Senator Lee moved the following:

**Senate Amendment to Substitute Amendment (271678) (with title amendment)**

Between lines 1605 and 1606 insert:

Section 34. Subsection (9) of section 1011.71, Florida Statutes, is amended to read:

1011.71 District school tax.—

(9)(a) In addition to the maximum millage levied under this section and the General Appropriations Act, a school district may levy, by local referendum or in a general election,
additional millage for school operational purposes up to an amount that, when combined with nonvoted millage levied under this section, does not exceed the 10-mill limit established in s. 9(b), Art. VII of the State Constitution. Any such levy shall be for a maximum of 4 years and shall be counted as part of the 10-mill limit established in s. 9(b), Art. VII of the State Constitution. For the purpose of distributing taxes collected pursuant to this paragraph subsection, the term “school operational purposes” includes charter schools pursuant to paragraph (b) sponsored by a school district. Millage elections conducted under the authority granted pursuant to this section are subject to s. 1011.73. Funds generated by such additional millage do not become a part of the calculation of the Florida Education Finance Program total potential funds in 2001-2002 or any subsequent year and must not be incorporated in the calculation of any hold-harmless or other component of the Florida Education Finance Program formula in any year. If an increase in required local effort, when added to existing millage levied under the 10-mill limit, would result in a combined millage in excess of the 10-mill limit, any millage levied pursuant to this paragraph subsection shall be considered to be required local effort to the extent that the district millage would otherwise exceed the 10-mill limit. Funds generated by the additional millage levied under this paragraph subsection shall be shared with charter schools pursuant to paragraph (b) based on a each charter school’s proportionate share of the district’s total unweighted full-time equivalent student enrollment and used in a manner consistent with the purposes of the levy. The referendum must contain an explanation
of the distribution methodology consistent with the requirements of this paragraph subsection.

(b) Beginning with the 2020-2021 school year, funds generated under paragraph (a) must be shared with a charter school if the charter school has been in operation within the applicable school district for at least 2 years.

And the title is amended as follows:

Between lines 1964 and 1965 insert:

1011.71, F.S.; requiring that funds generated from additional millage for school operational purposes be shared with a charter school if the charter school has been in operation within the applicable school district for at least a certain period of time; amending s.
