(11) and (18) of section 1011.62, Florida Statutes, are amended
to read:

1011.62 Funds for operation of schools.—If the annual
allocation from the Florida Education Finance Program to each
district for operation of schools is not determined in the
annual appropriations act or the substantive bill implementing
the annual appropriations act, it shall be determined as
follows:

(1) COMPUTATION OF THE BASIC AMOUNT TO BE INCLUDED FOR
OPERATION.—The following procedure shall be followed in determining the annual allocation to each district for operation:

    (n) Calculation of additional full-time equivalent membership based on college board advanced placement scores of students and earning college board advanced placement capstone diplomas.—A value of 0.16 full-time equivalent student membership shall be calculated for each student in each advanced placement course who receives a score of 3 or higher on the College Board Advanced Placement Examination for the prior year and added to the total full-time equivalent student membership in basic programs for grades 9 through 12 in the subsequent fiscal year. A value of 0.3 full-time equivalent student membership shall be calculated for each student who receives a College Board Advanced Placement Capstone Diploma and meets the requirements for a standard high school diploma under s. 1003.4282. Such value shall be added to the total full-time equivalent student membership in basic programs for grades 9 through 12 in the subsequent fiscal year. Each district must allocate at least 80 percent of the funds provided to the district for advanced placement instruction, in accordance with this paragraph, to the high school that generates the funds. The school district shall distribute to each classroom teacher who provided advanced placement instruction:

    1. A bonus in the amount of $50 for each student taught by the Advanced Placement teacher in each advanced placement course who receives a score of 3 or higher on the College Board Advanced Placement Examination.

    2. An additional bonus of $500 to each Advanced Placement
teacher in a school designated with a grade of “D” or “F” who has at least one student scoring 3 or higher on the College Board Advanced Placement Examination, regardless of the number of classes taught or of the number of students scoring a 3 or higher on the College Board Advanced Placement Examination.

Bonuses awarded under this paragraph shall be in addition to any regular wage or other bonus the teacher received or is scheduled to receive. For such courses, the teacher shall earn an additional bonus of $50 for each student who has a qualifying score.

(11) VIRTUAL EDUCATION CONTRIBUTION.—The Legislature may annually provide in the Florida Education Finance Program a virtual education contribution. The amount of the virtual education contribution shall be the difference between the amount per FTE established in the General Appropriations Act for virtual education and the amount per FTE for each district and the Florida Virtual School, which may be calculated by taking the sum of the base FEFP allocation, the discretionary local effort, the state-funded discretionary contribution, the discretionary millage compression supplement, the research-based reading instruction allocation, the teacher salary increase allocation, best and brightest teacher and principal allocation, and the instructional materials allocation, and then dividing by the total unweighted FTE. This difference shall be multiplied by the virtual education unweighted FTE for programs and options identified in s. 1002.455 and the Florida Virtual School and its franchises to equal the virtual education contribution and shall be included as a separate allocation in the funding formula.
(18) TEACHER SALARY INCREASE ALLOCATION.—The Legislature may annually provide in the Florida Education Finance Program a teacher salary increase allocation to assist school districts in their recruitment and retention of classroom teachers and other instructional personnel. The amount of the allocation shall be specified in the General Appropriations Act.

(a) Each school district shall receive an allocation based on the school district’s proportionate share of the base FEFP allocation. Each school district shall provide each charter school within its district its proportionate share calculated pursuant to s. 1002.33(17)(b).

(b) Allocation funds are restricted in use as follows:

1. Each school district and charter school shall use its share of the allocation to increase the minimum base salary for full-time classroom teachers, as defined in s. 1012.01(2)(a), plus certified prekindergarten teachers funded in the Florida Education Finance Program, to at least $47,500, or to the maximum amount achievable based on the allocation and as specified in the General Appropriations Act. The term “minimum base salary” means the lowest annual base salary reported on the salary schedule for a full-time classroom teacher. No full-time classroom teacher shall receive a salary less than the minimum base salary as adjusted by this subparagraph. This subparagraph does not apply to substitute teachers.

2. In addition, each school district shall use its share of the allocation to provide salary increases, as funding permits, for the following personnel:

   a. Full-time classroom teachers, as defined in s. 1012.01(2)(a), plus certified prekindergarten teachers funded in
the Florida Education Finance Program, who did not receive an increase or who received an increase of less than two percent under subparagraph 1. or as specified in the General Appropriations Act. This subparagraph does not apply to substitute teachers.

b. Other full-time instructional personnel as defined in s. 1012.01(2)(b)-(d).

3. A school district or charter school may use funds available after the requirements of subparagraph 1. are met to provide salary increases pursuant to subparagraph 2.

4. A school district or charter school shall maintain the minimum base salary achieved for classroom teachers provided under subparagraph 1. and may not reduce the salary increases provided under subparagraph 2. in any subsequent fiscal year, unless specifically authorized in the General Appropriations Act.

(c) Before distributing allocation funds received pursuant to paragraph (a), each school district and each charter school shall develop a salary distribution plan that clearly delineates the planned distribution of funds pursuant to paragraph (b) in accordance with modified salary schedules, as necessary, for the implementation of this subsection.

1. Each school district superintendent and each charter school administrator must submit its proposed salary distribution plan to the district school board or the charter school governing body, as appropriate, for approval.

2. Each school district shall submit the approved district salary distribution plan, along with the approved salary distribution plan for each charter school in the district, to
the department by October 1 of each fiscal year.

(d) In a format specified by the department, provide as follows:

1. By December 1, each school district shall provide a preliminary report to the department that includes a detailed summary explaining the school district’s planned expenditure of the entire allocation for the district received pursuant to paragraph (a), the amount of the increase to the minimum base salary for classroom teachers pursuant to paragraph (b), and the school district’s salary schedule for the prior fiscal year and the fiscal year in which the base salary is increased. Each charter school governing board shall submit the information required under this subparagraph to the district school board for inclusion in the school district’s preliminary report to the department.

2. By February 1, the department shall submit to the Governor, President of the Senate, and the Speaker of the House, a statewide report on the planned expenditure of the teacher salary increase allocation, which includes the detailed summary provided by each school district and charter school.

3. By August 1, each school district shall provide a final report to the department with the information required in subparagraph 1. for the prior fiscal year. Each charter school governing board shall submit the information required under this subparagraph to the district school board for inclusion in the school district’s final report to the department.

(e) Although district school boards and charter school governing boards are not precluded from bargaining over wages, the teacher salary increase allocation must be used solely to
comply with the requirements of this section. A district school board or charter school governing board that is unable to meet the reporting requirements specified in paragraphs (c) or (d) due to a collective bargaining impasse must provide written notification to department or district school board, as applicable, detailing the reasons for the impasse with a proposed timeline and details for a resolution.

(f) Notwithstanding any other provision of law, funds allocated under this subsection shall not be included in the calculated amount for any scholarship awarded under chapter 1002.

THE FLORIDA BEST AND BRIGHTEST TEACHER AND PRINCIPAL ALLOCATION.

(a) The Florida Best and Brightest Teacher and Principal Allocation is created to recruit, retain, and recognize classroom teachers and instructional personnel who meet the criteria established in s. 1012.731 and reward principals who meet the criteria established in s. 1012.732. Subject to annual appropriation, each school district shall receive an allocation based on the district’s proportionate share of FEFP base funding. The Legislature may specify a minimum allocation for all districts in the General Appropriations Act.

(b) From the allocation, each district shall provide the following:

1. A one-time recruitment award, as provided in s. 1012.731(3)(a);

2. A retention award, as provided in s. 1012.731(3)(b); and

3. A recognition award, as provided in s. 1012.731(3)(e) from the remaining balance of the appropriation after the
payment of all other awards authorized under ss. 1012.731 and 1012.732.

(e) From the allocation, each district shall provide eligible principals an award as provided in s. 1012.732(3).

If a district’s calculated awards exceed the allocation, the district may prorate the awards.

Section 3. Section 1012.731, Florida Statutes, is repealed.
Section 4. Section 1012.732, Florida Statutes, is repealed.
Section 5. Effective upon becoming law, subsection (5) is added to section 1006.33, Florida Statutes, to read:
