemental data for performance payments. The data, once reported, will be evaluated using the same methodology as data reported during the regular reporting cycle. Payments for performances that are not duplicative of performances that have already been paid will be identified in a separate category and will be part of the Department of Education's funding request for FY 2002-2003 unless sufficient balances exist in the 2001-2002 appropriation to make the payment.

From the funds provided in Specific Appropriation 171, \$407,680,556 is provided for school district workforce development programs. None of these funds are to be used to support K-12 programs or the district K-12 administrative indirect costs. The Auditor General shall verify compliance with this requirement during scheduled audits of these institutions. These funds shall be allocated as follows:

PROGRAM: POSTSECONDARY EDUCATION PLANNING COMMISSION

The funds in Specific Appropriations 187 through 191 shall support the Postsecondary Education Planning Commission in carrying out its statutory responsibilities, including the following specific assignments:

The Postsecondary Education Planning Commission, in conjunction with the Department of Education, State Board of Community Colleges, and Board of Regents or their successors shall continue its longitudinal cohort study of the progression of public high school graduates as they enroll in, advance through, and graduate from the state's postsecondary education delivery system and enter the workforce. A progress report shall be submitted to the Governor, Legislature and the State Board of Education by May 31, 2002.

The Postsecondary Education Planning Commission, in consultation with the State Board of Community Colleges, the Department of Education and the Board of Regents or their successors shall submit to the Governor, the Speaker of the House of Representatives, and the President of the Senate, the following reports:

1. By December 1, 2001, the results of a detailed review that compares the costs of Workforce Development Education programs to the reimbursement received through the workforce formula. The report shall identify changes that are needed to ensure that high cost programs that meet priority workforce needs receive appropriate incentives. Specific recommendations for data collection, including definitions and data collection procedures, specific adjustments to formula calculations, and a timetable for implementation beginning with the 2002-2003 Fiscal Year shall be included in the report.

2. By December 1, 2001, the results of an evaluation of issues related to the productivity of faculty and other instructional positions and the impact on resource allocation at each university. The analysis shall include, but not be limited to:

- (a) The use of resources budgeted for faculty positions for regular faculty, part-time faculty, graduate assistants and other purposes.
- (b) An identification of the fiscal impact of the conversion of funds from the Salaries and Benefits expenditure category to the Other Personal Services expenditure category to support non-faculty instructional positions.
- (c) An identification of the average number of courses taught, the average and median class size of these courses, and the number of student credit hours produced by level per faculty member and other instructional teaching positions.
- (d) Purposes and outcomes of non-teaching assignments.

SECTION 2
SPECIFIC
APPROPRIATION

- (e) An identification of the percent of lower level and upper level courses taught by faculty, by rank, and for other instructional positions, by type.
- (f) Alternative approaches used in other states to address and to increase faculty productivity.
- (g) An analysis of longitudinal trends in the productivity of faculty and other instructional positions.
- (h) Additional information needed to support the zero-based budgeting process.

3. By February 15, 2002, the results of a review of the roles of school districts and community colleges in registered apprenticeship programs and their responsibilities related to program quality and student achievement in basic and technical skills. The review will address the relationship of the number of hours of classroom instruction to on-the-job training; the demographic characteristics of the participants in the programs; the completion rate and average time to completion in the programs; and recommendations related to provisions for the start-up of new apprenticeship programs. The review will address the fiscal advantages and disadvantages of continuing to exempt matriculation and fees for registered apprentices and the impact of the apprenticeship programs on the Workforce Development Education Fund.

4. By December 1, 2001, an evaluation of the cost, benefits, and continued need for state appropriations to match private donations to community colleges and state universities. The evaluation shall consider but not be limited to:

- (a) The net returns on the investment of endowments after subtracting the cost to the institution of supporting the foundation from institutional operating funds, and the overhead cost assessed to the endowment accounts by foundations, the portion of the return on investments that must be reinvested to maintain the corpus of the endowment.
- (b) The degree to which the donor-driven allocation of funds through the matching process responds to the mission of the institution and the priorities of the state.
- (c) A comparison of the benefits derived from the total cumulative expenditures on these programs to benefits which could be expected from alternative investments such as equipping state of the art scientific labs.
- (d) An analysis of the use of the proceeds from the endowments.
- (e) An analysis of the number and type of endowments by program area.

If the evaluation concludes that the donation matching programs should be continued, the report shall include recommendations for improved accountability for the use of earnings from endowments that include state matching and a method for prioritization of state matching funds.

5. By December 1, 2001, an evaluation of the program offerings at branch campuses. The report shall describe the courses and complete degree programs available prior to the 1999-2000 fiscal year. The report shall then evaluate the utilization of funds specifically provided for the expansion of programs at university branch campuses and centers beginning with the 1999-2000 fiscal year. The report shall include a description of the new courses and programs implemented and planned for implementation, a description of when funds were provided, the amount of funding provided, the date upon which new programs were initiated, the date upon which courses began to be offered, the date upon which a degree program could be completed at the branch campus and the growth in enrollment related to each program beginning with 1998-1999 and projected out through 2003-2004.

- 4) Graduate II Level - \$24,222

From the funds provided in Specific Appropriations 194 and 196, excluding medical professional headcount, each university may shift enrollment by level in a manner which is revenue neutral, but shall not increase the number of lower level FTEs above the funded enrollment plan.

By May 1, 2002, the Commissioner of Education shall provide to the Speaker of the House of Representatives, the President of the Senate, and the Executive Office of the Governor a comparison of actual enrollment for Final Summer 2001, Final Fall 2001, and Preliminary Spring 2002 to funded enrollment by level. Both the General Revenue and student fee revenue for FTE enrollment for any university, excluding FGCU and medical professional headcount, that is more than 2% under the funded enrollment by level by May 1 shall be redirected by the State Board of Education to areas of the State University System in which demand for courses exceeds the funded enrollment. The Commissioner of Education shall adjust the funded enrollment plan for FTEs associated with this provision and report the FTEs to the fiscal committees of the Senate and the House of Representatives, and the Governor's Office of Policy and Budget.

In the event the actual enrollment for any university exceeds the planned enrollment, resulting in larger student fee collections than anticipated, the Executive Office of the Governor may authorize an increase in spending authority from the Educational & General Student Fees Trust Fund for the purpose of supporting additional students.

The enrollment policy adopted by the Legislature does not limit the number of students admitted from out-of-state under the profile admissions policy; however, no state university may receive the General Revenue funding associated with the enrollment of out-of-state students admitted under this policy. For the purposes of implementing this policy, the Commissioner of Education shall segregate these FTEs and not count them toward the 2001-2002 enrollment plan for the State University System. The Board of Regents may submit a budget amendment requesting student fee trust authority for the student fee revenue associated with the out-of-state students admitted under this policy.

Funds provided in Specific Appropriations 194, 196, 197, 198 and 199 include a 7.5% tuition increase for in-state and out-of-state students.

During the fourth year in this program, students who have passed the CLAST shall be hired by participating school districts, shall work under a temporary teaching certificate, and shall receive credit for courses that include methods, ethics, and recognizing and meeting individual needs. During the in-service training component of this program, students shall work under mentor teachers who shall be considered adjunct faculty of the University which awards the degree. The University of Central Florida shall work in cooperation with the University of South Florida and the University of North Florida on this project. Funds provided in Specific Appropriation 194 include no more than that amount which the Board of Regents and the City of Gainesville agree represents the cost of service for water provided by the city to the University of Florida. The amount charged shall reflect a cost-based rate only and shall be determined through a cost of service study completed annually by the City and reviewed by the University. The costs of any General Fund transfer to the City of Gainesville from Gainesville Regional Utilities or any profit to the City or Utility shall be specifically excluded as costs allocable to the University. The cost-based rate shall include charges for only those water services actually provided by the City to the University and shall not include charges for services furnished by the University.

SPECIFIC
APPROPRIATION

From the funds in Specific Appropriation 607, the Department of Health, jointly with the Department of Education, is authorized to prepare a fourteenth year grant application to the United States Department of Education (USDOE) for Subchapter VIII of the Individuals with Disabilities Education Act (I.D.E.A.) funding for early intervention services for children with disabilities age birth through 36 months and their families. The application shall commit the state to meeting only the minimum service and eligibility requirements of the federal law and shall be implemented only if the federal grant is awarded. The application may be submitted to USDOE by the Governor only upon determination that required state funds can be made available from those portions of the current year's appropriation being spent on I.D.E.A. services and following consultation pursuant to s. 216.177, Florida Statutes.

In addition, \$1,641,322 in General Revenue is provided for the state matching funds for Medicaid reimbursable early intervention services in Specific Appropriation 247. If the state match for the Medicaid early intervention services is either too much or insufficient to cover the cost of the entitlement, the Department of Health is authorized to transfer the necessary amount in General Revenue between Specific Appropriation 566, and Specific Appropriation 567.

Since Part C is an optional program, the department shall not redirect funds from other populations and programs to serve people under Part C.

CORRECTIONS, DEPARTMENT OF

From the funds in Specific Appropriations 669 through 848, each provider contracting with the Department of Corrections must provide the department with a proposal prior to the release of funds that details the services that will be delivered, the expected results, and recommended performance measures. The department and each provider must execute a contract before the release of any funds, and the contract documents must include mutually agreed upon performance measures. Each provider must provide quarterly performance reports to the department. Funds shall only be released to providers whose performance reports indicate successful compliance with the performance measures described in the contract.

The Department of Corrections may allow the public to use the department's shooting ranges when the following conditions are met: use is limited to members of organized gun clubs who sign a waiver of liability and are supervised by a National Rifle Association certified instructor. Public use of the department's shooting ranges shall not interfere with any department or law enforcement agency use of the ranges.

Subject to all applicable provisions of Chapter 216, F.S., the Department of Corrections may transfer funds, positions and salary rate among budget entities and programs within Specific Appropriations 669 through 848 if necessary to ensure public safety and avoid adversely affecting current employees due to the elimination of vacant positions and other approved reductions.

From the funds provided in specific appropriations 669 through 848, the Department of Corrections is authorized to implement a Close Management Consolidation Plan beginning July 1, 2001 and is authorized to utilize up to \$5,583,827 from appropriated funds in order to maximize access to appropriate health care and enhanced program activities for the close management population. Beginning October 1, 2001 and quarterly thereafter, the Department must provide reports to the Senate Appropriations Committee, the House Fiscal Responsibility Council, and the Governor's Office of Policy and Budget detailing its progress in implementing the consolidation plan. At a minimum, these reports should include: (a) the number of additional positions filled, (b) the cost to date of implementing the plan, (c) the projected cost of implementing the plan for Fiscal Year 2001-2002, (d) the total projected operating expenditures for the Department of Corrections for Fiscal Year 2001-2002, and (e) the Department's plan to avoid incurring a deficit if the Department's total projected operating expenditures for Fiscal Year 2001-2002 exceed the amount appropriated.

From the funds in Specific Appropriations 669 through 788F, the Department of Corrections shall maintain accurate records related to motor vehicle inventory, vehicle maintenance, miles traveled, the number of inmates transported and all costs associated with inmate transportation. This information shall be reported semiannually to the House Fiscal Responsibility Council and the Senate Appropriations Committee and shall be sufficient to allow for the examination and evaluation of options to outsource inmate transportation services. These reports shall also include the status of actions taken by the department to correct deficiencies related to fleet management noted by the Auditor General in report number 01-065 and the Office of Program Policy Analysis and Government Accountability in report number 00-23.
